## **Mandatory Requirements**

Annex 1 provides details of any elements/criteria considered as critical to the requirement. These are criteria, which will be evaluated on a pass/fail basis. A fail may result in the response being excluded from further evaluation.

## **Financial / Price Criteria**

Evaluation of the prices submitted will be performed separately by a Commercial Finance Accountant and details will not be made available to the Quality Evaluation Panel. This is to ensure fairness and avoid any subconscious influence of a lower price on the quality scoring. The overall percentage weighting allocated for the Financial/Price Criteria is outlined in the table "Overall Weighting Allocation".

## **Financial / Price Criteria Scoring Methodology:**

A Percentage Scoring Methodology will be used to evaluate all proposals for this requirement. This methodology is based on the following principles:

The lowest quoted price will be awarded the maximum score available. Each subsequent responses will be baselined to this score and will be awarded a percentage of the maximum score available. The calculation used is as follows:

$$\frac{(\text{Lowest Quoted Price})}{\text{Price Quoted per Supplier}} \times \text{Maximum Score Available (i.e. Weighting)}$$

For example, if the Financial/Price weighting allocation is 40%, the maximum score available is 40. Supplier A submits the lowest price of £100,000 and Supplier B submits a price of £180,000. Based on the above calculation Supplier A and B will receive the scores shown below:

Supplier A =  $100\text{k}/100\text{k} \times 40 = 40\%$

Supplier B =  $100\text{k}/180\text{k} \times 40 = 22.22\%$

## **Overall Weighting Allocation**
