

TENDER PRICING SCHEDULE

REQUIREMENT

The requirement to which this Pricing Schedule refers is the construction of a new Pavilion located in the Recreation Ground in North Trade Road, Battle. Brief details of the scheme are as follows:

- Erect temporary metal fencing to form secure compound and access and ensure existing facilities are suitably protected during the works;
- Demolish the existing Pavilion and clear from site;
- Construct new Pavilion, install effective insulation and also energy efficient lighting, heating and water heating systems in order to reduce carbon footprint to the minimum possible;
- Install solar panels and/or other equipment for generation of green energy;
- Install water saving equipment e.g. grey water recycling;
- Install fixtures and fittings appropriate for public use;
- Make good all paths and access points on completion.
