Schedule 5

Specification

1. Introduction

- 1.1. NHS England is seeking to procure taught Approved Clinician (AC) training programmes, aligned to the [national AC curriculum](#). The programmes should meet the needs of the AC workforce seeking AC status via the portfolio route in England.
- 1.2. An 'Approved Clinician' is a mental health professional approved by the Secretary of State, or a person or body exercising the approval function of the Secretary of State, to act as such for the purpose of the Mental Health Act 1983. Some decisions under the Mental Health Act can only be taken by people who are Approved Clinicians. All Responsible Clinicians under the Mental Health Act must be Approved Clinicians.
- 1.3. In 2007, the Mental Health Act was amended to allow eligible mental health professionals to train and practice as Approved Clinicians (ACs) and Responsible Clinicians (RCs). Eligible mental health professionals who may apply for AC status via the 'portfolio route' include nurses, occupational therapists, psychologists and social workers.
- 1.4. The Department of Health's [Guidance for seeking Approved Clinician status via the portfolio route](#) sets out in its 'suggested portfolio material, evidence and structure' that relevant evidence for professionals seeking AC status may include relevant training course certificates for an AC preparation course. Attendance on these courses is optional for professionals applying for AC status and determining whether attendance on an AC preparation course is necessary to gain AC status will be based on individual needs and circumstances.
- 1.5. Demand for relevant AC training is expected to increase in subsequent years as the reforms to the Mental Health Act are implemented. Workforce planning for the upcoming reforms to the Mental Health Act (MHA) indicates that expansion of ACs will account for the one of the largest increases across any MHA workforce group as a result of the reforms.
- 1.6. The Department for Health and Social Care's (DHSC's) draft Impact Assessment for the MHA Reforms estimates that an additional 160 Full Time Equivalent (FTE) ACs will be required by 2030/31 to deliver on the additional activity created by the

reforms, given the reforms are passed by Parliament. As professionals who are AC do not dedicate all their time to working on specific AC/RC related responsibilities, a higher number of professionals (i.e. a higher headcount) will need to be trained as ACs to deliver 160 FTE.

- 1.7. NHSE will support the Approved Clinician trainee places as per table 1 to commence training per annum nationally with scope for this to increase up to 200 places per annum. It is considered that an appropriate model for this provision may be multiple training providers able to deliver training at a regional level, however, the future procured course/s may also be delivered to trainees remotely or via a hybrid model.
- 1.8. The aims of this procurement process are:
 - 1.8.1. To support the expansion and future sustainability of the Approved Clinician workforce in mental health services nationally, including in relation to the NHS Long Term Plan and proposed Mental Health Act reforms.
 - 1.8.2. To ensure that that a single model of provision aligns with the new AC curriculum, developed by Health Education England (HEE) / NHSE, ensuring value for money and reducing variation in course content, duration and certification / award.
 - 1.8.3. To ensure transparency around contracts and commissioning.
 - 1.8.4. To achieve a nationally consistent approach to contracting and funding in line with the Public Contracting Regulations 2015.

2. Background

- 2.1. NHS England provides national leadership for the NHS. Through the NHS Long Term Plan, we promote high quality health and care for all, and support NHS organisations to work in partnership to deliver better outcomes for our patients and communities, at the best possible value for taxpayers and to continuously improve the NHS. NHS England's directorate for Workforce, Training & Education exists to ensure these aims can be achieved by ensuring the workforce of today and tomorrow has the right skills, values and behaviours, in the right numbers, at the right time and in the right place.

- 2.2. The [NHS Long Term Workforce Plan](#) aims to increase the number of approved clinician roles across mental health services so that by 2036/37 there are at least 1,000 more than in 2022/23.
- 2.3. This will include expanding the number of multiprofessional approved clinicians.
- 2.4. Within mental health settings, multiprofessional approved clinicians have delegated responsibilities under the Mental Health Act and can significantly enhance quality of care by matching clinical specialism to service user needs. This continued expansion, along with wider mental health workforce expansion, will improve access to services and quality of care.

3. Scope of Contract

- 3.1. This Specification covers annual AC Training programme delivery for a period of 2 years with the option to extend annually for two years. - 4.6.2. Ensure compliance in providing the required data and other performance requirements needed to report accurately, and in a timely way, the recruitment, progression and learner programme completion outcomes.
- 4.7. This work should be undertaken in a way that:
- 4.7.1. Aligns to HEE's National Quality Framework¹.
- 4.7.2. Maximises opportunities for co-design with Experts by Experience and stakeholder engagement across the system of training delivery.
- 4.7.3. Is congruent with the NHS values and constitution and is inclusive in its planning and delivery.
- 4.7.4. Does not adversely impact upon the reputation of NHSE.

(a) _____

¹ [Health Education England: Quality Framework – 2021 \(Last updated on 8th March 2023\)](#)

4.8. NHSE is seeking education providers to provide national coverage across the seven NHS Regions grouped into four key contract areas:

- I. Lot 1: Northeast & Yorkshire and Northwest (NEY and NW)
- II. Lot 2: Midlands and East of England (Mids and EofE)
- III. Lot 3: Southwest and Southeast (SW and SE)
- IV. Lot 4: London and Southeast (Lon and SE)

4.9. NHSE is seeking to commission the following minimum and estimated annual training capacity across these four geographical areas from 2024/25 onwards.

Table 1: Minimum cohort size and estimated demand for AC training places.

Lot	Min. cohort size	Estimate (subject to demand)				Total estimated demand
		2024/25	2025/26	2026/27	2027/28	
Lot 1: (NE&Y & NW)	20	28	35	56	56	175
Lot 2: (Mids & EoE)	20	46	46	66	66	224
Lot 3: (SW & SE)	20	22	21	37	37	117
Lot 4: (Lon & SE)	20	24	24	41	41	130
Total	80	120	126	200	200	646

4.10. The above minimum and estimated annual training capacity will be in effect for years 2024-25 and 2025/26 and may be subject to increase in subsequent years up to a total of 200 places per annum subject to confirmation of funding to meet system demand.

4.11. As long as a bidder has a physical presence in the geographical location, they may bid for one or more Lots.

4.12. Bidders will offer Autumn (October) and/or Spring (February) cohorts. Due to time constraints the 2024/25 Autumn cohort provision can be deferred to Spring 2025. In subsequent years one or more cohorts should be available to start in the Autumn of each year.

- 4.13. Successful bidders will be awarded a guaranteed minimum cohort of trainees entering per year, which could be provided within a single regional area or across more than one regional area.
- 4.14. When funding is confirmed, final numbers of trainees will be negotiated with providers. Please therefore provide your maximum cohort capacity across the contract period.
- 4.15. Successful bidders will undertake to work in partnership with NHSE as the commissioner and implement future variations in policy as required by NHSE in line with the terms of the contract for the provision.

5. Quality assurance

- 5.3. Bids will need to demonstrate delivery against the HEE Quality Framework and how this will be incorporated into the education provision; NHSE will undertake quality monitoring in line with the framework.
- 5.4. Training providers should evidence their ability to deliver the programme, meeting the requirements set out in this specification. Bidders must provide evidence of robust quality assurance processes which will include as a minimum the following:
 - 5.4.1. Strong educational governance and leadership through demonstrating accountability for continuous improvement of quality outcomes.
 - 5.4.2. Overview of course, pass rates, quality measures and evaluation (e.g. external modification, exam board reports where relevant).
 - 5.4.3. Learner, supervisor, employer and Experts by Experience feedback and appropriate resultant actions; including clear and robust processes for managing learner attrition and support for learners who are not achieving, along with their supervisors.
 - 5.4.4. Provider Quality Assurance reports relevant to the training portfolio.

- 5.4.5. Evidence of the appropriate academic and clinical skills and expertise of those involved in educational delivery e.g., short biographies of relevant staff (full CVs should not be submitted).
- 5.4.6. Comprehensive study materials and capacity to reflect changes in practice and evidence-based knowledge as it becomes available.
- 5.5. It is expected that service user, lay and service involvement will span all areas of the programme development, delivery and monitoring including programme management, quality assurance, teaching and learning, assessment, and learner and staff feedback allied to the National Education and Training Survey (NETS).
- 5.6. Meaningful involvement of experts by experience in training (service users, their families, carers and supporters) should be evidenced in bids.
- 5.7. Bidders should be committed to engage with representatives of NHSE and service providers to review and amend provision where relevant and appropriate.

6. Strategy

- 6.3. Education Providers will be required to develop a timeline or project plan that details how the programme will be designed, developed and delivered across the chosen regional area(s) from Autumn 2024.
- 6.4. In-person and/or online learning environments can be used to deliver programmes using a blended learning strategy. Providers may suggest delivering the curriculum fully in-person or through a hybrid delivery format, provided they can substantiate that the necessary learning objectives will be achieved.
- 6.5. The Strategy will:
 - 6.5.1. Provide mechanisms for evaluation and feedback of the course by students;
 - 6.5.2. Demonstrate engagement with wider NHS service organisations;
 - 6.5.3. Provide process of quality assurance for the programme being delivered.

7. Funding

- 7.3. NHSE has agreed a maximum standard tuition price of [REDACTED] per trainee for delivery of the full AC training programme and associated administration and certification costs.
- 7.4. Payments will be paid quarterly within the NHS financial year on a pro-rata basis.
- 7.5. The [policy for education funding extensions](#) will be followed should a student interrupt from programme.
- 7.6. Tuition costs include associated supervisor training and effective collaborative learning spanning the academic and placement learning environments.
- 7.7. Tuition costs cover the length of the contract, per trainee per year, with each trainee completing this course over a typical period of 12months part-time (excluding interruptions).
- 7.8. The tuition cost covers all associated costs with the delivery (including programme IT infrastructure, development and support, logistics (including placement co-ordination and management), programme staff travel, programme accommodation, resources, etc.).
- 7.9. Tuition costs do not include student travel expenses or any placement costs.
- 7.10. All funding levels highlighted in this document are based on the recruitment to all the training places for the duration of the course and the assumption that there is no attrition.

8. Contracting arrangement

- 8.3. Contracting is expected to be reflective of the principles of the NHS terms and conditions for the provision of services. Additional clauses specific to the commissioning and management of the Contract may be included.

- 8.4. Each awarded provider will be allocated an individual contract and the contract will provide an expected minimum number of commissions and potential additional commissions subject to funding, with review points to ensure delivery of provision. It will also include agreed Key Performance Indicators (KPIs) to ensure both parties are able to review progress and measure success. This may include for example available training places (HEI capacity), number of trainees, number of training places commissioned, number of training places filled, capacity and fill rate, attrition rates; alongside qualitative metrics to measure outcomes including trainee feedback.
- 8.5. The contract will be delivered according to NHS financial years. It is expected that the programmes will commence in Autumn 2024 and/or Spring 2025. All monies will be paid according to NHS financial years and funding will commence when students are active on the course under this contract.
- 8.6. Payment and invoice details will be sent to the lead contact cited. NHSE will make pro rata payment on the number of trainees commencing the course.
- 8.7. Contract review points will be established with the appropriate regional commissioning/contracting manager.
- 8.8. The education provider will need to provide a minimum dataset/reporting template, with inclusion of anonymised equalities, diversity and inclusion data for trainee cohorts, within an agreed timeframe with regional NHSE offices to support performance monitoring of the contract. Preferred bidders will also be expected to respond in a timely fashion to ad hoc information returns for NHSE.
- 8.9. All parties agree to implement a sharing of information agreement to enable NHSE, HEIs and employers to share information in relation to tracking learners' profession and employment status, and their progression onto successful AC approved status and undertaking of the AC role upon successful completion of the course. Bidders should make learners aware that recruitment and progression data will be shared with NHSE and other relevant third parties. Providers will ensure each learner will have signed an appropriate information governance agreement as part of course enrolment.
- 8.10. NHSE may use performance data in its annual report.

- 8.11. Providers will also be expected to report student numbers via the Student Data collection Tool and respond in a timely fashion to ad hoc information requirements of NHSE.

9. Contract Management and Review

- 9.1. Contracts and Reviews will be managed directly by the NHSE regional teams where the education provider is located.

10. Contract Period

- 10.1. The initial term of the contract will be 2 years with the option to extend annually for two years, subject to a review of performance, need and available budget. This will be co-ordinated nationally so that all programmes are consistently commissioned.

11. Key terms and conditions

- 11.1. Successful bidders will be awarded a contract with an end date 2 years (with the option to extend annually for two years) from the start of the first cohort. All NHSE commissioned learners who enrol will be expected to be supported until completion as part of the contract.
- 11.2. Bidders are required to clearly outline the main point of contact for single bidders or the main point of contact for the lead partner in any consortium bids or arrangements involving subcontracting. The roles of any key contacts should be clearly outlined.
- 11.3. Providers will be considered data managers for this provision and should demonstrate their ability to meet GDPR requirements.
- 11.4. Providers will be expected to attend and positively participate in regular contract monitoring meetings with NHSE. These will be further defined on contract award to successful bidders.

12. Who can apply?

- 12.1. Applications are welcome as sole organisation applications as well as from consortia. We would welcome collaborations between educational institutions and service provider organisations, although we have no preference for such collaborations.
- 12.2. Consortium submissions must be submitted by a lead organisation on behalf of others and approved by an Executive Director or equivalent.
- 12.3. Organisations bidding for this contract will be expected to have a comprehensive understanding and extensive track record in the delivery of relevant education and training for mental health professionals, or a clear plan to develop such.

13. Evaluation criteria

Please refer to separate evaluation criteria document.

Appendix 1

National Curriculum to Develop Relevant Competencies for Professionals Intending to Apply for 'Approved Clinician' Status via the Portfolio Route

1.1 Introduction

This curriculum aims to standardise the requirements of training courses offered by Higher Education Institutions (HEIs) for professionals intending to apply for Approved Clinician (AC) status via the portfolio route.

Context

A Responsible Clinician (RC), as defined by [section 34](#) of the [Mental Health Act 1983](#) ('the Act'), has overall responsibility for a patient's case where the patient is liable to be detained for admission for assessment or treatment, is a community patient or is subject to guardianship under the Act.

In order to have RC responsibilities, an individual must have Approved Clinician (AC) status as defined by [section 145](#) of the Act. An individual with AC status is someone who has been approved by the Secretary of State to act as an AC for the purposes of the Act. Regional Approval Panels act as the "approving body" exercising the approval function of the Secretary of State in accordance with the related [statutory Instructions](#) and by agreement with the Secretary of State under [section 12ZA](#) of the Act.

Amendments to the Act in 2007 widened the professions able to take on RC responsibilities and to gain AC status, which had previously only been available to consultant psychiatrists (referred to in the pre-2007 Act as Responsible Medical Officers (RMOs)). AC status and RC responsibilities are now also open to mental health and learning disability nurses, practitioner psychologists, occupational therapists and social workers.

Nurses, psychologists, occupational therapists and social workers who want to gain AC status do so via '[the portfolio route](#)'; they apply to one of four regional Department of Health and Social Care (DHSC) Approval Panels and provide a portfolio of evidence to the Approval Panel demonstrating that they meet the required competencies as set out in the [Instructions with Respect to the Exercise of an Approval Function in Relation to Approved Clinicians 2015](#), Schedule 2, paras. 2–9.

Doctors who are not on the specialist register for psychiatry can also seek approval via this route. Psychiatrists on the GMC specialist register do not gain AC status via the portfolio route and have a different application process.

Individuals applying for AC status via the portfolio route will have differing learning needs and development opportunities to enable them to evidence the required competencies.

Some will be able to access support from their employer, relevant regional organisations or their professional bodies. Some Higher Education Institutions (HEIs) have also developed courses, which are not mandatory, but do provide training that can sit alongside employer support to prepare the individual for applying for AC status.

The purpose of this curriculum is to set out the criteria that will directly inform the national procurement for a standardised training course, delivered by HEIs, to support the preparation of individuals to undertake AC responsibilities and develop the required AC portfolio in order to gain AC status. It also signposts to the wider system support needed, primarily from the trainee AC's employer. The [Guidance for seeking Approved Clinician status via the portfolio route](#) (DHSC, October 2017) and [Multi-Professional Approved/Responsible Clinicians Implementation Guide](#) provide further important information.

Relevant Competencies

As noted above, the competencies required for AC approval are set out in the [Instructions with Respect to the Exercise of an Approval Function in Relation to Approved Clinicians 2015](#), Schedule 2, paras. 2–9. HEIs must map their course content, learning objectives and assessments to these competencies.

Positioning the AC Course Within a Wider Trainee AC Learning Plan

Individuals seeking AC status can be supported by mapping their existing knowledge, skills and experience against the required competencies, to identify their current strengths and areas needing further development. Trainee ACs can then develop a learning plan that aims to address any relevant skills and knowledge gaps and to collate evidence that can be submitted as part of their portfolio.

This learning plan could include several learning products depending on their individual learning needs, for example training courses, mentoring, networking, shadowing and placement opportunities. Some of these learning products are provided by HEIs, and some can be sourced elsewhere, such as employers, regional networks and/or professional organisations. The trainee AC's success will depend upon both the individual and employer ensuring that several sources of learning are working alongside each other in parallel. It is important to note that a HEI course aligned with this curriculum is ***not mandatory*** for a person to gain AC status – not all trainees will need this in order to evidence relevant competencies – and ***will not confer AC status or guarantee that an individual will receive AC status*** – only the DHSC Approval Panels can approve a person to act as an AC where it is satisfied that an applicant meets the requirements set out in Part 2, para 3 of the [Instructions with Respect to the Exercise of an Approval Function in Relation to Approved Clinicians](#).

However, national procurement and a standardised curriculum provides all trainee ACs with the opportunity to increase knowledge and skills that may be harder to source elsewhere. It therefore aims to increase engagement and reduce barriers for some multi-professionals who wish to apply via the [portfolio route](#) to be an AC.

Appendix A This document provides a high-level list of support that trainee ACs and employers can arrange to sit alongside any HEI course. The [implementation guide](#) can also provide more information. Employer organisations should have a strategy for the recruitment and selection of trainee ACs and the deployment of AC/RCs. Appendix A and the [implementation guide](#) provides more detail on the criteria that should be considered.

Appendix B signposts trainees and employers to organisations and programmes that may be able to provide further support.

It is important to note that it is the responsibility of the trainee AC to demonstrate compliance with the requirements of the regulations to the satisfaction of their [regional DHSC Approval Panel](#).

Course Qualification Level

The course should be at a post-graduate level comprising 60 credits, i.e. postgraduate certificate (PGCert) level. Feedback from stakeholders has reinforced the importance of a post-graduate qualification (over a non-certified course) as part of the trainee AC's overall learning programme. It acknowledges the complexity and weight of responsibility of the AC/RC role and training level required and aligns with courses developed for other roles under the Act, namely approved mental health professional (AMHP) programmes.

Course Objectives

Courses should meet the following overall objectives in relation to trainees' skills and knowledge:

- Demonstrate a comprehensive understanding of the role, legal responsibilities and key functions of an Approved Clinician and Responsible Clinician.
- Demonstrate an applied knowledge of primary and secondary mental health legislation, related guidance and codes of practice and national and local policy and guidance in relation to AC/RC responsibilities.
- Ability to explain and reflect upon legal, ethical and other considerations which may arise in relation to AC/RC responsibilities, particularly those impacting directly upon patients, including considerations relating to equality, diversity and inclusion (EDI) (see section 'Course Commitment to Equality, Diversity and Inclusion (EDI)' below).
- Ability to analyse and effectively respond to complex situations and problems in mental health services with specific reference to AC/RC responsibilities.
- Ability to use supervision and personal reflection as a means to improve personal effectiveness in relation to AC/RC responsibilities.

Course Content

Courses must include meaningful involvement of Experts by Experience² in the design, implementation, and evaluation of training programmes. People who use health and care services, carers and families should be involved in equal partnership from the earliest stages of design, development and evaluation. It may also be appropriate and beneficial to involve Experts by Experience in the delivery of training programmes. Involvement should be

(a) _____

² Broadly defined as people who have recent personal experience (within the last eight years) of using or caring for someone who uses mental health services relevant to the AC/RC role.

properly resourced, with Experts by Experience given training, support, supervision and suitable payment for their work. Where HEI's are still developing their lived experience networks, [NHS England's Patient and Public Voice Partners](#) could provide further guidance and support.

It is expected that course content maps to the competencies required for AC approval and DHSC Approval Panels' processes.

Courses should also ensure that relevant service settings are covered in course content, for example adult services and children and young people's services.

Courses should include the following core elements:

- Introduction and orientation to the role of an AC/RC and the process of approval. Include reference to the [Instructions with Respect to the Exercise of an Approval Function in Relation to Approved Clinicians 2015](#) and, in particular, highlight relevant competencies outlined in Schedule 2 of the Instructions ('Relevant Competencies', paras. 2–9) and elements related to the Regional DHSC Approval Panel's application process.
- Portfolio awareness. As a minimum, explaining the process of approval through the portfolio and necessary processes. Depending on local and/or regional arrangements, HEIs may additionally provide more tailored portfolio support and/or learning contracts/agreements.
- Consideration of the contemporary legal context of the Act, including relevant case law, statutory consultations and/or proposals for legislative reform³.
- Context of the development of AC/RC role. Include linking to [New Ways of Working](#) and clinical leadership. Consideration of transition to the AC/RC role and professional responsibilities around the use of power.
- Introduction to the overarching legal framework, including an explanation of the legislative process. The jurisdiction of different courts, court structure and development of case law, including consideration of relevant supranational courts, for example, the role of the European Court of Human Rights.
- The role of the European Convention on Human Rights (ECHR) and Human Rights Act 1998 (HRA). This should include detailed consideration of relevant articles and obligations, specifically articles 2, 3, 5, 6, 8 of the ECHR. The role of the UN Convention on the Rights of Persons with Disabilities (CRPD) in relation to mental health law and the rights of patients should also be included.

(a) _____

³ Courses should aim to effectively include time on the curriculum for consideration of potential or actual changes to legislation, particularly where legislative or policy change may be imminent. However, it will be incumbent on course providers to weigh up the benefit to trainees of time taken to understand and analyse what may be extensive and detailed proposals for change that are not currently applicable to real world practice.

- The Act, including legislation, statutory guidance and relevant case law in regard to the following areas⁴:
 - Guiding principles of the Act and the practical role of the guiding principles in regard to clinical decision-making / AC/RC responsibilities;
 - Key statutory criteria, including key sections and terms in the Act;
 - The role and use of statutory guidance ([Code of Practice](#) and [Reference Guide](#)) and other sources of professional guidance (e.g. the [Mental Health Act Manual](#) by Richard Jones);
 - Defining ‘mental disorder’ under the Act;
 - All key legal responsibilities and powers held by the AC/RC, including holding powers and ‘powers of recall’ to hospital;
 - Relevant parts of the Act relating to patients subject to detention (including Part III patients, i.e. patients concerned in criminal proceedings or under sentence) or guardianship and community patients (subject to a Community Treatment Order (CTO));
 - Relevant parts of the Act relating to the assessment, admission, transfer, and discharge of patients as well as granting leave of absence from hospital;
 - Relevant parts of the Act and issues relating to the discharge of patients, including After-care and the [Care Programme Approach \(CPA\)](#);
 - Relevant parts of the Act relating to providing treatment to both detained and community patients, including the ‘appropriate medical treatment test’, emergency treatment, patients’ consent to treatment, capacity/competence to consent, and relevant safeguards under the Act including in relation to electro-convulsive therapy;

(a) _____

⁴ It is anticipated that courses will be required to adapt content to changes in legislation and guidance as the [Draft Mental Health Bill 2022](#) passes into law.

- Role and involvement of others under the Act, including the Secretary of State, managers of hospitals, nurses of the prescribed class; second opinion appointed doctors (SOADs); and Independent Mental Health Advocates (IMHAs);
- Consideration of matters of Equality and Diversity in reference to patients subject to the Act, including reference to the [Public Sector Equality Duty](#) (see section 'Course Commitment to Equality, Diversity and Inclusion (EDI)' below);
- Mental Health Review Tribunals, including:
 - Patient's right to apply to the Tribunal
 - Key powers of the Tribunal
 - Process of giving oral evidence in Tribunals
 - Report writing for Tribunals.
- Key ethical considerations, including confidentiality and information sharing, maintaining patient privacy, dignity and safety, and applying the Act's Guiding Principles in practice;
- Offences under the Act;
- Mental Capacity Act 2005, including the application of the MCA in regard to medical treatment and deprivation of liberty and the 'interface' between the MCA and the Act, considering the expectation of a baseline knowledge in trainees.

There may be other areas relevant to local or trainee need that could be included in the course, such as:

- More extensive consideration for specific patients, including:
 - Children and young people under the age of 18;
 - People with a diagnosis of a learning disability and / or autism spectrum disorder;
 - People with a diagnosis of personality disorder;
 - Patients concerned in criminal proceedings or under sentence;
 - People with a diagnosis of dementia;
 - People experiencing severe mental illness and problems with substance addiction or misuse (drug and / or alcohol use) ('dual diagnosis')
- More extensive consideration of related legislation, e.g. [Mental Capacity Act 2005 and Schedules A1 and AA1 relating to Deprivation of Liberty](#); [Care Act 2014](#); child protection legislation;
- Additional portfolio development and support.

Course Assessments

Courses should provide summative and formative assessments in line with courses leading to a [level 7](#) qualification.

Assessments should link to learning objectives, the competencies required for AC approval status and the DHSC Approval Panel's processes.

Examples of assessment strategies that courses could use are:

- a learning needs plan
- logs of supervision, mentoring and/or training
- reflective or knowledge-based essays on relevant areas of mental health law
- practice or knowledge-based examinations
- an assessed Mental Health Review Tribunal report.

Course Commitment to Equality, Diversity and Inclusion (EDI)

Courses must align their programmes to statutory duties under the [Equality Act 2010](#), including the Public Sector Equality Duty set out under [s. 149](#) of that Act, requiring public authorities who exercise public functions, and organisations carrying out public functions on behalf of a public authority, to:

- Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Equality Act.
- Advance equality of opportunity between people who share a protected characteristic and those who do not.
- Foster good relations between people who share a protected characteristic and those who do not.

Trainee ACs should not only have a solid understanding of this duty but be able to demonstrate how their professional practice aligns with and promotes these duties as a foundational basis of undertaking AC responsibilities.

Trainee ACs should have an up-to-date understanding and working knowledge of issues relating to equality, diversity and inclusion at broader social, political and service delivery levels. This may include but is not limited to:

- the [social determinants of mental health](#), the means of addressing health inequalities and affirming individual characteristics and cultural needs in mental health;
- intersectional approaches to inequalities in mental health, including working with individuals who identify as members of multiple groups that experience stigma / with overlapping and intersecting identities;

- the mental health needs of historically, persistently, and systemically marginalised people and individuals and communities who have experienced persistent bullying, discrimination, harassment, abuse and stigmatisation;
- environments that eliminate the conditions in which bullying, discrimination, abuse and harassment occur, including by addressing discrimination and increasing accountability of all leaders in the workplace⁵;

Trainee ACs' understanding should include awareness of current issues relating directly to use of the Act, for example [the over-representation of people from some ethnic minority groups and, in particular, the over-representation of Black people detained in hospital or on community treatment orders](#). Trainee ACs should have awareness of related national strategies to address inequalities, including NHS England's [NHS equality, diversity, and inclusion improvement plan](#) and [Advancing Mental Health Equalities Strategy](#), the anti-racism approach embedded in the [Patient and Carer Race Equality Framework \(PCREF\)](#), and the Care Quality Commission's (CQC's) [Equality Objectives 2021-2025](#).

Fundamentally, trainee ACs should be effectively supported to integrate their statutory duties under the Equality Act 2010 into their clinical decision-making and professional practice. This should be with the understanding that individuals can experience disadvantage and negative mental health outcomes due to a wide range of factors, including adverse-childhood experiences, exposure to violence and crime, persistent discrimination, harassment and stigmatisation, lower socio-economic status, limited education and employment opportunities, poverty, poor housing, geographical location (including rural and urban) and lack of social and community connections.

Courses should ensure that there is an effective level of focus on:

- EDI in reference to patients subject to the Act, patient's relatives (including carers) and colleagues, incorporating a strong intersectional approach, and including clear content on how some communities commonly experience poorer mental health outcomes and how use of the Act in practice can raise issues for EDI;
- Developing evidence of putting the Public Sector Equality Duty and the Act's Guiding Principles into practice including in clinical decision-making and professional conduct, and in consideration of broader social, political and service delivery contexts;
- Developing an understanding and commitment to delivering culturally appropriate mental healthcare⁶;

(a) _____

⁵ See 'strategic EDI outcomes' and 'high impact actions' in the [NHS equality, diversity, and inclusion improvement plan](#), (NHS England)

⁶ Culturally appropriate care, also called 'culturally competent care', focuses on understanding and being sensitive to people's cultural identity or heritage. See: <https://www.skillsforcare.org.uk/Developing-your-workforce/Care-topics/Culturally-Appropriate-Care/Culturally-Appropriate-Care.aspx>; <https://www.cqc.org.uk/guidance-providers/adult-social-care/culturally-appropriate-care>

- Trainees' understanding of the importance of positively engaging and interacting with people from different backgrounds and cultures, understanding and valuing difference and responding effectively to patients' cultural as well as health needs;
- Trainees' ability to contribute toward creating an environment that eliminates the conditions in which bullying, discrimination, abuse and harassment occur, including by directly addressing discrimination and increasing their own and others' accountability;
- EDI in reference to human rights ideals and laws. This should include detailed consideration of relevant articles and obligations under the European Convention on Human Rights (ECHR) and role of the UN Convention on the Rights of Persons with Disabilities (CRPD) in relation to the rights of patients subject to the Act.

Some examples of how EDI can be incorporated into courses could be:

- Consideration of what is equality, equity, dignity, diversity and inclusion and related themes including non-discrimination, anti-oppressive practice and social inclusion;
- Undertaking a patient-focused analysis of employer organisations' strategies and policies in relation to EDI and the Public Sector Equality Duty, including organisations' implementation of the relevant priority 'high impact actions' set out in the [NHS equality, diversity, and inclusion improvement plan](#);
- Practical case studies and scenarios that enable AC trainees to identify, challenge and consider means of redressing inequality, iniquity, indignity and exclusion, and to enquire, explore, recognise and respect individuals' characteristics, intersectionality, self-expression, culture, language and personal values in the context of clinical decision-making and the clinical / professional encounter;
- Practical exercises, such as quizzes, on use of inclusive language;
- Training on uncovering implicit bias and understanding the impact of implicit bias on professional judgment and decision-making;
- Dedicated consideration of EDI, including case studies, within action learning sets or supervision;
- EDI considerations within specific assessment criteria;
- Training on individual and collective trauma resulting from historical, persistent, systematic and / or intergenerational bullying, discrimination, harassment, abuse and / or stigmatisation due the experience of racism, sexism, sexual prejudice, transphobia, ageism, ableism, religious intolerance, etc;
- Exploration of structural disadvantage and intersectional perspectives on racism, sexism, sexual prejudice, transphobia, ageism, ableism, religious intolerance, etc, including in relation to negative impacts on mental health and wellbeing as well as structural disadvantage in accessing appropriate healthcare.

Course Involvement of Experts by Experience

Meaningful involvement of Experts by Experience in training courses makes a hugely positive contribution to the learning, practice and work of mental health professionals. The valued role of Experts by Experience highlights to professionals the importance of placing the values, needs, expectations and strengths of patients, relatives (including carers) and the wider community at the centre of what they do.

The inclusion of Experts by Experience in training programmes improves trainees' understanding of the way in which patients, relatives and carers experience and understand their situation. Experts by Experience can provide an unparalleled representative view of the impact of decisions by clinicians and other professionals using the Act to treat people experiencing serious mental distress. Experts by Experience may have negative experiences of how the Act and mental health services have impacted them, may desire change in legislation, services, and systems, and may view themselves / their relative (and others with similar experience) as a survivor of psychiatric treatment. Trainees should be equipped to provide compassionate, empathetic, non-judgemental, respectful and effective responses to Experts by Experience with a view to engaging individuals they will encounter in their future practice, including understanding the networks and systems in which patients, relatives and carers live and interact with services.

In addition to the lived experience of Experts by Experience, it is also important that trainees have the opportunity to explore the relevance of their own lived experience gained through clinical / professional practice and to develop effective self-awareness and reflexivity.

Courses should effectively incorporate the lived experience of Experts by Experience into training. This can be achieved at the simplest level by courses inviting Experts by Experience to engage trainees about their experiences. It can also be achieved by integrating Experts by Experience into the design and delivery of courses, for example by involving Experts by Experience in the recruitment and assessment of trainees, through to recruiting Experts by Experience to co-produce the design, content and delivery approaches of courses. Where not already the case, HEIs can actively aspire to recruit people with lived experience to paid positions within their course delivery / teaching staff. It may also be relevant for HEIs to consider the different lived experiences sought in relation to specific course content and different service settings, e.g. adult in-patient settings and children and young people's in-patient settings.

Courses should attend to:

- How the involvement of Experts by Experience is co-ordinated;
- How Experts by Experience are selected to be representative of different communities, backgrounds, cultures and ethnicities;
- How Experts by Experience are rewarded for their contribution;
- The level of involvement of Experts by Experience in:
 - Course development
 - Student selection and interview panels

- Teaching and learning
- Assessment
- Student mentoring
- Recruitment of staff
- Planning of programmes and quality assurance.

Some examples of how the perspectives of Experts by Experience can be incorporated into courses could be:

- How the awareness of and application of mental health law is experienced by patients and / or relatives and carers;
- How the use of powers conferred by the Act and used by clinicians and other professionals impact upon patients and are experienced by them (including in the short, medium and long term) as well as by relatives and carers.
- How the 'dynamics' of power is experienced by patients subject to the Act, including in relation to relevant restrictions and involuntary actions (i.e. detention and treatment) as well as by relatives and carers.
- How patients, relatives and carers have experienced positive and collaborative relationships with clinicians and other professionals, for example by being involved in care planning and being supported to make important treatment decisions.
- How different psychiatric treatments are experienced by patients and how to manage issues relating to informed consent, capacity and competence (in the case of a child), imposing involuntary treatment, and potential breakdowns in communications, trust and clinical / professional relationships due to treatment decisions;
- How a Mental Health Tribunal is experienced by patients and / or relatives and carers;
- The experience of related issues including supported decision-making, ward rounds, after-care planning, etc.

Appendix A also picks up the involvement of Experts by Experience that trainee ACs and employers should arrange to sit alongside any HEI course.

Appendix A: Responsibilities of Employers and Trainee ACs

The NHS aims to increase the number of AC/RCs and the curriculum is one way to support multi-professionals to overcome barriers to this role. Employing organisations and trainee ACs are in different states of readiness and so this responsibility checklist aims to encourage the establishment, or improvement of, local policies and procedures. The success of the trainee in achieving AC status, and the success of the curriculum and courses, is dependent upon this state of readiness and so has been deemed useful to provide within this curriculum.

It may be appropriate for employing organisations, trainee ACs and HEIs to set up a memorandum of understanding or learning contract, to support this state of readiness. Consideration will be needed on who will take ownership for such a document so as not to create unnecessary barriers to uptake of AC training or the portfolio route more broadly. The criteria listed here can be used as a checklist for implementation and should be read in conjunction with the AC/RC [implementation guide](#) for more details. Employer organisations may wish to consider the criteria when assessing their entry requirements to the trainee AC process.

- Consider strategies for the recruitment and selection of trainee ACs and deployment of AC/RCs.
- Understand the process for the regional DHSC Approval Panel.
- Ensure there is explicit support of the Medical Director/Executive Nurse/Senior Management Team.
- Develop a personal learning plan, based on the evidence the individual trainee AC needs to provide in order to demonstrate the required competencies (some HEI courses may include this as part of their offer).
- Identify what funding may be required and the process for accessing funding.
- Ensure the timeline for the components of the learning plan have been considered in order to reduce drop-out rates, for example:
 - the trainee will need to have their study time approved and role cover confirmed before they are able to commence the course;
 - the trainee will need a mentor secured early on to support them through the journey of their learning plan.
- Ensure there is a trainee AC job plan with protected time for portfolio completion, including any relevant training and development opportunities. There may be backfill funding available for this. Your NHS England Regional Mental Health Team will know more.
- Ensure mentoring, networking and shadowing opportunities and supervision is in place. Consider the advantages and disadvantages of matching the trainee AC with someone with a different professional background to the trainee AC.

- Ensure meaningful involvement of Experts by Experience in the design, implementation, and evaluation of processes, and ideally in all key aspects of the course. This should cover processes such as recruitment, selection, deployment and CPD sessions. The majority of Trusts should already run a lived experience group that they can call on (see section above 'course involvement of Experts by Experience' for more details).
- Ensure meaningful involvement of equality, diversity and inclusion in the design, implementation, and evaluation of processes. This should cover processes such as recruitment, selection, deployment and CPD sessions (see section above 'course commitment to equality, diversity and inclusion for more details).
- Ensure that services, and the multi-disciplinary team, are aware of the process and benefits of dedicating resources to the trainee AC's curriculum. Ensure there is opportunity for questions and discussion.
- Consider maintaining metrics, such as: the number and demographics of applicants, who is and is not accepted onto to be an AC trainee (and why); course attrition rates; course feedback (quantitative and qualitative); who gains AC status and reasons for those who do not. Regularly review metrics, identify themes and plan continuous improvement activities.
- Consider effective means of support and continuing professional development for ACs once approved.

Appendix B: Further Support

It can be difficult for employing organisations and trainee ACs to navigate what support may be available as they compile their portfolio, and so it has been deemed useful to include further details here.

Trainee ACs can be supported in the first instance by mapping their knowledge, skills and competencies against the required competencies set out in the [Instructions with Respect to the Exercise of an Approval Function in Relation to Approved Clinicians 2015](#), Schedule 2, paras. 2–9, to identify their current competencies and learning needs. They will also need to be aware of their regional DHSC Approval Panel's processes. Trainee ACs can create a learning plan on how to close any knowledge and skill gaps and gathering proof to evidence these.

A course delivered by an HEI can be part of a trainee ACs overall learning programme.

Alongside this there may be additional offers of support from:

- Their employer (see Appendix A and [implementation guide](#) for further details <https://www.hee.nhs.uk/our-work/mental-health/new-ways-working-mental-health/approved-clinicians-responsible-clinicians-acrc>);
- Their regional DHSC Approval Panel, including workshops, guidance documents or one-to-one support on the process;
- Their regional NHS England Workforce, Training and Education Mental Health Team, who may run activities to support the uptake and engagement of multi-professional AC/RCs;
- Their professional body who may provide guidance, events and networking opportunities:
 - [Royal College of Occupational Therapists](#) resources
 - [Royal College of Nursing](#) Mental Health Forum
 - [British Psychological Society](#) Mental Health Act Advisory Group

- 1.6 The Supplier shall indemnify and will keep indemnified the Authority and any Third Party in relation to any Employment Liabilities arising out of or in connection with:
 - 1.6.1 any act or omission of the Supplier or a Sub-contractor on or after the Transfer Date (or any other event or occurrence after the Transfer Date) in respect of any Third Party Employee or Staff (including but not limited to any liability which arises because a Third Party Employee's employment with the Supplier or a Sub-contractor is deemed to include their previous continuous employment with the Third Party);

- 1.6.2 any act or omission of the Supplier or a Sub-contractor in relation to its obligations under regulation 13 of TUPE, or in respect of an award of compensation under regulation 15 of TUPE except to the extent that the liability arises from the Third Party's failure to comply with regulation 13 of TUPE;
 - 1.6.3 any claim or allegation by a Third Party Employee or any other employee of the Authority or Third Party that in consequence of the transfer of Services to the Supplier or a Sub-contractor there has or will be a substantial change in their working conditions to their detriment within regulation 4(9) of TUPE; and
 - 1.6.4 any claim or allegation that the termination of employment of any of the Third Party Employees or any other employee of the Third Party whether on or before the Transfer Date or not which arise as a result of any act or omission by the Supplier or a Sub-contractor save for where such act or omission results from complying with the instructions of the Authority.
- 1.7 The Authority shall use reasonable endeavours to transfer to the Supplier or any Sub-contractor the benefit of any indemnity it has from the Third Party.

Part D ☐ Provisions regarding pensions (only applicable to the Contract if this box is checked or Clause 1.2.4 of Part A of this Schedule 7 applies)

Broadly comparable pension benefits ☐ (Clause 1.4 of this Part D of this Schedule 7 only applies to the Contract if this box is checked or 1.2.4 of Part A of this Schedule 7 applies. For the avoidance of doubt, where this box is not checked, but the Part D box above is checked all of the provisions of this Part D of this Schedule 7 shall apply to this Contract except Clause 1.4 of this Part D of this Schedule 7)

1 Pension protection for Eligible Employees

1.1 General

- 1.1.1 The Supplier shall procure that, if relevant, each of its Sub-contractors shall comply with the provisions in this Schedule 7 as if references to the Supplier were to the Sub-contractor.

1.2 Membership of the NHS Pension Scheme

- 1.2.1 In accordance with Fair Deal for Staff Pensions, the Supplier to which the employment of any Eligible Employee compulsorily transfers as a result of the award of this Contract, if not an NHS Body or other employer which participates automatically in the NHS Pension Scheme, shall on or before the Employee Transfer Date, each secure a Direction Letter to enable the Eligible Employees to retain either continuous active membership of or eligibility for, the NHS Pension Scheme, or as appropriate rejoin or secure eligibility for the NHS Pension Scheme for so long as they remain employed in connection with the delivery of the Services under this Contract.
- 1.2.2 The Supplier must supply to the Authority a complete copy of the Direction Letter as soon as reasonably practicable after the Employee Transfer Date.
- 1.2.3 The Supplier shall comply with the terms of the Direction Letter (including any terms which change as a result of changes in Law) for so long as it remains bound by the terms of the Direction Letter.
- 1.2.4 Where any Staff (including any Transferred Staff) omitted from the Direction Letter supplied in accordance with Part D of this Schedule 7 is subsequently found to be an Eligible Employee, the Supplier (or its Sub-contractor if relevant) will ensure that that person is treated as an Eligible Employee from the Employee Transfer Date so that their Pension Benefits and Premature Retirement Rights are not adversely affected.
- 1.2.5 The Supplier shall ensure that all data relating to the Eligible Employees and the NHS Pension Scheme is up to date and is provided to the Authority as requested from time to time.

1.3 Contributions payable

- 1.3.1 The Supplier shall pay to the NHS Pension Scheme all such amounts as are due under the Direction Letter and shall deduct and pay to the NHS Pension Scheme such employee contributions as are required by the NHS Pension Scheme.
- 1.3.2 Where during the Term the standard employer contribution rate which the Supplier is required to pay into the NHS Pension Scheme pursuant to the terms of its Direction Letter is increased to a rate which is over and above the rate which was applicable to the Supplier as at the date of this Contract

and such rate increase results in an increased cost to the Supplier overall in relation to the provision of the Services ("Cost Increase"), the Supplier shall (subject to Clause 1.3.3 of Part D of this Schedule 7 and the provision of supporting information) be entitled to recharge a sum equal to the Cost Increase to the Authority. The Supplier shall only be entitled to recharge any Cost Increase to the Authority pursuant to this Clause 1.3.2 of Part D of this Schedule 7 in circumstances where the Cost Increase arises solely as a direct result of a general increase in the employer contribution rate applicable to all employers participating in the NHS Pension Scheme and not in circumstances where the employer contribution rate applicable to the Supplier is increased for any other reason, including as a result of any acts or omissions of the Supplier which give rise to any costs or additional charges (including interest) being charged to the Supplier which are over and above the minimum employer contributions payable by an employer in the NHS Pension Scheme (including as a result of a failure by the Supplier to comply with the terms of its Direction Letter or to meet its obligations to the NHS Pension Scheme).

1.3.3 The Supplier must supply all such information as the Authority may reasonably request from time to time in order to support any claim made by the Supplier pursuant to Clause 1.3.2 of Part D of this Schedule 7 in relation to a Cost Increase.

1.3.4 Where during the Term the standard employer contribution rate which the Supplier is required to pay in relation to the NHS Pension Scheme pursuant to the terms of its Direction Letter is decreased as part of a general reduction in the standard employer contribution rate applicable to all employers participating in the NHS Pension Scheme to a rate which is lower than that which was applicable as at the date of this Contract and such decrease results in a cost saving for the Supplier (a "Cost Saving"), the Authority shall be entitled to reduce the amounts payable to the Supplier under this Contract by an amount equal to the Cost Saving. The Authority shall be entitled to deduct any Cost Saving from sums otherwise payable by the Authority to the Supplier under this Contract.

1.4 Broadly Comparable Pension Benefits

1.4.1 If the Authority in its sole discretion agrees that the Supplier or Sub-contractor need not provide the Eligible Employees with access to the NHS Pension Scheme, the Supplier must ensure that, with effect from the Employee Transfer Date until the day before the Subsequent Transfer Date, the Eligible Employees are offered access to a scheme under which the Pension Benefits are Broadly Comparable to those provided under the NHS Pension Scheme.

1.4.2 The Supplier must supply to the Authority details of its Broadly Comparable scheme and provide a full copy of the valid certificate of Broad Comparability covering all Eligible Employees, as soon as it is able to do so and in any event no later than twenty eight (28) days before the Employee Transfer Date.

1.5 Transfer Option where Broadly Comparable Pension Benefits are provided

1.5.1 As soon as reasonably practicable and in any event no later than twenty (20) Business Days after the Employee Transfer Date, the Supplier must provide the Eligible Employees with the Transfer Option, where a Third Party offered, or the Supplier offers, a Broadly Comparable scheme.

1.6 Calculation of Transfer Amount

- 1.6.1 The Authority shall use reasonable endeavours to procure that twenty (20) Business Days after the Transfer Option Deadline, the Transfer Amount is calculated by the Third Party's Actuary or the Authority's Actuary (as appropriate) on the following basis and notified to the Supplier along with any appropriate underlying methodology.
- 1.6.2 If the Third Party offers a Broadly Comparable scheme to Eligible Employees:
- (i) the part of the Transfer Amount which relates to benefits accrued in that Broadly Comparable scheme other than those in Clause (ii) of Part D of this Schedule 7 below must be aligned to the funding requirements of that scheme; and
 - (ii) the part of the Transfer Amount which relates to benefits accrued in the NHS Pension Scheme (having been previously bulk transferred into the Third Party's Broadly Comparable scheme), must be aligned to whichever of:
 - (A) the funding requirements of the Third Party's Broadly Comparable scheme; or
 - (B) the principles under which the Third Party's Broadly Comparable scheme received a bulk transfer payment from the NHS Pension Scheme (together with any shortfall payment),
gives the higher figure, provided that where the principles require the assumptions to be determined as at a particular date, that date shall be the Employee Transfer Date.
- 1.6.3 In the case of Transferring Employees or any Third Party Employees who have access to the NHS Pension Scheme (and who are classed as Eligible Employees), the Transfer Amount shall be calculated by the NHS Pension Scheme's Actuary on the basis applicable for bulk transfer terms from the NHS Pension Scheme set by the Department of Health from time to time.
- 1.6.4 Each Party shall promptly provide to the Actuary calculating or verifying the Transfer Amount any documentation and information which that Actuary may reasonably require.

1.7 Payment of Transfer Amount

Subject to:

- 1.7.1 the period for acceptance of the Transfer Option having expired; and
- 1.7.2 the Supplier having provided the trustees or managers of the Third Party's pension scheme (or NHS Pensions, as appropriate) with completed and signed forms of consent in a form acceptable to the Third Party's pension scheme (or NHS Pensions) from each Eligible Employee in respect of the Transfer Option; and
- 1.7.3 the calculation of the Transfer Amount in accordance with Clause 1.6 of Part D of this Schedule 7; and

- 1.7.4 the trustees or managers of the Supplier's (or any Sub-contractor's) Broadly Comparable scheme (or NHS Pensions, as appropriate) having confirmed in writing to the trustees or managers of the Third Party's pension scheme (or NHS Pensions, as appropriate) that they are ready, willing and able to receive the Transfer Amount and the bank details of where the Transfer Amount should be sent, and not having revoked that confirmation,

the Authority will use reasonable endeavours to procure that the Third Party's pension scheme (or the NHS Pension Scheme, as appropriate) shall, on or before the Payment Date, transfer to the Supplier's Broadly Comparable scheme (or NHS Pension Scheme) the Transfer Amount in cash, together with any cash or other assets which are referable to additional voluntary contributions (if any) paid by the Eligible Employees which do not give rise to salary-related benefits.

1.8 Credit for Transfer Amount

- 1.8.1 Subject to prior receipt of the Transfer Amount, by the trustees or managers of the Supplier's Broadly Comparable scheme (or NHS Pensions, as appropriate), the Supplier must procure that year-for-year day-for-day service credits are granted in the Supplier's (Broadly Comparable scheme (or NHS Pension Scheme), or an actuarial equivalent agreed by the Authority's Actuary (and NHS Pension Scheme Actuary) in accordance with Fair Deal for Staff Pensions as a suitable reflection of the differences in benefit structure between the NHS Pension Scheme and the Supplier's pension scheme.
- 1.8.2 To the extent that the Transfer Amount is or shall be insufficient to provide benefits in the receiving scheme on the basis set out in Clause 1.8.1 above, the Supplier shall be liable to make a top-up payment into the receiving scheme such that benefits shall be provided by the receiving scheme on the basis set out in Clause 1.8.1 above.

1.9 Premature Retirement Rights

- 1.9.1 From the Employee Transfer Date until the day before the Subsequent Transfer Date, the Supplier must provide Premature Retirement Rights in respect of the Eligible Employees that are identical to the benefits they would have received had they remained employees of an NHS Body or other employer which participates automatically in the NHS Pension Scheme.

1.10 Breach and Cancellation of any Direction Letter(s) and Right of Set-Off

- 1.10.1 The Supplier agrees that it shall notify the Authority if it breaches the terms of the Direction Letter. The Supplier also agrees that the Authority is entitled to make arrangements with NHS Pensions for the Authority to be notified if the Supplier breaches the terms of this Direction Letter.
- 1.10.2 If the Authority is entitled to terminate this Contract pursuant to Clause 15.5.5 of Schedule 2, the Authority may in its sole discretion instead of exercising its right under Clause 15.5.5 of Schedule 2 permit the Supplier to offer Broadly Comparable Pension Benefits, on such terms as decided by the Authority.
- 1.10.3 If the Authority is notified by NHS Pensions of any NHS Pension Scheme Arrears, the Authority shall be entitled to deduct all or part of those arrears from any amount due to be paid by the Authority to the Supplier having given

the Supplier five (5) Business Days' notice of its intention to do so, and to pay any sum deducted to NHS Pensions in full or partial settlement of the NHS Pension Scheme Arrears. This set-off right is in addition to and not instead of the Authority's right to terminate the Contract under Clause 15.5.5 of Schedule 2.

1.11 Compensation

1.11.1 If the Supplier is unable to provide the Eligible Employees with either:

- (i) membership of the NHS Pension Scheme (having used its best endeavours to secure a Direction Letter); or
- (ii) a Broadly Comparable scheme,

the Authority may in its sole discretion permit the Supplier to compensate the Eligible Employees in a manner that is Broadly Comparable or equivalent in cash terms, the Supplier having consulted with a view to reaching agreement any recognised trade union or, in the absence of such body, the Eligible Employees. The Supplier must meet the costs of the Authority in determining whether the level of compensation offered is reasonable in the circumstances.

1.11.2 This flexibility for the Authority to allow compensation in place of Pension Benefits is in addition to and not instead of the Authority's right to terminate the Contract under Clause 15.5.5 of Schedule 2.

1.12 Supplier Indemnities Regarding Pension Benefits and Premature Retirement Rights

1.12.1 The Supplier must indemnify and keep indemnified the Authority and any Successor against all Losses arising out of any claim by any Eligible Employee that the provision of (or failure to provide) Pension Benefits and Premature Retirement Rights from the Employee Transfer Date, or the level of such benefit provided, constitutes a breach of his or her employment rights.

1.12.2 The Supplier must indemnify and keep indemnified the Authority, NHS Pensions and any Successor against all Losses arising out of the Supplier (or its Sub-contractor) allowing anyone who is not an Eligible Employee to join or claim membership of the NHS Pension Scheme at any time during the Term.

1.12.3 The Supplier must indemnify the Authority, NHS Pensions and any Successor against all Losses arising out of its breach of this Part D of this Schedule 7 or the terms of the Direction Letter.

1.13 Sub-contractors

1.13.1 If the Supplier enters or has at the Commencement Date entered into a Sub-contract for delivery of all or part of the Services it shall impose obligations on its Sub-contractor in the same terms as those imposed on the Supplier in relation to Pension Benefits and Premature Retirement Benefits by this Part D of this Schedule 7, including requiring that:

- (i) if the Supplier has secured a Direction Letter, the Sub-contractor also secures a Direction Letter in respect of the Eligible Employees for their future service with the Sub-contractor as a condition of being awarded the Sub-contract; or

- (ii) if the Supplier has offered the Eligible Employees access to a pension scheme under which the benefits are Broadly Comparable to those provided under the NHS Pension Scheme, the Sub-contractor either secures a Direction Letter in respect of the Eligible Employees or provides Eligible Employees with access to a scheme with Pension Benefits which are Broadly Comparable to those provided under the NHS Pension Scheme and in either case the option for Eligible Employees to transfer their accrued rights in the Supplier's pension scheme into the Sub-contractor's Broadly Comparable scheme (or where a Direction Letter is secured by the Sub-contractor, the NHS Pension Scheme) on the basis set out in Clause 1.8 of Part D of this Schedule 7, except that the Supplier or the Sub-contractor as agreed between them, must make up any shortfall in the transfer amount received from the Supplier's pension scheme.

1.14 Direct Enforceability by the Eligible Employees

- 1.14.1 Notwithstanding Clause 30.8 of Schedule 2, the provisions of this Part D of this Schedule 7 may be directly enforced by an Eligible Employee against the Supplier and the Parties agree that the Contracts (Rights of Third Parties) Act 1999 shall apply to the extent necessary to ensure that any Eligible Employee shall have the right to enforce any obligation owed to him or her by the Supplier under this Part D of this Schedule 7 in his or her own right under section 1(1) of the Contracts (Rights of Third Parties) Act 1999.
- 1.14.2 Further, the Supplier must ensure that the Contracts (Rights of Third Parties) Act 1999 shall apply to any Sub-contract to the extent necessary to ensure that any Eligible Employee shall have the right to enforce any obligation owed to them by the Sub-contractor in his or her own right under section 1(1) of the Contracts (Rights of Third Parties) Act 1999.

1.15 Pensions on Transfer of Employment on Exit

- 1.15.1 In the event of any termination or expiry or partial termination or expiry of this Contract which results in a transfer of the Eligible Employees, the Supplier must (and if offering a Broadly Comparable scheme, must use all reasonable efforts to procure that the trustees or managers of that pension scheme must):
 - (i) not adversely affect pension rights accrued by the Eligible Employees in the period ending on the Subsequent Transfer Date;
 - (ii) within thirty (30) Business Days of being requested to do so by the Authority or Successor, (or if the Successor is offering Eligible Employees access to the NHS Pension Scheme, by NHS Pensions), provide a transfer amount calculated in accordance with Clause 1.6 of this Part D of this Schedule 7; and
 - (iii) do all acts and things, and provide all information and access to the Eligible Employees, as may in the reasonable opinion of the Authority be necessary or desirable and to enable the Authority and/or the Successor to achieve the objectives of Fair Deal for Staff Pensions.

Schedule 8

Expert Determination

1 Dispute Process

- 1.1 During any Dispute, including a Dispute as to the validity of the Contract, it is agreed that the Supplier shall continue its performance of the provisions of the Contract (unless the Authority requests in writing that the Supplier does not do so).
- 1.2 In the case of a Dispute the Supplier and the Authority shall make every reasonable effort to communicate and cooperate with each other with a view to resolving the Dispute and shall follow the procedure set out in this Schedule 8.
- 1.3 In the event of a Dispute either Party may serve a Dispute Notice on the other Party to commence formal resolution of the Dispute. The Dispute Notice shall set out:
 - 1.3.1 the material particulars of the Dispute; and
 - 1.3.2 the reasons why the Party serving the Dispute Notice believes the Dispute has arisen.
- 1.4 Following the service of a Dispute Notice the Parties shall first seek to resolve the Dispute by convening a meeting between the Authority's Contract Manager and the Supplier's Contract Manager (together the "**Contract Managers**").
 - 1.4.1 The meeting of the Contract Managers must take place within five (5) Business Days of the date of the Dispute Notice (the "**Dispute Meeting**").
 - 1.4.2 The Contract Managers shall be given ten (10) Business Days following the date of the Dispute Meeting to resolve the Dispute.
 - 1.4.3 The Contract Managers can agree to further meetings at levels 2 and/or 3, as referred to at Clause 5.1 of the Key Provisions in Schedule 1, in addition to the Dispute Meeting, but such meetings must be held within the ten (10) Business Day timetable set out in Clause 1.4.2 of this Schedule 8.
 - 1.4.4 If at any point it becomes clear that the timetable set out cannot be met or has passed, the Parties may (but shall be under no obligation to) agree in writing to extend the timetable. Any agreed extension to the timetable shall have the effect of delaying the start of the subsequent stages by the period agreed in the extension.
- 1.5 If the procedure set out in Clause 1.4 of this Schedule 8 has been exhausted and fails to resolve the Dispute either Party may request the Dispute be resolved by way of a binding expert determination (pursuant to Clause 1.6 of this Schedule 8). For the avoidance of doubt, the Expert shall determine all matters (including, without limitation, matters of contractual construction and interpretation) in connection with any Dispute referred to binding expert determination pursuant to Clause 1.6 of this Schedule 8.
- 1.6 Where the Dispute is referred to binding expert determination the following process will apply:
 - 1.6.1 The Party wishing to refer the Dispute to expert determination shall give notice in writing to the other Party informing it of its wish to refer the Dispute to expert determination and giving brief details of its position in the Dispute.
 - 1.6.2 The Parties shall attempt to agree upon a single expert (who must have no connection with the Dispute unless both Parties have consented in writing) (an "**Expert**"). For the avoidance of doubt, where the Dispute relates to contractual interpretation and construction, the Expert may be Queen's Counsel. In the event that the Parties fail to agree upon an Expert within five

- (5) Business Days following the date of the notice referred to in Clause 1.6.1 of this Schedule 8 (or if the person agreed upon is unable or unwilling to act), the Parties agree that the Expert will be nominated and confirmed to be appointed by the Centre for Effective Dispute Resolution.
- 1.6.3 The Expert must be willing and able to complete the expert determination process within thirty (30) Business Days of the Date of Final Representations (as defined in Clause 1.6.5 of this Schedule 8).
- 1.6.4 The Expert shall act as an expert not as an arbitrator or legal advisor. There will be no formal hearing and the Expert shall regulate the procedure as he sees fit.
- 1.6.5 The Parties shall each have the right to make written representations to the Expert and will, with reasonable promptness, provide the Expert with such assistance and documents as the Expert reasonably requires for the purpose of reaching a decision. Such representations must be made within twenty eight (28) Business Days of the Expert being appointed, or fourteen (14) Business Days after the last documents requested by the Expert have been provided to the Expert, whichever is the later (“**Date of Final Representations**”). Any documents provided to the Expert and any correspondence to or from the Expert, including email exchanges, shall be copied to the other Party simultaneously.
- 1.6.6 The Expert shall have the power to open up, review and revise any certificate, opinion, requisition or notice and to determine all matters in Dispute (including his jurisdiction to determine matters that have been referred to him).
- 1.6.7 The Expert may take such advice and assistance from professional advisers or other third parties as he reasonably considers appropriate to enable him to reach a determination of the Dispute and may issue orders that one or both of the Parties are to pay such third party costs, stating the proportion. For the avoidance of doubt, where the Expert is not Queen’s Counsel, and the Expert requires advice or assistance on matters of contractual interpretation and construction, the expert may take such advice and assistance from a third party Queen’s Counsel of their choosing under this Clause 1.6.7 of this Schedule 8. The Parties will pay any such third party costs incurred pursuant to this Clause 1.6.7 of this Schedule 8 in such proportions as the Expert shall order. In the absence of such order such third party costs will be paid equally.
- 1.6.8 The Expert shall provide the Parties with a written determination of the Dispute (the “**Expert’s Decision**”) within thirty (30) Business Days of the Date of Final Representations, which shall, in the absence of fraud or manifest error, be final and binding on the Parties.
- 1.6.9 The Expert’s Decision shall include reasons.
- 1.6.10 The Parties agree to implement the Expert’s Decision within five (5) Business Days of the Expert’s Decision being provided to them or as otherwise specified as part of the Expert’s Decision.
- 1.6.11 The Parties agree that the Expert shall be entitled to proceed to give his binding determination should one or both Parties fail to act in accordance with the procedural timetable set out above.

- 1.6.12 The Parties will pay the Expert's costs in such proportions as the Expert shall determine. In the absence of such determination such costs will be shared equally.
- 1.6.13 The Parties agree to keep confidential all information arising out of or in connection with the expert determination, including details of the underlying Dispute, except where disclosure is required by Law.
- 1.7 Nothing in this Contract shall prevent:
 - 1.7.1 the Authority taking action in any court in relation to any death or personal injury arising or allegedly arising in connection with the provision of the Services; or
 - 1.7.2 either Party seeking from any court any interim or provisional relief that may be necessary to protect the rights or property of that Party (including Intellectual Property Rights) or which relates to the safety of patients and other service users or the security of Confidential Information, pending the resolution of the relevant Dispute in accordance with the Dispute Resolution Procedure.
- 1.8 Subject to Clause 1.7 of this Schedule 8 neither Party may commence legal proceedings in relation to a Dispute until the dispute resolution procedures set out in this Schedule 8 have been exhausted. For the avoidance of doubt, either Party may commence legal proceedings to enforce the Expert's Decision.
- 1.9 This Schedule 8 shall survive the expiry of or earlier termination of this Contract for any reason.

1. Supplier as data processor

1.1 Purpose and scope

- 1.1.1 The purpose of this Clause 1 is to ensure compliance with Article 28(3) and (4) of the UK GDPR.
- 1.1.2 This Clause 1 applies to the Processing of Personal Data as specified in Table A.
- 1.1.3 Table A is an integral part of this Clause 1.
- 1.1.4 This Clause 1 is without prejudice to obligations to which the Controller is subject by virtue of the UK GDPR.
- 1.1.5 This Clause 1 does not by itself ensure compliance with obligations related to international transfers in accordance with Chapter V of the UK GDPR.

1.1 Invariability of Clause 1

The Parties undertake not to modify Clause 1, except for adding information to Table A or updating information in it.

This does not prevent the Parties from including the standard contractual clauses laid down in this Clause 1 in a broader contract, or from adding other clauses or additional safeguards provided that they do not directly or indirectly contradict Clause 1 or detract from the fundamental rights or freedoms of Data Subjects.

1.2 Interpretation

Where this Clause 1 uses the terms defined in the UK GDPR, those terms shall have the same meaning as in the UK GDPR.

This Clause 1 shall be read and interpreted in the light of the provisions of the UK GDPR.

This Clause 1 shall not be interpreted in a way that runs counter to the rights and obligations provided for in the UK GDPR or in a way that prejudices the fundamental rights or freedoms of the Data Subjects.

1.3 Hierarchy

In the event of a contradiction between this Clause 1 and the provisions of the Contract and/or related agreements between the Parties existing at the time when this Clause 1 is agreed or entered into thereafter, this Clause 1 shall prevail.

1.4 Description of the processing

The details of the Processing operations, in particular the categories of Personal Data and the purposes of Processing for which the Personal Data is Processed on behalf of the Controller, are specified in Table A.

1.5 Obligations of the Parties

Instructions

The Processor shall Process Personal Data only on documented instructions from the Controller, unless required to do so by Law to which the Processor is subject. In this case, the Processor shall inform the Controller of that legal requirement before Processing, unless the Law prohibits this on important grounds of public interest. Subsequent instructions may also be given by the Controller throughout the duration of the Processing of Personal Data. These instructions shall always be documented.

The Processor shall immediately inform the Controller if, in the Processor's opinion, instructions given by the Controller infringe the UK GDPR.

Purpose Limitation

The Processor shall Process the Personal Data only for the specific purpose(s) of the Processing, as set out in Table A, unless it receives further instructions from the Controller.

Duration of the Processing of Personal Data

Processing by the Processor shall only take place for the duration specified in Table A.

Security of Processing

The Processor shall at least implement the technical and organisational measures specified in Table A to ensure the security of the Personal Data. This includes protecting the data against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to the data. In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purposes of Processing and the risks involved for the Data Subjects.

The Processor shall grant access to the Personal Data undergoing Processing to members of its personnel only to the extent strictly necessary for implementing, managing and monitoring of the Contract. The Processor shall ensure that persons authorised to Process the Personal Data received have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.

Sensitive Data

If the Processing involves Sensitive Data as set out in Table A, or data relating to criminal convictions and offences, the Processor shall apply specific restrictions and/or additional safeguards as agreed between the Parties in Table A.

The Parties shall be able to demonstrate compliance with this Clause 1.

The Processor shall deal promptly and adequately with inquiries from the Controller about the Processing of data in accordance with this Clause 1.

The Processor shall make available to the Controller all information necessary to demonstrate compliance with the obligations that are set out in this Clause 1 and stem directly from the UK GDPR. At the Controller's request, the Processor shall also permit and contribute to audits of the Processing activities covered by this Clause 1, at reasonable intervals or if there are indications of non-compliance. In deciding on a review or an audit, the Controller may take into account relevant certifications held by the Processor.

The Controller may choose to conduct the audit by itself or mandate an independent auditor. Audits may also include inspections at the premises or physical facilities of the Processor and shall, where appropriate, be carried out with reasonable notice.

The Parties shall make the information referred to in this Clause 1, including the results of any audits, available to the Information Commissioner on request.

1.5.7 Use of Sub-processors

The Processor shall not subcontract any of its Processing operations performed on behalf of the Controller in accordance with this Clause 1 to a Sub-processor, without the Controller's prior specific written authorisation. The Processor shall submit the request for specific authorisation at least fourteen (14) days prior to the engagement of the Sub-processor in question, together with the information necessary to enable the Controller to decide on the authorisation.

Where the Processor engages a Sub-processor for carrying out specific Processing activities (on behalf of the Controller), it shall do so by way of a contract which imposes on the Sub-processor, in substance, the same data protection obligations as the ones imposed on the Processor in accordance with this Clause 1. The Processor shall ensure that the Sub-processor complies with the obligations to which the Processor is subject pursuant to this Clause 1 and to the UK GDPR.

At the Controller's request, the Processor shall provide a copy of such a Sub-processor agreement and any subsequent amendments to the Controller. To the extent necessary to protect business secret or other confidential information, including Personal Data, the Processor may redact the text of the agreement prior to sharing the copy.

The Processor shall remain fully responsible to the Controller for the performance of the Sub-processor's obligations in accordance with its contract with the Processor. The Processor shall notify the Controller of any failure by the Sub-processor to fulfil its contractual obligations.

The Processor shall agree a third party beneficiary clause with the Sub-processor whereby - in the event the Processor has factually disappeared, ceased to exist in law or has become insolvent - the Controller shall have the right to terminate the Sub-processor contract and to instruct the Sub-processor to erase or return the Personal Data.

1.5.8 International Transfers

Any transfer of data to a third country or an international organisation by the Processor shall be done only on the basis of documented instructions from the Controller or in order to fulfil a specific requirement under Law to which the Processor is subject and shall take place on the basis of an adequacy regulation (in accordance with Article 45 of the UK GDPR) or standard data protection clauses (in accordance with Article 46 of the UK GDPR). All transfers shall comply with Chapter V of the UK GDPR and any other applicable Data Protection Legislation.

The Controller agrees that where the Processor engages a Sub-processor in accordance with Clause 1.6.7. for carrying out specific Processing activities (on behalf of the Controller) and those Processing activities involve a transfer of Personal Data within the meaning of Chapter V of GDPR, the Processor and the Sub-processor can ensure compliance with Chapter V of the UK GDPR by using standard contractual clauses adopted by the Information Commissioner in accordance with Article 46(2) of the UK GDPR, provided the conditions for the use of those standard contractual clauses are met.

1.6 Assistance to the Controller

- 1.6.1 The Processor shall promptly notify the Controller if it receives a Data Subject Request. It shall not respond to the request itself, unless authorised to do so by the Controller.
- 1.6.2 The Processor shall assist the Controller in fulfilling its obligations to respond to Data Subject Requests to exercise their rights, taking into account the nature of the Processing. In fulfilling its obligations in accordance with Clauses 1.7.1 and 1.7.2, the Processor shall comply with the Controller's instructions.
- 1.6.3 In addition to the Processor's obligation to assist the Controller pursuant to Clause 1.7.2, the Processor shall furthermore assist the Controller in ensuring compliance with the following obligations, taking into account the nature of the data Processing and the information available to the Processor:

the obligation to carry out a Data Protection Impact Assessment where a type of Processing is likely to result in a high risk to the rights and freedoms of natural persons;

the obligation to consult the Information Commissioner prior to Processing where a Data Protection Impact Assessment indicates that the Processing would result in a high risk in the absence of measures taken by the Controller to mitigate the risk;

the obligation to ensure that Personal Data is accurate and up to date, by informing the Controller without delay if the Processor becomes aware that the Personal Data it is Processing is inaccurate or has become outdated; and

the obligations in Article 32 of the UK GDPR.

- 1.6.4 The Parties shall set out in Table A the appropriate technical and organisational measures by which the Processor is required to assist the Controller in the application of this Clause 1.7 as well as the scope and the extent of the assistance required.

1.7 Notification of Personal Data Breach

- 1.7.1 In the event of a Personal Data Breach, the Processor shall co-operate with and assist the Controller to comply with its obligations under Articles 33 and 34 of the UK GDPR, where applicable, taking into account the nature of Processing and the information available to the Processor.

1.7.2 Personal Data Breach concerning data Processed by the Controller

In the event of a Personal Data Breach concerning data Processed by the Controller, the Processor shall assist the Controller:

in notifying the Personal Data Breach to the Information Commissioner, without undue delay after the Controller has become aware of it, where relevant (unless the Personal Data Breach is unlikely to result in a risk to the rights and freedoms of natural persons);

in obtaining the following information which, pursuant to Article 33(3) of the UK GDPR, shall be stated in the Controller's notification, and must at least include:

the nature of the Personal Data including where possible, the categories and approximate number of Data Subjects concerned and the categories and approximate number of Personal Data records concerned;

the likely consequences of the Personal Data Breach; and

the measures taken or proposed to be taken by the Controller to address the Personal Data Breach, including, where appropriate, measures to mitigate its possible adverse effects.

Where, and insofar as, it is not possible to provide all this information at the same time, the initial notification shall contain the information

then available and further information shall, as it becomes available, subsequently be provided without undue delay.

in complying, pursuant to Article 34 of the UK GDPR, with the obligation to communicate without undue delay the Personal Data Breach to the Data Subject, when the Personal Data Breach is likely to result in a high risk to the rights and freedoms of natural persons.

1.7.3 Personal Data Breach concerning data Processed by the Processor

In the event of a Personal Data Breach concerning data Processed by the Processor, the Processor shall notify the Controller without undue delay after the Processor having become aware of the breach. Such notification shall contain, at least:

a description of the nature of the breach (including, where possible, the categories and approximate number of Data Subjects and data records concerned);

the details of a contact point where more information concerning the Personal Data Breach can be obtained; and

its likely consequences and the measures taken or proposed to be taken to address the breach, including to mitigate its possible adverse effects.

Where, and insofar as, it is not possible to provide all this information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

The Parties shall set out in Table A all other elements to be provided by the Processor when assisting the Controller in the compliance with the Controller's obligations under Articles 33 and 34 of the UK GDPR.

1.8 Non-compliance with Clause 1 and termination

1.8.1 Without prejudice to any provisions of the UK GDPR, in the event that the Processor is in breach of its obligations under this Clause 1, the Controller may instruct the Processor to suspend the Processing of Personal Data until the latter complies with this Clause 1 or the Contract is terminated. The Processor shall promptly inform the Controller in case it is unable to comply with this Clause 1 for whatever reason.

1.8.2 The Controller shall be entitled to terminate the Contract insofar as it concerns Processing of Personal Data in accordance with this Clause 1 if:

the Processing of Personal Data by the Processor has been suspended by the Controller pursuant to Clause 1.9.1 and if compliance with this Clause 1 is not restored within a reasonable time and in any event within one month following suspension;

the Processor is in substantial or persistent breach of this Clause 1 or its obligations under the UK GDPR;

the Processor fails to comply with a binding decision of a competent court or the Information Commissioner regarding its obligations pursuant to this Clause 1 or to the UK GDPR.

1.8.3 The Processor shall be entitled to terminate the Contract insofar as it concerns Processing of Personal Data under this Clause 1 where, after having informed the Controller that its instructions infringe applicable legal requirements in accordance with Clause 1.6.1(ii), the Controller insists on compliance with the instructions (provided that the Processor has clearly demonstrated the infringement by the provision of a legal opinion provided by a solicitor or barrister that both Parties can rely upon).

1.8.4 Following termination of the Contract, the Processor shall, at the choice of the Controller, delete all Personal Data Processed on behalf of the Controller and certify to the Controller that it has done so, or, return all the Personal Data to the Controller and delete existing copies unless the Law requires storage of the Personal Data. Until the data is deleted or returned, the Processor shall continue to ensure compliance with this Clause 1.

2. Parties as joint controllers

2.1 Where in Table A the Parties acknowledge that, for the purposes of the Data Protection Legislation, the Authority and the Supplier are Joint Controllers, this Clause 2 shall apply. The only Processing that a Joint Controller is authorised to do is listed in Table A of this Protocol by the Authority and may not be determined by the Supplier.

2.2 The Parties shall, in accordance with Article 26 of the UK GDPR, enter into a Joint Controller agreement based on the terms outlined in Annex 1.

3. Both data controllers

3.1 To the extent that the nature of the Supplier's obligations under the Contract means that the Parties are acting both as Controllers (as may be referred to in Table A), each Party undertakes to comply at all times with its obligations under the Data Protection Legislation and shall:

3.1.1 implement such measures and perform its obligations (as applicable) in compliance with the Data Protection Legislation; and

3.1.2 be responsible for determining its data security obligations taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of the Processing as well as the risk of varying likelihood and severity for the rights and freedoms of the Data Subjects, and shall implement appropriate technical and organisational measures to protect the Personal Data against unauthorised or unlawful Processing and accidental destruction or loss and ensure the protection of the rights of the Data Subject, in such a manner that Processing will meet the requirements of the Data Protection Legislation where Personal Data has been transmitted by it, or while the Personal Data is in its possession or control.

3.2 Where Personal Data is shared between the Parties, each acting as Controller:

- 3.2.1 the Data Transferor warrants and undertakes to the Data Recipient that such Personal Data has been collected, Processed and transferred in accordance with the Data Protection Legislation and this Clause 3;
- 3.2.2 the Data Recipient will Process the Personal Data in accordance with the Data Protection Legislation and this Clause 3; and
- 3.2.3 where the Data Recipient is in breach of its obligations under this Protocol and the Data Protection Legislation, the Data Transferor may suspend the transfer of the Personal Data to the Data Recipient either on a temporary or permanent basis, depending on the nature of the breach.

Guidance: there are limited requirements in the UK GDPR when Parties act as separate Controllers. Clause 3 above provides a sensible starting point. However, Authorities are advised to review the Information Commissioner's guidance ([ICO GDPR Guidance](#)) and consult their Information Governance team when considering whether further provisions or a separate data sharing agreement should be used.

4. Changes to this protocol

- 4.1 Any change or other variation to this Protocol shall only be binding once it has been agreed in writing and signed by an authorised representative of both Parties.

Annex 1 – Joint Controller Agreement

In this Annex the Parties must outline each party's responsibilities for:

- providing information to Data Subjects under Article 13 and 14 of the UK GDPR;
- responding to Data Subject Requests under Articles 15-22 of the UK GDPR;
- notifying the Information Commissioner (and Data Subjects) where necessary about Personal Data Breaches;
- maintaining records of Processing under Article 30 of the UK GDPR; and
- carrying out any required Data Protection Impact Assessment.

The Joint Controller agreement must include a statement as to who is the point of contact for Data Subjects. The essence of this relationship shall be published.

Situations where both parties act as Joint Controllers are likely to be relatively novel. Therefore, in such circumstances, it will be important to seek specific legal advice on the approach to the Joint Controller agreement. As part of this, you may wish to include an additional clause apportioning liability between the Parties arising out of data protection in respect of data that is jointly controlled.
