SCHEDULE 8
FINANCIAL MODEL

SCHEDULE 9

CHANGE CONTROL PROCEDURE

1. GENERAL PRINCIPLES OF CHANGE CONTROL PROCEDURE

- 1.1 This Schedule sets out the procedure for dealing with changes to this Contract.
- 1.2 The Parties shall deal with Contract Change as follows:
 - 1.2.1 either Party may request a Contract Change which they shall initiate by issuing a Change Request in accordance with Paragraph 3;
 - 1.2.2 unless this Contract otherwise requires, the Supplier shall assess and document the potential impact of a proposed Contract Change in accordance with Paragraph 4 before the Contract Change can be either approved or implemented;
 - 1.2.3 the Authority shall have the right to request amendments to a Change Request, approve it or reject it in the manner set out in Paragraph 5;
 - 1.2.4 the Supplier shall have the right to reject a Change Request solely in the manner and circumstances set out in Paragraph 6;
 - 1.2.5 save as otherwise provided in this Contract, no proposed Contract Change shall be implemented by the Supplier until a Change Authorisation Note has been signed and issued by the Authority in accordance with Paragraph 5.2 and the Contract Change has been approved by the Change Control Procedure Group (which will review the Change Request, Change Authorisation Note and Impact Assessment for each proposed Contract Change); and
 - 1.2.6 if a proposed Contract Change is a Fast-track Change, it shall be processed in accordance with Paragraph 7.
- 1.3 To the extent that any Contract Change requires testing and/or a programme for implementation, then the Parties shall specify the testing and/or programme for implementation required as part of the Change Authorisation Note, and, where appropriate, the Change Authorisation Note relating to such a Contract Change shall specify the milestones and milestone date(s) in respect of such Contract Change for the purposes of such procedures.
- 1.4 Until a Change Authorisation Note has been signed and issued by the Authority in accordance with Paragraph 5.2, then:
 - 1.4.1 unless the Authority expressly agrees (or requires) otherwise in writing, the Supplier shall continue to supply the Services in accordance with the existing terms of this Contract as if the proposed Contract Change did not apply; and
 - 1.4.2 any discussions, negotiations or other communications which may take place between the Authority and the Supplier in connection with any proposed Contract Change, shall be without prejudice to each Party's other rights under this Contract.

2. COSTS

- 2.1 Subject to Paragraph 2.2
 - 2.1.1 the costs of preparing each Change Request shall be borne by the Party making the Change Request; and
 - 2.1.2 the costs incurred by the Supplier in undertaking an Impact Assessment shall be borne by the Supplier.

- 2.2 Both Parties' costs incurred in respect of any use of this Change Control Procedure as a result of any error or Default by the Supplier shall be paid for by the Supplier.

3. CHANGE REQUEST

- 3.1 Either Party may issue a Change Request to the other Party at any time during the Contract Period. A Change Request shall be substantially in the form of Annex 1 of this Schedule 9 and state whether the Party issuing the Change Request considers the proposed Contract Change to be a Fast-track Change.
- 3.2 The Supplier shall prepare and provide to the Authority an Impact Assessment to the Authority as soon as is reasonably practicable but in any event within ten (10) Working Days of the date of issue of the Change Request.

4. IMPACT ASSESSMENT

- 4.1 Each Impact Assessment shall be completed accurately and comprehensively on the form of Annex 3 and shall include:
- 4.1.1 details of the proposed Contract Change including the reason for the Contract Change;
 - 4.1.2 details of the impact of the proposed Contract Change on the Services and the Supplier's ability to meet its other obligations under this Contract;
 - 4.1.3 variation to the terms of this Contract that will be required as a result of that impact;
 - 4.1.4 details of the cost of implementing the proposed Contract Change;

 - 4.1.6 a timetable for the implementation, together with any proposals for the testing of the Contract Change;
 - 4.1.7 details of how the proposed Contract Change will ensure compliance with any applicable Law; and
 - 4.1.8 such other information as the Authority may reasonably request in (or in response to) the Change Request.
- 4.2 If the Contract Change involves the processing or transfer of any Personal Data outside the United Kingdom, the preparation of the Impact Assessment shall also be subject to Clause 32.
- 4.3 Subject to the provisions of Paragraph 4.4, the Authority shall review the Impact Assessment and respond to the Supplier in accordance with Paragraph 5 within fifteen (15) Working Days of receiving the Impact Assessment.
- 4.4 If upon receipt of the Impact Assessment, the Authority reasonably considers that it requires further information regarding the proposed Contract Change so that it may properly evaluate the Change Request and the Impact Assessment, it shall notify the Supplier of this fact and detail the further information that it requires. The Supplier shall then re-issue the relevant Impact Assessment to the Authority within ten (10) Working Days of receiving such notification. At the Authority's discretion, the Parties may repeat the process described in this Paragraph 4.4 until the Authority is satisfied that it has sufficient information to properly evaluate the Change Request and Impact Assessment.
- 4.5 Subject to Paragraph 5 and Clause 25.1, the Supplier shall only be entitled to increase the Contract Price if it can demonstrate in the Impact Assessment to the Authority's satisfaction that

any additional costs have been actually, necessarily and reasonably incurred, it has taken all reasonably necessary steps to mitigate such additional costs, the proposed Contract Change requires additional resource and, in such event any change to the Contract Price resulting from a Contract Change (whether the change will cause an increase or decrease in the Authority's payment for the Services) will be strictly proportionate to the increase or decrease in the level of resources required for the provision of the Services. The calculation of costs for the purpose of Paragraphs 4.1.4 and 4.1.5 shall:

- 4.5.1 be based on the Open Book Accounts;
- 4.5.2 include estimated volumes of each type of resource to be employed;

5. CONTRACT CHANGE PROCEDURE GROUP' S RIGHT OF APPROVAL

- 5.1 Within fifteen (15) Working Days of receiving the Impact Assessment from the Supplier or within ten (10) Working Days of receiving the further information that it may request pursuant to Paragraph 4.4, the Authority shall provide to the Contract Change Procedure Group the Change Request and the Impact Assessment to evaluate and review. Following the Contract Change Procedure Group's review, the Authority shall do one of the following:
 - 5.1.1 approve the proposed Contract Change, in which case the Parties shall follow the procedure set out in Paragraph 5.2;
 - 5.1.2 in its absolute discretion reject the Contract Change, in which case it shall notify the Supplier of the rejection. If the Authority does reject a Contract Change, then it shall explain its reasons in writing to the Supplier as soon as is reasonably practicable following such rejection; or
 - 5.1.3 in the event that it reasonably believes that a Change Request or Impact Assessment contains errors or omissions, require the Supplier to modify the relevant document accordingly, in which event the Supplier shall make such modifications within five (5) Working Days of such request. Subject to Paragraph 4.4, on receiving the modified Change Request and/or Impact Assessment, the Authority shall approve or reject the proposed Contract Change within ten (10) Working Days.
- 5.2 If the Authority approves the proposed Contract Change pursuant to Paragraph 5.1 and it has not been rejected by the Supplier in accordance with Paragraph 6, then the Authority shall inform the Supplier and the Supplier shall prepare two (2) copies of a Change Authorisation Note which it shall sign and deliver to the Authority for its signature within ten (10) working days. Following receipt by the Authority of the Change Authorisation Note, it shall sign both copies and return one (1) copy to the Supplier. On the Authority's signature the Change Authorisation Note shall constitute (or, where the Authority has agreed to or required the implementation of a Contract Change prior to signature of a Change Authorisation Note, shall constitute confirmation of) a binding variation to this Contract.
- 5.3 If the Authority does not sign the Change Authorisation Note within ten (10) Working Days, then the Supplier shall have the right to notify the Authority and if the Authority does not sign the Change Authorisation Note within five (5) Working Days of such notification, then the Supplier may refer the matter to the Dispute Resolution Procedure.

6. SUPPLIER' S RIGHT OF APPROVAL

- 6.1 Following an Impact Assessment, if:
 - 6.1.1 the Supplier reasonably believes that any proposed Contract Change which is requested by the Authority would:

- a. materially and adversely affect the risks to the health and safety of any person; and/or
 - b. require the Services to be performed in a way that infringes any Law; and/or
- 6.1.2 the Supplier demonstrates to the Authority's reasonable satisfaction that the proposed Contract Change is technically impossible to implement and neither the Supplier Solution nor the Services Specification state that the Supplier does have the technical capacity and flexibility required to implement the proposed Contract Change;

then the Supplier shall be entitled to reject the proposed Contract Change and shall notify the Authority of its reasons for doing so within five (5) Working Days after the date on which it is obliged to deliver the Impact Assessment pursuant to Paragraph 3.2.

7. FAST-TRACK CHANGES

- 7.1 The Parties acknowledge that to ensure operational efficiency there may be circumstances where it is desirable to expedite the processes set out above.

If:

- 7.1.1 the total number of Contract Changes in relation to which this Fast-track Change procedure has been applied does not exceed 4 in any twelve (12) Month period; and
- 7.1.2 both Parties agree the value of the proposed Contract Change over the remaining Contract Period does not exceed £10,000 and the proposed Contract Change is not significant (as determined by the Authority acting reasonably),

then the Parties shall confirm to each other in writing that they shall use the process set out in Paragraphs 3, 4, 5 and 6 but with reduced timescales, such that any period of fifteen (15) Working Days is reduced to five (5) Working Days, any period of ten (10) Working Days is reduced to two (2) Working Days and any period of five (5) Working Days is reduced to one (1) Working Day.

- 7.2 The Parties may agree in writing to revise the parameters set out in Paragraph 7.1 from time to time or that the Fast-track Change procedure shall be used in relation to a particular Contract Change notwithstanding that the total number of Contract Changes to which such procedure is applied will then exceed 4 in a twelve (12) Month period.

1. OBLIGATION TO MAINTAIN INSURANCES

1. Without prejudice to its obligations to the Authority under this Contract, including its indemnity obligations, for the periods specified in this Schedule 10 the Supplier shall take out and maintain, or procure the taking out and maintenance of the insurances as set out in Annex 1 to this Schedule 10 and any other insurances as may be required by applicable Law (together the **Insurances**). The Supplier shall ensure that each of the Insurances is effective no later than the date on which the relevant risk commences.
2. The Insurances shall be maintained in accordance with Good Industry Practice and (so far as is reasonably practicable) on terms no less favourable than those generally available to a prudent supplier in respect of risks insured in the international insurance market from time to time.
3. The Insurances shall be taken out and maintained with insurers who are:
 1. of good financial standing;
 2. appropriately regulated; and
 3. of good repute in the international insurance market.
4. The Supplier shall ensure that the public and products liability and employer's liability insurance policies shall each contain an indemnity to principals clause under which the Authority shall be indemnified in respect of claims made against the Authority in respect of death or bodily injury or third party property damage arising out of or in connection with the Services and for which the Supplier is legally liable.

2. GENERAL OBLIGATIONS

1. Without limiting the other provisions of this Contract, the Supplier shall:
 1. take or procure the taking of all reasonable risk management and risk control measures in relation to the Services as it would be reasonable to expect of a prudent supplier acting in accordance with Good Industry Practice, including the investigation and reports of relevant claims to insurers;
 2. promptly notify the insurers in writing of any relevant material fact under any Insurances of which the Supplier is or becomes aware; and
 3. hold all policies in respect of the Insurances and cause any insurance broker effecting the Insurances to hold any insurance slips and other evidence of placing cover representing any of the Insurances to which it is a party.

3. FAILURE TO INSURE

1. The Supplier shall not take any action or fail to take any action or (insofar as is reasonably within its power) permit anything to occur in relation to it which would entitle any insurer to refuse to pay any claim under any of the Insurances.
2. Where the Supplier has failed to purchase any of the Insurances or maintain any of the Insurances in full force and effect, the Authority may elect (but shall not be obliged) following written notice to the Supplier to purchase the relevant Insurances, and the Authority shall be entitled to recover on demand the premium and other reasonable costs incurred in connection therewith as a debt due from the Supplier.

4. EVIDENCE OF INSURANCES

1. The Supplier shall on or before the Commencement Date and within fifteen (15) Working Days after the renewal or replacement of each of the Insurances, provide evidence, in a form satisfactory to the Authority, that the Insurances are in force and effect and meet in full the requirements of this Schedule. Receipt of such evidence by the Authority shall not in itself constitute acceptance by the Authority or relieve the Supplier of any of its liabilities and obligations under this Contract.

5. CANCELLATION

1. The Supplier shall notify the Authority in writing at least five (5) Working Days prior to the cancellation, suspension, termination or non-renewal of any of the Insurances.
2. Without prejudice to the Supplier's obligations under Paragraph 3, Paragraph 5.1 shall not apply where the termination of any Insurance occurs purely as a result of a change of insurer in respect of any of the Insurances required to be taken out and maintained in accordance with this Schedule.

6. INSURANCE CLAIMS

1. The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Services and/or this Contract for which it may be entitled to claim under any of the Insurances. In the event that the Authority receives a claim relating to or arising out of the Services and/or this Contract, the Supplier shall co-operate with the Authority and assist it in dealing with such claims at its own expense including without limitation providing information and documentation in a timely manner.
2. Except where the Authority is the claimant party, the Supplier shall give the Authority notice within twenty (20) Working Days after any insurance claim relating to or arising out of the provision of the Services or this Contract on any of the Insurances or which, but for the application of the applicable policy excess, would be made on any of the Insurances and (if required by the Authority) full details of the incident giving rise to the claim.
3. Where any Insurance requires payment of a premium, the Supplier shall be liable for and shall promptly pay such premium.
4. Where any Insurance is subject to an excess or deductible below which the indemnity from insurers is excluded, the Supplier shall be liable for such excess or deductible. The Supplier shall not be entitled to recover from the Authority any sum paid by way of excess or deductible under the Insurances whether under the terms of this Contract or otherwise.

SCHEDULE 16

MARKET STEWARDSHIP PRINCIPLES

INTRODUCTION

The Market Stewardship Principles cover five key principles that must underpin the Supplier's provision of the Services it provides under this Contract and its engagement with all entities to which it Sub-contracts the provision of those Services.

Each of the principles is set out in this Schedule 16 together with guidance as to how the Supplier should respond to its obligations against each of the principles.

1. ADHERENCE TO APPROPRIATE MANAGEMENT OF RISK IN THE SUPPLY CHAIN

All contractual and other risk should be appropriately managed. This should extend to not passing risk down supply chains disproportionately, the management of volume fluctuations and other events and the management of intellectual property rights.

- 1.1 **Meaningful work allocation.** The Supplier should be able to evidence its approach in allocating work to supply chain partners in a manner which meets its obligations under this Contract. Where a supplier is specified in this Contract as a supply chain partner, the Supplier shall refer appropriate work (including volumes, where appropriate) to that supplier.

The Supplier shall record details of all issues arising out of complaints from suppliers that they have not received anticipated work (including volumes, where appropriate) and shall refer these complaints to the Authority.

- 1.2 **Systems for allocation of work to the supplier.** The Supplier should have systems for allocation of specific work to the supplier where the delivery of the services is best served by calling on the particular expertise of the supplier. The allocations should ensure that the services are provided from a supply chain organisation that has the correct level of expertise.

- 1.3 **Volume Fluctuations.** The Supplier must demonstrate to the Authority's satisfaction how it manages any volume fluctuations and the reallocation of work to the supply chain, where appropriate. The potential impact of both increases and particularly reductions in work allocation and associated drop in income, and actions to mitigate these risks, must be set out in the Sub-contract.

- 1.4 **Spot purchase arrangements.** Spot purchase arrangements may be entirely appropriate but can be detrimental to supply chain partners as opposed to more standard contracts that guarantee an income. Suppliers generally, but also in seeking funding or additional business, may be disadvantaged in only being able to reference spot purchase contracts. The Supplier should therefore ensure that wherever 'spot purchase' arrangements are utilised, options to transition to more stable contractual referral systems are reviewed at regular periods.

- 1.5 **Payment terms.** The Supplier should detail a full exploration of payment terms and the impact of these on the supply chain including the requirement for any clawback/repayment if targets (such as performance targets) are not met. The implications of this should be worked through for each year of the Sub-contract.

- 1.6 **Minimum contract term.** Consideration should be given to the needs of the supplier in relation to the contract term. The contract length, if inadequate, may damage the ability of the supplier in seeking new business or additional funding from elsewhere. Supporting statements around expected minimum term of contracts may be helpful to avoid this. A minimum two (2) year term should be appropriate for most supply chain partnerships.

- 1.7 **Intellectual Property Rights (IPR).** The Supplier should set out in the Sub-contract an approach for the handling of intellectual property rights to be established as part of the supply chain selection process.

2. ALIGNMENT OF ETHOS IN THE SUPPLY CHAIN

The Authority envisages that a sustainable relationship is fostered throughout the Contract Period, which meets the expectations of both parties according to the position established at contract inception. In entering into a contractual agreement, there should be an understanding of what is important to both Parties and this should go on to form part of the contractual agreement which will be reviewed throughout the contract term to ensure that expectations are being met. The Authority's market engagement has reinforced that this is an important expectation for many organisations and key to building trust, especially in the early stages of such business relationships.

- 2.1 **Audit trail.** The Supplier must maintain an audit trail of engagement with suppliers that demonstrates compliance with the principles established at the outset of their working relationship and shall include any additional support the Supplier offers.
- 2.2 **Support declared in the bid to supply chain organisations.** The Supplier must publish a statement with regard to the support that is being offered by the Supplier to suppliers. Each support element must be itemised.
- 2.3 **Meetings.** The Supplier must record details of the conduct of all meetings with members of its supply chain and review these records to ensure that they are timely and appropriate and reinforce good relationship management.

3. VISIBILITY ACROSS THE SUPPLY CHAIN:

The Authority expects that all Parties have visibility of participation within the supply chain. This should include payment terms against contractual targets, the volume of business handled by supply chain partners (where appropriate), fair apportionment of work, and how the supply chain adjusts to changing volumes.

- 3.1 **Supply chain sourcing, selection and refresh process.** The Supplier must ensure that the sourcing, selection and refresh process for supply chain partners is transparent. This information must be made freely available to both the Authority and each potential supplier on request.

4. REWARD AND RECOGNITION OF GOOD PERFORMANCE

- 4.1 The Authority considers it important that organisations in the supply chain receive appropriate reward for good performance. Recognition of good performance should be shared across the chain and this should include the sharing of good practice where possible and permitted by law. As industry forums are instigated, methods for sharing data will be developed.

5. APPLICATION OF THE PRINCIPLES OF THE COMPACT IN WORK WITH CIVIL SOCIETY ORGANISATIONS

- 5.1 **Evidence of compliance and other issues.** The Authority has an expectation that the Supplier and its supply chain follow the principles of the Compact when engaging with Civil Society Organisations (as that term is defined in the Compact).
