| | | | | | |

The Documentation, Obsolescence, Reliability, Configuration, Security (DORCS) Management Report is a techical support requirement of the Workboats In-Service Support Contract. This report will be used to inform the Authority on all impacts to the Documentation, Obsolescence, Reliability, Configuration and Security aspects of Boat design and information. It shall outline the corrective actions for any non-compliances suggested by the Contractor. The Contractor shall identify if any non-compliance is an impact to overall Safety of the Boat by impacting the capability or operation of the Key Hazard Areas.

The Contractor shall update this report throughout the contract and provide an updated version to the Authority on the first working day of the Financial Year Quarter.

Example prompts in italics, please delete on first issue. Please use format provided by Authority with minimal changes. Add detailed tables as required in same format.
