For the attention of Mr Clive Austin

Dear Mr Austin,

Re: Kitchen Sandwich Prep – Cold-room

Thank you for your valued enquiry for the proposed installation of a modular chiller cold-room to serve the Sandwich prep area in the main kitchen.

Please find enclosed details of our quotation for your perusal. I trust we have interpreted your requirements correctly, however, should you require further information or assistance please do not hesitate in contacting me.

Assuring you of our closest attention at all times.

Yours sincerely

Lucio Mariotti TMInstR

INSTALLATION TERMS

Value Added Tax

The price quoted does not include Value Added Tax and will be added at the prevailing rate.

Terms

Any contract entered into by you with Kenmar Cooling will be done so subject to Kenmar Cooling's Conditions of Sale, a copy of which is available on request. No retention is to be withheld without agreement in writing prior to any contract arising from this quotation. Payment will be due at the completion of the work quoted.

Payment in full within 30 days of the date of invoice will be accepted for maintenance contract holders only, unless otherwise agreed in writing.

Guarantee

The goods and services supplied under this quotation are covered by a one year parts warranty from the date of commissioning subject to proof of routine maintenance in accordance with the manufacturers or Kenmar Cooling instructions. Parts only warranty can be extended to three years providing a maintenance agreement is entered into with Kenmar Cooling for the three year term.

Please note, due to the serviceable nature of condensate pumps (if fitted), no extension of warranty is possible beyond the initial 12 month period.

Maintenance

In order to maintain the manufacturer's warranty, the equipment should be covered by a scheduled maintenance agreement taken out within three months of installation. We are able to offer this service and a quotation will be forwarded in due course.

Should you require any assistance in the interim please do not hesitate to contact us at the telephone number listed.

F Gas Regulation

Under the F Gas regulation, from 4th July 2009 it became a legal requirement for all businesses who install, maintain or service stationary refrigeration and air conditioning equipment containing refrigerants covered by the F Gas Regulation must have obtained one of the updated national qualifications (C&G 2079 or CITB J01).

Further information can be found on www.fgas.org

Exclusions

- Planning permission or Landlords Consent
- Site Preparation
- Main Contractors discount or retention
- Provision of mains electrical supply
- Asbestos handling or disposal
- Design or equipment selection
- Disposal of products containing CFC blown foam
- Building or reparation work
- Removal of items not applicable to project

Risk

Kenmar Cooling Air Conditioning and Refrigeration may require the client to provide proof of adequate insurance cover for the goods so delivered.

Environmental Policy

Kenmar Cooling Air Conditioning and Refrigeration are committed to protecting the environment and endeavour to comply with all current legislation with regards to all service, maintenance and installation. In order to comply with current legislation and good practice, we reserve the right to recover costs after completion of any works for the disposal of refrigerant and/or oils associated with works under this contract.

Mission Statement

Our aim is to provide a service combining traditional values of honesty and integrity, at the best price and with the highest engineering standards to give complete customer satisfaction.
