

# Net Zero Innovation Portfolio Project Closure Report

## 1. Please read the following information before completing the project closure report

DESNZ needs to be able to demonstrate how the projects it has supported have progressed and having a further understanding of the impact of the Net Zero Innovation Portfolio (NZIP) spend is vital to the Department for Energy Security and Net Zero. The information you provide in this Project Closure Report will:

- Support decisions on how we provide innovation funding in the future
- Identify early successes and lessons learned
- Provide a valuable source of information for the Programme Delivery Manager when assessing the performance not just of individual projects but the programme as a whole.

You will be asked a number of questions during this survey. These include questions on:

- Original project objectives, and the reasons why these may not have been met
- The key achievements and successes of your project, including the outputs delivered
- Advances in Technology Readiness Levels (TRLs) as a result of the project
- Development of any new international partnerships and collaborations with other organisations as a result of the project
- Project funding during and after project delivery
- Commercial viability of the innovation supported
- The benefits achieved by your project
- Your experience of delivering the project
- Additional feedback you can provide on market barriers, commercial progress and benefits is particularly useful for the Department for Energy Security and Net Zero Policy and Evaluation teams

You should answer all questions relevant to your project as honestly and in as much detail as possible.

The information you provide:

- Shall be held securely by the Department for Energy Security and Net Zero and will not be shared with any other organisations leading or participating in a Net Zero Innovation project
- Will not be published or made publicly available
- Will be accessible to the Department for Energy Security and Net Zero colleagues working on Net Zero Innovation programming, evaluation and policy.
- Could be used in evaluations conducted on NZIP. These evaluations will aim to assess the impact and value for money of NZIP funding, as well as identifying lessons that can improve delivery of innovation funding. In some cases, these evaluations could be carried out by external contractors (who will have signed non-disclosure agreements), and your responses could be shared with an external contractor to support evaluation research.

Please note that in addition to this survey you will be required to complete an NZIP Key Performance Indicator survey. The KPI survey provides a consistent approach to reporting evidence, which is used to demonstrate the impact of the NZIP on achieving the government's Net Zero ambitions and predominantly focuses on data that is aggregated to a portfolio level.

Please navigate through the survey using the 'Previous Page' and 'Next page' buttons. Until you submit the survey you will be able to revise answers to all questions. You can Save the survey and continue at a later point if required; the survey does not need to be completed in one sitting.

## 2. Project Information

1. What is the name of the Lead Organisation?

2. Project Title

### 3. What Programme/Competition is your project part of?

- ☐ Accelerating CCUS Technologies 2
- ☐ Accelerating CCUS Technologies 3
- ☐ Advanced Fuel Cycle Programme
- ☐ Advanced Nuclear Skills and Innovation Campus
- ☐ Advanced Nuclear Skills and Innovation Campus Phase 2
- ☐ AI for Decarbonisation Stream 1
- ☐ AI for Decarbonisation Stream 2
- ☐ AI for Decarbonisation Stream 3
- ☐ Alternative Energy Markets
- ☐ AMR P2 (EIP) - Feasibility and Development
- ☐ AMR RD&D Phase A
- ☐ AMR RD&D Phase B
- ☐ Automatic Asset Registration
- ☐ Biomass Feedstocks Innovation Programme - Phase 2
- ☐ CCUS Innovation 2
- ☐ Composites - Phase 2 Analysis/Design
- ☐ EEF8
- ☐ EEF9
- ☐ Energy Storage - Longer Duration Storage Demonstration STREAM 1 Phase 1
- ☐ Energy Storage - Longer Duration Storage Demonstration STREAM 1 Phase 2
- ☐ Energy Storage - Longer Duration Storage Demonstration STREAM 2 Phase 1
- ☐ Energy Storage - Longer Duration Storage Demonstration STREAM 2 Phase 2
- ☐ Flex Markets Unlocked
- ☐ Floating Offshore Wind
- ☐ Green Distilleries
- ☐ Green Home Finance Accelerator
- ☐ Green Home Finance Accelerator - Pilot Phase
- ☐ Greenhouse Gas Removal Phase 1
- ☐ Greenhouse Gas Removal Phase 2
- ☐ Hydrogen BECCS Innovation Programme - Phase 1
- ☐ Hydrogen BECCS Innovation Programme - Phase 2

- ☐ Heat Pump Ready
- ☐ Hydrogen End User Standards
- ☐ Hydrogen Skills & Standards for Heat
- ☐ Inclusive Smart Solutions
- ☐ Industrial Energy Efficiency Accelerator
- ☐ Industrial Fuel Switching Phase 1
- ☐ Industrial Fuel Switching Phase 2
- ☐ Industrial Hydrogen Accelerator
- ☐ Industry of Future
- ☐ Interoperable Demand Side Response
- ☐ Low Carbon HySupply 2 - Stream 1
- ☐ Low Carbon HySupply 2 - Stream 2
- ☐ Radar Mitigation Phase 2
- ☐ Radar Mitigation Phase 3
- ☐ Red Diesel Replacement
- ☐ Red Diesel Replacement Phase 2
- ☐ Space Based Solar Power Innovation Programme
- ☐ Smart Meter Based Internet of Things
- ☐ Smart Meter Energy Data Repository
- ☐ Smart Meter non-domestic tariff comparisons
- ☐ Storage at Scale
- ☐ V2X

#### 4. What is the principal activity of the Project?

- ☐ Feasibility study
- ☐ Research and Development
- ☐ Demonstration
- ☐ Other (please specify):

**5. How would you describe the nature of your innovation project?**

- ☐ Product Development
- ☐ Hardware Development
- ☐ Service Development
- ☐ Software Development
- ☐ Process Development
- ☐ Other (please specify):

**6. Did the project take longer than expected?**

- ☐ Yes
- ☐ No

### 3. Project Information

7. If the Project took longer than expected please explain the reason?

## 4. Project Objectives and Achievements

This section is asking you to consider the objectives, outputs and outcomes. Please consider what your objectives were at the application stage and reflect on the progress since that date.

### 8. Please summarise the Project's objectives at the time of your application

### 9. Did the Project successfully meet its objectives?

- ☐ Yes
- ☐ No
- ☐ Partially

## 5. Project Objectives and Achievements

10. If the Project did not fully meet its objectives please explain why

## 6. Project Objectives and Achievements

**11. Please provide a summary of the key achievements, for example outputs and outcomes, of your Project**

**12. Was your Project involved with advancing the Technology Readiness Levels of the innovation?**

- ☐ Yes
- ☐ No
- ☐ Not Applicable

## 7. Project Objectives and Achievements

### 13. Technology Readiness Level at the start of the Project

	1	2	3	4	5	6	7	8	9
TRL at Project Start	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

### 14. At the start of the project what was the expected Technology Readiness Level at the end of the Project

*Please refer to your application form if required*

	1	2	3	4	5	6	7	8	9
Expected TRL at Project End	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

### 15. Actual demonstrated Technology Readiness Level at the end of the Project

	1	2	3	4	5	6	7	8	9
Actual TRL at Project End	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

If there is a difference between the expected and actual levels please explain the reason:

## 8. Project Partnerships

**16. As a result of this Project have you developed new, working collaborations with international partners and suppliers that didn't exist before the Project started?**  
***These need to be an on-going or substantive/significant contribution to the project.***

☐

Yes

☐

No

## 9. Project Partnerships

**17. How many new international partnerships have you developed?**

[illegible]

**18. In which countries are your international partners and/or suppliers based?**

***Please select all that apply***

<input type="checkbox"/> Sierra Leone	<input type="checkbox"/> Singapore	<input type="checkbox"/> Slovakia	<input type="checkbox"/> Slovenia
<input type="checkbox"/> Somalia	<input type="checkbox"/> South Africa	<input type="checkbox"/> South Korea	<input type="checkbox"/> South Sudan
<input type="checkbox"/> Spain	<input type="checkbox"/> Sri Lanka	<input type="checkbox"/> Sudan	<input type="checkbox"/> Swaziland
<input type="checkbox"/> Sweden	<input type="checkbox"/> Switzerland	<input type="checkbox"/> Syria	<input type="checkbox"/> Taiwan
<input type="checkbox"/> Tajikistan	<input type="checkbox"/> Tanzania	<input type="checkbox"/> Thailand	<input type="checkbox"/> Tunisia
<input type="checkbox"/> Turkey	<input type="checkbox"/> Turkmenistan	<input type="checkbox"/> Uganda	<input type="checkbox"/> Ukraine
<input type="checkbox"/> United Arab Emirates	<input type="checkbox"/> United States	<input type="checkbox"/> Uruguay	<input type="checkbox"/> Uzbekistan
<input type="checkbox"/> Venezuela	<input type="checkbox"/> Vietnam	<input type="checkbox"/> Yemen	<input type="checkbox"/> Zambia
<input type="checkbox"/> Zimbabwe			
<input type="checkbox"/> Other (please specify):	<input type="text"/>		

**19. Do you intend to continue working with international project partners after project close?**

☐ Yes

☐ No

## 10. Project Funding

Please provide the funding information for your Project and how this may have changed during its progress.  
**Please use whole numbers when answering, using GBP as the currency.**

**20. What was the total value of the funding originally awarded by the Department for Energy Security and Net Zero? (£)**

**21. What was the total value of the funding received from the Department for Energy Security and Net Zero? (£)**

**22. If there is a difference between the amount awarded and received please explain why**

**23. Thinking about the funding for this Project specifically, have you been able to raise further private investment by Project close, in addition to any Match Funding?**

☐

Yes

☐

No

Comments:

# 11. Project Funding

24. What is the amount of further private investment secured by project closure? (£)

## 12. Project Funding

**25. If the Project had not been successful in receiving funding from the Department for Energy Security and Net Zero what would have happened to the Project?**

- ☐ Not have proceeded
- ☐ Continued unchanged in the UK
- ☐ Continued unchanged outside the UK
- ☐ Proceeded at a reduced scale and scope
- ☐ Project would have proceeded without your participation
- ☐ Sought grant funding from an alternative provider
- ☐ Been able to source the funding from the private sector

Comments:

## 13. Commercial Viability

The questions in this section are used to assess the commercial progress of your innovation since the award of the funding from the Department for Energy Security and Net Zero. In your original application you were asked about the market/commercial potential for your innovation both in the UK and internationally, describing:

- The size and nature of the market opportunities
- The proposed exploitation route and timescales to market
- How value is expected to be generated from the innovation
- Any further technology development needed to secure sales

When answering questions in this section please refer to the assumptions and estimates you gave when you addressed the above points in your original application. Information provided here helps us to understand the progress of the Net Zero Innovation Programme and contribute towards future planning.

All commercial data provided shall be anonymised and aggregated for analytical purposes. The information provided shall be held securely and will not be shared with any other Energy Innovation Projects.

**Please use whole numbers when answering, using GBP as the currency.**

### 26. Have you achieved the market potential described in your application?

- ☐ Did not meet commercial expectations
- ☐ Met commercial expectations
- ☐ Exceeded commercial expectations

### 27. Please explain the reasoning behind your response to the previous question

**28. How do you think the market for your innovation has changed during this Project?**

- ☐ Greatly increased
- ☐ Moderately increased
- ☐ No change
- ☐ Moderately decreased
- ☐ Greatly decreased

Comments:

**29. Is your innovation commercially viable without further public funding?**

- ☐ Yes
- ☐ No

**30. Please explain the reasoning behind your response to the previous question. It may help to refer back to your submissions on commercialisation in the original Competition application, to assist a progress update on the commercialisation of your innovation. (*Department for Energy Security and Net Zero is interested to know how far you have moved towards commercialisation*)**

**31. Will you be conducting further Research and Development to commercially exploit this project?**

- ☐ Yes
- ☐ No

## 14. Commercial Viability

32. How much additional funding do you expect to spend on Research and Development for this innovation?

## 15. Commercial Viability

**33. What are the market barriers to commercial exploitation that the innovation still faces at the end of the project? Please select all that apply**

- ☐ Accessing export markets
- ☐ Accessing UK based markets/customers
- ☐ Availability of finance
- ☐ Capital intensive demonstration phases
- ☐ Further technical, scientific or engineering challenges
- ☐ High levels of competition
- ☐ Lack of clarity on Government policy
- ☐ Lack of industry standards
- ☐ Large incumbent firms using proven technology
- ☐ Sector culture and behaviour in favour of proven technologies
- ☐ Unable to fulfil an increase in orders
- ☐ UK Government regulations
- ☐ None of the above
- ☐ Does not apply
- ☐ Other (please specify):

**34. If you would like to expand on your answer to market barriers you can do so here.**

***Department for Energy Security and Net Zero policy teams and programme leads are very interested to hear your views particularly around government regulation and policy.***

# 16. Commercial Viability

35. When do you expect to launch new products, services and/or software as a result of the innovation developed in this Project?

	Launched during project	Within 6 months	Within a year	1-3 years	3-5 years	More than 5 years	Never	Not Applicable
Products	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Services	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Software	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Comments:

36. Are you currently generating revenue from the innovation?

- ☐ Yes
- ☐ No

37. Have you achieved any sales and/or secured commercial contracts due to the innovation developed in this Project?

- ☐ Yes
- ☐ No

38. Have you secured any future sales and contracts?

- ☐ Yes
- ☐ No

# 17. Commercial Viability

**39. Commercial opportunities on the horizon. Please provide further narrative on the longer term commercial outlook including future funding, license/contract deals in discussion, planned sales and exports.**

## 18. Benefits

**40. Which of these benefits does your Project have an impact on?**

***Each benefit that you select should be a measurable improvement that you can evidence at project close, or that you know will be realised as the project progresses.***

- ☐ Accelerate commercialisation
- ☐ Cost reduction of low carbon technologies
- ☐ Creation of UK jobs
- ☐ Demonstrating UK leadership on the innovation
- ☐ Developing the supply chain
- ☐ Enabling increased renewable energy on the grid
- ☐ Greenhouse gas reduction
- ☐ Growth and resilience in UK companies
- ☐ Increased energy efficiency
- ☐ Increased flexibility of supply
- ☐ Increased knowledge stimulating further innovation
- ☐ Promoting UK innovation internationally
- ☐ Reduction in carbon emissions
- ☐ Reduction in energy consumption
- ☐ Reduction in the Levelised Cost of Energy (LCOE)
- ☐ None of the above

Please include supporting data to inform the choices you have selected above

## 19. Commercial Support

**41. Did you have sufficient expertise available to develop your commercial plans and gain market access during the course of the Project?**

☐ Yes

☐ No

**42. Did you receive any external support for this?**

☐ Yes

☐ No

**43. Do you think that the provision of additional commercial support, from the Department for Energy Security and Net Zero and their contractors, would have accelerated the commercialisation of your innovation?**

☐ Yes

☐ No

☐ Don't Know

**44. If 'Yes' please explain why?**

**45. In future if innovation funding from the Department for Energy Security and Net Zero was available would you be likely to bid?**

☐ No

☐ Yes for further development of the funded innovation

☐ Yes for the development of new products and services

46. If 'No' please explain why

## 20. Project Delivery Evaluation

### 47. How did you find the Department for Energy Security and Net Zero monitoring and reporting processes and requirements?

- ☐ Very effective
- ☐ Somewhat effective
- ☐ Not very effective
- ☐ Not at all effective
- ☐ Unsure
- ☐ Prefer not to answer

Please explain your answer, considering the level of resource required, any views on processes' efficiency and/or effectiveness, and the clarity of any guidance provided

### 48. How did you find the invoicing process?

- ☐ Very efficient
- ☐ Somewhat efficient
- ☐ Not very efficient
- ☐ Not at all efficient
- ☐ Unsure
- ☐ Prefer not to answer

Please explain your answer, considering the timeliness of the Department for Energy Security and Net Zero responses and the level of resource required

**49. How did you find the Department for Energy Security and Net Zero approach to risk management?**

- ☐ Very effective
- ☐ Somewhat effective
- ☐ Not very effective
- ☐ Not at all effective
- ☐ Unsure
- ☐ Prefer not to answer

Please explain your answer

**50. Are there ways in which the Department for Energy Security and Net Zero could improve the management of projects in the future?**

## 21. Informed Consent for future NZIP research and evaluation

At the the Department for Energy Security and Net Zero your privacy is important to us and we're committed to protecting your personal data and to handling it responsibly. The UK General Data Protection Regulation (UK GDPR) gives individuals (whether these be customers, contractors, or members of staff) more control over the ways in which businesses process your personal data and how you are contacted.

The Department for Energy Security and Net Zero often undertakes research to evaluate the delivery and impact of NZIP programmes and projects. In order to understand impact, it's necessary to understand how supported innovations progress after the Department for Energy Security and Net Zero funding ends, which requires contacting individuals involved in the delivery of a project. In order for us to do this, we need your consent to contact you in future. In the box below, please provide details that can be used to contact individuals involved in the delivery of your project, such as names, positions in the project/organisation, email address, and phone numbers. If possible, please provide more than one point of contract, to mitigate the risk of non-response caused by individuals leaving the organisations.

	Contact 1	Contact 2
Full Name	<input type="text"/>	<input type="text"/>
Position	<input type="text"/>	<input type="text"/>
Mobile Number	<input type="text"/>	<input type="text"/>
Email	<input type="text"/>	<input type="text"/>

51. By signing this form you are confirming that you and the individuals listed above are freely consenting to the the Department for Energy Security and Net Zero holding and processing your personal data for the following purposes: to contact individuals involved in the delivery of the project inviting them to participate in future research and evaluation activities focused on their project. Please note that in granting consent you are agreeing to be contacted about participation in future research and evaluation work. When contacted, you will be given more information on the research being conducted, and given the opportunity to opt-out of the research.

Please tick the boxes where you grant consent:

- ☐ Contacting the individuals listed above inviting them to participate in research and evaluation activities
- ☐ Sharing my contact details with the organisations commissioned by BEIS to carry out research and evaluation activities, so they can contact the individuals above inviting them to participate in research and evaluation activities

52. I understand that:

- ☐ The personal information provided will not be shared beyond the Department for Energy Security and Net Zero and the organisations commissioned by the Department for Energy Security and Net Zero to carry out research and evaluation activities

You can find out more about how we use your data from our “Privacy Notice” which is [available here](#).

Please note that all processing of your personal data will cease once you have withdrawn consent, other than where this is required by law, but this will not affect any personal data that has already been processed prior to this point.
