ESF in London

ESF in London is managed by the Greater London Authority (GLA) who act as the Intermediate Body (devolved responsibility from the ESF Managing Authority) for ESF under the strategic direction of the Mayor and the London Economic Action Partnership (LEAP).

The LEAP produced a detailed European Structural and Investment Fund (ESIF) Strategy in 2014 detailing how ESF should support the capital's Jobs and Growth aims. The LEAP has been allocated approx. £692m for the delivery of the [ESIF Strategy for London 2014-20](#).

The ESIF Strategy for London builds on the LEAP's Jobs and Growth Plan. Alongside London's successes there are many challenges; juxtaposed with highly successful agile and profitable labour markets are significant pockets of deprivation, worklessness and economic underperformance. The residents of many London boroughs do not possess the skills or opportunities to share in the successes of local markets. London's allocation of funding allows the LEAP to develop a responsive and relevant portfolio of activities to tackle the ESIF strategy challenges.

The LEAP, through the GLA's European Programmes Management Unit, is working with the ESF Co-Financing Organisations (CFOs) to ensure a comprehensive package of ESF provision is in place for the second half of the ESF 2014-20 programme. More information about the London ESF 2014-20 programme can be found at: https://lep.london/content_page/european-social-fund.

NEET context in London

- Young People have been disproportionately impacted by the pandemic. The GLA Economics (GLAE) COVID-19 Labour Market Round-up (Dec 20) highlighted that 16-24 year olds continue to be the age group hardest hit across employment, unemployment, and inactivity rates. The employment rate for 16-24 year olds fell to 37%, a drop of 7 percentage points (pp) on the year, while the 16-24 unemployment rate declined by 5.7 pp on the year, to 25.1%. There was also an increase in the inactivity rate for 16-24 year olds to 50.6%.
- The levels of NEET and Young People whose status is not known to their local authority appears to have remained relatively stable during the pandemic. Figures produced by London Councils using data from NCCIS show the proportion of Young People who are aged 16 and 17 who were not in education, employment or training (NEET) in London during the period March to August 2020 has been relatively stable. At a London level the proportion of Young People who were NEET in March 2020 was 1.9% (2.8% in England) and 2.2% in August 2020 (3.4% in England). When combining numbers of Young People NEET with those whose status was 'not known', the combined rate was 3.7% in March 2020 (5.1% in England) and 4.9% in August 2020 (10.4% in England)¹. There are however significant differences between London boroughs with rates of Young People NEET in some boroughs being 4 times those in others.

¹ the period August to December in any year is usually difficult to trace young people in this age range as they move between educational settings or into work.

The LEAP has invested £9m ESF to support Young People who are NEET to improve their education, employability and personal skills and help them to progress into sustained education, training or employment.

The London Recovery Programme

- COVID-19 has had a major impact on the capital. London's economy and businesses have been severely hit, as well as its local communities. The London Recovery Board (the Board) and the London Recovery Taskforce, convened by the Mayor of London in summer 2020, are leading London's response to COVID-19.

The London Recovery Programme is made up of 9 Missions to meet London's grand challenge. It includes 'A New Deal for Young People' mission: by 2024 all Young People in need are entitled to a personal mentor and all young Londoners have access to quality local youth activities.

This mission has prioritised the role of mentoring- developing, supporting and celebrating existing mentoring and tailored support and increasing their capacity- alongside investment in greater numbers of programmes to support those Young People most in need.

More information about this recovery mission can be found here: [A New Deal for Young People | London City Hall](#).

Greater London Authority ESF Youth provision 2019-23

In addition to this investment through the ESFA, the GLA CFO, has developed a range of ESF projects for Young People NEET or 'at-risk' of NEET, which have been procured. More information about funded projects and current funding opportunities is accessible here: [The GLA as a Co-Financing Organisation | London City Hall](#).

While maintaining London's excellent school record, the Mayor wants to improve outcomes for less advantaged children, especially children in care and children with SEND. Just 17% of looked-after children and less than a third of SEND children in London achieved five good GCSEs, including English and maths.²

All young Londoners deserve a city that works for them but too many Young People leave education at Key Stage 5 (before age 19) without formal qualifications and appropriate life skills. To make the most of London's opportunities, children and Young People need to be able to move successfully into post-16 education, to access training, work or higher education.

The GLA youth ESF programme is made up of the following strands:

- **'Careers Clusters'** to improve the labour market relevance and responsiveness of London's Careers Education Information Advice and Guidance to employers needs and to better equip young Londoners for the world of work;

² GLA (2017) *Annual London Education Report 2017*

- **'Gangs prevention'** aiming to reduce the number of young Londoners who are involved with gangs, increase the number of at-risk young Londoners who remain in Education, Employment and Training and equipping them with the soft skills required to negotiate healthy relationships and achieve success;
- **'Sector Skills'** to support adults and Young People to gain relevant skills and find work in specific sectors, and, increase participation of under-represented groups;
- **'Targeted people aged 15-24 NEET'** to increase the chances of young Londoners aged 16 to 24 who are NEET and have other specific complex needs to achieve sustained education, training and employment results;
- **'Continuing Participation'** for those who are risk of becoming NEET aiming at increasing the number of at-risk Young People who continue in education, training and/or employment and equipping them with the skills required to achieve sustained results; and
- **'Young People with special educational needs or Disability'** who are NEET, will increase the chances of young Londoners aged 16 to 24 who have SEND and who are NEET to achieve sustained education, training and employment results.

The GLA CFO developed other ESF co-financed programmes which aimed at bringing care leavers back into work and developing young Participants' digital skills. These projects are coming to a close later this year.

London ESF Youth Programme 2019- 23

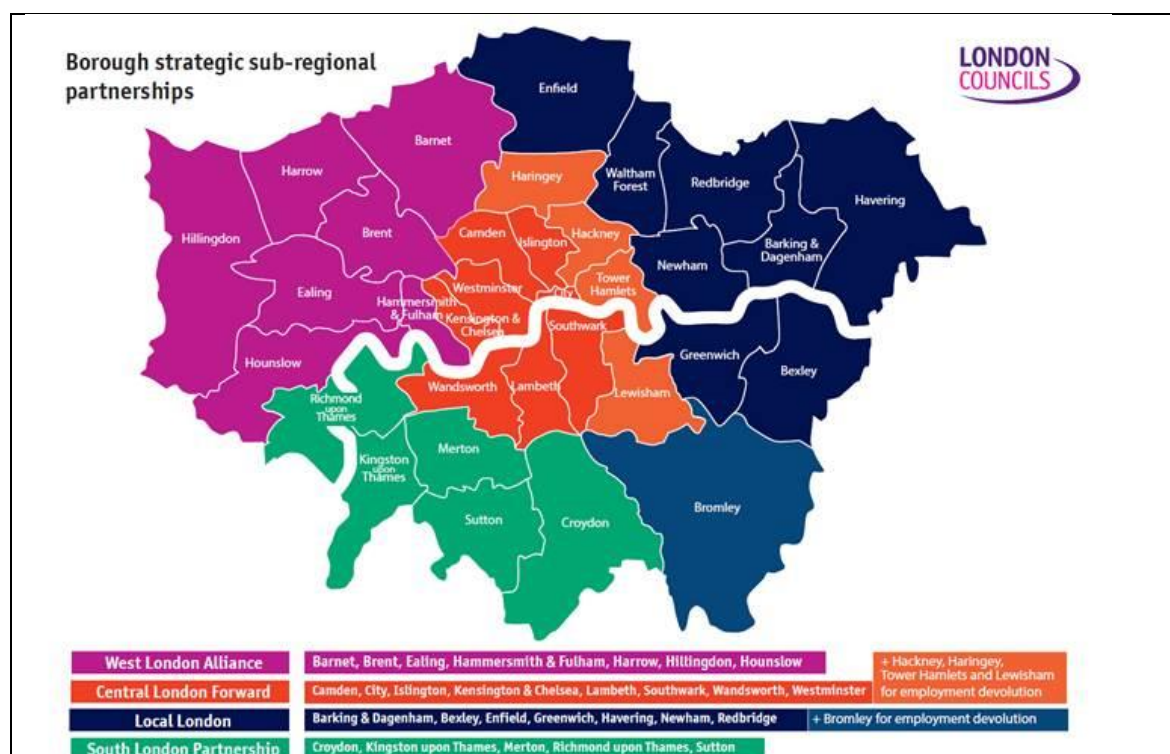

Collectively these projects form the London ESF Youth Programme 2019- 23. All Contractors involved in delivering the ESF Youth Programme, whether ESFA or GLA funded, must work together closely, referring to other strands within the Programme where alternative provision may be better suited to the needs of the Young Person.

The Contractor must actively participate in any groups or structures established by the LEAP to support the delivery of the ESF Youth Programme.

A summary of the ESF provision in London can be found on the LEAP website: [European Social Fund | The Local Enterprise Partnership for London \(lep.london\)](https://lep.london.gov.uk/european-social-fund).

Local Authorities

Support is often delivered through sub-regional contracts based on existing borough sub-regional partnerships. This allows better coordination of activities and integration with local borough services, and contracts of this scale also appear to be good value for money.

South London Lot:

Croydon
Kingston upon Thames
Merton
Richmond upon Thames
Sutton

The Contractor must cover **all** boroughs within a Lot Area.

Key Priorities:

- The Service should support the delivery of the Mayor's priorities for skills and employment provision in the capital as set out in the Skills for Londoners strategy here: <https://www.london.gov.uk/what-we-do/business-and-economy/skills-and-training/skills-londoners-strategy-2018>
- The programme aims to support Young People into sustained employment, education or training (EET) for 6 months (26 weeks out of 32 weeks). The Contractor shall report to the LEAP on the number of Young People sustained in EET.
- The delivery model will require Participant engagement activities, on-programme support, activity to engage local partners and employers, support into work or education, and support for the Participant to sustain their EET outcome.
- The Service should complement activity being funded through the GLA's planned programme.
- The Contractor must work closely with, local authorities, schools, colleges, training providers, voluntary sector organisations, employers and other ESF provision.
- The Contractor must promote their activities to organisations delivering, and

Participants taking part in, the Mayor's Young Londoners Fund. The Young Londoners Fund was launched to help and support children and young people to fulfil their potential, particularly those at risk of getting caught up in crime. More information is available here: www.london.gov.uk/mayors-young-londoners-fund

Target Group:

- Young people aged 16-24 not in education, employment or training (NEET). Support for young people at risk of becoming NEET are not the target group therefore a discussion with the LEAP on the need of offering this provision is required in order to gain support.
- Given London's demographics, at least 56% of young people engaged should be from an ethnic minority.

PART 5: FUNDING AND OUTCOMES

41. The Contractor will be paid based on the achievement of Outcomes in accordance with Part 3 provided that the total payments made to the Contractor under this Contract shall not exceed the Maximum Contract Value.
42. The Maximum Contract Value will be £1,364,954 based on delivery of Outcomes. The Service Commencement Date is 18th October 2021 and delivery will commence immediately. All activity must be completed by 31 March 2023.

MI SYSTEM

DTS use the industry standard PICS Learner Management System. This has been customised for the management of information, evidence gathering, ILR uploads, claims validation & stakeholder reporting of ESF NEET provision. PICS is a ISO27001 accredited system used to process learner details in line with both the ESFA ILR requirements & the ESF contractual requirements including supplementary data. The system meets all ESF, DWP & ESFA information security requirements required for data collection, compilation & transmission to the Managing Authority, including electronic signatures for collecting personal & sensitive information.

REPORTING & EVIDENCE COLLECTION & RETENTION REQUIREMENTS

REDACTED (Section 40 FOIA refers) manages the day-to-day paperwork management, data reporting, eligibility & evidence compliance. PICS provides a single solution for data capture, subcontractor management, reporting & storage of evidence. PICS allows completion of real-time learner registrations with the Learner Record Service and employer registration via the Employer Data Record Service. PICS data reporting allows DTS to monitor & manage all aspects of data management in a timely fashion and also includes an inbuilt validation process to minimise ILR error reporting. Staff & supply chain partners are trained on the system that is compliant with all current GDPR/ Data Protection Act 2018 legislation, with ongoing regular support.

Led by REDACTED (Section 40 FOIA refers), Contracts Manager, DTS operate a schedule of compliance checks & provide mentoring & training support for subcontractor development as detailed in the Supply Chain Management Framework (SCMF). All compliance/quality issues are reported & followed up. Monthly Contract Performance Reviews (CPRs) are undertaken to review/manage the quantitative & qualitative contract KPIs with PIPs & PINs enforced to sanction underperformance. The summary of observations & curriculum compliance checks are monitored & reported in CPR ensuring effective communication.

MANAGING & MITIGATING UNDERPERFORMANCE

DTS's REDACTED (Section 40 FOIA refers) manages the headline profile disseminating profile targets for direct delivery objectives & cascades down to individual subcontractor profiles agreed with partners & monitored via PICS validation processes during monthly upload & compliance checks. Weekly performance is monitored through team forecasting & supplier calls driving the delivery of a consistent high-quality output. DTS mitigate underperformance with issues highlighted via PICS, compliance audits and contract management visits with subcontractors & management review meetings for internal delivery staff. Contract variations quickly move delivery between suppliers mitigating impact on overarching ESF target profiles.

REPORTING RELEVANT & TIMELY INFORMATION

DTS will provide the LEPs & ESFA a monthly report by the 8th working day. USING MARKET INTELLIGENCE

As an existing incumbent London NEET provider 15% of current provision occurs for South London residents with a 10+ year track record of successful local delivery experience we understand the needs of Londoners, underpinned by labour market information, data & research eg ward level Indices of Multiple Deprivation (IMD), NOMIS population data, The Skills for Londoners Strategy, the London Recovery Plan 9 missions - A New Deal for Young People & Local Borough economic & Recovery plans. Across London youth employment rates fell to 37% & an increase of inactive YPs to 50.6% with bigger impact in deprived & BME communities.

CURRENT EMPLOYMENT MARKET CONDITIONS

DTS's leaders plan provision & review quarterly to ensure it meets current employment market, social & economic conditions identified from market intelligence eg recognising the pandemics impact on London Visitor Economy jobs eg we are developing recruitment & training programmes to rebuild availability of hospitality staff. Post Brexit, Adult Care saw a reduction in migrant workers which we address through targeted recruitment campaigns & sector focused qualifications. In addition, we build programmes that support YP access work in emerging growth sectors eg Construction/Cultural/Digital/Creative/Green Economy provision.

FLEXIBLE PROVISION & RESPONDING TO CHANGES

To enable the DTS offer to remain relevant, current & responsive to changing employer needs, DTS recognises new skills requirements of emerging growth sectors addressed through targeted provision that address each sector individually & provides a targeted response to current & emerging skills gaps eg Visitor Economy, Green/low carbon, innovation, ICT & Adult Care as key London priority sectors.
