Section C - Instructions on Preparing Tenders

Tenders for Selected Contractor Deliverables

C1. You must Tender for all the Contractor Deliverables listed in the Statement of Work at Annex A to the Tasking Order Form. The Authority reserves the right to reject your Tender where you have not tendered for all of the Contractor Deliverables.

Construction of Tenders

C2. Your Tender must be written in English, using Arial font size 11. Prices must be in £GBP. Prices must be Firm Price with the exception of Travel and Subsistence elements, which should be Max Price.

C3. To assist the Authority's evaluation please set out your Tender response in accordance with Section D (Tender Evaluation).

Validity

C4. In accordance with F3, your Tender must be valid / open for acceptance for ninety (90) calendar days from the Tender return date. If successful, your Tender must be open for acceptance for a further thirty (30) calendar days.

Variant Bids

C5. Any Tender made subject to additional or alternative Contract Conditions alone is not a variant bid. Where the tender evaluation has a pass / fail for the Contract Conditions the Authority may reject the Tender on the grounds of such additional or alternative Contract Conditions.

C6. The Authority cannot evaluate any Variant Bids during this competition.

Section D – Tender Evaluation

D1. This section details how your Tender will be evaluated, the tools used to evaluate the Tender and the evaluation criteria. The evaluation of the Tenders will include the Commercial and Financial Aspects and the Technical Aspects.

D2. The Tender response should be at a level to provide the Authority with the confidence that the Tenderer can satisfactorily undertake the work required. Unnecessarily elaborate brochures or other material beyond that sufficient to present a complete and effective proposal are not desired.

D3. Two discrete teams: one evaluating the Commercial and Financial proposal and the other evaluating the Technical proposal will undertake the evaluation.

D4. The marking of each Tender submission will be based on the proposals provided by each Tenderer. Guidance will be given to the evaluation team prior to the proposals being received to ensure an impartial evaluation of the proposals.

D5. The responses to potential Conflicts of Interest (COI) will be marked first (as part of the Commercial and Financial aspects) on a pass/fail basis. The marking scheme for the COI element of the Commercial and Financial Aspects is attached at Annex D to this DEFFORM 47. Where the Authority deems a Tender to have failed to provide it with adequate confidence with regard to the COI element, the Tender will be deemed non-compliant and disqualified from the competition. No further marking of the Tender will be carried out. If the COI section is deemed compliant, then the remainder of the Commercial and Financial Aspects will be marked.

D6. The Commercial Evaluation Matrix is attached at Annex E to this DEFFORM 47. The evaluation of this element of the Commercial and Financial Aspects will address:

- a. DEFFORM 47 declarations. The Authority reserves the right to consider a Tender non-compliant if it fails to provide any documentation in response to this ITT.
- b. Compliance with the contractual terms and conditions. Unqualified acceptance of the contractual terms and conditions will be deemed commercially compliant. If a Tender fails to unconditionally accept any of the contractual terms and conditions, it will be considered non-compliant and disqualified from the competition.

D7. The Technical Aspects of the Tender will be evaluated based upon the technical solution proposed to undertake the Statement of Work successfully. The weighting of the marking and the marking criteria for the Technical Aspects of the Tender is attached at Annex F to this DEFFORM 47. Any marks below the identified minimums shall be deemed to be technically non-compliant. The evaluation is necessary to determine that the Tenderer is able to undertake the work required. It is insufficient to make claims without supporting evidence.

D8. The Tender will be evaluated using the Most Economically Advantageous Tender method (MEAT). This is a comparative score and the scoring method is worked out using the ratio and calculation below. The optimum is the highest technical score and lowest price, this together would get the highest total score. If you had the highest technical score but your price was double that of the lowest priced compliant Tender, this would receive a lower total score.

D9. The evaluation is out of 100 (as this represents 100% of the total available score) and is weighted 60% technical and 40% price.

D10. The technical mark and the price of the Tender are allocated a score depending on the percentage difference from the highest technical mark and the lowest price. This ensures a consistent and fair result.

D11. A score of 60 is given to the highest marked technically and commercially compliant Tender and the technical scores of the other Tenders calculated using a percentage difference method:

$$\text{Technical Score} = 60 \times \frac{\text{Tender Technical Mark}}{\text{Highest Technical Mark}}$$

D12. A score of 40 is given to the Lowest Priced Technically and Commercially Compliant Tender (LPTCCT) and a score calculated for the price of each Tender using a percentage difference method:

$$\text{Pricing Score} = 40 \times \frac{\text{LPTCCT}}{\text{Tender Price}}$$

D13. The technical and pricing scores are added together to give a total score. The successful Tender is the one with the highest total score.

D14. In the event of two or more Tenders being awarded the same total score, the Authority shall choose the Tender with the highest scoring technical mark to determine the winning Tender.

Section E – Instructions on Submitting Tenders

Section F – Conditions of Tendering

F1. The issue of ITT Documentation is not a commitment by the Authority to place a contract as a result of this competition or at a later stage. Any expenditure, work or effort undertaken prior to an offer of contract and acceptance of that, is a matter solely for your commercial judgement. The Authority reserves the right to:

- e. re-assess your suitability to remain in the competition, for example where there is a material change of control from supplier selection;
- f. withdraw this ITT at any time, or to re-invite Tenders on the same or any alternative basis;
- g. re-issue this ITT, on a single source basis, in the event that this procurement does not result in a 'competitive process' as defined in the Single Source Contract Regulations 2014, making such adjustments as would be required by the application of the Defence Reform Act 2014 and / or Single Source Contract Regulations 2014;
- h. choose not to award any contract as a result of the current procurement process;
- i. award a Contract for some of the Contractor Deliverables, unless you specifically oppose this in your Tender or state any minimum order quantities; and/or
- j. ask for an explanation of the costs or prices proposed in the tender where the tender appears to be abnormally low.

F2. The contract will be entered into when the Authority sends written notification of its entry into the contract via section 4 of the Tasking Order Form and you accept it via section 5 of the Tasking Order Form. Written notification will be issued, to the address you provide, on or before the expiration of the period specified in paragraph C4 and subject to paragraph F3.

F3. It is a Condition of Tendering that the winning Tenderer holds their Tender open for acceptance for the period stated in C4. This period starts on the day the Authority announces its decision to award the contract to the winning Tenderer in accordance with the Tender. In the event that legal proceedings challenging the award of the contract are instituted, prior to entry into contract, it is a condition of this ITT that you hold your Tender open for acceptance during this period, and up to fourteen (14) days after the result of the legal proceedings. In the event of such legal challenge, the Authority agrees to use all reasonable measures to accelerate proceedings.

Conforming to the Law

F4. You must comply with the UK Competition Act 1998, the UK Bribery Act 2010, applicable EU and UK legislation and any equivalent legislation in a third state.

F5. Your attention is drawn in particular to legislation relating to the canvassing of a public official, collusive behaviour and bribery. If you act in breach of this legislation then your Tender may be disqualified from this procurement. Disqualification will be without prejudice to any civil remedy available to the Authority or any criminal liability that your conduct may attract.

F6. You must report any bid rigging, fraud, bribery, corruption, or any other dishonest irregularity in connection to this tendering exercise to:

Defence Regulatory Reporting Cell Hotline

0800 161 3665 (UK) or
+44 1371 85 4881 (Overseas)

Conflicts of Interest

- F7. You must notify the Authority immediately of any Conflicts of Interest (COI) that have arisen or that arise at any point prior to contract award decision.
- F8. Where there is an existing or potential Conflict of Interest (COI) you must include a proposed Compliance Regime in your Tender. As a minimum, this must include:
- a. manner of operation and management;
 - b. roles and responsibilities;
 - c. standards for integrity and fair dealing;
 - d. levels of access to and protection of competitors sensitive information and Government Furnished Information;
 - e. confidentiality / non-disclosure agreements (e.g. DEFFORM 702);
 - f. the Authority's rights of audit; and
 - g. physical and managerial separation.

Should your Tender be accepted your proposed Compliance Regime will become part of the Contract Conditions and shall be legally binding.

Government Furnished Assets

F9. Where the Authority provides Government Furnished Assets (GFA) in support of this competition, you must include details of the GFA in your Public Store Account and treat it in accordance with Def Stan 05-99. If unsuccessful in this competition, you must seek instructions for that GFA from the named Commercial Officer.

Standstill Period

F10. The Authority is obliged under certain circumstances to allow a space of ten (10) calendar days between the date of dispatch of its notice to Tenderers before entering into a contract, known as the standstill period. This period is to give unsuccessful Tenderers an opportunity to make a legal challenge before the contract is entered into if there has been, or it is alleged that there has been, a breach of the Regulations. The standstill period ends at midnight at the end of the 10th day after the date the DEFFORM 158 is sent. Where this is not a working day it extends to midnight at the end of the next working day.

Publicity Announcement

F11. The Authority will publish notification of the contract and shall publish contract documents under the FOI Act except where publishing such information would hinder law enforcement; would otherwise be contrary to the public interest; would prejudice the legitimate commercial interest of any person, or might prejudice fair competition between suppliers. You should complete and return DEFFORM 539A as explained in the DEFFORM 47 Annex A and associated Appendix 1.

F12. If you wish to make a similar announcement, you must seek approval from the named Commercial Officer.

F13. Under no circumstances should you confirm to any Third Party the Authority's acceptance of an offer of contract prior to either informing the Authority of your acceptance or the Authority's announcement of the award of contract, whichever occurs first.

Sensitive Information

F14. All Central Government Departments and their Executive Agencies and Non Departmental Public Bodies are subject to control and reporting within Government. In particular, they report to the Cabinet Office and HM Treasury for all expenditure. Further, the Cabinet Office has a cross-governmental role delivering overall Government policy on public procurement, including ensuring

value for money, related aspects of good procurement practice and answering Freedom of Information requests.

F15. For these purposes, the Authority may share within Government any of the Contractor's documentation / information (including any that the Contractor considers to be confidential and/or commercially sensitive such as specific bid information) submitted by the Contractor to the Authority during this Procurement. Contractors taking part in this competition must identify any sensitive material in the DEFFORM 539A (or SC2 Schedule 9 or SC3 Schedule 6) and consent to these terms as part of the competition process. This allows the MOD to share information with other Government departments whilst complying with our obligations to maintain confidentiality.

Remedies for Breach of Contract

F16. You should be aware of the contractual remedies set out in the Contract Conditions which may apply in the event of a breach of contract by the contractor. Damages for breach of contract are not limited under the contract. However, you should also note that in exercising its rights and remedies under the contract the Authority must act in a reasonable and proportionate manner having regard to the nature and consequences of the breach of contract. If you are unsure about the potential liability under the contract, you should seek advice from the named Commercial Officer.

Reportable Requirements

F17. Listed in the DEFFORM 47 Annex A (Offer) are the Mandatory Declarations. It is a Condition of Tendering that you complete and attach these returns listed in the Annex and, where you select yes you attach the relevant information.

F18. The answers provided are for statistical or Contract Management purposes and are not evaluated. However, failure to complete this part of the Annex makes your Tender non-compliant.

F19. If you are an overseas Contractor and your Tender is successful you will be required to provide the name and address of your banker and the relevant bank account number upon contract award.

Specific Conditions of Tendering

F20. The Authority requires an option price for the marking of additional tenders as detailed in section 1.1 of the Tasking Order Form. You must provide a price against the option. The option price must be a firm price not subject to variation. If your Tender is successful you will be expected to provide that option requirement in accordance with section 1.1 of the Tasking Order Form.

Access to Information

F22. The Authority is committed to a competitive procurement in which, as far as practicable, a “level playing field” is maintained by the equal availability of information to all Tenderers. The Authority also believes that it is essential that there is continuing dialogue between Tenderers and the Authority during the bid preparation phase to ensure that proposals address key issues and effort is not expended on proposals and issues that are unlikely to be accepted or relevant to assessment and negotiation.

F23. Any dialogue between Tenderers and the Authority during the bid preparation phase will be held on a commercial in confidence basis. The Authority will retain the right to advise all Tenderers of issues that arise that identify errors or omissions in the ITT documentation that would prejudice the receipt of proper responses if not addressed, and any issues raised during discussions or requests for clarification / information that they should be given equal visibility to all Tenderers.

F24. Tenderers should note that all correspondence undertaken by the Authority will be Subject to Contract unless specifically advised to the contrary.

F25. Tenderers for the Interim DASACS Technical Support contract should be aware that a COI may arise for those Tenderers who also bid (or intend to bid) as prime contractor, subcontractor or consortium member for the Interim DASACS delivery contract. The Authority needs to put in place a mechanism whereby it can satisfy itself that the competition for the Interim DASACS delivery contract can be run in accordance with its legal obligations and specifically the requirement to ensure that all bidders are treated fairly and equally. Therefore, the successful contractor for this contract cannot take advantage of its position in such a way as to give it, or potentially give it, an advantage over the other bidders for the Interim DASACS delivery contract.

F26. Tenderers are referred to F7 and F8: if they wish to bid for the Interim DASACS delivery contract, they are required to submit (as part of this Interim DASACS Technical Support tender) a Compliance Regime. This will form a schedule to the Interim DASACS Technical Support contract dealing with how they will manage the potential COI from the date of contract award.

F27. When deciding whether a Compliance Regime is necessary at this stage, Tenderers must take into consideration that it will be a requirement of the Interim DASACS delivery contract competition that the successful Tenderer for the Interim DASACS Technical Support contract will provide evidence that a robust Compliance Regime formed part of the Interim DASACS Technical Support contract and that there have been no breaches of that Compliance Regime. Failure to do so will be non-compliance and the bidder will be disqualified from the Interim DASACS Delivery contract competition.

F28. COI responses and Compliance Regimes are expected to demonstrate adherence to the guidelines referred to in F7, F8, Section D, Annex D to this DEFFORM 47 and Ministry of Defence policy on COI at: <https://www.gov.uk/acquisition-operating-framework>.

F29. Tenderers must also consider whether a COI could exist at sub-contract level in their proposal for delivery of Interim DASACS Technical Support, and ensure Compliance Regime provisions are flowed down.

Construction of Tender

F30. All outer packaging must clearly distinguish between the Commercial and Financial proposal and the Technical proposal.

F31. Tender documents shall be on A4 or, where necessary, folded A3.

F32. For ease of reading and annotation, 1.5 line spacing should be used.

Submission of Tender

F35. This section covers, in fairly broad detail, the Authority's requirement for the Tenderer's response to the ITT. It provides guidance on the structure of the response and the information to be contained within the response. This should not be taken as a rulebook, but merely as a minimum requirement. The Tenderer should supply all the information necessary to enable the Authority to assess the Tender response.

Organisation of Tender Response

F36. The response shall be structured into the following Volumes:

- a. Commercial and Financial Aspects,
- b. Technical Aspects.

NOTE: TENDERERS SHALL NOTE THAT NO PRICING DETAILS SHALL BE GIVEN IN ANY OF THE ABOVE VOLUMES OTHER THAN IN THAT OF "COMMERCIAL AND FINANCIAL ASPECTS".

A brief description of the required content is defined below:

F37. Within each Volume, the order of comments should match the order within that part of the ITT documentation (e.g. the commentary on the Contract Conditions should be in Condition number order). Each Volume shall be contained within a separate folder.

F38. The evaluation process is described in Section D and shows in general terms how the information provided will be used in the evaluation.

Commercial & Financial Aspects

F39. This Volume shall consist of, but shall not be limited to:

- d. A signed version of DEFFORM 47 Annex B – DEFFORM 30 – The Electronic Transactions Agreement (if not previously provided or there is no Corporate agreement).

- e. A completed and signed DEFFORM 47 Annex A (as explained in Section E and at F17 – F18).

In the event that competition is ineffective (only one Tender received), the Authority reserves the right to investigate the Tendered response in accordance with usual No Acceptable Price No Offer of Contract procedures.
- h. A completed Appendix 3 to the FATS Tasking Order Form (Price Summary)

F40. As well as providing details of any partnership or consortium, the Tender response shall provide an overview of his sub-contracting strategy. This shall include but not be limited to:

F42. If the Tenderer identifies that Travel and Subsistence is required to undertake the work under the Statement of Requirements, the Tenderer shall include these associated costs within a MAX price element of their quotation and provide details of the assumptions and rates used to calculate them; i.e. number of meetings, location, Motor Mileage Allowance, Hotel and Subsistence per day or overnight, Car Hire, Train etc.

Technical Aspects

F43. The Tenderer shall supply a diagram and description of the organisational structure of the Team. This shall include, but shall not be limited to:

- a. The Project Team organisation, showing job function and title with lines of responsibility between individuals,
- b. Names of key personnel with full CVs detailing qualifications and experience,
- c. Reporting structure and methods,
- d. The Tender response shall define how resource conflicts and/or unavailability shall be dealt with. This shall include a clear definition of the management structure, detailing who shall take over in the event of a management element not being available.

F44. The Tenderer, within his Technical response, must clearly demonstrate that he has a thorough understanding of the requirements and associated risks; that he is able and willing to devote the resources necessary to meet those requirements, and has valid and practical solutions to satisfy them. Statements that indicate compliance and understanding, without supporting evidence, will be considered inadequate.

F45. To aid the Authority's assessment of the Tender, the Tenderer shall use the Evaluator Assessment column in the Technical Evaluation Matrix at Annex F to this DEFFORM 47 to show either the relevant section and paragraph number or a hyperlink to where in your Tender shows compliance with each of the evaluation requirements.

Government Furnished Assets (GFA)

F46. A list of proposed Government Furnished Information is included in the FATS Tasking Order Form which includes all items which the Authority believes is necessary to successfully fulfil its requirement. The Tenderer may make other requests for GFA in their proposal. This shall include start dates, duration of requirement and proposed end dates. The Tenderer is to provide an explanation as to why a particular piece of GFA is required and what the impact is for non-receipt. Subject to negotiation and agreement, this will be incorporated into the Contract. The Authority reserves the right to decline requests for GFA, where it believes that, for whatever reason, it is unable to provide such an item.

Small and Medium Enterprises

20. The Authority is committed to supporting the Government's small and medium-sized enterprise (SME) initiative; its aspiration is that 25% of spend, direct and through the supply chain, should go to SMEs by 2015. The MOD uses the EU definition of an SME.

All suppliers to the Authority and their subcontractors are encouraged to make their own commitment and register with the Prompt Payment Code at: <http://www.promptpaymentcode.org.uk>.

22. Suppliers are also encouraged to work with the Authority to support the wider SME initiative. The link below to the Cabinet Office website provides information on the Government's Crown Representative for SMEs, a link to the definition of an SME and details on the SME initiative. <https://www.gov.uk/government/policies/buying-and-managing-government-goods-and-services-more-efficiently-and-effectively/supporting-pages/making-sure-government-gets-full-value-from-small-and-medium-sized-enterprises>.

27. You should note that, while your views will be taken into consideration, the ultimate decision whether to publish or disclose information lies with the Authority. 28. Tenderers must note that use of the Authority's Purchase to Payment (P2P) system is a mandatory requirement for this contract. A failure to do so will result in your tender being non-compliant.

Asbestos, Hazardous Items and Depletion of the Ozone Layer

Reservist and other Supplier Support to the Armed Forces

31. The 2010 Strategic Defence and Security Review set out what our Armed Forces will look like and outlined the role of the Reserve Forces within that Future Force. Reserves will have a greater role, providing both a larger proportion of the force and Defence capabilities in certain specialist areas that are not practical or cost effective to maintain full time.

32. The MOD wishes to have a more sustained and enduring relationship with suppliers, on Reservist and other military personnel objectives, based on mutual benefit. The personnel objectives include:

- a. Employment of service leavers
- b. Employment of wounded, injured or sick veterans
- c. Employment of the partners of service personnel
- d. Helping local cadet units
- e. Support to Reservist employees
- f. Encouragement of Reserve service

33. Of particular interest to Defence is the need to have more Reservists employed by reserves supportive employers as described in Chapter 4 of the White Paper, 'Reserves in the Future Force 2020; Valuable and Valued' available at:

https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/210470/Cm8655-web_FINAL.pdf

34. The Authority therefore encourages all Tenderers, and their suppliers, to:

- a. consider whether they are able to support these objectives; and, if they are
- b. sign the Corporate Covenant, declaring their support for the Armed Forces community.

35. Guidance on the various ways you can demonstrate your support through the Corporate Covenant is at: [The corporate covenant - Detailed guidance - GOV.UK](#).

36. Specific guidance on how you can support the Reserve Forces, what your support means in practice, and what the potential benefits are for you can be found at: www.sabre.mod.uk.

37. Please provide a point of contact for your company on this issue to the Armed Forces Covenant Team at the address below, so that the MOD can alert you to any events or initiatives in which you may wish to participate. The Covenant Team can also provide any information you require in addition to that included in the websites.

Email address: covenant-mailbox@mod.uk
Address: Armed Forces Covenant Team
Zone D, 6th Floor, Ministry of Defence,
Main Building, Whitehall, London, SW1A 2HB

38. Where you decide to contribute to meeting the personnel objectives above, you should also report the outcomes of such contributions to the above address so they can be recorded and acknowledged.

39. Paragraphs 31 – 38 above are not a condition of working with the Authority now or in the future, nor will this issue form any part of the tender evaluation, contract award procedure or any resulting contract. However, the Authority very much hopes you will want to provide your support and we are committed to working with you to this end.

Military Aviation Authority (MAA) Requirements

40. There are no MAA Requirements.

Bank or Parent Company Guarantee

41. A Parent Company of Bank Guarantee may be required. In the event that your tender is identified as the most favourable / compliant tender, but that MOD assesses that a Parent Company of Bank Guarantee is required, then one will be requested (in the form of DEFFORM 24 / 24A as appropriate). No contract will be able to be awarded until a suitable Parent Company or Bank Guarantee, as appropriate, is in place.
