### 13 Evaluation Criteria

13.1 You will have your tender response evaluated as set out below.

Stage 1: Tender responses will be checked to ensure that they have been completed correctly and all necessary information has been provided. Tenders responses correctly completed with all relevant information being provided will proceed to the Evaluation Criteria as set out below. Any tender responses not correctly completed in accordance with the requirements of this ITT and/or containing omissions may be rejected at this point. Where a tender response is rejected at this point it will automatically be disqualified and will not be further evaluated.

13.2 When a bidder succeeds in passing Stage 1, their proposal will be assessed by the Evaluation Panel in accordance with the evaluation methodology set out below. The total score is out of a maximum 100 points based on 40% for Price and 60% for Quality.

#### Price (40%)

This is calculated as follows –

$$\text{Lowest tender price received} / \text{Tender price received} \times 40 \text{ (weighting)} = \text{score}$$

#### Quality (60%)

This element is subdivided into –

Ability to meet requirements (25%)

Delivery/Timescales (25%)

Staffing arrangements/Training (10%)

The scores are assessed against the criteria as set out in the table below and scored as follows –

$$\text{Ability to meet requirements} = 100/50 \times \text{points scored} / 25 \text{ (weighting)} = \text{score}$$

$$\text{Delivery/Timescales} = 100/50 \times \text{points scored} / 25 \text{ (weighting)} = \text{score}$$

$$\text{Staffing arrangements/Training} = 100/50 \times \text{points scored} / 10 \text{ (weighting)} = \text{score}$$

The Final Score is the sum of the Price score and Quality score.

Scoring Matrix for Technical and Quality Criteria		
Score	Judgement	Interpretation
50	Excellent	Exceptional demonstration of the relevant ability, understanding, experience, skills, resource and/or quality measures required to provide the services/supplies/works. Full evidence provided where required to support the response.

0	Unacceptable	Does not comply and/or insufficient information provided to demonstrate that there is the ability, understanding, experience, skills, resource and/or quality measures required to provide the services/supplies/works,

13.4 Commercial Evaluation – Prices must not be subject to any pricing assumptions, qualifications or indexation not provided for explicitly by the Customer Organisation as part of the pricing approach. In the event that any prices are expressed as being subject to any pricing assumptions, qualifications or indexation not provided for by the Customer Organisation as part of the pricing approach, the Customer Organisation may reject the full tender response at this point. The Customer Organisation may also reject any tender response where the Overall Price for the services is considered by the Customer Organisation to be abnormally low following the relevant processes set out under the EU procurement rules, or above the Customers contract budget.

13.5 Moderation and application of award criteria weightings – The evaluation panel appointed for this procurement will meet to agree and moderate scores for each award criteria. Final scores will be obtained by applying the relevant weighting factors set out as part of the award.
