If the Authority does not approve a Quality Plan, the Authority shall inform the Supplier of its reasons for not approving it. The Supplier shall then within ten (10) Working Days revise the Quality Plan taking those reasons into account and shall re submit the revised plan to the Authority for the Authority's approval. The Authority shall not unreasonably withhold or delay its approval of the Quality Plan.

6.3 The Supplier acknowledges and accepts that the Authority's approval shall not act as an endorsement of the Quality Plans and shall not relieve the Supplier of its responsibility for ensuring that the Services are provided to the standard required by this Agreement.

6.4 Following the approval by the Authority of the Quality Plans:

(a) the Supplier shall design and deliver all Deliverables in accordance with the Quality Plans; and

(b) any Changes to the Quality Plans shall be agreed in accordance with the Change Control Procedure.

6.9 The Parties shall comply with the provisions of Schedule 6.2 (Testing Procedures) in relation to the procedures to determine whether a Milestone or Test has been Achieved.

6.10 No Milestone Payment shall be made by the Authority until after the Milestone Achievement Certificate has been issued.

Projects

6.11 If requested by the Authority, the Supplier shall provide any Project as agreed with the Authority in accordance with Schedule 6.3 (*Projects and Ordering*).

6A DEVELOPMENT AND IMPLEMENTATION

Overall Approach

6A.1 The parties agree that the development, implementation and transition of the Deliverables and Services (the **"DI&T Services"**) will be conducted in accordance with the provisions of this clause.

6A.2 The DI&T Services will be split into a series of projects, which as at the Effective Date are set out in Schedule 2.1 (*Services Description*).

6A.3 The Supplier shall manage projects, as directed by the Authority:

(a) in accordance with a Waterfall project management methodology; and

(b) in accordance with a recognised Agile project management methodology (such as DSDM Atern) approved by the Authority in writing in advance.

Waterfall Projects

6A.4 For each project to be managed pursuant to clause 6A.3(a), the Parties will agree the specific authority requirements, the DI&T Plan (to be developed pursuant to clauses 6A.5 to 6A.8), the specific Services to be performed, including any Specially Written Software and the Project Specific IPRs (which are in the nature of software) and/or other Deliverables to be delivered for such project, and set this out in a Project Form. The Supplier will thereafter deliver the project in accordance with the terms of the Project Form and the parties will carry out acceptance tests and otherwise comply with the provisions of Schedule 6.2 (*Test and Assurance*).

6A.5 Within 10 Working Days of the date of direction by the Authority pursuant to clause 6A.3(a), the Supplier shall propose to the Authority a plan that describes in detail how it will effect the relevant services (the **"Draft DI&T Plan"**).

6A.6 The Draft DI&T Plan shall be considered a Deliverable and will be subject to testing and acceptance in accordance with Schedule 6.2 (*Testing Procedures*).

6A.7 Once the Draft DI&T Plan has been accepted by the Authority it shall constitute the DI&T Plan.

6A.8 Unless specifically agreed in writing by the Authority, the DI&T Plan shall not alter any Milestone Date or impose any obligations on the Authority or give rise to any further dependencies or assumptions in excess of those set out in the Agreement, and any attempt to do so shall be void and deemed not incorporated into the DI&T Plan.

6A.9 If, at any time, the Supplier becomes aware that it will not (or is unlikely to) achieve acceptance of any Milestone by the Milestone Date it shall as soon as reasonably practicable notify the Authority.

6A.10 The Supplier shall, as soon as reasonably practicable and in any event not later than 10 Working Days after the issue of such notice under clause 6A.9, give the Authority full details in writing of:

(a) the reasons for the delay;

(b) the consequences of the delay; and

(c) if the Supplier claims that the delay is due to Authority Cause or Ecosystem Failure, the reason for making that claim.

6A.11 Whether the delay is due to Authority Cause or Ecosystem Failure or not, the Supplier shall use its best endeavours to eliminate or mitigate the consequences of the delay.

6A.12 Any Disputes about or arising out of delays shall be resolved through the Dispute Resolution Procedure. Pending the resolution of the Dispute both parties shall continue to work to resolve the causes of, and mitigate the effects of, the delay.

6A.13 The Supplier shall submit a draft correction plan where:

(a) it becomes aware that it will not achieve acceptance of a Milestone by the Milestone Date and/or Deliverable by the date set out in the DI&T Plan; or

(b) it has failed to achieve acceptance of a Milestone by the Milestone Date and/or Deliverable by the date set out in the DI&T Plan, unless such failure is a direct result of Authority Cause or Ecosystem Failure, in which case the Supplier shall comply with clause 32.

6A.14 The draft correction plan shall identify the issues arising out of the delay and the steps that the Supplier proposes to take to minimise the impact of such issues, and promptly achieve acceptance of the Milestone or Deliverable in accordance with this Agreement.

6A.15 The draft correction plan shall be submitted to the Authority for its approval as soon as possible and in any event not later than 10 Working Days (or such other period as the Authority may permit and notify to the Supplier in writing) after the service of notice under clause 6A.9.

6A.16 The Authority shall not withhold its approval of a draft correction plan unreasonably. If the Authority does not approve the draft correction plan it shall inform the Supplier of its reasons promptly following its decision to withhold approval and the Supplier shall take those reasons into account in the preparation of a further draft correction plan, which shall be resubmitted to the Authority within five Working Days of the rejection of the first draft.

6A.17 The Supplier shall comply with its correction plan following its approval by the Authority.

Agile Development

6A.18 For each project to be managed pursuant to clause 6A.3(b), the Supplier will document and agree with the Authority:

(a) the team to perform the services (**"Project Team"**). The size and/or composition of the Project Team may be subject to amendment from time to time by written agreement of the parties; and

(b) the overarching aims and objectives of the project (**"Project Vision"**) having regard always to the Authority's Requirements.

6A.19 For each project to be managed pursuant to clause 6A.3(b) which involves the development of Deliverables (**"Agile Development Project"**), the Supplier shall deliver such projects and carry out related DI&T Services in accordance with this clauses 6A.18 to 6A.40 (inclusive).

Agile Development Projects - Sprints

6A.20 Each Agile Development project will be divided into an agreed number of Sprints.

Release Planning: High-level User Stories and Sub-Stories

6A.21 The Parties will use the Authority's requirements and the Project Vision (and/or other specifications as applicable) to:

(a) identify and agree User Stories defining the scope of the relevant Deliverable;

(b) identify any Authority dependencies relevant to a particular User Story and the point within such User Story when that dependency is required.

6A.22 The parties will agree and document acceptance tests and acceptance criteria relating to the relevant Deliverables and shall comply with Schedule 6.2 (*Testing Procedures*).

The parties will, at the start of each Sprint, agree acceptance tests for each User Story based on the acceptance criteria and any additional criteria applicable to a Release.

6A.23 The Supplier shall be responsible for preparing and drafting and updating User Stories, dependencies and acceptance criteria for approval by the Authority.

Release Planning: Initial Story Mapping

6A.24 For each Agile Development Project the Parties will:

(a) categorise and group User Stories by function (user activity category);

(b) allocate User Stories to a Release and validate the inclusion of User Stories in that Release; and

(c) assign an indicative priority for each User Story within a particular Release using agreed indicative categories such as "must have" or "good to have".

Release Planning: Point and Velocity Estimation

6A.25 The Supplier shall:

(a) estimate feature complexity for each requirement/User Story allocated to a Release;

(b) estimate the Velocity Measure of the Project Team in delivering a Release and the time required by the Project Team to complete such Release; and

(c) upload each requirement/User Story into Requirement Tracking Tool.

In doing so, the Supplier shall have regard to any potential input from Authority or third-party resources located in other time zones, and the impact that this may have on the timely completion of a Release's delivery.

Release Planning: Determine Release Date and Re-prioritise

6A.26 The Supplier will review and re validate the indicative User Story priorities set out at clause 6A.24(c) above. If, as a result of such review, the Supplier believes that the Release shall not be achieved within its defined time frame:

(a) if this is caused by a change made by Authority, the Supplier shall raise a Change Request; and

(b) if this is due to an underestimation of the effort required or because the Supplier has failed to achieve the anticipated Velocity Measure, the Supplier shall provide, at its cost, such additional resources as may be required to ensure that the Release achieves its defined time frame.

Alternatively, the parties may agree such changes to any User Story or User Story priorities as are reasonably required via the Change Control Procedure.

6A.27 The Authority will be entitled to reprioritise, amend, modify or remove User Stories prior to the commencement of a Release via the Change Control Procedure.

Release Planning: General

6A.28 The Supplier will inform the Authority if it believes that any User Stories are not suitable for development using an Agile project methodology.

6A.29 The Supplier will populate and maintain a project specific instance of the Requirement Tracking Tool to map the details of User Stories, progress of Sprints, and the status of the Sprint backlog.

6A.30 The instance of the Requirement Tracking Tool used will be accessible remotely by relevant Authority personnel.

6A.31 The Supplier will regularly update the Requirement Tracking Tool to provide a close to real time overview of status of the Agile Development Project, Sprint status, Sprint backlog, and the progress/status of individual User Stories.

Sprint Planning

6A.32 Each Sprint will last for between two (2) and four (4) weeks, unless otherwise agreed between the parties in writing or extended in accordance with this clause or via the Change Control Procedure.

6A.33 At the start of each Sprint, the Supplier will re estimate the feature story complexity value of each User Story and notify Authority if there are any significant increases or decreases in the complexity of the Sprint and agree which User Stories should be removed from the Sprint.

6A.34 If Authority agrees, the Parties may add or remove User Stories from a particular Release to take account of any changes in estimated complexity, or amend the scheduled Release date.

6A.35 During the course of each Sprint, the Supplier shall:

(a) develop the selected User Stories using the agreed test-driven development methodology;

(b) once developed, make any Deliverables related to that User Story available to Authority in an agreed test area and mark the User Story as completed in the Requirement Tracking Tool;

(c) test all developed User Stories, including carrying out robust regression and component testing as agreed between the parties or set out in any agreed requirements, to ensure that they function correctly and fulfil the relevant acceptance criteria; and

(d) submit completed User Stories to Authority for final review and approval,

in each case using all reasonable endeavours to successfully develop and complete all User Stories allocated to a Release by the completion of the relevant Release.

The Supplier shall promptly notify Authority if it believes any amendments to the scope or content of a Sprint is required to achieve the Release, including adding, removing and amending User Stories within a Sprint, and the Parties may agree such changes to a Sprint as they believe to be necessary via the Change Control Procedure.

6A.36 If the Parties agree to remove a User Story or User Stories from any particular Sprint or Sprints after such Sprint has commenced:

(a) and the request is made by Authority, then the Velocity Measure for that Sprint shall be adjusted as though the Supplier had developed such User Stories in the course of that Sprint; and

(b) and the request is made by the Supplier and agreed to by Authority, then the Velocity Measure for that Sprint shall be adjusted to take account of the fact that the Supplier has failed to develop such User Stories in the course of that Sprint.

6A.37 For the purposes of clauses 6A.32 to 6A.37, any changes to Releases or Sprints shall be subject to agreement via the Change Control Procedure.

Release completion

6A.38 Following the completion of the development stage of each Sprint, the Authority shall, in Accordance with Schedule 6.2 (*Testing Procedures*):

(a) perform the acceptance tests in order to validate the content of the Release against the Project Vision and the acceptance criteria; and

(b) identify any errors, bugs, unexpected behaviours or other failure of the Release to comply with the functional requirements or specifications of the acceptance criteria or the Project Vision.

6A.39 As part of the Sprint planning process, the parties shall agree a reasonable period of time within each Sprint for the Supplier to correct any defects and to rectify any issues identified in the acceptance testing process set out in clause 6A.38 above or otherwise identified by Authority in its review of the Release.

6A.40 Notwithstanding clause 6A.22, Authority may specify additional acceptance tests or testing criteria required to be performed and used by the Supplier in respect of any iteration or Sprint, as part of the Agile project methodology.

7 PERFORMANCE INDICATORS

7.1 The Supplier shall:

(a) Subject to 7.1(c) below, provide the Operational Services and otherwise perform the Services and its other activities under this Agreement in such a manner so as to meet or exceed the Target Performance Level for each Performance Indicator and, where relevant, from the Milestone Date for each relevant CPP Milestone; and

(b) comply with the provisions of Schedule 2.2 (Performance Levels) in relation to the monitoring and reporting on its performance against the Performance Indicators;

7.3 The Parties agree that, where a sum is expressed to be due from the Supplier to the Authority as a Service Credit:

(a) such sums are a price adjustment to reflect the actual quality of service provided to the Authority and do not represent an estimate of the loss or damage that may be suffered by the Authority in respect of the breach of the Performance Indicators and/or the Performance Failure which gives rise to the Service Credit; and

(b) the crediting of such sums is, and shall be, without prejudice to any other right, remedy, or entitlement which the Authority may have under this Agreement (including but not limited to the right to claim damages from the Supplier

relating to any loss arising from such failure to achieve the relevant Target Performance Level).

Unacceptable Performance Failure

7.4 If in any Service Period an Unacceptable Performance Failure occurs or is determined:

(a) the Authority shall be entitled to withhold and retain as compensation for the Unacceptable Performance Failure a proportionate part (decided by the Authority in its absolute discretion) of any Service Charges which would otherwise have been due to the Supplier in respect of that Service Period (such sum being "**Compensation for Unacceptable Performance Failure**"); and

(b) if the Authority withholds and retains such Compensation for Unacceptable Performance Failure, any Service Points and Service Credits that would otherwise have accrued during the relevant Service Period shall not accrue.

provided that the operation of this Clause 7.4 shall be without prejudice to any right which the Authority may have to terminate this Agreement and/or to claim damages from the Supplier as a result of such Unacceptable Performance Failure.

7.5 The Supplier:

(a) agrees that the application of Clause 7.4 is commercially justifiable where an Unacceptable Performance Failure occurs; and

(b) acknowledges that it has taken legal advice on the application of Clause 7.4 and has had the opportunity to price for that risk when calculating the Service Charges.

7.6 If a Critical KPI Failure or an Unacceptable Performance Failure occurs, the Authority may exercise its rights to terminate this Agreement in whole or in part pursuant to Clause 34.1 or 34.2 (*Termination by the Authority*).

Changes to Performance Indicators and Service Credits

7.7 The provisions of paragraph 2 of Part A of Schedule 2.2 (*Performance Levels*) shall apply in relation to any changes to be made to Performance Indicators and Service Credits (including, but without limitation, in respect of any Key Business Events (as defined in accordance with that Schedule)).

8.1 The Supplier shall have an ongoing obligation throughout the Term to identify new or potential improvements to the Services in accordance with this Clause 8. As part of this obligation the Supplier shall identify and report to the Strategic Board at least once every twelve (12) months (or more frequently in the event that the Supplier identifies

or is made aware of significant improvements in or in connection with the Services prior to the next report which is due to be provided pursuant to this Clause 8.1) on:

(a) the emergence of new and evolving relevant technologies which could improve the IT Environment and/or the Services, and those technological advances potentially available to the Supplier and the Authority which the Parties may wish to adopt;

(b) new or potential improvements to the Services including the quality, responsiveness, procedures, benchmarking methods, likely performance mechanisms and customer support services in relation to the Services;

(i) the Supplier Non-COTS Software for which the Supplier delivers a copy to the Authority for any purpose relating to the Services (or substantially equivalent services) or for any purpose relating to the exercise of the Authority's (or any other Central Government Body's) business or function; and

(ii) the Supplier Non-COTS Background IPRs for any purpose relating to the Services (or substantially equivalent services) or for any purpose relating to the exercise of the Authority's (or any other Central Government Body's) business or function.

(b) a licence to use the Supplier COTS Software for which the Supplier delivers a copy to the Authority and Supplier COTS Background IPRs on the licence terms identified in a letter in or substantially in the form set out in Annex 1 to Schedule 5 (Intellectual Property Rights) and signed by or on behalf of the Parties on or before the Effective Date provided always that the Authority shall remain entitled to sub-license and to assign and novate the Supplier COTS Software and Supplier COTS Background IPRs on equivalent terms to those set out in Clauses 17.7 and 17.8 in relation to the Supplier Non-COTS Software and Supplier Non-COTS Background IPRs; and

(c) a perpetual royalty-free non-exclusive licence to use without limitation any Supplier Know-How, trade secrets or Confidential Information contained

within the Specially Written Software or the Project Specific IPRs.

17.3 At any time during the Term or following termination or expiry of this Agreement, the Supplier may terminate the licence granted in respect of the Supplier Non-COTS Software under Clause 17.2(a)(i) or in respect of the Supplier Non-COTS Background IPRs under Clause 17.2(a)(ii) by giving thirty (30) days' notice in writing (or such other period as agreed by the Parties) if the Authority or any person to whom the Authority grants a sub-licence pursuant to Clause 17.7 (*Authority's right to sub-license*) commits any material breach of the terms of Clause 17.2(a)(i) or 17.2(a)(ii) or 17.5(a)(ii) (as the case may be) which, if the breach is capable of remedy, is not remedied within forty (40) Working Days after the Supplier gives the Authority written notice specifying the breach and requiring its remedy.

17.4 In the event the licence of the Supplier Non-COTS Software or the Supplier Non-COTS Background IPRs is terminated pursuant to Clause 17.3, the Authority shall:

(a) immediately cease all use of the Supplier Non-COTS Software or the Supplier Non-COTS Background IPRs (as the case may be);

(b) at the discretion of the Supplier, return or destroy documents and other tangible materials to the extent that they contain any of the Supplier Non-COTS Software and/or the Supplier Non-COTS Background IPRs, provided that if the Supplier has not made an election within six (6) months of the termination of the licence, the Authority may destroy the documents and other tangible materials that contain any of the Supplier Non-COTS Software and/or the Supplier Non-COTS Background IPRs (as the case may be); and

(c) ensure, so far as reasonably practicable, that any Supplier Non-COTS Software and/or Supplier Non-COTS Background IPRs that are held in electronic, digital or other machine-readable form ceases to be readily accessible (other than by the information technology staff of the Authority) from any computer, word processor, voicemail system or any other device containing such Supplier Non-COTS Software and/or Supplier Non-COTS Background IPRs.

17.5 The Supplier hereby grants, or shall procure that the owner or an authorised licensor grants, to the Authority a perpetual, royalty-free, non-exclusive, transferable (including the ability to sub-licence) licence to use (including but not limited to the right to load, execute, store, transmit, display and copy), develop, modify (including reverse engineer and decompile) and maintain the Concealed IPR.

17.6 Where the Supplier wishes to use Concealed IPR in the delivery of the Services, not already set out in Schedule 5 (IPR), it shall notify the Authority of the same and the Parties may agree to update Schedule 5 (IPR) in accordance with the Change Control Procedure.

Authority's right to sub-license

17.7 Subject to Clause 17.17 (Patents) and without prejudice to Clause 17.5, the Authority may sub-license:

(a) the rights granted under Clause 17.2(a) (*Supplier Software and Supplier Background IPRs*) to a third party (including for the avoidance of doubt, any Replacement Supplier) provided that:

(i) the sub-licence is on terms no broader than those granted to the Authority;

(ii) the sub-licence authorises the third party to use the rights licensed in Clause 17.2(a) (*Supplier Software and Supplier Background IPRs*) only for purposes relating to the Services (or substantially equivalent services) or for any purpose relating to the exercise of the Authority's (or any other Central Government Body's) business or function; and

(iii) the sub-licensee shall have executed a confidentiality undertaking in favour of the Supplier in or substantially in the form set out in Annex 2 to Schedule 5 (*IPR*); and

(b) the rights granted under Clause 17.2(a) (*Supplier Software and Supplier Background IPRs*) to any Approved Sub-Licensee to the extent necessary to use and/or obtain the benefit of the Specially Written Software and/or the Project Specific IPRs provided that:

(i) the sub-licence is on terms no broader than those granted to the Authority; and

(ii) the Supplier has received a confidentiality undertaking in its favour in or substantially in the form set out in Annex 2 to Schedule 5 (*IPR*) duly executed by the Approved Sub-Licensee.

Authority's right to assign/novate licences

17.8 Without prejudice to Clause 17.5, the Authority may assign, novate or otherwise transfer its rights and obligations under the licences granted pursuant to Clause 17.2(a) (*Supplier Software and Supplier Background IPRs*) to:

(a) a Central Government Body; or

(b) to any body (including any private sector body) which performs or carries on any of the functions and/or activities that previously had been performed and/or carried on by the Authority.

17.9 Any change in the legal status of the Authority which means that it ceases to be a Central Government Body shall not affect the validity of any licence granted in Clause 17.2 (*Supplier Software and Supplier Background IPRs*). If the Authority ceases to

be a Central Government Body, the successor body to the Authority shall still be entitled to the benefit of the licences granted in Clause 17.2 (*Supplier Software and Supplier Background IPRs*).

17.10 If a licence granted in Clause 17.2 (*Supplier Software and Supplier Background IPRs*) is assigned, novated or transferred under Clause 17.8 (*Authority's right to assign/novate licences*) or there is a change of the Authority's status pursuant to Clause 17.9, the rights acquired on that assignment, novation, transfer or change of status shall not extend beyond those previously enjoyed by the Authority.

Third Party Software and Third Party IPRs

17.11 The Supplier shall not use in the provision of the Services (including in any Specially Written Software or in the software element of Project Specific IPRs) any Third Party Non-COTS Software or Third Party Non-COTS IPRs unless in each case it has:

(a) first procured that the owner or an authorised licensor of the relevant Third Party Non-COTS IPRs or Third Party Non-COTS Software (as the case may be) has granted a direct licence to the Authority on a royalty-free basis to the Authority and on terms no less favourable to the Authority than those set out in Clauses 17.2(a) and 17.3 (*Supplier Software and Supplier Background IPRs*) and Clause 17.8 (*Authority's right to assign/novate licences*); or

(b) complied with the provisions of Clause 17.12.

17.12 If the Supplier cannot obtain for the Authority a licence in respect of any Third Party Non-COTS Software and/or Third Party Non-COTS IPRs in accordance with the licence terms set out in Clause 17.11(a), the Supplier shall:

(a) notify the Authority in writing giving details of what licence terms can be obtained from the relevant third party and whether there are alternative software providers which the Supplier could seek to use; and

(b) use the relevant Third Party Non-COTS Software and/or Third Party Non-COTS IPRs only if the Authority has first approved in writing the terms of the licence from the relevant third party.

17.13 The Supplier shall:

(a) notify the Authority in writing of all Third Party COTS Software and Third Party COTS IPRs that it uses and the terms on which it uses them; and

(b) unless instructed otherwise in writing by the Authority in any case within twenty (20) Working Days of notification pursuant to Clause 17.12(a), use all reasonable endeavours to procure in each case that the owner or an authorised licensor of the relevant Third Party COTS Software and Third Party COTS IPRs grants a direct licence to the Authority on terms no less favourable (including as to indemnification against IPRs Claims) than those on which such software is usually made commercially available by the relevant third party.

17.14 Should the Supplier become aware at any time, including after termination, that the Specially Written Software and/or the Project Specific IPRs contain any Intellectual Property Rights for which the Authority does not have a suitable licence, then the Supplier must notify the Authority within 10 days of what those rights are and which parts of the Specially Written Software and the Project Specific IPRs they are found in.

Termination and Replacement Suppliers

17.15 For the avoidance of doubt, the termination or expiry of this Agreement shall not of itself result in any termination of any of the licences granted by the Supplier or relevant third party pursuant to or as contemplated by this Clause 17.

17.16 The Supplier shall, if requested by the Authority in accordance with Schedule 8.5 (*Exit Management*) and at the Supplier's cost:

(a) grant (or procure the grant) to any Replacement Supplier of:

(i) a licence to use any Supplier Non-COTS Software, Supplier Non-COTS Background IPRs, Third Party Non-COTS IPRs and/or Third Party Non-COTS Software on a royalty-free basis to the Replacement Supplier and on terms no less favourable than those granted to the Authority in respect of the relevant Software and/or IPRs pursuant to or as contemplated by this Clause 17 subject to receipt by the Supplier of a confidentiality undertaking in its favour in or substantially in the form set out in Annex 2 to Schedule 5 (*IPR*) duly executed by the Replacement Supplier;

(ii) a licence to use any Supplier COTS Software and/or Supplier COTS Background IPRs, on terms no less favourable (including as to indemnification against IPRs Claims) than those on which such software is usually made commercially available by the Supplier; and/or

(b) use all reasonable endeavours to procure the grant to any Replacement Supplier of a licence to use any Third Party COTS Software and/or Third Party COTS IPRs on terms no less favourable (including as to indemnification against IPRs Claims) than those on which such software is usually made commercially available by the relevant third party.

Patents

17.17 Where a patent owned by the Supplier is necessarily infringed by the use of the Specially Written Software or Project Specific IPRs or Concealed IPR by the Authority or any Replacement Supplier, the Supplier hereby grants to the Authority and the Replacement Supplier a non-exclusive, irrevocable, royalty free, worldwide patent licence to use the infringing methods, material or software solely for the purpose for which they were delivered under this Agreement.

Escrow

17.18 The Supplier shall where agreed pursuant to Clause 17.22, have the relevant Supplier Software and Third Party Software used exclusively for providing Services to the Authority in which it owns the Intellectual Property Rights placed in escrow with the escrow agent NCC Group, its successor or such other comparable organisation on terms and conditions which are not materially adversely different to the standard NCC tripartite escrow agreement terms and conditions at all times on the Customer's request and at the cost of the Supplier.

17.19 The Supplier agrees that trigger events to be included in the agreement with the escrow agent referred to in Clause 17.18 shall include the following:

(a) a Supplier breach has created a material interruption or disruption in the provision of the Services;

(b) a regulator advises that step in is necessary or desirable; and

(c) the Supplier suffering an Insolvency Event.

17.20 On the occurrence of a "trigger event", the Supplier shall grant to the Authority a perpetual, royalty free, transferable, irrevocable licence to transfer an instance of the Software on to the Authority System and to use, copy, modify and adapt (with a right to sub licence such rights to other third parties engaged) such Software. Such licence shall last only for such period as is reasonable for the Authority to put in place an alternative service delivery solution, whether provided by the Authority itself or a third party. If a third party will not permit the transfer of an instance of the Software to the Authority System as envisaged by this Clause 17.20, the Authority may procure a licence itself and the Supplier shall reimburse the costs reasonably incurred by the Authority in this regard.

17.21 The Supplier shall provide Upgrades to the Supplier Software and Third Party Software provided as part of the Supplier Solution and in accordance with Good Industry Practice at no additional cost to the Authority, and shall ensure that the Supplier Software shall be Upgraded within six (6) months of the release of the latest version, such that it is no more than one (1) major version level below the latest release (normally codified as running software no older than the 'n 1 version') throughout the Term unless otherwise agreed with the Authority in writing.

17.22 The Parties acknowledge that there will be no Software relevant to Clauses 17.18-17.21 at the Effective Date, and there is no obligation on the Supplier to put any relevant Software in escrow at the Effective Date. The Parties will agree whether Clauses 17.18-17.21 will apply in the event that Supplier Software and/or Third Party Software used exclusively for providing Services to the Authority is developed throughout the Term.

18 LICENCES GRANTED BY THE AUTHORITY

18.1 The Authority hereby grants to the Supplier a royalty-free, non-exclusive, non-transferable licence during the Term to use the Authority Software, the Authority

Background IPRs, the Authority Data, the Specially Written Software and the Project Specific IPRs solely to the extent necessary for performing the Services in accordance with this Agreement, including (but not limited to) the right to grant sub-licences to Sub-contractors provided that:

(a) any relevant Sub-contractor has entered into a confidentiality undertaking with the Supplier on the same terms as set out in Clause 21 (*Confidentiality*); and

(b) the Supplier shall not, without the Authority's prior written consent, use the licensed materials for any other purpose or for the benefit of any person other than the Authority.

18.2 In the event of the termination or expiry of this Agreement, the licence granted pursuant to Clause 18.1 and any sub-licence granted by the Supplier in accordance with Clause 18.1 shall terminate automatically on the date of such termination or expiry and the Supplier shall:

(a) immediately cease all use of the Authority Software, the Authority Background IPRs, the Authority Data, the Specially Written Software and the Project Specific IPRs (as the case may be);

(b) at the discretion of the Authority, return or destroy documents and other tangible materials that contain any of the Authority Software, the Authority Background IPRs, the Authority Data, the Specially Written Software and the Project Specific IPRs, provided that if the Authority has not made an election within six (6) months of the termination of the licence, the Supplier may destroy the documents and other tangible materials that contain any of the Authority Software, the Authority Background IPRs, the Authority Data, the Specially Written Software and the Project Specific IPRs (as the case may be); and

(c) ensure, so far as reasonably practicable, that any Authority Software, Authority Background IPRs, Authority Data, the Specially Written Software and the Project Specific IPRs that are held in electronic, digital or other machine-readable form ceases to be readily accessible from any Supplier computer, word processor, voicemail system or any other Supplier device containing such Authority Software, Authority Background IPRs, Authority Data, the Specially Written Software and/or the Project Specific IPRs.

19 IPRs INDEMNITY

19.1 The Supplier shall at all times, during and after the Term, on written demand indemnify the Authority and each other Indemnified Person, and keep the Authority and each other Indemnified Person indemnified, against all Losses incurred by, awarded against or agreed to be paid by an Indemnified Person arising from an IPRs Claim.

19.2 If an IPRs Claim is made, or the Supplier anticipates that an IPRs Claim might be made, the Supplier may, at its own expense and sole option, either:

(a) procure for the Authority or other relevant Indemnified Person the right to continue using the relevant item which is subject to the IPRs Claim; or

(b) replace or modify the relevant item with non-infringing substitutes provided that:

(i) the performance and functionality of the replaced or modified item is at least equivalent to the performance and functionality of the original item;

(ii) the replaced or modified item does not have an adverse effect on any other services or the IT Environment;

(iii) there is no additional cost to the Authority or relevant Indemnified Person (as the case may be); and

(iv) the terms and conditions of this Agreement shall apply to the replaced or modified Services.

19.3 If the Supplier elects to procure a licence in accordance with Clause 19.2(a) or to modify or replace an item pursuant to Clause 19.2(b), but this has not avoided or resolved the IPRs Claim, then:

(a) the Authority may terminate this Agreement (if subsisting) with immediate effect by written notice to the Supplier; and

(b) without prejudice to the indemnity set out in Clause 19.1, the Supplier shall be liable for all reasonable and unavoidable costs of the substitute items and/or services including the additional costs of procuring, implementing and maintaining the substitute items.

19A OPEN SOURCE PUBLICATION

19A.1 The Supplier agrees that the Authority may publish, at its sole discretion, as Open Source software all or part of the Specially Written Software and the Project Specific IPRs (which are in the nature of software) after the Operational Service Commencement Date.

19A.2 The Supplier hereby warrants that the Specially Written Software and the Project Specific IPRs (which are in the nature of software):

(a) are suitable for release as Open Source and that any release shall not allow a third party to use the Open Source software to in any way compromise the operation, running and security of the Specially Written Software, the Project Specific IPRs or the Authority System;

(b) shall not knowingly or recklessly cause any harm or damage to any party using anything published as Open Source and that the Specially Written Software and the Project Specific IPRs (which are in the nature of software) have been tested using the latest versions of anti-virus definitions and software available from an industry accepted anti-virus software vendor;

(c) do not include or use any Open Source software or any libraries or code licensed from time to time under the General Public Licence (as those terms are defined by the Open Source Initiative or the Free Software Foundation) or anything similar in, or in the development of, the Specially Written Software and the Project Specific IPRs, nor do the Specially Written Software and the Project Specific IPRs operate in such a way that it is compiled with or linked to any of the foregoing;

(d) do not contain any material which would bring the Authority into disrepute upon publication as Open Source;

(e) do not contain any Non-Party IPRs which are not licensed to the Authority under clause 17.11; and

(f) will be supplied in a format suitable for publication as Open Source (**"Open Source Publication Material"**) no later than the date in sub-clause 19A.1.

19A.3 The Supplier shall ensure that the Open Source Publication Material provided to the Authority does not include any Supplier Software or Supplier Background IPRs save that any Supplier Background IPRs that the Supplier is willing to allow to be included in any Open Source publication can remain in the Open Source Publication Material supplied to the Authority. In such a case, the Supplier hereby acknowledges and agrees that any such Supplier Software or Supplier Background IPRs will become Open Source and will be licensed and treated as such following publication by the Authority and any third party that uses the Open Source Publication Materials on the terms of the Open Source licence used by the Authority when publishing as Open Source.

19A.4 The Supplier hereby indemnifies the Authority against all claims in which the Authority is, or is threatened to be, a party for any alleged infringement of any Non-Party IPRs arising from publication of the Specially Written Software and the Project Specific IPRs (which are in the nature of software) as Open Source under clause 19A.1.

20 AUTHORITY DATA AND SECURITY REQUIREMENTS

20.1 The Supplier shall not delete or remove any proprietary notices contained within or relating to the Authority Data.

20.2 Save as permitted by Clause 23.2(a), the Supplier shall not store, copy, disclose, or use the Authority Data except as necessary for the performance by the Supplier of its obligations under this Agreement or as otherwise expressly authorised in writing by the Authority.

20.3 To the extent that Authority Data is held and/or processed by the Supplier, the Supplier shall supply that Authority Data to the Authority as requested by the Authority in the format specified in Schedule 2.1 (*Services Description*).

20.4 The Supplier shall preserve the integrity, confidentiality and accessibility of Authority Data and prevent the unauthorised access, interception, corruption or loss of Authority Data at all times that the relevant Authority Data is under its control or the control of any Sub-contractor.

20.5 Not used

20.6 The Supplier shall ensure that any system on which the Supplier holds any Authority Data, including back-up data, is a secure system that complies with the Baseline Security Requirements.

20.7 If the Authority Data is corrupted, lost or sufficiently degraded as a result of the Supplier's Default so as to be unusable, the Authority may:

(a) require the Supplier (at the Supplier's expense) to restore or procure the restoration of Authority Data to the extent and in accordance with the requirements specified in Schedule 8.6 (Service Continuity Plan and Corporate Resolution Planning) and the Supplier shall do so as soon as practicable but not later than five (5) Working Days from the date of receipt of the Authority's notice; and/or

(b) itself restore or procure the restoration of Authority Data, and shall be repaid by the Supplier any reasonable expenses incurred in doing so to the extent and in accordance with the requirements specified in Schedule 8.6 (Service Continuity Plan and Corporate Resolution Planning).

20.8 If at any time the Supplier suspects or has reason to believe that Authority Data has or may become corrupted, lost or sufficiently degraded in any way for any reason, then the Supplier shall notify the Authority immediately and inform the Authority of the remedial action the Supplier proposes to take.

20.9 The Supplier may use, implement or permit the implementation of cloud computing technology (meaning a solution whereby the Authority Data is stored on servers that are not owned, leased or operated by the Supplier) by any supplier or any Sub-contractor, only with the prior written consent of the Authority Representative.

20.10 The Supplier shall and shall procure that its Sub-contractors shall comply with the requirements of Schedule 2.4 (*Security Management*).

20.11 The Authority shall notify the Supplier of any changes or proposed changes to the Baseline Security Requirements.

20.12 If the Supplier believes that a change or proposed change to the Baseline Security Requirements will have a material and unavoidable cost implication to the Services it may submit a Change Request. In doing so, the Supplier must support its request by

providing evidence of the cause of any increased costs and the steps that it has taken to mitigate those costs. Any change to the Charges shall then be agreed in accordance with the Change Control Procedure.

20.13 Until and/or unless a change to the Charges is agreed by the Authority pursuant to Clause 20.12 the Supplier shall continue to perform the Services in accordance with its existing obligations.

Malicious Software

20.14 The Supplier shall, as an enduring obligation throughout the Term and at no cost to the Authority, use the latest versions of anti-virus definitions and software available from an industry accepted anti-virus software vendor (unless otherwise agreed in writing between the Parties) to check for, contain the spread of, and minimise the impact of Malicious Software in the IT Environment (or as otherwise agreed by the Parties). The Supplier may be required to provide details of the version of anti-virus software being used in certain circumstances, e.g. in response to a specific threat.

20.15 Notwithstanding Clause 20.14, if Malicious Software is found, the Parties shall co-operate to reduce the effect of the Malicious Software and, particularly if Malicious Software causes loss of operational efficiency or loss or corruption of Authority Data, assist each other to mitigate any Losses and to restore the Services to their desired operating efficiency.

20.16 Any cost arising out of the actions of the Parties taken in compliance with the provisions of Clause 20.15 shall be borne by the Parties as follows:

(a) by the Supplier where the Malicious Software originates from the Supplier Software, the Third Party Software supplied by the Supplier (except where the Authority has waived the obligation set out in Clause 20.14) or the Authority Data (whilst the Authority Data was under the control of the Supplier) unless the Supplier can demonstrate that such Malicious Software was present and not quarantined or otherwise identified by the Authority when provided to the Supplier; and

(b) otherwise by the Authority.

Obligations under the Finance Act 1989, the Commissioners for Revenue and Customs Act 2005 and the Social Security Administration Act 1992

20.17 The Supplier undertakes that it will duly observe, and that it shall ensure that all Sub-contractors and Supplier Personnel shall duly observe:

(a) the obligations set out in Section 182 of the Finance Act 1989 and Section 18 of the Commissioners for Revenue and Customs Act 2005 to maintain the confidentiality of Authority Data. Further, the Supplier acknowledges that (without prejudice to any other rights and remedies of the Authority) a breach of the aforesaid obligations may lead to a prosecution under Section 182 of the

Finance Act 1989 and/or Section 19 of the Commissioners for Revenue and Customs Act 2005; and

(b) Section 123 of the Social Security Administration Act 1992, which may apply to the fulfilment of some or all of the Services. The Supplier acknowledges that (without prejudice to any other rights and remedies of the Authority) a breach of the Supplier's obligations under Section 123 of the Social Security Administration Act 1992 may lead to a prosecution under that Act.

20.18 The Supplier shall regularly (not less than once every six (6) months) remind all Supplier Personnel in writing of the obligations upon Supplier Personnel set out in clause 20.17 above. The Supplier shall monitor the compliance by Supplier Personnel with such obligations.

The Supplier shall provide a copy of each such signed declaration to the Authority upon demand.

21.7 Nothing in this Clause 21 shall prevent a Recipient from using any techniques, ideas or know-how gained during the performance of this Agreement in the course of its normal business to the extent that this use does not result in a disclosure of the Disclosing Party's Confidential Information or an infringement of Intellectual Property Rights.

Other Ecosystem Suppliers

21.8 Except to the extent set out in this Clause 21 or where disclosure is expressly permitted elsewhere in this Agreement, where the Supplier receives or obtains directly or indirectly any Confidential Information of an Other Ecosystem Supplier, the Supplier shall:

(a) treat the Confidential Information as confidential and keep it in secure custody (which is appropriate depending upon the form in which such materials are stored and the nature of the Confidential Information contained in those materials);

21.12 Nothing in this Clause 21 shall prevent the Supplier from using any techniques, ideas or know how gained during the performance of this Agreement in the course of its normal business to the extent that this use does not result in a disclosure of an Other Ecosystem Supplier's Confidential Information or an infringement of Intellectual Property Rights.

27.8 The Authority may reject the draft Rectification Plan by notice to the Supplier if, acting reasonably, it considers that the draft Rectification Plan is inadequate, for example because the draft Rectification Plan:

(a) is insufficiently detailed to be capable of proper evaluation;

(b) will take too long to complete;

(c) will not prevent reoccurrence of the Notifiable Default; and/or

(d) will rectify the Notifiable Default but in a manner which is unacceptable to the Authority.

27.9 The Authority shall notify the Supplier whether it consents to the draft Rectification Plan as soon as reasonably practicable. If the Authority rejects the draft Rectification Plan, the Authority shall give reasons for its decision and the Supplier shall take the reasons into account in the preparation of a revised Rectification Plan. The Supplier shall submit the revised draft of the Rectification Plan to the Authority for review within five (5) Working Days (or such other period as agreed between the Parties) of the Authority's notice rejecting the first draft.

27.10 If the Authority consents to the Rectification Plan:

(a) the Supplier shall immediately start work on the actions set out in the Rectification Plan; and

(b) the Authority may no longer terminate this Agreement in whole or in part on the grounds of the relevant Notifiable Event.

28 DELAY PAYMENTS

28.1 If a Key Milestone has not been Achieved by its relevant Milestone Date, the provisions of Paragraph 1 of Part C of Schedule 7.1 (*Charges and Invoicing*) shall apply in relation to the payment of Delay Payments.

28.2 Delay Payments shall be the Authority's exclusive financial remedy for the Supplier's failure to Achieve a Key Milestone by its Milestone Date except where:

(a) the Authority is entitled to or does terminate this Agreement pursuant to Clause 34.1(b) (*Termination by the Authority*);

(b) the Delay exceeds the Delay Deduction Period; or

(c) an Other Ecosystem Supplier has suffered loss or damage as a result of the Supplier's failure to Achieve a Key Milestone by its Milestone Date.

29 ESCALATION PROCESS

29.1 Where an Escalation Process Trigger Event occurs, without prejudice to any other rights or remedies under this Agreement, the Authority may give not less than five (5) Working Days' notice (**"Escalation Notice"**) to the Supplier requiring a meeting(s) between the Supplier Executive and the Authority (**"Escalation Meeting(s)"**).

29.2 The Supplier shall ensure that the Supplier Executive is available to commit their full time capability to the Escalation Meeting(s).

29.3 The Parties agree and acknowledge that the Escalation Meeting(s) shall take place on Authority Premises and at times and durations as the Authority may determine.

29.4 Subject to Clause 29.5, the Escalation Meeting(s) shall continue until such time as the Escalation Process Trigger Event has been resolved to the reasonable satisfaction of the Authority.

29.5 Where the Escalation Meeting(s) have continued for more than five (5) Working Days, either of the Parties may treat the matter as a Dispute to be handled through the Dispute Resolution Procedure.

29.6 If the Supplier is in Default of any of its obligations under Clause 29 (**"Escalation Process Failure"**), the Authority shall be entitled to terminate this Agreement pursuant to Clause 34.1(b) (Termination by the Authority).

30 REMEDIAL ADVISER

30.1 If:

(a) any of the Intervention Trigger Events occur; or

(b) the Authority reasonably believes that any of the Intervention Trigger Events are likely to occur,

(each an "**Intervention Cause**"), the Authority may give notice to the Supplier (an **"Intervention Notice"**) giving reasonable details of the Intervention Cause and requiring:

(i) a meeting between the Authority Representative and the Supplier Representative to discuss the Intervention Cause; and/or

(ii) the appointment as soon as practicable by the Supplier of a Remedial Adviser, as further described in this Clause 30.

For the avoidance of doubt, if the Intervention Cause is also a Supplier Termination Event, the Authority has no obligation to exercise its rights under this Clause 30.1 prior to or instead of exercising its right to terminate this Agreement.

30.2 If the Authority gives notice that it requires the appointment of a Remedial Adviser:

(a) the Remedial Adviser shall be:

(i) a person selected by the Supplier and approved by the Authority; or

(ii) if none of the persons selected by the Supplier have been approved by the Authority (or no person has been selected by the Supplier) within ten (10) Working Days following the date on which the Intervention Notice is given, a person identified by the Authority;

(b) the terms of engagement and start date agreed with the Remedial Adviser must be approved by the Authority; and

(c) any right of the Authority to terminate this Agreement pursuant to Clause 34.1(b) (*Termination by the Authority*) for the occurrence of that Intervention Cause shall be suspended for sixty (60) Working Days from (and including) the date of the Intervention Notice (or such other period as may be agreed between the Parties)(the **"Intervention Period"**).

30.3 The Remedial Adviser's overall objective shall be to mitigate the effects of, and (to the extent capable of being remedied) to remedy, the Intervention Cause and to avoid the occurrence of similar circumstances in the future. In furtherance of this objective (but without diminishing the Supplier's responsibilities under this Agreement), the Parties agree that the Remedial Adviser may undertake any one or more of the following actions:

(a) observe the conduct of and work alongside the Supplier Personnel to the extent that the Remedial Adviser considers reasonable and proportionate having regard to the Intervention Cause;

(b) gather any information the Remedial Adviser considers relevant in the furtherance of its objective;

(c) write reports and provide information to the Authority in connection with the steps being taken by the Supplier to remedy the Intervention Cause;

(d) make recommendations to the Authority and/or the Supplier as to how the Intervention Cause might be mitigated or avoided in the future; and/or

(e) take any other steps that the Authority and/or the Remedial Adviser reasonably considers necessary or expedient in order to mitigate or rectify the Intervention Cause.

30.4 The Supplier shall:

(a) work alongside, provide information to, co-operate in good faith with and adopt any reasonable methodology in providing the Services recommended by the Remedial Adviser;

(b) ensure that the Remedial Adviser has all the access it may require in order to carry out its objective, including access to the Assets;

(c) submit to such monitoring as the Authority and/or the Remedial Adviser considers reasonable and proportionate in respect of the Intervention Cause;

(d) implement any reasonable recommendations made by the Remedial Adviser that have been approved by the Authority within the timescales given by the Remedial Adviser; and

(e) not terminate the appointment of the Remedial Adviser prior to the end of the Intervention Period without the prior consent of the Authority (such consent not to be unreasonably withheld).

30.5 Subject to Clause 30.6, the Authority shall engage and pay the fees charged by the Remedial Adviser.

30.6 The Supplier shall:

(a) on demand indemnify the Authority in respect of the costs of appointing, and the fees charged by, the Remedial Adviser; and

(b) be responsible for its own costs in connection with any action required by the Authority and/or the Remedial Adviser pursuant to this Clause 30.

30.7 If:

(a) the Supplier:

(i) fails to perform any of the steps required by the Authority in an Intervention Notice; and/or

(ii) is in Default of any of its obligations under Clause 30.4; and/or

(b) the relevant Intervention Trigger Event is not rectified by the end of the Intervention Period,

(each a "**Remedial Adviser Failure"**), the Authority shall be entitled to terminate this Agreement pursuant to Clause 34.1(b) (*Termination by the Authority*).

31 STEP-IN RIGHTS

31.1 On the occurrence of a Step-In Trigger Event, the Authority may serve notice on the Supplier (a **"Step-In Notice"**) that it will be taking action under this Clause 31 (*Step-in Rights*), either itself or with the assistance of a third party (provided that the Supplier may require any third parties to comply with a confidentiality undertaking equivalent to Clause 21 (*Confidentiality*)). The Step-In Notice shall set out the following:

(a) the action the Authority wishes to take and in particular the Services that it wishes to control (the **"Required Action"**);

(b) the Step-In Trigger Event that has occurred and whether the Authority believes that the Required Action is due to the Supplier's Default;

(c) the date on which it wishes to commence the Required Action;

(d) the time period which it believes will be necessary for the Required Action;

(e) whether the Authority will require access to the Supplier's premises and/or the Sites; and

(f) to the extent practicable, the impact that the Authority anticipates the Required Action will have on the Supplier's obligations to provide the Services during the period that the Required Action is being taken.

31.2 Following service of a Step-In Notice, the Authority shall:

(a) take the Required Action set out in the Step-In Notice and any consequential additional action as it reasonably believes is necessary to achieve the Required Action;

(b) keep records of the Required Action taken and provide information about the Required Action to the Supplier;

(c) co-operate wherever reasonable with the Supplier in order to enable the Supplier to continue to provide the Services in relation to which the Authority is not assuming control; and

(d) act reasonably in mitigating the cost that the Supplier will incur as a result of the exercise of the Authority's rights under this Clause 31.

31.3 For so long as and to the extent that the Required Action is continuing, then:

(a) the Supplier shall not be obliged to provide the Services to the extent that they are the subject of the Required Action;

(b) without prejudice to any Service Credits and/or Compensation for Unacceptable Performance Failure which may have accrued in respect of the period prior to the commencement of the Required Action, no Deductions shall be applicable in relation to Charges in respect of Services that are the subject of the Required Action and the provisions of Clause 31.4 shall apply to Deductions from Charges in respect of other Services; and

(c) the Authority shall pay to the Supplier the Charges after subtracting any applicable Deductions and the Authority's costs of taking the Required Action provided that if the Authority's costs are greater than the Charges then, save for when the step-in action is taken by the Authority under:

(i) limbs (c) or (d) of the definition of a Step In Trigger Event; or

(ii) limbs (e) and (f) of the definition of a Step in Trigger Event (insofar as the primary cause of the Authority serving the Step In Notice is identified as not being the result of the Supplier's Default)

the Supplier shall pay the difference on demand to the Authority.

31.4 If the Supplier demonstrates to the reasonable satisfaction of the Authority that the Required Action has resulted in:

(a) the degradation of any Services not subject to the Required Action; or

(b) the non-Achievement of a Milestone,

beyond that which would have been the case had the Authority not taken the Required Action, then the Supplier shall be entitled to an agreed adjustment of the Charges.

31.5 Before ceasing to exercise its step in rights under this Clause 31 the Authority shall deliver a written notice to the Supplier (a "**Step-Out Notice**"), specifying:

(a) the Required Action it has actually taken; and

(b) the date on which the Authority plans to end the Required Action (the **"Step-Out Date"**) subject to the Authority being satisfied with the Supplier's ability to resume the provision of the Services and the Supplier's plan developed in accordance with Clause 31.6.

31.6 The Supplier shall, following receipt of a Step-Out Notice and not less than twenty (20) Working Days prior to the Step-Out Date, develop for the Authority's approval a draft plan (a **"Step-Out Plan"**) relating to the resumption by the Supplier of the Services, including any action the Supplier proposes to take to ensure that the affected Services satisfy the requirements of this Agreement.

31.7 If the Authority does not approve the draft Step-Out Plan, the Authority shall inform the Supplier of its reasons for not approving it. The Supplier shall within 10 Working Days revise the draft Step-Out Plan taking those reasons into account and shall re-submit the revised plan to the Authority for the Authority's approval. The Authority shall not withhold or delay its approval of the draft Step-Out Plan unnecessarily.

31.8 The Supplier shall bear its own costs in connection with any step-in by the Authority under this Clause 31, provided that the Authority shall reimburse the Supplier's reasonable additional expenses incurred directly as a result of any step-in action taken by the Authority under:

(a) limbs (c) or (d) of the definition of a Step-In Trigger Event; or

(b) limbs (e) and (f) of the definition of a Step-in Trigger Event (insofar as the primary cause of the Authority serving the Step-In Notice is identified as not being the result of the Supplier's Default).

32 AUTHORITY CAUSE AND ECOSYSTEM FAILURES

Authority Cause

32.1 Notwithstanding any other provision of this Agreement, if the Supplier has failed to:

(a) Achieve a Milestone by its Milestone Date;

(b) provide the Operational Services in accordance with the Target Performance Levels; and/or

(c) comply with its obligations under this Agreement,

(each a "**Supplier Non-Performance**"),

and can demonstrate that the Supplier Non-Performance would not have occurred but for an Authority Cause, then (subject to the Supplier fulfilling its obligations in this Clause 32):

(i) the Supplier shall not be treated as being in breach of this Agreement to the extent the Supplier can demonstrate that the Supplier Non-Performance was caused by the Authority Cause;

(ii) the Authority shall not be entitled to exercise any rights that may arise as a result of that Supplier Non-Performance:

(A) to terminate this Agreement pursuant to Clause 34.1(b) (*Termination by the Authority*); or

(B) to take action pursuant Clauses 30 (*Remedial Adviser*) or 31 (*Step-In*);

(iii) where the Supplier Non-Performance constitutes the failure to Achieve a Milestone by its Milestone Date:

(A) the Milestone Date shall be postponed by a period equal to the period of Delay that the Supplier can demonstrate was caused by the Authority Cause;

(B) if the Authority, acting reasonably, considers it appropriate, the Transition Plan or any Project Plan shall be amended to reflect any consequential revisions required to subsequent Milestone Dates resulting from the Authority Cause;

(C) if the Milestone is a Key Milestone, the Supplier shall have no liability to pay any Delay Payments associated with the Key Milestone to the extent that the Supplier can demonstrate that such failure was caused by the Authority Cause; and

(D) in relation to a Key Milestone, the Supplier shall be entitled to claim compensation subject to and in accordance with the principles set out in Paragraph 2 of Part C of Schedule 7.1 (*Charges and Invoicing*); and/or

(iv) where the Supplier Non-Performance constitutes a Performance Failure:

(A) the Supplier shall not be liable to accrue Service Credits;

(B) the Authority shall not be entitled to withhold any of the Service Charges pursuant to Clause 7.2 (*Performance Failures*); and

(C) the Authority shall not be entitled to withhold and retain any Compensation for Unacceptable Performance Failure pursuant to Clause 7.3(b) (*Unacceptable Performance Failure*).

in each case, to the extent that the Supplier can demonstrate that the Performance Failure was caused by the Authority Cause.

32.2 In order to claim any of the rights and/or relief referred to in Clause 32.1 the Supplier shall as soon as reasonably practicable (and in any event within ten (10) Working Days) after becoming aware that an Authority Cause has caused, or is reasonably likely to cause, a Supplier Non-Performance, give the Authority notice (a "**Relief Notice**") setting out details of:

(a) the Supplier Non-Performance;

(b) the Authority Cause and its effect, or likely effect, on the Supplier's ability to meet its obligations under this Agreement;

(c) any steps which the Authority can take to eliminate or mitigate the consequences and impact of such Authority Cause; and

(d) the relief and/or compensation claimed by the Supplier.

32.3 Following the receipt of a Relief Notice, the Authority shall as soon as reasonably practicable consider the nature of the Supplier Non-Performance and the alleged Authority Cause and whether it agrees with the Supplier's assessment set out in the Relief Notice as to the effect of the relevant Authority Cause and its entitlement to relief and/or compensation, consulting with the Supplier where necessary.

32.4 The Supplier shall use all reasonable endeavours to eliminate or mitigate the consequences and impact of an Authority Cause, including any Losses that the Supplier may incur and the duration and consequences of any Delay or anticipated Delay.

32.5 Without prejudice to Clause 5.8 (*Continuing obligation to provide the Services*), if a Dispute arises as to:

(a) whether a Supplier Non-Performance would not have occurred but for an Authority Cause; and/or

(b) the nature and/or extent of the relief and/or compensation claimed by the Supplier,

either Party may refer the Dispute to the Dispute Resolution Procedure. Pending the resolution of the Dispute, both Parties shall continue to resolve the causes of, and mitigate the effects of, the Supplier Non-Performance.

32.6 Any Change that is required to the Transition Plan, Project Plan or to the Charges pursuant to Clauses 32.1 to 32.5 shall be implemented in accordance with the Change Control Procedure.

32.7 Save as expressly set out in this Agreement, the Supplier shall not be entitled to any relief or compensation for a Supplier Non-Performance which relates to Performance Indicators designated as shared in Schedule 2.2 (*Performance Levels*).

Ecosystem Failures

32.8 Subject to Clause 25 (*Limitations on Liability*), but notwithstanding any other provision of this Agreement, if the Supplier can demonstrate that a Supplier Non-Performance would not have occurred but for an Ecosystem Failure, then subject to the Supplier fulfilling its obligations under this Agreement with respect to that Ecosystem Failure:

(a) the Supplier shall not be treated as being in breach of this Agreement to the extent the Supplier can demonstrate that the Supplier Non-Performance was caused by the Ecosystem Failure;

(b) the Authority shall not be entitled to exercise any rights that may arise as a result of that Supplier Non-Performance:

(i) to terminate this Agreement pursuant to Clause 34.1(b) (*Termination by the Authority*); or

(ii) to take action pursuant Clauses 30 (*Remedial Adviser*) or 31 (*Step-In Rights*);

(c) where the Supplier Non-Performance constitutes a failure to Achieve a Milestone by its Milestone Date:

(i) the Milestone Date shall be postponed by a period equal to the period of Delay that the Supplier can demonstrate was caused by the Ecosystem Failure;

(ii) if the Authority, acting reasonably, considers it appropriate, the

Transition Plans or any Project Plan shall be amended to reflect any consequential revisions required to subsequent Milestone Dates resulting from the Ecosystem Failure; and

(iii) if the Milestone is a Key Milestone, the Supplier shall have no liability to pay any Delay Payments associated with the Key Milestone to the extent that the Supplier can demonstrate that such failure was caused by the Ecosystem Failure; and

(d) where the Supplier Non-Performance constitutes a Performance Failure:

(i) the Supplier shall not be liable to accrue Service Credits;

(ii) the Authority shall not be entitled to withhold and retain any Compensation for Unacceptable Performance Failure pursuant to Clause 7.4(a) (*Unacceptable Performance Failure*); and

(iii) the Supplier shall be entitled to invoice for the Service Charges for the relevant Services affected by the Ecosystem Failure,

in each case, to the extent that the Supplier can demonstrate that the Performance Failure was caused by the Ecosystem Failure.

32.9 Subject to Clause 25 (*Limitations on Liability*) and Clause 32.10, if the Supplier incurs any Losses as a result of an Ecosystem Failure caused by a default by an Other Ecosystem Supplier under the applicable Ecosystem Agreement, then the Supplier will be entitled to claim against the Authority for such Losses. To the extent that the Authority acting reasonably either accepts or compromises the Supplier's claim or is found liable for all or part of the claim at the conclusion of the Ecosystem Dispute Resolution Procedure then the Authority shall be obliged to:

(a) use reasonable endeavours to enforce its rights to recover those Losses from the relevant Other Ecosystem Supplier under the terms of the applicable Ecosystem Agreement; and

(b) pay to the Supplier in full satisfaction of its Losses the net amount recovered by the Authority from that Other Ecosystem Supplier as provided for in Clause 32.10 below.

32.10 Any compensation recoverable by the Supplier pursuant to Clause 32.9 shall not in any event exceed the net amount recovered by the Authority (after deducting the Authority's costs of making such recovery) from the relevant Other Ecosystem Supplier(s) as a result of the Ecosystem Failure. If:

(a) multiple Ecosystem Suppliers have suffered Losses as a result of an Ecosystem Failure and have been joined in a single Dispute pursuant to Paragraph 3.3 to 3.4 or 3.7 of Annex 3 (*Ecosystem Dispute Resolution Procedure*) of Schedule 11 (*Collaboration*); and

(b) the net amount recovered by the Authority pursuant to Clause 32.9 above (and the equivalent provisions under the other relevant Ecosystem Agreement(s)) is or is likely to be less than the value of the total settled or otherwise determined claims brought by the relevant Ecosystem Suppliers,

then any written settlement made between the parties, or any determination given in the course of the Ecosystem Dispute Resolution Procedure, shall apportion the total amount to be recovered by the Authority on its own account and in respect of each Ecosystem Supplier's Losses.

32.11 Without prejudice to the Supplier's obligations under Paragraph 3.1 of Schedule 11 (*Collaboration*), in order to claim any of the rights and/or relief referred to in Clause 32.8 to 32.10 above, the Supplier shall as soon as reasonably practicable (and in any event within ten (10) Working Days) after becoming aware that an Ecosystem Failure has caused, or is reasonably likely to cause, a Supplier Non-Performance, give the Authority notice (a **"Claim Notice"**) setting out details of:

(a) the Supplier Non-Performance;

(b) the Ecosystem Failure and its effect, or likely effect, on the Supplier's ability to meet its obligations under this Agreement;

(c) any steps which the Authority can take to eliminate or mitigate the consequences and impact of such Ecosystem Failure; and

(d) the relief and/or compensation claimed by the Supplier.

32.12 Following the receipt of a Claim Notice, the Authority shall as soon as reasonably practicable consider the nature of the Supplier Non-Performance and the alleged Ecosystem Failure and whether it agrees with the Supplier's assessment set out in the Claim Notice as to the effect of the relevant Ecosystem Failure and its entitlement to relief and/or compensation, consulting with the Supplier where necessary.

32.13 The Supplier shall use reasonable endeavours to eliminate or mitigate the consequences and impact of an Ecosystem Failure, including any Losses that the Supplier may incur and the duration and consequences of any Delay or anticipated Delay.

32.14 Without prejudice to Clause 5.8 (*Continuing obligation to provide the Services*), if a Dispute arises as to:

(a) whether a Supplier Non-Performance would not have occurred but for an Ecosystem Failure; and/or

(b) the nature and/or extent of the relief and/or compensation claimed by the Supplier or the Authority,

either Party may refer the Dispute to the Ecosystem Dispute Resolution Procedure. Pending the resolution of the Dispute, both Parties shall continue

to work together to resolve as promptly and effectively as possible the causes of, and mitigate the effects of, the Supplier Non-Performance without prejudice to who may be liable for the additional costs associated with such remedial action and whether that requires a Contract Change to be agreed.

32.15 Any Change that is required to the Transition Plan, Project Plan or to the Charges pursuant to Clauses 32.8 to 32.14 shall be implemented in accordance with the Change Control Procedure.

33 FORCE MAJEURE

33.1 Subject to the remaining provisions of this Clause 33 (and, in relation to the Supplier, subject to its compliance with its obligations in Schedule 8.6 (Service Continuity Plan and Corporate Resolution Planning)), a Party may claim relief under this Clause 33 from liability for failure to meet its obligations under this Agreement for as long as and only to the extent that the performance of those obligations is directly affected by a Force Majeure Event. Any failure or delay by the Supplier in performing its obligations under this Agreement which results from a failure or delay by an agent, Sub-contractor or supplier shall be regarded as due to a Force Majeure Event only if that agent, Sub-contractor or supplier is itself impeded by a Force Majeure Event from complying with an obligation to the Supplier.

33.2 The Affected Party shall as soon as reasonably practicable issue a Force Majeure Notice, which shall include details of the Force Majeure Event, its effect on the obligations of the Affected Party and any action the Affected Party proposes to take to mitigate its effect.

33.3 If the Supplier is the Affected Party, it shall not be entitled to claim relief under this Clause 33 to the extent that consequences of the relevant Force Majeure Event:

(a) are capable of being mitigated by any of the Services including the Disaster Recovery Services, but the Supplier has failed to do so; and/or

(b) should have been foreseen and prevented or avoided by a prudent provider of services similar to the Services, operating to the standards required by this Agreement.

33.4 Subject to Clause 33.5, as soon as practicable after the Affected Party issues the Force Majeure Notice, and at regular intervals thereafter, the Parties shall consult in good faith and use reasonable endeavours to agree any steps to be taken and an appropriate timetable in which those steps should be taken, to enable continued provision of the Services affected by the Force Majeure Event.

33.5 The Parties shall at all times following the occurrence of a Force Majeure Event and during its subsistence use their respective reasonable endeavours to prevent and mitigate the effects of the Force Majeure Event. Where the Supplier is the Affected Party, it shall take all steps in accordance with Good Industry Practice to overcome or minimise the consequences of the Force Majeure Event.

33.6 Where, as a result of a Force Majeure Event:

(a) an Affected Party fails to perform its obligations in accordance with this Agreement, then during the continuance of the Force Majeure Event:

(i) the other Party shall not be entitled to exercise any rights to terminate this Agreement in whole or in part as a result of such failure other than pursuant to Clause 34.1(c) (*Termination by the Authority*) or Clause 34.6(b) (*Termination by the Supplier)*; and

(ii) neither Party shall be liable for any Default arising as a result of such failure;

(b) the Supplier fails to perform its obligations in accordance with this Agreement:

(i) the Authority shall not be entitled:

(A) during the continuance of the Force Majeure Event to exercise its rights under Clause 30 (*Remedial Adviser*) and/or Clause 31 (*Step-in Rights*) as a result of such failure;

(B) to receive Delay Payments pursuant to Clause 28 (*Delay Payments*) to the extent that the Achievement of any Milestone is affected by the Force Majeure Event; and

(C) to receive Service Credits, to withhold any of the Service Charges pursuant to Clause 7.2 (*Performance Failures*) or withhold and retain any of the Service Charges as compensation pursuant to Clause 7.4(a) (*Unacceptable Performance Failure*) to the extent that a Performance Failure has been caused by the Force Majeure Event; and

(ii) the Supplier shall be entitled to receive payment of the Charges (or a proportional payment of them) only to the extent that the Services (or part of the Services) continue to be performed in accordance with the terms of this Agreement during the occurrence of the Force Majeure Event.

33.7 The Affected Party shall notify the other Party as soon as practicable after the Force Majeure Event ceases or no longer causes the Affected Party to be unable to comply with its obligations under this Agreement.

33.8 Relief from liability for the Affected Party under this Clause 33 shall end as soon as the Force Majeure Event no longer causes the Affected Party to be unable to comply with its obligations under this Agreement and shall not be dependent on the serving of notice under Clause 33.7.

SECTION I | TERMINATION AND EXIT MANAGEMENT

34 TERMINATION RIGHTS

Termination by the Authority

34.1 The Authority may terminate this Agreement (in whole or in part) by issuing a Termination Notice to the Supplier:

(a) for convenience at any time, including where the Agreement should not have been entered into in view of a serious infringement of obligations under European Law declared by the Court of Justice of the European Union under Article 258 of the Treaty on the Functioning of the EU;

(b) if a Supplier Termination Event occurs;

(c) if a Force Majeure Event endures for a continuous period of more than ninety (90) days; or

(d) if the Agreement has been substantially amended to the extent that the Public Contracts Regulations 2015 require a new procurement procedure,

and this Agreement shall terminate on the date specified in the Termination Notice.

34.2 Where the Authority:

(a) is terminating this Agreement under Clause 34.1(b) due to the occurrence of either limb (c) and/or (j) of the definition of Supplier Termination Event, it may rely on a single material Default or on a number of Defaults or repeated Defaults (whether of the same or different obligations and regardless of whether such Defaults are cured) which taken together constitute a material Default; and/or

(b) has the right to terminate this Agreement under Clause 34.1(b) or Clause 34.1(c), it may, prior to or instead of terminating the whole of this Agreement, serve a Termination Notice requiring the Partial Termination of this Agreement to the extent that it relates to any part of the Services which are materially affected by the relevant circumstances.

Termination for Persistent Breach

34.3 If a Default by the Supplier has occurred on more than one occasion then without prejudice to any other right of the Authority to terminate this Agreement, the Authority may serve a notice (**"Termination Warning Notice"**) on the Supplier:

(a) specifying that it is a formal Termination Warning Notice;

(b) giving reasonable details of the Default; and

(c) stating that if such Default recurs or continues, it may result in termination of

this Agreement for Persistent Breach.

34.4 If the Default specified in the Termination Warning Notice recurs after the date of service of the relevant Termination Warning Notice then the Authority may serve a further notice on the Supplier (**"Final Termination Warning Notice"**):

(a) specifying that it is a Final Termination Warning Notice;

(b) stating that the specified Default has been the subject of a Termination Warning Notice served within the twelve (12) month period prior to the date of the Final Termination Warning Notice; and

(c) stating that if such Default continues or recurs on one or more occasion within the six (6) month period following the date of the Final Termination Warning Notice the Authority may serve written notice on the Supplier to terminate this Agreement for Persistent Breach (termination to take effect from the date set out in the notice).

34.5 Termination for Persistent Breach shall be treated in the same way as a termination following a Supplier Termination Event.

Termination by the Supplier

34.6 The Supplier may, by issuing a Termination Notice to the Authority, terminate:

(a) this Agreement if the Authority fails to pay an undisputed sum due to the Supplier under this Agreement which in aggregate exceeds the average monthly charge, and such amount remains outstanding forty (40) Working Days after the receipt by the Authority of a notice of non-payment from the Supplier; or

(b) any Services that are materially impacted by a Force Majeure Event that endures for a continuous period of more than ninety (90) days,

and this Agreement or the relevant Services (as the case may be) shall then terminate on the date specified in the Termination Notice (which shall not be less than twenty (20) Working Days from the date of the issue of the Termination Notice). If the operation of Clause 34.6(b) would result in a Partial Termination, the provisions of Clause 34.7 (*Partial Termination*) shall apply.

Partial Termination

34.7 If the Supplier notifies the Authority pursuant to Clause 34.6(b) (*Termination by the Supplier*) that it intends to terminate this Agreement in part and the Authority, acting reasonably, believes that the effect of such Partial Termination is to render the remaining Services incapable of meeting a significant part of the Authority Requirements, then the Authority shall be entitled to terminate the remaining part of this Agreement by serving a Termination Notice to the Supplier within one (1) month of receiving the Supplier's Termination Notice. For the purpose of this Clause 34.7, in

assessing the significance of any part of the Authority Requirements, regard shall be had not only to the proportion of that part to the Authority Requirements as a whole, but also to the importance of the relevant part to the Authority.

34.8 The Parties shall agree the effect of any Change necessitated by a Partial Termination in accordance with the Change Control Procedure, including the effect the Partial Termination may have on any other Services and the Charges, provided that:

(a) the Supplier shall not be entitled to an increase in the Charges in respect of the Services that have not been terminated if the Partial Termination arises due to the occurrence of a Supplier Termination Event;

(b) any adjustment to the Charges (if any) shall be calculated in accordance with the Financial Model and must be reasonable; and

(c) the Supplier shall not be entitled to reject the Change.

35 CONSEQUENCES OF EXPIRY OR TERMINATION

General Provisions on Expiry or Termination

35.1 The provisions of Clauses 5.7 (*Specially Written Software warranty*), 10.9 and 10.14 (*Promoting Tax Compliance*), 10.5 and 10.6 (*Set-off and Withholding*) , 12 (*Records, Reports, Audits and Open Book Data*), 14.7 (*Employment Indemnity*), 14.8 (*Income Tax and National Insurance Contributions*), 16 (*Intellectual Property Right*s), 17 (*Licences Granted by the Supplier*), 19.1 (*IPRs Indemnity*), 21 (*Confidentiality)* 22 (*Transparency and Freedom of Information*), 23 (*Protection of Personal Data*), 25 (*Limitations on Liability*), 35 (*Consequences of Expiry or Termination*), 41 (*Severance*), 43 (*Entire Agreement*), 44 (*Third Party Rights*), 47 (*Disputes*) and 48 (*Governing Law and Jurisdiction*), and the provisions of Schedules 1 (*Definitions*), 7.1 (*Charges and Invoicing*), 7.2 (*Payments on Termination*), 7.5 (*Financial Reports and Audit Rights*), 8.2 (*Reports and Records*), 8.4 (*Dispute Resolution Procedure*), 8.5 (*Exit Management*), and 9.1 (*Staff Transfer*), shall survive the termination or expiry of this Agreement.

Exit Management

SCHEDULE 2.1 | Services Description

SCHEDULE 2.1
SERVICES DESCRIPTION

Services Description

1 DEFINITIONS

In this Schedule, the following definitions shall apply:

"THE AUTHORITY"	means HM Revenue & Customs (HMRC), as the contracting authority and receivers of the services:
“THE SUPPLIER(S)”	means the person, firm or company with whom The Authority enters into the Contract:
“AGENT”	means a person using any of the systems:

2 INTRODUCTION

2.1 Background

a. The Authority is the UK's tax, payments and customs authority and its purpose is to collect the money that pays for the UK's public services and help families and individuals with targeted financial support.

b. During the financial year 2018-19, the Authority collected total revenues of £627.9bn at a cost of just over half a penny (£0.0052p) per pound and over £3bn tax was protected, or generated, from tackling organised crime.

c. The Authority has three strategic objectives, and everything it does is focused on delivering these for the UK. They are to:
   i. Maximise revenues due and bear down on avoidance and evasion
   ii. Transform tax and payments for its customers
   iii. Design and deliver a professional, efficient and engaged organisation

d. The Authority is designing new systems, products and processes around customers to make it as easy as possible for them to deal with it. The Authority's aim is to become the world's most digitally advanced tax authority and it has taken great strides towards achieving this ambition.

e. The number of taxpayers is growing as more people are in work, leading to an increase in overall demand for the Authority's customer services. To meet this demand, the Authority has invested in new online services which are being used by millions, such as Personal and Business Tax Accounts and online tax credits renewal.

f. The Authority is using sophisticated technology to analyse the enormous amount of data it holds in new ways – analysing risks and identifying customer needs so the Authority can support more people to pay the right tax at the right time. As a result, the Authority continues to have one of the lowest tax gaps (the difference between what is owed and what is collected) in the world.

g. The Authority as an organisation has entered into a commitment to transform the way it communicates and engages with its customers through the delivery of a set of world class integrated contact management services of which telephony is a key part. The telephony platform which supports the Authority's current customer contact which is due to reach its end of life in January 2021.

h. Replacing and improving the full telephony platform will play a role in the Authority's ambition to deliver a healthy tax system by providing world-class customer service. The Authority aims to support this by building services which:

i. Are relevant to the customer as it is personalised to their needs and requirements
ii. Are effortless and convenient to use (right channel at right time) with smooth transition between them.
iii. Addresses customer needs in a timely manner
iv. Are safe and secure, instilling trust in digital services
v. Uses clear and simple language, ensuring customers understand what is required of them
vi. Makes it easy for customers to access information and be informed on their tax and benefits obligations.
vii. Encourages 'Digital by Default'
viii. Builds in high degrees of automation

These improvements in customer service will drive enhanced compliance and debt prevention.

i. The following diagram describes the aims that the Authority is looking to achieve and the benefits that are expected to be realised by both customers and the Authority:

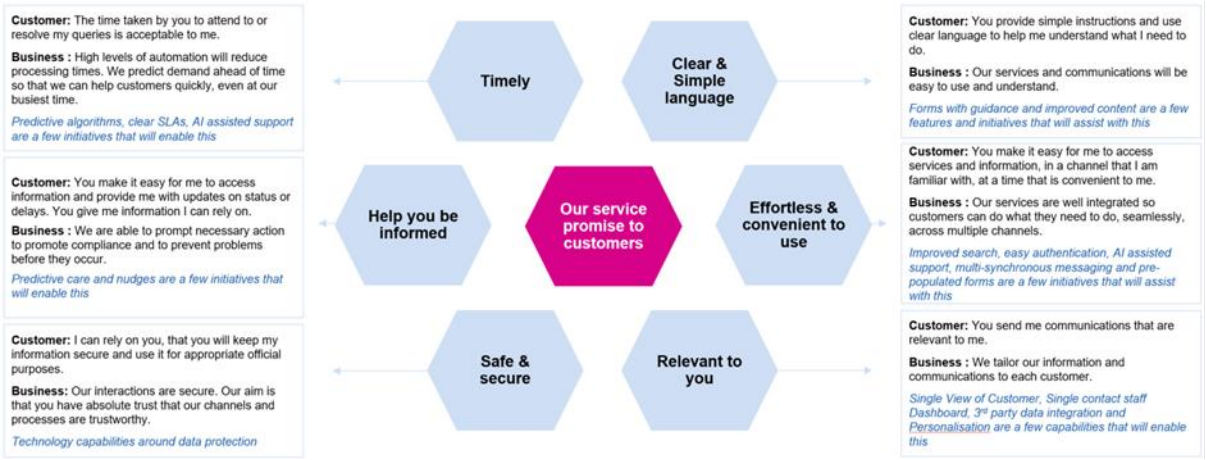

Figure 1

j. There is a need, therefore, for an intelligent telephony platform which integrates with digital platforms, where an integrated, multi-channel service with single view of the customer will allow customers to seamlessly move between channels and receive personalised advice and more 'right first time' interactions. The figure below captures the shifts required in how the Authority is looking to meet customer expectations and how things will change for the Authority and its staff as a result of a channel shift to a true digital first future.

		From…	To…
How things will change for customers	1	Outbound contact **dominated by 'post'**, with its content driving much **demand** – i.e. prompting contact for reassurance/clarification.	Outbound communication **shifts more to digital channels** and **'content' is remodelled** to drive understanding / awareness and **minimise unnecessary contact** (policy permitting) through preventative and proactive efforts.
	2	**Limited visibility** of a **customer's contact history**, current journey, and compliance/debt position with HMRC due to **highly fragmented** systems.	**Single view of the customer**, with full visibility of contact history, journey and HMRC position (Customer Analytic Record). Enables more **'right first time'** interactions.
	3	**Channel offer** with high **dependency on telephony.** There can be **friction** when customers seek to move across channels.	**Integrated seamless service** across a **channel offer**, with significant increase in uptake and effectiveness of **HMRC's digital channels and digital support**.
	4	**Limited customer segmentation** informing Customer Service operations, with the majority of **compliance activities** taking place **downstream**.	**Customer segmentation**, based on **'mindsets',** behaviours, and risk scoring to drive **more upstream compliance activities** curated around segment needs / preferences.
	5	**Advice on self-serve channels** has challenges around how easy it is to access, understand and apply. **Advice is not consistent** across channels.	**Personalised advice**, clear and available across a new channel offer designed around **customer needs and preferences,** making it easy for customer to self serve.
	6	**Manual filling in of forms** and limited **use of automation** to optimise the process for the customer, even if the journey begins online.	Secure utilisation of customer data to **increasingly automate contact**, **AI** utilised to support "**compliance**", and increased **automated handling** of manual work items.
How things will change for colleagues	7	Caseworker **productivity is mixed**, with known issues around **data quality** and the ability of supporting technology to enable the workforce.	Caseworker **productivity enhanced** through **automation and AI**, enabling greater focus on **more complex work** items.
	8	**Morale and attrition issues** linked, in part, to the challenges of working with existing **technology stack**, its **lack of flex** and the ways of working this drives.	Provision of **modern, secure and intuitive technology** to the workforce, enabling **greater flexibility** (of location and deployment), and **increasing engagement and morale**.
How things will change for our business	9	Relatively **inflexible organisational model** structured around lines of business, with **limited use of MI and analytics** to anticipate demand or direct resources.	**Data driven workforce planning** enables more **dynamic** customer service **capability**. Increased ability to allocate **right work item to right person** at the right time.
	10	**Time based, transactional KPIs** driving Customer Service Group performance and the SDP often leading to counter productive behaviours.	Performance and **management information on-demand** built around resolution of intents (informed by a single **customer analytic record**) and contribution to **HMRC outcomes**.

Figure 2.

k. The Authority's current technology and contractual relationships do not support these strategic aims. Therefore, the Authority cannot simply try to replicate the current telephony configuration with new technologies, as there is limited scope for future transformation. Transformation within its current system is restricted due to a number of factors:

   i. Cost of change and the time required due to the Authority's reliance on supplier-led change.

   ii. Links between telephony and digital channels are limited.

   iii. The Authority does not have the ability to fully leverage or optimise the offerings currently provided due to Contact Management Application (CMA) service limitations.

   iv. It would require further investment to expand the end-user community.

   v. It does not allow for an orchestration layer across all Lines of Business (LOBs)/Tax Regimes to provide a full 360-degree view of the customer.

   vi. Management information is limited and can be difficult to use.

   vii. The current Voice Automation implementation is not fully meeting the original objectives of routing customer to the right outcome whether that is advisor handled phone call, self-service options or online products.

l. The Authority is looking to replace the existing Telephony Platform with one suitable for the digital age under a contractual relationship that will give the flexibility to allow transformation to take place.

m. The size and scale of the current Authority telephony platform is one of the largest hosted contact centres in Europe:
   i. handling 55.5m call attempts per year (with significant peaks)
   ii. serving 8 independently managed Business Units (number may be revised during design) routing to agents through both natural language speech recognition and Dual Tone Multi-Frequency (DTMF) Interactive Voice Responses (IVR) with in excess of 575k customer journeys
   iii. through 196 locations
   iv. in 3.2k teams
   v. and 28k users (current capacity limit is 12k concurrent users on 12k active calls)
   vi. answering around 600 different Telephone Numbers (03xx/08xx)
   vii. with an ever-growing historical database of circa 300m encrypted call recordings plus circa 1.5m voice biometrics records
   viii. using approximately 4k user variables

   (see section 2.2.3 and Appendix I – 'Customer Contact Volumetrics' for further volumetrics)

n. To realise its ambition, the Authority requires the 'best in breed' product(s) that a Supplier, or Suppliers, have to offer and which incorporate its THREE services (Core & Carrier, Voice Automation, and Recording & Analytics) and meet the Authority's defined non-functional requirements.

o. Further details of the high-level requirements of the Authority's services are listed at Section 3.

p. The functional requirements that are set out in this RFP reflect industry norms and are similar to those for the current service. However, a significant difference between the current services provided to the Authority and the services required from the new Suppliers is the Authority's intention to use these functional capabilities in different ways to deliver improved customer outcomes. The Authority will use the new services as a foundation so that, going forward, it can transform the way that it engages with its customers. Hence, the flexibility and interoperability of the new services along with the innovative thinking and right working relationship with the Suppliers will be key to achieving this.

2.2 Telephony Platform Usage

2.2.1 Agent Locations

a. The Authority staff using these services will be based at over 100 UK locations. During the next few years the Authority will continue with its location strategy to bring all users into its regional centres (dates and numbers are indicative and may be subject to change). The table below lists the planned locations, the number of full-time employees they will support and the date by which consolidation of into those locations is expected to be completed:

Site	Transfer To Regional Centre Expected Completion Date	FTE Numbers
Birmingham	28/02/2021	2650 (+1200 Specialist)
Bristol	30/09/2020	1350 (+300 EU Exit)
Cardiff	28/02/2021	3600
Croydon	28/02/2026	2400 (+ 300 EU Exit + 900 Specialist)
Edinburgh	30/04/2022	2680
Glasgow	28/02/2026	2870
Leeds	31/03/2021	3850
Liverpool	31/03/2023	4100
Manchester	31/05/2028	2500
Newcastle	31/08/2024	6250
Northern Ireland	30/09/2020	1580 (+ 245 RFTU)
Nottingham	31/01/2022	3700 (+ 580 EU Exit)
Stratford	30/09/2027	4400 (+ 450 RFTU)
RFTU = Road Fuel Testing Unit		

Figure 3

b. Suppliers will be required to support the move to the regional centres. Details of current infrastructure and forthcoming changes are provided in Appendix M – 'Location Changes'.

c. Many of the site consolidation activities will occur during the period of the new telephony platform implementation so potential Suppliers must be prepared to handle these changes while performing implementation activities.

2.2.2 Agent Concurrency

a. The Authority requires flexibility in the concurrency of usage to reflect demand. It anticipates 30,000 configured users, an overall annual peak concurrency of at least 10,000 users for the telephony platform as a whole and an average monthly peak concurrency of around 8,700. These figures reflect the Authority's forecast based on current business as usual but there are a number of political and economic scenarios where a peak of up to 30,000 concurrent users may be required. The Supplier will be expected to enable this quickly.

2.2.3 Customer Contacts

a. To help illustrate the scale of the totality of the Authority's customer contact, detailed below is the total contact volumes for the 12-month period 1 April 2018 to 31 March 2019:
    i. Total telephone attempts (calls made to the platform): 55.5 million
    ii. Digital Tax Account and App session (Personal, Business and App): 76.5 million
    iii. Post & Submittable Online Forms: 20 million
    iv. Webchat: 1.4 million
    v. Visits to The Authority tagged pages on gov.uk: 521 million

b. In terms of in scope telephony only customer contact:
    i. Peak Day for calls received: 31 January 2019
    ii. Peak Day call attempts: 380,503
    iii. Peak Day for calls handled: 30 July 2018
    iv. Peak Day calls handled: 173,580
    v. In the last year there were 55.5 million calls to the platform.
    vi. The average call length was 10 minutes (for all calls), with the total call time being 555 million minutes.
    vii. The total time spent in the infrastructure (listening to messages and selecting options) is 143 million minutes, time in queue is 169 million minutes, time in talk is 221 million minutes and transferred calls 22 million minutes.
    viii. On average, for calls answered by agents, it takes just over 2.5 minutes to be routed through the infrastructure, 5 minutes being queued, and 7 minutes are spent speaking to an agent.

c. Current forecasts indicate that overall demand (in terms of incoming calls) is expected to fall by approximately 10% over the next 5 years. It should be noted that these changes are not consistent to all business lines and that other unforeseen factors may affect call volumes. In addition, the Authority expects that call volumes will decrease as the full benefits of customers utilising digital channels to interact with it is realised.

d. The Authority expects that the Telephony Platform can be quickly and automatically scaled up and down dependent on usage and unforeseen demand and to follow a consumption-based usage model. Irrespective of the Supplier's ability to scale the Telephony Platform quickly up or down quickly, The Authority requires an innovative pricing model that reflects the ambition to incur cost only for capacity and capability being actively used.

2.2.4 Service Operation Hours

a. Typical hours of the Core telephony services for individual customers and some business tax lines are 08:00 – 20:00. The Authority does currently have two business

areas that are open for service 24 hours per day, seven days a week. In addition, selected lines have extended opening hours during times of peak activity. Typical hours of the Core telephony services for individual customers and some business tax lines during Extended opening times are 08:00 – 22:00. Hours outside of these are defined as 'non-standard operating hours'.

b. Whilst the majority of lines are not open on Sundays at present, the Authority may require them to be open on specific days and have extended opening hours (e.g. immediately before a peak) and may require more general Sunday opening in the future.

c. The service times required by the Authority are that the Service shall be available 24 hours per day, 365 days per year (366 days in a leap year).

d. The Authority also requires the platform to be available for out of hours messaging, self-service applications and configuration changes 24 hours per day, 365 days a year (366 days in a leap year).

2.2.5 Current Contact Centre Capabilities

a. All of the existing Contact Centre capabilities, including the overall integrator role, will need to be replaced under the new procurement.

b. The current Contact Centre capabilities are:

i. Public Switched Telephone Network (PSTN) Services: The existing supplier provides the PSTN lines to the hosted Contact Centre to provide the necessary voice capacity to answer customer calls.

ii. Call Steering: IVR providing a DTMF based Service to route calls depending on the options selected on a customer keypad.

iii. Voice Automation using Automatic Speech Recognition: Natural Language Call Steering using customer utterances to understand call reason and route accordingly, automated identification & verification, and several self-serve applications such as card payment processing and tax credit renewals.

iv. Queuing – Calls are sent to contact centre queues either based on intents from Natural Language Call Steering, information gathered from IVR menus or based on dialled number. While in queue announcements and information messages are played to customers, then calls are routed to the next available adviser within the relevant adviser group.

v. Voice Recording – The vast majority of calls are recorded and retained for a period of six years plus the current tax year, with all calls being available for instant access. There are some exclusions in relation to recording calls achieved via specific agent or dialled number configuration.

vi. Speech Analytics – For the 2 lines of business using speech analytics, 20% of call recordings are transcribed and analysed using the speech analytics service to provide insight into demand, reasons for call and customer experience.

vii. Outbound Dialling – A list management tool is used to segment, sort and prioritise customer records for customer outbound contact. The outbound dialler is utilised in various dialling modes (including preview and progressive dialling) with associated dialling strategies to maximise outbound right party contacts.

viii. Advisor User Interface – Enables agents to sign onto the contact platform and manage their status while providing call control capabilities (receive a call, place a call, put a call on hold, transfer a call, conference a call). The user interface can be configured by The Authority to display the relevant customer information.

ix. CTI Service – Provides the link between various telephony components including Voice Recording and the screen pop to an adviser desktop.

x. Reporting – Reporting is provided on real-time and historical components, and data is extracted out into the Authority's data store for further analysis.

xi. Operational Quality Management – Adviser call handling evaluation tool with reporting capabilities.

xii. Voice Biometrics - Customers having elected to register their voice are able to authenticate using voice biometrics.

xiii. Automated Testing – Used to place automated calls into the Authority's contact centre to test the health and correctness of the call steering services.

c. Also in the scope of current services but not within the scope of this procurement:

i. WFM – Integrated with the contact platform to provide historical and real-time information on both customer and agent activity to support planning, scheduling and adherence to schedules.

3 TELEPHONY PLATFORM – SERVICES

a. The Authority as an organisation has entered into a commitment to transform the way it communicates and engages with its customers through the delivery of a set of world class integrated contact management services of which telephony is a key part. The telephony platform which supports the Authority's current customer contact is due to reach its end of life in January 2021.

b. As outlined in Appendix E – 'Key Principles' the Authority has a number of key principles which the Supplier must abide by. These key principles (which apply to all lots) are:
   i. Create The Right Relationships – Promote shared ownership of the solution and its development
   ii. Scalable/Elastic Solutions – Allow the Authority to easily and quickly scale services up or down in response to changes in demand
   iii. Payment For Usage – The Authority is seeking an innovative pricing model that reflects the ambition to incur cost only for capacity and capability being actively used.
   iv. Delivery Confidence - Use of the telephone is a key feature and solutions must be capable of handling the Authority's large, diverse and complex telephony services which can be implemented quickly, robustly and securely.
   v. Innovation – To work in partnership with the Authority to drive innovation and continual improvement to services.
   vi. Skills Transfer – Enable the Authority to become more self-sufficient

c. The Telephony Platform will be made up of various component services which have been divided into three lots. ***This schedule and contract is for Lot 1, but the outline of all three is as follows:***
   i. Lot 1 – Core and Carrier Services with Integration
      1) Core System - telephony capabilities for receiving, queuing and handling inbound telephone calls and making bulk outbound calls.
      2) Carrier Services - capability to make and receive calls from the public telecommunications network, including the provisions of connections to the public network, intelligent network layer and a range of non-geographic telephone numbers.
      3) Systems Integrator – performing the IT Delivery Lead role to ensure that the different telephony systems delivered under lots 1 – 3 will integrate with each other and with the wider ecosystem.

   ii. Lot 2 – Voice Automation

1) Voice Automation - the use of Voice Automation in identifying and verifying caller's identity and intent, call steering and access to voice self-service applications.
2) Voice Biometrics - capability to deliver secure and accurate customer identification based on the unique characteristics of their voice.

iii. Lot 3 – Recording and Analytics

1) Recording and Storage - the recording of calls received by the Authority and the secure storage of around 300m call recordings.
2) Transcription and Interaction - the transcription and analysis on calls received by the Authority. Integrating the analytical capability with all other telephony components will bring greater business insight and capability for data-driven change.
3) Quality Management – the capability to analyse and score agent behaviour and automatically measure and report on call quality.

d. The Supplier must ensure that each component part of the platform and the supporting professional services:
   i. Has all the mandatory functionality and non-functional characteristics described in Appendix C – 'Lot 1 - Core and Carrier Requirements' as appropriate.
   ii. Has the capability to integrate with other services as outlined in Appendix A – 'Architectural Overview'.
e. By replacing and improving the full telephony platform we will deliver a service that will drive enhanced compliance and debt prevention (as outlined in section 2).

f. The Authority requires solutions that have the right capabilities and flexibility to meet our needs, and those of its diverse customer base, both now and as they evolve throughout the life of the contract. The solutions must have the ability to integrate using industry standard interfaces with other components used by the Authority, be able to accommodate the extreme fluctuations in the volume of contact and complexity of the business operation and follow a consumption-based usage model when being charged for the service.

g. The Supplier must:
   i. Have a clear understanding of the Authority's volumes and peak processing periods (as outlined in Appendix I – 'Customer Contact Volumetrics') to ensure the capability to efficiently handle the Authority's volumes consistently throughout the year. This is mandatory and forms part of the Supplier's Key Performance Indicators (KPIs)

ii. Ensure that peaks in service are accommodated, requiring robust performance monitoring and business continuity processes as well as proactive communication with the Authority leading up to these peaks.
iii. Ensure that the service has the flexibility, and its functionality appropriately partitioned, to accommodate the Authority in making local changes, e.g. light touch governance allowing business configuration within agreed Service levels without formal change requests.
iv. Be able to satisfy the size of scale of the Authority's telephony platform project.
v. Have prior experience of delivering a program of skills and knowledge transfer to an organisation of a size and complexity comparable to the Authority.

h. The Telephony Platform must:
   i. Be capable of spanning across the entire organisation with multiple Business Units
   ii. Be industry standard compliant out of the box or with relatively simple configuration tools
   iii. Be independently scalable and configurable for each business line
   iv. Allow call flows and automated dialogues which are designed to support rapid change

i. The services implemented under this procurement must allow the Authority to implement a design approach where:
   i. Business services are designed "digital first" allowing integration with digital services
   ii. The ecosystem can be extended by adding further products and capabilities in the future
   iii. Personalised dialogues reflect the Authority's understanding of customer needs
   iv. The customer experiences a quicker and more insightful response to their call

3.1 **Lot** 1 – Core and Carrier Services with Integration Service

a. The Supplier for this lot must provide the Core and Carrier Services and lead on the integration with other services used by the Authority. Since the Core and Carrier services are central to Contact Engagement processing, The Supplier must also deliver an Integration Service, performing the IT Delivery Lead (ITDL) role, working with the Authority and other selected Suppliers to implement their services as part of the Telephony Re-platforming in particular and as part of the wider evolving Contact Engagement architecture.

3.1.1 Core System

a. The Authority requires a world class, industry leading service that allows it to receive and manage efficiently and maximise best value from incoming customer calls, and make and manage outgoing calls. The Supplier will provide a Core System which meets the mandatory functional and non-functional characteristics detailed in Appendix C - 'Lot 1 - Core and Carrier Requirements' in the section relating to Core System.

b. The Core System must be capable of handling the Authority's call volumes and meet the Authority's pre-requisite to be scalable, both up and down, to meet business peaks. In doing so, it must ensure a sustained high quality of service for voice, measured using MOS (Mean Opinion Score), of 4.1 or higher for call quality across telephony services as outlined in the end-to-end topology diagram shown in section 6.4.

c. The Core System must have the capability to support agents using single sign-on across multiple systems and working at Authority locations and other locations where there is a secured Virtual Private Network (VPN) connection. It will also have the capability to integrate with Microsoft Teams and will have a Soft Phone capability.

d. Although the Advisor UI service is being provided by Pega at the time of the Effective Date, the Supplier's Core Service should also have a user interface capability that agents can use, if required, either for an interim period before the Advisor UI has been implemented across the Authority's estate or for a limited number of agents who may not be using the Advisor UI service. In line with the key principles outlined in Appendix E – 'Key Principles', the Authority would not expect any associated cost for this functionality if it is not used.

e. The Core System must have the capability to receive and manage inbound calls with the ability to automatically trigger outbound Short Message Service (SMS) texts, enable the caller to traverse to digital communication channels and allow call-back options. It must also enable identification of unique Customer Line Identities (CLI) which require different treatment and be able to support Payment Card Industry (PCI) compliant card payment methods.

f. The Core System must have an outbound dialler and list management capability which can receive lists from integrated third-party campaign management tools, legacy systems or via a graphical user interface (GUI). It must be able to apply segmentation and filtering to outbound contact lists and have the capability to manage call-backs, removal of duplicate numbers, define a CLI for an outbound campaign and provide real-time reporting on outbound abandoned calls.

g. Other capabilities will include conferencing, call transfer, speed dials, call prioritisation (between internal and external), searchable directories and a softphone.

h. Supervisor functions such as live call monitoring and barge in are required, as are administrator functions to configure how agents receive calls, are allocated to queues and to change their state on the platform. It will also allow the Authority to maintain user accounts without recourse to change request processes and without incurring additional costs.

i. The Core System will facilitate the capturing of Customer Feedback Surveys by allowing customers to opt into surveys and select the appropriate survey channel/method for them. The solution should be flexible, being fully adaptable/configurable by the Authority, allowing easy access to the data customers provide the Authority for extraction and analysis.

j. The Supplier will be expected to migrate over from the current telephony service (consisting of approximately 1,500 call reasons across 18 different helplines (around 10k call reasons in total across the Authority), 1.1k Agent Skill Sets and 2k Routing Scripts which will need to be rationalised as part of this process.

k. The Supplier will be expected to work with the Authority to develop an efficient customer journey strategy, utilising multivariate testing and incremental transformational change approaches that help steer callers onto the Authority's digital offerings.

3.1.2 Carrier Service

a. The Authority requires a world class, industry leading service offering carrier grade availability, which allows the Authority to receive and make calls 24 hours a day, 365 days a year. The Supplier will provide a Carrier Service which meets the mandatory functional and non-functional characteristics detailed in Appendix C - 'Lot 1 – Core and Carrier Requirements' in the section relating to Carrier Service.

b. The Carrier Service must connect to the Public Switched Telephone Network (PSTN) and support geographic, non-geographic and international calls. The Service must provide resilient support for inbound and outbound calls to and from all these

number types, route these into the contact platform and be able to select a target destination for these numbers. It also must have the capability to make and receive calls originating from the internet.

c. At no additional cost, the Supplier will have the capacity to port existing live numbers (currently estimated at less than 600 live different telephone numbers currently in use) and will work with the incumbent Supplier(s), and their partners, to achieve this. The Supplier must allow the Authority to stagger the porting of telephone numbers from the incumbent to the new provider based on a migration plan defined by the Authority. The Carrier Service must have the capability to distribute calls across multiple platforms to support a staggered migration between the Authority's old and new contact centre platforms.

d. In addition, the Supplier will have a pool of available network-enabled numbers for use at short notice as the Authority must be able to directly provision and configure new telephone numbers.

e. The Carrier Service must have the capacity and capability to handle and support high volumes of calls and telephony activity, including high numbers of concurrent users and customers queuing and accessing the automated service. Key to this service will be its capability to provide flexibility of service and its capacity to meet a highly dynamic and fluctuating demand. It must support business priorities including increased call volumes, concurrent users, and bringing additional locations into the Virtual Contact Centre environment to support peak demand.

f. The Carrier Service must ensure a sustained high quality of service for voice, measured using MOS (Mean Opinion Score), of 4.1 or higher for call quality across telephony services as outlined in the end-to-end topology diagram shown in section 6.4.

g. In addition to the capabilities mentioned above, the Carrier service must allow the Authority to add, move, modify or delete user accounts without additional costs to those given for the service implementation.

3.1.3 Systems Integrator

a. The Supplier will perform an ITDL and Systems Integrator (SI) role in line with the mandatory requirements detailed in Appendix C - 'Lot 1 – Core and Carrier Requirements' in the sections relating to ITDL Roles and SI Roles.

b. In addition to delivering the Core System and Carrier Service, the Supplier of Lot 1 will perform a Systems Integrator ITDL role having responsibility for ensuring all capabilities delivered within Lot 1 are integrated and that the capabilities within Lots 2 and 3 are also integrated. This will include integration with other services within the wider ecosystem.

c. Appendix A – 'Architectural Overview' describes the services with which it is anticipated telephony products will be required to integrate, including but not exclusive to:
    i. Pegasystems (known as Pega) delivering the Advisor UI and
    ii. Nuance delivering the Digital Engagement Platform.

d. The Supplier will need to collaborate with the other Suppliers and the Authority to help find solutions to any issues arising, taking the lead role in identifying options that will deliver the expected business outcomes.

e. During the initial transition period, the Supplier will be required to work with the Authority (which will provide architectural direction, design parameters, direction on appropriate standards and policies) to deliver an overall transition plan and to deliver an overarching design of the telephony services in addition to a detailed design for the components within Lot 1. The Supplier will agree the design with the Authority who will need to assure that the design meets all the service requirements.

f. The ITDL role will apply throughout the planning, designing, building, testing, deployment and transition phases through to delivery of the service into a live environment.

g. The Supplier will also be required to prepare appropriate reporting and tooling to facilitate service management once the services are delivered into live running.

h. In addition, for a period following the initial transition, the Supplier will be required to perform a lead role in service management of the telephony services until the Authority's staff have sufficient knowledge for them to take over the lead role in the day-to-day service management.

i. Following transition, where any significant changes to services are required which are not within the scope of service management, the Supplier will continue to provide input.

j. The ITDL SI/ SI roles the Supplier will perform are detailed in Appendix C – 'Lot 1 - Core and Carrier Requirements', however, these duties may change during discussions between the Authority and the Supplier as the roles and relationship are established in more detail.

4 MANAGEMENT INFORMATION (MI) REPORTING

a. As one of the biggest telephony contact organisations in the UK, the Authority needs to develop its MI & Analytics capability to provide better customer service at a lower cost. The range of reasons for contacting the Authority is vast and complex and understanding the reasons and how this links with wider customer contact end-to-end journeys will enable the Authority to radically evolve its digital engagement offering to deliver better value for money for the public purse.

b. To enable the Authority to achieve this, the Supplier services will provide a data feed to a repository containing data gathered from all Customer Contact channels and Digital Services. The data feed must have all the granular underlying data to enable the Authority to develop its own reporting and analytical solution to improve Business Insight and allow the Authority to take the right action quickly to improve customer service.

c. Whilst this is being developed, the Authority requires the Supplier to deliver a comprehensive suite of MI reports to allow the Authority to operate. All components provided by the Supplier must have some 'out of the box industry standard' self-serve reporting capability, configurable and customisable to allow reporting of the Authority's KPIs. These metrics must be consistent with what has been reported in the past due to the Authority being accountable to HM Treasury through Treasury Select Committee and Parliamentary Accounts Committee. The Authority will also need to know about all aspects of the business through management information reported at various levels, including performance metrics, speech analytics and transcriptions, customer survey results and customer drop-out rates.

d. Detailed requirements for Management Information Reporting relating to all lots are shown in:
    i. Appendix L - 'MIS Requirements'

The Supplier must comply with all MIS Requirements related to Lot 1.

and are additional to the requirements shown in:
    ii. Appendix C – 'Lot 1 - Core and Carrier Requirements'

5 OVERARCHING NON-FUNCTIONAL REQUIREMENTS

a. Overarching non-functional requirements have been listed within this section but comprehensive details of all non-functional requirement are detailed in the Requirements spreadsheets in the appendices.

5.1 Service Continuity Plan and Corporate Resolution Planning

a. The Supplier must ensure that the service supplied to the Authority is resilient. As referred to in Schedule 8.6 (*Service Continuity Plan and Corporate Resolution Planning*), the Supplier must provide a Service Continuity plan, which details how the service will be continued should there be a breakdown in the Supplier's IT infrastructure, such as a server becoming unavailable.

5.2 Planned Downtime, Updates and Maintenance

a. The Supplier must agree with the Authority the times and timescales in advance when the planned downtime, updates and maintenance will take place.

b. The Supplier must ensure that:
   i. Software updates and maintenance takes place outside of peak periods and Periods of Heightened Change (PoHC) unless there is a clear and agreed need to undertake it.
   ii. Software updates are planned in advance, tested by The Supplier (and the Authority when needed) and approved by the Authority before going live.
   iii. There is an option to regress if an update fails in the live environment.

5.3 Support Service

a. The Supplier must offer ongoing support either via a dedicated helpline (during business hours including hours of extended working at peak times) or specific contact points (during non-business hours). Escalation routes must be available at all times. This support should be available for both:
   i. Hardware; and
   ii. IT/Software.

5.3.1 Hardware Breakdowns

a. In respect of hardware breakdowns, the Supplier must maintain sufficient redundancy in the Telephony Service or its component parts to ensure that their Service Level Agreements are not breached.

5.3.2 Operate Uninterrupted

a. The telephony platform must operate uninterrupted during normal office hours, referred to in Section 2.2.4, and any updates which limit the service working at maximum capacity must be carried out during non-standard operating hours.

b. Where maintenance activities to manage patches and upgrades are required, these must be planned outside of core operating hours and peak periods, in agreement with the Authority, and must be undertaken in a timely way to minimise risk, business disruption, and downtime.

5.3.3 Service Levels/Credits

a. The Supplier must adhere to the service levels detailed in Schedule 2.2 (*Performance Levels*) which will include a service credit framework.

5.4 Service Responsiveness

a. The Authority deals with a fluctuating high volume of calls throughout the year. The telephony platform, and each of the services delivered by the Suppliers, must be capable of handling these large peak volumes (as defined by the Authority) without the responsiveness of the service being noticeably reduced when under load.

5.5 Cloud based

a. Services must be hosted by the Supplier and should be cloud based within the UK.

6 ABILITY TO INTEGRATE

6.1 Collaborative Working with The Authority

a. The Supplier must work with the Authority and other service providers during the design, build, implementation and live running of the service and adhere to the Architectural overview set out in Appendix A – 'Architectural Overview', which shows key integration points and shows the positioning of the Telephony Platform in the context of an omni-channel customer experience.

6.2 Collaborative Working with Other Suppliers

a. The Supplier must work with other service providers of the wider Authority Customer Engagement Platform to help develop a completely integrated customer journey, for example switching between voice/telephony, digital, integration with Advisor UI etc.

6.3 Integration Architecture View

a. The telephony systems will form part of a wider engagement ecosystem and must be capable of integrating with other systems as shown in Appendix A – 'Architecture Overview'.

b. When developing the software for integration into the Authority's IT systems, the following elements must be accommodated:
   i. Target Architecture
   ii. All data should reside in the UK, including Service Continuity and failover scenarios
   iii. The Supplier will provide minimum requirements for (amongst other things) infrastructure, operating systems and databases to be provisioned within any other system currently used or hosted by the Authority.

6.4 End-to-End Topology

a. The overall topology of the Contact Engagement Platform is shown in the background details below. It contains known and not yet known suppliers as well as the incumbent service delivered out of the Authority's connected datacentres.

b. The agents are located in the Authority's offices at the bottom of the diagram and either currently have or will soon have direct Internet access from their office through a secure Platform as a Service (PaaS) browsing solution.

c. There is also Authority corporate access from the office into existing legacy and new strategic datacentres. All offices and datacentres have a secure path to the Internet

where a number of suppliers are delivering key elements of the Contact Engagement Platform.

d. As of the Effective Date, the centre of the Contact Engagement Platform is the Pega platform which is currently responsible for the Adviser UI and may in the future implement other omni-channel services.

e. As of the Effective Date, Nuance Cloud will provide Webchat as well as a webchat based Virtual Assistant (VA) capability and it is expected that other platforms will deliver the Contact Centre as a Service.

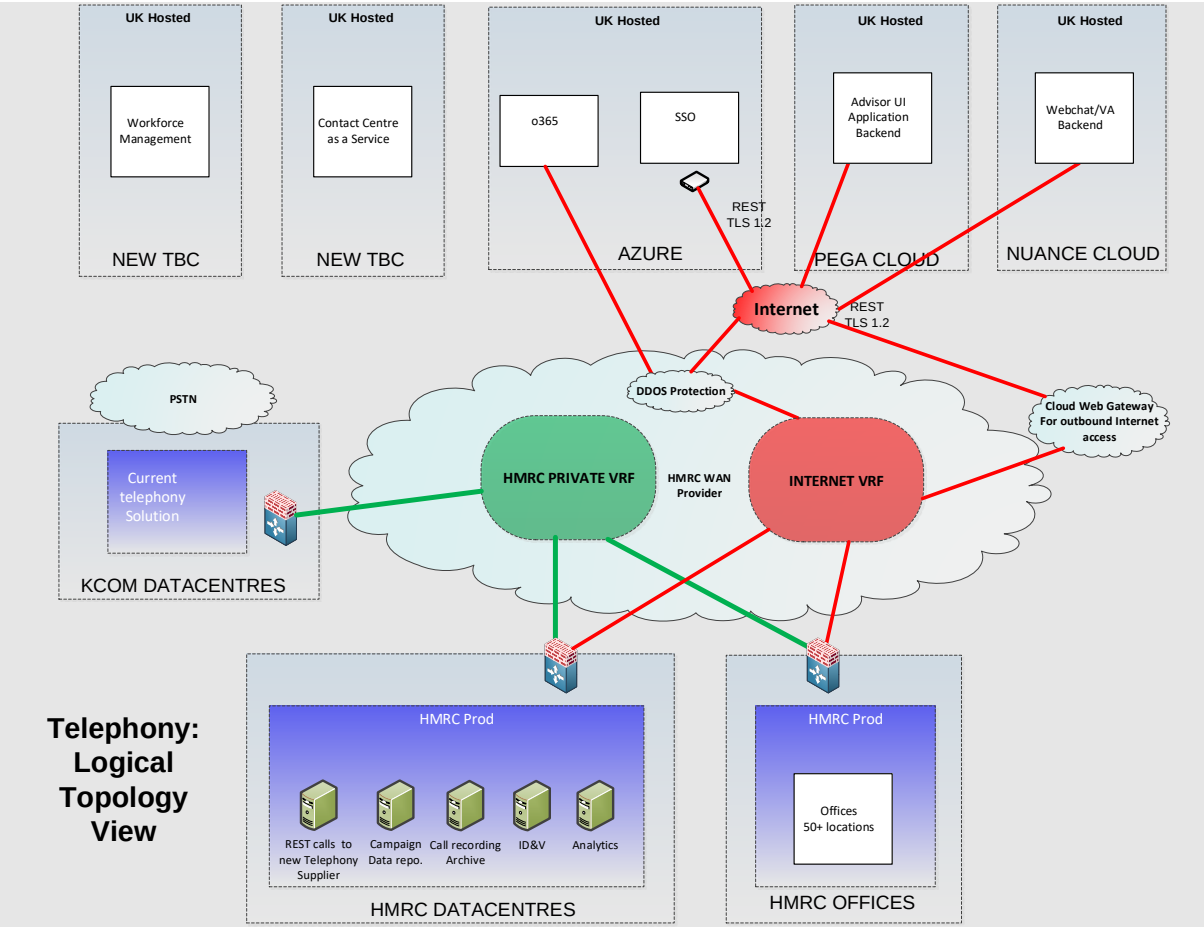

Figure 4

6.5 Integrate with other Contact Platforms

a. Services provided by the Supplier must have the capability to integrate with other contact platforms using open standards to enable unified communication. They must be able to integrate with cloud platforms such as AWS and MS Azure and must comply with Cloud security controls and the Supplier must work with the Authority

to ensure their services remain compatible with other Contact Platforms as changes, enhancements and upgrades are made during the life of the contract.

6.6 Integrate with external Case Management and Contact Management Systems

a. Services must have the capability to integrate with external case management & contact management systems using open standards.

6.7 Integrate with Desktops and Browsers

a. The Supplier services should, in principle, be thin client by design and ideally be browser agnostic. Browsers currently used by the Authority are shown in Appendix A – 'Architectural Overview'.
b. The Supplier must work with the Authority to ensure that their services remain compatible with the browsers and desktops being used by he Authority as upgrades are made during the life of the contract.

c. Although the Authority uses the latest stable software on the Authority's estate where possible, there may be occurrences where this is not the case. Suppliers must work with the Authority to ensure compatibility across end user devices.

6.8 Integrate with Headsets

a. Where applicable, The Supplier will be required to stipulate the types of headsets that their services are compatible with. The Headsets currently used by the Authority are:
    i. Plantronics HW710-HW720 using DA80 amp
    ii. Jabra Biz 2300 and Biz 2400 utilising the Link 260 MS cable

6.9 Device Agnostic

a. Services must be device agnostic through all common voice-based platforms (Landline, Mobile, Tablet).

7 SECURITY AND AUDIT

7.1 Security Plan

a. The Supplier must adhere to industry security best practices and will be required to comply with the security guidelines and standards as set out in Schedule 2.4 (*Security Management*). This requires the Supplier to prepare a Security Management Plan in accordance with the Authority's Security Policy.

b. The Authority has developed a Supplier Security Questionnaire which is a standard set of questions and recommendations covering the principles of protective security to be applied in delivering the services in accordance with The Authority's Security Policy and Standards (Appendix K – 'Supplier Security Questionnaire'). The Supplier Security Questionnaire ensures consistency across relevant contracts and the Supplier is required to provide answers to the standard set of questions contained within this questionnaire to formulate the initial Security Management Plan.

c. The Supplier's responses, together with any subsequent amendments as may be agreed as part of a clarification process, will be included in the signed version of any resulting agreement, as confirmation that the content of the Security Management Plan has been agreed with the Authority.

d. Once agreed, the Security Management Plan will also apply to any sub-contractors engaged by the Supplier to perform any of the services and the Supplier must provide details, where applicable, of sub-contractors' compliance to all the security requirements.

7.2 Security Controls

a. The Supplier's service must provide evidence that relevant security controls are in place to protect against security attacks, malware infections and Distributed Denial of Service (DDoS) attacks.

b. The Supplier must provide evidence on request of an effective vulnerability management system and response times in disclosing and fixing vulnerabilities.

7.3 Security Clearance

a. The Supplier's staff must provide assurance that any of its staff that will directly come in contact with the Authority's data are security vetted to an appropriate level. Any of the Supplier's staff accessing the Authority's sites during the transition phase must have at least Baseline Personnel Security Standard clearance, as per the conditions in Appendix B – 'Security Standards'. The Authority will sponsor the Supplier's staff.

7.4 Data Security

a. The Supplier's services must be able handle official and official-sensitive classifications of data, apply appropriate security controls to each and it must use the appropriate encryption standards between end points and call control servers.

b. The Supplier's service must provide appropriate user authentication controls and an effective access management system to ensure that anyone with access to the Authority's data has been authorised and appropriately security cleared.

7.5 Offshoring

a. All data storage and processing must be UK onshore. Any access to systems by offshore support teams of the Supplier and/or Sub-contractors must not allow access to the Authority's customer data and the Supplier must inform the Authority about any offshore activities relating to the hosting, administration or disaster recovery options for the Authority's data or it's processing. The following definition of Offshoring includes examples which would not be permitted.

b. <u>The definition of Offshoring</u>

Offshoring is defined by the Cabinet Office as: *"Any arrangement where the performance of any part of the services or a solution under a contract may occur outside the UK for domestic (UK) consumption."*

Examples of offshoring could include the:

i. use of a cloud service or platform hosted outside the UK;
ii. storage of customer email addresses at a supplier's data centre in the United States;
iii. overseas remote support to UK based technology assets where remote administrators could access customer data.

7.6 Audit Trails and Logs

a. The Supplier must provide any assistance as may be required by the Authority for the Authority to meet its GDPR requirements.

b. Under GDPR, the Authority has a responsibility to adequately protect the data for which it is responsible and the use of audit trails on all the Authority's systems is a requirement for security accreditation.

c. The Supplier's services are required to comply with Appendix B – 'Security Standards' as set out in this Agreement (this applies to both internal and external operators) and that there is logging and analysis of all operator activity. This will include the collection and retention of information enabling identification of user activity which will enable detection of fraud and/or system misuse.

d. General Internal Audit (IA) requirements for any system are to audit view accesses, access to general MI data, access to management/audit trails and logs, access to call recording and high privilege access to systems. All systems must be fully auditable from day one of live running.

7.6.1 Audit Rights

a. In the context of financial reporting and accuracy of charges & costs, the Authority (or its Audit Agents) shall have the right, during the Term and for a period of 18 months thereafter, to assess the Supplier's (and Sub-contractors') compliance to obligations under Schedule 7.5 (*Financial Reports Audit Rights*), Part C.

8 TRANSITION

8.1 Phased Approach

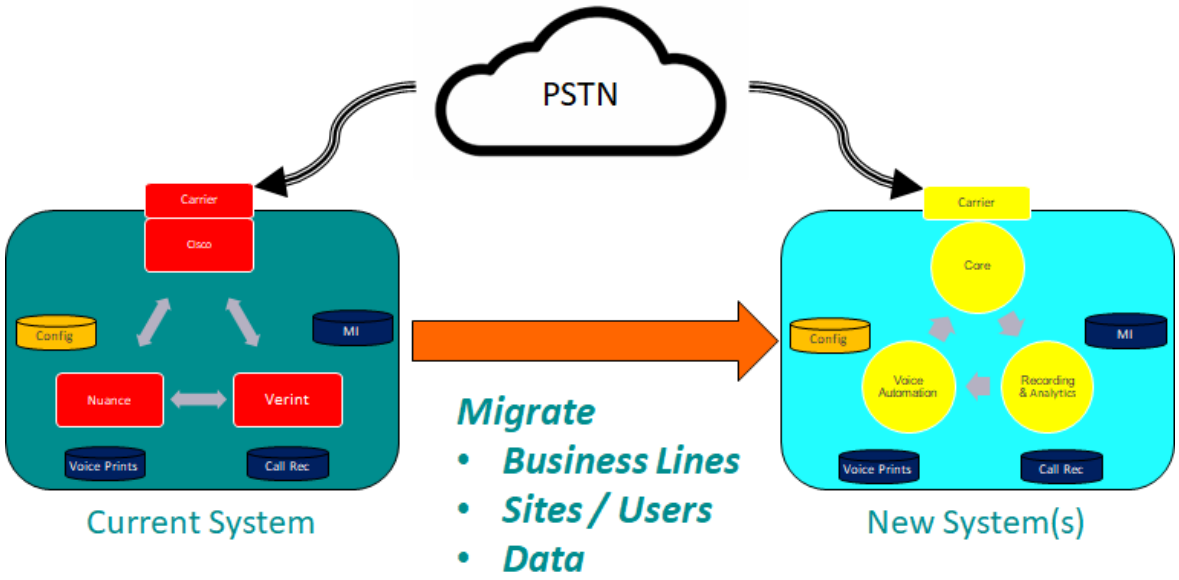

Figure 5

a. The Authority requires a phased approach across the independently managed business units to ensure that the Telephony Platform is operable end-to-end before any existing services are migrated across to the new service. Current requirements cover generic telephony capabilities required and how the Authority will use them will be determined during the detailed design phase. As referred to in Schedule 6.2 (*Transition*), the Supplier must provide a transition plan which must be agreed with the Authority.

b. It is required that the Supplier supports the Authority by:

Business Support

i. Providing best practice on organising and managing large implementation and migration exercises.
ii. Training front line staff in new technologies – training key Authority staff to enable them to train others within the Authority.

Technology Support

iii. Distributing incoming customer calls between current and new systems during migration of larger business lines.
iv. Migrating data from current systems into the Supplier's new services – this will include call recordings, biometric voice prints and site/team/user configuration data as appropriate.
v. Creating a single MI view covering current and new system(s).
vi. Porting of telephone numbers once migration is complete.

c. Responses should include proposals for how this implementation can best be achieved.

8.2 Smooth Transition

a. It is essential that during the Transition to the new platform, the service is managed carefully to ensure that the current levels of operations are preserved and that no break in service occurs. To ensure a smooth Transition, the Supplier and Authority will be required to work in conjunction with the Former Supplier and their partners. The Supplier's service should be able to produce suitable Management Information to allow monitoring of performance during this transition period.

8.3 Transition Timeline

a. The Authority has an assumed timeline of events shown in the table below:

	Date	**Event**	**Comments**
1	1st March 2021	Interim Service Commencement Date	Initial Transition stage begins. Operable solution goes live.
2	1st August 2021	Operational Service Commencement Date	Full solution goes live.

Figure 6

b. Whilst the Authority recognises that the timeline is challenging, the Supplier must ensure planning takes place to ensure all activities required are completed in order to maintain the above milestones set out, particularly the Interim Service Commencement Date.

c. As stipulated in Schedule 7.1 (*Charges and Invoicing*), the Authority will pay the Supplier incentive payments if they meet or exceed the milestone dates for the Interim Service Commencement Date and the Operational Service Commencement Date.

8.4 Warranty Period

a. Following completion of the Transition, the Supplier must ensure that staff with intimate knowledge of the delivered platform are available to support the Implementation during the Term of the contract.

b. As the Authority achieves increased self-sufficiency throughout the life of the contract it is expected that the need for Supplier support will reduce, however, the Supplier should ensure that key support roles with knowledgeable staff are retained.

9 SERVICE PROVISION

9.1 Accessibility Standards

a. The Supplier must provide any assistance as may be required by the Authority for the Authority to meet its accessibility standards.

b. The Authority recognises the need to ensure that its Information Communication Technology (ICT) products and services can be used by everyone, whether internal staff or external customers, from a population with the widest range of characteristics and capabilities. This may need to be achieved through the use of hardware and/or software added to or connected to a system that increases accessibility for an individual.

c. In order to achieve this, the Authority has adopted the European Standard 'EN 301 549 Accessibility requirements suitable for public procurement of ICT products and services in Europe' (which includes extending the Web Content Accessibility Guidelines 2.1, success criterion AA (WCAG v2.1 AA) to non-web systems) as our minimum accessibility standard.

d. Without overriding the need for the EN301 549 standard to be met, the key accessibility elements of the standard are listed in Sections 3 and 4 of Appendix D – 'Accessibility Questionnaire', and by answering the associated questions, it will assist the Authority in evaluating the readiness of your ICT product and/or service to meet the standard.

9.2 Training

a. The Authority anticipates that it will be working with new technologies which its staff currently lack the skills and experience to work on. It will be a condition of the contract that the Supplier, and their integration partners, will put in place a training strategy to upskill the Authority's staff in the use of the Supplier's service.

b. The type and level of training should be dependent on the role being performed by the Authority's staff and the exact nature, timing and quality of the training will be agreed with the Authority.

c. As well as the training itself (whether face-to-face, remotely delivered or digitally delivered), training material must also be provided to help support the on-going use of the Supplier's service and the Supplier must provide updated guidance to accompany any updates to Hardware and/or Software etc., when required.

d. For specific training requirements see:
    i. Appendix C – 'Core and Carrier Requirements' requirement L1-087

9.3 Innovation

a. Whilst there are prescriptive elements to the requirement, the Authority requires the Supplier to offer innovative options which would continuously improve the service. This is to enable the Authority to take advantage of new capabilities being delivered either by the Supplier's component or by components delivered by other suppliers where integration may be required.

b. The preparation and provision of proposals will be at no cost to the Authority.

9.4 Testing

a. The Supplier must ensure that unit/module testing has been completed on each component and, where the Supplier provides more than one component, between each of the Supplier's components. These Supplier internal tests will include functional tests, integration tests and load tests. Once the Supplier has completed these tests and is satisfied that the components being provided meet the functional and non-functional requirements that have been specified by the Authority, the Supplier will be required to present their test evidence to the Authority for each phase that they have undertaken.

b. Following the internal tests performed on their components, the Supplier must provide environments to support acceptance testing of their product by the Authority's nominated Test and Release Service. To achieve acceptance of their component, the Supplier will be expected to partake in inter-system and acceptance testing managed by the Authority which will include functional, load, soak and call quality testing. Where any testing is carried out by a third party engaged by the Authority and the Supplier's product causes the tests to fail, the Supplier will be required to fund any repeat tests that are required as a result. In addition, the Supplier will be required to cooperate with the Authority and allow it to perform penetration tests both on and off the Supplier's premises.

c. Performance metrics used in the acceptance tests will be agreed in line with the Authority's stated non-functional requirements. The Supplier is expected to collaborate with the Authority and other suppliers in the testing of their components to ensure that quality is being built into the solution being delivered.

9.5 Incident Management

a. The Supplier will be expected to work within ITILv4 processes and integrate with the Authority's IT Service Desk. This will involve the provision of:

i. Helpdesk function with a support contact number for queries referred by the ITSD
ii. Trained and dedicated helpdesk staff that respond to queries referred by the ITSD
iii. Escalation processes for the Service Management Community
iv. Issue references must allow traceability of issues across all helpdesks

9.6 Licences and Certificate Planning

a. The Supplier must ensure that all licences and certificates that are required to deliver and run the Services are monitored to ensure that any renewals take place before expiration so that no break in service is suffered by the Authority.

10 Staff Transfer

As noted in Clause 14.10 (Staff Transfer) of this contract the Parties agree that, where the commencement of the provision of the Services or any part of the Services results in one or more Relevant Transfers under TUPE, Schedule 9.1 (Staff Transfer) shall apply. Where the commencement of the provision of the Services or any part of the Services does not result in one or more Relevant Transfers under TUPE, Part C of Schedule 9.1 shall apply.

The Supplier acknowledges that, as detailed in Section 3 to this Schedule 2.1 the Authority intends to fragment the existing managed service provision leading to a new type of Telephony Platform, which may impact on the extent to which TUPE may or may not apply.

10.1 Transition Planning

Outline Transition Plan

As part of the transition planning process detailed in Schedule 6.1 (*Transition*), the Supplier takes responsibility for any activities relating to Staff Transfer in the Outline Transition Plan.

This includes obtaining further information from the Former Supplier needed in order to:

a) verify that the criteria for a Staff Transfer exist;
b) verify that the Former Supplier's Provisional Supplier Personnel List is correct and, where necessary, arrange for the Former Supplier to make periodic updates as and when additional information or changes in circumstances become apparent;
c) agree the Former Supplier's Final Supplier Personnel List; and
d) agree the Relevant Transfer Date for each Relevant Transfer that will take place, which may be at different times as and when the Services transition across.

The Supplier must ensure that the Former Supplier's Final Supplier Personnel List and the Relevant Transfer Date is agreed between the Former Supplier and the Authority before any Relevant Transfer is scheduled to take place, especially where the

Authority is required to reimburse the Supplier of any direct costs incurred as a result of a Relevant Transfer, as referred to in paragraph 10.2.

Detailed Transition Plan

Where, during the transition planning process, it is confirmed that a Relevant Transfer will apply, then the Supplier must:

a) ensure that the Former Supplier's Final Supplier Personnel List is included as an appendix to the Detailed Transition plan; and
b) manage the Relevant Transfer using the process as detailed in Schedule 9.1 (*Staff Transfer*) Part B.

Should the Supplier be made aware and identify a further Relevant Transfer may be applicable post-commencement of the Services, then Schedule 9.1, Staff Transfer, Parts C will apply to manage the Relevant Transfer process.

10.2 Reimbursement of direct additional costs

For a period up to six months after the Operational Service Commencement Date the Authority will reimburse the Supplier for the actual direct costs incurred, as detailed in Schedule 7.1 (*Charges and Invoicing*).

10.3 Use of Information

The information contained in the Former Supplier's Provisional Supplier Personnel List at Appendix N is confidential and must be treated accordingly. The Supplier must not copy or use the material except for the purposes of managing this contract.

Whilst the Authority obtained the information contained the Former Supplier's Provisional Supplier Personnel List in good faith, the Authority gives no warranty, guarantee or assurance as to the accuracy of the information provided, and is not responsible for errors or omissions in it. This information represents the position at the time of the contract effective date and may be subject to change once the Service transition planning process commences.

11 CONTRACT MANAGER/CONTRACT MANAGEMENT TEAM

11.1 Supplier Contract Manager

a. The Supplier must provide a Representative/Contract Manager/Contract Management team to facilitate the business as usual activities associated with the service.

11.2 Contract Manager Role

a. The Contract Manager will liaise with the Authority's Representative/Contract Manager/Contract Management team as may be applicable given the nature and the extent of services required.

11.3 Monitor, Maintain and Improve

a. The primary contract management activity from both parties will be to monitor, maintain and improve the service performance as detailed in Schedule 2.2 (*Performance Levels*).

11.4 Formal Contract Management Plan

a. To effectively manage the contract, both parties will contribute to, and agree, a formal contract management plan, as part of the transition phase.

11.5 Governance Process

a. Contract management will form part of the overall governance process, as referred to in Schedule 8.1 (*Governance*).

SCHEDULE 2.2 | Performance Levels

Schedule 2.2 | Performance Levels

1 DEFINITIONS

In this Schedule, the following definitions shall apply:

"KBE Notice" and "KBE End Notice"	has the meaning given at Paragraph **Error! Reference source not found.** of Part A;
"Key Business Event"	means an event designated as such by the Authority from time to time;
"Performance Failure"	has the meaning given in Paragraph 1.7 of Part A;
"Performance Monitoring Report"	has the meaning given in Paragraph **Error! Reference source not found.** of Part B;
"Performance Review Meeting"	the regular meetings between the Supplier and the Authority to manage and review the Supplier's performance under this Schedule, as further described in Paragraph **Error! Reference source not found.** of Part B;
"Repeat KPI Failure"	has the meaning given in Paragraph **Error! Reference source not found.** of Part A;
"Repeat SPI Failure"	has the meaning given in Paragraph **Error! Reference source not found.** of Part A;
"Repeat Failure Count"	has the meaning given in Paragraph **Error! Reference source not found.** of Part A;
"Service Credit Cap"	means the cap described at Paragraph 6.3 of Part A;
"Severity Levels"	means, for each Performance Indicator, the bands or levels of performance falling below the Target Performance Level which determine the seriousness of the Supplier's failure, as determined in accordance with the tables in Annex 1 and which are further described in paragraph 1.7 of Part A;

PART A | Performance Indicators and Service Credits

1 PERFORMANCE INDICATORS

1.1 Annex 1 to this Schedule sets out the Performance Indicators which the Parties have agreed shall be used to measure the performance of the Services by the Supplier.

1.2 Performance Indicators are be broken down into Key Performance Indicators and Subsidiary Performance Indicators, the Supplier's performance of and against which the Parties have agreed will be measured.

1.3 The Supplier shall perform the Services so that they meet or exceed the applicable Target Performance Levels at all times.

1.4 Each Performance Indicator which relates to a Service shall apply and be measured from the relevant Operational Service Commencement Date of the relevant Service(s) to which that Performance Indicator relates (unless otherwise stated in Annex 1).

1.5 The Supplier shall monitor its performance of the Services against the Target Performance Level for each Performance Indicator and shall send the Authority a Performance Monitoring Report detailing the level of service and relevant level of performance actually achieved by the Supplier against each Performance Indicator in the relevant Measurement Period in accordance with the provisions of Part B of this Schedule.

1.6 The Target Performance Level is the minimum standard of performance which is required by the Authority. A **"Performance Failure"** will have occurred where the Supplier fails to provide any part of the Services in accordance with and so as to at least meet the relevant Target Performance Levels. Performance Failures are further divided into the following Severity Levels:

(a) a "Minor KPI Failure" or "Minor SPI Failure" will have occurred where the Supplier fails to provide any part of the Services to a level which meets or exceeds the Target Performance Level for the relevant Performance Indicator, but where performance meets or exceeds the relevant Major Failure Performance Threshold;

(b) a "Major KPI Failure" or "Major SPI Failure" will have occurred where the Supplier fails to provide any part of the Services to a level which meets or exceeds the Major Failure Performance Threshold for the relevant Performance Indicator, but where performance meets or exceeds the relevant Critical Failure Performance Threshold (as appropriate) (if one exists)

(c) a "Critical KPI Failure" will have occurred where the Supplier fails to provide any part of the Services to a level which meets or exceeds the Critical Failure Performance Threshold for the relevant Performance Indicator. It is acknowledged and agreed by the Supplier that the Critical Failure Performance Threshold level has been set for the most critical of the Services and Performance Indicators, and represents a level of non-performance by the Supplier which would represent a serious Performance Failure

1.7 The Parties acknowledge and agree that not every Performance Indicator has each Severity Level associated with it. The Parties further acknowledge and agree that no Key Performance Indicator shall be modelled in a way which only has a Critical KPI Failure level. For example, a Key Performance Indicator may have a "Minor KPI Failure" Level and a "Critical KPI Failure" level attributed to it, but not a "Critical KPI Failure" level only.

1.8 If the Supplier fails to measure or report on a Performance Indicator in accordance with the requirements placed upon it by Part B of this Schedule, the Supplier shall be deemed to have failed to meet the Target Performance Level for the relevant Performance Indicator in the relevant Measurement Period, unless the Authority otherwise agrees in writing. For the purposes of paragraphs **Error! Reference source not found.** below, Service Points shall accrue to the Supplier in respect of that deemed Performance Failure and following the relevant Service Period at the highest available level associated with that Performance Indicator.

1.9 Service Points, and therefore Service Credits, shall accrue for any KPI Failure which occurs in the relevant Measurement Period and shall be calculated in accordance with Paragraphs **Error! Reference source not found.**,**Error! Reference source not found.** and 6 of this Part A.

1.10 Service Points do not accrue for any SPI Failure which occurs in the relevant Measurement Period, however the relevant Subsidiary Performance Indicator shall be monitored and reported on in accordance with Part B of this Schedule.

2 CREATION, MODIFICATION, PROMOTION AND DEMOTION OF PERFORMANCE INDICATORS AND KEY BUSINESS EVENTS

2.1 Without prejudice to the rules on promotion and demotion below, new Performance Indicators for existing Services may only be added to the Agreement through the Change Control Procedure. Where a new Service is introduced to this Agreement through the Change Control Procedure, appropriate Performance Indicators, Target Performance Levels Major Failure Performance Thresholds and Critical Failure Performance Thresholds may either be proposed by the Authority or failing that, shall be proposed by the Supplier (acting reasonably and in good faith in accordance with Good Industry Practice) as part of its Impact Assessment in relation to the relevant proposed Change (and, so far as possible, taking an approach which is commensurate with the nearest equivalent Performance Indicator(s) already in existence under the Agreement and the best equivalent level which is otherwise available in the market at the relevant time). Such proposed details will be agreed and documented at the same time that the new Service is agreed and documented. Unless otherwise agreed in writing by the Authority, the Supplier shall not be entitled to invoice for any relevant Charges until the Performance Indicators, Target Performance Levels Major Failure Performance Thresholds and Critical Failure Performance Thresholds which are to apply to the same have been defined, agreed and documented.

2.2 Once Performance Indicators, Target Performance Levels and Major Failure and Critical Failure Performance Thresholds and Severity Levels have been defined, agreed and documented for a new Service in accordance with paragraph **Error! Reference source not found.** above, the Supplier shall be entitled to invoice the Authority in respect of its provision of the new Service from the date on which the new Service commenced. Any such invoice shall take account of and include any Service Credits which would have accrued to the Authority had the new Performance Indicators, Target Performance Levels and Severity Levels (which have been agreed in respect of the relevant Service) been agreed and applicable from and including the date on which the new Service commenced (including deemed failures as provided for in paragraph **Error! Reference source not found.** above).

2.3 The Authority may remove a Performance Indicator at its sole discretion at any time by giving notice to the Supplier. Such notice and removal will take effect from the end of the relevant applicable Measurement Period or, if sooner, the date following 30 days from the date of the notice (or such other time, if any, as may be specified by the Authority in the relevant notice). The consequence of such removal by the Authority shall be that the removed Performance Indicator will no longer be applicable to future or existing Services and any Service Points which may have been attributed to such a removed Performance Indicator may be re-allocated by the Authority amongst the remaining Performance Indicators in accordance with paragraph **Error! Reference source not found.** below save that such re-allocation may happen at any time in line with, and shall take effect at the same time as, the removal of the relevant Performance Indicator.

2.4 Without prejudice to the ability of the Authority to select between different Service Level Categories in accordance with the Agreement and/or any changes in accordance with Paragraphs **Error! Reference source not found.** and **Error! Reference source not found.** below Target Performance Level, Major Failure Performance Threshold, Critical Failure Performance Threshold, and/or a Severity Level may only be changed as a result of the application of:

(a) the Change Control Procedure;

(b) the continuous improvement requirements set out in clause 8 of this Agreement which will be addressed through the Change Control Procedure;

(c) the agreed results of a benchmarking exercise which is carried out pursuant to the provisions of Schedule 7.3 (*Value for Money*) which will be addressed through the Change Control Procedure; or

(d) an adjustment under paragraphs **Error! Reference source not found.** and **Error! Reference source not found.** below to reflect the designation by the Authority of a Key Business Event.

2.5 Any KPI may, at any time, be demoted by the Authority to an SPI at the sole discretion of the Authority and by sending written notice to the Supplier. Any such demotion shall take effect from the end of the relevant applicable Measurement Period or, if sooner, the date falling 30 days from the date of the relevant notice (or such other time, if any, as may be specified by the Authority in the relevant notice) . Where a KPI is demoted to a SPI, Service Points shall no longer accrue where the Supplier fails to meet or exceed the Target Performance Level in respect of such Performance Indicator. All other attributes (including the relevant Target Performance Level and Severity Levels) of the KPI shall remain unaffected. Any Service Points which may have been attributed to such a demoted KPI may be re-allocated by the Authority amongst the remaining Performance Indicators in accordance with paragraph **Error! Reference source not found.** below, save that such re-allocation may happen at any time and in line with, and shall take effect at the same time as, the demotion of the relevant KPI.

2.6 Subject to the remaining provisions of this paragraph **Error! Reference source not found.**, and without prejudice (and in addition) to paragraph **Error! Reference source not found.** below, a SPI may be promoted to a KPI at the sole discretion of the Authority by sending written notice to the Supplier at least one relevant Measurement Period in advance of any such promotion. The promotion of an SPI to a KPI shall take effect at the start of the next Measurement Period to commence for that promoted SPI following service of notice in writing by the Authority in accordance with this paragraph **Error! Reference source not found.**. The Parties agree that:

(a) no more than one (1) SPI can be promoted to a KPI in any one Measurement Period but without prejudice and in addition to any promotion under paragraph **Error! Reference source not found.** below;

(b) no promoted KPI can be demoted to an SPI for three (3) full relevant Measurement Periods (commencing with the first Measurement Period to occur for the new KPI following service of notice in writing by the Authority in accordance with this paragraph **Error! Reference source not found.**);

(c) promoted KPIs shall be liable to accrue Service Points in accordance with the provisions of paragraph **Error! Reference source not found.** (and the Authority may in the notice of promotion confirm how Service points are to be allocated to the relevant promoted KPI and, where relevant, moves from other KPIs); and

(d) to the extent that it does not already have one, the Authority may designate the Major Failure Performance Threshold(s) and/or Critical Failure Performance Threshold(s) which will apply to the newly promoted KPI

2.7 In addition to any promotion under paragraph **Error! Reference source not found.** above, the Authority shall be entitled to promote a SPI to a KPI when the SPI has accrued a Repeat SPI Failure (as further outlined in paragraph **Error! Reference source not found.**). Where the relevant SPI is promoted to a KPI (which shall be conducted in accordance with paragraph **Error! Reference source not found.**), the Repeat Failure Count which applied to the SPI shall be reset to zero (0) (i.e. as if there had been no preceding Performance Failure in respect of the newly promoted KPI).

2.8 The Authority may, at any time on 20 days' notice in writing to the Supplier, declare that a particular event relating to the business of the Authority is a Key Business Event ("**KBE Notice**"). In such KBE Notice, the Authority may also set out any adjustments which it requires in relation to the Performance Indicators and which will apply for the purposes of that Key Business Event. Such adjustments and notice may include:

(a) The date on which the adjustments will take effect

and

(b) The relevant duration for which the adjustments will apply

2.9 In the event that the Authority serves a KBE Notice on the Supplier in accordance with paragraph **Error! Reference source not found.** above, the Supplier agrees that the relevant adjustments shall apply to this Agreement for any duration set out in the notice or, if no such duration is specified, until the Authority provides a further notice in writing to the Supplier confirming that the relevant Key Business Event has ended and the relevant adjustments are no longer required ("**KBE End Notice**"). The KBE End Notice shall take effect meaning that the relevant adjustments shall (without prejudice to any Changes to the Agreement which may have been agreed between the Parties following the service of the relevant KBE Notice) cease to apply for the purposes of this Agreement no sooner than 20 days from the date of the relevant KBE End Notice.

3 SERVICE POINTS

3.1 If the level of performance of the Supplier during a Measurement Period meets or exceeds the Target Performance Level in respect of a Key Performance Indicator, no Service Points shall accrue to the Supplier in respect of that Key Performance Indicator.

3.2 If the level of performance of the Supplier during a Measurement Period is below the Target Performance Level in respect of a Key Performance Indicator, Service Points shall accrue to the Supplier in respect of that Key Performance Indicator as set out in Annex 1 (and as such points may be adjusted in accordance with this Schedule).

3.3 The number of Service Points that shall accrue to the Supplier in respect of a KPI Failure shall be the relevant number as set out in Annex 1 (in its form at the relevant time and as may be adjusted in accordance with this Schedule and the Agreement) depending on whether the KPI Failure is a Minor KPI Failure, a Major KPI Failure or a Critical KPI Failure, unless the KPI Failure is a Repeat KPI Failure in which case the provisions of paragraph **Error! Reference source not found.** shall also apply. For the avoidance of doubt, where a KPI only has Service Points associated with a Minor KPI failure and/or a Major KPI Failure, then in the event of a Critical KPI Failure against that KPI, Service Points shall still accrue to the Supplier, and at the highest available amount associated with that KPI.

3.4 It is acknowledged and agreed that the total number of Service Points that may be allocated across all KPIs shall not exceed 100. In calculating this figure, the Service Points that are deemed to be allocated to any one KPI shall be the maximum Service Points that can be awarded in respect of a Performance Failure relating to that Key Performance Indicator. Annex 1 to this Schedule sets out the initial allocation of Service Points across the KPIs and shall be updated from time to time in accordance with the provisions of this Schedule.

Example: if, for a particular KPI, a Minor KPI Failure is allocated 10 Service Points and a Major KPI Failure is allocated 20 Service Points, the total Service Point allocation to that KPI for the purposes of this paragraph (and assessing the amount from the total

mentioned above which is allocated to that KPI) would be 20.

3.5 The Authority shall be entitled to redistribute Service Points between KPIs (including newly promoted KPIs and from demoted or removed KPIs) at its sole discretion by giving at least one (1) months' notice in writing to the Supplier without prejudice to any time periods applicable under paragraph **Error! Reference source not found.**, **Error! Reference source not found.** or **Error! Reference source not found.** above but without having to follow the Change Control Procedure, subject to the following restrictions:

(a) the maximum number of Service Points that can be allocated to any one (1) single KPI is 15 (without prejudice to the application of Paragraph **Error! Reference source not found.** below in relation to Repeat Failures);

(b) no more than 60 Service Points can be reallocated across all of the KPIs in any one Measurement Period (save for any reallocation as a result of a promotion under paragraph **Error! Reference source not found.** above and/or as a result of a Key Business Event as described at paragraphs **Error! Reference source not found.** and **Error! Reference source not found.** above)

(c) any such reallocation shall take effect at the start of the next Measurement Period to commence for the relevant KPIs following service of notice in writing by the Authority in accordance with this paragraph 3.5;

and

(d) the total Service Points allocated cannot (without prejudice to the application of Paragraph **Error! Reference source not found.** below) exceed the limit specified in paragraph **Error! Reference source not found.**, although not all Service Points need to be allocated at all times (For example only and without prejudice to the formality of this section, a KPI which is measured on a monthly basis may have 10 Service Points deducted from it and moved to a KPI which is measured on a quarterly basis. As the KPI measured on a quarterly basis is on a different measurement cycle to the monthly KPI, those Service Points will not be relevant for accrual until the end of the relevant quarterly Measurement Period). Any unallocated Service Points are available to be allocated by HMRC in addition to the limit specified in **Error! Reference source not found.**.

3.6 For the avoidance of doubt:

(a) Service Points (and accordingly Service Credits) shall be accrued cumulatively by the Supplier (and for each KPI against which there is a relevant Performance Failure). Service Credits and Service Points accrued by the Supplier for all Performance Failures in a Service Period shall be added together to give the total Service Credit due from the Supplier in respect of that Service Period

4 REPEAT KPI FAILURES

4.1 If a KPI Failure occurs in respect of the same Key Performance Indicator in any two consecutive Measurement Periods, the second and any subsequent such KPI Failure shall be a **"Repeat KPI Failure"**.

4.2 If a SPI Failure occurs in respect of the same Subsidiary Performance Indicator in any two consecutive Measurements Periods, the second and any subsequent SPI Failure shall be a **"Repeat SPI Failure"**. The Supplier shall track and report on the current number of sequential Repeat SPI Failures for each Subsidiary Performance Indicator.

4.3 In each Performance Monitoring Report, the Supplier shall track and report on the current number of sequential Repeat KPI Failures for each KPI (the "**Repeat Failure Count"**). For example, if a KPI Failure has occurred in three (3) sequential Measurement Periods, the Repeat Failure Count will be two (2).

4.4 The Repeat Failure Count shall be a count of the number of sequential Repeat KPI Failures (being failures to meet the relevant Target Performance Levels). The severity of the Performance Failure shall be irrelevant to the Repeat Failure Count. Any Minor KPI Failures, Major KPI Failures and Critical KPI Failures shall each be counted as one increment of the Repeat Failure Count.

4.5 When, in a Measurement Period, a KPI with a Repeat Failure Count above zero (0) meets its Target Performance Level, the Repeat Failure Count shall be reset to zero (0).

4.6 Without prejudice to the Authority's other rights and remedies, there shall be no upper limit to the Repeat Failure Count. However, a Repeat Failure Count of four (4) or more shall be deemed to be a Critical KPI Failure by the Supplier against the relevant KPI.

4.7 The number of Service Points that shall accrue to the Supplier in respect of a Measurement Period and for a KPI Failure that is a Repeat KPI Failure shall be calculated as follows:

SP = P + (P * RFC (* 0.5))

where:

SP = the number of Service Points that shall accrue for the relevant Repeat KPI Failure;

P = the applicable number of Service Points for that KPI Failure as set out in Annex 1 (as updated) depending on whether the relevant Repeat KPI Failure is a Minor KPI Failure, a Major KPI Failure or a Critical KPI Failure and the applicable Service Level Category; and

RFC = the Repeat Failure Count.

5 REMEDIES

5.1 Without prejudice to the Authority's other rights and remedies in this Agreement, the Parties acknowledge and agree that Critical KPI Failures and Repeat KPI Failures (at the level referred to at paragraph **Error! Reference source not found.** above) represent a level of non-performance that would entitle the Authority to invoke its termination rights set out in clause 34.1(b)of this Agreement.

5.2 The Parties agree that Service Credits are a non-exclusive remedy, and shall be without prejudice to any rights or remedies of the Authority under this Agreement or at Law including any entitlement that the Authority may have to damages and/or to terminate.

5.3 The provisions of clause 32 of this Agreement shall apply in respect of any failure by the Supplier to provide the Services in accordance with the Target Performance Levels which would not have occurred but for an Authority Cause.

5.4 Once any necessary allocation of Service Points has been determined and made, the Parties shall make the necessary adjustments to the next invoice to be raised by the Supplier pursuant to Schedule 7.1 (*Charges and Invoicing*).

6 SERVICE CREDITS AND AMOUNT AT RISK

6.1 Schedule 7.1 (*Charges and Invoicing*) sets out the mechanism by which Service Credits are applied to invoices.

6.2 The maximum Service Credits which shall be payable by the Supplier in respect of the relevant Key Performance Indicators, irrespective of the number of Service Points accrued, shall not exceed the Service Credit Cap.

6.3 The Service Credit Cap shall be, 15% of the monthly Charges for the Services. For the avoidance of doubt, the operation of a Service Credit Cap shall not affect the continued accrual of Service Points where relevant in accordance with the provisions of this Schedule (for the purposes of calculating whether certain thresholds within this Agreement have been reached).

6.4 Service Credits shall be calculated by reference to the number of Service Points accrued in any one Service Period and by reference to those Key Performance Indicators for which the Measurement Period ended in or at the end of that Service Period.

6.5 For each Service Period:

(a) the Service Points accrued shall be converted to a percentage deduction from the Charges for the relevant Service Period; and

(b) the total Service Credits applicable in respect of the Service Period shall be calculated in accordance with the following formula:

SC = TSP x X x AC where where:

SC is the total Service Credits for the relevant Service Period;

TSP is the total Service Points that have accrued for the relevant Service Period;

X is 1%; and

AC is the total Run Services Charges payable for the Service Period (prior to deduction of applicable Service Credits).

6.6 The Authority shall use the Performance Monitoring Reports provided pursuant to Part B, amongst other things, to verify the calculation and accuracy of the Service Credits (if any) applicable to each Service Period.

6.7 It is acknowledged and agreed that, where in accordance with this Schedule, a change is made to the Performance Indicators, including (but not limited to) a change in the allocation of Service Points and/or the promotion or demotion of a SPI or KPI, the Authority may issue a revised version of Annex 1 reflecting such changes and that version shall, as between the Parties, apply for the purposes of this Schedule from that point.

PART B | Performance Monitoring

1 PERFORMANCE MONITORING AND PERFORMANCE REVIEW

1.1 Within 10 Working Days of the end of each Service Period, the Supplier shall provide a report to the Authority Representative which summarises the performance by the Supplier against each of the applicable Target Performance Levels as more particularly described in Paragraph 1.2 of this Part B (the "**Performance Monitoring Report**").

1.2 The Performance Monitoring Report shall be in such format as requested by the Authority from time to time, but shall contain, as a minimum, the following information:

Information in respect of the Service Period just ended

(a) for each Key Performance Indicator and Subsidiary Performance Indicator, the actual performance achieved over the Service Period and the relevant Measurement Period which has just ended, and that achieved over the previous three (3) relevant Measurement Periods;

(b) a summary of all Performance Failures that occurred during or which have occurred by the end of the Service Period;

(c) the Severity Level of each Performance Failure which occurred during the Service Period or by the end of it;

(d) which Performance Failures remain outstanding and progress in resolving them;

(e) for any Critical KPI Failures occurring during or by the end of the Service Period, the cause of the relevant KPI Failure and the action being taken to reduce the likelihood of recurrence;

(f) the status of any outstanding Rectification Plan processes, including:

(i) whether or not a Rectification Plan has been agreed; and

(ii) where a Rectification Plan has been agreed, a summary of the Supplier's progress in implementing that Rectification Plan;

(g) for any Repeat KPI Failures and/or Repeat SPI Failures, actions taken to resolve the underlying cause and prevent recurrence;

(h) the number of Service Points awarded in respect of each KPI Failure;

(i) the Service Credits to be applied, indicating the KPI Failure(s) to which the Service Credits relate;

(j) relevant particulars of any aspects of the Supplier's performance which fail to meet the requirements of this Agreement;

(k) such other details as the Authority may reasonably require from time to time;

Information in respect of previous Service Periods

(l) a rolling total of the number of Performance Failures that have occurred over or by the end of the past six Service Periods, including any Repeat Failure Counts; and

(m) the amount of Service Credits that have been incurred by the Supplier over or by the end of the past six Service Periods.

Performance Disputes

1.3 The Performance Monitoring Report shall be reviewed by the Authority including at the next Performance Review Meeting held in accordance with Paragraph 1.5. The Supplier acknowledges and agrees that the Authority may, whilst it considers the Performance Monitoring Report, provide, acting reasonably and in good faith, its own assessment of the Supplier's actual level of performance against a particular Performance Indicator. In the event of any dispute or difference between the Supplier's assessment and the Authority's assessment in respect of a Performance Indicator the Authority's assessment shall, for the purposes of the calculation of the Supplier's level of actual performance in relation to the relevant Measurement Period (and any associated remedies) prevail. However, without prejudice to the foregoing, the Supplier shall be entitled to subsequently escalate any remaining dispute or difference to in accordance with the Dispute Resolution Procedure.

1.4 The Parties shall attend meetings on a monthly basis (unless otherwise agreed) to review the Performance Monitoring Reports. These meetings (**"Performance Review Meetings"**) shall (unless otherwise agreed):

(a) take place within 5 Working Days of the Performance Monitoring Report being issued by the Supplier;

(b) take place at such location and time (within normal business hours) as the Authority shall reasonably require (unless otherwise agreed in advance); and

(c) be attended by the Supplier Representative and the Authority Representative.

1.5 The Authority shall be entitled to raise any additional questions and/or request any further information from the Supplier regarding any Performance Failure.

(a) suggested improvements to the effectiveness of the ISMS;

(b) updates to the risk assessments;

(c) proposed modifications to respond to events that may impact on the ISMS including the security incident management process, incident response plans and general procedures and controls that affect information security; and

(d) suggested improvements in measuring the effectiveness of controls.

5.3 Subject to Paragraph 5.4, any change which the Supplier proposes to make to the ISMS or Security Management Plan (as a result of a review carried out pursuant to Paragraph 5.1, an Authority request, a change to Schedule 2.1 (*Services Description*) or otherwise) shall be subject to the Change Control Procedure and shall not be implemented until approved in writing by the Authority.

5.4 The Authority may, where it is reasonable to do so, approve and require changes or amendments to the ISMS or Security Management Plan to be implemented on timescales faster than set out in the Change Control Procedure but, without prejudice to their effectiveness, all such changes and amendments shall thereafter be subject to the Change Control Procedure for the purposes of formalising and documenting the relevant change or amendment for the purposes of this Agreement.

6 SECURITY TESTING

6.1 The Supplier shall conduct relevant Security Tests from time to time (and at least annually across the scope of the ISMS) and additionally after significant architectural changes to the IT Environment or after any change or amendment to the ISMS, (including security incident management processes and incident response plans) or the Security Management Plan. Security Tests shall be designed and implemented by the Supplier so as to minimise the impact on the delivery of the Services and the date, timing, content and conduct of such Security Tests shall be agreed in advance with the Authority. The Supplier shall conduct, document and provide to the Authority a risk assessment to enable the Authority to consider whether a Security Test should be carried out. Subject to compliance by the Supplier with the foregoing requirements, if any Security Tests adversely affect the Supplier's ability to deliver the Services so as to meet the Target Performance Levels, the Supplier shall be granted relief against any resultant under-performance for the period of the Security Tests.

6.2 The Authority shall be entitled to send a representative to witness the conduct of the Security Tests. The Supplier shall provide the Authority with the results of such tests (in a form approved by the Authority in advance) as soon as practicable after completion of each Security Test.

6.3 Without prejudice to any other right of audit or access granted to the Authority pursuant to this Agreement, the Authority and/or its authorised representatives shall be entitled, at any time upon giving reasonable notice to the Supplier, to carry out such tests (including penetration tests) as it may deem necessary in relation to the ISMS and the Supplier's compliance with the ISMS and the Security Management Plan. The Authority may notify the Supplier of the results of such tests after completion of each such test. If any such Authority test adversely affects the Supplier's ability to deliver the Services so as to meet the Target Performance Levels, the Supplier shall be granted relief against any resultant under-performance for the period of the Authority test.

6.4 Where any Security Test carried out pursuant to Paragraphs 6.1 or 6.3 reveals any actual or potential Breach of Security or weaknesses (including un-patched vulnerabilities, poor configuration and/or incorrect system management), the Supplier shall promptly notify the Authority of any changes to the ISMS and to the Security Management Plan (and the implementation thereof) which the Supplier proposes to make in order to correct such failure or weakness. Subject to the Authority's prior written approval, the Supplier shall implement such changes to the ISMS and the Security Management Plan and repeat the relevant Security Tests in accordance with the timetable agreed with the Authority or, otherwise, as soon as reasonably possible. For the avoidance of doubt, where the change to the ISMS or Security Management Plan is to address a non-compliance with the Baseline Security Requirements or security requirements (as set out in Schedule 2.1 (*Services Description*)) or the requirements of this Schedule, the change to the ISMS or Security Management Plan shall be at no cost to the Authority.

6.5 If any repeat Security Test carried out pursuant to Paragraph 6.4 reveals an actual or potential Breach of Security exploiting the same root cause failure, such circumstance shall constitute a material Default for the purposes of Clause 27 (*Rectification Plan Process*).

7 ISMS COMPLIANCE

7.1 The Authority shall be entitled to carry out such security audits as it may reasonably deem necessary in order to ensure that the ISMS maintains compliance with the principles and practices of ISO 27001, the specific security requirements set out in Schedule 2.1 (*Services Description*) and the Baseline Security Requirements.

7.2 If, on the basis of evidence provided by such audits, it is the Authority's reasonable opinion that compliance with the principles and practices of ISO/IEC 27001, the specific security requirements set out in Schedule 2.1 (*Services Description*) and/or the Baseline Security Requirements is not being achieved by the Supplier, then the Authority shall notify the Supplier of the same and give the Supplier a reasonable time (having regard to the extent and criticality of any non-compliance and any other relevant circumstances) to implement any necessary remedy. If the Supplier does not become compliant within the required time, then the Authority shall have the right to obtain an independent audit against these standards in whole or in part. The Supplier shall reimburse in full the costs incurred by the Authority in obtaining such audit.

7.3 If, as a result of any such independent audit as described in Paragraph 7.2 the Supplier is found to be non-compliant with the principles and practices of ISO/IEC 27001, the specific security requirements set out in Schedule 2.1 (*Services Description*) and/or the Baseline Security Requirements then the Supplier shall, at its own expense, undertake those actions required in order to achieve the necessary compliance and, (as said above), shall reimburse in full the costs incurred by the Authority in obtaining such audit.

8 BREACH OF SECURITY

8.1 Either Party shall notify the other in accordance with the agreed security incident management process as defined by the ISMS upon becoming aware of any Breach of Security or attempted Breach of Security.

8.2 Without prejudice to the security incident management process, upon becoming aware of any of the circumstances referred to in Paragraph 8.1, the Supplier shall:

(a) immediately take all reasonable steps (which shall include any action or changes reasonably required by the Authority) necessary to:

(i) minimise the extent of actual or potential harm caused by any Breach of Security;

(ii) remedy such Breach of Security to the extent possible and protect the integrity of the IT Environment to the extent within its control against any such Breach of Security or attempted Breach of Security;

(iii) apply a tested mitigation against any such Breach of Security or attempted Breach of Security and, provided that reasonable testing has been undertaken by the Supplier, if the mitigation adversely affects the Supplier's ability to deliver the Services so as to meet the Target Performance Levels, the Supplier shall be granted relief against any resultant under-performance for such period as the Authority, acting reasonably, may specify by written notice to the Supplier;

(iv) prevent a further Breach of Security or attempted Breach of Security in the future exploiting the same root cause failure; and

(v) supply any requested data to the Authority or the Computer Emergency Response Team for UK Government ("GovCertUK") on the Authority's request within two (2) Working Days and without charge (where such requests are reasonably related to a possible incident or compromise); and

(b) as soon as reasonably practicable provide to the Authority full details (using the reporting mechanism defined by the ISMS) of the Breach of Security or attempted Breach of Security, including a root cause analysis where required by the Authority.

8.3 In the event that any action is taken in response to a Breach of Security or potential or attempted Breach of Security that demonstrates non-compliance of the ISMS with the Baseline Security Requirements or security requirements (as set out in Schedule 2.1 (*Services Description*)) or the requirements of this Schedule, then any required change to the ISMS shall be at no cost to the Authority.

9 VULNERABILITES AND CORRECTIVE ACTION

9.1 The Authority and the Supplier acknowledge that from time to time vulnerabilities in the IT Environment will be discovered which unless mitigated will present an unacceptable risk to the Authority Materials.

9.2 The severity of threat vulnerabilities for Supplier Software and Third Party Software shall be categorised by the Supplier as 'Critical', 'Important' and 'Other' by aligning these categories to the vulnerability scoring according to the agreed method in the ISMS and using the appropriate vulnerability scoring systems including:

(a) the 'National Vulnerability Database' 'Vulnerability Severity Ratings': 'High', 'Medium' and 'Low' respectively (these in turn are aligned to CVSS scores as set out by NIST http://nvd.nist.gov/cvss.cfm); and

(b) Microsoft's 'Security Bulletin Severity Rating System' ratings 'Critical', 'Important', and the two (2) remaining levels ('Moderate' and 'Low') respectively.

9.3 The Supplier shall procure the application of security patches to vulnerabilities (whether such patches are entirely related to security or related in part to security) within a maximum period from the public release of such patches with those vulnerabilities categorised as 'Critical' within fourteen (14) days of release, 'Important' within thirty (30) days of release and all 'Other' within sixty (60) Working Days of release, except where:

(a) the Supplier can demonstrate that a vulnerability is not exploitable within the context of any Service (e.g. because it resides in a software component which is not running in the service) provided vulnerabilities which the Supplier asserts cannot be exploited within the context of a Service must be remedied by the Supplier within the above timescales if the vulnerability becomes exploitable within the context of the Service;

(b) the application of a 'Critical' or 'Important' security patch adversely affects the Supplier's ability to deliver the Services in which case the Supplier shall be granted an extension to such timescales of 5 days, provided the Supplier had followed and continues to follow the security patch test plan agreed with the Authority; or

(c) the Authority agrees a different maximum period after a case-by-case consultation with the Supplier under the processes defined in the ISMS.

9.4 The Supplier Solution shall include provisions for major version upgrades of all Supplier Software and Third Party Software to be upgraded within six (6) months of the release of the latest version, such that it is no more than one major version level below the latest release (normally codified as running software no older than the 'n-1 version') throughout the Term unless:

(a) where upgrading such Supplier Software and Third Party Software reduces the level of mitigations for known threats, vulnerabilities or exploitation techniques, provided always that such upgrade is made within twelve (12) months of release of the latest version; or

(b) is agreed with the Authority in writing.

9.5 The Supplier shall:

(a) implement a mechanism for receiving, analysing and acting upon threat information supplied by GovCertUK, or any other competent Central Government Body;

(b) ensure that the IT Environment (to the extent that the IT Environment is within the control of the Supplier) is monitored to facilitate the detection of anomalous behaviour that would be indicative of system compromise;

(c) ensure it is knowledgeable about the latest trends in threat, vulnerability and exploitation that are relevant to the IT Environment by actively monitoring the threat landscape during the Term;

(d) pro-actively scan the IT Environment (to the extent that the IT Environment is within the control of the Supplier) for vulnerable components and address discovered vulnerabilities through the processes described in the ISMS as developed under Paragraph 3.3(e);

(h) inform the Authority when it becomes aware of any new threat, vulnerability or exploitation technique that has the potential to affect the security of the IT Environment and provide initial indications of possible mitigations.

9.6 If the Supplier is unlikely to be able to mitigate the vulnerability within the timescales under Paragraph 9, the Supplier shall immediately notify the Authority.

9.7 A failure to comply with Paragraph 9.3 shall constitute a Notifiable Default, and the Supplier shall comply with the Rectification Plan Process.

ANNEX 1 | Baseline Security Requirements

Higher Classifications

1.1 The Supplier must not handle Authority Materials classified SECRET or TOP SECRET

End User Devices

2.1 When Authority Data resides on a mobile, removable or physically uncontrolled device it must be stored encrypted using a product or system component which has been formally assured through a recognised certification process of the CESG to at least Foundation Grade, for example, under CPA.

2.2 Devices used to access or manage Authority Data and services must be under the management authority of Authority or Supplier and have a minimum set of security policy configuration enforced. These devices must be placed into a 'known good' state prior to being provisioned into the management authority of the Authority. Unless otherwise agreed with the Authority in writing, all Supplier devices are expected to meet the set of security requirements set out in the CESG End User Devices Platform Security Guidance:

(https://www.gov.uk/government/collections/end-user-devices-security-guidance--2).

As a minimum, the security standards must include Assurance Framework, Ten Critical Steps and Requirements. Where the guidance highlights shortcomings in a particular platform the Supplier may wish to use, then these should be discussed with the Authority and a joint decision shall be taken on whether the residual risks are acceptable. Where the Supplier wishes to deviate from the CESG guidance, then this should be agreed in writing on a case by case basis with the Authority.

3. Data Processing, Storage, Management and Destruction

3.1 The Supplier and Authority recognise the need for the Authority Data to be safeguarded under the UK Data Protection regime or a similar regime. To that end, the Supplier must be able to state to the Authority the physical locations in which Authority Data may be stored, processed and managed from, and what legal and regulatory frameworks Authority information will be subject to at all times.

3.2 The Supplier shall agree any change in location of Authority Data storage, processing and administration with the Authority in advance where the proposed location is outside the UK. The Authority's agreement to any such change shall be entirely at the Authority's discretion and, in so far as the change in location entails the move of Personal Data to an Off-shore Location, shall only be given if a Change Request is expressly permitted by Clause 23.8 (*Protection of Personal Data*), and such agreement shall in all circumstances be dependent upon the storage, processing and management of any Authority Data being carried out offshore within:

(a) the European Economic Area (EEA);

(b) the US if the Supplier and or any relevant Sub-contractor have signed up to an agreement which ensures a level of protection which has been defined as adequate by the EU Commission; or

(c) another country or territory outside the EEA if that country or territory ensures an adequate level of protection by reason of its domestic law or of the international commitments it has entered into which have been defined as adequate by the EU Commission and approval has been provided by the Authority's Digital Information Officer or Office of Government Serious Information Risk Officer.

3.3 The Supplier shall:

(a) provide the Authority with all Authority Data on demand in an agreed open format;

(b) have documented processes to guarantee availability of Authority Data in the event of the Supplier ceasing to trade;

(c) securely destroy all media that has held Authority Data at the end of life of that media in line with Good Industry Practice; and

(d) securely erase any or all Authority Data held by the Supplier when requested to do so by the Authority.

4. Networking

4.1 The Authority requires that any Authority Data transmitted over any public network (including the Internet, mobile networks or un-protected enterprise network) or to a mobile device must be encrypted using a product or system component which has been formally assured through a certification process recognised by CESG, to at least Foundation Grade, for example, under CPA or through the use of pan-government accredited encrypted networking services via the Public Sector Network ("PSN") framework (which makes use of Foundation Grade certified products).

4.2 The Authority requires that the configuration and use of all networking equipment to provide the Services, including those that are located in secure physical locations, are at least compliant with Good Industry Practice.

5. Security Architectures

5.1 The Supplier shall apply the 'principle of least privilege' (the practice of limiting systems, processes and user access to the minimum possible level) to the design and configuration of IT systems which will process or store Authority Materials.

5.2 When designing and configuring the IT Environment (to the extent that the IT Environment is within the control of the Supplier) the Supplier shall follow Good Industry Practice and seek guidance from recognised security professionals with the appropriate skills and/or a CESG Certified Professional certification (http://www.cesg.gov.uk/awarenesstraining/IA-certification/Pages/index.aspx) for all bespoke or complex components of the Supplier Solution.

6. Personnel Security

6.1 Supplier Personnel shall be subject to pre-employment checks that include, as a minimum: identity, unspent criminal convictions and right to work (including nationality and immigration status).

6.2 The Supplier shall agree on a case by case basis Supplier Personnel roles which require specific government clearances (such as 'SC') including system administrators with privileged access to IT systems which store or process Authority Data.

6.3 The Supplier shall prevent Supplier Personnel who are unable to obtain the required security clearances from accessing systems which store, process, or are used to manage Authority Data except where agreed with the Authority in writing.

6.4 All Supplier Personnel that have the ability to access Authority Data or systems holding Authority Data shall undergo regular training on secure information management principles. Unless otherwise agreed with the Authority in writing, this training must be undertaken annually.

6.5 Where the Supplier or Sub-Contractors grants increased IT privileges or access rights to Supplier Personnel, those Supplier Personnel shall be granted only those permissions necessary for them to carry out their duties. When staff no longer need elevated privileges or leave the organisation, their access rights shall be revoked within 1 Working Day.

6.6 Notwithstanding the Supplier's obligation to ensure that the Security Management Plan is implemented and followed, the Supplier shall ensure that the Supplier Personnel are promptly informed of action taken in relation to any failure to do so.

6.7 The Supplier shall ensure that Supplier Personnel complete the security questionnaire as provided by the Authority from time to time.

6.8 The Supplier shall perform the Off-Shore Personnel Security Checks in relation to any proposed Off-Shore Personnel prior to their engagement to the reasonable satisfaction of the Authority in the delivery of the Services under this Agreement.

7. Identity, Authentication and Access Control

7.1 The Supplier shall operate an access control regime to ensure all users and administrators of the Supplier Solution are uniquely identified and authenticated when accessing or administering the Services. Applying the 'principle of least privilege', users and administrators shall be allowed access only to those parts of the Supplier Solution they require. The Supplier shall retain an audit record of accesses.

8. Audit and Monitoring

8.1 The Supplier shall collect audit records which relate to security events in the systems or that would support the analysis of potential and actual compromises. In order to facilitate effective monitoring and forensic readiness such Supplier audit records should (as a minimum) include:

(a) Logs to facilitate the identification of the specific asset which makes every outbound request external to the IT Environment (to the extent that the IT Environment is within the control of the Supplier). To the extent the design of the Supplier Solution and Services allows such logs shall include those from DHCP servers, HTTP/HTTPS proxy servers, firewalls and routers.

(b) Security events generated in the IT Environment (to the extent that the IT Environment is within the control of the Supplier) and shall include: privileged account logon and logoff events, the start and termination of remote access sessions, security alerts from desktops and server operating systems and security alerts from third party security software.

8.2 The Supplier and the Authority shall work together to establish any additional audit and monitoring requirements for the IT Environment.

8.3 The Supplier shall retain audit records collected in compliance with Paragraph 7.1 for a period of at least six (6) months.

SCHEDULE 2.5 | Insurance Requirements

Schedule 2.5 | Insurance Requirements

1 OBLIGATION TO MAINTAIN INSURANCES

1.1 Without prejudice to its obligations to the Authority under this Agreement, including its indemnity and liability obligations, the Supplier shall, for the periods specified in this Schedule, take out and maintain, or procure the taking out and maintenance of the insurances as set out in Annex 1 and any other insurances as may be required by applicable Law (together the "**Insurances**"). The Supplier shall ensure that each of the Insurances is effective no later than the date on which the relevant risk commences.

1.2 The Insurances shall be maintained in accordance with Good Industry Practice and (so far as is reasonably practicable) on terms no less favourable than those generally available to a prudent contractor in respect of risks insured in the international insurance market from time to time.

1.3 The Insurances shall be taken out and maintained with insurers who are:

(a) of good financial standing;

(b) appropriately regulated; and

(c) regulated by the applicable regulatory body and is in good standing with that regulator.

1.4 The Supplier shall ensure that the public and products liability policy that it has or puts in place shall contain an indemnity to principals clause under which the Authority shall be indemnified in respect of claims made against the Authority in respect of death or bodily injury or third party property damage arising out of or in connection with the Agreement and for which the Supplier is legally liable.

2 GENERAL OBLIGATIONS

Without limiting the other provisions of this Agreement, the Supplier shall:

(a) take or procure the taking of all reasonable risk management and risk control measures in relation to the Services as it would be reasonable to expect of a prudent contractor acting in accordance with Good Industry Practice, including the investigation and reports of relevant claims to insurers;

(b) promptly notify the insurers in writing of any relevant material fact under any Insurances of which the Supplier is or becomes aware; and

(c) hold all policies in respect of the Insurances and cause any insurance broker effecting the Insurances to hold any insurance slips and other evidence of placing cover representing any of the Insurances to which it is a party.

3 FAILURE TO INSURE

3.1 The Supplier shall not take any action or fail to take any action or (insofar as is reasonably within its power) permit anything to occur in relation to it which would entitle any insurer to refuse to pay any claim under any of the Insurances.

3.2 Where the Supplier has failed to purchase any of the Insurances or maintain any of the Insurances in full force and effect, the Authority may elect (but shall not be obliged) following written notice to the Supplier to purchase the relevant Insurances, and the Authority shall be entitled to recover the reasonable premium and other reasonable costs incurred in connection therewith as a debt due from the Supplier.

4 EVIDENCE OF INSURANCES

The Supplier shall upon the Effective Date and within fifteen (15) Working Days after the renewal or replacement of each of the Insurances, provide evidence, in the form of a broker's letter or insurance certificate, that the Insurances are in force and effect and meet in full the requirements of this Schedule. Receipt of such evidence by the Authority shall not in itself constitute acceptance by the Authority or relieve the Supplier of any of its liabilities and obligations under this Agreement.

5 AGGREGATE LIMIT OF INDEMNITY

Where the minimum limit of indemnity required in relation to any of the Insurances is specified as being "in the aggregate":

(a) if a claim or claims which do not relate to this Agreement are notified to the insurers which, given the nature of the allegations and/or the quantum claimed by the third party(ies), is likely to result in a claim or claims being paid by the insurers which could reduce the level of cover available below that minimum, the Supplier shall immediately submit to the Authority:

(i) details of the policy concerned; and

(ii) its proposed solution for maintaining the minimum limit of indemnity specified; and

(b) if and to the extent that the level of insurance cover available falls below that minimum because a claim or claims which do not relate to this Agreement are paid by insurers, the Supplier shall:

(i) ensure that the insurance cover is reinstated to maintain at all times the minimum limit of indemnity specified for claims relating to this Agreement; or

(ii) if the Supplier is or has reason to believe that it will be unable to ensure that insurance cover is reinstated to maintain at all times the minimum limit of indemnity specified, immediately submit to the Authority full

details of the policy concerned and its proposed solution for maintaining the minimum limit of indemnity specified.

6 CANCELLATION, SUSPENSION, TERMINATION OR NON-RENEWAL

6.1 Subject to Paragraph 6.2, the Supplier shall notify the Authority in writing at least five (5) Working Days prior to the cancellation, suspension, termination or non-renewal of any of the Insurances.

6.2 Without prejudice to the Supplier's obligations under Paragraph 4, Paragraph 6.1 shall not apply where the termination of any Insurances occurs purely as a result of a change of insurer in respect of any of the Insurances required to be taken out and maintained in accordance with this Schedule.

7 INSURANCE CLAIMS

7.1 The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Services and/or this Agreement for which it may be entitled to claim under any of the Insurances. In the event that the Authority receives a claim relating to or arising out of the Services and/or this Agreement, the Supplier shall co-operate with the Authority and assist it in dealing with such claims at its own expense including without limitation providing information and documentation in a timely manner.

7.2 The Supplier shall maintain a register of all claims under the Insurances in connection with this Agreement and shall allow the Authority to review such register at any time.

7.3 Where any Insurance requires payment of a premium, the Supplier shall be liable for and shall promptly pay such premium.

7.4 Where any Insurance is subject to an excess or deductible below which the indemnity from insurers is excluded, the Supplier shall be liable for such excess or deductible. The Supplier shall not be entitled to recover from the Authority any sum paid by way of excess or deductible under the Insurances whether under the terms of this Agreement or otherwise.

ANNEX 1 | Required Insurances

5. **TEST COMPLIANCE REVIEW**

5.1 Without prejudice to its rights pursuant to Clause 12.2(b) (*Records, Reports, Audits & Open Book Data*), the Authority may perform on-going compliance/quality audits in respect of any part of the Testing (each a "**Test Compliance Review**") subject to the provisions set out in the agreed Quality Plan.

5.2 The focus of the Test Compliance Reviews shall be on:

(a) adherence to an agreed methodology;

(b) adherence to the agreed Testing process;

(c) adherence to the Quality Plan;

(d) review of status and key development issues; and

(e) identification of key risk areas.

5.3 The Supplier shall allow sufficient time in the Test Plan to ensure that adequate responses to a Test Compliance Review can be provided.

5.4 The Authority will give the Supplier at least 5 Working Days' written notice of the Authority's intention to undertake a Test Compliance Review and the Supplier may request, following receipt of that notice, that any Test Compliance Review be delayed by a reasonable time period if in the Supplier's reasonable opinion, the carrying out of a Test Compliance Review at the time specified by the Authority will materially and adversely impact the Test Plan or Detailed Transition Plan (as applicable).

5.5 A Test Compliance Review may involve document reviews, interviews with the Supplier Personnel involved in or monitoring the activities being undertaken pursuant to this Schedule, the Authority witnessing Tests and demonstrations of the Deliverables to the Authority. Any Test Compliance Review shall be limited in duration to a maximum time to be agreed between the Supplier and the Authority on a case by case basis (such agreement not to be unreasonably withheld or delayed). The Supplier shall provide all reasonable necessary assistance and access to all relevant documentation required by the Authority to enable it to carry out the Test Compliance Review.

(a) discuss the outcome of the Test Compliance Review with the Supplier, giving the Supplier the opportunity to provide feedback in relation to specific activities; and

(b) subsequently prepare a written report for the Supplier detailing its concerns,

and the Supplier shall, within a reasonable timeframe, respond in writing to the Authority's report.

5.7 In the event of an inadequate response to the Authority's report from the Supplier, the Authority (acting reasonably) may withhold a Test Certificate (and, where applicable, consequently delay the grant of a Milestone Achievement Certificate) until the issues in the report have been addressed to the reasonable satisfaction of the Authority.

6. OUTCOME OF TESTING

6.1 The Authority shall issue a Test Certificate when the Deliverables satisfy all applicable Test Exit Criteria in respect of that Test.

6.2 The Authority shall notify the Supplier of a Test failure if the Authority deems the Deliverables (or any relevant part) do not satisfy all applicable Test Exit Criteria and:

(a) the Authority may issue a Test Certificate conditional upon the remediation of the Test Issues;

(b) where the Parties agree that there is sufficient time prior to the relevant Milestone Date, the Authority may extend the Test Plan by such reasonable period or periods as the Parties may reasonably agree and require the Supplier to rectify the cause of the Test Issue and re-submit the Deliverables (or the relevant part) to Testing; or

(c) where the failure to satisfy the Test Exit Criteria results, or is likely to result, in the failure (in whole or in part) by the Supplier to meet a Milestone, then without prejudice to the Authority's other rights and remedies, such failure shall constitute a Notifiable Default for the purposes of Clause 27.1 (*Rectification Plan Process).*

6.3 The Authority shall be entitled, without prejudice to any other rights and remedies that it has under this Agreement, to recover from the Supplier any reasonable additional costs it may incur as a direct result of further review or re-Testing which is required for the Test Exit Criteria for that Deliverable to be satisfied.

Part D | Procedures for Milestone Achievement Certificate

1. **ISSUE OF MILESTONE ACHIEVEMENT CERTIFICATE**

1.1 The Authority shall issue a Milestone Achievement Certificate in respect of a given Milestone as soon as is reasonably practicable following:

(a) the issuing by the Authority of Test Certificates and/or conditional Test Certificates in respect of all Deliverables related to that Milestone which are due to be Tested; and

(b) performance by the Supplier to the reasonable satisfaction of the Authority of any other tasks identified in the Detailed Transition Plan as associated with that Milestone (which may include the submission of a Deliverable that is not due to be Tested, such as the production of Documentary Deliverables or other Documentation).

1.2 The grant of a Milestone Achievement Certificate shall entitle the Supplier to the receipt of a payment in respect of that Milestone in accordance with the provisions of Schedule 7.1 (*Charges and Invoicing*).

1.3 If a Milestone is not Achieved, the Authority shall promptly issue a report to the Supplier setting out:

(a) the applicable Test Issues; and

(b) any other reasons for the relevant Milestone not being Achieved.

1.4 If there are Test Issues but these do not exceed the Test Issues Threshold, then provided there are no Material Test Issues, the Authority shall issue a Milestone Achievement Certificate.

1.5 Without prejudice to the Authority's other remedies the following shall constitute a Notifiable Default for the purposes of Clause 27.1 (*Rectification Plan Process*) and the Authority shall refuse to issue a Milestone Achievement Certificate where:

(a) there is one or more Material Test Issue(s); or

(b) the information required under Schedule 8.2 (*Reports and Records*) Annex 4 (*Records to Upload to Virtual Library*) has not been uploaded to the Virtual Library in accordance with Paragraph 3 of that Schedule.

1.6 If there are Test Issues which exceed the Test Issues Threshold but there are no Material Test Issues, the Authority may at its discretion (without waiving any rights in relation to the other options) choose to issue a Milestone Achievement Certificate

conditional on the remediation of the Test Issues in accordance with an agreed Rectification Plan provided that:

(a) any Rectification Plan shall be agreed before the issue of a conditional Milestone Achievement Certificate unless the Authority agrees otherwise (in which case the Supplier shall submit a Rectification Plan for approval by the Authority within 10 Working Days of receipt of the Authority's report pursuant to Paragraph 1.3); and

(b) where the Authority issues a conditional Milestone Achievement Certificate, it may (but shall not be obliged to) revise the failed Milestone Date and any subsequent Milestone Date.

2. **RISK**

2.1 The issue of a Test Certificate, Milestone Achievement Certificate and/or a conditional Milestone Achievement Certificate shall not:

(a) operate to transfer any risk that the relevant Deliverable or Milestone is complete or will meet and/or satisfy the Authority's requirements for that Deliverable or Milestone; or

(b) affect the Authority's right subsequently to reject:

(i) all or any element of the Deliverables to which a Test Certificate relates; or

(ii) any Milestone to which the Milestone Achievement Certificate relates.

2.2 Notwithstanding the issuing of any Milestone Achievement Certificate (including the Milestone Achievement Certificate in respect of Authority to Proceed), the Supplier shall remain solely responsible for ensuring that:

(a) the Supplier Solution as designed and developed is suitable for the delivery of the Services and meets the Authority Requirements;

(b) the Services are implemented in accordance with this Agreement; and

(c) each Target Performance Level is met from the relevant Operational Service Commencement Date.

Annex 1 | Test Issues – Severity Levels

1.1 Severity Level 1 Test Issue: a Test Issue that causes non-recoverable conditions, e.g. it is not possible to continue using a Component, a Component crashes, there is database or file corruption, or data loss.

1.2 Severity Level 2 Test Issue: a Test Issue for which, as reasonably determined by the Authority, there is no practicable workaround available, and which:

(a) causes a Component to become unusable;

(d) causes a lack of functionality, or unexpected functionality, that has an impact on the current Test; or

(e) has an adverse impact on any other Component(s) or any other area of the Services.

1.3 Severity Level 3 Test Issue: a Test Issue which:

(a) causes a Component to become unusable;

(f) causes a lack of functionality, or unexpected functionality, but which does not impact on the current Test; or

(g) has an impact on any other Component(s) or any other area of the Services;

(h) but for which, as reasonably determined by the Authority, there is a practicable workaround available.

1.4 Severity Level 4 Test Issue: a Test Issue which causes incorrect functionality of a Component or process, but for which there is a simple, Component based, workaround, and which has no impact on the current Test, or other areas of the Services.

1.5 Severity Level 5 Test Issue: a Test Issue that causes a minor problem, for which no workaround is required, and which has no impact on the current Test, or other areas of the Services.

Annex 4 | HMRC's Test Principles from HMRC Organisational Test Strategy Document Version 1.0 Dated 16 February 2016

Ref	Test Principle (TP)
TP1	**Agile By Default** - HMRC will use Agile techniques as the preferred delivery approach and take on board GDSM concepts of building quality in, everyone is responsible for quality, fast feedback, tests are an asset of the product, faster delivery into production, clear and consistent view of testing and optimise value. It is recognised that waterfall methodology may be the approved Test Approach in some instances.
TP2	**Early engagement of testing** - testing representatives need early sight of IT change to ensure they are properly assessed for testing requirements in terms of scope, timescales and budget, as well as for ensuring clear and unambiguous acceptance criteria.
TP3	**Test early** - run Test Driven Development (TDD), Behaviour Driven Development (BDD) and Acceptance Test Driven Development (ATDD) techniques as early as possible in the testing lifecycle to mitigate risk in the later stages of testing.
TP4	**Allow sufficient time for testing** - give due consideration to the risks associated with a test, ensuring sufficient iterations/cycles are planned and that there is time for defect detection, defect resolution and retest.
TP5	**Risk Based Testing** - focus testing on the highest risk areas according to a documented testing risk assessment. Predictive testing will support the Risk Based Testing approach through historical project data relating to defect trends.
TP6	**Defect Prevention** - HMRC expect the test process to evolve and improve through post implementation analysis, root cause analysis and test process improvement. By doing this, improved defect prevention can be achieved.
TP7	**Test Automation** - automate as much as possible. Automated testing will be at the forefront of our drive to make substantial cost savings by implementing an automation first policy.
TP8	**Test Stage containment** - fix defects within iteration/ test stage where they are detected wherever possible rather than defer the risk until a later iteration/test stage.

TP9	**Test Entry Reviews & Test Exit Reviews & Agile equivalent** - all tests under the control of a formal test plan must be subjected to a test entry review to ensure the entry criteria have been met i.e. testing starts when the entry criteria have been met so if the scheduled start date is missed, management action is needed to maintain the test schedule or slippage will occur; all tests must be subjected to a test exit review to ensure that the exit criteria have been met and the test can be formally declared as complete.
TP10	**Suspension & resumption of testing** - under circumstances set out in a test plan, testing may be suspended and then later resumed; such actions will be recorded and may result in project risks and/or issues being raised, depending on the nature of the interruption to testing.
TP11	**Test Completion** - every test will have an associated test completion condition to formally close the test activity. For Waterfall this will be through the Test Completion Report.
TP12	**Re-testing and Regression testing** - when defects are fixed they will be subjected to re-test to confirm that the fix is effective; consideration must also be given to the need to administer regression tests, based on the balance of risk for the underlying changes made for the fix and any other changes made in the release.
TP13	**Consider the timing of non-functional testing** - non-functional testing can be expensive so there is a need to avoid retesting due to functional changes wherever possible and practicable to do so.
TP14	**Re-use of test artefacts** - to maintain value in testing the management of test assets for re-use is key.
TP15	**User Centred Testing** - HMRC puts the user at the forefront of all products it delivers. User testing must be integrated into the Test Lifecycle to ensure that the system satisfies the needs of the customer as specified in the business and functional requirements (for Agile User Stories and Epics) and provides confidence in its use.
TP16	**Defect Management Process** - incidents that occur during any testing process need to be managed properly. It is expected that robust Defect Management Procedures will be applied during test execution.
TP17	**Test Environments/Virtualisation** - HMRC expect appropriate test environments to be available in a timely fashion to allow near live like testing to be completed. HMRC has a drive towards Virtualised Environments but recognises other environments may be used in the interim.

TP18	**Use of test management tools** - all categories of test tools will be considered for use by each project/service team.
TP19	**Testing must be measurable** – this ensures the value of testing can be established in terms of time, cost and quality.
TP20	**Adoption of standards** - wherever possible use existing corporate, national and international standards, as well as tracking emerging standards to ensure on-going use of industry best practice. Any deviation from standards must be justified and documented.

Annex 5 | Test Service Requirements

PART A | Pricing

1 INTRODUCTION

1.1 This Schedule 7.1 (*Charges and Invoicing*) is to set out the provisions relating to:

(a) Milestone Payments;

(b) Service Charges;

(c) expenses and capital assets;

(d) adjustments to the Charges, including Service Credits, Delay Payments, payments for Delays due to Authority Cause and Allowable Assumptions;

(e) changes to the Charges;

(f) Charges for the provision of Termination Services; and

(g) invoicing and payment terms.

1.2 *Redacted*.

1.3 The Supplier confirms that each Sub-contract has been agreed on an arm's-length basis.

2 APPLICABLE PRICING MECHANISM

2.1. Milestone Payments and Service Charges shall be calculated using the pricing mechanism specified in Annex 2 and on the basis of the rates and prices specified in Annex 1 as more particularly set out in this Schedule.

2.2. Table 1 of Annex 2 sets out which pricing mechanism shall be used to calculate each Milestone Payment, which shall be one or more of the following:

(a) "Time and Materials", in which case the provisions of Paragraph 3 shall apply;

(b) "Guaranteed Maximum Price with Target Cost", in which case the provisions of Paragraph 4 shall apply;

(c) "Fixed Price", in which case the provisions of Paragraph 5 shall apply; or

(d) "Firm Price", in which case the provisions of Paragraph 6 shall apply.

2.3. Table 2 of Annex 2 sets out which pricing mechanism shall be used to calculate each Service Charge, which shall be one or more of the following:

(a) "Time and Materials", in which case the provisions of Paragraph 3 shall apply;

(b) "Volume Based" pricing, in which case the provisions of Paragraph 7 shall apply; or

(c) "Fixed Price" in which case the provisions of Paragraph 5 shall apply.

3 TIME AND MATERIALS MILESTONE PAYMENTS OR SERVICE CHARGES

3.1. Where Table 1 or Table 2 of Annex 2 indicates that a Milestone Payment or Service Charge (as applicable) is to be calculated by reference to a Time and Materials pricing mechanism:

(a) the day rates set out in Table 1 of Annex 1 shall be used to calculate the relevant Charges, provided that the Supplier (or its Sub-contractor) shall:

(i) not be entitled to include any uplift for risks or contingencies within its day rates;

(ii) not be paid any Charges to the extent that they would otherwise exceed the cap specified against the relevant Charge in Table 2 of Annex 1 unless the Supplier has obtained the Authority's prior written consent. The Supplier shall monitor the amount of each Charge incurred in relation to the relevant cap and notify the Authority immediately in the event of any risk that the cap may be exceeded and the Authority shall instruct the Supplier on how to proceed;

(iii) unless otherwise agreed by the Authority in relation to the relevant Milestone Payment or Service Charge (as the case may be), not be paid any Charges to the extent that they would otherwise exceed the amount calculated by multiplying:

(A) the total number of days expended by the Supplier in relation to the relevant Milestone; or

(B) the total number of days expended by the Supplier during the relevant Service Period in relation to the relevant Service,

by the Capped ADR; and

(iv) only be entitled to be paid Charges that have been properly and reasonably incurred, taking into account the Supplier's obligation to deliver the Services in a proportionate and efficient manner; and

(b) the Supplier shall keep records of hours properly worked by Supplier Personnel (in the form of timesheets) and expenses incurred and submit a summary of the relevant records with each invoice. If the Authority requests copies of such records, the Supplier shall make them available to the Authority within 10 Working Days of the Authority's request.

4 GUARANTEED MAXIMUM PRICE WITH TARGET COST INCENTIVE MILESTONE

PAYMENTS

4.1. Where Table 1 of Annex 2 indicates that a Milestone Payment is to be calculated by reference to the Guaranteed Maximum Price with Target Cost pricing mechanism, the target Costs (the "Target Cost") and the Target Price for the relevant Milestone shall be as set out in Table 4 of Annex 1.

4.2. If the Incurred Costs relating to a Milestone are lower than the Target Cost for that Milestone, the difference between the Incurred Costs and the Target Cost shall be shared equally between the Authority and the Supplier (resulting in the Supplier receiving a higher Supplier Profit Margin in relation to that Milestone), and the Milestone Payment shall be calculated as follows:

Milestone Payment = TP – ((TC – IC)/2)
where:

TP	is the Target Price for the relevant Milestone;
TC	is the Target Cost for the relevant Milestone; and
IC	is the Incurred Costs relating to the relevant Milestone.

4.3. If the Incurred Costs relating to a Milestone are greater than the Target Cost for that Milestone, the difference between the Incurred Costs and the Target Cost shall be borne equally between the Authority and the Supplier (resulting in the Supplier receiving a lower Supplier Profit Margin in relation to that Milestone), provided that the maximum Milestone Payment payable by the Authority for the relevant Milestone shall not exceed an amount equal to the guaranteed maximum price for that Milestone as set out in Table 4 of Annex 1 (the "Guaranteed Maximum Price") Represented numerically:

(b) if:

(i) IC > TC; and

(ii) TP + ((IC - TC)/2) < GMP,

then Milestone Payment = TP + ((IC - TC)/2); or

(c) if:

(i) IC > TC; and

(ii) TP + ((IC - TC)/2) ≥ GMP,

then Milestone Payment = GMP

where:

IC	is the Incurred Costs relating to the relevant Milestone;
TC	is the Target Cost for the relevant Milestone;
TP	is the Target Price for the relevant Milestone; and
GMP	is TP * 1.1, being the Guaranteed Maximum Price for the relevant Milestone.

5 FIXED PRICE MILESTONE PAYMENTS OR SERVICE CHARGES

5.1. Where Table 1 or Table 2 of Annex 2 indicates that a Milestone Payment or Service Charge is to be calculated by reference to a Fixed Price pricing mechanism, the relevant Charge shall be the amount set out against that Charge in Table 5 of Annex 1.

5.2. Charges calculated by reference to a Fixed Price pricing mechanism shall be subject to increase by way of Indexation.

6 FIRM PRICE MILESTONE PAYMENTS

6.1. Where Table 1 of Annex 2 indicates that a Milestone Payment is to be calculated by reference to a Firm Price pricing mechanism, the relevant Charge shall be the amount set out against that Charge in Table 6 of Annex 1.

6.2. Charges calculated by reference to a Firm Price pricing mechanism shall not be subject to increase by way of Indexation.

7 VOLUME BASED SERVICE CHARGES

7.1. Where Table 2 of Annex 2 indicates that a Service Charge is to be calculated by reference to a Volume Based pricing mechanism, the relevant Charges shall be calculated on the basis of the unit costs set out against that Service Charge in Table 7 of Annex 1.

7.2. In the event that the volume of any Services that are to be calculated by reference to a Volume Based pricing mechanism fall outside the relevant volume bands set out against that Service Charge in Table 7 of Annex 1, the relevant Service Charges shall be calculated in accordance with the Change Control Procedure and Paragraph 4 of Part C.

8 EXPENSES

8.1. Where:

(a) Services are to be charged using the Time and Materials or Guaranteed Maximum Price with Target Cost pricing mechanism; and

(b) the Authority so agrees in writing,

the Supplier shall be entitled to be reimbursed by the Authority for Reimbursable Expenses (in addition to being paid the relevant Charges), provided that such Reimbursable Expenses are supported by Supporting Documentation.

8.2. The Authority shall provide a copy of its current expenses policy to the Supplier upon request.

8.3. Except as expressly set out in Paragraph 8.1, the Charges shall include all costs and

expenses relating to the Deliverables, the Services and/or the Supplier's performance of its obligations under this Agreement and no further amounts shall be payable by the Authority to the Supplier in respect of such performance, including in respect of matters such as:

(a) any incidental expenses that the Supplier incurs, including travel, subsistence and lodging, document and report reproduction, shipping, desktop and office equipment costs required by the Supplier Personnel, including network or data interchange costs or other telecommunications charges; or

(b) any amount for any services provided or costs incurred by the Supplier prior to the Effective Date.

9 CAPITAL ASSETS

9.1. If the Supplier procures on behalf of the Authority any capital assets from third parties on a pass-through basis, the Supplier shall not be entitled to apply any margin to the costs charged by such third parties to the Supplier in its pass-through charge to the Authority.

PART B | Charging Mechanisms

1 MILESTONE PAYMENTS

1.1 Subject to the provisions of Paragraph 1.3 of Part C in relation to the deduction of Delay Payments, on the Achievement of a Milestone the Supplier shall be entitled to invoice the Authority for the Milestone Payment associated with that Milestone less the applicable Milestone Retention in accordance with this Part B.

1.4 Each invoice relating to a Milestone Payment shall be supported by:

(a) a Milestone Achievement Certificate; and

(b) where the Milestone Payment is to be calculated by reference to a Guaranteed Maximum Price with Target Cost or Time and Materials pricing mechanism, a Certificate of Costs with Supporting Documentation.

1.5 The "**Milestone Retention**" for each Milestone shall be calculated as follows:

(a) where the Milestone Payment for the relevant Milestone is determined by reference to a Guaranteed Maximum Price with Target Cost pricing mechanism, 10% of the Target Price for the Milestone;

(b) where the Milestone Payment for the relevant Milestone is determined by reference to a Time and Materials, Fixed Price or Firm Price pricing mechanism, 10% of the Charges for that Milestone,

and, in the case of a Key Milestone, prior to deduction from the Milestone Payment of any Delay Payment attributable to that Key Milestone and without taking account of any amount payable by the Supplier pursuant to Paragraph 1.3 of Part C.

Guaranteed Maximum Price with Target Cost pricing mechanism

1.6 Where a Milestone Payment relating to a single Milestone is to be calculated by reference to a Guaranteed Maximum Price with Target Cost pricing mechanism, then the following payment process shall apply:

(a) upon the issue of a Milestone Achievement Certificate for the Milestone, the Supplier may invoice the Authority for the Target Price for the relevant Milestone, less the Milestone Retention calculated using such Target Price; and

(b) no later than 60 Working Days after the invoice referred to in Paragraph 1.4(a) has been issued, the Supplier shall:

(i) submit to the Authority a report setting out the Incurred Costs and actual Milestone Payment for the Milestone;

(ii) issue to the Authority an invoice or credit note for the difference between the actual Milestone Payment payable and the Target Price invoiced for the Milestone (in each case, after deducting the applicable Milestone Retention);

(iii) where a credit note is to be issued to the Authority pursuant to Paragraph 1.4(b)(ii), repay to the Authority a sum equal to such difference as a debt within 10 Working Days of issue of the credit note; and

(iv) issue a Certificate of Costs with Supporting Documentation, which shall exclude any accruals, prepayments and provisions.

1.7 Where Milestones are stated in Table 4 of Annex 1 to constitute a group of Milestones (a "**Milestone Group**") and the Milestone Payments relating to the Milestones in that Milestone Group are each to be calculated by reference to a Guaranteed Maximum Price with Target Cost pricing mechanism, then the following payment process shall apply:

(a) in respect of each Milestone within the Milestone Group, the Supplier may invoice the Authority for the Target Price for the relevant Milestone, less the Milestone Retention calculated using such Target Price, upon the issue of the associated Milestone Achievement Certificate; and

(b) no later than 60 Working Days after the issue of the invoice for the final Milestone Payment relating to the Milestone Group, the Supplier shall:

(i) submit to the Authority a report setting out the Incurred Costs and actual Milestone Payments for the Milestone Group;

(ii) issue to the Authority an invoice or credit note for the difference between the aggregate of the actual Milestone Payments payable and Target Prices invoiced for Milestones in the Milestone Group (in each case, after deducting all Milestone Retentions relating to that Milestone Group);

(iii) where a credit note is to be issued to the Authority pursuant to Paragraph 1.5(b)(ii), repay to the Authority a sum equal to such difference as a debt within 10 Working Days of issue of the credit note; and

(iv) issue a Certificate of Costs with Supporting Documentation, which shall exclude any accruals, prepayments and provisions.

1.8 If the Supplier does not repay any such sum as is referred to in Paragraph 1.4(b)(ii) or 1.5(b)(ii) within 10 Working Days of issue of the relevant credit note, it shall repay such sum together with interest on such sum at the applicable rate under the Late Payment of Commercial Debts (Interest) Act 1998, accruing on a daily basis from (and including)

the due date up to (but excluding) the date of actual payment, whether before or after judgment.

1.9 Following the issue of a Certificate of Costs in accordance with Paragraph 1.2, 1.4(b)(ii) or 1.5(b)(ii), the Supplier shall not be entitled to invoice the Authority for any additional Charges relating to the Milestone or Milestone Group (as applicable) save as provided in Paragraph 1.8.

Release of Milestone Retentions

1.10 On Achievement of a CPP Milestone relating to the Supplier Solution or one or more Services (as the case may be), the Supplier shall be entitled to invoice the Authority for an amount equal to all Milestone Retentions that relate to Milestones identified in the *"CPP Milestone Charge Number"* column of Table 1 (or, in relation to Milestone Retentions in respect of Optional Services, Table 4) of Annex 2 and corresponding CPP Milestone Charge Number as being payable in respect of that CPP Milestone and have not been paid before such CPP Milestone.

2 SERVICE CHARGES

2.1 Each Service to which a Service Charge relates shall commence on the Achievement of the Milestone set out against that Service in the "*Service Charge Trigger Event*" column of Table 2 of Annex 2.

2.2 Service Charges shall be invoiced by the Supplier for each Service Period in arrear in accordance with the requirements of Part E.

2.3 If a Service Charge is to be calculated by reference to a Fixed Price pricing mechanism and the relevant Service:

(a) commences on a day other than the first day of a month; and/or

(b) ends on a day other than the last day of a month,

the Service Charge for the relevant Service Period shall be pro-rated based on the proportion which the number of days in the month for which the Service is provided bears to the total number of days in that month.

2.4 Any Service Credits that accrue during a Service Period shall be calculated in the next following Service Period and shall be deducted from the Services Charges in such next Service Period. For the avoidance of doubt, by way of a worked example, in respect of the Services performed in Service Period 1, the total number of Service Points accumulated in Service Period 1 shall be calculated during Service Period 2 and the resulting Service Credits shall be deducted from the invoice relating to Service Period 2. Where any Service Credits would have otherwise been due in the final Service Period, the Supplier shall issue a credit note to the Authority in the month following the final Service Period and make payment to the Authority to the value of such credit note within 10 Working Days of issue of the credit note. An invoice for a Service Charge shall not be payable by the Authority unless all adjustments (including Service Credits)

relating to the Service Charges for the immediately preceding Service Period have been agreed.

3 CHARGES FOR PROJECTS

3.1 To be agreed on a project by project basis, as per the provisions in Schedule 6.3 (*Projects and Ordering*).

4 CHARGES FOR TERMINATION SERVICES

4.1 The charges for Termination Services will be agreed in the Exit Plan, which will be provided by the Supplier within three months of the Effective Date, as per Schedule 8.5 (*Exit Management*).

5 OPTIONAL SERVICES

If the Authority gives notice pursuant to Clause 5.9 (*Optional Services*) that it requires the Supplier to provide any or all of the Optional Services:

(a) the Milestone Payments (if any) for the relevant Optional Services shall be calculated by reference to the pricing mechanism for those Optional Services set out in Table 3 of Annex 2; and

(b) the Service Charges for the relevant Optional Services shall be calculated by reference to the pricing mechanism for those Optional Services set out in Table 4 of Annex 2,

in both cases using the relevant rates and prices specified in Annex 1.

PART C | Adjustments to the Charges and Risk Register

1 DELAY PAYMENTS

1.1 If a Key Milestone has not been Achieved on or before the relevant Milestone Date, the Supplier shall pay a Delay Payment to the Authority in respect of that Key Milestone. Delay Payments shall accrue:

(a) at the daily rate (the "**Delay Payment Rate**") determined in accordance with Paragraph 1.2;

(b) from (but excluding) the relevant Milestone Date to (and including) the earlier of:

(i) the date on which the Key Milestone is Achieved; and

(ii) the expiry of the Delay Deduction Period; and

(c) on a daily basis, with any part day's Delay counting as a day.

1.2 Where a Delay Payment is payable in respect of a Key Milestone, the Delay Payment Rate shall be:

(a) where the Supplier has given the Authority less than three (3) months' prior notice of the Delay, the amount set out in column 4 of Table 1 of ANNEX 2 | Charging mechanism and adjustments for the Key Milestone;

(b) where the Supplier has given the Authority between three (3) months' and 6 months' prior notice of the Delay, the amount set out in column 5 of Table 1 of Annex 2 for the Key Milestone; or

(c) where the Supplier has given the Authority more than six (6) months' prior notice of the Delay, the amount set out in column 6 of Table 1 of ANNEX 2 | Charging mechanism and adjustments for the Key Milestone.

1.3 Where the Supplier serves a notice pursuant to Paragraph 1.2(b) or 1.2(c), the Supplier shall, within five (5) Working Days of the date the notice is served:

(a) pay to the Authority in cleared funds on account of the relevant Delay Payment (but subject always to Paragraph 1.4) an amount equal to:

(i) in the case of a notice served pursuant to Paragraph 1.2(b), 5 days of Delay Payments; or

(ii) in the case of a notice served pursuant to Paragraph 1.2(c), 10 days of Delay Payments in accordance with paragraph 1.4,

in each case calculated at the applicable Delay Payment Rate; and

(b) issue a credit note to the Authority in respect of the relevant amount.

Failure to make payment within ten (10) Working Days of the Supplier's notice shall invalidate the notice.

1.4 Any amounts paid to the Authority pursuant to Paragraph 1.3 shall not be refundable to the Supplier in any circumstances, including where a Delay as referred to in the Supplier's notice:

(a) does not occur; or

(b) does occur but continues for fewer days during the relevant Delay Deduction Period than the number of days referred to in Paragraph 1.3(a) or 1.3(b) as the case may be.

1.5 The Parties agree that Delay Payments calculated in accordance with the applicable Delay Payment Rates:

(a) in each case a genuine pre-estimate of the Losses which the Authority will incur as a result of any failure by the Supplier to Achieve the relevant Key Milestone by the Milestone Date; and

(b) do not impose a detriment on the Supplier out of all proportion to the legitimate interests of the Authority.

1.6 Delay Payment Rates are stated exclusive of VAT.

1.7 The Delay Payment in respect of a Key Milestone (net of any payment made in respect of that Key Milestone pursuant to Paragraph 1.3) shall be shown as a deduction from the amount due from the Authority to the Supplier in the next invoice due to be issued by the Supplier after the date on which the relevant Key Milestone is Achieved or the expiry of the Delay Deduction Period (as the case may be). If the relevant Key Milestone is not Achieved by the expiry of the Delay Deduction Period and no invoice is due to be issued by the Supplier within ten (10) Working Days of expiry of the Delay Deduction Period, then the Supplier shall within ten (10) Working Days of expiry of the Delay Deduction Period:

(a) issue a credit note to the Authority in respect of the total amount of the Delay Payment in respect of the Key Milestone (net of any payment made in respect of the Key Milestone pursuant to Paragraph 1.3); and

(b) pay to the Authority as a debt a sum equal to the total amount of the Delay Payment in respect of the Key Milestone together with interest on such amount at the applicable rate under the Late Payment of Commercial Debts (Interest) Act 1998, accruing on a daily basis from (and including) the due date up to (but excluding) the date of actual payment, whether before or after judgment.

2 PAYMENTS FOR DELAYS DUE TO AUTHORITY CAUSE AND COLLABORATION FAILURE

2.1 If the Supplier is entitled in accordance with Clause 32.1(iii)(D) (*Authority Cause and Ecosystem Failure*) to compensation for failure to Achieve a Milestone by its Milestone Date, then, subject always to Clause 25 (*Limitations on Liability*), such compensation shall be determined in accordance with the following principles:

(a) the compensation shall reimburse the Supplier for additional Costs incurred by the Supplier that the Supplier:

(i) can demonstrate it has incurred solely and directly as a result of the Authority Cause; and

(ii) is, has been, or will be unable to mitigate, having complied with its obligations under Clause 32.1 (*Authority Cause*)

together with an amount equal to the Anticipated Contract Life Profit Margin thereon;

(b) the compensation shall not operate so as to put the Supplier in a better position than it would have been in but for the occurrence of the Authority Cause;

(c) where the Milestone Payment for the relevant Milestone is to be calculated by reference to the Guaranteed Maximum Price with Target Cost pricing mechanism, then:

(i) the Target Price for the Milestone shall be increased in accordance with the following formula:

$$NTP = TP + (AC\ x\ 1.\mathrm{x})$$

where:

NTP	is the revised Target Price for the relevant Milestone;
TP	is the original Target Price for the relevant Milestone;
AC	is an amount equal to any additional Costs incurred by the Supplier in Achieving the Milestone to the extent that the Supplier can demonstrate that such additional Costs were caused by the Authority Cause; and
x	is the Supplier Profit Margin that the Supplier would have received in respect of the relevant Milestone on the basis of the unadjusted Target Cost and unadjusted Target Price for that Milestone, as set out in Table 4 of Annex 1, expressed as a decimal; and

(ii) the Guaranteed Maximum Price shall be increased to an amount equal to 110% of the Target Price as adjusted pursuant to Paragraph 2.1(c)(i);

(d) where the relevant Milestone Payment is to be calculated based upon a Fixed Price or a Firm Price pricing mechanism, the compensation shall include such amount as is appropriate to maintain the Supplier Profit Margin set out in respect of the relevant Milestone in Table 5 or Table 6 of Annex 1;

(e) where the Milestone Payment includes any Charges which are capped, then to the extent that the compensation agreed pursuant to this Paragraph 2 results in the Authority paying additional Time and Materials Charges for resources or effort which the Supplier demonstrates are required as a result of the Authority Cause, such additional Time and Materials Charges shall be disregarded for the purposes of calculating the relevant cap; and

(f) under no circumstances shall compensation payments allow the Supplier to recover the Incentive Payments.

2.2 Not used If the Supplier is due compensation for failure to Achieve a Milestone by its Milestone Date where the Supplier Non-Performance would not have occurred but for a Ecosystem Failure, then, subject always to Clause 25 (Limitations on Liability), such compensation shall not exceed the amount recovered by the Authority from the relevant Other Ecosystem Supplier as a result of the Ecosystem Failure.

2.3 The Supplier shall provide the Authority with any information the Authority may require in order to assess the validity of the Supplier's claim to compensation.

3 SERVICE CREDITS

3.1 Service Credits shall be calculated by reference to the number of Service Points accrued in any one Service Period pursuant to the provisions of Schedule 2.2 (*Performance Levels*).

3.2 For each Service Period:

(a) the Service Points accrued shall be converted to a percentage deduction from the Service Charges for the relevant Service Period on the basis of one point equating to a 1% deduction in the Service Charges; and

(b) the total Service Credits applicable for the Service Period shall be calculated in accordance with the following formula:

$$SC = \text{TSP } x \text{ X } x \text{ AC}$$

where:

SC is the total Service Credits for the relevant Service Period;

TSP	is the total Service Points that have accrued for the relevant Service Period;
X	is 1%; and
AC	is the total Services Charges payable for the relevant Service Period (prior to deduction of applicable Service Credits).

3.3 The liability of the Supplier in respect of Service Credits shall be subject to Clause 25.2(b) (*Financial and other Limits*) provided that, for the avoidance of doubt, the operation of the Service Credit Cap shall not affect the continued accrual of Service Points in excess of such financial limit in accordance with the provisions of Schedule 2.2 (*Performance Levels*).

3.4 Service Credits are a reduction of the Service Charges payable in respect of the relevant Services to reflect the reduced value of the Services actually received and are stated exclusive of VAT.

3.5 Service Credits shall be shown as a deduction from the amount due from the Authority to the Supplier in the invoice for the Service Period immediately succeeding the Service Period to which they relate in accordance with Paragraph 2.4 of Part B of this Schedule 7.1 (*Charges and Invoicing*).

4 CHANGES TO CHARGES

4.1 Any Changes to the Charges shall be developed and agreed by the Parties in accordance with Schedule 8.3 (*Change Control Procedure*) and on the basis that the Supplier Profit Margin on such Charges shall:

(a) be no greater than that applying to Charges using the same pricing mechanism as at the Effective Date (as set out in the Contract Inception Report); and

(b) in no event exceed the Maximum Permitted Profit Margin.

4.2 The Authority may request that any Impact Assessment presents Charges without Indexation for the purposes of comparison.

5 ALLOWABLE ASSUMPTIONS

5.1 The Parties acknowledge and agree that this paragraph 5 and Annex 5 (Allowable Assumptions) only apply if Part B (Transferring Former Supplier Employees at commencement of Services) of Schedule 9.1 (Staff Transfer) applies. The Parties acknowledge and agree that Allowable Assumptions are intended to cover the Supplier's costs, in accordance with this paragraph 5, regarding Transferring Former Supplier Employees who transfer to the Supplier in relation to the following terms and condition of employment to the extent they transfer to the Supplier with those employees under TUPE:

(a) contractual redundancy payments (including any statutory redundancy payments); and

(b) PILON – Pay In Lieu of Notice; and

(c) PILOB – Pay In Lieu of Benefits (including without limit car allowance and payment in lieu of fuel card); and

(d) payment for holiday accrued but not taken;

or,

(e) salary and benefits to the extent these are greater than the cost of salary and benefits associated with the Baseline Supplier Personnel Costs.

5.2 The Supplier shall only be able to rely on the Allowable Assumptions to the extent that each of them are:

(a) Applicable to a Transferring Former Supplier Employee who has transferred to the Supplier under TUPE;

(b) specific;

(c) measurable;

(d) time constrained;

(e) reasonably mitigated by the Supplier;

(f) subject to a financial cap as set out in Column 6 of Annex 5;

(g) and in the case of any redundancy payments, where they are triggered by a genuine redundancy situation pursuant to section 139 Employment Rights Act 1996 ,

and have a clear description of the impact on any aspect of this Agreement in the event that the Allowable Assumption is not accurate to include the impact on:

(h) the Services (including any impact on the Transition Plan and/or Project Plan (as appropriate)); and

(i) the Charges (including the basis of calculation of any cost impact).

5.3 The Supplier shall determine whether each Allowable Assumption is accurate within its Verification Period.

5.4 During each Verification Period, the Authority shall provide the Supplier with reasonable assistance and access to information within its possession or reasonable

control and which the Authority deems is relevant to the Allowable Assumption being verified.

5.5 Within ten (10) Working Days of the end of each Verification Period, the Supplier shall provide the Authority with a written report setting out the results of the Supplier's verification activity for the relevant Allowable Assumption, including whether the Allowable Assumption is accurate or whether the Contract Inception Report require adjustment.

5.6 Within ten (10) Working Days of the end of each Service Period, the Supplier shall provide the Authority with a written report setting out the results of the Supplier's verification activity for the relevant Allowable Assumption during the Service Period, including whether a proportion of the Allowable Assumption is payable and in which case, the Supplier shall provide to the Authority:

(a) anonymised lists of Transferring Former Supplier Employees who have transferred to the Supplier under TUPE;

(b) accurate details of payments made in respect of such employees together with details explaining the same;

(c) evidence of appropriate mitigation of costs;

(d) an opportunity for the Authority to review the raw data against which the anonymised information has been prepared; and

(e) any other information or evidence which the Authority may reasonably require to enable the Authority to verify the proportion of the Allowable Assumption which is requested.

5.7 Where the Parties have agreed that the proportion of an Allowable Assumption as set out in the written report in paragraph 5.6 is payable, the Supplier may invoice the Authority in respect of the Allowable Assumptions at the end of the Service Period to which they relate. For the avoidance of doubt, the Authority shall not be liable to pay Allowable Assumptions in respect of each individual Transferring Former Supplier Employee which exceed the relevant Discrete Redundancy Cap (irrespective of whether payments made are in respect of redundancy or in respect of costs associated with the ongoing employment of the Transferring Former Supplier Employees which are greater than Baseline Supplier Personnel Costs).

5.8 Where the Parties do not agree that the proportion of an Allowable Assumption as set out in the written report in paragraph 5.6 is payable, the Parties shall seek to resolve the matter using the Dispute Resolution Procedure.

6 RISK REGISTER

The Parties shall review the Risk Register set out in Annex 4 from time to time and as otherwise required for the purposes of Schedule 8.1 (*Governance*).

7 CHARGING MODEL

7.1 The Supplier shall comply with its obligations with respect to Financial Management set out in Paragraph 1 of Schedule 7.5 (*Financial Reports and Audit Rights*).

7.2 The Supplier shall on written demand indemnify the Authority, and keep the Authority indemnified, against all Losses incurred by, awarded against or agreed to be paid by the Authority arising from a breach by the Supplier of its Financial Management obligations set out in Paragraph 1 of Schedule 7.5 (*Financial Reports and Audit Rights*)] including without limitation any Losses which may arise as a consequence of any erroneous payments made by the Authority following instructions received by the Supplier.

8 INCENTIVE PAYMENT

8.1 The Supplier acknowledges and agrees that:

(a) ensuring that the provision of the Interim Services on or before the Interim Service Commencement Date is of critical importance to the Authority; and

(b) ensuring the provision of all of the Services by the Operational Services Commencement Date is of critical importance to the Authority.

8.2 To incentivise timely delivery of the Services, the Authority shall pay two additional amounts as follows (each an **"Incentive Payment"**):

(a) in respect of Interim Services:

(i) where the Interim Services are provided on or before the Interim Services Operational Date, the Authority shall pay to the Supplier an Incentive Payment equivalent to seven (7) per cent of the sum referred to as the "Total Transition Resource Charges" under Service ID 2.1as set out in the Financial Model; or

(ii) where the Interim Services are provided after but not later than one (1) week following the Interim Services Operational Date, the Authority shall pay to the Supplier an Incentive Payment equivalent to five (5) per cent of the sum referred to as the "Total Transition Resource Charges"under Service ID 2.1 as set out in the Financial Model; or

(iii) where the Interim Services are provided after the time period set out in paragraph 8.2(a)(ii) above but not later than two (2) weeks following the Interim Services Operational Date, the Authority shall pay to the Supplier an Incentive Payment equivalent to two (2) per cent of the sum referred to as the "Total Transition Resource Charges" under Service ID 2.1 as set out in the Financial Model;

and

(b) in respect of Services other than the Interim Services, where the Services are provided on or before the Operational Services Commencement Date the Authority shall pay to the Supplier an Incentive Payment equivalent to three per cent of the sum referred to as the ""Total Transition Resource Charges" under Service ID 2.1 as set out in the Financial Model.

8.3 The Supplier acknowledges and agrees that the Incentive Payments reflect the benefit to the Authority of a timely implementation of the Interim Services and the Services. However, the Interim Payments shall only be due in the circumstances set out in paragraph 8.2 above and shall not be payable where such circumstances have not been met, irrespective of the reason as to why such circumstances have not been met (including an act or omission of the Authority).

9. INDEXATION

9.1 Any amounts or sums in this Agreement which are expressed to be "subject to Indexation" shall be adjusted in accordance with the provisions of this Paragraph 9 to reflect the effects of inflation.

9.2 Where Indexation applies, the relevant adjustment shall be:

(a) applied on the first day of the second April following the Effective Date and on the first day of April in each subsequent year (each such date an "adjustment date"); and

(b) determined by multiplying the relevant amount or sum by the percentage increase or changes in the Consumer Price Index published for the twelve (12) months ended on the 31 January immediately preceding the relevant adjustment date.

9.3 Except as set out in this Paragraph 9, neither the Charges nor any other costs, expenses, fees or charges shall be adjusted to take account of any inflation, change to exchange rate, change to interest rate or any other factor or element which might otherwise increase the cost to the Supplier or Sub-contractors of the performance of their obligations.

PART D | Excessive Supplier Profit Margin

1 LIMIT ON SUPPLIER PROFIT MARGIN

1.1 The Supplier acknowledges that the Achieved Profit Margin applicable over the Term shall not exceed the Maximum Permitted Profit Margin.

1.2 The Supplier shall include in each Annual Contract Report the Achieved Profit Margin as at the end of the Contract Year to which the Annual Contract Report is made up and the provisions of Paragraph 1 of Part B of Schedule 7.5 (*Financial Reports and Audit Rights*) shall apply to the approval of the Annual Contract Report.

2 ADJUSTMENT TO THE CHARGES IN THE EVENT OF EXCESS SUPPLIER PROFIT

2.1 If an Annual Contract Report demonstrates (or it is otherwise determined pursuant to Paragraph 1 of Part B of Schedule 7.5 (*Financial Reports and Audit Rights*)) that the Achieved Profit Margin as at the end of the Contract Year to which the Annual Contract Report is made up exceeds the Maximum Permitted Profit Margin:

(a) the Supplier shall, within five (5) Working Days of delivery to the Authority of the Annual Contract Report, propose such adjustments to the Charges as will ensure that the Achieved Profit Margin both over the Contract Year to which the next Annual Contract Report will relate and over the Term will not exceed the Maximum Permitted Profit Margin;

(b) the Authority (acting reasonably) may agree or reject the proposed adjustments; and

(c) if the Authority rejects the proposed adjustments it shall give reasons and the Supplier shall propose revised adjustments within ten (10) Working Days of receiving those reasons.

2.2 Pending agreement of a proposed adjustment to the Charges pursuant to this Part D, the Charges then in force shall continue to apply. Once the adjustments to the Charges are agreed in accordance with Paragraph 2.1, the Parties shall document the adjustment in a Change Authorisation Note and the adjusted Charges shall apply with effect from the first day of the Service Period that immediately follows the Service Period in which the Change Authorisation Note is executed or such other date as is specified in the Change Authorisation Note.

PART E | Invoicing and Payment Terms

1 SUPPLIER INVOICES

1.1. The Authority shall accept for processing any electronic invoice that complies with the European Standard, provided that it is valid and undisputed.

1.2. If the Supplier proposes to submit for payment an invoice that does not comply with the European Standard the Supplier shall comply with the requirements of the Authority's e-invoicing system. In the alternative the Supplier shall:

(a) prepare and provide to the Authority for approval of the format a template invoice within 10 Working Days of the Effective Date which shall include, as a minimum, the details set out in Paragraph 1.3 together with such other information as the Authority may reasonably require to assess whether the Charges that will be detailed therein are properly payable; and

(b) make such amendments as may be reasonably required by the Authority if the template invoice outlined in (a) is not approved by the Authority.

1.3 The Supplier shall ensure that each invoice is submitted in the correct format for the Authority's chosen electronic transaction system and/or that it contains the following information:

"Contract Breakage Costs"	the amounts payable by the Supplier to its Key Sub-contractors or other third parties (as applicable) for terminating all relevant Key Sub-contracts or Third Party Contracts as a direct result of the early termination of this Agreement;
"Dedicated Supplier Personnel"	all Supplier Personnel then assigned to the Services or any part of the Services. If the Supplier is unsure as to whether Supplier Personnel are or should be regarded as so assigned, it shall consult with the Authority whose view shall be determinative provided that the employee has been materially involved in the provision of the Services or any part of the Services;
"Profit Already Paid"	the Supplier Profit paid or payable to the Supplier under this Agreement for the period from the Effective Date up to (and including) the Termination Date;
"Redundancy Costs"	the total sum of any of the following sums paid to Applicable Supplier Personnel, each amount apportioned between the Supplier and the Authority based on the time spent by such employee on the Services as a proportion of the total Service duration: (a) any statutory redundancy payment; and (b) in respect of an employee who was a Transferring Former Supplier Employee or a Transferring Authority Employee, any contractual redundancy payment (or where such a contractual benefit on redundancy is a benefit payable from a pension scheme, the increase in cost to the Supplier as a net present value compared to the benefit payable on termination of employment without redundancy), provided that such employee was entitled to such contractual redundancy payment immediately prior to his or her transfer to the Supplier under the Employment Regulations;

"Request for Estimate"	a written request sent by the Authority to the Supplier, requiring that the Supplier provide it with an accurate estimate of the Termination Payment that would be payable if the Authority exercised its right under Clause 34.1(a) (*Termination by the Authority*) to terminate this Agreement for convenience on a specified Termination Date;
"Termination Estimate"	has the meaning given in Paragraph 10.2;
"Third Party Contract"	a contract with a third party entered into by the Supplier exclusively for the purpose of delivering the Services, as listed in Schedule 4.4 (*Third Party Contracts*);
"Total Costs Incurred"	the Costs incurred by the Supplier up to the Termination Date in the performance of this Agreement and detailed in the Financial Model (but excluding Contract Breakage Costs, Redundancy Costs and any costs the Supplier would not otherwise be able to recover through the Charges) less any Deductions up to (and including) the Termination Date;
"Unrecovered Costs"	the Costs incurred by the Supplier in the performance of this Agreement (as summarised in the Financial Model) to the extent that the same remain at the Termination Date to be recovered through Charges that but for the termination of this Agreement would have been payable by the Authority after the Termination Date in accordance with Schedule 7.1 (*Charges and Invoicing*) as such Costs and Charges are forecast in the Financial Model;
"Unrecovered Payment"	an amount equal to the lower of:

(a) the sum of the Unrecovered Costs and the Unrecovered Profit; and

(b) the amount specified in Paragraph 4; and

"Unrecovered Profit" (Total Costs Incurred x Anticipated Contract Life Profit Margin) - Profit Already Paid + Milestone Retentions remaining unpaid at the Termination Date.

11. TERMINATION PAYMENT OVERVIEW

The Termination Payment payable pursuant to Clause 35.3 (Payments by the Authority) shall be an amount equal to the aggregate of the Breakage Costs Payment and the Unrecovered Payment.

12. BREAKAGE COSTS PAYMENT

12.1 The Supplier may recover through the Breakage Costs Payment only those costs incurred by the Supplier directly as a result of the termination of this Agreement which:

(a) would not have been incurred had this Agreement continued until expiry of the Initial Term, or in the event that the Term has been extended, the expiry of the Extension Period;

(b) are unavoidable, proven, reasonable, and not capable of recovery;

(c) are incurred under arrangements or agreements that are directly associated with this Agreement;

(d) are not Contract Breakage Costs relating to contracts or Sub-contracts with Affiliates of the Supplier; and

(e) relate directly to the termination of the Services.

Limitation on Breakage Costs Payment

12.2 The Breakage Costs Payment shall not exceed the lower of:

(a) the relevant limit set out in Annex 1; and

(b) one hundred and twenty per cent (120%) of the estimate for the Breakage Costs Payment set out in any relevant Termination Estimate.

Redundancy Costs

12.3 The Authority shall not be liable under this Schedule for any costs associated with Supplier Personnel (whether relating to redundancy, redeployment or otherwise) other than the Redundancy Costs.

12.4 Where the Supplier can demonstrate that a member of Supplier Personnel will be made redundant following termination of this Agreement, but redeployment of such person is possible and would offer value for money to the Authority when compared with redundancy, then the Authority shall pay the Supplier the actual direct costs incurred by the Supplier or its Sub-contractor arising out of the redeployment of such person (including retraining and relocation costs) subject to a maximum amount of thirty thousand pounds Sterling (£30,000) per relevant member of the Supplier Personnel.

Contract Breakage Costs

12.5 The Supplier shall be entitled to Contract Breakage Costs only in respect of Third-Party Contracts or Sub-contracts which:

(a) are not assigned or novated to a Replacement Supplier at the request of the Authority in accordance with Schedule 8.5 (*Exit Management*); and

(b) the Supplier can demonstrate:

(i) are surplus to the Supplier's requirements after the Termination Date, whether in relation to use internally within its business or in providing services to any of its other customers; and

(ii) have been entered into by it in the ordinary course of business.

12.6 The Supplier shall seek to negotiate termination of any Third-Party Contracts or Sub-contracts with the relevant third party or Sub-contractor (as the case may be) using all reasonable endeavours to minimise the cancellation or termination charges.

12.7 Except with the prior written agreement of the Authority, the Authority shall not be liable for any costs (including cancellation or termination charges) that the Supplier is obliged to pay in respect of:

(a) the termination of any contractual arrangements for occupation of, support of and/or services provided for Supplier premises which may arise as a consequence of the termination of this Agreement; and/or

(b) Assets not yet installed at the Termination Date.

13. UNRECOVERED PAYMENT

The Unrecovered Payment shall not exceed the lowest of:

(a) the relevant limit set out in Annex 1;

(b) one hundred and twenty per cent (120%) of the estimate for the Unrecovered Payment set out in any relevant Termination Estimate; and

(c) the Charges that but for the termination of this Agreement would have been payable by the Authority after the Termination Date in accordance with Schedule 7.1 (*Charges and Invoicing*) as forecast in the Financial Model.

14. MITIGATION OF CONTRACT BREAKAGE COSTS, REDUNDANCY COSTS AND UNRECOVERED COSTS

14.1 The Supplier agrees to use all reasonable endeavours to minimise and mitigate Contract Breakage Costs, Redundancy Costs and Unrecovered Costs by:

(a) the appropriation of Assets, employees and resources for other purposes;

(b) in relation to Supplier Personnel, seeking to redeploy Supplier Personnel within the Supplier organisation;

(c) at the Authority's request, assigning any Third Party Contracts and Sub-contracts to the Authority or a third party acting on behalf of the Authority; and

(d) in relation Third Party Contracts and Sub-contract that are not to be assigned to the Authority or to another third party, terminating those contracts at the earliest possible date without breach or where contractually permitted.

14.2 If Assets, employees and resources can be used by the Supplier for other purposes, then there shall be an equitable reduction in the Contract Breakage Costs, Redundancy Costs and Unrecovered Costs payable by the Authority or a third party to the Supplier. In the event of any Dispute arising over whether the Supplier can use any Assets, employees and/or resources for other purposes and/or over the amount of the relevant equitable reduction, the Dispute shall be referred to an Expert for determination in accordance with the procedure detailed in Schedule 8.4 (*Dispute Resolution Procedure*).

15. FULL AND FINAL SETTLEMENT

Any Termination Payment paid under this Schedule shall be in full and final settlement of any claim, demand and/or proceedings of the Supplier in relation to any termination by the Authority pursuant to Clause 34.1(a) (*Termination by the Authority*) or termination by the Supplier pursuant to Clause 34.6(a) (*Termination by the Supplier*) (as applicable), and the Supplier shall be excluded from all other rights and remedies it would otherwise have been entitled to in respect of any such termination.

16. INVOICING FOR THE PAYMENTS ON TERMINATION

All sums due under this Schedule shall be payable by the Authority to the Supplier in accordance with the payment terms set out in Schedule 7.1 (*Charges and Invoicing*).

17. SET OFF

The Authority shall be entitled to set off any outstanding liabilities of the Supplier against any amounts that are payable by it pursuant to this Schedule.

18. NO DOUBLE RECOVERY

18.1 If any amount payable under this Schedule (in whole or in part) relates to or arises from any Transferring Assets then, to the extent that the Authority makes any payments pursuant to Schedule 8.5 (*Exit Management*) in respect of such Transferring Assets, such payments shall be deducted from the amount payable pursuant to this Schedule.

18.2 The value of the Termination Payment shall be reduced or extinguished to the extent that the Supplier has already received the Charges or the financial benefit of any other rights or remedy given under this Agreement so that there is no double counting in calculating the relevant payment.

18.3 Any payments that are due in respect of the Transferring Assets shall be calculated in accordance with the provisions of the Exit Plan.

19. ESTIMATE OF TERMINATION PAYMENT

19.1 The Authority may issue a Request for Estimate at any time during the Term provided that no more than two (2) Requests for Estimate may be issued in any six (6) month period.

19.2 The Supplier shall within twenty (20) Working Days of receiving the Request for Estimate (or such other timescale agreed between the Parties), provide an accurate written estimate of the Termination Payment that would be payable by the Authority based on a postulated Termination Date specified in the Request for Estimate (such estimate being the "**Termination Estimate**"). The Termination Estimate shall:

(a) be based on the relevant amounts set out in the Financial Model;

(b) include:

(i) details of the mechanism by which the Termination Payment is calculated;

(ii) full particulars of the estimated Contract Breakage Costs in respect of each Sub-contract or Third Party Contract and appropriate supporting documentation; and

(iii) such information as the Authority may reasonably require; and

(c) state the period for which that Termination Estimate remains valid, which shall be not less than twenty (20) Working Days.

19.3 The Supplier acknowledges that issue of a Request for Estimate shall not be construed in any way as to represent an intention by the Authority to terminate this Agreement.

19.4 If the Authority issues a Termination Notice to the Supplier within the stated period for which a Termination Estimate remains valid, the Supplier shall use the same mechanism to calculate the Termination Payment as was detailed in the

19.5 Termination Estimate unless otherwise agreed in writing between the Supplier and the Authority.

ANNEX 1 | Maximum Payments on Termination

The table below sets out, by Contract Year, the maximum amount of the Unrecovered Payment and Breakage Costs Payment that the Authority shall be liable to pay to the Supplier pursuant to this Agreement:

Termination Date	Maximum combined Unrecovered Costs and/or Breakage Costs Payment
Anytime in the first Contract Year	100% of the anticipated Year 1 contract value
Anytime in the second Contract Year	100% of the anticipated Year 2 contract value
Anytime in the third Contract Year	100% of the anticipated Year 3 contract value

"Upper Quartile"	the top twenty five per cent (25%) of instances of provision of a Comparable Service by members of the Comparison Group ranked by best value for money to the recipients of that Comparable Service.

PART A | BENCHMARKING

1 FREQUENCY, PURPOSE AND SCOPE OF BENCHMARK REVIEW

1.1 The Authority may, by written notice to the Supplier, require a Benchmark Review of any or all of the Services in order to establish whether a Benchmarked Service is, and/or the Benchmarked Services as a whole are, Good Value.

1.2 The Authority shall not be entitled to carry out a Benchmark Review of any Services during the twelve (12) month period from the Effective Date, nor (subject always to Paragraph 1.3) at intervals of less than twelve (12) months after the completion of any previous Benchmark Review relating to the same Services.

1.3 The Authority shall be entitled to initiate a Benchmark Review in determining whether to extend the Term of this Agreement in accordance with Clauses 3.2 to 3.5 (inclusive) of this Agreement.

1.4 The Services that are to be the Benchmarked Services shall be identified by the Authority in the notice given under Paragraph 1.1.

2 APPOINTMENT OF BENCHMARKER

2.1 The Authority shall appoint as the Benchmarker to carry out the Benchmark Review such organisation as the Authority, acting reasonably, deems appropriate. The Authority shall confirm the identity of the Benchmarker by written notice to the Supplier. If the Supplier, acting reasonably, disagrees with the identity of the Benchmarker that the Authority has selected, it shall notify the Authority in writing no later than five (5) days following the date of the Authority's written notification of the identity of the Benchmarker, giving reasons for its objection and proposing one or more alternatives. The Authority shall consider the Supplier's objection (and shall act reasonably in doing so) and shall seek to reach an agreement with the Supplier as to an alternative benchmarker, however the final decision as to the Benchmarker to be appointed shall rest with the Authority.

2.2 The Authority shall, at the written request of the Supplier, require the Benchmarker to enter into a confidentiality agreement with the Supplier in, or substantially in, the form set out in the Annex to this Schedule.

2.3 The costs and expenses of the Benchmarker and the Benchmark Review shall be shared equally between both Parties provided that each Party shall bear its own internal costs of the Benchmark Review. The Benchmarker shall not be compensated on a contingency fee or incentive basis.

2.4 The Authority shall be entitled to pay the Benchmarker’s costs and expenses in full and to recover the Supplier’s share from the Supplier.

3 BENCHMARK REVIEW

3.1 The Authority shall require the Benchmarker to produce, and to send to each Party for approval, a draft plan for the Benchmark Review within ten (10) Working Days after the date of the appointment of the Benchmarker, or such longer period as the Benchmarker shall reasonably request in all the circumstances. The plan must include:

(a) a proposed timetable for the Benchmark Review;

(b) a description of the information that the Benchmarker requires each Party to provide;

(c) a description of the benchmarking methodology to be used;

(d) a description that clearly illustrates that the benchmarking methodology to be used is capable of fulfilling the benchmarking objectives under Paragraph 1.1;

(e) an estimate of the resources required from each Party to underpin the delivery of the plan;

(f) a description of how the Benchmarker will scope and identify the Comparison Group;

(g) details of any entities which the Benchmarker proposes to include within the Comparison Group; and

(h) if in the Benchmarker's professional opinion there are no Comparable Services or the number of entities carrying out Comparable Services is insufficient to create a Comparison Group, a detailed approach for meeting the relevant benchmarking objective(s) under Paragraph 1.1 using a proxy for the Comparison Services and/or Comparison Group as applicable.

3.2 The Parties acknowledge and agree that the selection and or use of proxies for the Comparison Group (both in terms of number and identity of entities) and Comparable Services shall be a matter for the Benchmarker's professional judgment, but will be requested to consider the following:

(a) Information from other service providers to the Authority;

(b) Survey information;

(c) Market intelligence;

(d) The Benchmarker's own data and experience;

(e) Relevant published information;

(f) Information from consultancies and/or other vendors or purchasers of Comparable Services; and

(g) Information from "in-house" providers to the Authority to the extent that the Benchmarker considers that they are valid comparators.

3.3 Each Party shall give notice in writing to the Benchmarker and to the other Party within ten (10) Working Days after receiving the draft plan either approving the draft plan or suggesting amendments to that plan which must be reasonable. Where a Party suggests amendments to the draft plan pursuant to this Paragraph 3.3, the Benchmarker shall, if it believes the amendments are reasonable, produce an amended draft plan. Paragraph 3.1 and this Paragraph 3.3 shall apply to any amended draft plan.

3.4 Failure by a Party to give notice under Paragraph 3.3 shall be treated as approval of the draft plan by that Party. If the Parties fail to approve the draft plan within thirty (30) Working Days of its first being sent to them pursuant to Paragraph 3.1 then the Benchmarker shall prescribe the plan.

3.5 Once the plan is approved by both Parties or prescribed by the Benchmarker, the Benchmarker shall carry out the Benchmark Review in accordance with the plan. Each Party shall procure that all the information described in the plan, together with any additional information reasonably required by the Benchmarker is provided to the Benchmarker without undue delay. If the Supplier causes any delay or fails to provide any information requested from it by the Benchmarker whether described in the plan or reasonably requested by the Benchmarker, such failure or delay shall constitute a material Default for the purposes of Clause 27.1(c) (*Rectification Plan Process*).

3.6 Each Party shall co-operate fully with the Benchmarker, including by providing access to records, technical documentation, premises, equipment, systems and personnel at times reasonably requested by the Benchmarker, provided that the Benchmarker shall be instructed to minimise any disruption to the Services.

3.7 Either Party may provide additional material to the Benchmarker to assist the Benchmarker in conducting the Benchmark Review.

3.8 Once it has received the information it requires, the Benchmarker shall:

(a) finalise the sample of entities constituting the Comparison Group and collect data relating to Comparable Services. The final selection of the Comparison Group (both in terms of number and identity of entities) and of the Comparable Services shall be a matter for the Benchmarker's professional judgment;

(b) derive the Equivalent Services Data by applying the adjustment factors listed in Paragraph 3.9 and from an analysis of the Comparable Services;

(c) derive the relative value for money of the charges payable for the Comparable Services using the Equivalent Services Data and from that derive the Upper Quartile;

(d) derive the median service levels relating to the Comparable Services using the Equivalent Services Data;

(e) compare the value for money of the Charges attributable to the Benchmarked Services (having regard in particular to the applicable Performance Indicators and Target Performance Levels) to the value for money of the Upper Quartile;

(f) compare the Performance Indicators and Target Performance Levels attributable to the Benchmarked Services (having regard to the Charges and Service Credits) with the median service levels using the Equivalent Services Data; and

(g) determine whether or not each Benchmarked Service is and/or the Benchmarked Services as a whole are, Good Value.

3.9 The Benchmarker shall have regard to the following matters when performing a comparative assessment of a Benchmarked Service and a Comparable Service in order to derive Equivalent Services Data:

(a) the contractual and business environment under which the Services are being provided (including the scope, scale, complexity and geographical spread of the Services);

(b) any front-end investment and development costs of the Supplier;

(c) the Supplier's risk profile including the financial, performance or liability risks associated with the provision of the Services as a whole;

(d) the extent of the Supplier's management and contract governance responsibilities;

(e) any other reasonable factors demonstrated by the Supplier, which, if not taken into consideration, could unfairly cause the Supplier's pricing to appear non-competitive (such as erroneous costing, non-sustainable behaviour including excessive consumption of energy or over-aggressive pricing).

4 BENCHMARK REPORT

4.1 The Benchmarker shall be required to prepare a Benchmark Report and deliver it simultaneously to both Parties, at the time specified in the plan approved under Paragraph 3, setting out its findings. The Benchmark Report shall:

(a) include a finding as to whether or not each Benchmarked Service is and/or whether the Benchmarked Services as a whole are, Good Value;

(b) include other findings (if any) regarding the quality and competitiveness or otherwise of those Services;

(c) if any Benchmarked Service is not Good Value, or the Benchmarked Services as a whole are not Good Value, specify the changes that would be required to the Charges, Performance Indicators and/or Target Performance Levels, that would be required to make that Benchmarked Service or those Benchmarked Services as a whole Good Value; and

(d) illustrate the method used for any normalisation of the Equivalent Services Data

4.2 The Benchmarker shall act as an expert and not as an arbitrator.

4.3 If the Benchmark Report states that any Benchmarked Service is not Good Value or that the Benchmarked Services as a whole are not Good Value, then the Supplier shall (subject to Paragraph 4.5) implement the changes set out in the Benchmark Report as soon as reasonably practicable within timescales agreed with the Authority but in any event within no more than three (3) months. Any associated changes to the Charges shall take effect only from the same date and shall not be retrospective.

4.4 The Supplier acknowledges and agrees that Benchmark Reviews shall not result in any increase to the Charges, disapplication of the Performance Indicators or any reduction in the Target Performance Levels.

4.5 The Supplier shall only be entitled to reject any Benchmark Report if the Supplier reasonably considers that the Benchmarker has not followed the procedure for the related Benchmark Review as set out in this Schedule in any material respect.

4.6 In the event of any Dispute arising over whether the Benchmarker has followed the procedure for the related Benchmark Review under Paragraph 4.5, the Dispute shall be referred to Expert Determination. For the avoidance of doubt in the event of a Dispute between the Parties, the Authority shall continue to pay the Charges to the Supplier in accordance with the terms of this Agreement and the Performance Indicators and Target Performance Levels shall remain unchanged pending the conclusion of the Expert Determination.

4.7 On conclusion of the Expert Determination:

(a) if the Expert determines that all or any part of the Benchmark Report recommendations regarding any reduction in the Charges shall be implemented by the Supplier, the Supplier shall immediately repay to the Authority the difference between the Charges paid by the Authority up to and including the date of the Expert's determination and the date upon which the recommended reduction in Charges should have originally taken effect pursuant to Paragraph 4.3 together with interest thereon at the applicable rate under the Late Payment Of Commercial Debts (Interest) Act 1998; and

(b) if the Expert determines that all or any part of the Benchmark Report recommendations regarding any changes to the Performance Indicators and/or Target Performance Levels shall be implemented by the Supplier:

(i) the Supplier shall immediately implement the relevant changes;

(ii) the Supplier shall immediately pay an amount equal to any Service Credits which would have accrued up to and including the date of the Expert's determination if the relevant changes had taken effect on the date determined pursuant to Paragraph 4.3 together with interest thereon at the applicable rate under the Late Payment Of Commercial Debts (Interest) Act 1998; and

(iii) the relevant changes shall thereafter be subject to the Change Control Procedure for the purposes only of formalising and documenting the relevant change or amendment for the purposes of this Agreement (it being acknowledged and agreed that the decision as to whether and what changes are to be made has already been finalised by the Expert).

4.8 Any failure by the Supplier to implement the changes as set out in the Benchmark Report in accordance with the relevant timescales determined in accordance with Paragraph 4.3 (unless the provisions of Paragraph 4.6 apply) or in accordance with Paragraph 4.7 shall, without prejudice to any other rights or remedies of the Authority, constitute a Supplier Termination Event.

PART B | SAVINGS INITIATIVES

1 SAVINGS INITIATIVES

1.1 The Parties agree that it is their intention to operate a gain share mechanism under this Agreement (**"Gain Share Mechanism"**).

1.2 The Supplier shall no less than three times in each twelve-month period provide a detailed proposal to identify and report to the Authority (**"Gainshare Report"**) all efficiency gain proposals that might be applied to the Services to reduce the Charges payable under this Agreement and/or achieve savings to the Authority elsewhere.

1.3 The Supplier shall include within the Gainshare Report:

(a) details of how the savings are calculated and the time period to which it relates. All savings set out in the Gainshare Report must be based in fact (and net of any costs incurred by the Authority) and incorporate a baseline measure, the costs necessary for each Party to achieve the savings (if any), budget forecast and measures to actualise the savings. The savings identified in the Gainshare Report shall be proven and auditable savings and not based on estimated or deemed savings; and

(b) an equitable and reasonable proposal as to how the savings to be achieved should be shared between the Authority and the Supplier.

1.4 Within four (4) weeks of receipt of the Gainshare Report, the Authority shall be entitled to accept or reject a proposal contained within a Gainshare Report by giving written notice to the Supplier.

1.5 The proposals contained within a Gainshare Report shall be implemented through the Change Control Procedure.

1.6 Unless otherwise agreed between the Parties, the savings achieved through the proposals contained within a Gainshare Report and implemented through the Change Control Procedure shall:

(a) be apportioned between the Parties in accordance with the proposal suggested by the Supplier in accordance with paragraph 1.3(b) above.

(g) any [one] of the Financial Indicators set out at Paragraph 5 for any of the FDE Group entities failing to meet the required Financial Target Threshold.

4 CONSEQUENCES OF FINANCIAL DISTRESS EVENTS

4.1 Immediately upon notification by the Supplier of a Financial Distress Event (or if the Authority becomes aware of a Financial Distress Event without notification and brings the event to the attention of the Supplier), the Supplier shall have the obligations and the Authority shall have the rights and remedies as set out in Paragraphs 4.3 to 4.6.

4.2 In the event of a late or non-payment of a Key Sub-contractor pursuant to Paragraph 3.1(e), the Authority shall not exercise any of its rights or remedies under Paragraph 4.3 without first giving the Supplier 10 Working Days to:

(a) rectify such late or non-payment; or

(b) demonstrate to the Authority's reasonable satisfaction that there is a valid reason for late or non-payment.

4.3 The Supplier shall (and shall procure that any Monitored Supplier and/or any relevant Key Sub-contractor shall):

(a) at the request of the Authority, meet the Authority as soon as reasonably practicable (and in any event within 3 Working Days of the initial notification (or awareness) of the Financial Distress Event or such other period as the Authority may permit and notify to the Supplier in writing) to review the effect of the Financial Distress Event on the continued performance and delivery of the Services in accordance with this Agreement; and

(b) where the Authority reasonably believes (taking into account the discussions and any representations made under Paragraph 4.3(a)) that the Financial Distress Event could impact on the continued performance and delivery of the Services in accordance with this Agreement:

(i) submit to the Authority for its approval, a draft Financial Distress Remediation Plan as soon as reasonably practicable (and in any event, within 10 Working Days of the initial notification (or awareness) of the Financial Distress Event or such other period as the Authority may permit and notify to the Supplier in writing); and

(ii) to the extent that it is legally permitted to do so and subject to Paragraph 4.8, provide such information relating to the Supplier, any Monitored Supplier and/or Key Sub-contractors as the Authority may reasonably require in order to understand the risk to the Services, which may include forecasts in relation to cash flow, orders and profits and details of financial measures being considered to mitigate the impact of the Financial Distress Event.

4.4 The Authority shall not withhold its approval of a draft Financial Distress Remediation Plan unreasonably. If the Authority does not approve the draft Financial Distress Remediation Plan, it shall inform the Supplier of its reasons and the Supplier shall take those reasons into account in the preparation of a further draft Financial Distress Remediation Plan, which shall be resubmitted to the Authority within 5 Working Days of the rejection of the first draft. This process shall be repeated until the Financial Distress Remediation Plan is approved by the Authority or referred to the Dispute Resolution Procedure under Paragraph 4.5.

4.5 If the Authority considers that the draft Financial Distress Remediation Plan is insufficiently detailed to be properly evaluated, will take too long to complete or will not ensure the continued performance of the Supplier's obligations in accordance with the Agreement, then it may either agree a further time period for the development and agreement of the Financial Distress Remediation Plan or escalate any issues with the draft Financial Distress Remediation Plan using the Dispute Resolution Procedure.

4.6 Following approval of the Financial Distress Remediation Plan by the Authority, the Supplier shall:

(a) on a regular basis (which shall not be less than fortnightly):

(i) review and make any updates to the Financial Distress Remediation Plan as the Supplier may deem reasonably necessary and/or as may be reasonably requested by the Authority, so that the plan remains adequate, up to date and ensures the continued performance and delivery of the Services in accordance with this Agreement; and

(ii) provide a written report to the Authority setting out its progress against the Financial Distress Remediation Plan, the reasons for any changes made to the Financial Distress Remediation Plan by the Supplier and/or the reasons why the Supplier may have decided not to make any changes;

(b) where updates are made to the Financial Distress Remediation Plan in accordance with Paragraph 4.6(a), submit an updated Financial Distress Remediation Plan to the Authority for its approval, and the provisions of Paragraphs 4.4 and 4.5 shall apply to the review and approval process for the updated Financial Distress Remediation Plan; and

(c) comply with the Financial Distress Remediation Plan (including any updated Financial Distress Remediation Plan) and ensure that it achieves the financial and performance requirements set out in the Financial Distress Remediation Plan.

4.7 Where the Supplier reasonably believes that the relevant Financial Distress Event under Paragraph 4.1 (or the circumstance or matter which has caused or otherwise led to it) no longer exists, it shall notify the Authority and the Parties may agree that the Supplier shall be relieved of its obligations under Paragraph 4.6.

4.8 The Supplier shall use reasonable endeavours to put in place the necessary measures to ensure that the information specified at paragraph 4.3(b)(ii) is available when required and on request from the Authority and within reasonable timescales. Such measures may include:

(a) obtaining in advance written authority from Key Sub-contractors and/or Monitored Suppliers authorising the disclosure of the information to the Authority and/or entering into confidentiality agreements which permit disclosure;

(b) agreeing in advance with the Authority, Key Sub-contractors and/or Monitored Suppliers a form of confidentiality agreement to be entered by the relevant parties to enable the disclosure of the information to the Authority;

(c) putting in place any other reasonable arrangements to enable the information to be lawfully disclosed to the Authority (which may include making price sensitive information available to Authority nominated personnel through confidential arrangements, subject to their consent); and

(d) disclosing the information to the fullest extent that it is lawfully entitled to do so, including through the use of redaction, anonymization and any other techniques to permit disclosure of the information without breaching a duty of confidentiality.

5 FINANCIAL INDICATORS

5.1 Subject to the calculation methodology set out at Annex 4 of this Schedule, the Financial Indicators and the corresponding calculations and thresholds used to determine whether a Financial Distress Event has occurred in respect of those Financial Indicators, shall be as follows:

Financial Indicator	Calculation [1]	Financial Target Threshold:	Monitoring and Reporting Frequency [if different from the default position set out in Paragraph 2.3(b)]
Operating Margin	*Operating Margin = Operating Profit / Revenue*	<5%	Tested and reported yearly in arrears promptly after the publication of the Supplier's audited financial statements based upon figures for the 12 months ending on the relevant Accounting Reference Date
Net Debt to EBITDA Ratio	*Net Debt to EBITDA ratio = Net Debt / EBITDA*	>3.5x	Tested and reported yearly in arrears promptly after the publication of the Supplier's audited financial statements based upon EBITDA for the 12 months ending on, and Net Debt at, the relevant Accounting Reference Date

Key: [1] – See Annex 4 of this Schedule which sets out the calculation methodology to be used in the calculation of each Financial Indicator.

(c) the Supplier fails to comply with the terms of the Financial Distress Remediation Plan (or any updated Financial Distress Remediation Plan) in accordance with Paragraph 4.6(c),

(d) then the Parties shall hold an Escalation Meeting in accordance with Clause 29 (Escalation Process), and if after such escalation the Authority (in good faith) has reasonable grounds to believe such failure could have a material adverse impact on the Supplier's ability to provide the Services during the Term, then the Authority shall be entitled to terminate this Agreement under Clause 34.1(b) (Termination by the Authority).

7 PRIMACY OF CREDIT RATINGS

7.1 Without prejudice to the Supplier's obligations and the Authority's rights and remedies under Paragraph 2, if, following the occurrence of a Financial Distress Event pursuant to any of Paragraphs 3.1(b) to 3.1(g), the Rating Agencies review and report subsequently that the credit ratings for the FDE Group entities do not drop below the relevant Credit Rating Thresholds specified for those entities in Annex 3 of this Schedule, then:

(a) the Supplier shall be relieved automatically of its obligations under Paragraphs 4.3 to 4.6; and

(b) the Authority shall not be entitled to require the Supplier to provide financial information in accordance with Paragraph 4.3(b)(ii).

8 BOARD CONFIRMATION

8.1 If this Agreement has been specified as a Critical Service Contract under Paragraph 10.1 of Part 2 to Schedule 8.6 (Service Continuity Plan and Corporate Resolution Planning) then, subject to Paragraph 8.4 of this Schedule, the Supplier shall within 120 days after each Accounting Reference Date or within 15 months of the previous Board Confirmation (whichever is the earlier) provide a Board Confirmation to the Authority in the form set out at Annex 5 of this Schedule, confirming that to the best of the Board's knowledge and belief, it is not aware of and has no knowledge:

(a) that a Financial Distress Event has occurred since the later of the Effective Date or the previous Board Confirmation or is subsisting; or

(b) of any matters which have occurred or are subsisting that could reasonably be expected to cause a Financial Distress Event.

8.2 The Supplier shall ensure that in its preparation of the Board Confirmation it exercises due care and diligence and has made reasonable enquiry of all relevant Supplier Personnel and other persons as is reasonably necessary to understand and confirm the position.

8.3 In respect of the first Board Confirmation to be provided under this Agreement, the Supplier shall provide the Board Confirmation within 15 months of the Effective Date if earlier than the timescale for submission set out in Paragraph 8.1 of this Schedule.

8.4 Where the Supplier is unable to provide a Board Confirmation in accordance with Paragraphs 8.1 to 8.3 of this Schedule due to the occurrence of a Financial Distress Event or knowledge of subsisting matters which could reasonably be expected to cause a Financial Distress Event, it will be sufficient for the Supplier to submit in place of the Board Confirmation, a statement from the Board of Directors to the Authority (and where the Supplier is a Strategic Supplier, the Supplier shall send a copy of the statement to the Cabinet Office Markets and Suppliers Team) setting out full details of any Financial Distress Events that have occurred and/or the matters which could reasonably be expected to cause a Financial Distress Event.

1. ***Terminology***: The terms referred to in this Annex are those used by UK companies in their financial statements. Where the entity is not a UK company, the corresponding items should be used even if the terminology is slightly different (for example a charity would refer to a surplus or deficit rather than a profit or loss).
2. ***Groups***: Where the entity is the holding company of a group and prepares consolidated financial statements, the consolidated figures should be used.
3. ***Foreign currency conversion***: Figures denominated in foreign currencies should be converted at the exchange rate in force at the relevant date for which the Financial Indicator is being calculated.
4. ***Treatment of non-underlying items***: Financial Indicators should be based on the figures in the financial statements before adjusting for non-underlying items.

Specific Methodology

Financial Indicator	Specific Methodology
1 Operating Margin	The elements used to calculate the Operating Margin should be shown on the face of the Income Statement in a standard set of financial statements. Figures for Operating Profit and Revenue should exclude the entity's share of the results of any joint ventures or Associates. Where an entity has an operating loss (i.e. where the operating profit is negative), Operating Profit should be taken to be zero.
2 Net Debt to EBITDA Ratio	***"Net Debt"*** *= Bank overdrafts + Loans and borrowings + Finance leases + Deferred consideration payable – Cash and cash equivalents*

	*"**EBITDA**" = Operating profit + Depreciation charge + Amortisation charge* The majority of the elements used to calculate the Net Debt to EBITDA Ratio should be shown on the face of the Balance sheet, Income statement and Statement of Cash Flows in a standard set of financial statements but will otherwise be found in the notes to the financial statements. The calculation of EBITDA shall exclude exceptional items. • *Net Debt*: The elements of Net Debt may be described slightly differently and should be found either on the face of the Balance Sheet or in the relevant note to the financial statements. All interest bearing liabilities (other than retirement benefit obligations) should be included as borrowings as should, where disclosed, any liabilities (less any assets) in respect of any hedges designated as linked to borrowings (but not non-designated hedges). Borrowings should also include balances owed to other group members. Deferred consideration payable should be included in Net Debt despite typically being non-interest bearing. Cash and cash equivalents should include short-term financial investments shown in current assets. Where Net debt is negative (i.e. an entity has net cash), the relevant Financial Target Threshold should be treated as having been met. • *EBITDA*: Operating profit should be shown on the face of the Income Statement and, for the purposes of calculating this Financial Indicator, should include the entity's share of the results of any joint ventures or Associates. *The depreciation and amortisation charges for the period may be found on the face of the Statement of Cash Flows or in a Note to the Accounts. Where EBITDA is negative, the relevant Financial Target Threshold should be treated as not having been met (unless Net Debt is also negative, in which case the relevant Financial Target Threshold should be treated as having been met).]*

2. GENERAL PRINCIPLES OF CHANGE CONTROL PROCEDURE

2.1 This Schedule sets out the procedure for dealing with Changes, except:

(a) changes to Schedule 11 (*Collaboration*);

(b) changes that require a change to Schedule 11 (*Collaboration*); or

(c) changes that impact upon an Ecosystem Supplier but do not impact Schedule 11 (*Collaboration*),

which shall be managed in accordance with Schedule 11 (*Collaboration*).

2.2 Operational Changes shall be processed in accordance with Paragraph 9. If either Party is in doubt about whether a change falls within the definition of an Operational Change, then it must be processed as a Contract Change.

2.3 The Parties shall deal with Contract Change as follows:

(a) either Party may request a Contract Change which they shall initiate by issuing a Change Request in accordance with Paragraph 4;

(b) unless this Agreement otherwise requires, the Supplier shall assess and document the potential impact of a proposed Contract Change in accordance with Paragraph 5 before the Contract Change can be either approved or implemented;

(c) the Authority shall have the right to request amendments to a Change Request, approve it or reject it in the manner set out in Paragraph 6;

(d) the Supplier shall have the right to reject a Change Request solely in the manner set out in Paragraph 7;

(e) save as otherwise provided in this Agreement, no proposed Contract Change shall be implemented by the Supplier until a Change Authorisation Note has been signed and issued by the Authority in accordance with Paragraph 6.2; and

(f) a proposed Contract Change is a Fast-track Change, it shall be processed in accordance with Paragraph 8.

2.4 To the extent that any Contract Change requires testing and/or a programme for implementation, then the Parties shall follow the procedures set out in Schedule 6.2 (*Testing Procedures*), and, where appropriate, the Change Authorisation Note relating to such a Contract Change shall specify Milestones and/or a Key Milestone and Milestone Date(s) in respect of such Contract Change for the purposes of such procedures.

2.5 Until a Change Authorisation Note has been signed and issued by the Authority in accordance with Paragraph 6.2, then:

2.6 unless the Authority expressly agrees (or requires) otherwise in writing, the Supplier shall continue to supply the Services in accordance with the existing terms of this Agreement as if the proposed Contract Change did not apply; and

2.7 any discussions, negotiations or other communications which may take place between the Authority and the Supplier in connection with any proposed Contract Change, including the submission of any Change Communications, shall be without prejudice to each Party's other rights under this Agreement.

2.8 The Supplier shall:

(a) within ten (10) Working Days of the Authority's signature and issue of a Change Authorisation Note, deliver to the Authority a copy of this Agreement updated to reflect all Contract Changes agreed in the relevant Change Authorisation Note and annotated with a reference to the Change Authorisation Note pursuant to which the relevant Contract Changes were agreed; and

(b) thereafter provide to the Authority such further copies of the updated Agreement as the Authority may from time to time request.

3. COSTS

3.1 Subject to Paragraph 3.3:

(a) the costs of preparing each Change Request shall be borne by the Party making the Change Request; and

(b) the costs incurred by the Supplier in undertaking an Impact Assessment shall be borne by the Party making the Change Request provided that the Authority shall not be required to pay any such costs if:

(i) the Supplier is able to undertake the Impact Assessment by using resources already deployed in the provision of the Services; or

(ii) such costs exceed those in the accepted Impact Assessment Estimate.

3.2 The cost of any Contract Change shall be calculated and charged in accordance with the principles and day rates or day costs (as applicable) set out in 7.1(*Charges and Invoicing*). The Supplier shall be entitled to increase the Charges only if it can demonstrate in the Impact Assessment that the proposed Contract Change requires additional resources and, in any event, any change to the Charges resulting from a Contract Change (whether the change will cause an increase or a decrease in the Charges) will be strictly proportionate to the increase or decrease in the level of resources required for the provision of the Services as amended by the Contract Change.

3.3 Both Parties' costs incurred in respect of any use of this Change Control Procedure as a result of any error or Default by the Supplier shall be paid for by the Supplier.

4 CHANGE REQUEST

4.1 Either Party may issue a Change Request to the other Party at any time during the Term. A Change Request shall be substantially in the form of Annex 1 and state whether the Party issuing the Change Request considers the proposed Contract Change to be a Fast-track Change.

4.2 If the Supplier issues the Change Request, then it shall also provide an Impact Assessment to the Authority as soon as is reasonably practicable but in any event within ten (10) Working Days of the date of issuing the Change Request.

4.3 If the Authority issues the Change Request, then the Supplier shall provide as soon as reasonably practical and in any event within ten (10) working days of the date of receiving the Change Request an estimate ("Impact Assessment Estimate") of the cost of preparing an Impact Assessment and the timetable for preparing it. The timetable shall provide for the completed Impact Assessment to be received by the Authority within ten (10) Working Days of acceptance of the Impact Assessment Estimate or within any longer time period agreed by the Authority.

4.4 If the Authority accepts an Impact Assessment Estimate then following receipt of notice of such acceptance the Supplier shall provide the completed Impact Assessment to the Authority as soon as is reasonably practicable and in any event within the period agreed in the Impact Assessment Estimate. If the Supplier requires any clarification in relation to the Change Request before it can deliver the Impact Assessment, then it shall promptly make a request for clarification to the Authority and provided that sufficient information is received by the Authority to fully understand:

(a) the nature of the request for clarification; and

(b) the reasonable justification for the request;

the time period to complete the Impact Assessment shall be extended by the time taken by the Authority to provide that clarification. The Authority shall respond to the request for clarification as soon as is reasonably practicable.

5 IMPACT ASSESSMENT

5.1 Each Impact Assessment shall be completed in good faith and shall include:

(a) details of the proposed Contract Change including the reason for the Contract Change; and

(b) details of the impact of the proposed Contract Change on the Services, the Optional Services (if any) and the Supplier's ability to meet its other obligations under this Agreement;

(c) any variation to the terms of this Agreement that will be required as a result of that impact, including changes to:

(i) the Services Description, the Performance Indicators and/or the Target Performance Levels;

(ii) the format of Authority Data, as set out in the Services Description;

(iii) the Milestones, Transition Plan or Project Plan and any other timetable previously agreed by the Parties;

(iv) other services provided by third party contractors to the Authority, including any changes required by the proposed Contract Change to the Authority's IT infrastructure;

(d) details of the cost of implementing the proposed Contract Change;

(e) details of the ongoing costs required by the proposed Contract Change when implemented, including any increase or decrease in the Charges, any alteration in the resources and/or expenditure required by either Party and any alteration to the working practices of either Party;

(f) a timetable for the implementation, together with any proposals for the testing of the Contract Change;

(g) details of how the proposed Contract Change will ensure compliance with any applicable Change in Law; and

(h) such other information as the Authority may reasonably request in (or in response to) the Change Request.

5.2 If the Contract Change involves the processing or transfer of any Personal Data outside the European Economic Area, the preparation of the Impact Assessment shall also be subject to Clause 23 (*Protection of Personal Data*).

5.3 Subject to the provisions of Paragraph 5.4, the Authority shall review the Impact Assessment and respond to the Supplier in accordance with Paragraph 6 within 15 Working Days of receiving the Impact Assessment.

5.4 If the Authority is the Receiving Party and the Authority reasonably considers that it requires further information regarding the proposed Contract Change so that it may properly evaluate the Change Request and the Impact Assessment, then within five (5) Working Days of receiving the Impact Assessment, it shall notify the Supplier of this fact and detail the further information that it requires. The Supplier shall then re-issue the relevant Impact Assessment to the Authority within ten (10) Working Days of receiving such notification. At the Authority's discretion, the Parties may repeat the process described in this Paragraph 5.4 until the Authority is satisfied

that it has sufficient information to properly evaluate the Change Request and Impact Assessment.

5.5 The calculation of costs for the purposes of Paragraphs 5.1(d) and 5.1(e) shall:

(a) be based on the Financial Model;

(b) facilitate the Financial Transparency Objectives;

(c) include estimated volumes of each type of resource to be employed and the applicable rate card;

(d) include full disclosure of any assumptions underlying such Impact Assessment;

(e) include evidence of the cost of any assets required for the Change; and

(f) include details of any new Sub-contracts necessary to accomplish the Change.

(g) Include an analysis of the Costs, Overhead recoveries (where relevant), time spent by Supplier Personnel in providing the Services and the Supplier Profit Margin.

6 AUTHORITY'S RIGHT OF APPROVAL

6.1 Within fifteen (15) Working Days of receiving the Impact Assessment from the Supplier or within ten (10) Working Days of receiving the further information that it may request pursuant to Paragraph 5.4, the Authority shall evaluate the Change Request and the Impact Assessment and shall do one of the following:

(a) approve the proposed Contract Change, in which case the Parties shall follow the procedure set out in Paragraph 6.2;

(b) in its absolute discretion reject the Contract Change, in which case it shall notify the Supplier of the rejection. The Authority shall not reject any proposed Contract Change to the extent that the Contract Change is necessary for the Supplier or the Services to comply with any Changes in Law. If the Authority does reject a Contract Change, then it shall explain its reasons in writing to the Supplier as soon as is reasonably practicable following such rejection; or

(c) in the event that it reasonably believes that a Change Request or Impact Assessment contains errors or omissions, require the Supplier to modify the relevant document accordingly, in which event the Supplier shall make such modifications within five (5) Working Days of such request. Subject to Paragraph 5.4, on receiving the modified Change Request and/or Impact Assessment, the Authority shall approve or reject the proposed Contract Change within ten (10) Working Days.

6.2 If the Authority approves the proposed Contract Change pursuant to Paragraph 6.1 and it has not been rejected by the Supplier in accordance with Paragraph 7, then it shall inform the Supplier and the Supplier shall prepare two (2) copies of a Change Authorisation Note which it shall sign and deliver to the Authority for its signature. Following receipt by the Authority of the Change Authorisation Note, it shall sign both copies and return one copy to the Supplier. On the Authority's signature the Change Authorisation Note shall constitute (or, where the Authority has agreed to or required the implementation of a Change prior to signature of a Change Authorisation Note, shall constitute confirmation of) a binding variation to this Agreement.

6.3 If the Authority does not sign the Change Authorisation Note within ten (10) Working Days, then the Supplier shall have the right to notify the Authority and if the Authority does not sign the Change Authorisation Note within five (5) Working Days of such notification, then the Supplier may refer the matter to the Expedited Dispute Timetable pursuant to the Dispute Resolution Procedure.

7 SUPPLIER'S RIGHT OF REJECTION

7.1 Following an Impact Assessment, if:

(a) the Supplier reasonably believes that any proposed Contract Change which is requested by the Authority would:

(i) materially and adversely affect the risks to the health and safety of any person; and/or

(ii) require the Services to be performed in a way that infringes any Law; and/or

(b) the Supplier demonstrates to the Authority's reasonable satisfaction that the proposed Contract Change is technically impossible to implement and neither the Supplier Solution nor the Services Description state that the Supplier does have the technical capacity and flexibility required to implement the proposed Contract Change,

7.2 then the Supplier shall be entitled to reject the proposed Contract Change and shall notify the Authority of its reasons for doing so within five (5) Working Days after the date on which it is obliged to deliver the Impact Assessment pursuant to Paragraph 4.3.

8 FAST-TRACK CHANGES

8.1 The Parties acknowledge that to ensure operational efficiency there may be circumstances where it is desirable to expedite the processes set out above.

8.2 If:

(a) the total number of Contract Changes in relation to which this Fast-track Change procedure has been applied does not exceed four (4) in any twelve (12) month period; and

(b) both Parties agree the value of the proposed Contract Change over the remaining Term and any period for which Termination Services may be required does not exceed a figure to be agreed between The Authority and The Supplier within 60 working days of the contract effective date, and the proposed Contract Change is not significant (as determined by the Authority acting reasonably),

then the Parties shall confirm to each other in writing that they shall use the process set out in Paragraphs 4, 5, 6 and 7 but with reduced timescales, such that any period of fifteen (15) Working Days is reduced to five (5) Working Days, any period of ten (10) Working Days is reduced to two (2) Working Days and any period of five (5) Working Days is reduced to one (1) Working Day.

8.3 The Parties may agree in writing to revise the parameters set out in Paragraph 8.2 from time to time or that the Fast-track Change procedure shall be used in relation to a particular Contract Change notwithstanding that the total number of Contract Changes to which such procedure is applied will then exceed four (4) in a twelve (12) month period.

9 OPERATIONAL CHANGE PROCEDURE

9.1 Any Operational Changes identified by the Supplier to improve operational efficiency of the Services may be implemented by the Supplier without following the Change Control Procedure for proposed Contract Changes provided they do not:

(a) have an impact on the business of the Authority;

(b) require a change to this Agreement;

(c) have a direct impact on use of the Services; or

(d) involve the Authority in paying any additional Charges or other costs.

9.2 The Authority may request an Operational Change by submitting a written request for Operational Change ("**RFOC**") to the Supplier Representative.

9.3 The RFOC shall include the following details:

(a) the proposed Operational Change; and

(b) the time-scale for completion of the Operational Change.

9.4 The Supplier shall inform the Authority of any impact on the Services that may arise from the proposed Operational Change.

9.5 The Supplier shall complete the Operational Change by the timescale specified for completion of the Operational Change in the RFOC and shall promptly notify the Authority when the Operational Change is completed.

10 COMMUNICATIONS

For any Change Communication to be valid under this Schedule, it must be sent to either the Authority Change Manager or the Supplier Change Manager, as applicable. The provisions of Clause 45 (*Notices*) shall apply to a Change Communication as if it were a notice.

Party that it believes should be involved in the Multi-Dispute Resolution Procedure in respect of that Dispute.

2. DISPUTE NOTICES

2.1 If a Dispute arises then:

(a) the Authority Representative and the Supplier Representative shall attempt in good faith to resolve the Dispute; and

(b) if such attempts are not successful within a reasonable period, not being longer than twenty (20) Working Days, either Party may issue to the other a Dispute Notice.

2.2 A Dispute Notice:

(a) shall set out:

(i) the material particulars of the Dispute;

(ii) the reasons why the Party serving the Dispute Notice believes that the Dispute has arisen; and

(iii) if the Party serving the Dispute Notice believes that the Dispute should be dealt with under the Expedited Dispute Timetable, the reason why; and

(b) may specify in accordance with the requirements of Paragraphs 9.2 and 9.3 that the Party issuing the Dispute Notice has determined (in the case of the Authority) or considers (in the case of the Supplier) that the Dispute is a Related Third Party Dispute, in which case Paragraph 2.3 shall apply.

2.3 If a Dispute Notice specifies that the Dispute has been determined or is considered to be a Related Third Party Dispute pursuant to Paragraph 2.2(b), then:

(a) if it is served by the Authority it shall be treated as a Related Third Party Dispute Initiation Notice; and

(b) if it is served by the Supplier it shall be treated as a Supplier Request,

and in each case the provisions of Paragraph 9 shall apply.

2.4 Subject to Paragraphs 2.5 and 3.2 and so long as the Authority has not served a Related Third Party Dispute Initiation Notice in respect of the relevant Dispute, following the issue of a Dispute Notice the Parties shall seek to resolve the Dispute:

3. EXPEDITED DISPUTE TIMETABLE

3.1 In exceptional circumstances where the use of the times in this Schedule would be unreasonable, including (by way of example) where one Party would be materially disadvantaged by a delay in resolving the Dispute, the Parties may agree to use the Expedited Dispute Timetable. If the Parties are unable to reach agreement on whether to use the Expedited Dispute Timetable within five (5) Working Days of the issue of a Dispute Notice, the use of the Expedited Dispute Timetable shall be at the sole discretion of the Authority.

(d) in Paragraph 7.2, ten (10) Working Days.

3.3 If at any point it becomes clear that an applicable deadline cannot be met or has passed, the Parties may (but shall be under no obligation to) agree in writing to extend the deadline. Any agreed extension shall have the effect of delaying the start of the **subsequent stages by the period agreed in the extension.**

4 COMMERCIAL NEGOTIATION

4.1 Following the service of a Dispute Notice, then, so long as the Authority has not served a Related Third Party Dispute Initiation Notice in respect of the relevant Dispute, the Parties shall refer the Dispute to the Operational Board for consideration

and resolution. If the Parties are unable to resolve the Dispute within fifteen (15) Working Days of escalation to the Operational Board, the Dispute shall be escalated to the Strategic Board. If the Parties are unable to resolve the Dispute within ten (10) Working Days of escalation to the Strategic Board then the Authority may, at its sole discretion, escalate any Dispute to the Executive Board for resolution. If the Parties are unable to resolve the Dispute within five (5) Working Days of escalation to the Executive Board then the provision of paragraph 4.2 shall apply.

9.3 If following the issue of a Dispute Notice but before the Dispute has been referred to Expert Determination in accordance with paragraph 6 or to arbitration in accordance with Paragraph 7, the Supplier has reasonable grounds to believe that the matters giving rise to the Dispute have been contributed to by one or more Related Third Parties, the Supplier may serve a Supplier Request on the Authority.

9.4 The Authority shall (acting reasonably) consider each Supplier Request and shall

determine within five (5) Working Days whether the Dispute is:

(b) not a Related Third Party Dispute, in which case the Authority shall serve written notice of such determination upon the Supplier and the Dispute shall be treated in accordance with Paragraphs 3 to 8.

9.5 If the Authority has determined, following a Supplier Request, that a Dispute is not a Related Third Party Dispute, the Supplier may not serve another Supplier Request with reference to the same Dispute.

9.6 Following service of a Related Third Party Dispute Initiation Notice a Related Third Party Dispute shall be dealt with by a board (in relation to such Related Third Party Dispute, the "**Related Third Party Dispute Resolution Board**") comprising representatives from the following parties to the Related Third Party Dispute, each of whom shall be of a suitable level of seniority to finalise any agreement with the other parties to settle the Related Third Party Dispute:

(b) the Supplier;

(c) each Related Third Party involved in the Related Third Party Dispute; and

(d) any other representatives of any of the Parties and/or any Related Third Parties whom the Authority considers necessary,

(c) in seeking to resolve or settle any Related Third Party Dispute, the members of the Related Third Party Dispute Resolution Board shall have regard to the principle that a Related Third Party Dispute should be determined based on the contractual rights and obligations between the Parties and the Related Third Parties and that any apportionment of costs should reflect the separate components of the Related Third Party Dispute.

9.8 If a Related Third Party Dispute is not resolved between the Parties and all Related Third Parties within twenty five (25) Working Days of the issue of the Related Third Party Dispute Initiation Notice (or such longer period as the Parties may agree in writing), then:

(a) either Party may serve a Mediation Notice in respect of the Related Third Party Dispute in which case Paragraph 5 shall apply;

(b) either Party may request that the Related Third Party Dispute is referred to an expert in which case Paragraph 6 shall apply; and/or

(c) subject to Paragraph 9.9, Paragraph 7 shall apply to the Related Third Party Dispute,

and in each case references to the "Supplier" or the "Parties" in such provisions shall include a reference to all Related Third Parties.

9.9 If a Related Third Party Dispute is referred to arbitration in accordance with Paragraph 7 or a Dispute becomes a Related Third Party Dispute during the course of arbitration proceedings and either Party is unable to compel a Related Third Party to submit to such arbitration proceedings, the Authority or the Supplier may discontinue such arbitration proceedings and instead initiate court proceedings. The costs of any such discontinued arbitration proceedings shall be borne by the Party which is in a direct contractual relationship with the Related Third Party or, where the Related Third Party is a Sub-Contractor, by the Supplier.

(C) This Deed is also made in compliance of the duty on HMRC to take appropriate measures to effectively prevent, identify and remedy conflicts of interest, actual and perceived as arising in the conduct of the Procurement Process so as to avoid any distortion of competition and to ensure equal treatment of all economic operators as set out in Regulation 24 of the PCR.

Prior to starting its review, the Supplier shall provide an accurate written estimate of the total costs payable by the Authority for the Authority's approval. 7.2 Each review of the Service Continuity Plan pursuant to Paragraph 7.1 shall be a review of the procedures and methodologies set out in the Service Continuity Plan and shall assess their suitability having regard to any change to the Services or any underlying business processes and operations facilitated by or supported by the Services which have taken place since the later of the original approval of the Service Continuity Plan or the last review of the Service Continuity Plan and shall also have regard to any occurrence of any event since that date (or the likelihood of any such event taking place in the foreseeable future) which may increase the likelihood of the need to invoke the Service Continuity Plan. The Supplier shall, within twenty (20) Working Days of the conclusion of each such review of the Service Continuity Plan, provide to the Authority a report (a **"Review Report"**) setting out:

8 TESTING OF THE SERVICE CONTINUITY PLAN

8.1 The Supplier shall test the Service Continuity Plan on a regular basis (and in any event not less than once in every Contract Year). Subject to Paragraph 8.2, the Authority may require the Supplier to conduct additional tests of some or all aspects of the Service Continuity Plan at any time where the Authority considers it necessary, including where there has been any change to the Services or any underlying business processes, or on the occurrence of any event which may increase the likelihood of the need to implement the Service Continuity Plan.

8.2 If the Authority requires an additional test of the Service Continuity Plan, it shall give the Supplier written notice and the Supplier shall conduct the test in accordance with the Authority's requirements and the relevant provisions of the Service Continuity Plan. The Supplier's costs of the additional test shall be borne by the Authority unless the Service Continuity Plan fails the additional test in which case the Supplier's costs of that failed test shall be borne by the Supplier.

8.7 For the avoidance of doubt, the carrying out of a test of the Service Continuity Plan (including a test of the Service Continuity Plan’s procedures) shall not relieve the Supplier of any of its obligations under this Agreement.

8.8 The Supplier shall also perform a test of the Service Continuity Plan in the event of any major reconfiguration of the Services or as otherwise reasonably requested by the Authority.

Schedule 8.7 | Conduct of Claims

1. INDEMNITIES

1.1 This Schedule shall apply to the conduct, by a Party from whom an indemnity is sought under this Agreement (the "**Indemnifier**"), of claims made by a third person against a party having (or claiming to have) the benefit of the indemnity (the "**Beneficiary**").

1.2 If the Beneficiary receives any notice of any claim for which it appears that the Beneficiary is, or may become, entitled to indemnification under this Agreement (a "**Claim**"), the Beneficiary shall give notice in writing to the Indemnifier as soon as reasonably practicable and in any event within ten (10) Working Days of receipt of the same.

1.3 Subject to Paragraph 2, on the giving of a notice by the Beneficiary, where it appears that the Beneficiary is or may be entitled to indemnification from the Indemnifier in respect of all (but not part only) of the liability arising out of the Claim, the Indemnifier shall (subject to providing the Beneficiary with a secured indemnity to its reasonable satisfaction against all costs and expenses that it may incur by reason of such action) be entitled to dispute the Claim in the name of the Beneficiary at the Indemnifier's own expense and take conduct of any defence, dispute, compromise or appeal of the Claim and of any incidental negotiations relating to the Claim. If the Indemnifier does elect to conduct the Claim, the Beneficiary shall give the Indemnifier all reasonable cooperation, access and assistance for the purposes of such Claim and, subject to Paragraph 2.2, the Beneficiary shall not make any admission which could be prejudicial to the defence or settlement of the Claim without the prior written consent of the Indemnifier.

1.4 With respect to any Claim conducted by the Indemnifier pursuant to Paragraph 1.2:

(a) the Indemnifier shall keep the Beneficiary fully informed and consult with it about material elements of the conduct of the Claim;

(b) the Indemnifier shall not bring the name of the Beneficiary into disrepute;

(c) the Indemnifier shall not pay or settle such Claim without the prior written consent of the Beneficiary, such consent not to be unreasonably withheld or delayed; and

(d) the Indemnifier shall conduct the Claim with all due diligence.

1.5 The Beneficiary shall be entitled to have conduct of the Claim and shall be free to pay or settle any Claim on such terms as it thinks fit and without prejudice to its rights and remedies under this Agreement if:

(a) the Indemnifier is not entitled to take conduct of the Claim in accordance with Paragraph 1.2;

(b) the Indemnifier fails to notify the Beneficiary in writing of its intention to take conduct of the relevant Claim within 10 Working Days of the notice from the Beneficiary or if the Indemnifier notifies the Beneficiary in writing that it does not intend to take conduct of the Claim; or

(c) the Indemnifier fails to comply in any material respect with the provisions of Paragraph 1.3.

2 SENSITIVE CLAIMS

2.1 With respect to any Claim which the Beneficiary, acting reasonably, considers is likely to have an adverse impact on the general public's perception of the Beneficiary (a "Sensitive Claim"), the Indemnifier shall be entitled to take conduct of any defence, dispute, compromise or appeal of the Sensitive Claim only with the Beneficiary's prior written consent. If the Beneficiary withholds such consent and elects to conduct the defence, dispute, compromise or appeal of the Sensitive Claim itself, it shall conduct the Sensitive Claim with all due diligence and if it fails to do so, the Indemnifier shall only be liable to indemnify the Beneficiary in respect of that amount which would have been recoverable by the Beneficiary had it conducted the Sensitive Claim with all due diligence.

2.2 The Beneficiary shall be free at any time to give written notice to the Indemnifier that it is retaining or taking over (as the case may be) the conduct of any Claim, to which Paragraph 1.2 applies if, in the reasonable opinion of the Beneficiary, the Claim is, or has become, a Sensitive Claim.

3 RECOVERY OF SUMS

3.1 If the Indemnifier pays to the Beneficiary an amount in respect of an indemnity and the Beneficiary subsequently recovers (whether by payment, discount, credit, saving, relief or other benefit or otherwise) a sum which is directly referable to the fact, matter, event or circumstances giving rise to the Claim, the Beneficiary shall forthwith repay to the Indemnifier whichever is the lesser of:

(a) an amount equal to the sum recovered (or the value of the discount, credit, saving, relief, other benefit or amount otherwise obtained) less any out-of-pocket costs and expenses properly incurred by the Beneficiary in recovering or obtaining the same; and

(b) the amount paid to the Beneficiary by the Indemnifier in respect of the Claim under the relevant indemnity.

4 MITIGATION

Each of the Authority and the Supplier shall at all times take all reasonable steps to

minimise and mitigate any loss for which the relevant Party is entitled to bring a claim against the other Party pursuant to the indemnities in this Schedule.

3.6 Each Party shall ensure that the individuals specified in Table 1 (**"Board Member(s)"**) have the authority, or have access to a member of the Supplier Personnel who has authority, to make decisions at the Board meetings at which that Board Member's attendance is required.

3.7 Each Party shall ensure that the Board Members shall make reasonable efforts to attend Board meetings at which that Board Member's attendance is required. If any Board Member is not able to attend a Board meeting, that person shall use reasonable endeavours to ensure that:

3.9 Where the Supplier wishes to replace its Board Member with a different officer and/or employee at any Board meeting it shall first obtain the Authority's written approval for such substitution and ensure that any such replacement has the level of seniority, knowledge and authority required for the meeting in question. The Authority may replace its Board Member at its discretion and shall inform the Ecosystem Suppliers of any such change.

3.10 A chairperson shall be appointed by the Authority for each Board meeting as identified in Table 1. The chairperson shall be responsible for:

(a) scheduling Board meetings;

Minutes will be agreed at the subsequent Board meeting. The chairperson will maintain a library of meeting records and a running log of actions. The chairperson shall make the library of meeting records available to the Authority and to any Board Member of the relevant Ecosystem Suppliers to which meeting record relates. The chairperson shall not make available any meeting records relating to closed Board meetings except to the Authority and the Board Member of the relevant Ecosystem Supplier.

3.12 The quorum for a Board meeting shall be at least one (1) Board Member (or delegate) of the Authority and at least one (1) Board Member (or delegate) of those Ecosystem Supplier(s) entitled to attend the relevant Board meeting, as specified in Table 1. If

one (1) or more Ecosystem Suppliers entitled to attend is not represented by at least one (1) Board Member (or delegate) at a Board meeting, a quorum will, subject to Paragraph 3.13, be deemed to exist with the Board Members then present after fifteen (15) minutes following the commencement of the meeting. Any agenda items which exclusively relate to the Ecosystem Supplier whose Board Member is not present shall be deferred to the next scheduled Board meeting of that body.

3.13 If the Authority considers that there is an insufficient number of Board Members present at a Board meeting to constitute a quorum, the meeting shall be adjourned by the Authority's Board Member present and shall be reconvened on a date and time to be determined by the Authority in its absolute discretion.

3.14 The Authority shall escalate any failure to attend by a Board Member (or his/her delegate) without having sent apologies prior to commencement of the relevant Board meeting to the relevant Ecosystem Supplier's Account Director.

2 GENERAL PROVISIONS APPLYING TO THE ECOSYSTEM DISPUTE RESOLUTION PROCEDURE

2.1 Unless agreed otherwise in writing, the Parties shall continue to comply with their respective obligations under this Agreement, regardless of the nature of the Dispute and notwithstanding any issue of an Ecosystem Dispute Notice.

2.2 The Parties shall use their reasonable endeavours to:

(a) ensure that the Ecosystem Dispute Process operates efficiently and flexibly; and

(b) resolve all Ecosystem Disputes as quickly as possible and at the most appropriate level within their respective organisations.

3 SINGLE SUPPLIER AND MULTI-PARTY DISPUTE RESOLUTION

3.1 Any Dispute that arises under or in connection with this Agreement that involves only the Supplier and the Authority and which does not impact the Other Ecosystem Suppliers nor the performance of their services shall be resolved in accordance with the Dispute Resolution Procedure set out in Schedule 8.4 (*Dispute Resolution Procedure*).

3.2 Any Dispute that arises under or in connection with this Agreement that in the reasonable judgment of the Authority may:

(a) require the Authority to make a claim against one or more Other Ecosystem Suppliers;

(b) trigger a claim by such Other Ecosystem Suppliers against the Authority; or

(c) may otherwise impact how the Other Ecosystem Suppliers must deliver their services under their respective Ecosystem Agreements so that they have a legitimate interest in the outcome of the Dispute

(each an **"Ecosystem Dispute"**), shall be resolved in accordance with the Ecosystem Dispute Resolution Procedure set out in this Annex 3 (*Ecosystem Dispute Resolution Procedure*) where applicable or so determined by the Authority.

3.3 The Authority, in its sole discretion, will determine when it first receives a Claim Notice triggering a new Dispute whether a Dispute falls within the scope of this Annex 3 (*Ecosystem Dispute Resolution Procedure*) and/or Schedule 8.4 (*Dispute Resolution Procedure*). Prior to making any such determination the Authority shall be entitled to give notice of the Dispute to any of the Other Ecosystem Suppliers it considers may have a connection to or be interested in the Dispute and require them

within ten (10) Working Days (or as otherwise agreed with the Authority) to serve on the Authority an Ecosystem Dispute Notice in accordance with Paragraph 3.6 below (or equivalent under the applicable Ecosystem Agreement) setting out any claim(s) they may have against the Authority arising out of essentially the same facts or circumstances as set out in the Claim Notice.

3.4 The Authority shall be entitled to re-visit any determination under Paragraph 3.3 if and when it receives notice of any other Dispute or Disputes from an Other Ecosystem Supplier who either:

(a) was not served with a notice by the Authority pursuant to this Paragraph 3; or

(b) upon receipt of such a notice and following reasonable investigation, could not have known at the time either of the facts and circumstances giving rise to their claim or that it arose out of essentially the same facts or circumstances as set out in the first Claim Notice.

In any such case, the Authority shall be entitled either to apply to join the relevant Other Ecosystem Supplier to the Dispute at the relevant procedural stage it has reached under the Ecosystem Dispute Resolution Procedure or to treat the Dispute as a free-standing dispute to be resolved on its own.

3.5 If an Other Ecosystem Supplier fails to notify a claim to the Authority in accordance with Paragraph 3.3 when it was in a position to do so then it shall be debarred from pursuing that claim thereafter.

3.6 An Ecosystem Dispute Notice:

(a) shall set out:

(i) the name of the party that issued the Ecosystem Dispute Notice;

(vii) any further information requested by the Authority; and

(b) may specify that the party issuing the Ecosystem Dispute Notice has determined (in the case of the Authority) or considers (in the case of an Ecosystem Supplier) that the Dispute is a Related Third Party Dispute, in which case the provisions of Paragraph 9 to Schedule 8.4 (*Dispute Resolution Procedure*) shall apply.

3.7 Following the receipt of a Claim Notice and any Ecosystem Dispute Notice received by the Authority pursuant to Paragraph 3.3, the Authority will determine:

(a) whether a Dispute or Disputes are best resolved separately or as one or more Ecosystem Disputes;

(b) who should be the parties to each Ecosystem Dispute;

(c) the issues to be resolved in such Ecosystem Dispute; and

(d) whether the provisions of Paragraph 9 to Schedule 8.4 (*Dispute Resolution Procedure)* shall apply.

3.8 The Authority will notify in writing the relevant parties of its determination under Paragraphs 3.3 to 3.4 and 3.7 above, setting out details of the parties to the Ecosystem Dispute, details of the facts and issues in dispute as set out in each parties' notices served on the Authority. Within ten (10) Working Days of receiving such notification from the Authority, any party in receipt will serve a response specifying those points of the Ecosystem Dispute Notice it disputes and the reasons for doing so.

4 ECOSYSTEM DISPUTE PROCESS

4.1 This Paragraph 4 sets out the process that the Parties shall follow to seek to resolve Ecosystem Disputes (**"Ecosystem Dispute Process"**).

4.2 If an Ecosystem Dispute arises then the Parties to the Dispute shall attempt in good faith to resolve the Dispute in accordance with the provisions herein.

4.3 In the case of each Ecosystem Dispute (as determined by the Authority), the Parties shall seek to resolve the Dispute:

(a) first by commercial negotiation (as prescribed in Paragraph 4);

(b) then, if a Party to the Dispute serves a Mediation Notice, by mediation (as prescribed in Paragraph 6);

(c) then, if a Party to the Dispute serves an Expert Determination Notice, by Expert Determination (as prescribed in Paragraph 7); and

(d) lastly by recourse to arbitration (as prescribed in Paragraph 8) or litigation (in accordance with Clause 48 (*Governing Law and Jurisdiction*)).

5 COMMERCIAL NEGOTIATION

5.1 Following the establishment of an Ecosystem Dispute, the Authority shall refer the Dispute to the Joint Collaboration Board for consideration and resolution, who shall meet as soon as practicable after reference by the Authority of the Ecosystem Dispute Notice (the **"Reference Date"**), but in any event within five (5) Working Days of the Reference Date.

5.2 If the Joint Collaboration Board is not due to convene within the timescale set out in Paragraph 5.1, the Authority reserves the right to:

(a) escalate the Dispute to the next most appropriate Board; or

(b) schedule a meeting to resolve the Dispute out of committee, provided that the Authority considers that a sufficient quorum exists for that Board and that all relevant parties are represented.

5.3 If the parties to the Ecosystem Dispute and the Authority are unable to resolve the Dispute within twenty (20) Working Days of service of the Reference Date, a Party to the Dispute may serve a written notice to the other Parties to the Dispute to proceed to mediation in accordance with Paragraph 6 (a **"Mediation Notice"**).

6 MEDIATION

6.1 If a Mediation Notice is served, then the Authority shall within five (5) Working Days determine whether to proceed to mediation or to escalate the Ecosystem Dispute to expert determination in accordance with Paragraph 7. The Authority will then serve a notice on each party confirming that determination.

6.2 If the Authority determines to proceed with mediation, the Parties to the Dispute shall attempt to settle that Dispute by mediation in accordance with CEDR's Model Mediation Agreement which is current at the time the Mediation Notice is served (or such other version as the Parties may agree) and which shall be deemed to be incorporated by reference into this Agreement.

6.3 If the Parties to the Dispute are unable to agree on the joint appointment of an independent person to mediate the Dispute within ten (10) Working Days from (and including) the service of a Mediation Notice then any Party to the Dispute may apply to CEDR to nominate such a person on the then current panel rates for CEDR mediations.

6.4 The first meeting of the mediation shall take place within twenty (20) Working Days from the date on which the Mediator is appointed, or as soon as reasonably practicable thereafter.

6.5 If the Parties to the Dispute are unable to reach a settlement in the negotiations at the mediation, and only if all parties so request and the Mediator agrees, the Mediator shall produce for the parties a non-binding recommendation on terms of settlement. The recommendation shall not attempt to anticipate what a court might order but shall set out what the Mediator suggests are appropriate settlement terms in all of the circumstances.

6.6 Any settlement reached in the mediation shall not be legally binding until it has been reduced to writing and signed by, or on behalf of, the Parties (in accordance with the Change Control Procedure where appropriate) and the other parties to the Dispute. The Mediator shall assist the Parties to the Dispute in recording the outcome of the mediation.

6.7 CEDR's fees (which include the Mediator's fees) and the other expenses of the mediation will be borne equally by the Parties to the Dispute. Payment of these fees and expenses will be made to CEDR in accordance with its fee schedule and terms and conditions of business.

6.8 Each Party to the Dispute will bear its own costs and expenses of its participation in the mediation.

6.9 If a mediation is unsuccessful or no mediation is convened pursuant to Paragraph 6.1, then:

(a) any Party to the Dispute may at any stage request the Authority to convene or re-convene a mediation; and

(b) if the Authority agrees to any such request, a mediation pursuant to this Paragraph 6 shall be convened parallel to any on-going proceedings or on such terms as to a stay of the proceedings as any expert, arbitrator or judge may direct.

7 EXPERT DETERMINATION

7.1 Any Party to the Dispute may serve a written notice to the other Parties to the Dispute to proceed to Expert Determination in accordance with this Paragraph 7 (**"Expert Determination Notice"**) if a Dispute has not been resolved:

(a) by commercial negotiation in accordance with Paragraph 4; and

(b) if applicable, by mediation within sixty (60) Working Days of the first mediation meeting being held in accordance with Paragraph 6.

7.2 The Authority may serve an Expert Determination Notice to the other Parties to the Dispute if the Authority has escalated a dispute to Expert Determination pursuant to Paragraph 6.1.

7.3 The Parties to the Dispute shall agree on the appointment of an independent Expert. If the Parties to the Dispute are unable to agree on an Expert within ten (10) Working Days from the date of the Expert Determination Notice, or if the person appointed is unable or unwilling to act, the expert shall be appointed within twenty (20) Working Days from the date of the Expert Determination Notice:

(a) if the Dispute relates to any aspect of the technology underlying the provision of the Services or a matter of an ICT technical nature, on the instructions of the President of the British Computer Society (or any other association that has replaced the British Computer Society);

(b) if the Dispute relates to a matter of a financial technical nature, on the instructions of the President of the Institute of Chartered Accountants of England and Wales;

(c) if the Dispute relates to a matter of a technical nature not falling within Paragraphs 7.3(a) or 7.3(b), on the instructions of the president (or equivalent) of:

(i) an appropriate body agreed between the Parties to the Dispute; or

7.5 The Expert shall act on the following basis:

(a) he/she shall act as an expert and not as an arbitrator and shall act fairly and impartially;

(b) the Expert's determination shall (in the absence of fraud or manifest error) be final and binding on the Parties to the Dispute; unless within twenty (20) Working Days of that decision a Party to the Dispute serves notice on the other parties referring the Ecosystem Dispute to either arbitration pursuant to Paragraph 8 or court proceedings pursuant to Clause 48 (*Governing Law and Jurisdiction*);

(c) the Expert shall decide the procedure to be followed in the determination and shall be requested to make his/her determination within thirty (30) Working Days of his appointment or as soon as reasonably practicable thereafter and the Parties to the Dispute shall assist and provide the documentation that the Expert requires for the purpose of the determination;

(d) unless the parties agree otherwise, the Expert shall provide a written decision setting out his or her reasons for the determination;

(e) any amount payable by one party to another as a result of the Expert's determination shall be due and payable within twenty (20) Working Days of the Expert's determination being notified to the parties;

(f) the process shall be conducted in private and shall be confidential; and

(g) the Expert shall determine how and by whom the costs of the determination, including his/her fees and expenses, are to be paid.

8 ARBITRATION AND COURT PROCEEDINGS

8.1 Subject to compliance with its obligations under Paragraph 4 and to the provisions of Paragraph 7, the Authority may at any time before court proceedings are commenced refer the Dispute to arbitration in accordance with the provisions of Paragraph 8.6.

Following its receipt of such notice, the Authority shall have fifteen (15) Working Days to serve a reply (**"Counter Notice"**) on the relevant Ecosystem Supplier and all other Parties to the Dispute, requiring the Dispute:

(a) to be referred to and resolved by arbitration in accordance with Paragraph 8.6; or
