- 18.4 The Buyer may talk to the Supplier to help the Supplier decide whether to publish information under this clause 18. However, the extent, content and format of the disclosure is the Buyer's decision, which does not need to be reasonable.
- 18.5 The Supplier shall assist and co-operate with the Buyer to enable the Buyer to publish the Transparency Information.

SCHEDULE 1 – SPECIFICATION

Appendix 1: Specification of Requirement

1. About the Department for International Trade

- 1.1 The Department for International Trade (DIT) was created in July 2016 and is responsible for promoting British trade across the world and ensuring the UK takes advantage of the huge opportunities open to the UK.
- 1.2 DIT's responsibilities include those of the former UK Trade & Investment in helping UK based companies succeed in the global economy. The Department also helps overseas companies bring their high quality investment to the UK's dynamic economy which is acknowledged as Europe's best place from which to succeed in global business.
- 1.3 The Department offers expertise and contacts through its extensive network in the UK and diplomatic offices around the world. The organisation provides companies with the tools they require to be competitive on the world stage.
- 1.4 The Department has a regionally-based delivery network providing support for exporters and foreign investors. The delivery of export support is through nine (9) regionally-structured contracts within England. DIT funds these contractors on an annual basis and around three hundred (300) private sector International Trade Advisers are employed by the contractors to assist a specified minimum number of new exporters (including companies who have not exported in the previous twelve (12) months) to achieve export success.

2. The Requirement

2.1 Independent Advocacy

In the current environment and for the duration of the proposed Contract, the biggest output will be the experienced opinions of Business Leaders who can be trusted to provide the Buyer with impartial advice. A key output will be the detailed historical knowledge retained by the BCCM of the Myanmar military's economic footprint in the market is what we need. Especially as we face operational difficulties in terms of UK-based staff leaving Post and new staff being refused visas – our in-house historical knowledge is decreasing.

2.2 Working Groups

Department for International Trade

These Working Groups stage webinars that offer highly specialised deep-dives into the market requirement/opportunity. With the current HMG policy of non-recognition of the military regime we are no longer able to visit Government Ministries to discuss the policy trajectories for these key sectors.

2.3 SME Lead Generation

The BCCM will have the capacity to allow us to maintain a Myanmar presence (in passive/reactive) mode at DIT-led regional events but more significantly, by their participation at the range of events hosted by the ASEAN Britain in South East Asia (BiSEA) network as well as the UKABC.

2.4 Export Desk

The BCCM is establishing an Export Desk (assisting new to export local SMEs) that seeks to identify UK buyers for Myanmar agricultural exports. In finding UK buyers a pattern of supply-chain opportunity is emerging in areas such as product quality improvement as well as human capacity training and upskilling of the Myanmar partner, providing opportunities for British businesses (and in support of Export Support Service objectives). Some areas of focus fall outside of core DIT interest, eg responding to UK consumer campaigns for UK retailers to boycott imports of garments from Myanmar factories. But it is necessary for us to be “current” with such matters which have a broader impact on the economy.

2.5 Support cross-Embassy work

To support DIT and Embassy activities which support the UK in Myanmar platform by being available, as required, to advise other Yangon Embassy teams.

3. Key Performance Framework

- 3.1 This Performance Management Framework (PMF) will be used to monitor measure and control all aspects of British Chamber of Commerce Myanmar’s performance of contract responsibilities. Its’ purpose is to set out the obligations on British Chamber of Commerce Myanmar, to outline how the will be evaluated and to detail the sanctions for performance failure.

3	Attendance of ministerial engagements and other British Embassy Events	Guaranteed attendance	100%	100%

5. Governance and Contract Management

- 5.1 Quarterly contract review meetings between representatives of the Department and the British Chamber of Commerce Myanmar will take place within 10 working days following the provision of the activity reports. For clarity these meetings will be held every quarter.
- 5.2 The contract review meetings will be held at a DIT location or via teleconference at the discretion of the DIT Contract Manager.
- 5.3 British Chamber of Commerce Myanmar shall be responsible for any travel and subsistence costs incurred as a result of attendance at any Review or ad-hoc meeting.

SCHEDULE 4 - TRAVEL AND SUBSISTENCE

Department for International Trade – Travel and Expenses Policy

1. Introduction

The nature of the Buyer's business means that suppliers may have to travel both in the UK and overseas and this policy provides details of the principles, rules and procedures relating to travel and expenses.

Suppliers working for the Buyer are expected to adhere to guidelines contained within this Schedule.

2. Underlying Principles

- The Buyer's appropriate and justifiable spending decisions, weighing up the balance between value for money, public perception and business benefits.
- No Supplier, Supplier Staff or Sub-Contractors should either benefit or be out of pocket because of undertaking business on behalf of the Buyer. Travel and subsistence claims should be based on receipted costs incurred because of travel.
- The Supplier and Supplier Staff should only travel on Buyer's business if this is necessary. Consider whether the business could be conducted by phone, teleconference, video conference or web conference.
- If a journey is necessary, the Supplier and Supplier Staff should identify the most cost-effective way of travelling. Planning journeys well in advance, especially by air, can result in much lower costs.
- If a number of people are travelling together, the Supplier and Supplier Staff should examine whether it is cheaper to travel as a group, and think hard about how many people really need to go.
- Only costs that are necessary and additional to normal daily expenditure should be reimbursed.

Department for
International Trade

3. Supplier Travel Guidance – General Information. Suppliers can only claim for Official Travel. Official travel includes official visits, training, events and meetings away from the Supplier's permanent work location within the scope of the Contract. It does not include:

- a. travel between a Supplier and Supplier Staff's home and normal place of work;
- b. return journeys home at weekends during a continuous business location or normal place of work; or
- c. a journey to a business location where the journey broadly follows the same route as the journey to a Supplier and Supplier Staff's normal place of work.

VAT: All expenses must be charged to the Buyer at the cost to the Supplier, after any recovery of VAT, and VAT may only be charged by VAT registered Suppliers.

Foreign Exchange: The exchange rate for translating foreign currency transactions must be at the prevailing rate shown on the currency exchange receipt or the bank/credit card rate of exchange shown in statements.

Passports: It is the Supplier and Supplier Staff's responsibility to ensure that they have an up-to-date passport with a minimum of six months left until the expiry date for any overseas travel. New or replacement passports cannot be claimed at the Buyer's expense.

Visas: It is the Supplier's responsibility to check whether the country to be visited requires a visa and obtain one if necessary. Visas can be claimed at the Buyer's expense, unless as a result of their own failure, the Supplier fails to apply for a visa following the routine processing times. It is the responsibility of the Supplier or Supplier Staff's to ensure they have sufficient pages in their passport to ensure the entry and exit stamp may be placed in their passport. The Buyer is not liable for costs incurred in the event the Supplier or Supplier Staff's is not allowed entry. The Supplier will be responsible for all expenses attributed to short notice/urgent applications that could have reasonably been avoided.

Vaccinations: It is the Supplier's responsibility to check whether specific health precautions must be taken for overseas travel. Suppliers may claim for any vaccinations required as a result of overseas travel in accordance with the [NHS Fit For Travel Guidance](#).

Insurance: The Supplier is responsible for all travel insurance costs for UK and Overseas Travel.

3. Claims – Approval & Reimbursement. All claims require prior written pre-approval from the Buyer's contract manager using the Pre-Expense Authorisation Form at

Department for International Trade

Annex 1 to this Schedule 4. The completed form must be sent to the Buyer's contract manager allowing five Working Days turnaround for review and approval. Where specific costs cannot be provided, estimates are acceptable¹. Travel must not be reserved or purchased without the Buyer's contract manager's pre-approval in writing as this will be required for all reimbursements.²

If for any reason travel bookings have to be cancelled or amended, approval should be sought from the Buyer's contract manager before doing so. The Buyer is not liable for costs incurred for any non-approved travel or cancellations/amended travel booked in error.

If Supplier Staff plan to spend personal time at the beginning or end of a business trip, the Buyer's contract manager must be informed. All additional costs (travel, accommodation, subsistence) must be covered by the Supplier or Supplier Staff'.

The Buyer's contract manager will provide specific details on how to claim incurred expenses. Expenses shall only be reimbursed if they:

- a. Are supported by original receipts/proof of purchase³ and are made on the basis of actual receipted costs claimed in line with this policy; and
- b. Are submitted on a fully completed expense claim form, which will be provided to the Supplier on request; and
- c. Are pre-authorised by the Buyer's contract manager; and
- d. Are accompanied by full details supporting the expense claim; and
- e. Are specified in this document⁴.

4. Transport – UK and Overseas. It is the Buyer's preference that public transport is utilised where possible in the first instance. If public transport is unavailable or its use is not practicable (such as needing to carry bulky documents or as a result of a disability or medical grounds) then Supplier Staff's may travel by alternative means. The Supplier must have the Buyer's contract manager's approval for use of non-public

¹ Where actual receipted costs exceed estimated costs retrospective approval must be sought from the Buyer's contract manager prior to submitting a claim

² Where there is routine, regular travel the Buyer's contract manager and the Supplier can agree an annual Travel & Subsistence budget at the start of each contract year. This must be agreed in writing and a record kept on the contract file.

³ Proof of purchase must be retained for three (3) years following contract expiry. The Buyer may reimburse claims without proof of purchase in exceptional circumstances. In such circumstances the Supplier must justify, to the satisfaction of the Buyer's contract manager, why proof of purchase is unavailable.

⁴ Expenses not specified in this policy shall not be reimbursed.

Department for International Trade

transport. Supplier Staff must not derive a benefit by transacting the points or other rewards from loyalty schemes (e.g., air miles) during contract delivery activities paid for by the UK Taxpayer.

a. Air & Rail Travel – UK and Overseas. The Supplier should always seek the most economical air or rail ticket and ensure the journey is organised to achieve best value for money. All air and rail travel must be booked at set dates; no open return tickets may be booked. Consideration must be given to the Carbon Footprint of flights and the Buyers' requirements to meet [Greening Government Commitments](#). Domestic flights should only be taken when they are more economical than rail.⁵

The following limits on the class of travel permitted are as follows:

Travel Time	Class of Travel ⁶
Air	
Up to 10 hours	Economy
Over 10 hours	Business
Rail	
Day Time	Economy
Overnight	Sleeping Berth

b. Sea Travel – UK and Overseas. If booking ferry tickets the Supplier must book direct with the ferry company. The Supplier is entitled to occupy a standard single-berth cabin when it is necessary to travel overnight.

c. Self-Drive Vehicles – UK and Overseas. If the Supplier Staff can complete the journey more cost-effectively by public transport, then Supplier Staff will normally be expected to do so. When opting to self-drive, Suppliers are permitted to claim for either hire vehicles or utilise personal vehicles (provided the motor insurance policies cover business use). When using a self-drive vehicle on duty travel, Supplier Staff should aim to take the shortest and most direct route. Hire vehicles can be claimed on actual costs and for private vehicles a Motor Mileage Allowance rate can be claimed. For the first 10000 miles of travel, a flat rate of £0.45 per mile may be claimed and a lower rate of £0.25 may be claimed when 10000 miles has been exceeded. Any fines/charges or damage costs relating to any self-drive vehicle (hire or private) such as parking, speeding, scratches or wear and tear cannot be claimed at the Buyer's expense⁷.

d. Private Vehicle Taxis – UK and Overseas. Use of taxis is expected only by exception where there is a clear value for money or business justification. Taxis may be considered appropriate in the following circumstances:

- i. there were no other reasonable public transport options (for example: travel to a location not served by a bus or train route);

⁵ Unless travelling between Great Britain and Northern Ireland.

⁶ Change of class of travel may be authorised by the Buyer's contract manager on disability/medical grounds; schedules considered to be particularly arduous; or overnight flights requiring significant work upon arrival.

⁷ This list is not exhaustive.

Department for International Trade

- ii. it was the most cost-effective way of undertaking the journey – for instance the Supplier Staff shared the taxi with colleagues, and this made it cheaper than other public transport options;
- iii. for personal safety reasons; or
- iv. disability precludes the Supplier Staff travelling by public transport.

5. Accommodation – UK and Overseas. Accommodation costs can be claimed with proof of purchase up to £85 (including VAT) in the UK and £135 (including VAT) in London in instances where it is necessary to stay overnight. Added costs such as premium television, mini-bars or leisure facilities cannot not be claimed. Overseas accommodation costs must not exceed the limits set out in the [HM Revenue & Customs travelling outside the UK policy](#) applicable to Civil Servants.

5. Subsistence – UK and Overseas. For UK travel, subsistence shall not exceed £35.00 per day (24hr period). The following limits on subsistence are advised as follows:

- c. Evening Meal: £20.00. Evening meals must not be claimed without an overnight stay.

Overseas subsistence costs must not exceed the limits set out in the [HM Revenue & Customs travelling outside the UK policy](#) applicable to Civil Servants.

For UK and Overseas subsistence costs alcohol cannot be claimed under any circumstance.

Tips up to a maximum of 12.5% per meal may be claimed in excess of the subsistence limits permitted provided proof of purchase can be provided.
