UoS/DH/24/25/QTR2/Estate Support Service

Estates and Facilities

I am currently looking into the possibility of having support services in place during our Christmas closure, this would be required from 08:00hrs on the 23rd Dec until 08:00hrs 2nd Jan. This would be covering all UoS buildings in the event of emergency such as power outages, water issues (dealing with leaks/drains) boarding up windows etc. all of which will be relatively unlikely to happen as all buildings except 1 will be closed throughout this period.

If this is a service you would be interested in and would like to provide me with a schedule of rates/response times that'll be much appreciated. I have noted our 'core trades' that I would like to have cover for, if you do offer other services please add to the table accordingly.

Trade	Standby fee from 8am 23 rd Dec until 8am 2 nd Jan	Hourly cost if called out	Response time to attend site from receiving call
Joiner cover	£	£	
Electrical cover	£	£	
Mechanical/plumbing cover	£	£	
Other (please state)	£	£	

I would need to have a response from you by no later than 12 noon Friday 6th December.

Questions and quotations should be sent to Chris Robinson, University Engineer, Estates and Facilities c.robinson@salford.ac.uk.
