

P01	FOR INFORMATION	ARA	ARKP	27/03/15
Rev	Description	Drawn	Chk'd	Date

are shown in LCR80-TAM-APQ-2-REG-000. Atkins do not take any responsibility for the accuracy of the information provided within this model. The model should be reviewed and approved by the client prior to construction. The model pre-transformation works has been included as part of this model but should be reviewed and approved by the client prior to undertaking any design work.

1. The provided information in this model is indicative (for information only) and users should refer to the relevant as-built information (including Olympic Games model) prior to undertaking any design/construction work.

2. The location, depths, sizes, number and lengths of services/utilities should be verified on site by a competent contractor prior to undertaking any design/construction works.

3. All above-ground services have been shown as they appear in the current information has been received regarding the abandonment or removal of services, the services have been shown as live.

4. Services should be verified as abandoned by a competent contractor where required before any works is commenced.

5. The red-line boundary shows the extent of the transformation as-built model. It is likely that information shown outside of this boundary may contain anomalies or have missing information.

6. The existing Network Rail boundary is shown in green. The boundary is shown as it appears in the current information has been received regarding the abandonment or removal of services, the services have been shown as live.

7. Chobham Manor is currently under construction and as such all services shown within this area are subject to change and have therefore been coloured grey. Contractor to update as-built utility information for this area when works have been completed.

8. A combination of Olympic Park As-Built CAD records and Ordnance Survey information has been used to generate background information. Where conflicts have arisen precedence has been given to the as-built records. Atkins takes no responsibility for any errors or omissions.

9. All TAM drawings should be read in conjunction with the following Documents: LCR80-TAM-APQ-2-REG-000; Register of Models & LCR80-TAM-APQ-2-REG-000; Register of Issues & LCR80-TAM-APQ-2-REG-000; Register of Drawings & LCR80-TAM-APQ-2-REG-000.
