Ellesmere Town Hall

Repair of roof including application of liquid roof coating system

Ellesmere Town Council are proposing to remove all existing roof lights in the Town Hall building and overcoat the existing roof coverings with a liquid roof membrane. Tender documents will include a specification of works, simple roof plan and existing photographs. Estimated value of works approximately £80,000.00 plus VAT.

Tender documents will be issued early August. The tender period will be 4 weeks. Subject to Council approval and agreement with the appointed contractor works can commence from late September onwards.

Please submit expressions of interest to receive a tender pack or if you have any queries contact Andrew Downton of AJD Surveying Ltd who is managing the project on behalf of Ellesmere Town Council.
