

# CLARIFICATION LOG

<b>Tender:</b>	CCTV Infrastructure Maintenance for Newquay / St Austell
<b>Tender Reference:</b>	T-22-001
<b>Clarification deadline:</b>	08/08/2022
<b>Published Date:</b>	08/07/2022
<b>Version number:</b>	1.1

Number	Clarification	Response	Reply date
CL-001	Further asset information and any drawings available	Uploaded the Newquay CCTV system schematic. It is reasonably accurate however we have added new cameras to the system recently.	25/07/2022
CL-002	Are road closures to be priced as a separate line item outside of the provided pricing scope	There should be no road closures required as all cameras are accessible from the road side. The Highways authority will require suitable risk assessments and method statements for operating on the Highway. If any road closures are required the Council will fund this.	25/07/2022
