

## Appendix A: Units of Assessment using metrics

1. The table below shows the Units of Assessment (UOA) where we expect citation counts to be provided:

01	Clinical Medicine
02	Public Health, Health Services and Primary Care
03	Allied Health Professions, Dentistry, Nursing and Pharmacy
04	Psychology, Psychiatry and Neuroscience
05	Biological Sciences
06	Agriculture, Veterinary and Food Science
07	Earth Systems and Environmental Sciences
08	Chemistry
09	Physics
11	Computer Science and Informatics
16	Economics and Econometrics

2. As a guide to the volume of research in each UOA, we have provided counts of research outputs that were submitted to each of the UOAs in the 2014 REF. The new guidelines around staff submission may lead to an increase in the number of outputs in some UOAs.
