 - 2.2.9. it complies with Schedule 16 of the Framework Agreement and any additional governance and/or management and reporting requirements specified in individual Call Off Orders.

- 2.4. The Contractor must have expert understanding of the underpinning frameworks and evidence base of the Initial Teacher Training Core Content Framework (ITT), the Early Career Framework (ECF), reformed National Professional Qualifications (NPQs) and the new National Leaders of Education Development Framework (NLEs). It must also demonstrate an expert understanding of the evidence base on effective teacher development.

- 2.7. All plans must contain contingency measures in the event that any key personnel leave the organisation.

3. **SETTING UP THE INSTITUTE'S DELIVERY MODEL, INCLUDING ITS REGIONAL CAMPUSES**

Delivery model and Sub-Contractors

- 3.1. The Institute must be a national organisation that operates through at least four regional Campuses, as set out in 3.8. In this context, “national organisation” reflects the scope and reach of the Institute as a whole – for example, its role in developing and sharing best practice will support teacher development Providers across the country. It does not mean that the Institute must deliver face-to-face training in every part of the country.
- 3.2. The Contractor’s delivery model must ensure that the Institute can fulfil its role, both (a) as an exemplary deliverer of ITT, the ECF, NPQs and NLE training, and (b) in supporting other organisations to understand and implement best practice in teacher development delivery.
- 3.3. The Contractor’s delivery model must clearly set out how each of the Institute’s functions will be delivered; who will be involved in delivering those functions; where accountability will lie for each element; and the rationale for these happening at the determined level. The Contractor’s delivery model must also set out how the Institute will operate through its Campuses. Functions or activities might be delivered on a national, regional or local level. Some might be delivered face-to-face and others might be virtual; some might use a blended approach.
- 3.4. The Contractor is permitted to use Sub-Contractors, and work with other partners, as part of its delivery model. These could include relevant organisations such as Teaching School Hubs, ITT Providers and ECF and NPQ Lead Providers and Delivery Partners. Such partners (and any other partner that is classed as being essential to the delivery of the Services) will be classed as Key Sub-Contractors and the minimum selection criteria that apply are set out in Table 1 below.

Table 1: Minimum selection criteria for different types of Key Sub-Contractors	
Commercial organisations, charities, Higher Education Institutions and consultants	Schools, trusts and ITT Providers
Potential Sub-Contractors must: i. meet with the same assessment criteria as the Contractor is subject to in respect of parts 1 & 2 of the Selection Questionnaire; ii. have no unmanageable conflicts of interest or reputational risk to the Department or the Institute; iii. have no unresolved performance issues on any contract they have with the Department.	Potential Sub-Contractors must: i. demonstrate sustained high performance for all pupils; ii. demonstrate fidelity to the ITT, ECF and NPQ frameworks as appropriate; iii. be graded Good or Outstanding for overall effectiveness by Ofsted; iv. have no unmanageable conflicts of interest or reputational risk to the Institute; v. have no unresolved performance issues.

- 3.5. The Contractor must include details of all of their proposed Sub-Contractors in their Delivery Solution which are submitted with each Quotation.
- 3.6. The Department reserves the right to undertake due diligence on any Sub-Contractors or partner organisations in the Contractor’s delivery model, to ensure compliance with the minimum criteria in Table 1. Clause 7 of the Call Off Contract set out the provisions relating to Sub-Contractors (including removal thereof in accordance with Clause 7.12).

- 3.7. One of the Institute's principal roles is to support and promote teacher development delivery across the sector. This means that other Teacher Development Providers must be able to understand and emulate how the Institute delivers ITT, the ECF and NPQs in an exemplary way. To enable this, the Contractor must publish details of its approach and delivery model online.

The Institute's Campuses and where they are located

- 3.8. The Institute must operate four (or more) Campuses.
- 3.9. In respect of the Contractor's choice of Campus and their locations, the following applies:

3.9.1. It is not a requirement for the Institute to have a specific base or headquarters but if the Contractor's delivery model includes a base or headquarters, this must not be in London.

3.9.2. The base or headquarters may be one of the Institute's Campuses.

3.9.3. One of the Campuses must be in one of the following regions: North East, North West, Yorkshire and the Humber¹.

3.9.4. No more than one of the Institute's Campuses may be in London.

- 3.10. The Campuses shall be in the following locations:

3.10.1. location 1 – Institute of Teaching North West;

3.10.2. location 2 – Institute of Teaching North East;

3.10.3. location 3 – Institute of Teaching London & South East;

3.10.4. location 4 – Institute of Teaching Midlands & South West;

The Contractor's headquarters is located at Tauheedul Islam Girls' High School, Blackburn. Each Campus will have a regional anchor, (a "**Foundation College**") as set out in 3.10.5 to 3.10.8 below. The role of each Foundation Colleges is further described in Schedule 18 Q1a: Setting up the Institute.

3.10.5. location 1 – Star Academies;

3.10.6. location 2 – Outwood Grange Academies Trust;

3.10.7. location 3 – Harris Federation;

3.10.8. location 4 – Oasis Community Learning;

- 3.11. In accordance with the requirements around exemplary delivery (section 7), the Institute must deliver its ITT, ECF and NPQ training programmes in all Campus areas. At least 15% of the Department's minimum target numbers for the ITT, ECF and NPQ programmes must be allocated to each Campus. For example, with four Campuses, each Campus must therefore be allocated at least 150 ITT Participants, 300 ECTs and their Mentors, and 150 NPQ Participants. In this

¹ The regions are: North East, North West, Yorkshire and the Humber, East Midlands, West Midlands, East of England, London, South East and South West. As defined by the Office for National Statistics: <https://www.ons.gov.uk/methodology/geography/ukgeographies/administrativegeography/england>

context, “allocated” does not mean that the Campuses are where all face-to-face training must take place. Instead, all Participants and trainees will belong to a Campus in some way, perhaps as part of a regional Cohort.

- 3.12. The Contractor is not permitted to change any of the Campuses, as set out in paragraph 3.10 above, without the express prior written agreement of the Department under a Variation in accordance with Schedule 5 of the Call Off Contract. In the event the Contractor proposes to change or add to any of its Campuses, it must consider and comply with the requirements set out in section 3 of this Service Specification.
- 3.13. The Contractor’s delivery model and choice of Campus locations must always take account of the following:
 - 3.13.1. local need, including where the Institute is most likely to benefit disadvantaged schools and Cohorts, and where additional high-quality capacity is most needed;
 - 3.13.2. ability for the Institute to be successful in delivering in these areas;
 - 3.13.3. how the Institute will work collaboratively to add to the capacity in those areas. This includes taking into account other organisations operating there such as Teaching School Hubs. Teaching School Hubs may form part of the Institute’s delivery model as a Sub-Contractor and/or Campus.
- 3.14. The Contractor should continually assess, monitor and reflect underrepresented geographical areas of particular need within its strategy for growing the programme.
- 3.15. The Department reserves the right post Framework Award to specify more targeted requirements, constraints or geographical preferences relative to the Institute’s Campuses to ensure they are delivering on the strategic aims and objectives of improving education standards in all areas. Any changes to this section 3 (or any others that are relative to the Institute’s Campuses and locations thereof) must be agreed under a Variation in accordance with Schedule 5 (Contract Change Procedure).

4. **NOT USED**

5. **SCHOOL AND PARTICIPANT SELECTION**

- 5.1. The Institute will work with schools that provide in-school training experiences and placements for ITT trainees; schools where ECF Participants are based; and schools where NPQ Participants are based.
- 5.2. As set out in our definition of exemplary delivery and in accordance with section 7, the Contractor must develop models of school partnership and placement that maximise the impact of school-based training experiences. The Contractor must work with a diverse range of schools, with a clear focus on:

Schools serving disadvantaged areas and Cohorts

- 5.2.1. The Institute is expected to work with schools serving disadvantaged areas and Cohorts across the delivery of all its programmes:
 - (1) for the ECF, of the minimum number of ECTs and their assigned mentors recruited onto the programme, 22% must come from schools where at least 40% of pupils are eligible for Pupil Premium.

- (2) for all NPQs (Specialist and Leadership), targeted funding will be provided for teachers employed by an “Eligible Establishment” in England, i.e. one that is within the top 30th percentile in relation to pupils on Pupil Premium, as of the end of the previous academic year. For a list of Eligible Establishments see the Table 5 in this Specification. The Department reserves the right to amend criteria (and those establishments listed in Table 5) in respect of what constitutes an Eligible Establishment from time to time. Only eligible teachers will receive Department funded training. The Scholarship Funding Criteria that applies to all Department funded Call Off Contracts which include NPQ service delivery is as set out in paragraph 13.2, Table 4.
- (3) for ITT, of the minimum number of ITT trainees recruited onto the programme, at least 5% must spend at least half of their placement time in a school where at least 40% of pupils are eligible for pupil premium.

Schools not affiliated with the Institute’s parent organisations.

- 5.2.2. The Institute is expected to engage with a range of schools and not solely rely on schools that are within any trust involved in running the Institute. From September 2022, the Institute must ensure that, across all Campus locations, at least 65% of schools, where ECF or NPQ Participants work, are not part of a trust that is involved in running the Institute or delivery of the Services.
- 5.3. The Contractor is encouraged to work with schools that have limited engagement with ITT. The Institute should aim to work with at least some schools that have no history or an inconsistent history of offering ITT placements for trainees.
- 5.4. The Institute’s school selection model must reflect national demand and ensure it is not heavily focussed in areas already targeted by multiple Lead Providers as appointed to the ECF and NPQ Frameworks.
- 5.5. The Department reserves the right to amend and add further school targeting requirements to ensure alignment with future departmental priorities.
- 5.6. The Contractor must:
 - 5.6.1. establish and operate robust, unbiased recruitment, selection and admission policies, focussed recruiting high quality and diverse trainees;
 - 5.6.2. establish and operate robust deferral and withdrawal policies that take account of Management Information required by the Department;
 - 5.6.3. ensure policies are transparent, reliable, inclusive and support social mobility;
 - 5.6.4. assess teachers before registration, to ensure suitability and commitment to the programme; and
 - 5.6.5. undertake eligibility checks – e.g. for NPQ Scholarship Funding Criteria (see section 13).

2 PART B: DELIVERY REQUIREMENTS

7. EXEMPLARY DELIVERY REQUIREMENTS

7.1. The Institute must meet the requirements of existing ITT, ECF and NPQ Lead Providers, and of the NLE development programme, as described in this Service Specification in sections 8-11. It must deliver training in a manner that demonstrates high fidelity to the frameworks underpinning the programmes it is delivering (i.e. the ITT Core Content Framework, the ECF, NPQ and NLE frameworks, as well as the Department standard for teachers' professional development²).

7.2. The Contractor must design and deliver all of its teacher development programmes (ITT, ECF, NPQs and NLE) in an exemplary way. This means that the Contractor must:

7.2.1. Exemplify how ITT, ECF, NPQs and NLE programmes can be designed, sequenced and delivered as part of an overall coherent teacher development journey from trainee through to executive headship, and subsequently to system leadership.

- a) It will ensure programmes are designed and delivered to introduce knowledge and practise experiences at appropriate times for maximum efficiency and impact. The Institute will design programmes to create an overall progression model where Participants gradually and deliberately build their expertise over time. The Institute will use of a range of methods to achieve this, carefully and intentionally orchestrating these as part of the overall programme design.
- b) It will create a consistent and coherent shared body of knowledge, language and expectations understood by all Participants across different programmes.

7.2.2. Use expert understanding of evidence to inform and implement teacher development delivery approaches.

- a) It will have a deep and nuanced understanding of the existing evidence on teacher development, including the evidence underpinning the NPQ for Leading Teacher Development. It will use this understanding to make informed judgements about how to deliver effective teacher development. The Institute will be able to identify where strength of evidence supports an approach being implemented with high fidelity. The Institute will also identify opportunities to build the evidence base by regularly reviewing literature, liaising with other experts and practitioners, and running trials on approaches to delivery. This could include applying learning from cognitive science or behavioural science to teacher development and the testing of cutting-edge delivery approaches, where appropriate.
- b) It will demonstrate how it will constantly learn and adapt in light of new evidence. The Institute will monitor the effectiveness of its programmes through rigorous ongoing monitoring and evaluation, demonstrating a commitment to evidence-informed practice, continuous improvement, and innovation.
- c) It will focus on identifying and developing approaches that support

² <https://www.gov.uk/government/publications/teachers-standards>

teachers to improve their practice with maximum effectiveness and efficiency prioritising delivery approaches that are scalable and reliable, as well as learning about how to successfully scale approaches.

- d) It will focus on how it can use evidence to develop approaches that will work for all pupils, especially those from disadvantaged backgrounds.
- e) It will develop and exemplify the most effective approaches for contextualising teacher development to meet the needs of all Participants, accounting for their subject, phase, and setting.

7.2.3. Create a world-leading faculty.

- a) It will ensure that trainees and teachers have access to leading specialists, expert colleagues and high-quality subject and phase experts including those with proven track records of achieving exceptional pupil outcomes.
- b) It will build a cadre of exceptional teacher educators. Develop new models for recruiting, selecting, and training mentors/teacher educators who are exceptional teachers, as well as highly trained teacher educators. The Institute will lead the way in raising the status of teacher education and teacher educators in schools, in alignment with the NPQ for Leading Teacher Development.
- c) It will create a growing community of teachers and leaders who have undergone training and development through the Institute with a shared commitment to improving the quality of evidence-informed teaching in schools.

7.2.4. Develop models of school partnership and placement that maximise the impact of school-based training experiences.

- a) It will ensure that the school-based elements of training are of the highest quality.
- b) It will design and deliver programmes that ensure seamless coherence and alignment between in-school and centre experience. Sequenced theoretical content must be seamlessly interwoven with, and supported by, structured and sequenced opportunities to observe, deconstruct and practise aspects of effective teaching. There must be opportunities to receive informed, targeted, aligned, consistent and actionable feedback, enabling progression to more complex knowledge and practise.
- c) It will exemplify how participation in teacher development can drive school improvement in a wide range of schools, including schools who have historically been less involved in ITT and teacher development programmes.

7.2.5. Exemplify delivery approaches that meet the needs of all Participants.

- a) It will ensure that training is designed and delivered to promote a sustainable approach to teacher workload and wellbeing.
- b) It will design and deliver training in a way that supports the diversity of the teaching workforce, enabling Participants from all backgrounds to thrive in their careers. (For example, ensuring delivery is compatible with flexible working).

- 7.3. The Contractor will meet the requirements of exemplary delivery as set out in the Contractor's Final Tender submission in Schedule 18 of the Framework Agreement, Q2a – Q2e inclusive.
- 7.4. If the Contractor requires flexibility on specific delivery requirements below in order to fulfil the Institute's purpose as an exemplary deliverer of teacher training and development, these will be considered by the Department on a case-by-case basis.

The Contractor's Delivery Solution for exemplary ECF, NPQ and NLE Services

- 7.5. The Contractor delivers the Call Off Contract in accordance with its Delivery Solution included in Schedule 1 Part 2 (the Contractor's Solution).

9. **NOT USED**

10. NATIONAL PROFESSIONAL QUALIFICATION REQUIREMENTS

Overall requirements

- 10.1. As part of its exemplification of the teacher development pathway, the Contractor must design and develop the reformed suite of NPQs and the Early Headship Coaching Offer for New Head Teachers in an exemplary way, to be delivered in line with the requirements below as well as those outlined in section 7. The entire suite of NPQs and the Early Headship Coaching Offer for New Head Teachers must be available for delivery from September 2023, this includes the NPQ for Early Years Leadership and the NPQ for Leading Literacy, however it is not essential that the entire suite be available for delivery in the first year, from September 2022.
- 10.1A The suite of NPQs is subject to review and may be amended from time to time. The content frameworks for all current NPQ frameworks is published here: <https://www.gov.uk/government/publications/national-professional-qualifications-frameworks-from-september-2021>. The Contractor may be required to submit Quotations to deliver newly developed NPQs during the contract period of the Framework Agreement.
- 10.2. This NPQ programme must be distinct from, and additional to, any NPQ programmes that organisations are delivering elsewhere. This means that the reformed suite of NPQ programmes as a whole must differ in some way from existing programmes. It also means that the NPQ Participants that the Institute trains cannot be counted as part of any other organisation's NPQ delivery. However, some elements from other, existing programmes (e.g. curriculum materials) may be utilised as part of the Institute's NPQ offer.
- 10.3. The Contractor must recruit and deliver training to a minimum of **one thousand NPQ Participants** each year, from the academic year starting in September 2022 and, subject to the Institute's performance, capacity and future budget being secured, deliver as a minimum a further 1,000 NPQ places annually. This is subject to future spending review and confirmation as part of the Call Off process. The Department at its absolute discretion reserves the right to amend these numbers, to ensure they remain reflective of take up levels of the programme, the balance between supply and demand, and the Institute's capacity.

NPQ programme length and timings

- 10.4. The Contractor must design exemplary training in accordance with the requirements set out in the table below:

NPQ Training Durations			
Qualification Type	Taught Course Duration	Summative Assessment Period	Total Duration
Specialist NPQs (including NPQ for Leading Literacy)	12 months	3 months	15 months
Leadership NPQs (including NPQ for Early Years Leadership)	18 months	3 months	21 months*
NPQH	18 months With flexibility to extend by up to 6 months for teachers new to the role of headship	3 months	21 months Up to 27 months for teachers new to the role of headship

- 10.4.1. For the Leadership NPQs that commence in a February, the assessment window will begin a month after the NPQ content delivery concludes to prevent an assessment window that falls in August.
- 10.5. The content detailed in the NPQ Content Frameworks must be covered within the taught course duration. Following this, the Contractor has 3 months to deliver, mark and moderate the Summative Assessment, including working with the national moderator. The Contractor must ensure that teachers are awarded their final mark within the total timeframe.
- 10.6. The Department will fund two Cohorts for each NPQ in any one academic year:
- 10.6.1. the Autumn Cohort which must commence during term time by end of October;
- 10.6.2. the February Cohort must commence during the first working week of February.
- 10.7. The Contractor must ensure all Participants registered for a NPQ receive an induction, so they are suitably prepared to commence the training, i.e. ensuring Participants have access to the relevant systems to enable them to access materials.
- 10.8. It is the Department's intention that all Participants will be required to register with a Central Digital Platform as described in section 19 of this Specification.
- 10.9. The Contractor must deliver the training substantially within school term dates and is expected to maximise attendance/engagement by being mindful of key dates within the school year such as SATs and GCSE exam dates, as well as religious holidays.

NPQ content and design

- 10.10. The Contractor must ensure that each of the NPQ curricula and content it designs is in accordance with and includes all of the knowledge and skills outlined in the relevant NPQ Content Framework.
- 10.11. The Contractor must ensure that the content for the NPQ training works for all Participants, regardless of subject, phase, or context. This can either be via a universal programme of content suitable for all eligible Participants drawing from a range of subjects, phases and contexts or separate sets of content which are subject, phase and/or context specific.
- 10.12. The Contractor must ensure that the NPQ for Leading Teaching and Leading Literacy, includes the use of evidenced-informed, tailored subject or phase specific exemplification materials embedded into the training. This is to ensure Participants develop expert teaching practice in their relevant context.
- 10.12A The Contractor must ensure that the NPQ for Early Years Leadership includes the use of evidence-informed, tailored, context-specific exemplification materials embedded into the training. This is to ensure current and aspiring early years leaders develop expertise in early years practice and leadership in their relevant context.
- 10.13. The Contractor must develop high-quality training materials that cover all the content in the relevant NPQ Content Framework, making use of evidence of effective pedagogy and the materials should be revised over time to reflect emerging evidence and outcomes.
- 10.14. The Contractor must ensure that the taught materials are informed by current research and international best practice and in accordance with the exemplary delivery requirements in section 7 of this Specification.
- 10.15. The Contractor must ensure that as a minimum the design of the course meets the minimum hours criteria set out in the table below:

NPQ Minimum Hours Requirements			
Qualification Type	Minimum Overall Hours	Minimum Synchronous Delivery	Minimum In Person Delivery
Specialist NPQs	50 hours	20 hours	8 hours
Leadership NPQs	75 hours	30 hours	12 hours

- 10.16. To meet the minimum overall hours requirements, the Contractor should calculate the total amount of time that Participants will need to complete the programme, including using self-study materials and completing Formative Assessments, but not including personal revision time for the Summative Assessment.
- 10.17. Synchronous delivery includes in person (i.e. face to face) delivery as well as other live sessions (i.e. online lectures/seminars, group work and mentoring).
- 10.18. The table above sets out the minimum hour requirements, not guide amounts, and in all cases the Contractor will need to cover all the knowledge and skills in the NPQ Content Frameworks. As such, the Contractor may design training of different lengths within the Specialist or Leadership categories (i.e. NPQH may require more hours than NPQSL). The Contractor must ensure that the delivery of its training takes into account teacher workload considerations.

NPQ assessment

- 10.19. To pass an NPQ, a Participant must meet the following criteria:
 - 10.19.1. engage with 90% of the course (exact requirements to be determined by the Contractor);
 - 10.19.2. submit and pass one Summative Assessment.
- 10.20. Throughout the programme, the Contractor is required to ensure that Participants take part in Formative Assessment, and the results of this should feed into future delivery.
- 10.21. The Contractor must design an assessment process to measure Participant engagement in the course.
- 10.22. The Contractor must provide Participants at the start of their training with a complete list of course elements that will count towards participation metrics and set out how participation in those elements will be measured. These could include, but are not limited to, face to face sessions, webinars, and self-directed study. They must, however, include Formative Assessment activities.
- 10.23. The Contractor must ensure that they comply with its legal obligations under the Equality Act 2010. The Contractor must make adjustments to ensure that course elements, including attendance at core sessions, can be adapted for Participants with protected characteristics/additional needs.
- 10.24. The Contractor must prepare NPQ Summative Assessments that:
 - 10.24.1. take the form of a case study;
 - 10.24.2. are a minimum of 2,000 words in length;
 - 10.24.3. only cover content referred to in the relevant NPQ Content Framework;
 - 10.24.4. represent a likely situation to be faced by a teacher at the relevant NPQ qualification level or role;
 - 10.24.5. allow Participants to demonstrate their understanding of the relevant NPQ Content Framework and offer them an opportunity to demonstrate that they can successfully apply this;
 - 10.24.6. test Participants on a variety of both 'learn that' and 'learn how to' statements from within the relevant NPQ Content Framework;
 - 10.24.7. are accompanied by a unique and specific mark scheme setting out what constitutes a 'pass' and a 'fail', ensuring marks are awarded for both 'learn that' and 'learn how to' statements of the relevant NPQ Content Framework.
- 10.25. The Contractor must create and set a new and different case study and corresponding mark scheme for each Cohort for every NPQ to limit the risk of plagiarism. The Contractor must ensure that all Sub-Contractors use the same assessment where the Cohort/qualification level is the same. The Contractor develops an initial batch of case studies in accordance with 10.25.1 below:
 - 10.25.1. the Contractor must develop and submit six case studies and mark schemes for each NPQ level (total of 48) under the First Call Off Contract. In addition, should a Call Off contract be awarded in Years 4, 5

and 6 of the Framework Agreement, the Contractor must develop further case studies and mark schemes for each NPQ level equivalent to the numbers of Cohorts that are included in Call Off Contract after Year 4.

- 10.26. The Contractor must deliver the Summative Assessment to all Participants after the course content has been delivered:
 - 10.26.1. The assessment windows for Specialist NPQs are 1st October - 31st January, and 1st February to 30th April, excluding weekends and Bank Holidays;
 - 10.26.2. The assessment windows for Leadership NPQs are 1st April - 30th June, and 1st September to 30th November, excluding weekends and Bank Holidays. For the Leadership NPQs February Cohort, the assessment window will begin a month after the NPQ content delivery concludes to prevent an assessment window that falls in August.
- 10.27. Participants will be allowed an eight-day window to provide a written response of a maximum of 2,500 words for the case study in an 'open book' setting. It shall be for the Participant to determine whether they wish to utilise the full word count within their written response. Participants should receive the unseen case study question at the start of the eight-day window (exact timing to be determined by the Contractor) and submit their response by midnight of the eighth day.
- 10.28. The Contractor must provide Participants, at the start of their training, with the dates of the Summative Assessment so Participants can plan for this with their schools.
- 10.29. The Contractor must develop mechanisms for accurately measuring and reporting participation rates in the Summative Assessment task and have mechanisms and strategies for improving low participation rates.
- 10.30. The Contractor must develop mechanisms for accurately moderating Summative Assessment answers to ensure faithful and consistent application of the mark scheme across Sub-Contractors. Additionally, the Contractor will work with the Department and/or its External Bodies to ensure a sample of up to 10% of Summative Assessment submissions are externally moderated. The Contractor must ensure that the assessment submission is able to be shared in a format that is compatible with the MS Office software suite.
- 10.31. The Contractor must develop and implement a policy which outlines mechanisms to mitigate the risk of plagiarism. This must include the use of software to detect plagiarism and detail how suspected cases of plagiarism will be investigated and addressed.
- 10.32. The Contractor must design a delivery model that promotes impartiality relating to the Assessment Function. This must include an 'ethical wall' whereby individuals involved in the delivery of NPQs are separate to the individuals involved in assessment (even if they are within the same organisation), but may also include other measures such as anonymised submissions. The Contractor may engage a Sub-Contractor specifically to complete the Assessment Function for some or all of its delivery, but this is not required.
- 10.33. The Contractor must communicate the moderated outcome of the Summative Assessment (pass or fail) to the Participants within three months of submission of their submission.
- 10.34. The Contractor must allow Participants to re-sit the Summative Assessment up to

a total of one additional time, in the event they fail the first assessment.

- 10.35. The Contractor will be funded only to develop one assessment task per Cohort and so, to ensure case studies remain unseen prior to assessment, it is recommended that resits are administered at the same time as the next Cohort of the same qualification, using the case study prepared for the next Cohort.
- 10.36. If the Contractor does not have a Call Off for the next Cohort, it should administer the re-sit no later than 6 months after the Participant received their original result, using the case study/mark scheme that would have been used for the next Cohort. The cost associated with any re-sits will not be paid separately.
- 10.37. At the end of each Cohort, the Contractor must confirm with the Department for each Participant whether they fulfilled the two assessment requirements (participation metrics and the Summative Assessment) and therefore whether they were awarded the qualification.
- 10.38. Subject to the Contractor confirming that a Participant has passed the assessment requirements, a certificate will be made available for Participants to download from the Department's teacher self-service portal.
- 10.39. The Contractor must ensure that, if NPQH delivery is extended for a Participant taking the NPQH in their first two years of headship, Summative Assessment takes place during an appropriate assessment window, as outlined at paragraph 10.26, and is subject to the same moderation procedures.

Appeals

- 10.40. The Contractor must design a policy for, and operate, a fair and accessible appeals process, that can be shared with the Department on request. Where the cause for appeal relates to the marking of the Summative Assessment (including re-sits), the process must involve a minimum of one person not involved in the original marking and moderation. The policy must also cover cases where the cause of appeal relates to participation metrics (for example, a Participant believes there has been an administrative or technical error in recording engagement).
- 10.41. The Department and/or its External Body working on its behalf will be the final arbiter if all processes internal to the Contractor have been exhausted. The Contractor must endeavour to resolve appeals within a reasonable time period, and the Department therefore expects internal procedures would take no longer than 3 months from the date the appeal is submitted by the Participant.
- 10.42. A Participant's decision to appeal must not affect their ability to re-sit the Summative Assessment up to one additional time.
- 10.43. The associated cost of handling any appeals will be borne by the Contractor at its own expense.

Early Headship Coaching Offer for New Head Teachers

- 10.44. The Contractor must develop and deliver an exemplary, tailored, face-to-face support offer for New Head Teachers taking the NPQH in their first five years of headship. This must also be suitable for New Head Teachers who have taken the reformed NPQH before headship if taken within two years of becoming a New Head Teacher.
- 10.45. The Contractor must make sure the Early Headship Coaching Offer lasts for at

least the duration of the New Head Teacher's first academic year in role, and delivery should take into account the workload of a New Head Teacher. The Contractor must ensure that the Early Headship Coaching Offer works for all New Head Teachers, regardless of phase or context.

- 10.46. The Contractor must give due consideration to different delivery methods; these could include, but are not limited to, a combination of coaching sessions, one-to-one support discussions and peer network support. The Early Headship Coaching Offer should enhance delivery of the NPQH, regardless of whether the New Head Teacher is currently taking the NPQH or has already completed it within two years of becoming a New Head Teacher. The Early Headship Coaching Offer must be based on the content of the NPQH Content Framework and work in relation to, and fit around, the wider NPQH programme. Individuals delivering the Early Headship Coaching Offer should have expertise in this content.

Part-time availability and portability

- 10.47. The Contractor must ensure its NPQ programmes are suitable for Participants who work on a part-time basis and be adaptable for those who move school mid-programme. The Participant should continue with their original NPQ provider (either an NPQ Lead Provider or the Contractor) unless there are exceptional circumstances i.e. moving to a different geographical area not covered by the original NPQ Provider. In such a situation, the Department will not make any further Output Payments to the original NPQ Provider for the Participant(s), as they will no longer be delivering the programme to the individual(s).
- 10.48. The Contractor must develop a policy that outlines how Participants who are part-time, defer or transfer schools during their NPQ will be handled. The Contractor must update this policy and resubmit to the Department as part of their quotation for each Annual Cohort Award ensuring it incorporates all further guidance provided by the Department.

Curriculum and training content review

- 10.49. The requirements relating to submitting content for review and approval are set out in Schedule 8 (Quality Assurance) of the Call Off Contract.

11. NATIONAL LEADERS OF EDUCATION REQUIREMENTS

- 11.1. The Contractor must design and deliver an exemplary development programme following the NLE development framework, for Participants that have provisionally been identified by the Department (or bodies acting on its behalf) as meeting the Department's new rigorous NLE standards. In doing so, the Contractor will create a professional network of the strongest school leaders equipped with the knowledge and skills to provide effective support to underperforming schools.
- 11.2. The aim of the development programme is to ensure Participants:
- 11.2.1. Have a deep, up-to-date knowledge and understanding of the latest research and evidence in each domain of the NLE development framework
 - 11.2.2. Can transfer their knowledge and practice effectively to other schools

Programme Delivery

- 11.3. The Contractor must deliver the programme to at least two Cohorts of NLEs. It is anticipated that the first Call Off Order will include a requirement to deliver to

Cohort 1 comprising of approximately 100 Participants, and Cohort 2 comprising of approximately 75 Participants. The Department reserves the right to Order the delivery of the programme to additional Cohorts of approximately 50-150 Participants as required. Exact volumes, delivery timescales and numbers of Cohorts will be confirmed at the Call Off stage.

- 11.4. Cohort 1 shall commence as early as possible in academic year 2022/23 but no later than end of December 2022.
- 11.5. Cohort 2 shall commence in the summer term 2023 but no later than end of July 2023

Programme Design

- 11.6. The design and structure of the development programme (including sequencing, delivery methods and assessment approach) is set out in the Contractor's Final Tender submission set out in Schedule 18 of the Framework Agreement at Q2e. It must as a minimum be such that the development programme can:
 - 11.6.1. be an exemplary leader development programme, meaning that it demonstrates high fidelity to the NLE framework, and is designed and delivered in an exemplary way, in line with the requirements below, as well as those outlined in section 7;
 - 11.6.2. be delivered over 6 school terms; with the 'Teaching' and 'Curriculum and Assessment' domains covered in the first term of delivery;
 - 11.6.3. include the creation of professional development communities so that NLEs can network, share exemplary best practice and continue their development beyond the timeframe of the programme delivered by the Contractor;
 - 11.6.4. include robust and valid mechanisms (which include moderation) to assess Participant progress against the learning aims (in paragraph 11.2 above) during the course of the development programme and communicate the outcomes to the Department; with one summative assessment in the first term, that will lead to full NLE accreditation being confirmed;
 - 11.6.5. include mechanisms to track Participant attendance and communicate this to the Department;
 - 11.6.6. meet the following minimum requirements with respect to delivery methods:

Terms	Minimum Overall Hours	Minimum Synchronous Delivery	Minimum In-Person Delivery
1-3	30 hours	18 hours	5 hours
4-6	15 hours	6 hours	-

- 11.6.7. Synchronous delivery includes in person (i.e. face to face) delivery as well as other live sessions, which could include online lectures/seminars, peer group work, mentoring or talks and briefings from experts or government officials.
- 11.7. The Contractor shall submit their programme design and have it approved by the Department one month in advance of the date specified in paragraph 11.4 above. The requirements relating to submitting content for review and approval are set

out in Schedule 8 (Quality Assurance) of the Call Off Contract.

- 11.8. In line with the Institute's broader continuous improvement responsibilities, the Contractor must use Participant feedback, lessons learnt and updates to the associated evidence base to identify potential improvements to the programme and propose these to the Department for agreement.

12. **NOT USED**

13. **COMMERCIAL MATTERS AND PAYMENT**

- 13.1. The Contractor is paid for the delivery of Services in accordance with Schedule 2 of the Call Off Contract.

Scholarship funding for NPQs

- 13.2. The Contractor confirms that any Participants it recruits and trains under a Call Off Order placed by the Department (and are employed at an Eligible Establishment – see Table 5) are eligible (based on the criteria set out in Table 4 below) to have their training funded by the Department. Table 4 below sets out the Scholarship Funding Criteria. The Department reserves the right to amend the Scholarship Funding Criteria from time to time to take account of changes in policy and funding availability. The Scholarship Funding Criteria for Cohorts delivered after 2023/24 is subject to the outcome of a future spending review but it is likely to have a narrower focus that may be based on factors such as:

- 13.2.1. improving leadership and building capability in schools serving disadvantaged communities or those with an high proportion of pupils eligible for pupil premium;

- 13.2.2. targeting specific geographical locations;

- 13.2.3. and increasing retention.

Table 4: Scholarship Funding Criteria		
Scholarship Funding Criteria	Policy Benefits	Delivery Requirements
<u>FOR ACADEMIC YEAR 22/23 & 23/24 ONLY:</u> For all Leadership NPQs, Specialist NPQs and the Early Headship Coaching Offer (for New Head Teachers, during their first five years in role), the Department will provide Scholarship Funding for all teachers and leaders who are employed in: • state funded schools in England; • state funded organisations that offer 16-19 places in England. For the NPQ in Early Years Leadership, in addition to the above teachers and leaders, the Department will also provide fully Scholarship Funding for all practitioners and leaders who are	Supports an ambition to build capability in the profession and so that teachers can expertly train and develop other teachers and improve leadership in schools.	The Contractor will validate that the Participant is employed by a school or organisation who meets the criteria. The Contractor is responsible for assessing Participants before registration, to ensure suitability and commitment to the programme. For the Early Headship Coaching Offer the Contractor will confirm the Participant has

employed in Ofsted registered Early Years providers in England but only in accordance with the criteria set out in 13.10 and 13.11		completed the NPQH before headship or is taking the NPQH, and is in their first five years of headship.
--	--	---

- 13.3. The targeted recruitment set out in delivery Call Offs will relate to teachers funded by the Department only. Those teachers who have their training funded by a School will not count towards NPQ targets. The value of delivery direct to Schools will, however, count towards the overall value of the Framework.

13.3.1. For the NPQ in Early Years Leadership only, while it is envisioned that Participants should hold a full and relevant Level 3 qualification or higher prior to starting the NPQ, there may be instances where it is appropriate for Participants without this to take this NPQ. The Contractor should work with prospective Participants to ensure suitability and commitment to the course.

- 13.4. Teachers and leaders who have previously undertaken an NPQ will be eligible for funding on the reformed suite, subject to meeting the Scholarship Funding Criteria. This includes all those who have previously deferred, withdrawn from or failed an NPQ prior to 2021 (including, but not limited to, the legacy 2017 suite). A Participant will not be eligible for Scholarship Funding and their enrolment on a Cohort will not be considered when calculating the Contractor's KPI performance if they have previously withdrawn from or failed the same reformed NPQ qualification since 2021.

Targeted Delivery Payments

- 13.5. Subject to available funding, an Uplift Payment of £100 will be paid to the Contractor for each Participant that works in a school or 16-19 organisation with between 1 and 600 pupils. The maximum amount of Uplift Payments that will be made will be specified in the Call Off Contract.
- 13.6. Uplift Payments will not be paid for Participants who work for the following organisation types:
- 13.6.1. Local Authorities (LA-employed supply teachers and Virtual Schools);
 - 13.6.2. Young Offenders' Institutions;
 - 13.6.3. Hospital Schools that are not included in any other Scholarship Funding Criteria; and
 - 13.6.4. non-school based Early Years settings (group-based providers and childminders).
- 13.7. Uplift Payments of £100 will be paid for each ECF Participant who comes from a school from Local Authority Districts identified as in the top 20% most sparse in terms of schools per hectare or that has at least 40% of pupils eligible for pupil premium, in order to incentivise Contractors to deliver in these areas. The Uplift Payment will be paid when a Participant starts on the programme.

However, the Contractor must participate in the evaluation activity as specified by the Department and ensure that teachers and schools are aware of the importance of engaging in the evaluation and take action to encourage teachers and schools to respond to evaluation activity. The Department may do this by utilising its own network of stakeholders, commissioning all no-cost communications and marketing activities available to its disposal and, at its own discretion and subject to approvals. - 9.8 The Department shall provide the Contractor with a revised copy of the relevant Tables of this Schedule by the date any such Variation takes effect (1 January, 1 April, 1 July, 1 October).
- 9.9 A Process Variation shall be implemented timeously, and such implementation shall not await the Price Adjustment Effective Date.

- 9.10 If a Process Variation is implemented and there is a demonstrable financial loss to a Party due to the relevant Charges not being adjusted until the Price Adjustment Effective Date (first day of next quarter), then the Party impacted in this way can seek recovery of the amount due in the following manner:
- 9.10.1 if it is the Contractor, by notifying the Department and providing supporting documentation and then (if the claim is accepted by the Department) submitting a separate invoice; or
 - 9.10.2 if it is the Department, by issuing a credit note request and supporting documentation.
- 9.11 Any request to seek recovery of such an amount must be submitted within 3 (three) months of the Price Adjustment Effective Date.
- 9.12 Where paragraph 9.2.3 applies, the Process Variation element shall be dealt with in accordance with paragraph 9.6 above and any up-front investment required to implement such a Process Variation shall itself be dealt with through an adjustment to the relevant Charges under paragraph 9.6 above or treated as a one-off cost in accordance with paragraph 9.5 above.
- 9.13 Following implementation of a Variation, the Department shall make any necessary consequential changes and/or updates to the relevant Tables in Schedule 2: Part 1.

10 Gainshare Assessment

- 10.1 The Department reserves the right to assess (a “**Gainshare Assessment**”) on an annual basis and or within 12 months of the end of the Contract Period if the actual cost of the delivering the Services under this Call Off Contract is less than the amount of Charges paid by the Department. If the Gainshare Assessment identifies that the Contractor’s Cost of delivering the Services was less than the Charges already paid to the Contractor for the Services included in the Gainshare Assessment, the Department will recover an amount (“**Gainshare Payment**”) equal to 50% of the savings generated.
- 10.2 For example, if the Gainshare Assessment identifies the actual cost of delivering the Services was £50,000 (fifty thousand) less than the total amount of Charges paid to the Contractor for the Services, the Department would be entitled to a £25,000 Gainshare Payment.
- 10.3 The Contractor pays the Department the Gainshare Payment by crediting the amount to the invoice that is raised immediately after the Gainshare Payment is identified, or if no invoice is due, the Contractor issues a credit note equal to the Gainshare Payment to the Department on the 25th day of the month after the Gainshare Payment has been identified.
- 10.4 In addition to the provisions of 10.1 to 10.3 of this schedule, if this Contract is for any of the following services:
- 10.4.1 Establishment and Mobilisation;
 - 10.4.2 NPQ services for the 2022/23 Cohorts;
 - 10.4.3 ECF services for the 2023/24 and/or 2024/25 Cohorts
- the Department reserves the right to require the Contractor to repay the whole amount of any gainshare savings to the Department.
- 10.5 If 10.4 applies, the Contractor shall:
- 10.5.1 provide and maintain a financial forecast and details of costs incurred and income generated by the Institute. The forecast shall identify any costs that have changed, or are likely to change, since the award of the Call Off Order;
 - 10.5.2 provide Open Book Data relating to the actual cost incurred in the delivery of the Services and identify and quantify any savings; and

10.5.3 repay any savings in a timeframe that is acceptable to the Department but as soon as practicable after the savings have been realised. For example, any savings that the realised in October 2023 and the Department has required the Contractor to pay should be credited to the invoice, or a credit note raised or the equivalent value, and submitted to the Department in November 2023.

General

- ### 1.1.1 The Service Fee:

- Participant start
- Participant retention payments
- Participant assessed, mark awarded and moderated
- Participant Support Offer commenced
- Participant completed Support Offer
- Case Study developed and verified by the Department

- All subject to and in accordance with the provisions of this Contract.

2.1 The Contractor shall provide the Services in accordance with the Per Participant Prices in table 1 below.

[illegible]

3.1 Subject to the terms of the Contract, the Department shall pay the Contractor a monthly Service Fee per NPQ, with effect from the following month after the Cohort Commencement Date, on the basis set out in paragraphs 3.2 and 3.3 for a period of up to 31 months depending on qualification length and Cohort timing.

- 3.2 40% of the Per Participant Price for each NPQ equals the Service Fee per Participant. The Service Fee per Participant is multiplied by the corresponding Participant recruitment target per qualification to generate the total Service Fee sum for each qualification in Table 2 below.

3.6.2 Additional participants in excess of 115% of the recruitment target, and no more than 150%, will only be eligible for payment with prior agreement from the Department and will be paid the full Per Participant Price in line with the Output Payment milestones.

3.7 If the Contractor fails to recruit 75% of a Recruitment Target (based on Start Declarations submitted), as set out in Annex 2 to Schedule 2: Part 1, then the Department reserves the right to validate the actual costs incurred by the Contractor and adjust the monthly Service Fee(s) for the relevant NPQ(s) to a value equivalent to the actual number of Participants recruited for the relevant NPQ(s).

4. Output Payments

4.1 Subject to the terms of the Contract, the Department shall pay the Contractor the applicable Output Payment for each Output that is achieved in accordance with the requirements of the Contract. The applicable Output Payment shall be ascertained by reference to Tables 3 to 5 below.

4.2 The Department will conduct a full reconciliation and validation of Output Payments once every financial year to ensure that the Contractor has not been overpaid or underpaid for Outputs completed. The first reconciliation will take place in December 2023.

Output Payments for NPQs and NPQH Early Headship Coaching Offer

4.3 In order to trigger payment for Output 1a (Participant Start) each Participant must have been confirmed as eligible for funding, been validated by the Department and been confirmed by the Contractor as having commenced on the programme by 25th October 2022 in respect of Cohort 1 and by 25th February 2023 in respect of Cohort 2. If a Participant that was signed up to Cohort 1 or Cohort 2, withdraws before commencing the programme, the Contractor may replace them with another Participant by 25th October 2022 for Cohort 1 and by 25th February 2023 for Cohort 2.

4.4 In order to trigger payment for Output 1b (Participant Support Offer Commenced), each Participant must have been confirmed as eligible for funding (i.e. in their first 2 years of headship and either commencing a reformed NPQH from the academic year starting September 2021 or have passed a reformed NPQH), been validated by the Department and been confirmed by the Contractor as having commenced their NPQH Early Headship Coaching Offer. This will be by the 25th of the month following the Participant commencing their NPQH Early Headship Coaching Offer if their support lasts for one academic year. For all other durations of the NPQH Early Headship Coaching Offer this will be determined by the length of the NPQH Early Headship Coaching Offer, with Output Payments made on a quarterly basis as set out in Table 5.

4.5 In order to trigger payment for Outputs 2a, 2b, 3a, 3b or 4a (Retention Points), the Participant must be enrolled on the training or support offer until the milestone date specified in Table 3 for Specialist NPQs, Table 4 for Leadership NPQs and Table 5 for the NPQH Early Headship Coaching Offer.

4.6 If a Participant withdraws from their NPQ or NPQH Early Headship Coaching Offer in between two retention points, an Output Payment will be paid for the full period between the two retention points but no further Output Payments will be made past that point as the Contractor is no longer delivering to that Participant. For demonstration purposes, if the Participant withdrew between Output 1a and Output 2a, a payment would be made for Output 2a but no more Output Payments will be made past Output 2a. For the avoidance of doubt, the same will apply to any 2 consecutive Output retention points. If a Participant withdraws from their NPQ this will not reduce the Service Fee payable for each qualification.

4.7 If a Participant defers completing their qualification due to going on maternity leave, sabbatical leave, working part-time or due to illness between retention points, an

Output Payment will be paid if the deferral has occurred within one calendar month of the next retention point. If a Participant defers more than one calendar month before the next retention point, an Output Payment will not be paid. If a Participant wishes to recommence their NPQ or NPQH Early Headship Coaching Offer and can complete their NPQ or NPQH Early Headship Coaching Offer following deferral and before the call off contract expiry date, agreement must be reached between the Contractor and the Department on a future payment Schedule via a contract Variation. In all other cases, the Contractor will need to agree a revised Schedule for remaining Output Payments with the Department, under a separate Call Off Contract. In the event that a future Call Off Contract is not awarded, the Contractor must make reasonable endeavours before the contract has ended to ensure the Participant is transferred to another contractor (supported by the Department) who will be in a position to allow the Participant to complete their NPQ or NPQH Early Headship Coaching Offer.

- 4.8 In the event the Contractor agrees to take on a Participant who has transferred from another contractor (at whatever stage of their NPQ or NPQH Early Headship Coaching Offer), the Contractor will need to agree a revised payment Schedule under a Variation.
- 4.9 In order to trigger payment for Output 5 (Participant Assessed, Mark Awarded and Moderated), each Participant must have completed their programme, had their work assessed and have been awarded either a pass or fail mark and the mark moderated by the QA Agent.
- 4.10 In order to trigger payment for Output 4b (Participant Completed Support Offer), the Participant must have completed their NPQH Early Headship Coaching Offer.
- 4.11 All claims for payment of Output Payments must be supported by accurate Management Information. The Department will validate the following Management Information prior to approving Output Payments:
 - 4.11.1 the current six digit URN, School name and a point of contact mail address;
 - 4.11.2 the NPQ being studied or NPQH Early Headship Coaching Offer undertaken for each Participant, the Participant's funding status (funded/self-funded), TRN, name and Date of Birth of each Participant being claimed for;
 - 4.11.3 the dates relevant to each Participant who is undertaking a qualification or NPQH Early Headship Coaching Offer including:
 - 4.11.3.1 Start date and confirmation of their continued active involvement on their programme; and
 - 4.11.3.2 Length of NPQ or NPQH Early Headship Coaching Offer; and
 - 4.11.3.3 the date and reason for withdrawal/deferral (where applicable) against the Schedule of the NPQ or NPQH Early Headship Coaching Offer and/or date of recommencement on to the programme in the case of deferrals only; and
 - 4.11.3.4 The date that the Participant's Summative Assessment was submitted if applicable; and
 - 4.11.3.5 date of completion of the programme; and
 - 4.11.4 the qualification outcome achieved by the Participant if applicable.

Full details on the Management Information requirements are set out in part 2 of schedule 2 of this Contracts.

- 4.12 Providers must ensure they have appropriate policies and procedures in place to ensure data outlined in clauses 4.11 is collected in full and quality assured before it is submitted to the Department. If an MI return is not accurate, and when the Department validates and verifies the data provided it emerges that Output Payments

- 1.8 The Parties shall monitor the Contractor's performance against each of the KPIs listed in Annex A of this Schedule (KPIs). The Contractor's performance will be measured, and their performance rated in accordance with the criteria set out in Table A below:

Table A – KPI Performance rating and performance management implications		
Rating	Criteria	Performance management implications

Good	The Contractor is meeting or exceeding the KPI target	N/A

- 3.2 Financial consequences of Service Credits will be calculated against the Total Contract Value. The Contractor shall off-set the value of any Service Credits against the Charges for the Contract up to a maximum of 5% (the "Service Credit Cap") of the Total Contract Value.
- 3.3 The Contractor confirms that it will take Service Credits and the potential financial consequences into account when calculating the Charges. Both Parties agree that the Service Credits are a reasonable method of adjusting the Charges to reflect failure to meet minimum performance standards.
- 3.4 The financial consequences that will be applied in the event of a Service Credit are broken down in Table 3 below.
- 3.5 Table 3: Service Credits

Service Credits accrued:	Financial consequence equivalent to:
1 Service Credit	1% of Call Off Contract Value
2 Service Credits	2% of Call Off Contract Value
3 Service Credits	3% of Call Off Contract Value
4 Service Credits	4% of Call Off Contract Value
5 or more Service Credits	5% of Call Off Contract Value

- 4.3 Unless otherwise agreed, the Contractor shall attend a monthly Contract Performance Review Meeting (CPR). The purpose of the CPR meetings is to encourage an open and regular dialogue between the Parties. The Contractor shall ensure the Department is furnished with the latest Management Information prior to each CPR meeting. The Parties shall review performance, discuss opportunities for continuous improvement, and address any complaints or persistent problems encountered.
- 4.4 Performance reviews shall be documented. The Contractor shall provide any information and data requested by the Department to facilitate the reviews and arrange, where necessary, access to any of Contractor Premises or delivery locations, including those operated by Sub-Contractors.
- 4.5 The Department may instruct the Contractor to take appropriate remedial action where the Department reasonably considers that the Implementation Plan and/or a Performance Improvement Plan is not being complied with, and the Contractor shall take such remedial action.

Contractor shall use all reasonable endeavours to immediately minimise the impact of any failure and to prevent such a failure from recurring.

- 4.7 The Contractor shall ensure that all systems and processes used for the monitoring and recording of performance are robust.
- 4.8 Where the Contractor is delivering more than one call off contract concurrently, the Department shall at its discretion review the Contractor's consolidated performance under this Contract and other call off contracts being delivered at the same time, using the governance set out in Schedule 16 of the Framework Agreement

- 5.6 The Department may organise regular monitoring and spot checks of the premises at which the Services (or part of them) are being performed, at any time to ensure that the Contractor is complying with its obligations under this Call Off Contract and the Contractor shall co-operate fully, at its own cost, with the Department. The Department shall use all reasonable endeavours to ensure that the onsite monitoring will not interfere with the delivery of the Services by the Contractor.
- 5.7 The Contractor's performance and MI provided under this (and any other) Call Off Contract will be used by the Department in accordance Schedule 18 of the Framework Agreement.

Management Information

- 5.8 The Contractor shall collect a range of data and report on its performance against the KPIs set out in Tables [A, B, C, D] of Annex A of this Schedule and the Service Levels set out in Table 1 of this Schedule.

The Department will share data and the contents of the MI Report for these purposes.
- 5.13 The Contractor ensures it (and its Sub-Contractors do likewise) receives the necessary consent and puts in place data sharing agreements where necessary (with Participants, Sub-Contractors, third parties and the like), in relation to the collation and sharing of any data that is reported in its MI Report.
- 5.14 In addition to the Management Information requirements, the Contractor must respond to ad-hoc requests for information relating to the Activities and or Services from the Department.
- 5.15 Where any discrepancies, omissions or errors are identified in the MI Report, the Contractor shall correct and rectify the MI Report as soon as practicable.
- 5.16 For the avoidance of doubt, the Contractor is responsible for the collection of data including data collected by Sub-Contractors and ensuring it is collected in a timely, secure, consistent and compliant manner.
- 5.17 For ECF and NPQ programmes, the MI data shall be presented and submitted via a Department hosted and maintained digital solution.
- 5.18 In the absence of the digital solution, the Department will require the Contractor to collect Participant and school data using a spreadsheet developed by the Department. An example of the data the Department would expect to be collected is detailed in Table 6 below:

Replacement Supplier's Broadly Comparable pension scheme (or relevant Statutory Scheme if applicable) the Shortfall as required, provided that in the absence of any agreement between the Contractor and any Sub-Contractor, the Shortfall shall be paid by the Contractor. 2.2 Where it is not possible for the Contractor and/or any of its Sub-Contractors to secure a Direction Letter/Determination on or before the Relevant Transfer Date, the Contractor must secure a Direction Letter/Determination as soon as possible after the Relevant Transfer Date, and in the period between the Relevant Transfer Date and the date the Direction Letter/Determination is secure, the Provider must ensure that:

- (a) all employer's and NHSPS Fair Deal Employees' contributions intended to go to the NHSPS are kept in a separate bank account; and
- (b) the Pension Benefits and Premature Retirement Rights of NHSPS Fair Deal Employees are not adversely affected.

2.3 The Contractor must supply to the Department a complete copy of each Direction Letter/Determination within 5 Working Days of receipt of the Direction Letter/Determination.

2.4 The Contractor must ensure (and procure that each of its Sub-Contractors (if any) ensures) that all of its NHSPS Fair Deal Employees have a contractual right to continuous active membership of or eligibility for the NHSPS for so long as they have a right to membership or eligibility of that scheme under the terms of the Direction Letter/Determination.

2.5 The Contractor will (and will procure that its Sub-Contractors (if any) will) comply with the terms of the Direction Letter/Determination, the NHS Pension Scheme Regulations (including any terms which change as a result of changes in Law) and any relevant policy issued by the Department of Health and Social Care in respect of the NHSPS Fair Deal Employees for so long as it remains bound by the terms of any such Direction Letter/Determination.

2.7 The Contractor will (and will procure that its Sub-Contractors (if any) will) provide any indemnity, bond or guarantee required by NHS Pensions in relation to a Direction Letter/Determination.

3. NHS PREMATURE RETIREMENT RIGHTS

3.1 From the Relevant Transfer Date until the Service Transfer Date, the Contractor must provide (and/or must ensure that its Sub-Contractors (if any) provide) NHS Premature Retirement Rights in respect of the NHSPS Fair Deal Employees that are identical to the benefits they would have received had they remained employees of the Department, an NHS Body or other employer which participates automatically in the NHSPS.

4. NHS BROADLY COMPARABLE EMPLOYEES

4.1 The Contractor shall (and procure that its Sub-Contractors shall), with effect from the Relevant Transfer Date, offer the NHSPS Broadly Comparable Employees membership of a pension scheme which is Broadly Comparable to NHSPS on the Relevant Transfer Date in accordance with paragraph 10 of Part D. For the avoidance of doubt, this requirement is separate from any requirement to offer a Broadly Comparable pension scheme in accordance with paragraph 5.2 below.

5. BREACH AND CANCELLATION OF ANY DIRECTION LETTER/DETERMINATION(S)

5.1 The Contractor agrees that the Department is entitled to make arrangements with NHS Pensions for the Department to be notified if the Contractor (or its Sub-Contractors) breaches the terms of its Direction Letter/Determination. 6. COMPENSATION

- 6.1 If the Contractor (or its Sub-Contractor, if relevant) is unable to provide the NHSPS Fair Deal Employees with either membership of:

- (a) the NHSPS (having used its best endeavours to secure a Direction Letter/Determination); or
- (b) a Broadly Comparable pension scheme,

the Department may in its sole discretion permit the Contractor (or any of its Sub-Contractors) to compensate the NHSPS Fair Deal Employees in a manner that is Broadly Comparable or equivalent in cash terms, the Contractor (or Sub-Contractor as relevant) having consulted with a view to reaching agreement with any recognised trade union or, in the absence of such body, the NHSPS Fair Deal Employees. The Contractor must meet (or must procure that the relevant Sub-Contractor meets) the costs of the Department determining whether the level of compensation offered is reasonable in the circumstances.

- 6.2 This flexibility for the Department to allow compensation in place of Pension Benefits is in addition to and not instead of the Department's right to terminate the Contract under paragraph 7 (*Breach*) of Part D of this Schedule.

7. CONTRACTOR INDEMNITIES

- 7.1 The Contractor must indemnify and keep indemnified the Department and any Replacement Supplier against all Losses arising out of any claim by any NHSPS Fair Deal Employee or any NHS Broadly Comparable Employees that the provision of (or failure to provide) Pension Benefits and NHS Premature Retirement Rights from the Relevant Transfer Date, or the level of such benefit provided, constitutes a breach of his or her employment rights.

2.6 If such offer is accepted, or if the situation has otherwise been resolved by the Contractor or a Sub-Contractor, the Department shall procure that the Replacement Supplier shall, or procure that the Replacement Sub-Contractor shall, immediately release or procure the release of the person from his/her employment or alleged employment.
