- 15.1 Subject to Clauses 15.2 and 15.3 of this Schedule 2 and unless otherwise confirmed in writing by NHS Supply Chain, as a minimum level of protection, the Supplier shall put in place and/or maintain in force at its own cost with a reputable commercial insurer, insurance arrangements in respect of employer's liability, public liability and product liability in accordance with Good Industry Practice with the minimum cover per claim being the greater of five million pounds (£5,000,000) or any sum as required by Law unless otherwise agreed with NHS Supply Chain in writing.
- 15.2 Without limitation to any insurance arrangements as required by Law, the Supplier shall put in place and/or maintain the different types and/or levels of indemnity arrangements explicitly required by NHS Supply Chain, if specified in the Key Provisions.
- 15.3 Provided that the Supplier maintains all indemnity arrangements required by Law, the Supplier may self insure in order to meet other relevant requirements referred to at Clauses 15.1 and 15.2 of this Schedule 2 on condition that such self insurance arrangements offer the appropriate levels of protection and are approved by NHS Supply Chain in writing prior to the Commencement Date.
- 15.4 The amount of any indemnity cover and/or self insurance arrangements shall not relieve the Supplier of any liabilities under this Framework Agreement. It shall be the responsibility of the Supplier to determine the amount of indemnity and/or self insurance cover that will be adequate to enable it to satisfy its potential liabilities under this Framework Agreement. Accordingly, the Supplier shall be liable to make good any deficiency if the proceeds of any indemnity cover and/or self insurance arrangement is insufficient to cover the settlement of any claim.
- 15.5 The Supplier warrants that it shall not take any action or fail to take any reasonable action or (in so far as it is reasonable and within its power) permit or allow others to take or fail to take any action, as a result of which its insurance cover may be rendered void, voidable, unenforceable, or be suspended or impaired in whole or in part, or which may otherwise render any sum paid out under such insurances repayable in whole or in part.
- 15.6 The Supplier shall from time to time and in any event within five (5) Business Days of written demand provide documentary evidence to NHS Supply Chain that insurance arrangements taken out by the Supplier pursuant to Clause 15 of this Schedule 2 and the Key Provisions are fully maintained and that any premiums on them and/or contributions in respect of them (if any) are fully paid.
- 15.7 Upon the expiry or earlier termination of this Framework Agreement, the Supplier shall ensure that any ongoing liability it has or may have arising out of this Framework Agreement shall continue to be the subject of appropriate indemnity arrangements for the period of twenty one (21) years from termination or expiry of this Framework

Agreement or until such earlier date as that liability may reasonably be considered to have ceased to exist.

16 Term and termination

16.1 This Framework Agreement shall commence on the Commencement Date and, unless terminated earlier in accordance with the terms of this Framework Agreement or the general law, shall continue until the end of the Term.

16.2 NHS Supply Chain shall be entitled to extend the Term on one or more occasions by giving the Supplier written notice no less than three (3) months prior to the date on which this Framework Agreement would otherwise have expired, provided that the duration of this Framework Agreement shall be no longer than the total term specified in the Key Provisions.

16.3 In the case of a breach of any of the terms of this Framework Agreement by either Party that is capable of remedy (including any failure to pay sums due under this Framework Agreement), the non-breaching Party shall, without prejudice to its other rights and remedies under this Framework Agreement, issue notice of the breach and allow the Party in breach the opportunity to remedy such breach in the first instance via a remedial proposal put forward by the Party in breach ("**Remedial Proposal**") before exercising any right to terminate this Framework Agreement in accordance with Clause 16.4.1(ii) of this Schedule 2. Such Remedial Proposal must be agreed with the non-breaching Party (such agreement not to be unreasonably withheld or delayed) and must be implemented by the Party in breach in accordance with the timescales referred to in the agreed Remedial Proposal. Once agreed, any changes to a Remedial Proposal must be approved by the Parties in writing. Any failure by the Party in breach to:

16.1.1 put forward and agree a Remedial Proposal with the non-breaching Party in relation to the relevant default or breach within a period of ten (10) Business Days (or such other period as the non-breaching Party may agree in writing) from written notification of the relevant default or breach from the non-breaching Party;

16.1.2 comply with such Remedial Proposal (including, without limitation, as to its timescales for implementation, which shall be thirty (30) days unless otherwise agreed between the Parties); and/or

16.1.3 remedy the default or breach notwithstanding the implementation of such Remedial Proposal in accordance with the agreed timescales for implementation,

shall be deemed, for the purposes of Clause 16.4.1(ii) of this Schedule 2, a material breach of this Framework Agreement by the Party in breach not remedied in accordance with an agreed Remedial Proposal.

16.4 Either Party may terminate this Framework Agreement forthwith by notice in writing to the other Party if such other Party:

16.4.1 commits a material breach of any of the terms of this Framework Agreement which is:

- (i) not capable of remedy; or
- (ii) in the case of a breach capable of remedy, which is not remedied in accordance with a Remedial Proposal; or

16.4.2 has been served with at least two (2) previous breach notices as a result of any material breaches which are capable of remedy within any twelve (12) month rolling period whether or not the Party in breach has remedied the breach in accordance with a Remedial Proposal. The twelve (12) months rolling period is the twelve (12) months immediately preceding the date of the third breach notice.

16.5 NHS Supply Chain may terminate this Framework Agreement forthwith by notice in writing to the Supplier if:

16.5.1 the Supplier, or any third party guaranteeing the obligations of the Supplier under this Framework Agreement, ceases or threatens to cease carrying on its business; suspends making payments on any of its debts or announces an intention to do so; is, or is deemed for the purposes of any Law to be, unable to pay its debts as they fall due or insolvent; enters into or proposes any composition, assignment or arrangement with its creditors generally; takes any step or suffers any step to be taken in relation to its winding-up, dissolution, administration (whether out of court or otherwise) or reorganisation (by way of voluntary arrangement, scheme of arrangement or otherwise) otherwise than as part of, and exclusively for the purpose of, a bona fide reconstruction or amalgamation; has a liquidator, trustee in bankruptcy, judicial custodian, compulsory manager, receiver, administrative receiver, administrator or similar officer appointed (in each case, whether out of court or otherwise) in respect of it or any of its assets; has any security over any of its assets enforced; or any analogous procedure or step is taken in any jurisdiction;

16.5.2 the Supplier undergoes a change of control within the meaning of sections 450 and 451 of the Corporation Tax Act 2010 (other than for an intra-group change of control) without the prior written consent of NHS Supply Chain and NHS Supply Chain shall be entitled to withhold such consent if, in the reasonable opinion of NHS Supply Chain, the proposed change of control will have a material impact on the performance of this Framework Agreement or the reputation of NHS Supply Chain;

16.5.3 the Supplier purports to assign, Sub-contract, novate, create a trust in or otherwise transfer or dispose of this Framework Agreement in breach of Clause 29 of this Schedule 2;

16.5.4 pursuant to and in accordance with the Key Provisions and Clauses 16.6, 24.8; 26.2; 26.4 and 30.2 of this Schedule 2; or

16.5.5 the Supplier is in breach of Clause 10.4 of this Schedule 2.

16.6 If NHS Supply Chain, acting reasonably, has good cause to believe that there has been a material deterioration in the financial circumstances of the Supplier and/or any third party guaranteeing the obligations of the Supplier under this Framework Agreement and/or any material Sub-contractor of the Supplier when compared to any information

provided to and/or assessed by NHS Supply Chain as part of any procurement process or other due diligence leading to the award of this Framework Agreement to the Supplier or the entering into a Sub-contract by the Supplier, the following process shall apply:

- 16.6.1 NHS Supply Chain may (but shall not be obliged to) give notice to the Supplier requesting adequate financial or other security and/or assurances for due performance of its material obligations under this Framework Agreement on such reasonable and proportionate terms as NHS Supply Chain may require within a reasonable time period as specified in such notice;
- 16.6.2 a failure or refusal by the Supplier to provide the financial or other security and/or assurances requested in accordance with Clause 16.6 of this Schedule 2 in accordance with any reasonable timescales specified in any such notice issued by NHS Supply Chain shall be deemed a breach of this Framework Agreement by the Supplier and shall be referred to and resolved in accordance with the Dispute Resolution Procedure; and
- 16.6.3 a failure to resolve such breach in accordance with such Dispute Resolution Procedure by the end of the escalation stage of such process (as set out in Clause 23.2 of this Schedule 2) shall entitle, but shall not compel, NHS Supply Chain to terminate this Framework Agreement in accordance with Clause 16.4.1(i) of this Schedule 2.
- 16.6.4 In order that NHS Supply Chain may act reasonably in exercising its discretion in accordance with Clause 16.6 of this Schedule 2, the Supplier shall provide NHS Supply Chain with such reasonable and proportionate up-to-date financial or other information relating to the Supplier or any relevant third party entity upon request.

16.7 NHS Supply Chain may terminate this Framework Agreement forthwith by notice in writing to the Supplier where:

- 16.7.1 the Framework Agreement has been substantially amended to the extent that the Public Contracts Regulations 2015 require a new procurement procedure;
- 16.7.2 the Authority has become aware that the Supplier should have been excluded under Regulation 57(1) or (2) of the Public Contracts Regulations 2015 from the procurement procedure leading to the award of this Framework Agreement;
- 16.7.3 the Framework Agreement should not have been awarded to the Supplier in view of a serious infringement of obligations under law declared by a Court in England and Wales; or
- 16.7.4 there has been a failure by the Supplier and/or one its Sub-contractors to comply with legal obligations in the fields of environmental, social or labour Law. Where the failure to comply with legal obligations in the fields of environmental, social or labour Law is a failure by one of the Supplier's

Sub-contractors, the Authority may request the replacement of such Sub-contractor and the Supplier shall comply with such request as an alternative to the Authority terminating this Framework Agreement under this Clause 16.7.4.

17 Consequences of expiry or earlier termination of this Framework Agreement

- 17.1 Upon expiry or earlier termination of this Framework Agreement, NHS Supply Chain and the Supplier agree that all Contracts entered into under this Framework Agreement will continue in full force and effect unless otherwise terminated under the terms and conditions of such Contracts.
- 17.2 The Supplier agrees that where this Framework Agreement has been terminated properly in accordance with Clause 16 of this Schedule 2 it shall not be entitled to make a claim against NHS Supply Chain in relation to costs incurred in the provision of the Goods and/or Services which do not form part of the Contract Price paid or payable by an Authority.
- 17.3 The Supplier shall cooperate fully with NHS Supply Chain or, as the case may be, any replacement supplier during any re-procurement and handover period prior to and following the expiry or earlier termination of this Framework Agreement. This cooperation shall extend to providing access to all information relevant to the operation of this Framework Agreement, as reasonably required by NHS Supply Chain to achieve a fair and transparent re-procurement and/or an effective transition without disruption to routine operational requirements.
- 17.4 The expiry or earlier termination of this Framework Agreement for whatever reason shall not affect any rights or obligations of either Party which accrued prior to such expiry or earlier termination.
- 17.5 The expiry or earlier termination of this Framework Agreement shall not affect any obligations which expressly or by implication are intended to come into or continue in force on or after such expiry or earlier termination.

18 Suspension of Supplier's appointment

- 18.1 Without prejudice to NHS Supply Chain's rights to terminate this Framework Agreement, if a right for NHS Supply Chain to terminate this Framework Agreement arises (irrespective of whether the circumstances leading to such right are capable of remedy) in accordance with Clause 16 of this Schedule 2, NHS Supply Chain may suspend the Supplier's appointment to receive new Orders under this Framework Agreement by giving notice in writing to the Supplier and all Participating Authorities.
- 18.2 If NHS Supply Chain provides notice to the Supplier in accordance with Clause 18.1 of this Schedule 2, the Supplier's appointment shall be suspended for the period set out in the notice or such other period notified to the Supplier by NHS Supply Chain in writing from time to time provided that such suspension shall be lifted if:
- 18.2.1 the circumstances leading to NHS Supply Chain's right to terminate this Framework Agreement have been remedied;

Revision: 7	August 2017	Page 21 of 72

18.2.2 NHS Supply Chain has satisfied itself that the risk and/or impact of the circumstances giving rise to NHS Supply Chain's right to terminate this Framework Agreement no longer requires such suspension; or

18.2.3 NHS Supply Chain exercises its rights to terminate this Framework Agreement in accordance with Clause 16 of this Schedule 2.

19 Complaints process

- 19.1 The Supplier shall notify NHS Supply Chain of any formal written complaints made by other Participating Authorities relating to the Supplier's noncompliance with any of its obligations under any Contract within two (2) Business Days of the Supplier becoming aware of such complaints.
- 19.2 Without prejudice to any rights and remedies that the Participating Authority may have under the relevant Contract and/or NHS Supply Chain may have under this Framework Agreement, the Supplier shall use its reasonable endeavours to resolve such complaint within ten (10) Business Days and in so doing, shall deal with the complaint fully, expeditiously and fairly.
- 19.3 Within two (2) Business Days of a written request by NHS Supply Chain, the Supplier shall provide further reasonable details of the complaint to NHS Supply Chain, including details of the steps being taken to progress its resolution and, following its resolution, details of how and when the complaint was resolved.

20 Sustainable development

- 20.1 The Supplier shall comply in all material respects with applicable environmental and social Law requirements in force from time to time in relation to the Goods and Services. Where the provisions of any such Law are implemented by the use of voluntary agreements, the Supplier shall comply with such agreements as if they were incorporated into English law subject to those voluntary agreements being cited in the Specification. Without prejudice to the generality of the foregoing, the Supplier shall:
- 20.1.1 comply with all Policies and/or procedures and requirements set out in the Specification in relation to any stated environmental and social requirements, characteristics and impacts of the Goods and Services and the Supplier's supply chain;
- 20.1.2 maintain relevant policy statements documenting the Supplier's significant social and environmental aspects as relevant to the Goods and Services being supplied and as proportionate to the nature and scale of the Supplier's business operations; and
- 20.1.3 maintain plans and procedures that support the commitments made as part of the Supplier's significant social and environmental policies, as referred to in Clause 20.1.2 of this Schedule 2.
- 20.2 The Supplier shall meet reasonable requests by NHS Supply Chain for information evidencing the Supplier's compliance with the provisions of Clause 20 of this Schedule 2.

21 Electronic product information

- 21.1 Where requested by NHS Supply Chain, the Supplier shall provide NHS Supply Chain with the Product Information in such manner and upon such media as agreed between the Supplier and NHS Supply Chain from time to time for the sole use by NHS Supply Chain.
- 21.2 The Supplier warrants that the Product Information is complete and accurate as at the date upon which it is delivered to NHS Supply Chain and that the Product Information shall not contain any data or statement which gives rise to any liability on the part of NHS Supply Chain following publication of the same in accordance with Clause 21 of this Schedule 2.
- 21.3 If the Product Information ceases to be complete and accurate, the Supplier shall promptly notify NHS Supply Chain in writing of any modification or addition to or any inaccuracy or omission in the Product Information.
- 21.4 The Supplier grants NHS Supply Chain a perpetual, non-exclusive, royalty free licence to use and exploit the Product Information and any Intellectual Property Rights in the Product Information for the purpose of illustrating the range of goods and services (including, without limitation, the Goods and Services) available in NHS Supply Chain's product catalogue in relation to any catalogues produced during the Term. Subject to Clause 21.5 of this Schedule 2, no right to illustrate or advertise the Product Information is granted to the Supplier by the Authority, as a consequence of the licence conferred by this Clause 21.4 of this Schedule 2.
- 21.5 NHS Supply Chain may reproduce for its sole use the Product Information provided by the Supplier in NHS Supply Chain's product catalogue from time to time which may be made available on any healthcare communications networks in electronic format and/or made available on NHS Supply Chain's external website and/or made available on other digital media from time to time.
- 21.6 For the avoidance of doubt the Supplier shall have no right to compel NHS Supply Chain to exhibit the Product Information in any product catalogue as a result of the approval given by it pursuant to this Clause 21.6 of this Schedule 2 or otherwise under the terms of this Framework Agreement.
- 21.7 NHS Supply Chain may approach the Supplier during the Term to offer the Supplier the opportunity to take part in specific promotions or to purchase additional advertising space in relation to the Goods and/or Services, the Framework Agreement and any Contract and the Parties shall agree an appropriate price for any such advertising. If any such opportunity is cancelled by NHS Supply Chain it shall refund the purchase price to the Supplier but for the avoidance of doubt, NHS Supply Chain shall not be liable for any incidental costs incurred by the Supplier, including costs associated with the development of an advert.
- 21.8 The Supplier agrees to indemnify and keep indemnified NHS Supply Chain against any loss, damages, costs, expenses (including without limitation legal costs and expenses), claims or proceedings arising out of or in connection with NHS Supply Chain's use of the Product Information, provided always that NHS Supply Chain has not materially misused the Product Information.

22 Change management

- 22.1 The Supplier acknowledges to NHS Supply Chain that the requirements for the Goods and Services may change during the Term and the Supplier shall not unreasonably withhold or delay its consent to any reasonable variation or addition to the Specification and Tender Response Document, as may be requested by NHS Supply Chain from time to time. Any change to the Goods and Services or other variation to this Framework Agreement shall only be binding once it has been agreed in writing and signed by an authorised representative of both Parties.

23 Dispute resolution

- 23.1 During any dispute, including a dispute as to the validity of this Framework Agreement, it is agreed that the Supplier shall continue its performance of the provisions of the Framework Agreement to the extent that such obligations are not the subject of the dispute (unless NHS Supply Chain requests in writing that the Supplier does not do so).
- 23.2 In the case of a dispute arising out of or in connection with this Framework Agreement the Supplier and NHS Supply Chain shall make every reasonable effort to communicate and cooperate with each other with a view to resolving the dispute and follow the procedure set out in Clause 23.2 of this Schedule 2 as the first stage in the Dispute Resolution Procedure.
- 23.3 If any dispute arises out of the Framework Agreement either Party may serve a notice on the other Party to commence formal resolution of the dispute. The Parties shall first seek to resolve the dispute by escalation in accordance with the management levels as set out in Clause 5 of the Key Provisions. Respective representatives, at each level as set out in Clause 5 of the Key Provisions, shall have five (5) Business Days at each level during which they will use their reasonable endeavours to resolve the dispute before escalating the matter to the next level as appropriate until all levels have been exhausted. Level 1 will commence on the date of service of the dispute notice. The final level of the escalation process shall be deemed exhausted on the expiry of five (5) Business Days following escalation to that level unless otherwise agreed by the Parties in writing.
- 23.4 If the procedure set out in Clause 23.2 of this Schedule 2 above has been exhausted and fails to resolve such dispute, as part of the Dispute Resolution Procedure, the Parties will attempt to settle it by mediation. The Parties shall, acting reasonably, attempt to agree upon a mediator. In the event that the Parties fail to agree a mediator within five (5) Business Days following the exhaustion of all levels of the escalation procedure at Clause 22.3 of this Schedule 2, the mediator shall be nominated and confirmed by the Centre for Effective Dispute Resolution, London.
- 23.5 The mediation shall commence within twenty eight (28) days of the conformation of the mediator in accordance with Clause 22.4 of this Schedule 2 or at such other time as may be agreed by the Parties in writing. Neither Party will terminate such mediation process until each Party has made its opening presentation and the mediator has met each Party separately for at least one hour or one Party has failed to participate in the mediation process. After this time, either Party may terminate the mediation process by notice to the other Party (such notification may be verbal provided that it is followed up by written conformation). NHS Supply Chain and the Supplier will cooperate with any person appointed as mediator providing them with such information and other

assistance as they shall require and will pay their costs, as they shall determine or in the absence of such determination such costs will be shared equally.

23.6 Nothing in this Framework Agreement shall prevent:

23.6.1 NHS Supply Chain taking action in any court in relation to any death or personal injury arising or allegedly arising in connection with supply of the Goods and/or Services; or

23.6.2 either Party seeking from any court any interim or provisional relief that may be necessary to protect the rights or property of that Party or that relates to the safety of patients or the security of Confidential Information, pending resolution of the relevant dispute in accordance with the Dispute Resolution Procedure.

23.7 Clause 23 of this Schedule 2 shall survive the expiry of or earlier termination of this Framework Agreement for any reason.

24 **Force majeure**

24.1 Subject to Clause 24.2 of this Schedule 2 neither Party shall be liable to the other for any failure to perform all or any of its obligations under this Framework Agreement nor liable to the other Party for any loss or damage arising out of the failure to perform its obligations to the extent only that such performance is rendered impossible by a Force Majeure Event.

24.2 The Supplier shall only be entitled to rely on a Force Majeure Event and the relief set out in Clause 24 of this Schedule 2 and will not be considered to be in default or liable for breach of any obligations under this Framework Agreement if:

24.1.1 the Supplier has fulfilled its obligations pursuant to Clause 6 of this Schedule 2;

24.1.2 the Force Majeure Event does not arise directly or indirectly as a result of any wilful or negligent act or default of the Supplier; and

24.1.3 the Supplier has complied with the procedural requirements set out in Clause 24 of this Schedule 2.

24.3 Where a Party is (or claims to be) affected by a Force Majeure Event it shall use reasonable endeavours to mitigate the consequences of such a Force Majeure Event upon the performance of its obligations under this Framework Agreement and to resume the performance of its obligations affected by the Force Majeure Event as soon as practicable.

24.4 Where the Force Majeure Event affects the Supplier's ability to perform part of its obligations under the Framework Agreement the Supplier shall fulfil all such contractual obligations that are not so affected and shall not be relieved from its liability to do so.

24.5 If either Party is prevented or delayed in the performance of its obligations under this Framework Agreement by a Force Majeure Event, that Party shall as soon as reasonably practicable serve notice in writing on the other Party specifying the nature

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods

and extent of the circumstances giving rise to its failure to perform or any anticipated delay in performance of its obligations.

- 24.6 Subject to service of such notice, the Party affected by such circumstances shall have no liability for its failure to perform or for any delay in performance of its obligations affected by the Force Majeure Event only for so long as such circumstances continue and for such time after they cease as is necessary for that Party, using its best endeavours, to recommence its affected operations in order for it to perform its obligations.
- 24.7 The Party claiming relief shall notify the other in writing as soon as the consequences of the Force Majeure Event have ceased and of when performance of its affected obligations can be resumed.
- 24.8 If the Supplier is prevented from performance of its obligations as a result of a Force Majeure Event, NHS Supply Chain may at any time if the Force Majeure Event subsists for thirty (30) days or more, terminate this Framework Agreement on service of written notice on the Supplier.
- 24.9 Following such termination in accordance with Clause 24.8 of this Schedule 2 and subject to Clause 24.10 of this Schedule 2, neither Party shall have any liability to the other.
- 24.10 Any rights and liabilities of either Party which accrued prior to such termination in accordance with Clause 24.8 of this Schedule 2 shall continue in full force and effect unless otherwise specified in this Framework Agreement.

25 Records retention and right of audit

- 25.1 Subject to any statutory requirement and Clause 25.2 of this Schedule 2, the Supplier shall keep secure and maintain for the Term and six (6) years afterwards, or such longer period as may be agreed between the Parties, full and accurate records of all matters relating to this Framework Agreement.
- 25.2 Where any records could be relevant to a claim for personal injury such records shall be kept secure and maintained for a period of twenty one (21) years from the date of expiry or earlier termination of this Framework Agreement.
- 25.3 NHS Supply Chain shall have the right to audit the Supplier's compliance with this Framework Agreement. The Supplier shall permit or procure permission for NHS Supply Chain or its authorised representative during normal business hours having given advance written notice of no less than five (5) Business Days, access to any premises and facilities, books and records reasonably required to audit the Supplier's compliance with its obligations under this Framework Agreement.
- 25.4 Should the Supplier Sub-contract any of its obligations under this Framework Agreement, NHS Supply Chain shall have the right to audit and inspect such third party. The Supplier shall procure permission for NHS Supply Chain or its authorised representative during normal business hours no more than once in any twelve (12) months, having given advance written notice of no less than five (5) Business Days, access to any premises and facilities, books and records used in the performance of the Supplier's obligations under this Framework Agreement that are Sub-contracted to

such third party. The Supplier shall cooperate with such audit and inspection and accompany NHS Supply Chain or its authorised representative if requested.

- 25.5 The Supplier shall grant to NHS Supply Chain or its authorised representative, such access to those records as they may reasonably require in order to check the Supplier's compliance with this Framework Agreement for the purposes of:

25.1.2 any examination pursuant to section 6(1) of the National Audit Act 1983 of the economic efficiency and effectiveness with which NHS Supply Chain has used its resources.

- 25.6 The Comptroller and Auditor General may examine such documents as they may reasonably require which are owned, held or otherwise within the control of the Supplier and may require the Supplier to provide such oral and/or written explanations as they consider necessary. Clause 25 of this Schedule 2 does not constitute a requirement or agreement for the examination, certification or inspection of the accounts of the Supplier under section 6(3)(d) and 6(5) of the National Audit Act 1983.

- 25.7 The Supplier shall provide reasonable cooperation to NHS Supply Chain, its representatives and any regulatory body in relation to any audit, review, investigation or enquiry carried out in relation to the subject matter of this Framework Agreement.

- 25.8 The Supplier shall provide all reasonable information as may be reasonably requested by NHS Supply Chain to evidence the Supplier's compliance with the requirements of this Framework Agreement.

26 Conflicts of interest and the prevention of fraud

- 26.1 The Supplier shall take appropriate steps to ensure that neither the Supplier nor any Staff are placed in a position where, in the reasonable opinion of NHS Supply Chain, there is or may be an actual conflict, or a potential conflict, between the pecuniary or personal interests of the Supplier and the duties owed to NHS Supply Chain under the provisions of this Framework Agreement. The Supplier will disclose to NHS Supply Chain full particulars of any such conflict of interest which may arise.

- 26.2 NHS Supply Chain reserves the right to terminate this Framework Agreement immediately by notice in writing and/or to take such other steps it deems necessary where, in the reasonable opinion of NHS Supply Chain, there is or may be an actual conflict, or a potential conflict, between the pecuniary or personal interests of the Supplier and the duties owed to NHS Supply Chain under the provisions of this Framework Agreement. The actions of NHS Supply Chain pursuant to this Clause 26.2 of this Schedule 2 shall not prejudice or affect any right of action or remedy which shall have accrued or shall subsequently accrue to NHS Supply Chain.

- 26.3 The Supplier shall take all reasonable steps to prevent Fraud by Staff and the Supplier (including its owners, members and directors). The Supplier shall notify NHS Supply Chain immediately if it has reason to suspect that any Fraud has occurred or is occurring or is likely to occur.

Schedule 6

Commercial Schedule

Part 1

1. The Parties acknowledge that the Contract Price is the basis upon which the Framework Agreement is awarded and unless amended in accordance with this Schedule 6 and/or Schedule 7 (as the case may be) the Contract Price shall remain fixed during the Term. For the avoidance of doubt the Supplier shall not be entitled to unilaterally adjust the Contract Price.
2. The Contract Price may be reduced and/or otherwise refined by application of one or more of the Savings Mechanisms set out in Appendix 1 (Savings Mechanisms) to this Schedule 6 (Commercial Schedule).
3. Management Fee – The Management Fee payable on all Goods and Services ordered pursuant to Sub-Lot 1.1 via a Direct Route of Supply, Bulk Buys or a Multi Authority Aggregation deal shall be 3%. The Management Fee shall apply to all Orders for Goods and Services in accordance with Clause 9 of Schedule 2, except that where any Core Line is priced at more than two and a half million GBP (£2.5 million) (exclusive of VAT) the value of that Core Line for the purposes of calculating the Management Fee shall be capped at two and a half million GBP (£2.5 million).
4. During the Term of the Framework Agreement each Party may approach the other to discuss discounts, value added offerings and commitment deals. Neither Party shall be obliged to accept any offer made by the other.
5. The Supplier agrees to work with NHS Supply Chain during the Term of the Framework Agreement to identify cost saving opportunities, including the way in which Goods are sourced, supplied, ordered and packaged, which can be reflected in a more competitive Contract Price.
6. If the Supplier requests an increase to the Contract Price it must provide justification to NHS Supply Chain for such increase and NHS Supply Chain may in its absolute discretion consent to such increase.
7. To drive greater transparency and stability in contract pricing NHS Supply Chain reserves the right to review various cost price mechanisms throughout the Term of the Framework Agreement. In the event that there is a fluctuation in commodity costs used in the production of related finished goods that could impact the contracted price, NHS Supply Chain reserves the right to review the Contract Price in conjunction with the Supplier if evidenced through a commodity index tracker mechanism agreed with both parties.
8. Once a price variation has been agreed by both Parties pursuant to this Schedule 6 the new Contract Price shall take effect on the date agreed by the Parties in writing.

Part 2

1. Additional and Associated Goods and Services

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 51 of 72

- 1.1. Without limitation to the provisions of Clause 22.1 of Schedule 2, the Supplier acknowledges to NHS Supply Chain that over the Term, additional goods and services may be made available for purchase under the Framework Agreement. Such additional goods and services may also include the provision of associated goods, materials or items associated with those additional goods and services (which together shall be "the Additional and Associated Goods and Services").
- 1.2. Additional and Associated Goods and Services to NHS Supply Chain will be made available for purchase under the Framework Agreement at the sole discretion of NHS Supply Chain. In order to determine whether the Additional and Associated Goods and Services will be made available for purchase under the Framework Agreement NHS Supply Chain shall consider a number of different factors, including (but not limited to) whether the proposed Additional Solutions and Associated Goods are deemed to be within scope of the procurement exercise under which the Framework Agreement was awarded. NHS Supply Chain may permit a product to be added under the Framework Agreement during the lifetime of the Framework Agreement ("new product") where it is related to an existing product originally awarded to the Framework ("existing product") and only in the following circumstances:
 - 1.2.1. when the new product supersedes an existing product due to the evolution of the existing product during the lifetime of the Framework Agreement, and the new product replaces the existing product for the remaining duration of the Framework Agreement;
 - 1.2.2. when the new product is an evolution of the existing product and the new product is added without replacing the existing product for the remaining duration of the Framework Agreement; or
 - 1.2.3. when the new product is a variation of the existing product against an identifiable classification of the existing product (e.g., additional sizes of the existing product not originally submitted in the Tender will be permitted).
- 1.3. The Supplier acknowledges and agrees that, to the extent relevant, any Additional and Associated Goods and Services must comply with the standards set out in the Specification and the Tender Response Document.
- 1.4. Without prejudice to any of the other provisions set out in Schedule 2, NHS Supply Chain reserves the right to undertake at its absolute discretion a review of the Goods and Services which are supplied under the Framework Agreement. Following such review, NHS Supply Chain may change supply routes for any of the Goods and Services and/or remove certain Goods and Services and/or Additional and Associated Goods and Services from the Framework Agreement.

2. Price Saving Initiatives

- 2.1. NHS Supply Chain reserves the right to share savings information in order to assist Authorities with making informed procurement decisions.

- 2.3.2. during the lifetime of the Framework Agreement, the Supplier may want to offer additional savings to a Participating Authority (or group of Participating Authorities) through the provision of Banded Discounts, Combined Trust Procurement and Volume Based Procurement.
- 2.3.3. NHS Supply Chain may request pricing on behalf of a Participating Authority or group of Participating Authorities in return for commitment by NHS Supply Chain or a Participating Authority or group of Participating Authorities to purchase an agreed value and/or volume of Goods that may or may not be for an agreed period of time. In these instances NHS Supply Chain may request and agree improved or different terms from those which are set out in the Framework Agreement (and pass these to the Participating Authority or group of Participating Authorities (as the case may be) for their consideration), including terms in relation to the matters set out below:
- i. the Contract Price in respect of some or all of the Goods;

3. Not Used

4. Supply Chain Simplification

- 4.1. NHS Supply Chain reserves the right to engage with the Supplier with regard to implementing supply chain simplification initiatives in order to assist in reducing the cost of Goods throughout the lifetime of the Framework Agreement. The supply chain simplification initiatives will aim to remove complexity and cost from the inbound supply chain from the point of manufacture through to delivery to NHS Supply Chain warehouses. Examples of such initiatives include, but are not exclusive to:

5. Incoterms

- 5.1. In addition to the provisions mentioned at paragraph 4 above (Supply Chain Simplification) NHS Supply Chain reserves the right to engage with the Supplier on various Incoterms (as more particularly set out in the ORS) throughout the lifetime of the Framework Agreement.

6. Samples

- 6.1. From time to time, NHS Supply Chain may request samples of the Goods to be provided to such location (as may be reasonably required by NHS Supply Chain) to a Participating Authority. Such samples shall be provided Free of Charge and may be used to inform a Participating Authority's purchasing decision under the Framework Agreement.
- 6.2. Without prejudice to the provisions set out in paragraph 6.1 above NHS Supply Chain may (on behalf of the Clinical Evaluation Team ("CET")) request samples to be provided by the Supplier (on a free of charge basis) over the lifetime of the Framework Agreement. Such samples shall be assessed by CET in order to determine whether such Goods shall be included in the reopening of competition in accordance with the terms of this Framework Agreement.
- 6.3. Where such samples are requested in accordance with paragraph 5.2 above they must be provided to a "Ward Ready Standard" and which shall mean that such samples shall be provided in the packaging, box and Unit of Issue as a Participating Authority would expect to see at ward level. Failure to provide samples to a Ward Ready Standard or in accordance with the timescales which may reasonably be required by NHS Supply Chain may result in the Supplier being excluded from any reopening of competition in accordance with is held in accordance with the terms of the Framework Agreement.

Appendix 1 to Schedule 6 (Commercial Schedule) **Savings Mechanisms**

1. Introduction

1.1 This Appendix 1 (Savings Mechanisms) sets out the Savings Mechanisms benefitting the Supply Chain Coordination Limited (the "**Authority**") and/or its customers ("**Customers**") that are applicable to this Framework Agreement.

2. National Pricing Matrices

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 54 of 72

2.1 As part of the setting up of this Framework Agreement or by using the mini-competition process, the Authority may put in place National Pricing Matrices (“**NPMs**”) that allow Customers to access discounted Supplier pricing based upon a formal commitment to a level of purchasing activity.

2.2 Where NPM discount mechanisms are put in place by the Authority as part of setting up of the Framework Agreement, the relevant mechanisms will be set out in the Framework Catalogue and Pricing Matrix (as defined in Schedule 7). Where a NPM is contained in the Framework Catalogue and Pricing Matrix, any Customer meeting the conditions set out in relation to the NPM shall benefit from the discounted Supplier pricing applicable to that NPM. Customers will be given a particular code for the NPM pricing.

2.3 Where NPM discounts are put in place as part of a mini-competition process, full details will be provided as part of the applicable Mini-Competition Pack. Where NPMs are put in place as part of a mini-competition process (run by the Authority and/or one or more Customers) and the Goods and/or Services are transacted directly with the Customer (“Direct Route of Supply”), each Customer’s requirements shall form a separate Call-off Lot as part of that mini-competition process.

2.4 Where NPMs are put in place as part of a mini-competition process and the Goods and/or Services are transacted through NHS Supply Chain (stock or e-direct route), on confirmation of the NPM pricing between the Supplier and the Customer as part of the mini-competition process, the Authority will adjust the price for that Customer to reflect the NPM pricing but will continue to raise purchase orders with the Supplier for all Goods and/or Services at the standard Framework Agreement prices (i.e. the prices in the Framework Catalogue and Pricing Matrix before any NPM discounts). The Authority will then invoice the Supplier monthly for the difference between the NPM prices and the standard Framework Agreement prices. The Supplier shall pay such invoices within 30 calendar days from the invoice date.

3. Banded Discounts

3.1 As part of the setting up of this Framework Agreement, the Authority may put in place banded discounts that allow a Customer to access discounted Supplier pricing based upon levels of purchasing activity relating to a specific Order.

3.2 Where banded discount mechanisms are put in place as part of setting up of the Framework Agreement, the relevant mechanisms will be set out in the Framework Catalogue and Pricing Matrix (as defined in Schedule 7). Where the Framework Catalogue and Pricing Matrix has banded discount mechanisms, any Customer meeting the conditions of a banded discount mechanism shall benefit from the discounted Supplier pricing applicable to the relevant band corresponding to the relevant Order.

4. Multiple Framework Lot Discounts

4.1 As part of the setting up of this Framework Agreement or by using the mini-competition process, the Authority may put in place multiple Framework Lot discount mechanisms that allow a Customer to access discounted Supplier pricing based on

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 55 of 72

buying Goods and/or Services from multiple Framework Agreement Lots as part of an Order.

4.2 Where multiple Framework Lot discount mechanisms are put in place as part of the setting up of the Framework Agreement, the relevant mechanisms will be set out in the Framework Catalogue and Pricing Matrix (as defined in Schedule 7). If the Framework Catalogue and Pricing Matrix contains a multiple Framework Lot discount mechanism, any Customer meeting the conditions of a multiple Framework Lot discount mechanism shall benefit from the discounted Supplier pricing applicable to the relevant Order.

4.3 Where multiple Framework Lot discounts are put in place as part of a mini-competition process and the Goods and/or Services are transacted via a Direct Route of Supply, each Customer's requirements across the relevant Framework Agreement Lots shall form a single requirement as part of that mini-competition process. If the mini-competition covers the requirements of more than one Customer, each Customer's requirements shall form a separate Call-Off Lot for the purposes of that mini-competition.

4.4 Where multiple Framework Lot discounts are put in place as part of a mini-competition process and the relevant Goods and/or Services are transacted by NHS Supply Chain (stock or e-direct route), the Authority shall automatically apply the multiple Lot discount to the prices paid by the Customer.

5. Bulk Buys

5.1 As part of the setting up of this Framework Agreement, the Authority may put in place bulk buy discounts that allow a Customer to access discounted Supplier pricing based upon the number of Goods ordered at the same time as part of the same Order ("**Bulk Buys**"). Any applicable bulk buy discounts will be applied to Goods with the same Manufacturers Product Code.

5.2 Where bulk buy discount mechanisms are put in place as part of setting up of the Framework Agreement, the relevant mechanisms will be set out in the Framework Catalogue and Pricing Matrix (as defined in Schedule 7). If the Framework Catalogue and Pricing Matrix contains a bulk buy discount mechanism, any Customer meeting the conditions of a bulk buy discount mechanism shall benefit from the discounted Supplier pricing applicable to the relevant Order.

5.3 The Authority may (at its sole discretion) suspend and/or discontinue bulk buy discounts established as part of putting in place the Framework Agreement. It may do this at any time for operational reasons (e.g. warehouse capacity issues). In these circumstances the Authority will update the Framework Catalogue and Pricing Matrix accordingly.

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 56 of 72

5.4 On an ad hoc basis at any time during the term of the Framework Agreement, the Supplier may approach the Authority to propose a time limited bulk buy discount opportunity for NHS Supply Chain transacted products (stock or e-direct). As part of such proposal, the Supplier will propose details for the volume or value with the associated discount and any delivery commitment. The Authority will consider such proposals taking into consideration financial commitment, forecasts of Customer demand, warehouse capacity and risk of expiry. If such a proposal is accepted by the Authority, the Authority will raise a purchase order to reflect the agreed proposal. The Authority will then adjust the Framework Catalogue and Pricing Matrix to reflect the discounted price 'whilst stocks last' and readjust it to the standard price (i.e. without the bulk buy discount) when the bulk buy discount expires.

5.5 Where the Authority and the Supplier enter into a Bulk Buy for capital items in Sub-Lot 1.1 they shall set out the terms of such bulk buy in a Bulk Buys Supplemental Agreement. The Bulk Buys Supplemental Agreement shall be substantially based upon the draft form of agreement set out at Appendix 2 to this Schedule 6 (provided that NHS Supply Chain shall be entitled to update this template from time to time upon reasonable notice to the Supplier).

6. Promotional Discounts

6.1 On an ad hoc basis at any time during the Term of the Framework Agreement, the Supplier may offer time limited promotional discounts providing Customers promotional savings on its standard prices in the Framework Catalogue and Pricing Matrix. Such promotional discounts are subject to the prior written approval of the Authority. If approved by the Authority, the Authority will adjust the Framework Agreement and Pricing Matrix to reflect the promotional discount for the period during which the promotion is available and shall readjust it to the standard price (i.e. without the promotional discount) when the promotional discount expires.

7. Multi Authority Aggregation ("MAA")

7.1 A MAA is where the Authority combines the requirements of more than one Customer to achieve a percentage discount based on their aggregated requirements and spend. MAAs may be put in place as part of the setting up of this Framework Agreement or by using the mini-competition process.

7.2 Where MAA discount mechanisms are put in place by the Authority as part of the setting up of the Framework Agreement, the relevant mechanisms will be set out in the Framework Catalogue and Pricing Matrix. Where a MAA discount mechanism is contained in the Framework Catalogue and Pricing Matrix, the Authority and any Customer meeting the conditions set out in relation to the MAA discount mechanism shall benefit from the discounted Supplier pricing applicable to that MAA.

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 57 of 72

7.3 Where MAA discounts are put in place as part of a mini-competition process, full details will be provided as part of the applicable Mini-Competition Pack.

7.4 Where MAA discounts are put in place as part of a mini-competition process and the Goods and/or Services are to be transacted via a Direct Route of Supply, each Customer's requirements shall form a separate Call-Off Lot for the purposes of that mini-competition. The lotting strategy for that mini-competition shall be set out in the applicable Mini-Competition Pack and shall address (amongst other relevant matters) how the MAA discount proposed by the Supplier as part of that mini-competition will be applied to each Call-off Lot should the Supplier be successful in that mini-competition.

8. Combined Trust Procurements ("CTP")

8.1 A CTP discount is where two or more Customers have decided themselves to combine their requirements with a view to achieving a CTP percentage discount based on their combined requirements and have approached the Authority accordingly. CTP discount mechanisms may be put in place as part of the setting up of this Framework Agreement or by using the mini-competition process..

8.2 Where CTP discount mechanisms are put in place by the Authority as part of the setting up of the Framework Agreement, the relevant mechanisms will be set out in the Framework Catalogue and Pricing Matrix. Where a CTP discount mechanism is contained in the Framework Catalogue and Pricing Matrix, the Authority and any Customer meeting the conditions set out in relation to the CTP discount mechanism shall benefit from the discounted Supplier pricing applicable to that CTP discount mechanism.

8.3 Where CTP discounts are put in place as part of a mini-competition process, full details will be provided as part of the applicable Mini-Competition Pack.

8.4 Where CTP discounts are put in place as part of a mini-competition process and the Goods and/or Services are to be transacted via a Direct Route of Supply, each Customer's requirements shall form a separate Call-Off Lot for the purposes of that mini-competition. The lotting strategy for that mini-competition shall be set out in the applicable Mini-Competition Pack and shall address (amongst other relevant matters) how the CTP discount proposed by the Supplier as part of that mini-competition will be applied to each Call-off Lot should the Supplier be successful in that mini-competition.

9. Set Purchase Plans also known as Amortised arrangements

9.1 The Authority is offering the option of Set Purchase Plans to be utilised under this Framework Agreement in relation to the supply of Ophthalmic Capital and Surgical Equipment under Sub-Lot 1.1 and any consumables under the remaining Sub-Lots under this Framework Agreement.

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 58 of 72

9.2 Set Purchase Plans, also known as Amortised arrangements, are agreements made directly between a Supplier and a Customer whereby the capital equipment is supplied at zero cost but amortised within the price of the associated consumables. To be eligible to utilise the option of Set Purchase Plans, Suppliers must have been successfully awarded to the Framework Agreement for both the piece of equipment (with associated maintenance), and the consumables proposed in the Set Purchase Plan.

9.3 On an ad hoc basis at any time during the term of the Framework Agreement, a Customer may initiate this requirement via the Authority and provides volumes and period requirements (number of years). The Customer evaluates the Set Purchase Plans on offer based on the Customer's specific set of criteria and may choose to enter into a Set Purchase Plan with a Supplier. Prior to being set up on a Set Purchase Plan the Customer and Supplier will need to enter into a Set Purchase Plan agreement. Subject to the terms and conditions of the Set Purchase Plan, the Supplier shall supply to the Customer:

- the core equipment;
- products;
- consumables; and
- associated services (if any),

in such quantities, and at such times and locations as specified in the Set Purchase Plan.

9.4 Where a Set Purchase Plan is put in place, the Authority will adjust the catalogue price for that Customer to reflect the agreed price for the consumables.

9.5. Throughout the duration of the agreed Set Purchase Plan, the Supplier will be required to monitor and report the purchase volumes data of the consumables annually purchased. This report must be issued to both the Customer and the Authority on the annual anniversary date of the Purchase Plan and must include the volumes purchased.

9.6 Should the Set Purchase Plan extend beyond the life of this Framework Agreement and where the core equipment and associated consumables are no longer available under this Framework Agreement, the Authority will no longer be able to continue facilitating the arrangement and therefore the signatory parties to the Set Purchase Plan will need to transact directly.

10. Prompt Settlement Discounts (only applicable to the Authority) [To be inserted or removed (as relevant) as part of the final Framework Agreement]

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 59 of 72

10.1 As part of the setting up of this Framework Agreement, the Authority has agreed with the Supplier the following prompt settlement discounts for the early settlement of invoices by the Authority:

Period in which invoice must be paid to obtain relevant early settlement discount	Percentage early settlement discount applicable
On or within 10 days from date of receipt of invoice by the Authority	0.8%
11 to 15 days from date of receipt of invoice by the Authority	0.6%
16 to 20 days from date of receipt of invoice by the Authority	0.4%
21 to 25 days from date of receipt of invoice by the Authority	0.2%

11. Partnership Approach (Maintenance/Service Contracts)

11.1 Where the Framework Agreement Specification and Tender Response document allows for certain alternative commercial solutions, such as a Partnership Approach, then Customers may choose to enter into a direct award with a Supplier to secure such alternative commercial solutions that are within the scope of this Framework Agreement.

11.2 A Partnership Approach is an agreed approach between a Supplier and Customer that enables greater commercial and/or operational solutions to be provided in return for greater risk shared/undertaken by the Customer. In the development of the contract between the Supplier and the Customer, the Authority will facilitate the discussion on levels of risk appetite to gain further price reductions or further value related opportunities for the Customer.

11.3 A Customer may initiate this requirement via the Authority, generally upon the renewal of the maintenance/service contract for the Customer and provides requirements on the equipment to be maintained. Pricing is provided by the Supplier based on the individual requirements of the Customer and the Customer may elect to enter into a contract for such Partnership Approach with the appropriate maintenance provider from this Framework Agreement as it may at its discretion choose.

12. Value Based Procurement

12.1 On an ad hoc basis at any time during the term of the Framework Agreement, the Supplier may approach the Authority to propose a Value Based Procurement. As part

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 60 of 72

of such proposal, the Supplier will propose details for the savings methodologies and values specific to each opportunity.

12.2 Value-based procurement opportunities should be designed to deliver efficiencies in service provision and demonstrate tangible and measurable financial and non-financial benefit. The savings methodologies and values will need to be evidenced and approved by the Authority prior to being made available to the Customers. Some of the potential areas which would deliver value include:

- Financial:
 - Reduction in capital costs
 - Reduction in maintenance costs
 - Reduction in consumable costs
 - Reduction in staff costs
 - Increased tariff income generation
- Clinical:
 - Improvements in patient care
 - Improved patient experience
 - Reduction in bed days
 - Reduction in infection rates
 - Increase in the number of appointments.
 - Improved equipment utilisation
- Sustainability:
 - Reduction in energy use
 - Reduction in waste

12.3 The Authority will consider such proposals taking into consideration the principles of Range Extensions in the Authority's 'Modification of Contracts and Framework Agreements during their term' policy, which sets out that only permitted and non-substantial modifications will be approved. If such a proposal is accepted by the Authority, the Parties will enter into a contract variation to reflect the agreed proposal, which shall only be binding once it has been agreed in writing and signed by an authorised representative of both Parties.

13. NHS Service Improvement Solutions

13.1 The Authority may give the Supplier (alone or along with other Suppliers) the opportunity to offer Customer/s solutions which are aimed at improving the Customer/s ability to deliver its own clinical services (and so improve those services).

13.2 This is how it will operate:

Revision: 7	August 2017	Page 61 of 72

- The Authority will work with Customer/s to understand the challenges that they are facing in terms of service delivery, required improvements, expected outputs and objectives, key performance indicators, service level agreements, financial restraints etc. The information will be collated and provided to capable Suppliers to create a solution which supports the successful delivery of the Customer/s service.
- Solutions could include the equipment, point of sale maintenance, training building works etc. but would also consider staffing, equipment utilisation, use of artificial intelligence, patient pathway, room / department layouts etc. An itemised cost for implementation would be provided via the Authority detailing the benefits and savings that could be achieved, the mechanisms for measuring and recompense to the Customer/s should those benefits not be realised.
- The Authority would facilitate the negotiation and agreement of the contract between the Supplier and the Customer/s to contain details of the solution, communications, stakeholders, timescales, cost/consideration etc. and would support the management of the solution (although the Authority would not be a party to that Contract). Any Contract would be between the Customer/s and the Supplier, facilitated by the Authority, and would incorporate the Call-off Terms and Conditions for the Supply of Goods.
- A management fee percentage would be payable to the Authority by the Supplier. The percentage will be the same as the management fee for the supply of equipment as outlined in paragraph 3 of Part 1 of Schedule 6 of the Framework Agreement. The percentage will be applied to the total quoted value, excluding building works / turnkey solutions, and would be invoiced following receipt of the Customer/s purchase order as part of the quarterly reconciliation process.

Ordering Procedure and Award Criteria

1. Framework call-offs

- 1.1. If a Participating Authority wishes to purchase Goods and/or Services through this Framework Agreement, it may do so in accordance with one of the following call-off processes and related ordering procedures:

1.1.1 *Without reopening competition*

This Framework Agreement allows for “direct awards” so that Orders can be placed in certain circumstances without reopening competition, as further described in the following paragraphs and paragraph 3 below.

- 1.1.2 Orders may be placed in the following two ways:

1.1.2.1 National Price: A Participating Authority may order via the NHS Supply Chain eDirect route against the Commercial Schedule for the product required in that Sub-Lot. Orders placed in this way will be supplied at the National Price stated within the applicable Commercial Schedule as there is no commitment to the request.

OR

1.1.2.2 Commitment to Volume: The Participating Authority, or a group of Participating Authorities acting as a collaboration, may enter into a commitment agreement (Call-Off Contract) with a Supplier based on a commitment of a set volume and/or period of time. This commitment will allow the Participating Authority or collaboration to take advantage of the improved banded pricing available within the Commercial Schedule for that Sub-Lot.

1.2. Relevant definitions

- 1.2.1. In this Schedule 7 the following words shall have the following meanings:

“**Awarding Authority**” means SCCL or (if relevant to the Framework Agreement) any other Participating Authority placing an Order;

“**Capability Search and Assessment**” shall mean the search and review process described in paragraph 2.2.1 below;

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 63 of 72

“Framework Catalogue and Pricing Matrix” means the document(s) setting out the Goods and/or Services available under the Framework Agreement and the associated pricing;

“Framework Lot” means, where the Framework Agreement itself is divided into Lots/Sub-Lots, one of those lots/sub-lots;

“Framework Supplier” means a Supplier appointed under this Framework Agreement;

“Savings Mechanism” means one of the savings mechanisms set out as part of the Commercial Schedule.

“SCCL” means Supply Chain Coordination Limited (the Authority for the purposes of this Framework Agreement).

2. Common processes for all call-offs

2.1 Statement of Requirements

2.1.1. For all call-off processes and related ordering procedures, the Awarding Authority will develop a statement setting out its requirements (**“Statement of Requirements”**). The Statement of Requirements shall be deemed part of the Order Form and Specification and Tender Response Document for the purposes of any Contracts. The Statement of Requirements will broadly define the Goods and/or Services sought.

2.1.2. The steps involved in developing a Statement of Requirements will include:

2.1.2.1. The Participating Authority will define their specific needs to the NHS Supply Chain category management team ensuring alignment with the framework scope.

2.1.2.2. The Commercial Schedules completed by suppliers in line with their ITT response will form the pricing matrices available across the Lots / Sub-Lots.

2.1.2.3. NHS Supply Chain Category team will review the Commercial Schedules and provide a cost analysis to the Participating Authorities thereby providing a choice of access routes to pricing opportunities offered by Applicants.

2.1.3. Where the nature of the requirements are sensitive, the Participating Authority may require the potential Framework Suppliers to enter into a non-disclosure agreement as a condition of participation in a call-off process.

2.2. Preliminary assessment processes

Revision: 7	August 2017	Page 64 of 72

Capability Search and Assessment

2.2.1 For all call-off processes and related ordering procedures, the Awarding Authority will carry out a search of the Framework Catalogue and Pricing Matrix using appropriate parameters and key product and/or service features with a view to identifying those Framework Suppliers that are potentially capable of meeting the requirements set out in the Statement of Requirements.

2.2.2 The Participating Authority's Capability Search and Assessment will determine the rationale for the chosen award criteria including but not limited to the below:

- Rationalising or consolidating spend

The Participating Authority may request a review of sub-specialty areas of spend across all Suppliers and subsequently address how that budget is utilised to become more efficient in their practices, both clinically and commercially.

- Capital compatibility

The Participating Authority may have significant capital investment and only certain consumable products are compatible. The cost to change the capital equipment would not be commercially astute.

- Technical capability

The Participating Authority may wish to understand the technical capabilities submitted by the suppliers in their ITT response.

- Supplier capacity

The Participating Authority may wish to understand circumstances such as location or volume which may reduce the number of Suppliers capable of meeting the requirements.

- Cost and efficiency

The NHS Supply Chain Category management and Clinical Engagement teams will facilitate this analysis whilst working closely with Participating Authority(s) Clinical and Procurement teams. Clinician centred processes will focus on component or procedure-based analysis and allow for an informed decision on how to address the needs of the department with the requirement to realise efficiencies across the system both clinically and commercially.

Expression of Interest

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 65 of 72

2.2.3 The Awarding Authority may request an expression of interest (“Expression of Interest”), in addition to or as an alternative to the Capability Search and Assessment, to identify Framework Suppliers capable of meeting the requirements. For example, a request for Expressions of Interest may be broadcast to Framework Suppliers in the relevant Framework Lot where a match with some aspects of the Statement of Requirements is not clearly ascertainable from a search of the Framework Catalogue and Pricing Matrix. Framework Suppliers should be given a reasonable period of time to respond, taking into account any urgency in the requirement.

SCCL as facilitator

2.2.4 Where the Awarding Authority is not SCCL, SCCL may carry out any of the processes and steps set out in this Schedule 7 (Ordering Process and Award Criteria) on behalf of that Awarding Authority to facilitate the placing of an Order by that Awarding Authority.

3. Direct Award Ordering procedures

3.1 Having conducted a Capability Search and Assessment and/or (where relevant) requested Expressions of Interest, the Awarding Authority may directly award a Contract, with pricing based on National Price or Commitment to Volume (as relevant), to the Framework Supplier capable of meeting all requirements set out in the Statement of Requirements.

3.2 The Awarding Authority may only adopt this process if it can ensure that prices are comparable between those Framework Suppliers that can meet all requirements in the Statement of Requirements. As the inclusion of variations or supplemental requirements to the applicable call-off terms and conditions would undermine the basis of this comparison, variations or supplemental requirements should not be used under this ordering procedure. If these conditions cannot be ensured, the Awarding Authority should use a mini-competition ordering procedure.

3.3 The SCCL Category management team will populate the call off terms and conditions for the Contracts using the template provided at Schedule 9 (Call-Off Terms and Conditions for the Supply of Goods).

3.4. The SCCL Category team will issue the call-off Contract to be signed by both Supplier and Participating Authorities (via DocuSign).

Revision: 7	August 2017	Page 66 of 72

3.5 A legally binding contract shall be formed when the call-off Contract is signed by both Supplier and the Participating Authority or a group of Participating Authorities acting as a collaboration.

4. **General**

4.1 **Due diligence**

4.1.1 The Awarding Authority reserves the right to conduct due diligence on the Framework Suppliers that are capable of performing the Contract and if necessary consult them in writing prior to Contract award or prior to acceptance of delivery where:

- the complexity of the requirements is high; or
- the technical and economic impact of failure/poor performance of the Goods and/or Services is high.

4.1.2 For the avoidance of doubt, as part of such due diligence, a Participating Authority may require relevant Framework Suppliers to complete a pre-acquisition questionnaire in order to confirm any additional product details and other additional information required by the Awarding Authority in relation to any Goods/Services.

4.2 **Credit / financial standing checks**

4.2.1 The Awarding Authority reserves the right to commission credit reference / financial standing reports (to include from its own internal finance team and/or relevant third parties) to assess a Framework Supplier's economic and financial standing to determine the level of financial risk the Framework Supplier would represent. The reports may provide information on a range of financial indicators including (but not limited to) such measures as credit rating, credit limits, turnover, asset/liabilities, cash flow and profit statements.

4.2.2 If the Awarding Authority determines (on the basis of a credit reference / financial standing report or other available financial information) that the Framework Supplier's economic and financial standing to deliver against the requirements specific to the Contract is not adequate, the Framework Supplier may be excluded from consideration for a Contract award in such ordering procedure.

4.3 **Savings Mechanisms**

4.3.1 Any relevant Savings Mechanisms applicable to an Order shall be applied to that Order. Where there are Savings Mechanisms that may be applied by an Awarding Authority when entering into a direct award, if an Awarding Authority decides to utilise an applicable Savings Mechanism it shall provide full details on the precise application of such Savings Mechanism in accordance with Schedule 6 (Commercial Schedule).

4.4 **Unique Reference Numbers**

4.4.1 Where the Awarding Authority is not SCCL:

LEGAL TEMP 810-01 NHS Supply Chain Framework Agreement for the Supply of Goods		
Revision: 7	August 2017	Page 67 of 72

- 4.4.1.1 SCCL will confirm pricing with the Framework Supplier based upon the Framework Agreement;
- 4.4.1.2 SCCL will issue a URN ("**Unique Reference Number**") to the relevant Awarding Authority and Framework Supplier, which details the purchase and links the call-off Contract to the Framework Agreement;
- 4.4.1.3 the Awarding Authority will raise their Purchase Order (including the URN reference number) and submit it to the relevant Framework Supplier;
- 4.4.1.4 the relevant Framework Supplier will deliver Goods and/or Services directly to the Awarding Authority; and
- 4.4.1.5 the relevant Framework Supplier shall directly invoice the Awarding Authority.

4.5 Contracts Finder

4.5.1. The Supplier acknowledges that Awarding Authorities publish information on Contracts Finder in relation to the outcomes of direct awards. The Supplier consents to the publication of such information on Contracts Finder by the Awarding Authority as per the requirements of Contracts Finder from time to time.

Schedule 8

Service Levels

1. The Supplier agrees to conform to the following KPIs during the Term of this Framework Agreement:

On time Deliveries on time subject to a tolerance of +/- thirty (30) minutes (for the avoidance of doubt, deliveries which arrive on time but are not unloaded due to the driver's decision, deliveries which do not arrive and deliveries which arrive at the wrong delivery location shall also be considered late)	98%
Quantity Quantity of delivery correct against the relevant Order (including deliveries in excess and shortfall of the Order quantity)	98%
Quality Quality of delivery in accordance with the Framework Agreement and Contracts (including delivery presentation in accordance with the Framework Agreement and Contracts (the delivery must be presented in such a way that it can be unloaded safely and in a ready for use condition taking into consideration the Framework Agreement and Contract requirements) and damaged Goods (the Goods must be in a condition that is new and ready to use))	95%
Administration Timely and accurate administration (including booking/amending delivery times and Orders and invoices, delivery advice notes and labels being in accordance with the requirements of the Framework Agreement and Contracts)	99%

2. Any KPI discrepancy attributable to an act or omission of NHS Supply Chain (or another Participating Authority) shall not be used to calculate the Supplier's sub-standard performance level.
3. A service level shall be generated for each of the KPIs in relation all Orders placed on the Supplier within each calendar month during the Term of the Framework Agreement and a monthly average service level for each KPI shall be calculated ("**Monthly Service Level**").
4. The Supplier's performance shall be measured:
 - 4.1. in relation to Orders placed pursuant to a Non-direct Route of Supply by NHS Supply Chain; and
 - 4.2. in relation to Orders placed pursuant to a Direct Route of Supply by the Authority and the Supplier.
5. In relation to Orders placed pursuant to a Direct Route of Supply the Supplier shall submit monthly reports to NHS Supply Chain outlining its performance in relation to the KPIs for the preceding month. Such report shall be submitted to NHS Supply Chain not later than the 14th day of the month following the month to which the report relates. NHS Supply

Chain may verify the information provided by the Supplier with the Authority and reserves the right to amend the Supplier's monthly service level report in accordance with the findings of such verification exercise.

6. Should the Monthly Service Level of the Supplier fall below the relevant KPI:
 - 6.1. on two (2) or more occasions in any six (6) month period in relation to On time and/or Quantity; and
 - 6.2. on three (3) or more occasions in any six (6) month period in relation to Quality and/or Administration,

NHS Supply Chain may serve a performance notice on the Supplier. The Supplier shall present to NHS Supply Chain within thirty (30) days of receipt of such performance notice an action plan to improve the Supplier's Monthly Service Level ("**Action Plan**"). The Parties shall, within ten (10) Business Days of NHS Supply Chain receiving the Action Plan meet to discuss and agree the Action Plan. NHS Supply Chain may make reasonable amendments to the Action Plan to improve the Supplier's performance. The Action Plan must include a timetable for improvement of the Supplier's performance to, as a minimum, the level required by Clause 1 of this Schedule 8 in relation to the relevant KPI. Such timetable shall be agreed by the Parties but shall in any event be no longer than six (6) months.

7. In the event that the Supplier:
 - 7.1. fails to produce an Action Plan in accordance with Clause 6 of this Schedule 8; or
 - 7.2. fails to improve its Monthly Service Level to the minimum level required by Clause 1 of this Schedule 8 within the timetable set out in the Action Plan in accordance with Clause 6 of this Schedule 8,

the Supplier shall be considered to have committed a material breach capable of remedy for the purpose of Clause 16.3 of Schedule 2.

8. Notwithstanding Clauses 6 and 7 of this Schedule 8, where the Monthly Service Level in relation to Quantity, Quality or On time of Goods delivered against the relevant Order(s) falls below the relevant KPI, NHS Supply Chain shall (without prejudice to its rights to claim for any other categories of loss arising from such failure to meet the relevant KPI) be entitled to raise a debit note to the Supplier for a sum equal to the loss NHS Supply Chain has incurred or suffered in relation to lost margin and the cost, if any, of purchasing alternative goods and/or services (and any related administrative costs) as a result of the shortfall in ready to use delivery quantity against the relevant Orders. The Parties agree this is a true and fair assessment of loss suffered through lost margin and the cost of purchasing alternative goods and/or services (and any related administrative costs). Where NHS Supply Chain does not elect to raise a debit note in the manner detailed in this paragraph, then it shall remain entitled to claim damages.
9. If the Supplier disputes NHS Supply Chain's Monthly Service Level as applicable to the Supplier, the Supplier shall provide evidence to NHS Supply Chain that the Monthly Service Level is incorrect within seven (7) days of disputing such Monthly Service Level and the Parties shall meet to discuss any necessary amendment to the Monthly Service

Level. If the Parties cannot agree the Monthly Service Level the matter shall be referred to the dispute resolution procedure set out in Clause 23 of Schedule 2.

10. For the avoidance of doubt, nothing in this Schedule 8 shall limit in any way either Party's rights and remedies, including the right to claim damages and or termination rights which may arise, under this Framework Agreement or any Contract.
