Schedule 4 - Statement of Requirements

1. Introduction to the Requirement

1.1 The Royal Navy Boxing Association (RNBA) is the fastest growing sport within the Naval Service (NS); inspiring loyalty and reinforcing Service ethos, whilst having the core aspiration and effect of making NS personnel fitter and well disciplined. Recent successes of the RNBA include a significant increase in attendance at Grassroots sessions, increased female participation and winning the Inter-Service Elite Championships after 34 years of Army domination.

1.2 JSP 660 is the overarching document that supports/guides Sport in United Kingdom Armed Forces (UKAF) and JSP 950 underpins the medical caveats that decreed support from the medical profession. In each case both documents establish the mechanism to support Boxing in the UKAF.

1.3 Recently, the UK Armed Forces Boxing Association (UKAFBA) have directed that a Doctor and a Paramedic (with an NHS-standard ambulance) must be present at all Service events. JSP 950, Medical Policy Volume 2, Chap 1, (Lft 2-1-1) v4.0 Apr 21 – Medical Management of Service Amateur Boxing reflects:

Planning Ringside Medical Cover

'30. Ringside medical cover (doctors, paramedics/ambulance support) should be primarily provided by Service resources whenever possible, but this may not always be available. If service medical ringside cover to a scheduled event cannot be found within one calendar month ahead of the event date, the medical lead must contact the relevant ss boxing association so arrangements can be made for buying in contracted ringside cover'

Historically the RNBA has delivered medical support in line with Amateur Boxing Association (ABA) Governance regulations, which require a doctor to be present at the ringside for the duration of the tournament. The RNBA is able to achieve this requirement by using a volunteer medical professionals at the serving establishment or utilising Royal Navy Reserves (RNR) resources.

1.4 To maintain an appropriate level of competition for NS boxers, coaches and officials a minimum of 13 events Nationwide are hosted, 6 of which are in the Western Counties region. The Boxing Season runs between October to the end of April. Most of the events will be held within this period, however there will be exceptions when events are held within the period May to September.

1.5 The RN do not always have the resources to provide RN Medical Professionals to support these events. To compound the issue, it should also be noted that the RN has **NO** paramedics. Whilst Royal Navy Medical Assistance (MAs), routinely provide care to Service Personnel, they do not hold a Paramedic Science qualification. As a result, the RN must outsource paramedic support in order to provide the required level of care at Service Boxing events. (Nb. This ruling does not have to be replicated at civilian events; UKAFBA stipulate a higher level of medical care than the ABA requirement).

1.6 Financial Approval has been sought and approved to buy in the Ring Side Medical Professionals as required to support RN boxing events as per the below table:

Table 1 – Financial Forecast for RN Boxing Ring Side Medical provision

FY 22--23	FY 23-24	FY 24-25	FY 25-26
£12,240.00	£12,480.00	£12,732.00	£12,990.00

The contract value will be a limit of liability under which the Authority shall be entitled to purchase any goods and/or services listed at the firm prices set, dependent on Authority requirements.

1.7 An initial Call of Framework contract is required from Contract Commencement to 31 March 2026.

Requirement

2.1 The requirement is for:

A Paramedic crew with an ambulance (at NHS clinical governance standards).

2.2 The Paramedic must be registered with the Health and Care Professionals Council (HCPC).

2.3 The Paramedic company must be Care Quality Commission (CQC) registered and able to provide evidence of clinical governance compliance.

2.4 The following equipment **must** be provided by the Paramedic at all events:

- a. Pre-positioned double crewed ringside ambulance. The ambulance must conform to BS EN 1789:2007 + A2:2014 (This specification is for a standard emergency double-crewed ambulance (DCA)), as a type B emergency ambulance: a "road ambulance designed and equipped for the transport, basic treatment and monitoring of patients".
- b. Airway management equipment, including different types of airway devices, suction, oxygen etc.
- c. A scoop (or a spinal board if no scoop available) to immobilise and move an unconscious boxer under the ropes and out of the ring.
- d. Equipment to manage any lacerations that can be managed at the event to obviate a trip to A+E for the injured boxer and their coach.

2.5 The paramedic will be required to travel and attend all events held in the Western Counties area (Cornwall, Devon, Somerset), **(No travel or expenses costs will be met by the Authority).**

2.6 It is imperative that the Ring side Physician and Paramedic with ambulance attend all events as required. Failure to attend means that the event cannot take place and the money will be recuperated by the Authority from the contract provider to cover losses.

2.7 The fixture list will be provided to the provider annually giving a minimum of 4 months' notice of events to ensure availability. Final confirmation (Including times) will be provided by the Authority one **month** prior to the event. The fixture list will also detail the appropriate work attire for the venue to reflect profession. This requirement is for a maximum of 6 events per year.

2.8 Paramedics will be expected to attend a briefing prior to the event, this will be conducted by the organising Establishment, Ship or Unit and the event supervisor. Most tournaments are held between 19:00 hours to 23:00 hours. The Paramedics will need to be in attendance at the venue one hour before the tournament starts for the briefing.

2.9 Administration Instructions, Dynamic Risk Assessments, Security Clearances, Health and Safety will be completed by the organising Establishment, Ship or Unit and distributed prior to the event.

3.0 The paramedics must provide a verbal brief at the end of each event. This will be followed up formally in writing within 48 Hours if requested by the Authority. The paramedics must not leave the competition venue until the last boxer has left.

3.1 The contract provider must attend an annual contract review meeting at the end of each boxing season. The date and venue will be provided 4 weeks prior to the meeting. The meeting may be conducted via Teams or Skype.

3.2 Paramedics are to provide evidence of experience if requested.

3.3 The provider shall not introduce any additional changes without dialogue with the RNBA and the express approval of the Authority.

3.4 The provider shall not introduce any changes that will require additional resources to be provided by the RN without the express approval of the Authority.

3.5 Poor performance/reliability or failure to adhere to the requirements of the SOR may result in review of contract/termination of the contract.
