The Customer shall not accept that EU exit is either a force majeure event or a frustration event, as the likely consequences of this process have been widely aired in public for some time, all suppliers have had ample time to plan for continuation of service and performance of contracts will still be possible in most cases.

18.3 If the Contractor or the Staff engages in conduct prohibited by clause 18.1 or commits fraud in relation to the Agreement or any other contract with the Crown (including the Customer) the Customer may:

18.3.1 terminate the Agreement and recover from the Contractor the amount of any loss suffered by the Customer resulting from the termination, including the cost reasonably incurred by the Customer of making other arrangements for

between them. The Parties confirm that they have not entered into the Agreement on the basis of any representation that is not expressly incorporated into the Agreement. Nothing in this clause shall exclude liability for fraud or fraudulent misrepresentation.

- 20.5 Any waiver or relaxation either partly, or wholly of any of the terms and conditions of the Agreement shall be valid only if it is communicated to the other Party in writing and expressly stated to be a waiver. A waiver of any right or remedy arising from a breach of contract shall not constitute a waiver of any right or remedy arising from any other breach of the Agreement.
- 20.6 The Agreement shall not constitute or imply any partnership, joint venture, agency, fiduciary relationship or other relationship between the Parties other than the contractual relationship expressly provided for in the Agreement. Neither Party shall have, nor represent that it has, any authority to make any commitments on the other Party's behalf.
- 20.7 Except as otherwise expressly provided by the Agreement, all remedies available to either Party for breach of the Agreement (whether under the Agreement, statute or common law) are cumulative and may be exercised concurrently or separately, and the exercise of one remedy shall not be deemed an election of such remedy to the exclusion of other remedies.

Appendix 1: Specification of Requirement

1. About the Department for International Trade

- 1.1 The Department for International Trade (DIT) was created in July 2016 and is responsible for promoting British trade across the world and ensuring the UK takes advantage of the huge opportunities open to the UK.
- 1.2 DIT's responsibilities include those of the former UK Trade & Investment in helping UK based companies succeed in the global economy. The Department also helps overseas companies bring their high quality investment to the UK's dynamic economy which is acknowledged as Europe's best place from which to succeed in global business.
- 1.3 The Department offers expertise and contacts through its extensive network in the UK and diplomatic offices around the world. The organisation provides companies with the tools they require to be competitive on the world stage.
- 1.4 The Department has a regionally-based delivery network providing support for exporters and foreign investors. The delivery of export support is through nine (9) regionally-structured contracts within England. DIT funds these contractors on an annual basis and around three hundred (300) private sector International Trade Advisers are employed by the contractors to assist a specified minimum number of new exporters (including companies who have not exported in the previous twelve (12) months) to achieve export success.

2. Background to the Requirement

- 2.1 DIT's policy objective is to maximise exports, maintain and grow market share, and ensure export business contributes to post Covid-19 recovery. Funding for London Fashion Week Digital in June will assist with this as it delivers exposure and sales for British designers, combining Menswear and Womenswear designers under a digital platform with enhancements to sales and business to business channels.

With ongoing uncertainty around international travel, international buyers are not traveling to fashion weeks, making digital activities imperative to enable designers every sales opportunity possible.

The London Fashion Week platform will drive international buyers, media and industry contacts to the designers' online showrooms, and the physical sales contacts to boost international export business.

Department for
International Trade

Targeted campaign activity across Japan, USA, China and Europe are in line with DIT trade policy, and will help to maintain and grow market share in existing and new Free Trade Agreement markets (e.g. Textiles/apparel highlighted as one of the key sectors to benefit from Japan CEPA). These markets are the top 3 priority markets for the British fashion sector. Targeted trade activity will increase in-market press coverage, invite key industry players to attend digital events, and drive B2B business for designers through the digital platform whilst physical trade events are not taking place.

DIT funding will target buyers and media globally to drive the international audience to designer digital content, delivering attendance and sales data for DIT of all UK participating businesses (boosts DIT's UK network), international buyer data for campaign markets (boosts DIT's international network), export win data (export success data) across target markets, and exposure for DIT to top UK designer talent and international buyers and media, as well as PR and marketing opportunities for DIT/GREAT branding.

3. The Requirement

3.1 Covid-19 market conditions mean that outcomes in terms of export wins are expected to continue to be considerably lower than usual. Success factors continue to be related to the UK's visibility to the global market, and ensuring relationships are maintained with key markets, brands and buyers, with a reduced volume of export business.

DIT to be listed in press releases. Promote DIT including listing support on the platform and use of the DIT logo.

37 fashion brands will be featured on the digital platform, for both trade and consumer audiences. [REDACTED]

If the Department extends the Contract for up to a further six (6) months, these meetings will continue in the same format with the end of Contract meeting held 31 March 2022.
- 5.2 The contract review meetings will be held at a DIT location or via teleconference at the discretion of the DIT Contract Manager.
- 5.3 The attendee shall be responsible for any travel and subsistence costs incurred as a result of attendance at any Review or ad-hoc meeting.
