Order Schedule 3 (Continuous Improvement)

Buyer's Rights

The Buyer and the Supplier recognise that, where specified in DPS Schedule 4 (DPS Management), the Buyer may give CCS the right to enforce the Buyer's rights under this Schedule.

Supplier's Obligations

The Supplier must, throughout the Contract Period, identify new or potential improvements to the provision of the Deliverables with a view to reducing the Buyer's costs (including the Charges) and/or improving the quality and efficiency of the Deliverables and their supply to the Buyer.

The Supplier must adopt a policy of continuous improvement in relation to the Deliverables, which must include regular reviews with the Buyer of the Deliverables and the way it provides them, with a view to reducing the Buyer's costs (including the Charges) and/or improving the quality and efficiency of the Deliverables. The Supplier and the Buyer must provide each other with any information relevant to meeting this objective.

In addition to Paragraph 0, the Supplier shall produce at the start of each Contract Year a plan for improving the provision of Deliverables and/or reducing the Charges (without adversely affecting the performance of this Contract) during that Contract Year ("**Continuous Improvement Plan**") for the Buyer's Approval. The Continuous Improvement Plan must include, as a minimum, proposals:

- identifying the emergence of relevant new and evolving technologies;

- changes in business processes of the Supplier or the Buyer and ways of working that would provide cost savings and/or enhanced benefits to the Buyer (such as methods of interaction, supply chain efficiencies, reduction in energy consumption and methods of sale);

- new or potential improvements to the provision of the Deliverables including the quality, responsiveness, procedures, benchmarking methods, likely performance mechanisms and customer support services in relation to the Deliverables; and

- measuring and reducing the sustainability impacts of the Supplier's operations and supply-chains relating to the Deliverables, and identifying opportunities to assist the Buyer in meeting their sustainability objectives.

The initial Continuous Improvement Plan for the first (1st) Contract Year shall be submitted by the Supplier to the Buyer for Approval within one hundred (100) Working Days of the first Order or six (6) Months following the Start Date, whichever is earlier.

The Buyer shall notify the Supplier of its Approval or rejection of the proposed Continuous Improvement Plan or any updates to it within twenty (20) Working Days of receipt. If it is rejected then the Supplier shall, within ten (10) Working Days of receipt of notice of rejection, submit a revised Continuous Improvement Plan reflecting the changes required. Once Approved, it becomes the Continuous Improvement Plan for the purposes of this Contract.

DPS Schedule 6 (Order Form and Schedules)

Crown Copyright 2021

The Supplier must provide sufficient information with each suggested improvement to enable a decision on whether to implement it. The Supplier shall provide any further information as requested.

If the Buyer wishes to incorporate any improvement into this Contract, it must request a Variation in accordance with the Variation Procedure and the Supplier must implement such Variation at no additional cost to the Buyer or CCS.

Once the first Continuous Improvement Plan has been Approved in accordance with Paragraph 0:

- the Supplier shall use all reasonable endeavours to implement any agreed deliverables in accordance with the Continuous Improvement Plan; and

- the Parties agree to meet as soon as reasonably possible following the start of each quarter (or as otherwise agreed between the Parties) to review the Supplier's progress against the Continuous Improvement Plan.

The Supplier shall update the Continuous Improvement Plan as and when required but at least once every Contract Year (after the first (1st) Contract Year) in accordance with the procedure and timescales set out in Paragraph 0.

All costs relating to the compilation or updating of the Continuous Improvement Plan and the costs arising from any improvement made pursuant to it and the costs of implementing any improvement, shall have no effect on and are included in the Charges.

Should the Supplier's costs in providing the Deliverables to the Buyer be reduced as a result of any changes implemented, all of the cost savings shall be passed on to the Buyer by way of a consequential and immediate reduction in the Charges for the Deliverables.

At any time during the Contract Period of the Order Contract, the Supplier may make a proposal for gainshare. If the Buyer deems gainshare to be applicable then the Supplier shall update the Continuous Improvement Plan so as to include details of the way in which the proposal shall be implemented in accordance with an agreed gainshare ratio.

Supplier must always be prepared for contract exit

The Supplier shall within 30 days from the Start Date provide to the Buyer a copy of its depreciation policy to be used for the purposes of calculating Net Book Value.

During the Contract Period, the Supplier shall promptly:

- create and maintain a detailed register of all Supplier Assets (including description, condition, location and details of ownership and status as either Exclusive Assets or Non-Exclusive Assets and Net Book Value) and Sub-contracts and other relevant agreements required in connection with the Deliverables; and

Each Party shall appoint an Exit Manager within three (3) Months of the Start Date. The Parties' Exit Managers will liaise with one another in relation to all issues relevant to the expiry or termination of this Contract.

Assisting re-competition for Deliverables

The Supplier shall, on reasonable notice, provide to the Buyer and/or its potential Replacement Suppliers (subject to the potential Replacement Suppliers entering into reasonable written confidentiality undertakings), such information (including any access) as the Buyer shall reasonably require in order to facilitate the preparation by the Buyer of any invitation to tender and/or to facilitate any potential Replacement Suppliers undertaking due diligence (the "**Exit Information**").

The Supplier shall provide complete updates of the Exit Information on an as-requested basis as soon as reasonably practicable and notify the Buyer within five (5) Working Days of any material change to the Exit Information which may adversely impact upon the provision of any Deliverables (and shall consult the Buyer in relation to any such changes).

The Supplier shall, within three (3) Months after the Start Date, deliver to the Buyer an Exit Plan which complies with the requirements set out in Paragraph 0 of this Schedule and is otherwise reasonably satisfactory to the Buyer.

as soon as reasonably possible following a Termination Assistance Notice, and in any event no later than ten (10) Working Days after the date of the Termination Assistance Notice;

Only if (by notification to the Supplier in writing) the Buyer agrees with a draft Exit Plan provided by the Supplier under Paragraph 0 or 0 (as the context requires), shall that draft become the Exit Plan for this Contract.

A version of an Exit Plan agreed between the parties shall not be superseded by any draft submitted by the Supplier.

Termination Assistance

The Buyer shall be entitled to require the provision of Termination Assistance at any time during the Contract Period by giving written notice to the Supplier (a "**Termination Assistance Notice**") at least four (4) Months prior to the Expiry Date or as soon as reasonably practicable (but in any event, not later than one (1) Month) following the service by either Party of a Termination Notice. The Termination Assistance Notice shall specify:

The Buyer shall have an option to extend the Termination Assistance Period beyond the Termination Assistance Notice period provided that such extension shall not extend for more than six (6) Months beyond the end of the Termination Assistance Period and provided that it shall notify the Supplier of such this extension no later than twenty (20) Working Days prior to the date on which the provision of Termination Assistance is otherwise due to expire. The Buyer shall have the right to terminate its requirement for Termination Assistance by serving not less than (20) Working Days' written notice upon the Supplier.

In the event that Termination Assistance is required by the Buyer but at the relevant time the parties are still agreeing an update to the Exit Plan pursuant to Paragraph **Error! Reference source not found.**, the Supplier will provide the Termination Assistance in good faith and in accordance with the principles in this Schedule and the last Buyer approved version of the Exit Plan (insofar as it still applies).

Termination Assistance Period

Throughout the Termination Assistance Period the Supplier shall:

- continue to provide the Deliverables (as applicable) and otherwise perform its obligations under this Contract and, if required by the Buyer, provide the Termination Assistance;

- use all reasonable endeavours to reallocate resources to provide such assistance without additional costs to the Buyer;

- subject to Paragraph 0, provide the Deliverables and the Termination Assistance at no detriment to the Performance Indicators (PI's) or Service Levels, the provision of the Management Information or any other reports nor to any other of the Supplier's obligations under this Contract;

- at the Buyer's request and on reasonable notice, deliver up-to-date Registers to the Buyer;

- seek the Buyer's prior written consent to access any Buyer Premises from which the de-installation or removal of Supplier Assets is required.

If it is not possible for the Supplier to reallocate resources to provide such assistance as is referred to in Paragraph 0 without additional costs to the Buyer, any additional costs incurred by the Supplier in providing such reasonable assistance shall be subject to the Variation Procedure.

If the Supplier demonstrates to the Buyer's reasonable satisfaction that the provision of the Termination Assistance will have a material, unavoidable adverse effect on the Supplier's ability to meet one or more particular Service Levels, the Parties shall vary the relevant Service Levels and/or the applicable Service Credits accordingly.

Obligations when the contract is terminated

The Supplier shall comply with all of its obligations contained in the Exit Plan.

Upon termination or expiry or at the end of the Termination Assistance Period (or earlier if this does not adversely affect the Supplier's performance of the Deliverables and the Termination Assistance), the Supplier shall:

- vacate any Buyer Premises;

- remove the Supplier Equipment together with any other materials used by the Supplier to supply the Deliverables and shall leave the Sites in a clean, safe and tidy condition.  - such information relating to the Deliverables as remains in the possession or control of the Supplier; and

 - such members of the Supplier Staff as have been involved in the design, development and provision of the Deliverables and who are still employed by the Supplier, provided that the Buyer and/or the Replacement Supplier shall pay the reasonable costs of the Supplier actually incurred in responding to such requests for access.

Except where this Contract provides otherwise, all licences, leases and authorisations granted by the Buyer to the Supplier in relation to the Deliverables shall be terminated with effect from the end of the Termination Assistance Period.

Assets, Sub-contracts and Software

- terminate, enter into or vary any Sub-contract or licence for any software in connection with the Deliverables; or

- (subject to normal maintenance requirements) make material modifications to, or dispose of, any existing Supplier Assets or acquire any new Supplier Assets.

Within twenty (20) Working Days of receipt of the up-to-date Registers provided by the Supplier, the Buyer shall notify the Supplier setting out:

- which, if any, of:

 - the Exclusive Assets that are not Transferable Assets; and

 - the Non-Exclusive Assets,

 - the Buyer and/or the Replacement Supplier requires the continued use of; and

which, if any, of Transferable Contracts the Buyer requires to be assigned or novated to the Buyer and/or the Replacement Supplier (the "**Transferring Contracts**"),

in order for the Buyer and/or its Replacement Supplier to provide the Deliverables from the expiry of the Termination Assistance Period. The Supplier shall provide all reasonable assistance required by the Buyer and/or its Replacement Supplier to enable it to determine which Transferable Assets and Transferable Contracts are required to provide the Deliverables or the Replacement Goods and/or Replacement Services.

With effect from the expiry of the Termination Assistance Period, the Supplier shall sell the Transferring Assets to the Buyer and/or the Replacement Supplier for their Net Book Value less any amount already paid for them through the Charges.

Risk in the Transferring Assets shall pass to the Buyer or the Replacement Supplier (as appropriate) at the end of the Termination Assistance Period and title shall pass on payment for them.

Where the Buyer and/or the Replacement Supplier requires continued use of any Exclusive Assets that are not Transferable Assets or any Non-Exclusive Assets, the Supplier shall as soon as reasonably practicable:

procure a non-exclusive, perpetual, royalty-free licence for the Buyer and/or the Replacement Supplier to use such assets (with a right of sub-licence or assignment on the same terms); or failing which

procure a suitable alternative to such assets, the Buyer or the Replacement Supplier to bear the reasonable proven costs of procuring the same.

The Supplier shall as soon as reasonably practicable assign or procure the novation of the Transferring Contracts to the Buyer and/or the Replacement Supplier. The Supplier shall execute such documents and provide such other assistance as the Buyer reasonably requires to effect this novation or assignment.

The Buyer shall:

accept assignments from the Supplier or join with the Supplier in procuring a novation of each Transferring Contract; and

once a Transferring Contract is novated or assigned to the Buyer and/or the Replacement Supplier, discharge all the obligations and liabilities created by or arising under that Transferring Contract and exercise its rights arising under that Transferring Contract, or as applicable, procure that the Replacement Supplier does the same.

The Supplier shall hold any Transferring Contracts on trust for the Buyer until the transfer of the relevant Transferring Contract to the Buyer and/or the Replacement Supplier has taken place.

The Supplier shall indemnify the Buyer (and/or the Replacement Supplier, as applicable) against each loss, liability and cost arising out of any claims made by a counterparty to a Transferring Contract which is assigned or novated to the Buyer (and/or Replacement Supplier) pursuant to Paragraph 0 in relation to any matters arising prior to the date of assignment or novation of such Transferring Contract. Clause 19 (Other people's rights in this contract) shall not apply to this Paragraph 0 which is intended to be enforceable by Third Parties Beneficiaries by virtue of the CRTPA.

Order Schedule 20 (Order Specification)

This Schedule sets out the characteristics of the Deliverables that the Supplier will be required to make to the Buyers under this Order Contract. This should be read in conjunction with the following documents:

REDACTED

1. BACKGROUND

- In 2019, the Government made a manifesto commitment to “improve the Troubled Families programme and champion Family Hubs (FHs) to serve vulnerable families with the intensive, integrated support they need to care for children – from the early years and throughout their lives”.
- Family hubs seek to improve access to and integration of a range of existing local services for children aged 0-19 and their families, by ensuring proper join-up between key early family help services and professionals.
- With increasing political desire to open FHs across England, and the spending review (SR) funding now in place to expand family hubs to half of the local authorities across England, **evidence gaps concerning how LAs transition to a family hub model have come to the fore.**
- Prior to the Spending Review, the department successfully bid for a Transformation Fund to open family hubs in at least 12 LAs in England, **offering an ideal opportunity to address this evidence gap.**

2. AIMS

The SOF2 Family Hubs transformation fund evaluation has five primary objectives, which the supplier shall use reasonable endeavours to achieve the following aims:

1. To build an understanding of what it takes to implement a family hub model by conducting a process evaluation in up to 12 LAs as they transition from a Children’s Centre model to a family hub model. Specifically, this will address both the changes made by LAs to their services (what is being offered to families) and their systems (how services are commissioned, designed, and delivered to families via integrated and co-located services), and the facilitators and barriers to change in services and systems.
2. To understand how LAs go about delivering services that target specific populations – for example, Start for Life, or services for SEND, teens, or mental health etc.
3. To understand how transitioning to a family hub model influences the families that engage in the services offered by the family hub, especially with regard to the accessibility of services and quality of support received.
4. To understand how transitioning to a family hub model influences the workforce that deliver the services offered by the family hub (these include midwives, health visitors, family support workers, social workers, Supporting Families teams, youth workers, and more).

5. To facilitate peer learning between the funded LAs and produce learning for other LAs across England.

3. METHODOLOGY

The research shall follow the methodology as stated in the attached proposal. The research delivered by the supplier will include:

WS1: Process/implementation evaluation of service and systems changes

Inception meeting to discuss the evaluation framework and any necessary refinements to tasks, milestones, and timelines.

National stakeholder interviews (soon after inception): 5 semi-structured qualitative interviews with policy and sector stakeholders, including the DfE, other government departments and the National Centre for Family Hubs.

Document and MI data review (at baseline stage and three further times at six-monthly intervals):

- To review any relevant information and documents to deepen our understanding of the programme, the proposed models and objectives of new Family Hubs, and available data.
- Work closely with the Department to ascertain which aspects of MI data gathering and analysis will be conducted by the Department and by the independent evaluators respectively, how and when Department analysis will be shared, any additional analysis that is foreseen on top of this.
- Develop a framework to assess the robustness and suitability of pre-existing monitoring and performance data, which will be used to inform the ToCs and preparations for the primary data collection WS4 peer support
- Capture objective measures of systems change The document and MI data review will be undertaken at the to assess distance travelled, timings will be adjusted as necessary to fit with data returns.

Benchmarking/mapping against the delivery framework (baseline and 2 subsequent points):

Mapping Family Hub models against the delivery framework to develop the different ToCs and to articulate CMO configurations/mechanisms for change for testing through the initial workshops and qualitative research.

ToC development and refinement workshops (baseline and 2 subsequent points): To identify for each Family Hub the key inputs, activities, outputs, outcomes (anticipated timeframes), and impacts (or goals) and to try and achieve a common understanding of what constitutes systems change in each LA and how it is expected to be achieved.

Follow up conversations to finalise ToC and research protocols (Aug 22): Discussions with Family Hub leads to discuss any changes made to the ToCs following the group discussions and to agree the final 'living ToCs' that will be reviewed at two subsequent points and to discuss any refinements to the evaluation protocol for each Family Hub.

WS2: Assessing the effects of transitioning to a Family Hub model on families

Family Reference Group (FRG): The supplier will develop FRG of 5-10 participants to advise at all stages of the evaluation (over three workshops) and to help them assess the effects of transitioning to a Family Hub model on families. Participants will receive a £20 voucher as a thank you for their time and insights at each input point.

Family Interviews: Up to 140 purposively sampled family interviews over three waves across all 10 LAs (n = 4 per LA), speaking to more families in deep dive areas at the end-point in each of the five LAs (n = 8). With input from the FRG and sign-off from the Department, interviews will explore families' views and experiences of Family Hubs, particularly in relation to the accessibility and quality of services. The supplier will endeavour to collect data longitudinally from the same families at each timepoint. Interviews will provide an opportunity to. Families will be offered a £20 voucher per family per interview to acknowledge the extensive contribution they have made to the research.

Family satisfaction survey (two time points): A ~5-minute online survey conducted at two timepoints to track (ideally longitudinally) family views and experiences of services over time within each LA, co-designed in conjunction with the FRG (with final signoff by Department) and drawing on the Family Hubs Models Framework.

WS3: Assessing the effects of transitioning to a Family Hub model on the workforce

Workforce interviews: Up to 200 purposively sampled interviews with staff conducted over three waves across all 10 LAs, endeavouring to speak to the same staff at each wave. Interviews will seek to understand the various models and governance structures (linked to WS1), the scope and timing of local transformation programmes, changes to services and access routes, how partners are working together, changes to and satisfaction with working arrangements and cultures, services offered, families' engagement, and perceptions on effectiveness of services over time.

Workforce surveys: A ~10-minute online survey conducted at two timepoints to capture the breath of workforce perspectives over time, with questions signed off by the Department.

WS4: A programme of peer learning for the LAs

WS4 constitutes a programme of peer learning and capacity building support for LAs as they transition to a Family Hub model, to enable them to continue monitoring and evaluating the impact and effectiveness of their Family Hubs beyond the timeframe of the evaluation.

Internal peer learning activities

The supplier will work with the LAs to agree a programme of peer learning activity for the evaluation. In practical terms, the peer learning activities will involve both synchronous elements (bringing LAs together at key points), and asynchronous (ongoing virtual exchanges):

- **Managed learning environment** – The supplier will create a moderated project workspace in Microsoft Teams, with shared access for the evaluators and LAs. This will include a number of channels, including a shared channel for all LAs, private channels specific to the individual LAs and their evaluators, and thematic channels to cluster activities relating to priority themes. The workspace will act as a repository for evaluation tools, guidance and information, and as a forum for posting and responding to messages and discussion threads – both peer-to-peer between the LAs, and between LAs and the evaluators.
- **Peer learning workshops** – The supplier will hold internal workshops for the LAs, bringing them together as a group at key points during the evaluation. These workshops will be ‘touch points’ to maintain the momentum for the evaluation and to foster healthy working relationships with the LAs as a cohesive group. They will always include a practice element (identified and led by the LAs), and an evaluation element, where the evaluators check and update on the work programme, and provide an opportunity for Q&A. The workshops will also provide a mechanism to carry out the Contribution Analysis.

External peer learning activities

The supplier will support the National Centre for Family Hubs externally organised national peer learning programmes, participating in the National Centre’s workshops and facilitating one online workshop per year. Additionally, the supplier will work closely with the National Centre to input into the LA online forum and peer learning events and existing [community of practice gatherings](#) informed by Family Hubs’ priorities and support needs, as appropriate.

4. OUTPUTS

The contractor shall provide the following outputs in accordance with the agreed timetable set out below. All reporting outputs will be drafted to ensure accessibility to a general audience and will be professionally proofread and formatted with time allowed to respond to comments and feedback from the Department and to undertake any re-drafting or additional analysis that might be required, prior to sign off and publication.

- An **evaluation protocol**, inclusive of a theory-of-change (ToC) and logic model(s) for each LA, outlining any methodological adjustments or enhancements proposed following the scoping stage, and providing a fully worked analytical plan and an update timetable with details of proposed fieldwork.
- A **short interim findings report**, to aid dissemination of learning among transformation LAs and through the National Centre for Family Hubs by, providing a concise update on evaluation progress, along with emerging findings from each LA. It will offer a formative view of the evidence, and it will set out proposed next steps for discussion with the Department. This will include an updated Risk Register and details of any proposed adjustments to the methodology for the subsequent period with a full justification. It will also include short, high-level evaluation summaries for each local authority, to validate progress and learning.
- A **final evaluation report**, ready to be published by March 2024. This will be a full-length report, including a presentation of summative findings, with clear and concise conclusions and recommendations. Throughout the report, the supplier will include anonymous verbatim quotes and vignettes to illustrate key findings, practice examples and to provide richness and an engaging output. The report will be accessible in style and tone (e.g., active voice), using diagrams where appropriate to illustrate 'system journeys' at LA and service levels, and individual stories of change that represent what it takes to implement a Family Hub model in different areas, and what difference the changes are making to service users and the workforce. Examples within and across local areas will help contextualise the findings to support learning at the national and local levels. The report will include SMART recommendations, clearly targeted at the relevant key stakeholders (e.g. policy LAs).
- Alongside the reports, the supplier will provide the Department with a final PDF version of participatory tools and any other relevant documentation; along with a clean R data-file should this be required. We will ensure all individuals are anonymous in any reporting. LAs will be anonymised where possible.

Additional outputs

In addition to the core outputs above, the supplier will deliver the following additional outputs:

LAs will each be provided with bespoke **key findings summaries** of the evaluation findings specific to their local area. The summary will bring together learning from the evaluation's qualitative and quantitative strands in a short accessible paper with insights from the evaluation team. These will be internal, practice-oriented reflections, aiming to 'give back' and to help maintain LAs' engagement in the over-arching evaluation. Care will be taken to fully anonymise these reports to prevent the risk of disclosure. They will be top-level but with clear suggestions for development areas that LAs may wish to address.

- A series of three thematic **practice papers**. Topics, which will be decided at a later time of the evaluation, could potentially focus on different aspects of the Family Hub models and principles, for example – Access, Connections, Relationships, and/or could be designed for different stakeholder groups. These papers are designed with an external audience in mind and would add value to the work of the National Centre, going beyond the core requirement of support for the learning events. They will be 12-15 pages in length and smartly designed.

6. LIAISON AGREEMENTS

Minimum requirements throughout the research project include:

- **Inception:** The supplier will attend a virtual inception meeting. This will be held with relevant DfE teams.
- **Workplan for project:** The supplier will develop a workplan including a timeline for input from DfE (including time for sign-off of all research materials and reports).
- **Project management:** The supplier will attend regular online meetings with the DfE project manager (and any other relevant DfE team members as necessary) with an initial agreed frequency of a virtual meeting every fortnight. These meetings will be accompanied by a brief written project update. Both the supplier and the DfE are willing to allow flexibility around the frequency of meetings to accommodate busy or quieter periods of the evaluation.
- **Data collection:** The supplier will be expected to clear any data collection tools with the DfE before engaging in fieldwork.
- **Interim meeting:** A meeting between the DfE and the Supplier (including all Key Staff as detailed in **Attachment 6b Order Form for DFERPPU_21-22_055_Proj**) will be organised to take place after the submission of the interim report.

7. DATA COLLECTION

- The supplier will be expected to clear any data collection tools with the Department before engaging in field work. Suppliers should include Data Privacy Notices for research participants via respondent documentation and/or interviewer briefing notes, and clearly state what the data is being collected for and on behalf of the Authority and that no reference is made, implied or otherwise, to the data being used solely by or available only to the supplier.
- The supplier will establish with the Department the legal basis for data processing under the General Data Protection Regulation and the Data Protection Act 2018.
- The respondent documentation and/or interviewer shall ensure that the respondent clearly understands (before they give their consent to be interviewed) the purpose of the interview, that the information they provide will only be used for research purposes and, in the case of interviews (telephone or face-to-face), that they have the right to withdraw from the interview at any time. Where consent is used as the legal basis for data processing, consent procedures should ensure compliance with the General Data Protection Regulation and the Data Protection Act 2018.

8. BURDEN

- The Department seeks to minimize the burdens on schools and Local Authorities (LAs) taking part in research. When assessing the relative merits of data collection methods, the following issues will be considered:
 - Only data essential to the project shall be collected
 - Data should be collected electronically where appropriate and where schools and/or LAs prefer this

- Questionnaires should be pre-populated wherever possible and appropriate
- Schools must be given at least four working weeks to respond to the exercise from the date they receive the request and LAs should receive at least two weeks, unless they need to approach schools in which case, they too should receive 4 weeks to respond

9. CONSENT AGREEMENTS

- All participants should be informed of:
 - The purpose of the research
 - That the supplier is acting on behalf of the Department
 - That they have the option to refuse to participate (opt out). Where opt-in consent is used, the approach should be compliant with the General Data Protection Regulation and Data Protection Act 2018.
- The suppliers contact details should be provided to all participants.
- Children who are 16 or over will usually be able to give their own consent but even where this is so, the Contractor, in consultation with the Department, should consider whether it is also appropriate for parents, guardians or other appropriate gatekeepers (e.g., schools, Local Authorities) to be informed when a child has been invited to participate in research.
