1.3. The System is provided by Emptoris Inc. and operated by the Buyer. This User Agreement applies to the Supplier's and its Supplier Users' access to and use of the System. The Supplier acknowledges that by a Supplier User accessing the System using the user ID and password provided by, or on behalf of the Buyer, the Supplier agrees to be bound by this User Agreement.

1.4. The Supplier shall only use the System to respond to an invitation to participate in a procurement exercise in accordance with this User Agreement and any further rules expressed and presented in the System. In the event that there is any conflict between this User Agreement and any such further rules, then the provisions of such further rules shall take precedence over this User Agreement.

**2. Access**

2.1. The Buyer grants to the Supplier, free of charge, access to the System by Supplier Users for the purpose of responding to any invitation to participate in a procurement exercise, subject to this User Agreement.

2.2. The Buyer may immediately deny access to the System by the Supplier and/or one or more Supplier Users by giving notice in writing to the Supplier if any of the following events occur:

2.2.1. The Supplier commits a material breach of any of its obligations under this User Agreement; and

2.2.2. The Supplier fails to remedy, or persists in, any breach of any of its obligations under this User Agreement after having been notified in writing to remedy or desist such breach within a period of ten (10) Working Days.

2.3. Without prejudice to any of the Buyer's other rights, the Buyer reserves the right to suspend access to the System without notice for technical or legal reasons.

**3. Registration**

3.1. To be granted access to the System, the Supplier must register each person which the Supplier wishes to be a Supplier User by providing the required registration data and specifying a user ID and password.

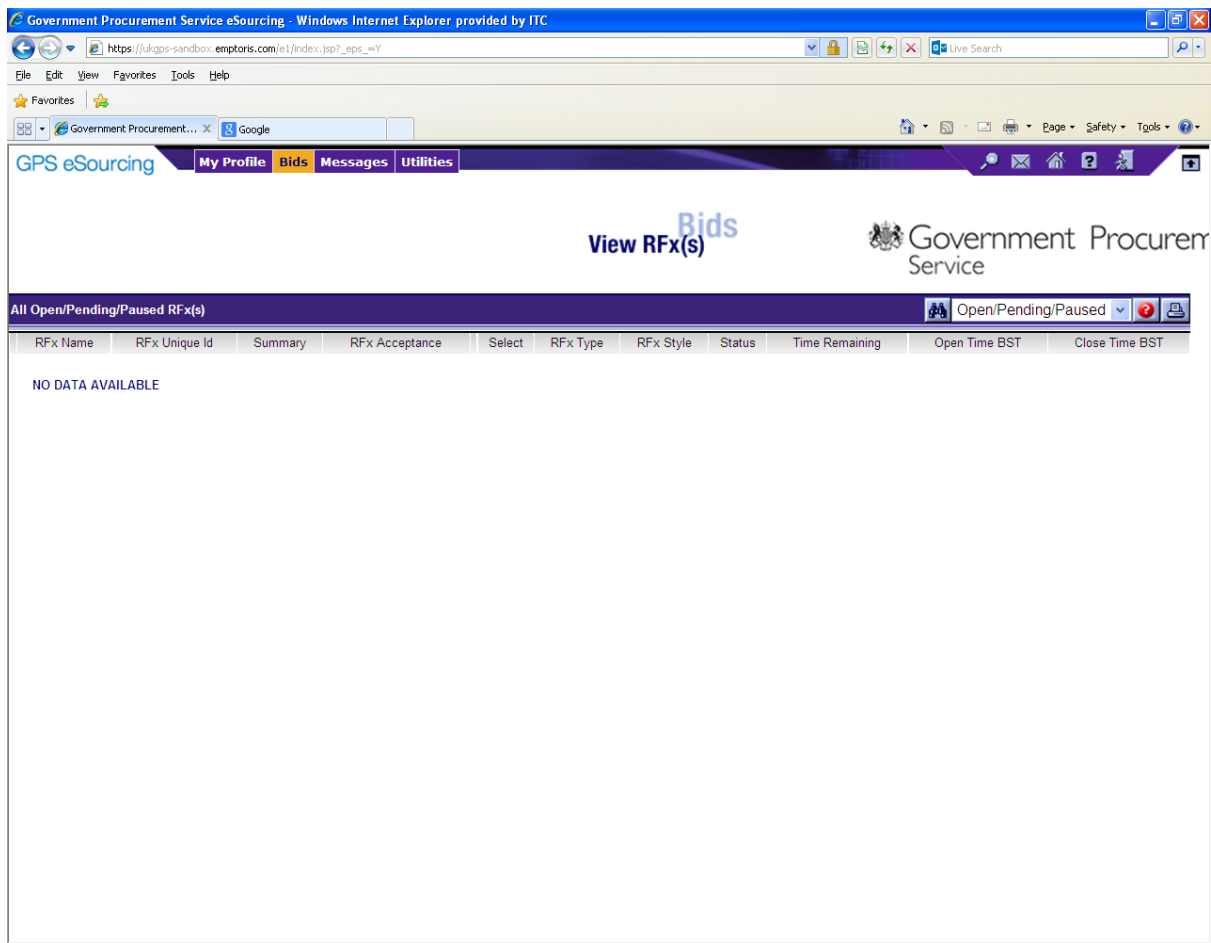

3.2. User ID and password are strictly personal to the Supplier User and non-transferable. The Supplier shall ensure that its Supplier Users do not divulge or disclose their user ID or password to third parties. In the event that the Supplier or a Supplier User becomes aware that a user ID and / or password may have been divulged, disclosed or discovered by any third party, they shall immediately notify the Buyer.
