Tenderers will be evaluated using a points system. The maximum points awarded for each category will be as follows:

Resources/Quality = 20%      Costs = 80%

Quality will be assessed in terms of resources, targeted labour, experience, project management and quality control. Responses will be scored using a 0 – 5 point range, and weightings will be applied as follows:

- Resources 20
- Experience 17
- Project Management 12
- Quality Control 16
- Understanding aims and objectives of tender 5

Score	Criterion for Method Statements
0	Failed to submit a method statement or address the question in full
1	A detrimental answer - a limited answer with poor supporting evidence, which lacks clarity.
2	Answer meets some, but not all of the method statement question. In part, lacks convincing evidence and understanding of the requirement.
3	Acceptable answer to the method statement. Answer is comprehensible.
4	Above acceptable - answer demonstrates real understanding and gives much more detail to the method statement.
5	Excellent answer - gives real confidence that the statement provides much more in added value, which is realistic and achievable, and gives greater understanding than that of an acceptable response.

The maximum score available is 350 (representing 20%), with a pass mark of 210 (12%).
