See the [full opportunity details on the Innovation Funding Service](#).

UK registered businesses and local authorities can apply for a share of up to £2 million to plan for a place based demonstration of ways to accelerate progress towards net zero.

## Eligibility summary

This competition is open to collaborations only.

To lead a project your organisation must be a UK registered:

- local authority
- business

You must have at least 2 grant claiming partners in your collaboration, with a minimum of 1 local authority and 1 UK registered business.
