Campaign Solutions 2

Introduction to Terms and Conditions

The Terms and Condition of the Campaign Solutions 2 framework agreement are provided in two legally binding contracts:

- Framework Contract - this will be the overarching contract between CCS and the individual agencies successfully awarded a place on the Campaign Solutions 2 Framework Agreement.
- Call-Off Contract - this provides the terms and conditions of the contract for clients appointing an agency through the framework agreement.

Core Terms

These are the main legal terms which apply to both the Framework Contract and the Call-Off contract. The Core Terms govern the agency's relationship with CCS at framework level and with each client at call-off level.

The Core Terms are supplemented with a number of Schedules, comprising:

- Framework schedules
- Joint schedules (for framework and call-off)
- Call-off schedules

The Framework Contract

This comprises:

- The Specification which sets out the range of campaign services to be provided through the Framework Agreement (Framework Schedule 1)
- The process clients must follow to appoint an agency (Framework Schedule 7 - Call-Off Award Procedure)
- The tender and rates submitted by the Agency in this tender process
- The Core Terms and Joint Schedules of the contract which apply to both the Framework and the Call-Off Contract as above
- Specific Framework Schedules relating to the framework contract between CCS and the Agency

The Call-Off Contract

Please note the Call-Off Contract should be read in conjunction with the Framework Contract. It is governed by the Core Terms as above and comprises:

- Joint Schedules as in the Framework Contract
- The Letter of Appointment template which is used to form the contract between the Client and the Agency and incorporates Joint and Call-Off Schedules plus any special terms (Framework Schedule 6)
- Specific Call-Off Schedules relating to the contract between the Client and the Agency

The contracts follow the Public Sector Contract which presents the terms and schedules in a modular format. We have brought elements together into single documents but have retained the numbering of the individual terms and schedules for wider consistency. This means the clause numbering is not consecutive.

Letter of Appointment

The Agency is one of a number of agencies appointed by the Crown Commercial Service (CCS) to the Framework Agreement and is therefore able to enter into this Call-Off Contract.

This Letter of Appointment is issued in accordance with the provisions of the Framework Contract RM6125 between CCS and the Agency.

Capitalised terms and expressions used in this letter have the same meanings as in the Call-Off Incorporated Terms unless the context otherwise requires.

- 2.2. Where the Supplier will provide products or Services or otherwise handle information at OFFICIAL for the Buyer, the requirements of [Cabinet Office Procurement Policy Note – Use of Cyber Essentials Scheme certification - Action Note 09/14](#) dated 25 May 2016, or any subsequent updated document, are mandated, namely that “contractors supplying products or services to HMG shall have achieved, and will be expected to retain Cyber Essentials certification at the appropriate level for the duration of the contract”. The Supplier shall follow the UK Government Security Classification Policy (GSCP) in respect of any Buyer’s Data being handled in the course of providing the Services and will handle all data in accordance with its security classification. (In the event where the Supplier has an existing Protective Marking Scheme then the Supplier may continue to use this but must map the HMG security classifications against it to ensure the correct controls are applied to the Buyer’s Data).
- 2.5. Buyer’s Data being handled in the course of providing an ICT solution or service must be separated from all other data on the Supplier’s or sub-contractor’s own IT equipment to protect the Buyer’s Data and enable the data to be identified and securely deleted when required in line with paragraph 2.14.

This policy should include appropriate segregation of duties and if applicable role based access controls (RBAC). User credentials that give access to Buyer’s Data or systems shall be considered to be sensitive data and must be protected accordingly.
- 2.8. The Supplier shall have in place and shall maintain procedural, personnel, physical and technical safeguards to protect Buyer’s Data, including but not limited to:
