The reception team is to be made up of four staff, working shift patterns from Monday to Friday between the hours of 07:00-19:00. Exceptionally there may be a requirement to provide a service over a weekend or evening, but this is infrequent and unusual.

STAFF & MANAGEMENT

At the heart of the requirement is the provision of effective and knowledgeable Management, Supervision and Staff.

It is imperative that Managers and Supervisors are proactive and experienced enough in a professional reception environment to know what needs to be done without constant instruction.

The nature of the site is that requirements are constantly changing and more staff are working on site year on year. It is imperative that the Service Provider works closely with STFC's Contract Manager. Whilst it is inevitable that there will be staff turnover, the focus is to be on a supportive, coaching and developmental culture where the team are empowered and have a sense of ownership and belonging. The Service Provider must demonstrate how they will minimise staff turnover and encourage staff to develop and take ownership of their own work.

There will be regular contact between STFC's Contract Manager and the Service Provider, both through formal and informal meetings, regular communications and access to data online. The Service Manager will be expected to attend site at least once weekly and monthly management meetings will be arranged.

The Service Provider will not change the minimum resource levels nor the structure or ratio of staff / supervision / management without prior consent from STFC's Contract Manager. STFC will have the right to approve the Service Provider's senior and dedicated manager and their written approval will be required prior to this person being transferred out of the contract.

STFC reserves the right to remove a Service Provider's member of staff from the premises and to request their removal from the contract if such a need presents (for example, due to breaching STFC terms and conditions). Dedicated relief staff should be in place to cover annual leave and sickness etc. and these should be trained in the role ahead of any full shift cover.

The Service Provider shall provide uniform for all staff, of a style agreed by STFC.

4.1 Training

The Service Provider shall maintain, and make available for inspection as required, up to date training records for each employee showing as a minimum:

- Subjects and dates of training and induction courses undertaken
- The grades and area of deployment of that individual
- Whether a course was provided by the Service Provider or an external agent
- If the course was run by an external agent the name of the agent
- Current certificates

- All Reception staff must be trained in Customer Service skills and the service provider should advise what other training they feel necessary for the roles. Desirable training courses deemed appropriate for the role include: Customer Service (World Host or similar), SIA licencing, Emergency First Aid at Work.
- Staff will have appropriate health & safety training (including DSE and manual handling).

HEALTH & SAFETY

General Requirements

The Service Provider will demonstrate strong and commitment to Health and Safety throughout all aspects of its organisation, this will be particularly important as relates to the provision of robust record management and auditing processes so as to ensure statutory and best practice compliance. STFC operate a stringent Health and Safety Management regime, with defined Codes of Practice (SHE Codes) and the supplier is to engage and adhere to these policies and procedures. Copies will be made available on request. When requested by STFC, the Service Provider shall provide a professional advice service on all matters relating to the Health and Safety at Work Act 1974 and any subsequent re-enactments in those areas relevant to the service. The Service Provider shall ensure through constant interaction between STFC's health and safety team and designated Contract Managers that a holistic 'best practice' approach is taken to the execution of health and safety management and legislative requirements.

The Service Provider shall provide a 'competent person(s)' for the Premises, as appropriate, who shall work in association with STFC's Responsible Person(s) with a view to protecting staff and visitors on the site through compliance with all relevant statutory obligations and legislation and with STFC's H&S policy as it supports this legislation. The Service Provider must have the depth of technical and professional advice to assist the Contract Manager on all health and safety matters relating to the site.

Accidents, Incidents and Injuries

All incidents and accidents whether of a major or minor nature, shall be reported to STFC immediately by the Service Provider. The Service Provider shall maintain a written record of accidents and dangerous occurrences in accordance with the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 1985.

COSHH

The Service Provider is responsible for ensuring that the COSHH Regulations are complied with in full by his employees in the performance of this Contract. COSHH information and appropriate PPE must be provided for receptionists, for example when dealing with items such as printer toners.

ON-SITE ARRANGEMENTS

Security

The Service Provider will provide and ensure that all staff carry identification and wear the uniform correctly at all times whilst on duty.

As well as all the routine employment checks STFC require that all staff have the Disclosure and Barring Service (DBS) security check carried out prior to starting work.

Welfare Facilities

Appropriate welfare facilities will be provided free of charge by STFC. The Service Provider is responsible where its staff use these facilities to ensure that the area is kept clean, safe and tidy at all times.

AUDITING AND REPORTING

Human Resources support to the reception staff should be available, and a clear line of reporting justifiable complaints and issues should be defined by the service provider for the Contract Manager.

CONTRACT DURATION

The Contract duration shall be for a period of 4 years from commencement of the Contract

Please note, you will be required to complete and return Appendix D – Non-Disclosure Agreement in order to be able to gain access to Appendix C – TUPE ELI Data. Bidders are required to complete all sections highlighted in yellow and return the form on a Direct Message via the Message Centre within Delta.

Site Tour

Given the nature of this requirement and the site upon which any successful supplier would be working, we are highly recommending that any interested supplier takes up the opportunity to tour site during the tender timescales. Failure to confirm attendance may mean you will not be permitted on the site tour, dependant on capacity. It may be difficult to submit a tender without attending site. We cannot support further site tours for anyone who is unable to attend. STFC would advise that a deputy is booked onto the tour if you cannot attend.

Please note bidders will be limited to 2 attendees

The date of the site tour can be found within Section 3 – Timescales.

If you wish to attend the site tour, please ensure you send a message via the Message Centre in the Delta Esourcing portal and once your attendance is confirmed with the client, we will confirm this back to you.

During the site tour the host will be unable to answer ANY questions. Should you have further clarification questions from the tour these will need to be taken away and then formally submitted through the Delta Esourcing portal.

Award Scoring criteria

Evaluation Justification Statement

In consideration of this particular requirement the Contracting Authority has decided to evaluate Potential Providers by adopting the weightings/scoring mechanism detailed within this RFP. The Contracting Authority considers these weightings to be in line with existing best practice for a requirement of this type.

Questionnaire	Q No.	Question subject	Maximum Marks
Price	AW5.2	Price	40%
Quality	PROJ1.1	Approach and Understanding	20%
Quality	PROJ1.2	Contract Management	20%
Quality	PROJ1.3	Mobilisation	10%
Quality	PROJ1.4	Expertise and personal skills	10%

Award Evaluation of criteria

Non-Price elements

Each question will be evaluated on a score from 0 to 100, which shall be subjected to a multiplier to reflect the percentage of the evaluation criteria allocated to that question.

Where an evaluation criterion is worth 20% then the 0-100 score achieved will be multiplied by 20%.

Example if a Bidder scores 60 from the available 100 points this will equate to 12% by using the following calculation:

$$\text{Score} = \{\text{weighting percentage}\} \times \{\text{bidder's score}\} = 20\% \times 60 = 12$$

The same logic will be applied to groups of questions which equate to a single evaluation criterion.

The 0-100 score shall be based on (unless otherwise stated within the question):

0	The Question is not answered, or the response is completely unacceptable.
10	Extremely poor response – they have completely missed the point of the question.
20	Very poor response and not wholly acceptable. Requires major revision to the response to make it acceptable. Only partially answers the requirement, with major deficiencies and little relevant detail proposed.
40	Poor response only partially satisfying the selection question requirements with deficiencies apparent. Some useful evidence provided but response falls well short of expectations. Low probability of being a capable supplier.
60	Response is acceptable but remains basic and could have been expanded upon. Response is sufficient but does not inspire.
80	Good response which describes their capabilities in detail which provides high levels of assurance consistent with a quality provider. The response includes a full description of techniques and measurements currently employed.
100	Response is exceptional and clearly demonstrates they are capable of meeting the requirement. No significant weaknesses noted. The response is compelling in its description of techniques and measurements currently employed, providing full assurance consistent with a quality provider.

All questions will be scored based on the above mechanism. Please be aware that there may be multiple evaluators. If so, their individual scores will be averaged (mean) to determine your final score as follows:

Example

Evaluator 1 scored your bid as 60
Evaluator 2 scored your bid as 40
Evaluator 3 scored your bid as 80
Evaluator 4 scored your bid as 60
Your final score will $(60+40+80+60) \div 4 = 60$

Price elements will be evaluated on the following criteria.

The lowest price for a response which meets the pass criteria shall score 100.

All other bids shall be scored on a pro rata basis in relation to the lowest price. The score is then subject to a multiplier to reflect the percentage value of the price criterion.

For example - Bid 1 £100,000 scores 100.

Bid 2 £120,000 differential of £20,000 remove 20% from price scores 80

Bid 3 £150,000 differential £50,000 remove 50% from price scores 50.
 Bid 4 £175,000 differential £75,000 remove 75% from price scores 25.
 Bid 5 £200,000 differential £100,000 remove 100% from price scores 0.
 Bid 6 £300,000 differential £200,000 remove 100% from price scores 0.
 Where the scoring criterion is worth 50% then the 0-100 score achieved will be multiplied by 50

In the example if a supplier scores 80 from the available 100 points this will equate to 40% by using the following calculation: Score/Total Points multiplied by 50 (80/100 x 50 = 40)

The lowest score possible is 0 even if the price submitted is more than 100% greater than the lowest price.

5.5. Evaluation process

5.5.1. The evaluation process will feature some, if not all, the following phases

Stage	Summary of activity
Receipt and Opening	<ul style="list-style-type: none"> RFP logged upon opening in alignment with UK SBS's procurement procedures. Any RFP Bid received after the closing date will be rejected unless circumstances attributed to the Contracting Authority or the e-sourcing tool beyond the bidder control are responsible for late submission.
Compliance check	<ul style="list-style-type: none"> Check all Mandatory requirements are acceptable to the Contracting Authority. Unacceptable Bids maybe subject to clarification by the Contracting Authority or rejection of the Bid.
Scoring of the Bid	<ul style="list-style-type: none"> Evaluation team will independently score the Bid and provide a commentary of their scoring justification against the Selection criteria.
Clarifications	<ul style="list-style-type: none"> The Evaluation team may require written clarification to Bids
Re - scoring of the Bid and Clarifications	<ul style="list-style-type: none"> Following Clarification responses, the Evaluation team reserve the right to independently re-score the Bid and Clarifications and provide a commentary of their re-scoring justification against the Selection criteria.
Validation of unsuccessful Bidders	<ul style="list-style-type: none"> To confirm contents of the letters to provide details of scoring and relative feedback on the unsuccessful Bidders Bid in comparison with the successful Bidders Bid.
