The purpose of this notice is to draw attention to a procurement that NHS Supply Chain intends to commence during the subsequent 12 months. The invitation to tender will be the subject of a separate notice and it is that notice to which potential suppliers will need to respond at the appropriate time.

The following certification will be a requirement of the upcoming tender exercise and Applicants may be required to include evidence of this with their tender submission.

— ISO 9001:2015 or equivalent externally accredited and up-to-date quality standard certificate(s) to cover all segments of the applicant's (and the product's) supply chain. This should include but not be limited to manufacturing storage and distribution. Further information in respect of certification requirements will be set out in the notice for the forthcoming procurement. If such certificates are not in the name of the applicant then the applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.
