If anything isn't clear, see paragraph 6. ‘When and how to ask questions’.

Please read the bidder guidance which can be found on the below link for help using our eSourcing suite and instructions on how to submit a compliant bid:

<https://www.gov.uk/government/publications/esourcing-tool-guidance-for-suppliers>

1. What you need to know

1.1. What 'we' and 'you' means

When we use "CCS", "we", "us" or "our" we mean Crown Commercial Service (the Authority);

When we use "you" or "your" we mean your organisation, or the organisation you represent, in this competition also referred to as bidder.

We are a central purchasing body that procures common Goods and Services for Buyers including Central Government departments and the wider Public Sector.

1.2. Who are 'Buyers'?

Buyers are the organisations named in the published Contract Notice as those able to place Call-Off Orders for the Deliverables via this Framework Contract. They will do this in line with Framework Schedule 7 (Call Off Award Procedure).

1.3. What is a 'Lot'?

A Lot is sub-division of the Deliverables which are the subject of this competition as described in the published Contract Notice.

1.4. What do we mean by 'Deliverables'?

Deliverables are the Goods and/or Services that will be provided under this Framework Contract as set out in Framework Schedule 1 (Specification).

1.5. Who are 'Key Subcontractors'?

Key Subcontractors are any other person other than you who under this Framework Contract will:

- be relied on to deliver any of the Deliverables under this Framework Contract in their entirety (or any part of them).
- provide the facilities or Services necessary for the provision of the Deliverables (or any part of them).
- be responsible for the management, direction or control of the provision of the Deliverables (or any part of them).

Please note we do not require all subcontractors to be named in your bid, we only want to know about Key Subcontractors who directly contribute to your ability to provide the Deliverables under the Framework Contract and any Call-Off Contracts. We do not need to know about subcontractors who supply general services to you (such as window cleaners etc.) that only indirectly enable you to provide the Deliverables under the Framework Contract.

1.6. What is the difference between a Bidder and Supplier?

Successful Bidders will become Suppliers.

1.7. The Public Contracts Regulations 2015

The Public Contracts Regulations 2015 ("the Regulations") regulate how we procure. This means that we and you have to follow processes that are fair, transparent and equitable for all bidders.

1.8. Government Security Classifications (GSC)

On 02/04/2014 the Government introduced its Government Security Classifications (GSC) classification scheme to replace the Government Protective Marking System (GPMS). A key aspect of this was the reduction in the number of security classifications used.

You are encouraged to make yourself aware of the changes and identify any potential impacts in your Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during this competition, or pursuant to any Contract awarded to you as a result of this competition, will be subject to the GSC from 02/04/2014. The link below to the Gov.uk website provides information on the GSC:

<https://www.gov.uk/government/publications/government-security-classifications>

2. The Opportunity

We are putting in place a Framework Contract for the supply of fully managed end to end print management services for use by the UK public sector.

The fully managed end to end print management service covered by this procurement has been sub-divided into two Lots namely:

- **Lot 1** Print Management Services, including strategic and transformational Services, this is a single Supplier Lot and Buyers will access Lot 1 via a direct award Call-Off Procedure.
- **Lot 2** Print Management Services this is a multi-Supplier Lot and Buyers will access Lot 2 via further competition.

The full scope of the Deliverables associated with Lots 1 and 2 is detailed in Framework Schedule 1 (Specification). In addition, we have created a Data Pack (document name 'Attachment 10 - Data Pack') to give bidders an overview of historical call off contracts (please note that there is no guarantee that the call off contracts placed by customers in the past will be the same in the future). To access the data pack you will need to sign a Non-Disclosure Agreement (NDA) and return it via the eSourcing suite messaging service. When we receive your completed non-disclosure agreement, we will then send the Data pack to you via the eSourcing suite. The information contained within the data pack is strictly confidential, you must not at any time

- make use of it for your own purposes
- disclose it to any person (except as may be required by law).

3. What a framework is and how the framework is structured

A framework, with one or more suppliers, sets out terms that allow Buyers to make specific purchases ('Call-Offs') during the life of the Framework Contract. This competition is for a single Supplier Framework Contract for Lot 1 and a multi-Supplier Framework Contract for Lot 2 via further competition.

If you are a successful bidder, we will use the information you have provided in your bid, including your pricing to personalise your Framework Contract, which will be signed by you and us. The Framework Contract will be managed by you and us.

Buyers can then use the Framework Contract to make Call-Offs. Each Call-Off Contract will be signed and managed by you, and the Buyer.

The estimated value of Call-Off Contracts that may be placed under this Framework Contract is set out in the OJEU Contract Notice. There may be multiple Call Off agreements under one framework.

We cannot guarantee any business through this Framework Contract.

The Framework Contract will be established for 48 months.

This Framework Contract will have 2 Lots, the Lots are:

Lot	Lot name and description
Lot 1	Print Management Services, including strategic and transformational services.
Lot 2	Print Management Services.

Bidders can bid for one or both Lots. However, a bidder cannot be awarded a Framework Contract for both Lots. If you do submit bids for both Lots you must state your preference to be appointed to Lot 1 or Lot 2.

If you are bidding for both Lots you must express your preference by responding to selection question 1.11.2 in the eSourcing Suite (qualification envelope).

The number of Suppliers to be awarded a Framework Contract for each Lot is:

Lot	Number of places
Lot 1	1
Lot 2	6

Please reference section 12 of Attachment 2 (How to Bid) for information concerning the final decision to award.

4. Who can bid

We are running this competition using the accelerated open procedure (Further information regarding the reason for the use of the accelerated procedure can be found in the published Contract Notice). This means that anyone can submit a bid in response to the published Contract Notice.

- The Contract Notice can be found on Tenders Electronic Daily (TED) and our website <https://www.contractsfinder.service.gov.uk/Notice/797bde57-a0ff-49ee-8f90-4ad88523f3f1>.
- You can submit a bid as a single legal entity. Alternatively, you can take one or both of the following options:
 - a. work with other legal entities to form a consortium. If you do, we ask the consortium to choose a lead member who will submit the bid on behalf of the consortium.
 - b. bid with named Key Subcontractors to deliver parts of the requirements. This applies whether you are bidding as a single legal entity or as a consortium.
- We recognise that subcontracting and consortium plans can change. You must tell us about any changes to the proposed subcontracting or to the consortium as soon as you know. If you do not, you may be excluded from this competition.

5. Timelines for the competition

These are our intended timelines. We will try to achieve these however, for a range of reasons, dates can change. We will tell you if and when timelines change:

Start date (this is the date we submitted the Contract Notice to be published)	11/09/2020
Publication date (this is the date the ITT pack will be published)	14/09/2020
Clarification questions deadline	17:00 22/09/2020
Deadline for our responses to clarification questions	17:00 25/09/2020
Bid submission deadline	10:00am 02/10/2020
Compliance	From the bid submission deadline through to Award of Framework Contracts

6. When and how to ask questions

We hope everything is clear after you have this ITT pack (including the attachments).

If you have any questions you need to ask them as soon as possible after the Contract Notice is published. This is because we have set a deadline for submitting questions - the clarification questions deadline.

You need to send your questions to us through the eSourcing suite. This is the only way we can communicate with bidders. Try to ensure your question is specific and clear. Do not include your identity in the question. This is because we publish all the questions and our responses, to all bidders.

If you feel that a particular question should not be published, you must tell us why when you ask the question. We will decide whether or not to publish the question and response.

Remember that you can ask us questions about the Framework Contract and Call Off Contract but please do not attempt to 'negotiate' the terms. All framework awards will be made under identical terms.

7. Management Information and Management Charge

If you are awarded a Framework Contract you will need to send to us Management Information every month. We will use this information to calculate the Management Charges you must pay us for sales made through the Framework Contract. See Framework Schedule 5 (Management Charges and Information)

The percentage Management Charge is stated in the Framework Award Form at section 13 Management Charge.

8. Transfer of Undertakings (Protection of Employment) Regulations 2006 (“TUPE”)

We don't think TUPE will apply to this procurement at **framework** level because:

- services are provided to CCS by the outgoing supplier but there is no organised grouping of employees

We encourage you to take your own advice on whether TUPE is likely to apply and to carry out due diligence accordingly.

We think that TUPE may apply to **Call-Off Contracts** because:

- Services which are fundamentally the same as what we need under this procurement are currently being provided either in-house or by a Supplier

Based on the assumption that TUPE may apply to call-off contracts for both Lots, we have acquired information relating to the employees of the incumbent suppliers. You must confirm in the Selection Questionnaire that you have received a copy of the TUPE information. If you fail to receive a copy of the TUPE information, your bid will be excluded from the procurement.

Again, we encourage you to take your own advice on whether TUPE is likely to apply and to carry out due diligence accordingly.

To receive the TUPE information, you must complete the NDA – Attachment 8a Non-Disclosure Agreement (TUPE and Data Pack) and return it via the eSourcing suite messaging service. When we receive your completed non-disclosure agreement, we will then send the TUPE information to you via the eSourcing suite.

We don't represent that the TUPE information is complete or accurate. We can't say what effort will be required to deliver the services.

All the TUPE information is deemed to be strictly confidential and for use solely in connection with the preparation of your bid and any contract arising from this bid. Whether the TUPE information is provided to you orally, electronically or in writing, you must not at any time

- make use of it for your own purposes
- disclose it to any person (except as may be required by law)

9. Competition rules

We run our competitions so that they are fair and transparent for all bidders. This section sets out the rules of this competition. It needs to be read together with the ITT pack.

9.1 What you can expect from us

We will not share any information from your bid which you have identified as being confidential or commercially sensitive with third parties, apart from other central government bodies (and their related bodies). However, we may share this information

but only in line with the Regulations, the Freedom of Information Act 2000 (FOIA) or any other law as applicable.

9.2 What we expect from you

You must comply with these competition rules and the instructions in this ITT pack and any other instructions given by us. You must also ensure members of your consortium, Key Subcontractors or advisers comply.

Your bid must remain valid for 4 months after the bid submission deadline.

You must submit your bid in English and through the eSourcing suite only.

9.3 Involvement in multiple bids

If you are connected with another bid for the same requirement or the same Lot, we may make further enquiries. For example, where you submit a bid:

- in your own name and as a Key Subcontractor and/or a member of a consortium connected with a separate bid
- in your own name which is similar to a separate bid from another bidder within your group of companies.

This is so we can be sure that your involvement does not cause:

- potential or actual conflicts of interest
- supplier capacity problems
- restrictions or distortions in competition

We may require you to amend or withdraw all or part of your bid if, in our reasonable opinion, any of the above issues have arisen or may arise.

9.4 Collusive behaviour

You must not, and you must make sure that your directors, employees, Subcontractors, Key Subcontractors, advisors, companies within your group or members of your consortia do not:

- fix or adjust any part of your bid by agreement or arrangement with any other person, except where, getting quotes necessary for your bid or to get any necessary security
- communicate with any person other than us the value, price or rates set out in your bid or information which would enable the precise or approximate value, price or rates to be calculated by any other person except where such communication is undertaken with persons who are also participants in your bid submission, namely those where disclosure to such person is made in confidence in order to obtain quotes necessary for your bid or to get any necessary security
- enter into any agreement or arrangement with any other bidder, so that bidder does not submit a bid

- share, permit or disclose to another person, access to any information relating to your bid submission (or another bid submission to which you are party)
- offer or agree to pay or give any sum or sums of money, inducement or valuable consideration directly or indirectly to any other person for doing or having done or causing or having caused to be done in relation to its bid submission

If you do breach paragraph 9.4, we may (without prejudice to any other criminal or civil remedies available to it) disqualify you from further participation in this competition.

We may require you to put in place any procedures or undertake any such action(s) that we in our sole discretion considers necessary to prevent or stop any collusive behaviour.

9.5 Contracting arrangements

Only you or, as applicable, your key subcontractors (as set out in your bid) or consortium members can provide the deliverables through the Framework Contract.

9.6 Contracting arrangements for consortium

We may require a consortium to form a specific legal entity when signing a Framework Contract. We may also require a member to sign a framework guarantee for the legal entity.

Otherwise, each member will sign the Framework Contract.

9.7 Bidder conduct and conflicts of interest

You must not attempt to influence the contract award process. For example, you must not directly or indirectly at any time:

- collude with other others over the content and submission of bids. However, you may work in good faith with a proposed partner, supplier, consortium member or provider of finance.
- canvass any Minister, officer, public sector employee, member or agent our staff or advisors in relation to this competition.
- try to obtain information from any of our staff or advisors about another bidder or bid.

You must ensure that no conflicts of interest exist between you and us. If you do not tell us about a known conflict, we may exclude from the competition. We may also exclude you if a conflict cannot be dealt with in any other way.

9.8 Confidentiality and freedom of information

You must keep the contents of this ITT pack confidential unless it is already in the public domain, you must keep the fact you have received it confidential. This obligation does not apply to anything you have to do to:

- submit a bid
- comply with a legal obligation.

9.9 Publicity

You must not make statements to the media regarding any bid or its contents. You are not allowed to publicise the outcome of the competition unless we have given you written consent.

9.10 Our rights

We reserve the right to:

- waive or change the requirements of this ITT pack from time to time without notice
- verify information, seek clarification or require evidence or further information in respect of your bid. You **MUST** ensure you are regularly checking your messages to ensure you are able to respond to our clarifications
- withdraw this ITT pack at any time, or re-invite bids on the same or alternative basis
- choose not to award any Framework Contract(s) or Lot(s) as a result of the competition

- choose to award different Lots at different times
- make any changes to the timetable, structure or content of the competition
- carry out the evaluation stages (selection and award stages) of this procurement concurrently
- exclude you if:
 - you submit a non-compliant bid
 - your bid contains false or misleading information
 - you fail to respond to any clarifications from us
 - you fail to tell us of any change in the contracting arrangements between bid submission and contract award
 - the change in the contracting arrangements would result in a breach of procurement law
 - for any other reason set out elsewhere in this ITT pack
 - for any reason set out in the Regulations

9.11 Consequences of misrepresentation

If a serious misrepresentation by you induces us to enter into a Framework Contract with you, you may be:

- excluded from bidding for contracts for three years under regulation 57(8)(h)(i) of the Regulations
- sued by us for damages, and we may rescind the contract under the Misrepresentation Act 1967

If fraud, or fraudulent intent, can be proved, you may be prosecuted and convicted of the offence of fraud by false representation under s.2 of the Fraud Act 2006, which can carry a sentence of up to 10 years or a fine (or both).

If there is a conviction, then your organisation must be excluded from the procurement procedure for five years under regulation 57(1) of the Regulations (subject to self-cleaning).

9.12 Bid costs

We will not pay your bid costs for any reason, for example if we terminate or amend the competition.

9.13 Warnings and disclaimers

We will not be liable:

- where parts of the ITT pack are not accurate, adequate or complete
- for any written or verbal communications

You must carry out your own due diligence and rely on your own enquiries. This ITT pack is not a commitment by us to enter into a contract.

9.14 Intellectual Property Rights

The ITT pack remains our property. You must use the ITT pack only for this competition.

You allow us to copy, amend and reproduce your bid so we can:

- run the competition
- comply with law and guidance
- carry out our business

Our advisors, subcontractors and other government bodies can use your bid for the same purposes.

9.15 Government Security Classifications (GSC)

You allow us to amend any security related term or condition of the draft contract accompanying this ITT to reflect any changes introduced by the Government Security Classifications (GSC) classifications scheme.

9.16 Prompt Payment of supply chain invoices – Lot 1

We understand the importance of prompt, fair and effective payment in all businesses. Being paid promptly for work done ensures businesses have a healthy cash flow. For Lot 1, we have put in place contractual mechanisms to monitor the payment performance of the winning bidder and where appropriate take action if payment performance falls below stated expectations. For further information, please refer to Special Term 1 (Prompt Payment) within the Framework Award Form.

10. How the framework is structured

The Framework Contract is made up of four key components, which can be accessed via the CCS [upcoming deals page](#)

10.1 Core Terms

These are the main legal terms for the Framework Contract and for each call-off contract. The Core Terms contain our standard commercial terms and govern the supplier's relationship with us at Framework Contract level and with each Buyer at call-off contract level.

10.2 Schedules

Each contract has mandatory schedules and is customised using optional Schedules. The Schedules are used with the Core Terms and comprise:

- Framework Schedules
- Joint Schedules (for Framework Contract and Call-Off)
- Call-Off Schedules

The table below describes the purpose of each of these Schedules.

10.3 Framework Award Form

The Framework Award Form contains important details about the contents of the Framework Contract. It lists all of the mandatory and optional schedules that have been selected to create the framework and call-off contract.

This form is the basis of the contract between the supplier and CCS. If you are awarded a place on the framework, the framework award form will be prepared by us and personalised to you. We will use information you have submitted in your bid.

You must sign and return the Framework Award Form within 10 days of being asked. If you do not sign and return, we will withdraw our offer of a framework agreement.

10.4 Order form

When a Buyer wants to make purchases they will call-off from the framework by providing the relevant information laid out in Framework Schedule 6 (Part A - Order Form Template). You can read about how Buyers will do their call-offs in Framework Schedule 7 (Call-Off Award Procedure).

The order form lays out:

- the Supplier and Buyer contact details
- details of what will be supplied
- how it'll be supplied
- how much it'll cost

- a list of all the Call-Off and Joint Schedules, including any Special Terms

The Call-Off Contract will be created when both parties agree to it either by:

- each party signing a completed template order form
- a binding electronic purchase order which includes the relevant information as laid out in the Order Form.

Over the life of a framework there are typically many Call-Offs. Each Call-Off is normally between one Buyer and one Supplier but sometimes Buyers pool their demand and award jointly to one Supplier.

The Armed Forces Covenant

1. The Armed Forces Covenant is a public sector pledge from Government, businesses, charities and organisations to demonstrate their support for the armed forces community. The Covenant was brought in under the Armed Forces Act 2011 to recognise that the whole nation has a moral obligation to redress the disadvantages the armed forces community face in comparison to other citizens, and recognise sacrifices made.
2. The Covenant's 2 principles are that:
 - the armed forces community should not face disadvantages when compared to other citizens in the provision of public and commercial services
 - special consideration is appropriate in some cases, especially for those who have given most such as the injured and the bereaved.

We encourage all bidders, and their suppliers, to sign the Corporate Covenant, declaring their support for the Armed Forces community by displaying the values and behaviours set out therein. We encourage you to make your [Armed Forces Covenant pledge](#).

3. The Corporate Covenant gives guidance on the various ways you can demonstrate your support.
4.
