#### Description

Mat-in-a-box 1550 is a modular hybrid barrier mat available in closed construction. It is ideal for use in interior locations subject to medium foot and wheeled traffic e.g. high street shops, schools and offices. The mat is supplied in 2m modules that click together and can be easily cut on site offering quick and easy installation with minimum wastage. Comprising a rigid PVC-u base and polypropylene wipers, the mat is available in three colours, and provides an effective surface for the removal of dirt and moisture.
