

# Annex A

## Specification / Scope of Requirement

### 1. INTRODUCTION

#### 1.1. BRIEF ISSUE

This brief is issued by the National Museum of the Royal Navy (NMRN Operations) in partnership with Mary Rose Trust (MRT) as joint operators of Portsmouth Historic Dockyard (PHD Operations) for the provision of PR and Media Relations Services. Our core goal in issuing this brief is obtain support that reaches above and beyond the capacity of our existing internal teams, engaging with media we may struggle to reach, or developing PR and media activities that stretch and inspire.

In addition to PHD, NMRN Operations seeks support for other areas of its operations and therefore wishes to establish a framework of call off contracts for a three-year period of service, with agencies bidding for 'Lots' of the work as detailed in the brief

#### 1.2. OVERVIEW

##### **The National Museum of the Royal Navy**

The National Museum of the Royal Navy was established in 2009. It tells the story of the four fighting forces of the British Royal Navy, the Royal Marines, the Fleet Air Arm, the Submarine Service and the Surface Fleet. The Museum Group includes the National Museum of the Royal Navy Portsmouth, the Fleet Air Arm Museum, the Royal Navy Submarine Museum with HMS Alliance, Explosion! The Museum of Naval Firepower, the Royal Marines Museum, HMS Victory, HMS Caroline, HMS M.33, HMS Warrior and National Museum of the Royal Navy Hartlepool (including HMS Trincomalee).

Geographically the sites NMRN's sites spread from Portsmouth and Gosport to Yeovilton in Somerset, Belfast in Northern Ireland to Hartlepool in the North East. Each site delivers a wide range of public programming including exhibitions, events, learning and outreach. The National Museum Collection is distributed across the sites.

##### **The Mary Rose Trust**

The Mary Rose Trust is responsible for the preservation, display and spreading knowledge about Henry VIII's 16th century warship The Mary Rose which sank in the Solent on 19 July 1545. The iconic ship was salvaged by the Trust in October 1982 whilst being watched by an audience of over 60 million people worldwide. The Mary Rose Trust runs the Mary Rose Museum in Portsmouth Historic Dockyard. Which in 2016 had a massive refurbishment allowing the public to get closer than ever to the historic ship and collection.

- There is nothing about the Mary Rose that you can see anywhere else *in the world*
- There's nowhere you can see as many authentic Tudor artefacts *in the world*
- There's been no bigger maritime archaeological mission ever *in the world*
- There's nowhere you can get as close to a living breathing Henry VIII *in the world*
- There's no visitor experience that rates higher on the South Coast

Portsmouth's Mary Rose was Built, Sailed, Defended, Sunk, Raised and Shared to the world in Portsmouth.

### **Portsmouth Historic Dockyard**

Portsmouth Historic Dockyard (PHD) is marketed and operated jointly by NMRN and MRT since August 2020 through PHD Operations through a newly introduced joint ticketing offer.

It is one of the UK's leading visitor attractions, based on the coast of Portsmouth and welcoming in excess of 850,000 visitors per year. It is the home to:

- The Mary Rose Museum – operated by MRT
- The National Museum of the Royal Navy – operated by NMRN
- HMS Victory – operated by NMRN
- HMS Warrior – operated by NMRN
- Action Stations – operated by NMRN
- Boathouse 4 – operated by Portsmouth Naval Base Property Trust
- HMS M.33 – operated by NMRN
- HMS Victory: The Nation's Flag Ship – operated by NMRN

In addition there is a Harbour Tours and Water Bus service (operated by a third party) which provides visitors with the opportunity to get on the water and also to reach Gosport where they can visit:

- The Royal Navy Submarine Museum and HMS Alliance - operated by NMRN
- Explosion Museum of Naval Firepower (at Gosport, accessible by a free waterbus from PHD) – operated by NMRN

PHD as a heritage attraction, sits within the, still active, Portsmouth Naval Base providing a direct connection between the history of Britain's maritime heritage and the workings of the modern Royal Navy – over 500 years of naval history in one place.

### **1.3. THE BRIEF**

NMRN Operations is looking to procure a series of media relations services that enables it to manage its strategic communication and media relations activity with ease and efficiency. These services span across various geographical sites and brands and touch on both consumer and corporate communications. One element of this support is jointly procured with the MRT as PHD Operations in support of PHD.

Our core goal in issuing this brief is obtain support that reaches above and beyond the capacity of our existing internal teams, engaging with media we may struggle to reach, or developing PR and media activities that stretch and inspire.

Due to the complexity of the requirements, we have decided to develop a supplier framework of call off contracts for a three-year period of service, with agencies bidding for 'Lots' of the work as detailed in the brief.

Vendors may bid to support different 'Lots' of activity across the offer in line with their own skills and specialisms and where they believe they are most able to add value. Each service will have indicative budgets set against it which will be reviewed over the course of the contract in line with strategic developments and areas of focus across the business.

Suppliers can bid for as many or as few slots as they wish, one supplier will be appointed for each Lot.

The Lots of work are as follows:

- **Lot 1** Corporate communications strategy and delivery for the NMRN
- **Lot 2** Consumer communication strategy and delivery for PHD Operations, including the offer at Gosport. With additional activity in support of placemaking and destination communications as part of the wider strategy for Portsmouth, Hampshire and the South East.
- **Lot 3** Consumer communication strategy and delivery for the NMRN's Fleet Air Arm Museum, Somerset
- **Lot 4** Consumer communication strategy and delivery for the NMRN Hartlepool
- **Lot 5** Consumer Communications strategy and delivery for HMS Caroline, Belfast
- **Lot 6** Project Communications support for *HMS Victory: The Big Repair*, a multimillion-pound conservation project

In each Lot we require reporting and evaluation of PR and media relations impact in line with an agreed NMRN/PHD format.

## 2. OUR AUDEINCES

### 2.1. OVERVIEW AUDEINCES

NMRN has worked with the research agency BRDC over a number of years to develop insight into its audiences and holds audience segmentation models for each of its sites. These can be made available upon request. A new Audience Development project kicked off in March 2023 and will be completed in summer 2023, the results will be made available for appointed vendors.

In 2020 as part of a wider business case in response to the Coronavirus Pandemic, NMRN created a Market Analysis for all of its sites, which provided an overview of NMRN audiences at its sites, an extract of this is detailed below. MRT has also collected data on its audiences which is also outlined below.

### 2.2. PRE COVID PHD AUDIENCES

All data relating to PHD is taken from a combination of NMRN data and MRT data as they were operating separately until August 2020.

Postcode mapping taken from a sample set of data from NMRN (Left) CRM database shows a strong representation of visitors originating from the south of the UK but also a good presence from the larger cities in the midlands. Visitors taper off further up north. Some of the top areas in which visitors originate from include Portsmouth, Southampton and Guilford, all within an hour away suggesting a high proportion of day tips. MRT data (right) echoes similar trends.

Together we define our target market as being the south coast diamond as illustrated left with an important secondary market of London, which remains in easy commutable reach of the Portsmouth and Gosport sites.

Research undertaken by the Audience Agency summarises the largest segments of the arts and culture participation market in the South East as being made up of the following:

**Commuterland Culture Buffs** (22%) –Affluent suburban and greenbelt consumers of culture as part of their social lives. Market size c1.6m.

**Dormitory Dependable** (21%) – Regular but not frequent cultural attenders living in city suburbs or small towns. Market size c1.5mK.

**Trips and Treats** (15%) –Suburban Households, often with children whose cultural activities are usually part of a day out or treat. Market size c1.1m.

Mapped against the Mosaic classifications these equate to the following three being the most prominent:

**B Prestige Positions** (14%) - Established families in large detached homes living upmarket lifestyles. Market size c1m.

**G Domestic Success** (13%) - Thriving families who are busy bringing up children and following careers. Market size c972K.

**H Aspiring Homemakers** (11%) – Younger households settling down in housing priced within their means. Market size c822K.

Specific research by the Audience Agency on PHD audience segments is outlined in the table below. This table also provides data on the representation of those segments in Portsmouth:

| Segment name  |  | PHD    |     | Portsmouth |
|---|--|--------|-----|------------|
|   |  | Count  | %   |            |
|  | <b>Metroculturals</b> - Prosperous, liberal, urbanites interested in a very wide cultural spectrum                     | 402    | 2%  | 1%         |
|  | <b>Commuterland Culturebuffs</b> - Affluent and professional consumers of culture                                      | 1,027  | 5%  | 3%         |
|  | <b>Experience Seekers</b> - Highly active, diverse, social and ambitious, engaging with arts on a regular basis        | 4,265  | 23% | 23%        |
|  | <b>Dormitory Dependables</b> - Suburban and small towns interest in heritage activities and mainstream arts            | 1,300  | 7%  | 4%         |
|  | <b>Trips &amp; Treats</b> - Mainstream arts and popular culture influenced by children, family and friends             | 6,182  | 33% | 29%        |
|  | <b>Home &amp; Heritage</b> - Rural areas and small town, day-time activities and historical events                     | 2,294  | 12% | 9%         |
|  | <b>Up Our Street</b> - Modest in habits and means, popular arts, entertainment and museums                             | 1,467  | 8%  | 11%        |
|  | <b>Facebook Families</b> - Younger suburban and semi-urban, live music, eating out and pantomime                       | 1,052  | 6%  | 9%         |
|  | <b>Kaleidoscope Creativity</b> - Mixed age, low level engagement, free local events, outdoor arts and festivals        | 473    | 3%  | 6%         |
|  | <b>Heydays</b> - Older, less engaged, crafts, knitting, painting, sheltered housing, church group or community library | 320    | 2%  | 4%         |
|   | Unclassified   | 235    | -   | 2,568      |
|   | Base   | 18,782 |     | 171,009    |

NMRN research with BDRC segmented the audience into seven groups as outlined below.

MRT has carried out research on Audience type using Acorn Type and is segmented below:

| Top 10 Acorn Type                   | Summer Index | Type Description  |
|-------------------------------------|--------------|---|
| 1.B.4 Asset rich families           | 267          | "Large houses... affluent professional families... savings and investments... social media for business contacts... financial research online... John Lewis and Waitrose..."  |
| 1.B.5 Wealthy countryside commuters | 240          | "Semi-rural areas... established neighbourhoods... commute by car... savings and investments... golf, gardening, walking, wine... practical use of new technology..."   |
| 1.A.3 Large house luxury            | 230          | "Detached houses... luxury cars... expensive holidays... focused online activity... significant savings and investments... golf, culture, wine..."  |
| 1.C.10 Better-off villagers         | 219          | "Villages and the edges of small towns... older couples and families... paid off mortgage... may actively manage their investments... occasional users of the internet... leisure pursuits such as wildlife, walking, and photography..." |
| 1.B.9 Well-off edge of towners      | 186          | "Larger detached houses... school age children... outskirts of towns and cities... online shopping... golf, exercise, wine, eating out, cinema or theatre..."   |
| 1.C.12 Retired and empty nesters    | 179          | "Aged over 55... incomes higher than average... detached houses or bungalows... savings accounts, cash ISAs and National Savings... spending power... prefer traditional shops... gardening, wildlife, or arts and crafts..."             |
| 1.B.8 Prosperous suburban families  | 179          | "Older families and empty nesters... professional or managerial jobs... high disposable income... mix of savings plans, unit trusts and ISAs... keep up with current affairs through the internet..."                                     |
| 2.E.18 Career driven young families | 160          | "Smaller detached or semi-detached houses... younger couples and families... mortgages... frequent internet users... download music and films..."   |
| 1.B.7 Affluent professionals        | 159          | "Higher priced apartments set amongst larger houses... professional or managerial... paying higher rate tax... internet generation... social networking may be business focused..."   |
| 2.D.14 Townhouse Cosmopolitans      | 154          | "Terraced houses... edge of towns... a broad mix of people... well educated... mortgages... practical use of the internet... prefer traditional channels..."  |

NMRN and MRT seek to increase its audiences with a specific focus on Trips and Treats, Dormitory Dependable and Experience Seekers from the Audience Agency model. Further Audience Development activity for the site is planned in the 2021/22 financial year the outcomes of which would be shared with the appointed agency.

### 2.3. NEW OPERATING MODEL AND BUYING BEHAVIOUR

PHD reopened after the first National Lockdown in August 2020 with a new joint ticketing offer between NMRN and MRT. The new structure was very successful despite an increase in price with the emphasis placed on a yield strategy rather than a volume strategy – helping us manage COVID capacity restrictions.

PHD has always had a strong proportion of returners (48% of visits) with tickets sold as Annual Passes to the site. This market although reduced has returned.

There has been a shift from 'Walk Up' purchases to Online with communications messaging pushing this as 'essential' in managing COVID safety requirements. This took online bookings from circa 38% of all bookings to circa 60%, although 2022 saw audiences revert back to pre Covid buying behaviour.

Domestic Tourism has driven much of the market, with holidays to Hampshire and Sussex driving daytrips to the site and local/regional audiences seeking out opportunities on their own doorsteps.

We reopened after the third national lockdown on 17 May and had buoyant Half Term and Summer school holiday period ensuring we reached our operating targets for the period.

Admission estimations for this financial year remain cautious to take into account the impact on consumer confidence caused by COVID and the reduction of key markets in particular Schools, Adult Groups and inbound tourism.

### 2.4. POST COVID AUDIENCES

When reviewing postcode data of audiences that have visited PHD since COVID we can see the following:

**PHD– Summer 2021**

**PHD Summer 2022**

In line with increases in domestic tourism, we can see the huge change in reach from across the country.

## 2.4. PRE COVID FAAM AUDIENCES

The Fleet Air Arm Museum (FAAM) is based in Yeovilton, Somerset.

Reviewing sample data from NMRN CRM database shows a far wider and denser spread of visitors to

FAAM. FAAM's reach is still heavily in the south but moving to larger visitor quantities in the midlands. Visitor percentage from Bath, Taunton and Southampton are consistently high with these areas being within approx. 1.5 hours' drive away.

This be accounted for based on the South West's strong Domestic Tourism offer, with visits from across the UK coming into the region for short break and staycations.

These make a large proportion of FAAM visits and account for a low returner rate (6%).

Taking a sample of data from the period of April 2019 – October 2019 shows that adult tickets make up 41% of the customer type, followed by 24% being family tickets and 22% senior tickets.

Research undertaken by the Audience Agency summarises the largest segments of the arts and culture participation market in the South West as being made up of the following:

**Trips and Treats** (21%) – Suburban Households, often with children whose cultural activities are usually part of a day out or treat. Market size c979K.

**Dormitory Dependables** (18%) – Regular but not frequent cultural attenders living in city suburbs or small towns. Market size c839K.

**Home and Heritage** (17%) – Conservative and mature households who have a love of the traditional. Market size c792K

The most prominent Mosaic classifications are:

**C Country Living** (14%) – Well-off owners in rural locations enjoying the benefits of country life. Market size c652K.

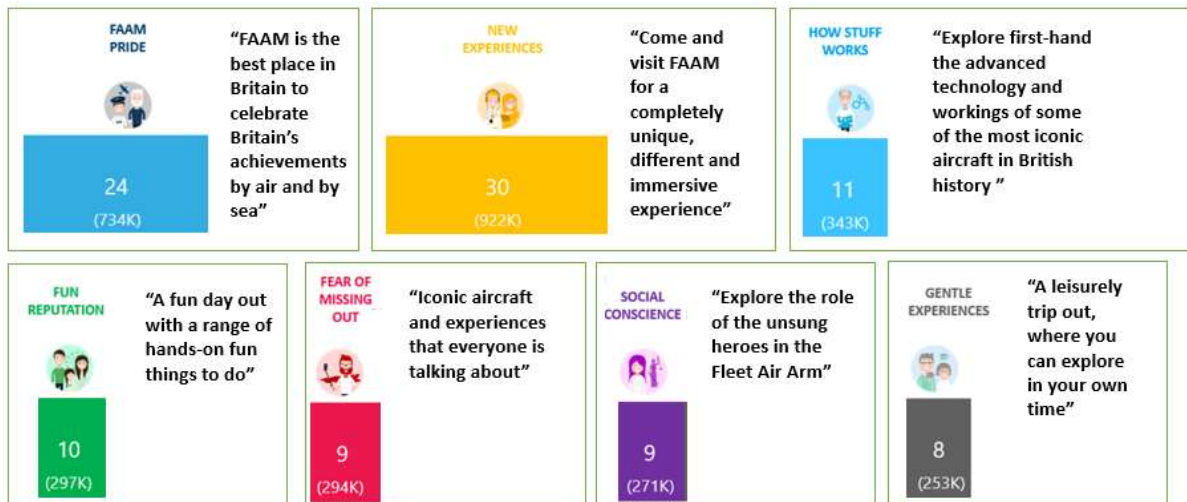

**H Aspiring Homemakers** (12%) – Younger households settling down in housing priced within their means. Market size c559K.

**D Rural Reality** (11%) – Household living in inexpensive homes in village communities. Market size c513K.

NMRN research with BDRC segmented the audience into seven groups as outlined below.

## 2.5. BUYING BEHAVIOUR

FAAM, was the first NMRN site to reopen, welcoming back visitors from the 14 August 2020. This was to try to capture the peak summer, domestic tourism trade which widely reported across the South West. Performance at FAAM exceeded expectations with some ticketed sessions booked out to capacity.

This demand for ticket availability took the proportion of online sales to over 90% on some days from a 45% average pre-COVID. Of all sites, FAAM has maintained its online sales best, although Walk Up has returned.

FAAM's market continues to be driven by the local Domestic Tourism trade, factoring in a visit to FAAM as part of their holiday in the area (particularly on a wet weather day). It was a poor performance this summer for FAAM despite investment in its central 'Carrier Experience' an interactive air craft carrier experience offer.

A reliance on domestic tourism in region, means FAAM has relatively low levels of engagement with its local market. A 2022-23 local loyalty offer has seen some improvement in this area and this has also supported a late surge in performance across the financial year.

Admission estimations for the coming financial year remain cautious to take into account the impact on consumer confidence caused by sot of living and the slow return of some key markets in particular Schools, Adult Groups and inbound tourism.

## 2.5. AUDIENCES 2021 AND 2022

When reviewing postcode data of audiences that have visited FAAM since COVID we can see the following:

**FAAM Summer 2021**

**FAAM Summer 2022**

The lack of red areas in 2022 represents a more even spread of domestic audiences coming into Somerset from across the whole of the UK. It also speaks to a challenge for NMRN to market to those audience ahead of a trip to the region.

## 2.6. PRE COVID NMRNH AUDIENCES

The National Museum of the Royal Navy Hartlepool (NMRNH) is based in Hartlepool Historic Quay, Tees Valley.

Reviewing sample data from NMRN CRM database shows a high concentration of visits from the local and regional area, with some hotspots from the midlands and North West.

NMRNH has high proportion of unique visitors but also a strong returner rate of 19%.

Taking a sample of data from the period of April 2019 – October 2019 from our ticketing system shows that the predominant audience tends to be made up of Adults and seniors totaling 61%, but the family audience has increased over the last few years, now sitting at approx. 28% from this sample.

Although local audiences seems to be the largest visitor group from looking at the postcode mapping, the returner rate only accounts for approx. 3% of total visits. This could indicate short staycations.

Taking a sample of data from the period of April 2019 – October 2019 from our ticketing portal shows that the predominant audience is made up quite evenly of families (34%) and adults (38%).

Research undertaken by the Audience Agency summarises the largest segments of the arts and culture participation market in the North East as being made up of the following:

**Trips and Treats** (21%) – Suburban Households, often with children whose cultural activities are usually part of a day out or treat. Market size c979K.

**Dormitory Dependables** (18%) – Regular but not frequent cultural attenders living in city suburbs or small towns. Market size c839K.

**Home and Heritage** (17%) – Conservative and mature households who have a love of the traditional. Market size c792K

The most prominent Mosaic classifications are:

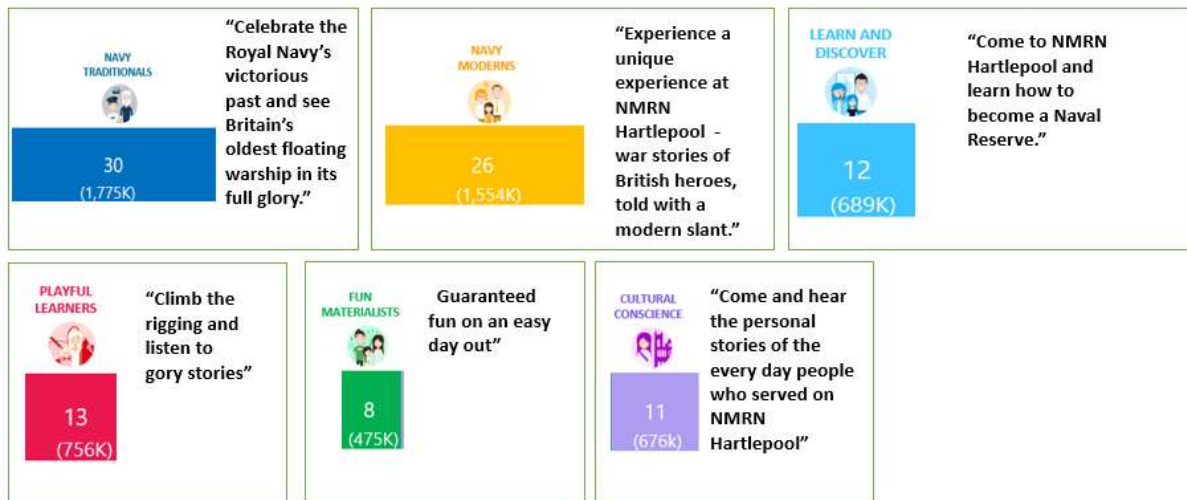

**C Country Living** (14%) – Well-off owners in rural locations enjoying the benefits of country life. Market size c652K.

**H Aspiring Homemakers** (12%) – Younger households settling down in housing priced within their means. Market size c559K.

**D Rural Reality** (11%) – Household living in inexpensive homes in village communities. Market size c513K.

NMRN research with BDRC segmented the audience into six groups as outlined below.

## 2.7. BUYING BEHAVIOUR

NMRNH was the last NMRN site to reopen, welcoming back visitors from the 4 September 2020. NMRNH has had the most volatile reopening period and less data exists about its reopening as a consequence. Only weeks after reopening COVID 19 cases began to rise in the area and it was subject to more restrictive measures, this undoubtedly had an impact on visits and consequently it was the only site to perform under budget.

Pre-COVID NMRNH had the highest percent of tickets purchased as walk ups's out of all of NMRN's sites. Only 16% of tickets have been booked online in the last FY, though this has increased over the last few years due to online barriers being removed.

Tourism to the local area is the least impactful of all of NMRN's sites with those travelling from further afield likely to be in the area to see family and friends.

Admission estimations for this coming financial year remain cautious to take into account the impact on consumer confidence caused by cost of living but Hartlepool's low ticket price and strong local and loyal market do shield it from some of the impact of that.

The last year of operation has seen NMRNH have one of its best performing years on records. Strong impact on local markets with high rates of return have been driven by the introduction of a new family friendly exhibition based on the Horrible Histories franchise.

## 2.8. AUDIENCES 2020 AND 2021

When reviewing postcode data of audiences that have visited NMRNH since COVID we can see the following:

**NMRNH Summer 2021**

**NMRNH Summer 2022**

## 2.8. PRE COVID HMSC AUDIENCES

HMS Caroline (HMSC) is located in the Titanic Quarter of Belfast, a 185 acre urban-waterfront regeneration projection and the site where RMS Titanic was designed and built. The Titanic quarter is based in central Belfast, and through its location is aligned to the wider tourism offer for Northern Ireland.

Reviewing sample data from NMRN CRM database shows a high concentration of visits from the local and regional area, with a large proportion from English and Scottish Cities, including London, Glasgow and Edinburgh.

This relates to Adult Group visits and domestic tourism trips from those areas with access to airports in which you can fly direct to Northern Ireland or get the ferry. The collapse of Flybe at the start of the COVID-19 outbreak y impacted on some of these visits as the routes available become restricted and more costly. This is an ever changing situation.

Audience Agency data is not available for Northern Ireland. NMRN research with BDRC segmented the audience into seven groups as outlined below.

## 2.7. BUYING BEHAVIOUR

NMRN was not able to reopen HMS Caroline since the COVID closure in March 2020 and therefore holds no data for this period and NMRN is currently unsure when it will reopen. She reopens formally in April 2023 with 'sneaky peak' weekends in March 2023.

Pre-COVID HMSC had a larger percent of WUP tickets compared to Web purchases (32%). NMRN research with BDRC segmented the audience into six groups as outlined above.

Our focus for reopening is the swiftly improving tourism market to Belfast, including the boom in the cruise industry. Weekend breaks to Belfast from Republic of Ireland and Mainland Britain continue to prosper and support plans for growth.

Local audiences are more limited, Caroline offers limitations in terms of repeat visit and the nature of the political climate in Northern Ireland means that she is divisive as an attraction.

### 3. DIGITAL ENGAGEMENT AND ONLINE AUDEINCES

#### 3.1. OVERVIEW DIGITAL

NMRN and MRT have a vast digital real estate. Both organisations have a central website which is the home of their corporate information but also acts as a driver for ticketing income. PHD also has a central website which is the main portal for processing ticket sales for the Portsmouth and Gosport sites and acts as a destination marketing platform. <https://www.historicdockyard.co.uk/index.php>

Both organisations also have a presence across social media with shared Twitter, Facebook and Instagram accounts for PHD.

Facebook <https://www.facebook.com/historicdockyard>

Twitter <https://twitter.com/PHDockyard>

Instagram <https://www.instagram.com/phdockyard/?hl=en>

Very little data is held on engagement with these accounts and as such the process for monitoring and evaluation has been reviewed. In October 2020 a Digital Marketing Agency was appointed jointly by NMRN and MRT to support these platforms and have been seeking to address the availability of data but it remains patchy.

The PHD website is being relaunched in April 2023 with improved functionality and user experience. This will formally position PHD as a destination and will seek to make the planning of a visit to not just PHD but Portsmouth as a whole – centred around a PHD visit, a much easier process.

#### 3.2. NMRN DIGITAL ENGAGEMENT

Historically NMRN has structured its digital content around commercial calls to actions. Whilst this targeting has aligned it to its commercial imperatives, it has resulted in poor engagement overall and as such NMRN's digital audiences have been largely dormant and little to no reporting has been in place.

Over the pandemic we took a more content marketing led approach to drive awareness of NMRN, engagement with the Museum and to support commercial and fundraising asks. This approach is designed to 'widen the pool' and increase opportunity for financial return.

NMRN launched a new website in June 2022, with additional elements rolling out across the year.. A summary of the NMRN digital real estate is provided below:

- NMRN central website <https://www.nmrn.org.uk/>
- FAAM Website (soon to be integrated) <https://www.fleetairarm.com/>
- HMS Victory Website <https://www.hms-victory.com/>
- NMRN Facebook <https://www.facebook.com/NatMuseumRN/>
- FAAM Facebook <https://www.facebook.com/FAAMuseum>
- NMRNH Facebook <https://www.facebook.com/NMRNHartlepool>
- HMS Caroline Facebook <https://www.facebook.com/hmscaroline>
- Explosion Museum of Royal Navy Firepower Facebook <https://www.facebook.com/explosionmuseum>
- Royal Navy Submarine Museum Facebook <https://www.facebook.com/RoyalNavySubmarineMuseum>
- Royal Marines Museum <https://www.facebook.com/RoyalMarinesMuseum>
- NMRN Twitter <https://twitter.com/NatMuseumRN>
- FAAM Twitter <https://twitter.com/FleetAirArmMus>

- NMRNH <https://twitter.com/HpoolQuay>
- HMS Caroline <https://twitter.com/HMSCaroline>
- Explosion Museum of Royal Navy Firepower Twitter <https://twitter.com/explosionmuseum>
- Royal Navy Submarine Museum <https://twitter.com/RNSubMuseum>
- The Royal Marines Museum <https://twitter.com/RoyalMarinesMus>
- NMRN Instagram <https://www.instagram.com/natmuseumrn/?hl=en>
- FAAM Instagram <https://www.instagram.com/fleetairarmmus/?hl=en>
- NMRNH Instagram <https://www.instagram.com/nmrn.hartlepool/?hl=en>
- Royal Navy Submarine Museum Instagram <https://www.instagram.com/royalnavysubmarinemuseum/?hl=en>
- NMRN Linked In <https://www.linkedin.com/company/the-national-museum-of-the-royal-navy/mycompany/>
- NMRN You Tube <https://www.youtube.com/user/NMRNPortsmouth>

NMRN has seen major developments in its digital offer over the COVID period as we sought to engage more audiences through our digital platforms.

Below is a summary of the gender and age demographics related to our NMRN.org digital audiences as per 2021, this is due for refresh this year, but shows larger proportions of male vs female audiences across all age ranges. The largest proportions of users are male 65+(12%) followed jointly by male 25-34 (11%) and male 45-54 (11%).

This is a shift from pre-CVODI levels when 42% of website visitors were male and 58% female and suggests our new content marketing initiative 'Navigate the Navy' via social media and focussing on core historical content and collections, may have driven more traditional enthusiasts through to the website.

Users by Age and Gender

The largest proportion of our audience defined by age is the 25-34 year olds who make up 20% of the total users. This would align to people likely to have young families and looking to visit our museums and attractions and who are likely to be visiting the site to plan a visit and/or support homework needs.

### 3.2. MRT DIGITAL ENGAGEMENT

The Mary Rose is active on many digital and social media channels. Our website is on an older platform but is well used and had lots of content visitors appreciated during lock down and to plan their visit. We would like to modernise the website in time. Some of our social media channels are more effective than others, details below relate to numbers in 2022 but growth has been seen since then.

|  |  |
|--|--|
| <p>Website</p> <p><a href="http://www.MaryRose.org">www.MaryRose.org</a></p>                                     | <p>The main website of the Mary Rose Trust, features information for both visitors and people with an interest in the ship. While the home (28%) ticket (19%) and 'Your Visit' (8%) pages get most of the traffic, The blog and news pages also do well when shared via social media.</p> <ul style="list-style-type: none"> <li>• Unique Page Views – 77k</li> <li>• Bounce Rate – &lt;50%</li> </ul>   |
| <p>Facebook</p> <p><a href="http://www.facebook.com/MaryRoseMuseum">www.facebook.com/MaryRoseMuseum</a></p>      | <p>This seems to be our best platform for advertising, plenty of parents and older adults use this platform. Our content does tend to be mostly adverts and "On This Day" stuff, needs a bit more fun to keep them interested.</p> <ul style="list-style-type: none"> <li>• Facebook Page reach - 111,065</li> <li>• Post reach Ave. – 1.8k</li> <li>• Facebook Page likes 17.7K</li> </ul>  |

## 4. BRAND AND MESSAGING

### 4.1. NMRN BRAND PORTFOLIO

The National Museum of the Royal Navy (NMRN) was created in 2008 by amalgamating four existing Naval museums. The Navy Board recognised that only a unified National Museum could tell the Naval Story at a national and international level. The pathway was to bring together into a single charity, on the grounds of efficiency and effectiveness, the four existing naval museums (each of them a national museum). Those museums were the Royal Naval Museum, the Royal Navy Submarine Museum, The Royal Marines Museum and the Fleet Air Arm Museum.

The prime objective was to tell the story of the Navy - and its continuing importance to the nation - more coherently and more effectively, as well as making efficiency gains.

The objects of the NMRN, also approved by the Navy Board and the Cabinet Office, are:

- The promotion of education and learning of Naval Service and Auxiliaries personnel and the members of the public about the history, deeds and traditions of the Naval Service and its Auxiliaries.
- The promotion and enhancement of military efficiency by assisting recruitment and retention and fostering the esprit de corps of the men and women who serve in the Naval Service or Auxiliaries; and
- The commemoration and remembrance of those members of the Naval Service and Auxiliaries who have died while on active service: and the encouragement of public recognition of the sacrifice made by such persons.

Since its establishment NMRN has gone on to grow and develop, adding a wider range of ships and attractions to its brand portfolio.

Now the NMRN encompasses six sites and eight major historic warships. Its flagship is HMS Victory, the ownership of which was transferred from the Royal Navy to the NMRN in 2012. The NMRN sites are:

- Portsmouth Historic Dockyard, although the NMRN does not own or control the Mary Rose or the Portsmouth Naval Base Property Trust which are separate independent charitable companies.
- The Royal Naval Submarine Museum, Gosport (RNSM). (considered part of the Portsmouth Historic Dockyard offer)
- Explosion! The Museum of Naval Firepower, Gosport. (considered part of the Portsmouth Historic Dockyard offer)
- The Fleet Air Arm Museum, Yeovilton (FAAM).
- The National Museum of the Royal Navy, Hartlepool (NMRNH).
- HMS Caroline, Belfast.

The NMRN Historic Fleet consists of:

- HMS Victory, battleship of 1759, Nelson's flagship at the Battle of Trafalgar.
- HMS Warrior, battleship of 1860, the ultimate deterrent of the mid-19th century.
- HMS M33, monitor of 1915, fought at Gallipoli in 1915 and against the Bolsheviks in 1919.
- HMS Alliance, World War 2 long range submarine.
- HMS Holland 1, the Royal Navy's first submarine built in 1901.

- HMS Trincomalee, Bombay-built frigate of 1817, the only surviving wooden warship built in that yard.
- HMS Caroline, Light Cruiser of 1914 the only surviving ship from the Battle of Jutland.
- LCT 7074, a Landing Craft (Tank) which took part in D-Day.

This is over half of all major historic warships preserved in the United Kingdom. The NMRN also has a collection of seven smaller but still very important naval vessels.

The NMRN also has a number of affiliates, organisations or assets which it does not control, but with which it works closely to promote the Royal Navy story. These include HMS Wellington, an Empires loop of 1924, in London; HMS Unicorn, a Leda Class frigate built in 1824, Dundee; the World War 2 Motor Launch Medusa, Portsmouth; The Diving Museum, Gosport; and the Milford Haven Museum.

#### **4.2. NMRN STRATEGIC PLAN**

In 2022 the trustees of the Museum in collaboration with the Executive developed a new strategic plan for NMRN developing beyond the first decade of its life and steering its direction out of the COVID 19 crisis.

This set the vision and mission as:

Vision - To be the world's most inspiring Naval Museum, Linking Navy to Nation.

Mission - Inspiring enjoyment and engagement with the continuing history and modern role of the Royal Navy and the Royal Navy's impact on shaping both our nation and the modern world.

This plan identifies the following strategic aims:

##### **1. Strategic Aim 1 Audiences**

- Strategic Objective 1.1 Grow and diversify our global audiences – nationally, on site and online
- Strategic Objective 1.2 Create innovative and inspirational experiences, services and products
- Strategic Objective 1.3 Build our brand and reputation as the authority on the Royal Navy story

##### **2. Collections**

- Strategic Objective 2.1 Sustain and develop our world-class collections and sites
- Strategic Objective 2.2 Explore different Royal Navy story perspectives with our diverse audiences
- Strategic Objective 2.3 Extend access to our collections and sites through digital transformation

##### **3. Sustainability**

- Strategic Objective 3.1 Grow our income and financial resilience to secure long-term sustainability
- Strategic Objective 3.2 Reduce our carbon consumption and transform our estate
- Strategic Objective 3.3 Build partnerships and influence

The strategy also recognised that none of this will be achieved without the skills, dedication and hard work of NMRN's people and therefore seeks to:

- Value and empower our people
- Are outward-facing, inclusive and audience-led
- Build a culture of innovation and enterprise
- Be sustainable in all that we do

This strategic plan is delivered through the implementation of a Corporate Plan, directed and delivered by the Executive.

#### 4.3. NMRN AUDIENCE DEVELOPMENT AND BRAND POSITIOING

In 2023 NMRN embarked on a major piece of audience development work seeking to understand its current audiences, its potential audiences and the wider awareness and engagement with our brand. This is due for completion in Summer 2023 and will inform the prioritisation decisions we make around audience development for each of our sites and for our corporate brand overall.

From this will fall a major piece of brand development work which will allow us to understand how best to position our brands to meet our Audience Development ambitions. The speed of growth of NMRN has not enables us to ensure the brand keeps up with the pace, leaving us with a portfolio of brand which are not consistent in visual identity or tone and do not speak as one.

#### 4.4.NMRN NARRATIVE

NMRN'S story is encompassed within its Master Narrative. This document intends to provide historic information, to assist with planning content and programming at our Museum sites, and to act as a starting point for separate Service and Site Narratives.

Master Narrative is a living document, which will evolve over time as the story of the Royal Navy continues to unfold, and new perspectives on its long and complex history are revealed.

We aim to tell this emotionally nuanced story with balance; it involves failure and disorder as well as triumph and achievement. In order to do this, we have selected four key themes:

- **People**  
We tell the story of the Royal Navy's people, explore the incredible diversity of people that the Navy has attracted, and examine the qualities that distinguish those serving at sea: courage, loyalty, and sacrifice but also incidents of ignorance, cruelty and cowardice.
- **Purpose**  
We tell the story of the Royal Navy's roles in the past and explain its purpose today.
- **Power**  
We tell the story of the Royal Navy's power as a defining influence.
- **Progress**  
We tell the story of the Royal Navy and innovation through constant technological developments in ship design, weapons, navigation, infra-structure and communications. Its success has always been defined by innovation both in the complex logistical operations which keep warships at sea, and in the warships and weaponry themselves.

In 2021 the NMRN Interpretation Strategy was approved, this concentrates on the big picture. It focuses on the wider act of interpretation; a statement of intent, highlighting high-level ideas around interpretation for NMRN. It lays out five key themes for NMRN interpretation:

- Sea, Land and in the Air
- Science, Technology, Innovation & Discovery
- Peace and conflict
- A Source of inspiration
- Places, communities and cultures

#### 4.5. MRT BRAND

The Mary Rose Trust's vision is to: *Establish the Mary Rose as a "Must Experience" British Icon, at the forefront of learning about Tudor Life, Maritime Archaeology and Applied Conservation Science.*

*Our brand position* must therefore be confident, international, and always worthy of esteem. It must never appear diffident, parochial, or trivial. This stature permits it to be positioned at the heart of family attractions, both worthwhile and entertaining. It must present an assurance of a 'must-see' attraction.

### **Our brand values are:**

- Spirit of Endeavour
- Authentic
- Emotionally intelligent
- Imaginative
- Bold
- Enthusiastic
- Where history has a heartbeat

#### **4.6. MRT NARRATIVE AND BRAND POSITIONING**

Public perception and understanding of the Mary Rose brand has developed in parallel with its more recent history – its discovery, its famous raising, the revelation of its treasures, and then the painstaking conservation process that followed. Only with the opening of the purpose-built museum in 2013 has the essence of all that it represents delivered today's unique visitor experience. The museum was designed to tell the stories of the ship and her crew, both emotionally and intellectually, and to give a unique first class visitor experience.

The Mary Rose captures one moment in time but its uniqueness is rooted in the nearness to that very moment that this provides for every visitor. This authentic blend of raw reality and emotional resonance defines the brand's distinction. It is only The Mary Rose where history has a heartbeat.

The Mary Rose continues to work with its collection to discover more about the ship, its crew and their objects. Team members regularly have their research published and university placement students are continually working with the skilled team to learn more.

The logo identity demonstrates the many aspects of this remarkable Tudor story. We now introduce a genuine brand property – the heartbeat – that captures the authenticity, both functional and emotional, that sets the Mary Rose brand apart.

The Mary Rose is an award-winning Trust – for visitor experience and scientific research. It is ranked in the Top 15 visitor attraction in the UK and aims to be leading the museum sector.

#### **4.7. PHD NARRATIVE AND BRAND POSITIONING**

In 2020, NMRN and MRT undertook a refresh of the destination brand for PHD. It defined the brand positioning as part of that process as outlined below:

PHD is an important destination brand which has the opportunity to engage with a wide range of audiences. A visit to PHD is one that should engage visitors intellectually, emotionally and socially as they seek to connect with their national and naval heritage through dynamic and unique experiences.

Families are an important part of our market, however the brand should stretch and flex to enable us to create thought-provoking and emotionally-engaging campaigns as well as fun ones.

As a destination brand, PHD also needs to appeal to the broader tourism market, both domestic and international. It should reflect the world class heritage on display but should avoid appearing triumphalist.

We want to ensure that we promote the historical importance of PHD on the world stage, how the site made history across the centuries and is truly the heart and soul of our sea faring nation.

#### **4.8. PHD PROPOSITION**

This year for the first time, PHD has developed a proposition campaign which unifies activity across the whole year. So whilst we sell individual exhibitions, programmes or projects, there remains universal messaging and creative which it is housed.

NMRN has also taken this approach across its other sites.

We therefore seek to support our PR and Communications consumer activity for the year in line with this messaging ensuring that the multichannel campaigns works across below and above the line channels.

The proposition campaign for PHD is around the concept of Unexpected Experiences and that you might expect an experience at PHD but might be met with something that is beyond that expectation, or differs by being more active, more emotional, more engaging than you might expect. The creative applications are about showing the offer in new shapes, or bending and twisting the experience to meet the desires of different visitors.

#### **4.9. FAAM PROPOSITION**

For the Fleet Air Arm Museum, we have focussed the proposition campaign for 2023-24 around the concept of 'Where Time Flies'. This proposition campaign focuses on a space all ages can enjoy and is a full day out of activity, making it a must see attraction. The imagery pulls out the immersivity of the experience whilst playing with language by using aeronautical terminology and juxtaposing that with imagery.

#### **4.10. NMRNH PROPOSITION**

At Hartelpool we have focussed the proposition on the physical feel of the site and the action and activity associated with a visit. Each iteration of creative uses language to portray the activity 'Dive Deep' 'Climb Aboard' 'Step inside' we want to convey this isn't a passive museum experience but one that seeks to engage and immerse.

#### **4.11. HMS CAROLINE PROPOSITION**

For Caroline we have looked at the three facets of the offer, the scale of the ship, the stories it tells and the experience our visitors have on board – these are clearly portrayed in our imagery. The proposition here is 1 ship, 100 years of history, 1000 stories. This gives us the chance to unpack the stories across the year and connect them to the events and activities taking place.

## 5. DETAILED SCOPE OF SERVICE

Our core goal in issuing this brief is obtain support that reaches above and beyond the capacity of our existing internal teams, engaging with media we may struggle to reach, or developing PR and media activities that stretch and inspire.

As identified in section one, we are tendering our PR and Communications services across a series of Lots. Indicative budgets for each lot of work are indicated in terms of the value of the contract over three years of activity. However, these be reviewed over the course of the contract to reflect changing areas of focus and development.

Vendors are welcome to tender for one or all of the Lots of work. Only one vendor will be appointed per lot of work.

### 5.1. LOTS OF WORK

The brief has broken the scope of service into 6 lots of work.

- **Lot 1** Corporate communications strategy and delivery for the NMRN
- **Lot 2** Consumer communication strategy and delivery for PHD Operations, including the offer at Gosport. With additional activity in support of placemaking and destination communications as part of the wider strategy for Portsmouth, Hampshire and the South East.
- **Lot 3** Consumer communication strategy and delivery for the NMRN's Fleet Air Arm Museum, Somerset
- **Lot 4** Consumer communication strategy and delivery for the NMRN Hartlepool
- **Lot 5** Consumer Communications strategy and delivery for HMS Caroline, Belfast
- **Lot 6** Project Communications support for *HMS Victory: The Big Repair*, a multimillion-pound conservation project

#### **Lot 1 Corporate communications strategy and delivery for the NMRN 3 Year Contract value circa £65K**

Detailed requirements:

- To plan and deliver communications strategy that reflects our vision, mission, strategic objectives and brand positioning reaching new audiences and media
- To support the development of corporate communications documentation and processes
- To support the work of the NMRN Press Office in managing complex, crisis and corporate communications
- To support the NMRN internal teams through media briefing, training and event management
- To actively monitor the sector landscape and advise on forthcoming issues that may affect the NMRN's reputation, brand profile and operations
- To understand and advise on the political, social and geographical landscapes in which NMRN operates, with a particular grasp on the complexities of the Northern Ireland environment
- To support the delivery of fundraising and development campaigns driving corporate fundraising objectives
- To identify PR opportunities in relation to existing and potential key stakeholders (e.g. Politicians, Funding Bodies etc.) and provide stretch and ambition in this area

- To support the delivery of ambitious strategic partnership activity identifying and facilitating partnership opportunity
- To offer comprehensive Account Management support to the NMRN team with clear points of contact

**Lot 2 Consumer communication strategy and delivery for PHD Operations, including the offer at Gosport. With additional activity in support of placemaking and destination communications as part of the wider strategy for Portsmouth, Hampshire and the South East.**

**3 Year Contract value circa £94K**

Detailed requirements:

- To plan highly creative consumer campaigns which engage with a broad range of consumer titles and outlets. This may be draw from new product and programming, but should not rely on that alone and seek to find creative approaches to promotion the permanent offer
- Identify relevant value proposition and key messages for target audiences and media reaching beyond our traditional outlets and levelling up on the capacity, experience and contacts of our internal teams
- To plan and deliver communications campaigns that drive admissions revenue ensuring that PHD reaches its income budgets ensuring we hit key consumer titles that influence consumer buying behaviour
- To liaise with inhouse teams on the progrmmae of PR activity and the divide between the teams, identifying where internal teams can make quick wins and where the agency can identify bigger or more challenging targets
- To identify relevant target media to reach priority audience groups and raise the profile of the brands and attractions at PHD
- To ensure that NMRN's Gosport sites are strongly reflected within the PHD offer and also on their own, with consumer communications campaign focussed on those sites
- To work alongside key stakeholders including but not limited to, Portsmouth City Council, Portsmouth Naval Base Property Trust and the Portsmouth Naval Base to deliver PR and Communications activity
- To plan and deliver, when required, PR, media and stakeholder events which support communications and fundraising objectives
- Consider online engagement through blogger and social media influencer outreach within PR and communication campaigns and facilitate engagement with those communities
- Incorporate clear calls to action to drive visitors to PHD, social media channels and website and connect with PHD's wider digital marketing activity working in parallel with PHD's appointed digital agency
- To position PHD within the wider UK culture and tourism national agenda
- To support the development of PHD as a destination brand within the wider Portsmouth, Hampshire and South East regions
- To feed into the development of cultural place making strategy for PHD and Portsmouth identifying potential stakeholders, funders and partners to maximise on opportunities

**Lot 3 Consumer communication strategy and delivery for the NMRN's Fleet Air Arm Museum, Somerset**

**3 Year Contract value circa £20K**

- To position NMRN's Fleet Air Arm Museum in Somerset within the wider UK culture and tourism national agenda and support the development of the Somerset, wider local and regional tourism strategy

- To plan highly creative consumer campaigns which engage with a broad range of consumer titles and outlets. This may be draw from new product and programming, but should not rely on that alone and seek to find creative approaches to promotion the permanent offer
- Identify relevant value proposition and key messages for target audiences and media reaching beyond our traditional outlets and levelling up on the capacity, experience and contacts of our internal teams
- To plan and deliver communications campaigns that drive admissions revenue ensuring that the site reaches their individual income budgets ensuring we hit key consumer titles that influence consumer buying behaviour
- To liaise with inhouse teams on the progrmmae of PR activity and the divide between the teams, identifying where internal teams can make quick wins and where the agency can identify bigger or more challenging targets
- To identify relevant target media to reach priority audience groups and raise the profile of the individual brands and attractions
- To work alongside key stakeholders for the site to deliver PR and Communications activity
- To plan and deliver, when required, PR, media and stakeholder events which support communications and fundraising objectives
- Consider online engagement through blogger and social media influencer outreach within PR and communication campaigns and facilitate engagement with those communities
- Incorporate clear calls to action to drive visitors to the Museum, social media channels and website and connect with NMRN's wider digital marketing activity working in parallel with NMRN's appointed digital agency

**Lot 4 Consumer communication strategy and delivery for the NMRN Hartlepool**  
**3 Year Contract value circa £20K**

- To position NMRN Hartlepool Fleet Air Arm Museum i within the wider UK culture and tourism national agenda and support the development of the Somerset, wider local and regional tourism strategy
- To plan highly creative consumer campaigns which engage with a broad range of consumer titles and outlets. This may be draw from new product and programming, but should not rely on that alone and seek to find creative approaches to promotion the permanent offer
- Identify relevant value proposition and key messages for target audiences and media reaching beyond our traditional outlets and levelling up on the capacity, experience and contacts of our internal teams
- To plan and deliver communications campaigns that drive admissions revenue ensuring that the site reaches their individual income budgets ensuring we hit key consumer titles that influence consumer buying behaviour
- To liaise with inhouse teams on the progrmmae of PR activity and the divide between the teams, identifying where internal teams can make quick wins and where the agency can identify bigger or more challenging targets
- To identify relevant target media to reach priority audience groups and raise the profile of the individual brands and attractions
- To work alongside key stakeholders for the site to deliver PR and Communications activity
- To plan and deliver, when required, PR, media and stakeholder events which support communications and fundraising objectives
- Consider online engagement through blogger and social media influencer outreach within PR and communication campaigns and facilitate engagement with those communities
- Incorporate clear calls to action to drive visitors to the Museum, social media channels and website and connect with NMRN's wider digital marketing activity working in parallel with NMRN's appointed digital agency

**Lot 5 Consumer communication strategy and delivery for HMS Caroline, Belfast**  
**3 Year Contract value circa £20K**

- To position NMRN's HMS Caroline, Belfast within the wider UK culture and tourism national agenda and support the development of the Somerset, wider local and regional tourism strategy
- To plan highly creative consumer campaigns which engage with a broad range of consumer titles and outlets. This may be draw from new product and programming, but should not rely on that alone and seek to find creative approaches to promotion the permanent offer
- Identify relevant value proposition and key messages for target audiences and media reaching beyond our traditional outlets and levelling up on the capacity, experience and contacts of our internal teams
- To plan and deliver communications campaigns that drive admissions revenue ensuring that the site reaches their individual income budgets ensuring we hit key consumer titles that influence consumer buying behaviour
- To liaise with inhouse teams on the progrmmae of PR activity and the divide between the teams, identifying where internal teams can make quick wins and where the agency can identify bigger or more challenging targets
- To identify relevant target media to reach priority audience groups and raise the profile of the individual brands and attractions
- To work alongside key stakeholders for the site to deliver PR and Communications activity
- To plan and deliver, when required, PR, media and stakeholder events which support communications and fundraising objectives
- Consider online engagement through blogger and social media influencer outreach within PR and communication campaigns and facilitate engagement with those communities
- Incorporate clear calls to action to drive visitors to the Museum, social media channels and website and connect with NMRN's wider digital marketing activity working in parallel with NMRN's appointed digital agency

**Lot 6 Project Communications support for *HMS Victory: The Big Repair*, a multimillion-pound conservation project**  
**3 Year Contract value circa £50K**

Detailed requirements:

- To plan and deliver project communications strategy that reflects the vision, aspiration and complexity of the HMS Victory project reaching new audiences and media across B2B and B2C outlets
- To support the development of project corporate communications documentation and processes feeding in to NMRN central systems and processes
- To plan highly creative consumer campaigns which engage with a broad range of consumer titles and outlets. This may be draw from new product and programming, but should not rely on that alone and seek to find creative approaches to promotion the permanent offer
- Identify relevant value proposition and key messages for target audiences and media reaching beyond our traditional outlets and levelling up on the capacity, experience and contacts of our internal teams
- To plan and deliver communications campaigns that drive admissions revenue ensuring that the site reaches their individual income budgets ensuring we hit key consumer titles that influence consumer buying behaviour

- To liaise with inhouse teams on the programme of PR activity and the divide between the teams, identifying where internal teams can make quick wins and where the agency can identify bigger or more challenging targets
- To identify relevant target media to reach priority audience groups and raise the profile of the individual brands and attractions
- To work alongside key stakeholders to deliver PR and Communications activity
- To plan and deliver, when required, PR, media and stakeholder events which support communications and fundraising objectives
- To support the NMRN internal teams through media briefing, training and event management
- To support the delivery of ambitious strategic partnership activity identifying and facilitating partnership opportunity
- To offer comprehensive Account Management support to the NMRN team with clear points of contact
- Consider online engagement through blogger and social media influencer outreach within PR and communication campaigns and facilitate engagement with those communities
- Incorporate clear calls to action to drive visitors to the Museum, social media channels and website and connect with NMRN's wider digital marketing activity working in parallel with NMRN's appointed digital agency

**NOTE:** It should be demonstrated how **Reporting and evaluation of PR and media relations impact** will be built into each of the lots of work.

Detailed requirements:

- To measure and report the impact of all PR and communications activity for dissemination to stakeholders
- To work with the NMRN and MRT Press Teams, to ensure all media coverage is captured within the shared media monitoring platform and can be reported easily (platform subject to parallel tender)
- To recommend mechanisms for effective and consistent PR and communications measurement and reporting consistent with industry standards

## **6. CONTRACT DETAILS**

### **6.1. DURATION OF CONTRACT**

The contract will be for three years which would be reviewed annually and may be extended by a further 2 years Annual budgets for activity will be scoped and agreed with vendors of each Lot of work.

### **6.2. PROCUREMENT OF CONTRACT**

This contract has been tendered a year after a review of our media monitoring and database service which the appointed agency would have access to. The service chosen is Vuelio and we would ask this acts as a central point for monitoring and reporting of activity for both NMRN and PHD.
