

Next Generation Infrastructure

Site Day: Thursday 23rd November 2017; 2 - 4pm

Venue: JIC Conference Centre, Norwich Research Park, Zone 2 - Building 5

(Park map available at <https://www.norwichresearchpark.com/contact>)

Session 2pm to 4pm

Lot 1: Multi-disciplinary Design Team

Lot 2: Building Services Engineering

Lot 3: Cost Management

Lot 4: Project Management

Visit Structure

1. Introduction to John Innes Centre & The Sainsbury Laboratory
2. Site Map & Tour

Special Notices:

1. The purpose of the Site Day is site familiarisation that will provide context for your tender response. Due to the likely size of the group the visit does not include a site tour of interior laboratory / office facilities or 'live' working areas. However, we will provide an overview of the physical site, and an opportunity to see the proposed development site and local environment.
2. The JIC/TSL itself is a closed site and visitors are not permitted to walk around unescorted.
3. The visit is not an opportunity to review or query the scope of the tender. Please follow tender guidance regarding queries and clarifications.
4. Attendance is NOT mandatory for tenderers and presentation material is included within the tender specification documentation.

Getting Here:

5. Journey time from Norwich railway station is approx. 30 min by taxi. Request drop off at the **John Innes Centre Reception** on **Norwich Research Park** and the Conference Centre is opposite (by a large oak tree).
6. On arrival, please do not use John Innes Centre Reception. Please head straight to the JIC Conference Centre (Zone 2; Building 5).
7. If driving use Sat Nav Postcode: NR4 7UG. Park in either Short Stay or Long Stay Visitor Parking and register your car at Centrum reception (building 1). Walk around to the Conference Centre.
8. Refreshment is available at the Centrum restaurant (Zone 2; Building 1).
