

Mental Health Rehabilitation and Recovery Market Engagement Session

Mental Health Rehabilitation and Recovery Accommodation Based Service for individuals with Mental Health conditions in a Peripatetic and Community Housing scheme setting

Wandsworth Council and Wandsworth CCG wish to invite prospective providers to a Market Engagement Session to outline and discuss its proposals to procure a Rehabilitation and Recovery Accommodation based service for individuals with Mental Health conditions in a Peripatetic and Community Housing scheme setting within the London Borough of Wandsworth.

The successful provider(s) will need to demonstrate that they can provide Housing Related Support and Health and Social Care needs, with a specific focus on rehabilitation and recovery and promoting independence.

This informal session will be an open meeting to outline and discuss our plans and to seek views from the market prior to the commencement of the formal tender process. It will cover an overview of the current service arrangements, tender objectives and procurement timeline and next steps.

This market engagement session will be held on Thursday 20 July 2017, at 2:00pm to 4:00pm.

Venue: Wandsworth Council Chamber, Wandsworth Council, The Town Hall, Wandsworth High Street, London SW18 2PU – please report to the Marble Hall Reception (Near the Fountain Car Park)

If you wish to attend please register your interest by completing your details and confirming your attendance by 4:00pm on Wednesday 19 July 2017 via the Delta tendering portal at www.delta-esourcing.com.

To respond to the opportunity, please click Register Interest and follow the on-screen instructions. Access code: 98K48RYE5R

In order to maximise the session and discussions, we ask that where possible, provider representatives are the individuals responsible for overseeing and managing the service. We will also be sharing some questions to interested providers ahead of the event for your consideration and discussion during the meeting.
