

Points of Clarification

Question

In respect to Wall Mounted decorations, could you please advise of quantities and a location map if possible – we note you mention they are visible but just wanted to make sure of numbers.

Response

The wall mounted motifs are to be in the High Street which runs parallel to Lumley Rd. Suppliers should confirm the suitability of locations prior to submitting quotations.

Previously there has been a “feature” cross street banner at each end of the High Street adjacent to Kirk’s Butchers/shop opposite Briar Way and KFC/Alisons

Additionally, there were 4 pairs of wall motifs adjacent to the wall mounted street lamps from which the supply is connected. Suppliers should consider what can be provided. These were located at:-

- Oliver Twists/Snips
- Worship Church/His Place
- Simpsons/Mobile King
- JT Homestyle/Flippers
