	is a manufacture of the control of t				

	PREAMBLE TO WORKS SECTION			
a	Where quantities are given in the description of an item they are for guidance only and must not be solely relied upon. The Contractor shall visit site and take such additional measurements as may be necessary to ascertain the full extent of the works. Whilst every effort has been made to accurately represent the works shown on the tender drawings these schedules are not necessarily measured in accordance with NRM2.	1 item		
b	Notwithstanding the written descriptions within this document, the Contractor shall fully examine the drawings and specifications and prices shall include for all work which is shown or that can be reasonably inferred from all of the Contract Documents read together.	1 item		
С	The rates and prices bid in the priced schedule shall, except insofar as it is otherwise provided under the Contract, include all Constructional Plant, labour, supervision, materials, erection, maintenance, insurance, profit, taxes, and duties, together with all general risks, liabilities, and obligations set out or implied in the Contract.	1 item		
d	The rates and prices given shall be deemed to include for all ancillary labours, accessories, components and all things necessary for the proper completion of the work item whether specifically detailed or not.	1 item		
е	A rate or price shall be entered against each item in the schedule, whether quantities are stated or not. The cost of Items against which the Contractor has failed to enter a rate or price shall be deemed to be covered by other rates and prices entered elsewhere in the schedule.	1 item		
f	No alteration shall be made to the text although the Contractor shall price here for any additional items shown on the drawings or identified in the specification which is not specifically itemised in this Section.	1 item		
9	Unless noted, as Provisional or Approximate , quantities will not be subject to remeasurement and are given to facilitate pricing only.	1 item		
	Total to Main Summary		£
