

The Ministry of Justice (MoJ) Constructor Services Framework Agreements were signed in counterpart by all Constructors in each Lot separately. They were then compiled as one consolidated document for ease of use for the MoJ internally. This has resulted in the Framework Agreements having a 'For MoJ Use Only' watermark across the document - the watermarks should be disregarded in this case, as these versions of the Framework Agreement are not for intended to be used exclusively by the MoJ.

7.5 Each Constructor acknowledges and agrees that:

7.5.1 this Framework Agreement and each Call-Off Contract shall be treated as complementary of one another and it shall be the duty of a Constructor to notify the Authority of any error, omission or discrepancy of which it becomes aware as between this Framework Agreement and any Call-Off Contract and to put forward proposals to resolve such error, omission or discrepancy fairly and constructively, whilst minimising any adverse effect on any Call-Off Contract and this Framework Agreement, provided always that any such proposal shall be subject to prior approval by the Authority at its sole discretion; and

1. The term the "**Conciliator**" shall mean the individual named in the Project Partnering Agreement or (if no individual is so named) an individual to be agreed between the Partnering Team members seeking conciliation, or failing agreement within ten (10) Working Days after one Partnering Team member involved in a difference or dispute has given the other or others a written request to concur in the appointment of a Conciliator, an individual to be appointed on the request of any Partnering Team member seeking conciliation by the President or Vice-President for the time being of The Association of Consultant Architects Limited ("**ACA**").

3. Any written agreement signed by the Partnering Team members in dispute, which records the terms of any settlement reached during the conciliation, shall be final and binding upon those Partnering Team members, who shall give effect to such settlement in accordance with its terms. 6. The Adjudicator shall act impartially and may take the initiative in ascertaining the facts and the law.

[**GUARANTOR ENTITY**] a company incorporated under the laws of [] having its registered office at [] (registered number []) (the "**Guarantor**")

IN FAVOUR OF

[**THE SECRETARY OF STATE FOR JUSTICE OF THE MINISTRY OF JUSTICE**, 102 Petty France, Westminster, London SW1H 9AJ] (the "**Beneficiary**" which expression includes its permitted successors and assigns)

WHEREAS:

- (A) The Beneficiary and [**Constructor Entity**], a company incorporated under the laws of [] and having its registered office at [] (registered number []) (the "Constructor") [have / are intending to enter into a contract for] [*Brief but specific description of underlying project/transaction*] (the "**Contract**").
- (B) The Constructor is an Affiliate of the Guarantor (where "**Affiliate**" means a subsidiary or holding company or a subsidiary of the Guarantor (where "subsidiary" and "holding company" are defined in section 1159 of the Companies Act 2006))
- (C) The Guarantor has agreed to guarantee the Constructor's obligations pursuant to the Contract in accordance with the terms and conditions contained in this Deed.

IT IS AGREED as follows:-

1. DEFINITIONS AND INTERPRETATION

1.1 In this Deed:

- 1.1.1 "**Business Day**" means a day (other than a Saturday or Sunday) on which banks are open for business in London; and
- 1.1.2 "**Tax**" means any tax, levy, impost, duty or other charge or withholding of a similar nature (including any penalty or interest payable in connection with any failure to pay or any delay in paying any of the same).

1.2 Headings are for ease of reference only and shall not affect the interpretation of this Deed.

1.3 Unless otherwise defined herein, all capitalised terms used herein shall bear the meanings as defined in the Contract. All references to the Contract contained herein shall be construed to mean the Contract as amended from time to time.

2. GUARANTEE AND INDEMNITY

2.1 In consideration of the Beneficiary [entering into the Contract] [accepting this Deed in discharge of the Constructor's obligation under the Contract to procure this Deed], the Guarantor hereby irrevocably and unconditionally guarantees to the Beneficiary, as a primary obligation and not merely as surety:

- 2.1.1 the full and prompt payment when due of all of the Constructor's payment obligations and/or financial liabilities arising under or in connection with or as result of a breach of the Contract ([whether sole or joint with one or more persons, and] whether of principal, interest or otherwise); and
- 2.1.2 the full and prompt performance when due of all the Constructor's obligations, representations, warranties, indemnities, covenants, undertakings, duties and agreements contained in or arising in connection with the Contract.

2.2 All obligations, representations, warranties, indemnities, covenants, undertakings, duties and agreements described in clauses 2.1.1 and 2.1.2 above are collectively referred to herein as the "**Obligations**". If at any time the Constructor fails, neglects or refuses to timely or fully perform any of the Obligations as expressly provided in the terms and conditions of the Contract or commits any breach of any provision of the Contract, then, upon receipt of written notice from the Beneficiary specifying the failure or breach (as appropriate) and requiring the Guarantor to so perform, the Guarantor shall immediately commence to perform, or to cause to be performed, in place of the Constructor all or any of the Obligations or responsibility as required pursuant to the terms and conditions of the Contract.

2.3 In addition to its obligations set out in clauses 2.1 and 2.2 above, as a separate, additional continuing primary obligation under this Guarantee, the Guarantor agrees to indemnify (and keep indemnified) and hold harmless the Beneficiary on demand:

2.3.1 against all losses, damages, costs and/or expenses which the Beneficiary may incur by reason of any breach by the Constructor of the Obligations; and

2.3.2 against any loss or liability suffered by the Beneficiary if any of the Obligations is or becomes unenforceable, invalid or illegal as if such Obligation had not become unenforceable, invalid or illegal provided that Clause 2.3.2 shall apply only:

(a) if the Obligation is or has become, unenforceable, invalid or illegal as a result of (i) the Constructor not having the due status, capacity, power or authorisation to enter into the Contract (ii) the Constructor not validly executing the Contract (iii) the Constructor not being validly incorporated and existing (iv) the entry into the Contract by the Constructor conflicting with its constitutional documents or (v) insolvency, bankruptcy, or similar proceedings or circumstances affecting the Constructor, or

(b) where the Obligation would not be or have become generally unenforceable, invalid or illegal against a person performing the role of the Constructor under the Contract.

2.4 Subject to Clause 2.3.2 and Clause 9:

2.4.1 the Guarantor's liability hereunder in respect of any matter shall be no greater in amount or duration than it would have been if it had been named as a Constructor under the Contract having joint and several liability with the Constructor, and

2.4.2 with respect to any claim, action or proceeding against the Guarantor in connection with this Guarantee, the Guarantor shall be entitled to rely upon those defences which the Constructor would be able to assert under the Contract if such claim, action or proceeding were to be asserted or instituted against the Constructor under the Contract.

3. **BENEFICIARY PROTECTION**

3.1 Without prejudice to Clauses 2.4 and 5, the Guarantor's liability under this Deed shall not be discharged, reduced or otherwise affected by:

3.1.1 the Beneficiary giving the Constructor any time or any other concession;

3.1.2 any composition, discharge, release or other variation of liability entered into with, or granted to, the Constructor (save to the extent of such composition, discharge, release or other variation of liability);

3.1.3 any amendment, variation, supplement or waiver of any provision of the Contract (such that references in this Deed to the Contract shall include each such variation, amendment or supplement);

3.1.4 any legal limitation or incapacity relating to the Constructor;

- 3.1.5 any insolvency, liquidation, dissolution, reconstruction, or amalgamation of the Constructor; or
- 3.1.6 any other act or omission of the Beneficiary (save where the Beneficiary has expressly agreed to discharge, reduce or amend the liability of the Guarantor).
- 3.2 This Deed is in addition to and not in substitution for and shall not merge with any other right, remedy, guarantee or security which the Beneficiary may at any time hold for the performance by the Constructor of its obligations under the Contract.
- 3.3 The Guarantor agrees, without prejudice to Clause 7, that its liability under this Deed shall not be conditional or contingent upon the prior pursuit by the Beneficiary of any remedy against the Constructor or any other person, including, for the avoidance of doubt, enforcement by the Beneficiary of any other guarantee or security from time to time held by the Beneficiary in respect of the duties and/or obligations of the Constructor under the Contract.
- 3.4 In the event that any provision or portion of this Deed, or the application thereof, is found to be ineffective, inoperable or unenforceable for any reason, it shall be severed and deemed to be deleted from this Deed and the remaining provisions of this Deed shall continue to have full force and effect.
- 3.5 Any settlement or discharge between the Beneficiary and the Constructor or the Guarantor shall be conditional upon no settlement with or payment to the Beneficiary by the Constructor or the Guarantor or any other person being set aside, avoided or ordered to be refunded or reduced by virtue of any provision or enactment relating to bankruptcy, insolvency or liquidation for the time being in force. Accordingly, if a settlement or payment is so set aside, avoided or ordered to be refunded or reduced (and without limiting the Beneficiary's other rights under this Deed), the Beneficiary shall be entitled to recover from the Guarantor, as if such settlement or discharge had not occurred, the value the Beneficiary has placed upon such settlement or the amount of any such payment or reduced payment as the case may be.
- 3.6 For all purposes directly or indirectly connected with any voluntary arrangement under Part 1 of the Insolvency Act 1986 proposed in respect of the Constructor where the voluntary arrangement seeks to restrict in any way the Beneficiary's rights hereunder, the Guarantor hereby releases and discharges its whole rights of recourse, contribution, relief or subrogation against the Constructor in respect of or in connection with all payments made or to be made by the Guarantor under or pursuant to this Deed to the intent and effect that the Guarantor shall not be a creditor of the Constructor in respect of any such payments or liabilities for the purposes of any such voluntary arrangement.
- 4. DURATION OF GUARANTEE AND TERMINATION**
- 4.1 This Deed is a continuing guarantee by the Guarantor and shall continue in full force and effect (notwithstanding any intermediate satisfaction by the Constructor, the Guarantor or any other person) until all the Obligations have been fully performed.
- 5. LIMITATION RE PROCEEDINGS**
- 5.1 The Beneficiary shall not be entitled to commence proceedings against the Guarantor under this Deed in respect of any claim once any proceedings against the Constructor in respect of the corresponding claim under the Contract would be statute barred.
- 6. ASSIGNMENT**
- 6.1 The Beneficiary may not assign or transfer any of its rights or obligations hereunder without the prior written consent of the Guarantor (such consent not to be unreasonably withheld or delayed), provided that the Beneficiary may assign all such rights contemporaneously with an assignment to a permitted assignee under the terms of the Contract.
- 7. DEMANDS, PAYMENTS AND TAXATION**
- 7.1 All payments to be made by the Guarantor under this Deed shall be made in immediately available funds and, unless otherwise agreed in the case of a given payment, in the currency in which the

relevant amount is payable by the Constructor, free and clear, without prejudice to Clauses 2.4 and 5, of all deductions and withholdings of any kind.¹

8. **NON-SUBROGATION**

8.1 Until all amounts which may be or become payable under the Contract or this Deed have been irrevocably paid in full, the Guarantor shall not, without the Beneficiary's written consent, in respect of any payment under this Deed, be subrogated to any right or security of the Beneficiary or claim or prove in competition with the Beneficiary against the Constructor or any other person or, in respect of any such payment, demand or accept repayment of any monies or, in respect of any such payment, claim any right of contribution, set-off or indemnity, or take any security from the Constructor in connection with this Deed (and, if taken, any such security shall be held by the Guarantor as security for its liability to the Beneficiary under this Deed).

"**Reasonable Rates and Terms**" has the meaning given to such term in clause 4.1.

1.2 In interpreting this Deed:

- 1.2.1 if any party to this Deed is a partnership then the provisions of this Deed will bind each and every partner in that partnership jointly and severally;
- 1.2.2 references to the singular shall be deemed to include the plural (and vice versa) and reference to a "person" shall be deemed to include any individual firm unincorporated association or body corporate;
- 1.2.3 any reference to any enactment includes any consolidation, re-enactment, amendment or replacement of it and any subordinate legislation under it;

2. **SKILL AND CARE**

2.1 The Constructor undertakes with and warrants to the Beneficiary that:

- 2.1.1 in carrying out and completing the Project, the Constructor has undertaken and will undertake the same in a good and workmanlike manner, using only materials which are new (unless the Construction Contract states otherwise or as otherwise agreed with the Client in writing), and are sound and of good quality which are consistent with the intended use of the Project as stated in the contract or reasonably to be inferred given the nature of the Project;
- 2.1.2 in providing any services that are ancillary or otherwise related to the Project under or in connection with the Construction Contract (including in relation to the design of the Project and in respect of the preparation of any reports, summaries, recommendations and/or any other analogous deliverable in relation to the Project) it has exercised and will exercise all of the reasonable skill, care, diligence and prudence to be expected of an appropriately qualified, skilled, competent and experienced professional (and, in the context of the design of the Project, professional designer) experienced in the carrying out of such activities for projects of a similar size, scope, value, character and complexity to the Project;
- 2.1.3 the Constructor has exercised and will continue to exercise the standard of skill and care referred to in clause 2.1.2 to ensure that it has not and shall not specify, authorise, cause or allow to be used in the Project any products or materials which:

 - (b) are generally known in the construction industry to be deleterious, in the particular circumstances in which they are specified for use, to health and safety and/or the durability of buildings or structures;

2.1.4 it has carried out and will continue to carry out the duties and obligations on its part to be performed under the Construction Contract in accordance with the Construction Contract.

2.2 The Constructor shall have no greater liability to the Beneficiary, and shall owe to the Beneficiary no greater a standard of duty under this Deed than would have been owed if the Beneficiary had been named as the Client under the Construction Contract. If a claim is brought against the Constructor by the Beneficiary, the Constructor may rely on any defence or limitation available to it under the terms of the Construction Contract, save that the Constructor may not raise by way of defence or set-off or abatement or to bring any counterclaim in respect of any monies due to it under or in connection with the Construction Contract. The Constructor may not plead a "no-loss" defence, including one based on an argument that since the Client under the Construction Contract has not suffered a loss then the Beneficiary is not entitled to recover a loss it has suffered or that the Beneficiary's loss is irrecoverable because it would not be foreseeable that the Client under the Construction Contract would suffer such a loss.

3. COPYRIGHT

3.1 The Constructor grants to the Beneficiary and its nominees with full title guarantee an irrevocable, royalty-free, worldwide and non-exclusive licence in perpetuity to use, copy and reproduce the Materials for any purpose whatsoever, including in relation to the Project and (but without limitation) the design, construction, completion, operation, extension, maintenance, letting, management, sale, advertisement, alteration, reinstatement and repair of any part of the Project, with this licence including a licence to grant sub-licences and to transfer the same to third parties.

3.2 The Constructor shall not be liable for any such use by the Beneficiary or its nominees of any Materials for any purpose other than that for which the same were prepared by the Constructor.

3.3 The Beneficiary shall on written request, be entitled to be supplied by the Constructor with electronic copies of any Materials at no cost to the Beneficiary.

3.4 The Constructor unconditionally and irrevocably waives (and shall ensure that any sub-contractors waive), in respect of the Materials, all moral rights to which the Constructor (or any relevant sub-contractors) may now or at any future time be entitled under the Copyright, Designs and Patents Act 1988 as amended from time to time or under any other applicable laws.

3.5 This waiver is made in favour of the Beneficiary and shall extend to the Beneficiary's sub-licensees, assignees and successors in title in accordance with this Deed.

3.6 The Constructor warrants that:

3.6.1 the Materials (save to the extent that duly authorised sub-contractors have been used to prepare the same) are the Constructor's own original work and that in any event their use in connection with the Project will not infringe the rights of any third party; and

3.6.2 where duly authorised sub-contractors are used their work will be original and that the Constructor will obtain the necessary consents in relation to clause 3.1.

4. INDEMNITY INSURANCE

4.1 The Constructor shall maintain professional indemnity insurance covering (inter alia) its potential liability under this Deed for the given insurance policy year in the event that it breaches this Deed upon market norm terms and conditions prevailing for the time being in the insurance market, and with reputable insurers lawfully carrying on such insurance business in the United Kingdom, in an amount of not less £[INSERT SUM IN NUMBERS] ([INSERT SUM IN NUMBERS]) for [any one occurrence or series of occurrences arising out of any one event] for a period beginning now until the End of Liability Date, provided always that such insurance is available at commercially affordable rates and on terms such that members of the Constructor's profession generally carry such insurance ("Reasonable Rates and Terms").

- 4.2 Any increased or additional premium required by insurers by reason of the Constructor's own claims record or other acts, omissions, matters or things particular to the Constructor shall be deemed to be within Reasonable Rates and Terms.
- 4.3 The Constructor shall immediately inform the Beneficiary if such insurance ceases to be available upon Reasonable Rates and Terms in order that the Constructor and the Beneficiary can discuss means of best protecting their respective positions in respect of the Project in the absence of such insurance.
- 4.4 The Constructor shall co-operate fully with any measures reasonably required by the Beneficiary, including (without limitation) completing any proposals for insurance and associated documents, maintaining such insurance at rates above Reasonable Rates and Terms if the Beneficiary undertakes in writing to reimburse the Constructor in respect of the net cost of such insurance to the Constructor above Reasonable Rates and Terms.
- 4.5 As and when reasonably requested to do so by the Beneficiary the Constructor shall produce for inspection documentary evidence that its professional indemnity insurance is being maintained.
- 4.6 The above obligations in respect of professional indemnity insurance shall continue notwithstanding termination of the Construction Contract for any reason whatsoever, including (without limitation) breach by the Client.

5. **LIABILITY PERIOD**

It is agreed that the period of limitations (in respect of which the Beneficiary and the Constructor hereby waive all and any rights whether already existing, arising now and/or in the future to raise as a defence to any claim brought under this Deed, the Limitation Act 1980 and any statute, regulation or similar amending, consolidating and/or replacing that Act) applicable to any claim or claims arising out of or in connection with this Deed shall expire on the End of Liability Date.

6. **ASSIGNMENT**

- 6.1 The Constructor consents to the benefit of this Deed being assigned two (2) times only provided always that the maximum number of two (2) assignments referred to above shall not be affected by assignments or charges by way of security and their release or assignments to and from subsidiary or other associated companies within the same group of companies as the Beneficiary so long as such assignee company remains within the same group of companies as the Beneficiary.
- 6.2 Despite any other provision of this Deed the Constructor shall not be entitled to contend that any person to whom this Deed is assigned in accordance with clause 6.1 (an "**Assignee**") is precluded from recovering under this Deed any loss incurred by such assignee resulting from any breach of this Deed (whenever happening), by reason that such person is an assignee and not the original named party to this Deed.
- 6.3 The Constructor may not defend any claim brought by the Beneficiary or an Assignee on the basis of a no loss argument whether based on the logic that the Beneficiary or an Assignee has not suffered a recoverable loss because the Client has not suffered that loss or because the Client would not suffer a similar loss because of its different interest in the completed Project compared to the interest of the Beneficiary or Assignee and/or if assigned that the original Beneficiary has not suffered such loss because it has parted with its interest in the Project or otherwise.

7. **[STEP-IN RIGHTS⁶]**

- 7.1 The Constructor shall not exercise nor seek to exercise any right of termination of its employment under the Construction Contract or discontinue the performance of the Construction Contract for any reason whatsoever (including any breach on the part of the Client) without giving not less than twenty-one (21) days' written notice of its intention to do so to the Beneficiary and specifying the grounds for the proposed termination or discontinuance.

⁶ This clause should be deleted if the Beneficiary will not benefit from step-in rights under the collateral warranty.

- 7.2 Any period stipulated in the Construction Contract for the exercise of a right of termination by the Constructor of its employment under the Construction Contract or to discontinue the performance of the Construction Contract shall, nevertheless, be extended as may be necessary to take account of the period of notice required under clause 7.1.
- 7.3 The right of the Constructor to terminate its employment under the Construction Contract or to discontinue the performance of the Construction Contract shall cease within the period of twenty-one (21) days referred to in clause 7.1 if the Beneficiary shall give notice to the Constructor:
- 7.3.1 requiring the Constructor to continue its obligations under the Construction Contract with the Beneficiary or its nominee;
- 7.3.2 acknowledging that the Beneficiary or its nominee will assume all the obligations of the Client under the Construction Contract; and
- 7.3.3 undertaking that the Beneficiary or its nominee will discharge all payments which may subsequently become due to the Constructor under the terms of the Construction Contract and will pay to the Constructor any sums which have been due and payable to him under the Construction Contract but which remain unpaid.
- 7.4 Upon service by the Beneficiary or its nominee of a notice complying with the requirements of clause 7.3 the Construction Contract will continue in full force and effect as if the same had been entered into between the Constructor and the Beneficiary to the exclusion of the Client.
- 7.5 Compliance by the Constructor with the provisions of this clause 7 will not be treated as a waiver of any breach on the part of the Client giving rise to the right of termination nor otherwise prevent the Constructor from exercising its rights after the expiration of the notice issued pursuant to clause 7.1 unless the rights of termination have ceased under the provisions of clause 7.3.
- 7.6 This clause 7 shall cease to have effect upon the prior exercise by any third person of any similar rights of substitution contained in any other agreement concerning the Project and entered into between the Constructor and such person at the request of the Client.
- 7.7 By acting in accordance with this clause 7, the Constructor shall not incur any liability to the Client.]

- 9.1 This Deed shall not negate or diminish any duty or liability otherwise owed by the Constructor to the Beneficiary.

- 9.4 This Deed does not create any right enforceable by any person not a party to it (whether pursuant to the Contracts (Rights of Third Parties) Act 1999 or otherwise) except that a person who is the successor to or the permitted assignee of the rights of the Beneficiary is deemed to be a party to this Deed.

The Sub-Constructor may not plead a "no-loss" defence, including one based on an argument that since the Constructor under the Subcontract has not suffered a loss then the Beneficiary is not entitled to recover a loss it has suffered or that the Beneficiary's loss is irrecoverable because it would not be foreseeable that the Constructor under the Subcontract would suffer such a loss.

- 4.4 The Sub-Constructor shall co-operate fully with any measures reasonably required by the Beneficiary, including (without limitation) completing any proposals for insurance and associated documents, maintaining such insurance at rates above Reasonable Rates and Terms if the Beneficiary undertakes in writing to reimburse the Sub-Constructor in respect of the net cost of such insurance to the Sub-Constructor above Reasonable Rates and Terms.

- 6.2 Despite any other provision of this Deed the Sub-Constructor shall not be entitled to contend that any person to whom this Deed is assigned in accordance with clause 6.1 (an "**Assignee**") is

precluded from recovering under this Deed any loss incurred by such assignee resulting from any breach of this Deed (whenever happening), by reason that such person is an assignee and not the original named party to this Deed.

- 6.3 The Sub-Constructor may not defend any claim brought by the Beneficiary or an Assignee on the basis of a no loss argument whether based on the logic that the Beneficiary or an Assignee has not suffered a recoverable loss because the [Client or]¹¹ Constructor has not suffered that loss or because the [Client or]¹² Constructor would not suffer a similar loss because of [their / its] different interest[s] in the completed Project compared to the interest of the Beneficiary or Assignee and/or if assigned that the original Beneficiary has not suffered such loss because it has parted with its interest in the Project or otherwise.

7. [STEP-IN RIGHTS]¹³

- 7.3.3 undertaking that the Beneficiary or its nominee will discharge all payments which may subsequently become due to the Sub-Constructor under the terms of the Subcontract and will pay to the Sub-Constructor any sums which have been due and payable to him under the Subcontract but which remain unpaid.
- 7.4 Upon service by the Beneficiary or its nominee of a notice complying with the requirements of clause 7.3 the Subcontract will continue in full force and effect as if the same had been entered into between the Sub-Constructor and the Beneficiary to the exclusion of the Constructor.
- 7.5 Compliance by the Sub-Constructor with the provisions of this clause 7 will not be treated as a waiver of any breach on the part of the Constructor giving rise to the right of termination nor otherwise prevent the Sub-Constructor from exercising its rights after the expiration of the notice issued pursuant to clause 7.1 unless the rights of termination have ceased under the provisions of clause 7.3.
- 7.6 This clause 7 shall cease to have effect upon the prior exercise by any third person of any similar rights of substitution contained in any other agreement concerning the Project and entered into between the Sub-Constructor and such person at the request of the Constructor.

- 6.3 The Sub-Sub-Constructor may not defend any claim brought by the Beneficiary or an Assignee on the basis of a no loss argument whether based on the logic that the Beneficiary or an Assignee has not suffered a recoverable loss because the [Client]²⁷, Constructor or Sub-Constructor has not suffered that loss or because the [Client]²⁸, Constructor or Sub-Constructor would not suffer a similar loss because of their different interests in the completed Project compared to the interest of the Beneficiary or Assignee and/or if assigned that the original Beneficiary has not suffered such loss because it has parted with its interest in the Project or otherwise.

7. **[STEP-IN RIGHTS]²⁹**

- 7.1 The Sub-Sub-Constructor shall not exercise nor seek to exercise any right of termination of its employment under the Sub-Subcontract or discontinue the performance of the Sub-Subcontract for any reason whatsoever (including any breach on the part of the Sub-Constructor) without giving not less than twenty-one (21) days' written notice of its intention to do so to the Beneficiary and specifying the grounds for the proposed termination or discontinuance.

7.3.3 undertaking that the Beneficiary or its nominee will discharge all payments which may subsequently become due to the Sub-Sub-Constructor under the terms of the Sub-Subcontract and will pay to the Sub-Sub-Constructor any sums which have been due and payable to it under the Sub-Subcontract but which remain unpaid.

7.4 Upon service by the Beneficiary or its nominee of a notice complying with the requirements of clause 7.3 the Sub-Subcontract will continue in full force and effect as if the same had been entered into between the Sub-Sub-Constructor and the Beneficiary to the exclusion of the Sub-Constructor.

7.5 Compliance by the Sub-Sub-Constructor with the provisions of this clause 7 will not be treated as a waiver of any breach on the part of the Sub-Constructor giving rise to the right of termination nor otherwise prevent the Sub-Sub-Constructor from exercising its rights after the expiration of the notice issued pursuant to clause 7.1 unless the rights of termination have ceased under the provisions of clause 7.3.

4.2 Any increased or additional premium required by insurers by reason of the Sub-Sub-Consultant's own claims record or other acts, omissions, matters or things particular to the Sub-Sub-Consultant shall be deemed to be within Reasonable Rates and Terms.

4.3 The Sub-Sub-Consultant shall immediately inform the Beneficiary if such insurance ceases to be available upon Reasonable Rates and Terms in order that the Sub-Sub-Consultant and the Beneficiary can discuss means of best protecting their respective positions in respect of the Appointment and the wider Project in the absence of such insurance.

4.4 The Sub-Sub-Consultant shall co-operate fully with any measures reasonably required by the Beneficiary, including (without limitation) completing any proposals for insurance and associated documents, maintaining such insurance at rates above Reasonable Rates and Terms if the Beneficiary undertakes in writing to reimburse the Sub-Sub-Consultant in respect of the net cost of such insurance to the Sub-Sub-Consultant above Reasonable Rates and Terms.

4.5 As and when reasonably requested to do so by the Beneficiary the Sub-Sub-Consultant shall produce for inspection documentary evidence that its professional indemnity insurance is being maintained.

4.6 The above obligations in respect of professional indemnity insurance shall continue notwithstanding termination of the Appointment for any reason whatsoever, including (without limitation) breach by the Constructor.

5. **LIABILITY PERIOD**

Actions or proceedings for any breach of this Deed may be commenced up to and including but not after the End of Liability Date.

6. **ASSIGNMENT**

affected by assignments or charges by way of security and their release or assignments to and from subsidiary or other associated companies within the same group of companies as the Beneficiary so long as such assignee company remains within the same group of companies as the Beneficiary.

- 6.2 Despite any other provision of this Deed the Sub-Sub-Consultant shall not be entitled to contend that any person to whom this Deed is assigned in accordance with clause 6.1 (an "Assignee") is precluded from recovering under this Deed any loss incurred by such assignee resulting from any breach of this Deed (whenever happening), by reason that such person is an assignee and not the original named party to this Deed.
- 6.3 The Sub-Sub-Consultant may not defend any claim brought by the Beneficiary or an Assignee on the basis of a no loss argument whether based on the logic that the Beneficiary or an Assignee has not suffered a recoverable loss because the [Client]³³, Constructor or Sub-Consultant has not suffered that loss or because the [Client]³⁴, Constructor or Sub-Consultant would not suffer a similar loss because of [their / its] different interest[s] in the completed Project compared to the interest of the Beneficiary or Assignee and/or if assigned that the original Beneficiary has not suffered such loss because it has parted with its interest in the Project or otherwise.

7. [STEP-IN RIGHTS]³⁵

- 7.1 The Sub-Sub-Consultant shall not exercise nor seek to exercise any right of termination of its employment under the Appointment or discontinue the performance of the Appointment for any reason whatsoever (including any breach on the part of the Constructor) without giving not less than twenty-one (21) days' written notice of its intention to do so to the Beneficiary and specifying the grounds for the proposed termination or discontinuance.
- 7.2 Any period stipulated in the Appointment for the exercise of a right of termination by the Sub-Sub-Consultant of its employment under the Appointment or to discontinue the performance of the Appointment shall, nevertheless, be extended as may be necessary to take account of the period of notice required under clause 7.1.
- 7.3 The right of the Sub-Sub-Consultant to terminate its employment under the Appointment or to discontinue the performance of the Appointment shall cease within the period of twenty-one (21) days referred to in clause 7.1 if the Beneficiary shall give notice to the Sub-Sub-Consultant:
- 7.3.1 requiring the Sub-Sub-Consultant to continue its obligations under the Appointment with the Beneficiary or its nominee;
 - 7.3.2 acknowledging that the Beneficiary or its nominee will assume all the obligations of the Constructor under the Appointment; and
 - 7.3.3 undertaking that the Beneficiary or its nominee will discharge all payments which may subsequently become due to the Sub-Sub-Consultant under the terms of the Appointment and will pay to the Sub-Sub-Consultant any sums which have been due and payable to him under the Appointment but which remain unpaid.
- 7.4 Upon service by the Beneficiary or its nominee of a notice complying with the requirements of clause 7.3 the Appointment will continue in full force and effect as if the same had been entered into between the Sub-Sub-Consultant and the Beneficiary to the exclusion of the Constructor.
- 7.5 Compliance by the Sub-Sub-Consultant with the provisions of this clause 7 will not be treated as a waiver of any breach on the part of the Constructor giving rise to the right of termination nor otherwise prevent the Sub-Sub-Consultant from exercising its rights after the expiration of the notice issued

2. **SKILL AND CARE**

2.1 The Constructor undertakes with and warrants to the Beneficiary that:

- 2.1.1 in carrying out and completing the Project, the Constructor has undertaken and will undertake the same in a good and workmanlike manner, using only materials which are new (unless the Construction Contract states otherwise or as otherwise agreed with the Client in writing), and are sound and of good quality which are consistent with the intended use of the Project as stated in the contract or reasonably to be inferred given the nature of the Project;
- 2.1.2 in providing any services that are ancillary or otherwise related to the Project under or in connection with the Construction Contract (including in relation to the design of the Project and in respect of the preparation of any reports, summaries, recommendations and/or any other analogous deliverable in relation to the Project) it has exercised and will exercise all of the reasonable skill, care, diligence and prudence to be expected of an appropriately qualified, skilled, competent and experienced professional (and, in the context of the design of the Project, professional designer) experienced in the carrying out of such activities for projects of a similar size, scope, value, character and complexity to the Project;

been named as the Client under the Construction Contract. If a claim is brought against the Constructor by the Beneficiary, the Constructor may rely on any defence or limitation available to it under the terms of the Construction Contract, save that the Constructor may not raise by way of defence or set-off or abatement or to bring any counterclaim in respect of any monies due to it under or in connection with the Construction Contract. The Constructor may not plead a "no-loss" defence, including one based on an argument that since the Client under the Construction Contract has not suffered a loss then the Beneficiary is not entitled to recover a loss it has suffered or that the Beneficiary's loss is irrecoverable because it would not be foreseeable that the Client under the Construction Contract would suffer such a loss.

3. COPYRIGHT

- 3.1 The Constructor grants to the Beneficiary and its nominees with full title guarantee an irrevocable, royalty-free, worldwide and non-exclusive licence in perpetuity to use, copy and reproduce the Materials for any purpose whatsoever, including in relation to the Project and (but without limitation) the design, construction, completion, operation, extension, maintenance, letting, management, sale, advertisement, alteration, reinstatement and repair of any part of the Project, with this licence including a licence to grant sub-licences and to transfer the same to third parties.

- 3.5 The waiver referred to in paragraph 3.4 is made in favour of the Beneficiary and shall extend to the Beneficiary's sub-licensees, assignees and successors in title in accordance with this Schedule.

4. INDEMNITY INSURANCE

- 4.1 The Constructor shall maintain professional indemnity insurance covering (inter alia) its potential liability under this Schedule in the event that it breaches this Schedule upon market norm terms and conditions prevailing for the time being in the insurance market, and with reputable insurers lawfully carrying on such insurance business in the United Kingdom, in an amount of not less than the PII Indemnity Amount until the End of Liability Date, provided always that such insurance is available at commercially affordable rates and on terms such that members of the Constructor's profession generally carry such insurance ("**Reasonable Rates and Terms**").

- 6.2 Despite any other provision of this Schedule the Constructor shall not be entitled to contend that any person to whom this Schedule is assigned in accordance with paragraph 6.1 (an "**Assignee**") is precluded from recovering under this Schedule any loss incurred by such Assignee resulting from any breach of this Schedule (whenever happening), by reason that such person is an assignee and not the original named party to this Schedule.
- 6.3 The Constructor may not defend any claim brought by the Beneficiary or an Assignee on the basis of a no loss argument whether based on the logic that the Beneficiary or an Assignee has not suffered a recoverable loss because the Client has not suffered that loss or because the Client would not suffer a similar loss because of its different interest in the completed Project compared to the interest of the Beneficiary or Assignee and/or if assigned that the original Beneficiary has not suffered such loss because it has parted with its interest in the Project or otherwise.

7. **STEP-IN RIGHTS**

This paragraph 7 shall apply in favour of the Beneficiary referred to in a Third Party Rights Notice where it is stated in that Third Party Rights Notice as so applying and in that case shall have effect according to its terms, but otherwise shall be of no effect.
--

- 7.1 The Constructor shall not exercise nor seek to exercise any right of termination of its employment under the Construction Contract or discontinue the performance of the Construction Contract for any reason whatsoever (including any breach on the part of the Client) without giving not less than twenty-one (21) days' written notice of its intention to do so to the Beneficiary and specifying the grounds for the proposed termination or discontinuance.
- 7.2 Any period stipulated in the Construction Contract for the exercise of a right of termination by the Constructor of its employment under the Construction Contract or to discontinue the performance of the Construction Contract shall, nevertheless, be extended as may be necessary to take account of the period of notice required under paragraph 7.1.

- 7.3 The right of the Constructor to terminate its employment under the Construction Contract or to discontinue the performance of the Construction Contract shall cease within the period of twenty-one (21) days referred to in paragraph 7.1 if the Beneficiary shall give notice to the Constructor:
- 7.3.1 requiring the Constructor to continue its obligations under the Construction Contract with the Beneficiary or its nominee;
 - 7.3.2 acknowledging that the Beneficiary or its nominee will assume all the obligations of the Client under the Construction Contract; and
 - 7.3.3 undertaking that the Beneficiary or its nominee will discharge all payments which may subsequently become due to the Constructor under the terms of the Construction Contract and will pay to the Constructor any sums which have been due and payable to it under the Construction Contract but which remain unpaid.
- 7.4 Upon service by the Beneficiary or its nominee of a notice complying with the requirements of paragraph 7.3 the Construction Contract will continue in full force and effect as if the same had been entered into between the Constructor and the Beneficiary to the exclusion of the Client.
- 7.5 Compliance by the Constructor with the provisions of this paragraph 7 will not be treated as a waiver of any breach on the part of the Client giving rise to the right of termination nor otherwise prevent the Constructor from exercising its rights after the expiration of the notice issued pursuant to paragraph 7.1 unless the rights of termination have ceased under the provisions of paragraph 7.3.
- 7.6 This paragraph 7 shall cease to have effect upon the prior exercise by any third person of any similar rights of substitution contained in any other agreement concerning the Project and entered into between the Constructor and such person at the request of the Client.
- 7.7 By acting in accordance with this paragraph 7, the Constructor shall not incur any liability to the Client.

2.1 The Sub-Constructor undertakes with and warrants to the Beneficiary that:

- 2.1.1 in carrying out and completing the Subcontract Works, the Sub-Constructor has delivered and will deliver such Subcontract Works in a good and workmanlike manner, using only materials which are new (unless the contract states otherwise or as otherwise agreed with the Constructor in writing), and are sound and of good quality which are consistent with the intended use of the Project or reasonably to be inferred given the nature of the Project;
- 2.1.2 in providing any services that are ancillary or otherwise related to the Subcontract Works under or in connection with the Subcontract (including in relation to the design of the Subcontract Works and in respect of the preparation of any reports, summaries, recommendations and/or any other analogous deliverable in relation to the Subcontract Works) it has exercised and will exercise all of the reasonable skill, care, diligence and prudence to be expected of an appropriately qualified, skilled, competent and experienced professional (and, in the context of the design of the Subcontract Works, professional designer) experienced in the carrying out of such activities for projects of a similar size, scope, value, character and complexity to the Project;
- 2.1.3 the Sub-Constructor has exercised and will continue to exercise the standard of skill and care referred to in paragraph 2.1.2 to ensure that it has not and shall not specify, authorise, cause or allow to be used in the Project and/or in the provision of the Subcontract Works any products or materials which:
 - (a) do not conform with British or European Standards (where appropriate) or industry codes of practice (or where no such standard exists do not conform with a British Board of Agrément Certificate);
 - (b) are generally known in the construction industry to be deleterious, in the particular circumstances in which they are specified for use, to health and safety and/or the durability of buildings or structures;
 - (c) do not comply with the guidance set out in the publication "Good Practice in the Selection of Construction Materials 2011" published by the British Council of Offices and/or
 - (d) are specifically prohibited by the Subcontract and/or the Construction Contract; and
- 2.1.4 it has carried out and will continue to carry out the duties and obligations on its part to be performed under the Subcontract in accordance with the Subcontract.

- 2.2 The Sub-Constructor shall have no greater liability to the Beneficiary, and shall owe to the Beneficiary no greater a standard of duty under this Schedule than would have been owed if the Beneficiary had been named as the Constructor under the Subcontract. If a claim is brought against the Sub-Constructor by the Beneficiary, the Sub-Constructor may rely on any defence or limitation available to it under the terms of the Subcontract, save that the Sub-Constructor may not raise by way of defence or set-off or abatement or bring any counterclaim in respect of any monies due to it under or in connection with the Subcontract. The Sub-Constructor may not plead a "no-loss" defence, including one based on an argument that since the Constructor under the Subcontract has not suffered a loss then the Beneficiary is not entitled to recover a loss it has suffered or that the Beneficiary's loss is irrecoverable because it would not be foreseeable that the Constructor under the Subcontract would suffer such a loss.

3. COPYRIGHT

- 3.1 The Sub-Constructor grants to the Beneficiary and its nominees with full title guarantee an irrevocable, royalty-free, worldwide and non-exclusive licence in perpetuity to use, copy and reproduce the Materials for any purpose whatsoever, including in relation to the Subcontract Works and/or the Project and (but without limitation) the design, construction, completion, operation, extension, maintenance, letting, management, sale, advertisement, alteration, reinstatement and repair of any part of the same, with this licence including a licence to grant sub-licences and to transfer the same to third parties.
- 3.2 The Sub-Constructor shall not be liable for any such use by the Beneficiary or its nominees of any Materials for any purpose other than that for which the same were prepared by the Sub-Constructor.
- 3.3 The Beneficiary shall on written request, be entitled to be supplied by the Sub-Constructor with electronic copies of any Materials at no cost to the Beneficiary.
- 3.4 The Sub-Constructor unconditionally and irrevocably waives (and shall ensure that any sub-contractors waive), in respect of the Materials, all moral rights to which the Sub-Constructor (or any relevant sub-contractors) may now or at any future time be entitled under the Copyright, Designs and Patents Act 1988 as amended from time to time or under any other applicable laws.
- 3.5 The waiver referred to in paragraph 3.4 is made in favour of the Beneficiary and shall extend to the Beneficiary's sub-licensees, assignees and successors in title in accordance with this Schedule.
- 3.6 The Sub-Constructor warrants that:
- 3.6.1 the Materials (save to the extent that duly authorised sub-contractors have been used to prepare the same) are the Sub-Constructor's own original work and that in any event their use in connection with the Subcontract Works and/or the Project will not infringe the rights of any third party; and
- 3.6.2 where duly authorised sub-contractors are used their work will be original and that the Sub-Constructor will obtain the necessary consents in relation to paragraph 3.1.

4. INDEMNITY INSURANCE

- 4.1 The Sub-Constructor shall maintain professional indemnity insurance covering (inter alia) its potential liability under this Schedule in the event that it breaches this Schedule for the given insurance policy year upon market norm terms and conditions prevailing for the time being in the insurance market, and with reputable insurers lawfully carrying on such insurance business in the United Kingdom, in an amount of not less than the PII Indemnity Amount until the End of Liability Date, provided always that such insurance is available at commercially affordable rates and on terms such that members of the Sub-Constructor's profession generally carry such insurance ("**Reasonable Rates and Terms**").
- 4.2 Any increased or additional premium required by insurers by reason of the Sub-Constructor's own claims record or other acts, omissions, matters or things particular to the Sub-Constructor shall be deemed to be within Reasonable Rates and Terms.

- 4.3 The Sub-Constructor shall immediately inform the Beneficiary if such insurance ceases to be available upon Reasonable Rates and Terms in order that the Sub-Constructor and the Beneficiary can discuss means of best protecting their respective positions in respect of the Subcontract Works and the wider Project in the absence of such insurance.
- 4.4 The Sub-Constructor shall co-operate fully with any measures reasonably required by the Beneficiary, including (without limitation) completing any proposals for insurance and associated documents, maintaining such insurance at rates above Reasonable Rates and Terms if the Beneficiary undertakes in writing to reimburse the Sub-Constructor in respect of the net cost of such insurance to the Sub-Constructor above Reasonable Rates and Terms.
- 4.5 As and when reasonably requested to do so by the Beneficiary the Sub-Constructor shall produce for inspection documentary evidence that its professional indemnity insurance is being maintained.
- 4.6 The above obligations in respect of professional indemnity insurance shall continue notwithstanding termination of the Subcontract for any reason whatsoever, including (without limitation) breach by the Constructor.

5. **LIABILITY PERIOD**

It is agreed that the period of limitations (in respect of which the Beneficiary and the Sub-Constructor hereby waive all and any rights whether already existing, arising now and/or in the future to raise as a defence to any claim brought under this Schedule, the Limitation Act 1980 and any statute, regulation or similar amending, consolidating and/or replacing that Act) applicable to any claim or claims arising out of or in connection with this Schedule shall expire on the End of Liability Date

6. **ASSIGNMENT**

- 6.1 The Sub-Constructor consents to the benefit of this Schedule being assigned two (2) times only provided always that the maximum number of two (2) assignments referred to above shall not be affected by assignments or charges by way of security and their release or assignments to and from subsidiary or other associated companies within the same group of companies as the Beneficiary so long as such assignee company remains within the same group of companies as the Beneficiary.
- 6.2 Despite any other provision of this Schedule the Sub-Constructor shall not be entitled to contend that any person to whom this Schedule is assigned in accordance with paragraph 6.1 (an "**Assignee**") is precluded from recovering under this Schedule any loss incurred by such Assignee resulting from any breach of this Schedule (whenever happening), by reason that such person is an assignee and not the original named party to this Schedule.
- 6.3 The Sub-Constructor may not defend any claim brought by the Beneficiary or an Assignee on the basis of a no loss argument whether based on the logic that the Beneficiary or an Assignee has not suffered a recoverable loss because:

6.3.1 (where the Beneficiary is not the Client) the Client; or

6.3.2 the Constructor,

has not suffered that loss or because (where the Beneficiary is not the Client) the Client or Constructor would not suffer a similar loss because of their (or its, as the context requires) different interest(s) in the completed Project compared to the interest of the Beneficiary or Assignee and/or if assigned that the original Beneficiary has not suffered such loss because it has parted with its interest in the Project or otherwise.

7. **STEP-IN RIGHTS**

<p>This paragraph 7 shall apply in favour of the Beneficiary referred to in a Third Party Rights Notice where it is stated in that Third Party Rights Notice as so applying and in that case shall have effect according to its terms, but otherwise shall be of no effect</p>
--

- 7.1 The Sub-Constructor shall not exercise nor seek to exercise any right of termination of its employment under the Subcontract or discontinue the performance of the Subcontract for any reason whatsoever (including any breach on the part of the Constructor) without giving not less than twenty-one (21) days' written notice of its intention to do so to the Beneficiary and specifying the grounds for the proposed termination or discontinuance.
- 7.2 Any period stipulated in the Subcontract for the exercise of a right of termination by the Sub-Constructor of its employment under the Subcontract or to discontinue the performance of the Subcontract shall, nevertheless, be extended as may be necessary to take account of the period of notice required under paragraph 7.1.
- 7.3 The right of the Sub-Constructor to terminate its employment under the Subcontract or to discontinue the performance of the Subcontract shall cease within the period of twenty-one (21) days referred to in paragraph 7.1 if the Beneficiary shall give notice to the Sub-Constructor:
- 7.3.1 requiring the Sub-Constructor to continue its obligations under the Subcontract with the Beneficiary or its nominee;
 - 7.3.2 acknowledging that the Beneficiary or its nominee will assume all the obligations of the Constructor under the Subcontract; and
 - 7.3.3 undertaking that the Beneficiary or its nominee will discharge all payments which may subsequently become due to the Sub-Constructor under the terms of the Subcontract and will pay to the Sub-Constructor any sums which have been due and payable to it under the Subcontract but which remain unpaid.
- 7.4 Upon service by the Beneficiary or its nominee of a notice complying with the requirements of paragraph 7.3 the Subcontract will continue in full force and effect as if the same had been entered into between the Sub-Constructor and the Beneficiary to the exclusion of the Constructor.
- 7.5 Compliance by the Sub-Constructor with the provisions of this paragraph 7 will not be treated as a waiver of any breach on the part of the Constructor giving rise to the right of termination nor otherwise prevent the Sub-Constructor from exercising its rights after the expiration of the notice issued pursuant to paragraph 7.1 unless the rights of termination have ceased under the provisions of paragraph 7.3.
- 7.6 This paragraph 7 shall cease to have effect upon the prior exercise by any third person of any similar rights of substitution contained in any other agreement concerning the Project and entered into between the Sub-Constructor and such person at the request of the Constructor.
- 7.7 By acting in accordance with this paragraph 7, the Sub-Constructor shall not incur any liability to the Constructor.

8. **NOTICES**

Any notice to be given under this Schedule shall be in writing and shall be deemed to be duly given if it is delivered to the addressee's address as specified in the Third Party Rights Notice (or its registered office from time to time, if different). Notices shall be delivered by hand delivery, pre-paid registered or recorded delivery mail. Notices shall be deemed to have been delivered or received in the case of (a) hand delivery, on the date of delivery; and (b) pre-paid registered or recorded delivery mail, two (2) days after the notice is posted, excluding Saturdays, Sundays and statutory holidays.

9. **EXTRANEOUS RIGHTS**

- 9.1 This Schedule shall not negate or diminish any duty or liability otherwise owed by the Sub-Constructor to the Beneficiary.

9.2 No approval or inspection of the Subcontract Works and/or of any designs or specifications and no testing of any work or materials by or on behalf of the Beneficiary and no omission to inspect or test shall negate or diminish any duty or liability of the Sub-Constructor arising under this Schedule.

9.3 Any term of this Schedule, the benefit of which is expressly or purportedly conferred upon the Beneficiary (or any Assignee) pursuant to and in accordance with this Schedule may be enforced by such Beneficiary pursuant to The Contracts (Rights of Third Parties) Act 1999. Subject as aforesaid, this Schedule is not intended to confer any rights on any other third party pursuant to The Contracts (Rights of Third Parties) Act 1999.

10. **GOVERNING LAW**

If a claim is brought against the Sub-Consultant by the Beneficiary, the Sub-Consultant may rely on any defence or limitation available to it under the terms of the Appointment, save that the Sub-Consultant may not raise by way of defence or set-off or abatement or bring any counterclaim in respect of any monies due to it under or in connection with the Appointment. The Sub-Consultant may not plead a "no-loss" defence, including one based on an argument that since the Constructor under the Appointment has not suffered a loss then the Beneficiary is not entitled to recover a loss it has suffered or that the Beneficiary's loss is

irrecoverable because it would not be foreseeable that the Constructor under the Appointment would suffer such a loss.

3. COPYRIGHT

- 3.1 The Sub-Consultant grants to the Beneficiary and its nominees with full title guarantee an irrevocable, royalty-free, worldwide and non-exclusive licence in perpetuity to use, copy and reproduce the Materials for any purpose whatsoever, including in relation to the Project and (but without limitation) the design, construction, completion, operation, extension, maintenance, letting, management, sale, advertisement, alteration, reinstatement and repair of any part of the same, with this licence including a licence to grant sub-licences and to transfer the same to third parties.

4. INDEMNITY INSURANCE

6.2 Despite any other provision of this Schedule the Sub-Consultant shall not be entitled to contend that any person to whom this Schedule is assigned in accordance with paragraph 6.1 (an "**Assignee**") is precluded from recovering under this Schedule any loss incurred by such Assignee resulting from any breach of this Schedule (whenever happening), by reason that such person is an assignee and not the original named party to this Schedule.

6.3 The Sub-Consultant may not defend any claim brought by the Beneficiary or an Assignee on the basis of a no loss argument whether based on the logic that the Beneficiary or an Assignee has not suffered a recoverable loss because:

6.3.1 (where the Beneficiary is not the Client) the Client; or

6.3.2 the Constructor,

has not suffered that loss or because (where the Beneficiary is not the Client) the Client or Constructor would not suffer a similar loss because of their (or its, as the context requires) different interest(s) in the completed Project compared to the interest of the Beneficiary or Assignee and/or if assigned that the original Beneficiary has not suffered such loss because it has parted with its interest in the Project or otherwise.

7. **STEP-IN RIGHTS**

This paragraph 7 shall apply in favour of the Beneficiary referred to in a Third Party Rights Notice where it is stated in that Third Party Rights Notice as so applying and in that case shall have effect according to its terms, but otherwise shall be of no effect

- 7.2 Any period stipulated in the Appointment for the exercise of a right of termination by the Sub-Consultant of its employment under the Appointment or to discontinue the performance of the Appointment shall, nevertheless, be extended as may be necessary to take account of the period of notice required under paragraph 7.1.
- 7.3 The right of the Sub-Consultant to terminate its employment under the Appointment or to discontinue the performance of the Appointment shall cease within the period of twenty-one (21) days referred to in paragraph 7.1 if the Beneficiary shall give notice to the Sub-Consultant:
- 7.3.1 requiring the Sub-Consultant to continue its obligations under the Appointment with the Beneficiary or its nominee;
 - 7.3.2 acknowledging that the Beneficiary or its nominee will assume all the obligations of the Constructor under the Appointment; and
 - 7.3.3 undertaking that the Beneficiary or its nominee will discharge all payments which may subsequently become due to the Sub-Consultant under the terms of the Appointment and will pay to the Sub-Consultant any sums which have been due and payable to it under the Appointment but which remain unpaid.
- 7.4 Upon service by the Beneficiary or its nominee of a notice complying with the requirements of paragraph 7.3 the Appointment will continue in full force and effect as if the same had been entered into between the Sub-Consultant and the Beneficiary to the exclusion of the Constructor.
- 7.5 Compliance by the Sub-Consultant with the provisions of this paragraph 7 will not be treated as a waiver of any breach on the part of the Constructor giving rise to the right of termination nor otherwise prevent the Sub-Consultant from exercising its rights after the expiration of the notice issued pursuant to paragraph 7.1 unless the rights of termination have ceased under the provisions of paragraph 7.3.
- 7.6 This paragraph 7 shall cease to have effect upon the prior exercise by any third person of any similar rights of substitution contained in any other agreement concerning the Project and entered into between the Sub-Consultant and such person at the request of the Constructor.

2.1 The Sub-Sub-Constructor undertakes with and warrants to the Beneficiary that:

- 2.1.1 in carrying out and completing the Sub-Subcontract Works, the Sub-Sub-Constructor has delivered and will deliver such Sub-Subcontract Works in a good and workmanlike manner, using only materials which are new (unless the contract states otherwise or as otherwise agreed with the Sub-Constructor in writing), and are sound and of good quality which are consistent with the intended use of the Project or reasonably to be inferred given the nature of the Project;

- 2.2 The Sub-Sub-Constructor shall have no greater liability to the Beneficiary, and shall owe to the Beneficiary no greater a standard of duty under this Schedule than would have been owed if the Beneficiary had been named as the Sub-Constructor under the Sub-Subcontract. If a claim is brought against the Sub-Sub-Constructor by the Beneficiary, the Sub-Sub-Constructor may rely on any defence or limitation available to it under the terms of the Sub-Subcontract, save that the Sub-Sub-Constructor may not raise by way of defence or set-off or abatement or to bring any counterclaim in respect of any monies due to it under or in connection with the Sub-Subcontract. The Sub-Sub-Constructor may not plead a "no-loss" defence, including one based on an argument that since the Sub-Constructor under the Sub-Subcontract has not suffered a loss then the Beneficiary is not entitled to recover a loss it has suffered or that the Beneficiary's loss is irrecoverable because it would not be foreseeable that the Sub-Constructor under the Sub-Subcontract would suffer such a loss.

3. COPYRIGHT

- 3.1 The Sub-Sub-Constructor grants to the Beneficiary and its nominees with full title guarantee an irrevocable, royalty-free, worldwide and non-exclusive licence in perpetuity to use, copy and reproduce the Materials for any purpose whatsoever, including in relation to the Sub-Subcontract Works and/or the Project and (but without limitation) the design, construction, completion, operation, extension, maintenance, letting, management, sale, advertisement, alteration, reinstatement and repair of any part of the same, with this licence including a licence to grant sub-licences and to transfer the same to third parties.

- 3.5 This waiver is made in favour of the Beneficiary and shall extend to the Beneficiary's sub-licensees, assignees and successors in title in accordance with this Schedule.
- 3.6 The Sub-Sub-Constructor warrants that:
- 3.6.1 the Materials (save to the extent that duly authorised sub-contractors have been used to prepare the same) are the Sub-Sub-Constructor's own original work and that in any event their use in connection with the Sub-Subcontract Works and/or the Project will not infringe the rights of any third party; and
- 3.6.2 where duly authorised sub-contractors are used their work will be original and that the Sub-Sub-Constructor will obtain the necessary consents in relation to paragraph 3.1.

4. INDEMNITY INSURANCE

- 4.1 The Sub-Sub-Constructor shall maintain professional indemnity insurance covering (inter alia) its potential liability under this Schedule for the given insurance policy year in the event that it breaches this Schedule upon market norm terms and conditions prevailing for the time being in the insurance market, and with reputable insurers lawfully carrying on such insurance business in the United Kingdom, in an amount of not less than the PII Indemnity Amount until the End of Liability Date, provided always that such insurance is available at commercially affordable rates and on terms such that members of the Sub-Sub-Constructor's profession generally carry such insurance ("**Reasonable Rates and Terms**").

- 4.2 Any increased or additional premium required by insurers by reason of the Sub-Sub-Constructor's own claims record or other acts, omissions, matters or things particular to the Sub-Sub-Constructor shall be deemed to be within Reasonable Rates and Terms.
- 4.3 The Sub-Sub-Constructor shall immediately inform the Beneficiary if such insurance ceases to be available upon Reasonable Rates and Terms in order that the Sub-Sub-Constructor and the Beneficiary can discuss means of best protecting their respective positions in respect of the Sub-Subcontract Works and the wider Project in the absence of such insurance.
- 4.4 The Sub-Sub-Constructor shall co-operate fully with any measures reasonably required by the Beneficiary, including (without limitation) completing any proposals for insurance and associated documents, maintaining such insurance at rates above Reasonable Rates and Terms if the Beneficiary undertakes in writing to reimburse the Sub-Sub-Constructor in respect of the net cost of such insurance to the Sub-Sub-Constructor above Reasonable Rates and Terms.
- 4.5 As and when reasonably requested to do so by the Beneficiary the Sub-Sub-Constructor shall produce for inspection documentary evidence that its professional indemnity insurance is being maintained.
- 4.6 The above obligations in respect of professional indemnity insurance shall continue notwithstanding termination of the Sub-Subcontract for any reason whatsoever, including (without limitation) breach by the Constructor.

6. **ASSIGNMENT**

- 6.1 The Sub-Sub-Constructor consents to the benefit of this Schedule being assigned two (2) times only provided always that the maximum number of two (2) assignments referred to above shall not be affected by assignments or charges by way of security and their release or assignments to and from subsidiary or other associated companies within the same group of companies as the Beneficiary so long as such assignee company remains within the same group of companies as the Beneficiary.
- 6.2 Despite any other provision of this Schedule the Sub-Sub-Constructor shall not be entitled to contend that any person to whom this Schedule is assigned in accordance with paragraph 6.1 (an "**Assignee**") is precluded from recovering under this Schedule any loss incurred by such assignee resulting from any breach of this Schedule (whenever happening), by reason that such person is an assignee and not the original named party to this Schedule.
- 6.3 The Sub-Sub-Constructor may not defend any claim brought by the Beneficiary or an Assignee on the basis of a no loss argument whether based on the logic that the Beneficiary or an Assignee has not suffered a recoverable loss because:
- 6.3.1 (where the Beneficiary is not the Client) the Client;
 - 6.3.2 the Constructor; or
 - 6.3.3 the Sub-Constructor,

has not suffered that loss or because (where the Beneficiary is not the Client) the Client, the Constructor or the Sub-Constructor would not suffer a similar loss because of their (or its, as the context requires) different interest(s) in the completed Project compared to the interest of the

Beneficiary or Assignee and/or if assigned that the original Beneficiary has not suffered such loss because it has parted with its interest in the Project or otherwise.

7. STEP-IN RIGHTS

This paragraph 7 shall apply in favour of the Beneficiary referred to in a Third Party Rights Notice where it is stated in that Third Party Rights Notice as so applying and in that case shall have effect according to its terms, but otherwise shall be of no effect

- 7.1 The Sub-Sub-Constructor shall not exercise nor seek to exercise any right of termination of its employment under the Sub-Subcontract or discontinue the performance of the Sub-Subcontract for any reason whatsoever (including any breach on the part of the Sub-Constructor) without giving not less than twenty-one (21) days' written notice of its intention to do so to the Beneficiary and specifying the grounds for the proposed termination or discontinuance.
- 7.2 Any period stipulated in the Sub-Subcontract for the exercise of a right of termination by the Sub-Sub-Constructor of its employment under the Sub-Subcontract or to discontinue the performance of the Sub-Subcontract shall, nevertheless, be extended as may be necessary to take account of the period of notice required under paragraph 7.1.
- 7.3 The right of the Sub-Sub-Constructor to terminate its employment under the Sub-Subcontract or to discontinue the performance of the Sub-Subcontract shall cease within the period of twenty-one (21) days referred to in paragraph 7.1 if the Beneficiary shall give notice to the Sub-Sub-Constructor:
- 7.3.1 requiring the Sub-Sub-Constructor to continue its obligations under the Sub-Subcontract with the Beneficiary or its nominee;
 - 7.3.2 acknowledging that the Beneficiary or its nominee will assume all the obligations of the Sub-Constructor under the Sub-Subcontract; and
 - 7.3.3 undertaking that the Beneficiary or its nominee will discharge all payments which may subsequently become due to the Sub-Sub-Constructor under the terms of the Sub-Subcontract and will pay to the Sub-Sub-Constructor any sums which have been due and payable to it under the Sub-Subcontract but which remain unpaid.
- 7.4 Upon service by the Beneficiary or its nominee of a notice complying with the requirements of paragraph 7.3 the Sub-Subcontract will continue in full force and effect as if the same had been entered into between the Sub-Sub-Constructor and the Beneficiary to the exclusion of the Sub-Constructor.
- 7.5 Compliance by the Sub-Sub-Constructor with the provisions of this paragraph 7 will not be treated as a waiver of any breach on the part of the Sub-Constructor giving rise to the right of termination nor otherwise prevent the Sub-Sub-Constructor from exercising its rights after the expiration of the notice issued pursuant to paragraph 7.1 unless the rights of termination have ceased under the provisions of paragraph 7.3.
- 7.6 This paragraph 7 shall cease to have effect upon the prior exercise by any third person of any similar rights of substitution contained in any other agreement concerning the Project and entered into between the Sub-Sub-Constructor and such person at the request of the Sub-Constructor.
- 7.7 By acting in accordance with this paragraph 7, the Sub-Sub-Constructor shall not incur any liability to the Sub-Constructor.

- 4.2 Any increased or additional premium required by insurers by reason of the Sub-Sub-Consultant's own claims record or other acts, omissions, matters or things particular to the Sub-Sub-Consultant shall be deemed to be within Reasonable Rates and Terms.
- 4.3 The Sub-Sub-Consultant shall immediately inform the Beneficiary if such insurance ceases to be available upon Reasonable Rates and Terms in order that the Sub-Sub-Consultant and the Beneficiary can discuss means of best protecting their respective positions in respect of the Appointment and the wider Project in the absence of such insurance.
- 4.4 The Sub-Sub-Consultant shall co-operate fully with any measures reasonably required by the Beneficiary, including (without limitation) completing any proposals for insurance and associated documents, maintaining such insurance at rates above Reasonable Rates and Terms if the Beneficiary undertakes in writing to reimburse the Sub-Sub-Consultant in respect of the net cost of such insurance to the Sub-Sub-Consultant above Reasonable Rates and Terms.

- 4.5 As and when reasonably requested to do so by the Beneficiary the Sub-Sub-Consultant shall produce for inspection documentary evidence that its professional indemnity insurance is being maintained.
- 4.6 The above obligations in respect of professional indemnity insurance shall continue notwithstanding termination of the Appointment for any reason whatsoever, including (without limitation) breach by the Constructor.

5. **LIABILITY PERIOD**

It is agreed that the period of limitations (in respect of which the Beneficiary and the Sub-Sub-Consultant hereby waive all and any rights whether already existing, arising now and/or in the future to raise as a defence to any claim brought under this Schedule, the Limitation Act 1980 and any statute, regulation or similar amending, consolidating and/or replacing that Act) applicable to any claim or claims arising out of or in connection with this Schedule shall expire on the End of Liability Date.

6. **ASSIGNMENT**

- 6.1 The Sub-Sub-Consultant consents to the benefit of this Schedule being assigned two (2) times only provided always that the maximum number of two (2) assignments referred to above shall not be affected by assignments or charges by way of security and their release or assignments to and from subsidiary or other associated companies within the same group of companies as the Beneficiary so long as such assignee company remains within the same group of companies as the Beneficiary.
- 6.2 Despite any other provision of this Schedule the Sub-Sub-Consultant shall not be entitled to contend that any person to whom this Schedule is assigned in accordance with paragraph 6.1 (an "Assignee") is precluded from recovering under this Schedule any loss incurred by such Assignee resulting from any breach of this Schedule (whenever happening), by reason that such person is an assignee and not the original named party to this Schedule.
- 6.3 The Sub-Sub-Consultant may not defend any claim brought by the Beneficiary or an Assignee on the basis of a no loss argument whether based on the logic that the Beneficiary or an Assignee has not suffered a recoverable loss because:

6.3.1 (where the Beneficiary is not the Client) the Client; or

6.3.2 the Constructor,

has not suffered that loss or because (where the Beneficiary is not the Client) the Client or Constructor would not suffer a similar loss because of their (or its, as the context requires) different interest(s) in the completed Project compared to the interest of the Beneficiary or Assignee and/or if assigned that the original Beneficiary has not suffered such loss because it has parted with its interest in the Project or otherwise.

7. **STEP-IN RIGHTS**

This paragraph 7 shall apply in favour of the Beneficiary referred to in a Third Party Rights Notice where it is stated in that Third Party Rights Notice as so applying and in that case shall have effect according to its terms, but otherwise shall be of no effect

- 7.1 The Sub-Sub-Consultant shall not exercise nor seek to exercise any right of termination of its employment under the Appointment or discontinue the performance of the Appointment for any reason whatsoever (including any breach on the part of the Constructor) without giving not less than twenty-one (21) days' written notice of its intention to do so to the Beneficiary and specifying the grounds for the proposed termination or discontinuance.
- 7.2 Any period stipulated in the Appointment for the exercise of a right of termination by the Sub-Sub-Consultant of its employment under the Appointment or to discontinue the performance of the Appointment shall, nevertheless, be extended as may be necessary to take account of the period of notice required under paragraph 7.1.

- 7.3 The right of the Sub-Sub-Consultant to terminate its employment under the Appointment or to discontinue the performance of the Appointment shall cease within the period of twenty-one (21) days referred to in paragraph 7.1 if the Beneficiary shall give notice to the Sub-Sub-Consultant:
- 7.3.1 requiring the Sub-Sub-Consultant to continue its obligations under the Appointment with the Beneficiary or its nominee;
 - 7.3.2 acknowledging that the Beneficiary or its nominee will assume all the obligations of the Constructor under the Appointment; and
 - 7.3.3 undertaking that the Beneficiary or its nominee will discharge all payments which may subsequently become due to the Sub-Sub-Consultant under the terms of the Appointment and will pay to the Sub-Sub-Consultant any sums which have been due and payable to it under the Appointment but which remain unpaid.
- 7.4 Upon service by the Beneficiary or its nominee of a notice complying with the requirements of paragraph 7.3 the Appointment will continue in full force and effect as if the same had been entered into between the Sub-Sub-Consultant and the Beneficiary to the exclusion of the Constructor.
- 7.5 Compliance by the Sub-Sub-Consultant with the provisions of this paragraph 7 will not be treated as a waiver of any breach on the part of the Constructor giving rise to the right of termination nor otherwise prevent the Sub-Sub-Consultant from exercising its rights after the expiration of the notice issued pursuant to paragraph 7.1 unless the rights of termination have ceased under the provisions of paragraph 7.3.
- 7.6 This paragraph 7 shall cease to have effect upon the prior exercise by any third person of any similar rights of substitution contained in any other agreement concerning the Project and entered into between the Sub-Sub-Consultant and such person at the request of the Constructor.
- 7.7 By acting in accordance with this paragraph 7, the Sub-Sub-Consultant shall not incur any liability to the Constructor.

8. **NOTICES**

Any notice to be given under this Schedule shall be in writing and shall be deemed to be duly given if it is delivered to the addressee's address as specified in the Third Party Rights Notice (or its registered office from time to time, if different). Notices shall be delivered by hand delivery, pre-paid registered or recorded delivery mail. Notices shall be deemed to have been delivered or received in the case of (a) hand delivery, on the date of delivery; and (b) pre-paid registered or recorded delivery mail, two (2) days after the notice is posted, excluding Saturdays, Sundays and statutory holidays.

9. **EXTRANEOUS RIGHTS**

- 9.1 This Schedule shall not negate or diminish any duty or liability otherwise owed by the Sub-Sub-Consultant to the Beneficiary.
- 9.2 No approval or inspection of the Sub-Sub-Consultant Services and/or of any designs or specifications and no testing of any work or materials by or on behalf of the Beneficiary and no omission to inspect or test shall negate or diminish any duty or liability of the Sub-Sub-Consultant arising under this Schedule.
- 9.3 Any term of this Schedule, the benefit of which is expressly or purportedly conferred upon the Beneficiary (or any Assignee) pursuant to and in accordance with this Schedule may be enforced by such Beneficiary pursuant to The Contracts (Rights of Third Parties) Act 1999. Subject as aforesaid, this Schedule is not intended to confer any rights on any other third party pursuant to The Contracts (Rights of Third Parties) Act 1999.

5.1 Each Constructor shall ensure that any systems, including the ICT Environment, on which Information Assets and Authority Data are stored and/or processed are certified as compliant with:

- 5.1.1 ISO/IEC 27001:2013 or equivalent by a UKAS approved certification body or are included within the scope of an existing certification of compliance with ISO/IEC 27001:2013 or equivalent unless otherwise approved; and

- 5.1.2 the Government's "Cyber Essentials Scheme" at the "BASIC" level unless otherwise agreed with the Authority and shall provide the Authority with evidence;
- 5.1.3 of certification before the Constructor accessed the ICT Environment and receives, stores, processes or manages any Authority Data; and
- 5.1.4 that such certification remains valid and is kept up to date while the Constructor (as applicable) continues to access the ICT Environment and receives, stores, processes or manages any Authority Data during the Term.

5.2 Each Constructor shall ensure that it:

- 5.2.1 carries out any secure destruction of Information Assets and/or Authority Data at Constructor sites which are included within the scope of an existing certificate of compliance with ISO/IEC 27001:2013 or equivalent unless otherwise approved; and
- 5.2.2 is certified as compliant with the CESG "Assured Service (CAS) Service Requirement Sanitisation" standard or equivalent unless otherwise approved and the Constructor shall provide the Authority with evidence of its compliance with the requirements set out in this paragraph 5.2 before the Constructor may carry out the secure destruction of any Information Assets and/or Authority Data.

5.3 Each Constructor shall notify the Authority as soon as reasonably practicable and, in any event within two (2) Business Days, if the Constructor ceases to be compliant with the certification requirements in paragraph 5.1 and, on request from the Authority, shall:

- 5.3.1 immediately cease access to and use of Information Assets and/or Authority Data; and
- 5.3.2 promptly return, destroy and/or erase any Authority Data in accordance with the Baseline Security Requirements

and failure to comply with this obligation is a material default under this Framework Agreement.

6. SECURITY TESTING

6.1 Each Constructor shall, at its own cost, carry out relevant Security Tests from the Effective Date and throughout its engagement under this Framework Agreement and any Call-Off Contract, which shall include:

- 6.1.1 a monthly vulnerability scan and assessment of the Constructor ICT System and any other system under the control of the Constructor on which Information Assets and/or Authority Data are held;
- 6.1.2 an annual IT Health Check by an independent "CHECK" qualified company of the Constructor ICT System and any other system under the control of the Constructor on which Information Assets and/or Authority Data are held and any additional IT Health Checks required by the Authority and/or any accreditor;
- 6.1.3 an assessment as soon as reasonably practicable following receipt by the Constructor of a critical vulnerability alert from a provider of any software or other component of the Constructor ICT System and/or any other system under the control of the Constructor on which Information Assets and/or Authority Data are held; and

6.4 On each anniversary of the Effective Date, each Constructor shall provide to the Authority a letter from the individual appointed or identified in accordance with paragraph 1.4 of this Schedule 7 confirming that having made due and careful enquiry:

- 6.4.1 the Constructor has in the previous year carried out all Security Tests in accordance with this Schedule 7 and has complied with all procedures in relation to security matters required under this Framework Agreement and each Call-Off Contract; and
- 6.4.2 the Constructor is confident that its security and risk mitigation procedures in relation to Information Assets and Authority Data remain effective.

7. SECURITY AUDITS AND COMPLIANCE

7.1 The Authority and its authorised representatives may carry out security audits as it reasonably considers necessary in order to ensure that the ISMS is compliant with the principles and practices of ISO 27001: 2013 or equivalent (unless otherwise approved), the requirements of this Schedule 7 and the Baseline Security Requirements.

7.2 If ISO/IEC 27001: 2013 certification or equivalent is provided, the ISMS shall be audited independently in accordance with ISO/IEC 27001: 2013 or equivalent. The Authority and its authorised representatives shall, where applicable, be granted access to a Constructor's premises and Sub-constructor premises for this purpose.

7.3 If, on the basis of evidence resulting from such audits, it is the Authority's reasonable opinion that a Constructor's ISMS is not compliant with any applicable principles and practices of ISO/IEC 27001: 2013 or equivalent, the requirements of this Schedule 7 and/or the Baseline Security Requirements is not being achieved by a Constructor, the Authority shall notify such Constructor of this and provide a reasonable period of time (having regard to the extent and criticality of any non-compliance and any other relevant circumstances) for the Constructor to implement any necessary remedy. If the

applicable Constructor does not ensure that the ISMS is compliant within this period of time, the Authority may obtain an independent audit of the ISMS to assess compliance (in whole or in part).

- 7.4 If, as a result of any such independent audit as described in paragraph 7.3 a Constructor is found to be non-compliant with any applicable principles and practices of ISO/IEC 27001:2013 or equivalent, the requirements of this Schedule 7 and/or the Baseline Security Requirements the Constructor shall, at its own cost, undertake those actions that are required in order to ensure that the ISMS is compliant and shall reimburse the Authority in full in respect of the costs obtaining such an audit.

8. **SECURITY RISKS AND BREACHES**

- 8.1 Each Constructor shall use its reasonable endeavours to prevent any Breach of Security for any reason, including as a result of malicious, accidental or inadvertent behaviour.

- 8.2 If a Constructor becomes aware of a Breach of Security or an attempted Breach of Security it shall act in accordance with the agreed security incident management processes and incident response plans as set out in its ISMS.

- 8.3 Without prejudice to the security incident management processes and incident response plans set out in the ISMS (and any requirements to report incidents in accordance with Prison Service Instruction 24/2014 if applicable) upon becoming aware of any Breach of Security or attempted Breach of Security, each Constructor shall:

- 8.3.1 immediately notify the Authority and take all reasonable steps (which shall include any action or changes reasonably required by the Authority) that are necessary to:

- (a) minimise the extent of actual or potential harm caused by any Breach of Security;
- (b) remedy any Breach of Security to the extent that is possible and protect the integrity of the ICT Environment (to the extent that this is within its control) and ISMS against any such Breach of Security or attempted Breach of Security;
- (c) mitigate against a Breach of Security or attempted Breach of Security; and
- (d) prevent a further Breach of Security or attempted Breach of Security in the future resulting from the same root cause failure;

- 8.3.2 provide to the Authority and/or the Computer Emergency Response Team for UK Government or equivalent any data that is requested relating to the Breach of Security or attempted Breach of Security within two (2) Business Days of such request; and

- 8.3.3 as soon as reasonably practicable and, in any event, within two (2) Business Days following the Breach of Security or attempted Breach of Security, provide to the Authority full details (using the reporting mechanism defined by the ISMS) of the Breach of Security or attempted Breach of Security, including a root cause analysis if required by the Authority and the Constructor recognises that the Authority may report significant actual or potential losses of Personal Data to the Information Commissioner or equivalent and to the Cabinet Office.

- 8.4 If any action is taken by a Constructor in response to a Breach of Security or attempted Breach of Security which occurred as a result of non-compliance of the ISMS with any ISO/IEC 27001: 2013 requirements or equivalent (as applicable), the Baseline Security Requirements and/or the requirements of this Schedule 7, any such action and change to the ISMS and/or Security Plan as a result shall be implemented at the Constructor's cost.

9. **SUB-CONTRACTS**

- 9.1 Each Constructor shall ensure that all sub-contracts with Constructor Related Parties who have access to Information Assets and/or Authority Data contain equivalent provisions in relation to information assurance and security that are no less onerous than those imposed on the Constructor under this Framework Agreement.

SCHEDULE 7 – INFORMATION AND SECURITY OBLIGATIONS

ANNEX 1

1. SECURITY CLASSIFICATIONS AND CONTROLS

- 1.1 The Constructor shall, unless otherwise approved in accordance with the provisions of this Annex 1, only have access to and handle Information Assets and Authority Data that are classified under the "Government Security Classifications Policy" as **"OFFICIAL"**.
- 1.2 There may be a specific requirement for the Constructor in some instances on a limited "need to know basis" to have access to and handle Information Assets and Authority Data that are classified as **"OFFICIAL-SENSITIVE"**.
- 1.3 The Constructor shall apply the minimum security controls required for OFFICIAL information and OFFICIAL-SENSITIVE information as described in Cabinet Office guidance, currently at:
- https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/251480/Government-Security-Classifications-April-2014.pdf.
- 1.4 The Constructor shall be able to demonstrate to the Authority and any accreditor that it has taken into account the "Technical Controls Summary" for OFFICIAL (in the above guidance) in designing and implementing the security controls in the Constructor ICT System, which shall be subject to assurance and accreditation to Government standards.
- 1.5 Additional controls may be required by the Authority and any accreditor where there are aspects of data aggregation.

2. END USER DEVICES

- 2.1 Authority Data shall, wherever possible, be held and accessed on paper or in the ICT Environment on secure premises and not on removable media (including laptops, removable discs, CD-ROMs, USB memory sticks, PDAs and media card formats) without approval. If approval is sought to hold and access data by other means, the Constructor shall consider the second-best option and third best option below and record the reasons why a particular approach should be adopted when seeking approval:
- 2.1.1 second best option means: secure remote access so that data can be viewed or amended over the internet without being permanently stored on the remote device, using products meeting the FIPS 140-2 standard or equivalent, unless approved; and
- 2.1.2 third best option means: secure transfer of Authority Data to a remote device at a secure site on which it will be permanently stored, in which case the Authority Data and any links to it shall be protected at least to the FIPS 140-2 standard or equivalent, unless otherwise approved, and noting that protectively marked Authority Data must not be stored on privately owned devices unless they are protected in this way.
- 2.2 The right to transfer Authority Data to a remote device should be carefully considered and strictly limited to ensure that it is only provided where absolutely necessary and shall be subject to monitoring by each Constructor and the Authority.
- 2.3 Unless otherwise approved, when Authority Data resides on a mobile, removable or physically uncontrolled device, it shall be:
- 2.3.1 the minimum amount that is necessary to achieve the intended purpose and should be anonymised if possible;
- 2.3.2 stored in an encrypted form meeting the FIPS 140-2 standard or equivalent and using a product or system component which has been formally assured through a recognised certification process of CESG to at least Foundation Grade, for example, under the CESG Commercial Product Assurance scheme ("CPA") or equivalent, unless otherwise approved;

- 2.3.3 protected by an authentication mechanism, such as a password; and
- 2.3.4 have up to date software patches, Anti-Virus Software and other applicable security controls to meet the requirements of this Schedule 7.
- 2.4 Devices used to access or manage Authority Data shall be under the management authority of the relevant Constructor and have a minimum set of security policy configurations enforced. Unless otherwise approved, all Constructor devices shall satisfy the security requirements set out in the CESG End User Devices Platform Security Guidance ("CESG Guidance") (<https://www.gov.uk/government/collections/end-user-devices-security-guidance--2>) or equivalent.
- 2.5 Where the CESG Guidance highlights shortcomings in a particular platform the Constructor may wish to use, then these should be discussed with the Authority and a joint decision shall be taken on whether the residual risks are acceptable. If a Constructor wishes to deviate from the CESG Guidance, this should be agreed in writing with the Authority on a case by case basis.
3. **DATA STORAGE, PROCESSING, MANAGEMENT, TRANSFER AND DESTRUCTION**
- 3.1 The Parties recognise the need for Authority Data to be safeguarded and for compliance with the Data Protection Law. To that end, each Constructor shall inform the Authority the location within the United Kingdom where Authority Data is stored, processed and managed. The import and export of Authority Data from the Constructor System must be strictly controlled and recorded.
- 3.2 Each Constructor shall inform the Authority of any changes to the location within the United Kingdom where Authority Data is stored, processed and managed and shall not transmit, store, process or manage Authority Data outside of the United Kingdom without Approval which shall not be unreasonably withheld or delayed provided that the transmission, storage, processing and management of Authority Data offshore is within:
- 3.2.1 the European Economic Area ("EEA"); or
- 3.2.2 another country or territory outside the EEA if that country or territory ensures an adequate level of protection by reason of its domestic law or of the international commitments it has entered into which have been defined as adequate by the European Commission.
- 3.3 Each Constructor System shall support the requirement of the Authority to comply with Government policy and Cabinet Office guidance on offshoring, currently set out at:
- <https://ogsirooffshoring.zendesk.com/hc/en-us/articles/203107991-HMG-sOffshoring-Policy>
- by assessing, as required, any additional security risks associated with the storage, processing and/or transmission of any data and/or information offshore, including by an offshore Constructor (which may include the use of "landed resources"), taking account of European Union requirements to confirm the "adequacy" of protection of Personal Data in the countries where storage, processing and/or transmission occurs. No element of a Constructor ICT System may be off-shored without approval.
- 3.4 Each Constructor shall ensure that its Constructor ICT System provides internal processing controls between security domains to prevent the unauthorised high domain exporting of Authority Data to the low domain if there is a requirement to pass data between different security domains.
- 3.5 Each Constructor shall ensure that any electronic transfer of Authority Data:
- 3.5.1 protects the confidentiality of the Authority during transfer through encryption suitable for the impact level of the data;
- 3.5.2 maintains the integrity of the Authority Data during both transfer and loading into the receiving system through suitable technical controls for the impact level of the data; and
- 3.5.3 prevents the repudiation of receipt through accounting and auditing.

3.6 Each Constructor shall:

- 3.6.1 protect Authority Data, including sensitive Personal Data, whose release or loss could cause harm or distress to individuals and ensure that this is handled as if it were confidential while it is stored and/or processed;
- 3.6.2 ensure that any OFFICIAL-SENSITIVE information, including sensitive Personal Data is encrypted in transit and when at rest when stored away from the Constructor's controlled environment;
- 3.6.3 on demand, provide the Authority with all Authority Data in an agreed open format;
- 3.6.4 have documented processes to guarantee availability of Authority Data if it ceases to trade;
- 3.6.5 securely destroy all media that has held Authority Data at the end of life of that media in accordance with any requirements in the Contract and, in the absence of any such requirements, in accordance with Good Industry Practice;
- 3.6.6 securely erase any or all Authority Data held by the Constructor when requested to do so by the Authority;
- 3.6.7 ensure that all material used for storage of Confidential Information is subject controlled disposal and the Constructor shall:
 - (a) destroy paper records containing protected Personal Data by incineration, pulping or shredding so that reconstruction is unlikely; and
 - (b) dispose of electronic media that has been used for the processing or storage of protected Personal Data through secure destruction, overwriting, erasure or degaussing for re-use.

4. **NETWORKING**

- 4.1 Any Authority Data transmitted over any public network (including the Internet, mobile networks or un-protected enterprise network) or to a mobile device shall be encrypted using a product or system component which has been formally assured through a certification process recognised by CESG, to at least Foundation Grade, for example, under CPA or through the use of Public Sector Network ("PSN") compliant encrypted networking services or equivalent unless none are available in which case the Constructor shall agree the solution with the Authority.
- 4.2 The Authority requires that the configuration and use of all networking equipment in relation to the provision of the Services, including equipment that is located in secure physical locations, is at least compliant with Good Industry Practice.
- 4.3 Each Constructor shall ensure that the ICT Environment (to the extent this is within the control of the Constructor) contains controls to maintain separation between the PSN and internet connections if used.

5. **SECURITY ARCHITECTURES**

- 5.1 When designing and configuring the ICT Environment (to the extent that this is within the control of the Constructor) each Constructor shall follow Good Industry Practice and seek guidance from recognised security professionals with the appropriate skills and/or those with a CESG "Certified Professional" certification (<http://www.cesg.gov.uk/awarenesstraining/IA-certification/Pages/index.aspx>) or equivalent for all bespoke or complex components.
- 5.2 Each Constructor shall provide to the Authority and any accreditor sufficient design documentation detailing the security architecture of the ICT Environment and data transfer mechanism to support the Authority's and any accreditor's assurance that this is appropriate, secure and compliant with the Authority's requirements.

- 5.3 Each Constructor shall apply the 'principle of least privilege' (the practice of limiting systems, processes and user access to the minimum possible level) to the design and configuration of the ICT Environment used for the storage, processing and management of Authority Data. Users should only be granted the minimum necessary permissions to access Information Assets and Authority Data and must be automatically logged out of the Constructor ICT System if an account or session is inactive for more than 15 minutes.

6. **DIGITAL CONTINUITY**

Each Constructor shall ensure that each Information Asset is held in an appropriate format that is capable of being updated from time to time to enable the Information Asset to be retrieved, accessed, used and transferred to the Authority, including in accordance with any information handling procedures set out in PSI 24/2014 (Information Assurance) if applicable.

7. **PERSONNEL VETTING AND SECURITY**

- 7.1 All Staff shall be subject to pre-employment checks that include, as a minimum, their employment history for at least the last three (3) years, identity, unspent criminal convictions and right to work (including nationality and immigration status) and shall be vetted in accordance with:

7.1.1 the BPSS or BS7858 or equivalent; and

7.1.2 Prison Service Instruction 07/2014, if applicable, based on their level of access to Information Assets and/or Authority Data.

- 7.2 If the Authority agrees that it is necessary for any Staff to have logical or physical access to Information Assets and/or Authority Data classified at a higher level than OFFICIAL (such as that requiring "SC" clearance), a Constructor shall obtain the specific government clearances that are required for access to such Information Assets and/or Authority Data.

- 7.3 Each Constructor shall prevent Staff who are unable to obtain the required security clearances from accessing Information Assets and/or Authority Data and/or the ICT Environment used to store, process and/or manage such Information Assets or Authority Data.

- 7.4 Each Constructor shall procure that all its staff (and that of its subcontractors and agents) comply with the Security Policy Framework and principles, obligations and policy priorities stated therein, including requirements to manage and report all security risks in relation to the provision of the Works Packages.

- 7.5 Each Constructor shall ensure that its staff (and that of its subcontractors and agents) who can access Information Assets and/or Authority Data and/or the ICT Environment are aware of their responsibilities when handling such information and data and undergo regular training on secure information management principles. Unless otherwise approved, this training must be undertaken annually.

- 7.6 If a Constructor grants its staff (and that of its subcontractors and agents) access to Information Assets and/or Authority Data, those individuals shall be granted only such levels of access and permissions that are necessary for them to carry out their duties. Once such staff no longer require such levels of access or permissions or leave the organisation, their access rights shall be changed or revoked (as applicable) within one (1) Business Day.

8. **IDENTITY, AUTHENTICATION AND ACCESS CONTROL**

- 8.1 Each Constructor shall operate a robust role-based access control regime, including network controls, to ensure all users and administrators of and those maintaining the ICT Environment are uniquely identified and authenticated when accessing or administering the ICT Environment to prevent unauthorised users from gaining access to Information Assets and/or Authority Data. Applying the 'principle of least privilege', users and administrators and those responsible for maintenance shall be allowed access only to those parts of the ICT Environment they require. Each Constructor shall retain an audit record of accesses and users and disclose this to the Authority upon request.

- 8.2 Each Constructor shall ensure that its staff (and that of its subcontractors and agents) who use the Authority ICT Systems actively confirm annually their acceptance of the Authority's acceptable use policy.

9. **PHYSICAL MEDIA**

- 9.1 Each Constructor shall ensure that:

- 9.1.1 all OFFICIAL information is afforded physical protection from internal, external and environmental threats commensurate with the value to the Authority of that information;
- 9.1.2 all physical components of the Constructor ICT System are kept in secure accommodation which conforms to the Security Policy Framework and CESG standards and guidance or equivalent;
- 9.1.3 all physical media holding OFFICIAL information is handled in accordance with the Security Policy Framework and CESG standards and guidance or equivalent; and
- 9.1.4 all Information Assets and Authority Data held on paper are:
 - (a) kept secure at all times, locked away when not in use on the premises on which they are held and secured and are segregated if the Constructor is co-locating with the Authority; and
 - (b) only transferred by an approved secure form of transfer with confirmation of receipt obtained.

10. **AUDIT AND MONITORING**

- 10.1 The Constructor shall implement effective monitoring of its information assurance and security obligations in accordance with Government standards and where appropriate, in accordance with CESG Good Practice Guide 13 – Protective Monitoring or equivalent.
- 10.2 The Constructor shall collect audit records which relate to security events in the ICT Environment (where this is within the control of the Constructor), including those that would support the analysis of potential and actual compromises. In order to facilitate effective monitoring and forensic readiness, such Constructor audit records shall include:
- 10.2.1 logs to facilitate the identification of the specific asset which makes every outbound request external to the ICT Environment (to the extent it is within the control of the Constructor). To the extent the design of the ICT Environment allows, such logs shall include those from DHCP servers, HTTP/HTTPS proxy servers, firewalls and routers;
 - 10.2.2 regular reports and alerts giving details of access by users of the ICT Environment (to the extent that it is within the control of the Constructor) to enable the identification of changing access trends, any unusual patterns of usage and/or accounts accessing higher than average amounts of Authority Data; and
 - 10.2.3 security events generated in the ICT Environment (to the extent it is within the control of the Constructor) including account logon and logoff events, start and end of remote access sessions, security alerts from desktops and server operating systems and security alerts from third party security software.
- 10.3 The Parties shall work together to establish any additional audit and monitoring requirements for the ICT Environment.
- 10.4 The Constructor shall retain audit records collected in compliance with paragraph 10.1 for at least six (6) months.

2. ACCESS TO PRISONS

- 2.1 If Staff are required to have a pass for admission to a Framework Works Site which is a prison, (a "**Prison**") the Authority shall, subject to satisfactory completion of approval procedures, arrange for passes to be issued. Any member of the Staff who cannot produce a proper pass when required to do so by any member of the Authority's personnel, or who contravenes any conditions on the basis of which a pass was issued, may be refused admission to a Prison or be required to leave a Prison if already there.
- 2.2 Staff shall promptly return any pass if at any time the Authority so requires or if the person to whom the pass was issued ceases to be involved in the performance of a relevant Works Package. The Constructors shall promptly return all passes on expiry or termination of a relevant Call-Off Contract.
