2. Statement of Need

The Authority intends to provide Level 1 Regulations Awareness CDM2015 briefing course and Level 2 Client duty CDM2015 course via e-learning. However, it was identified that the Authority sought an independent supplier to provide on-site based training services for a range of professional courses over a nine month period, with particular emphasis on design and delivery of scheduled CDM courses.

These courses were identified as:-

Level 3a CDM 2015 for consents, agreements & licensing work Duration: ½ day

This is a face to face course and is for all those who work on agreements, consents, licensing work or other projects that are likely to attract Designer duty holder role responsibilities on behalf of the Authority.

This can include SSSI Responsible Officers, Land Management Advisers, Catchment Sensitive Farming Advisers, Marine Advisers, Wildlife Licensing Advisers, England Coast Path Advisers, Planning Advisers, Sustainable Development Advisers, staff involved with externally funded projects. NB: This list is not exhaustive

Requirement: Experience in role or role of similar nature.

**Level 3b CDM 2015 for National Nature Reserve (NNR) duty holder roles

Requirement: Experience in role or role of a similar nature working on relevant construction projects.

Level 4 APS Management of Pre-Construction Health and Safety Duration: 3 days

This is a public course for those who may need to take on the Principal Designer role on behalf of the Authority. It is not expected that the Authority will require a large number of people for such roles as external specialist advice will in most cases be made available. See Appendix A for outline.

Therefore, the purpose of the Agreement is for the Supplier to provide the following:

1. Approximately 24 x 0.5 day Level 3a events on CDM designer duties for those involved with agreements, license applications and consents – times 10:30 – 15:00 (includes 30 min lunch)

7. A member of the Authority's H&S team may attend each training session. Where the Authority's H&S team cannot attend, they will assign a course contact to liaise with the Supplier to collect any questions that have arisen during the training course for the Authority to answer. The Authority will provide copies of our Policy documents, photographs and e-learning to the training provider to assist them in tailoring to our needs in advance.

Please note that the volumes of training courses set out above are indicative only and there will be no guaranteed level of work under this contract.

3. Training Requirements

3.1 The above courses will be held at the Authority's classroom based training sites

3.2 It is envisaged that face to face training will be the primary method of delivery. Initial preference is for an interactive workshop where participants are active in both discussion and practice of the technique/skills that are being explored. The inclusion of examples are also requested to make learning as 'real life' as possible. Our evaluation of training has shown our learners respond better to this blended approach.

3.3

[REDACTED]

3.4 The provider is expected to identify a trainer to best meet our needs and supply a short summary of their previous experience alongside the skills and capabilities they demonstrate which will enrich the learning experience.

4 Service Level Agreements (SLAs) and Measures

4.1 The Supplier will issue a standard evaluation to delegates post training to gain an understanding of the knowledge increase gained and their views on content and training delivery. The results will be shared with the Authority. We would prefer delegates to be issued with only 1 survey therefore we are open to incorporate any questions you may like answered but we reserve the right to make the final decision.

4.2 The following service level agreements will be applied and monitored throughout the length of the awarded contract. However as and when any concerns arise the Authority will hold an informal review meeting and give the provider the opportunity to put measures in place to make improvements.

4.3 Official reviews will be held every 3 months depending on training activity during that period to encourage best practice and discuss any areas of concern.

4.4 If SLA(s) performance continues below the service level threshold after the review meeting the Authority reserves the right to terminate the provider's contract.
