ANNEX 2 - SPECIFICATION

AUTHORITY: The Secretary of State for the Home Department

Statement of Requirements

Mindfulness Training

Date: June 2023

1. Background

- 1.1. Research is clear that asylum seekers and refugees suffer higher rates of depression, post-traumatic stress disorder and psychosis, and suicide rates are higher for refugees.²
- 1.2. For the majority of vulnerable asylum-seeking adults, the Home Office does not hold statutory responsibility for identifying and providing access to mental health services. The Home Office's focus is on identifying vulnerable customers and escalating issues of concern to relevant statutory authorities, including social services and medical practitioners. We support and encourage registration with a GP which will ensure the customer is on the pathway towards formal medical support for their needs. Registration with a GP is voluntary however and as such some customers may not start their health journey whilst awaiting a decision on their asylum claim.
- 1.3. The Home Office is committed to supporting and stabilising the mental health and wellbeing of vulnerable asylum seeking adults to reduce the likelihood of harm to the individual or wider society. Most recently (2022) this commitment has been reflected by the provision of the Asylum Seeker Therapeutic Support Grant.
- 1.4. By way of supplement and to prevent the escalation of mental health issues in asylum accommodation, in August 2022 the Home Office Mental Health and Wellbeing Team commissioned the Home Office's Policy and Innovation Lab (Colab) to conduct user-centred research into how to improve mental health and wellbeing in initial asylum accommodation.
- 1.5. The report was completed and presented in January 2023 with recommendations addressing the following key areas:
 - 1.5.1. Sleep;
 - 1.5.2. Purpose and Activity;
 - 1.5.3. Agency;
 - 1.5.4. Certainty and Transparency;
 - 1.5.5. Community; and
 - 1.5.6. Direct Mental Health Support.
