Core Terms - RM6098

1. Definitions used in the contract

Interpret this Contract using Joint Schedule 1 (Definitions).

2. How the contract works

- 2.1 The Supplier is eligible for the award of Call-Off Contracts during the Framework Contract Period.
- 2.2 CCS does not guarantee the Supplier any exclusivity, quantity or value of work under the Framework Contract.
- 2.3 CCS has paid one penny to the Supplier legally to form the Framework Contract. The Supplier acknowledges this payment.
- 2.4 If the Buyer decides to buy Deliverables under the Framework Contract it must use Framework Schedule 7 (Call-Off Award Procedure) and must state its requirements using Framework Schedule 6 (Order Form Template and Call-Off Schedules). If allowed by the Regulations, the Buyer can:
 - (a) make changes to Framework Schedule 6 (Order Form Template and Call-Off Schedules);
 - (b) create new Call-Off Schedules;
 - (c) exclude optional template Call-Off Schedules; and/or
 - (d) use Special Terms in the Order Form to add or change terms.
- 2.5 Each Call-Off Contract:
 - (a) is a separate Contract from the Framework Contract;
 - (b) is between a Supplier and a Buyer;
 - (c) includes Core Terms, Schedules and any other changes or items in the completed Order Form; and
 - (d) survives the termination of the Framework Contract.
- 2.6 Where the Supplier is approached by any Other Contracting Authority requesting Deliverables or substantially similar goods or services, the Supplier must tell them about this Framework Contract before accepting their order.
- 2.7 The Supplier acknowledges it has all the information required to perform its obligations under each Contract before entering into a Contract. When information is provided by a Relevant Authority no warranty of its accuracy is given to the Supplier.
- 2.8 The Supplier will not be excused from any obligation, or be entitled to additional Costs or Charges because it failed to either:
 - (a) verify the accuracy of the Due Diligence Information; or

- (b) properly perform its own adequate checks.
- 2.9 CCS and the Buyer will not be liable for errors, omissions or misrepresentation of any information.
- 2.10 The Supplier warrants and represents that all statements made and documents submitted as part of the procurement of Deliverables are and remain true and accurate.

3. What needs to be delivered

3.1 All deliverables

3.1.1 The Supplier must provide Deliverables:

- (a) that comply with the Specification, the Framework Tender Response and, in relation to a Call-Off Contract, the Call-Off Tender (if there is one);
- (b) to a professional standard;
- (c) using reasonable skill and care;
- (d) using Good Industry Practice;
- (e) using its own policies, processes and internal quality control measures as long as they do not conflict with the Contract;
- (f) on the dates agreed; and
- (g) that comply with Law.

3.1.2 The Supplier must provide Deliverables with a warranty of at least 90 days from Delivery against all obvious defects.

3.2 Goods clauses

- 3.2.1 All Goods delivered must be new, or as new if recycled or refurbished, and of known origin and authenticity.
- 3.2.2 All manufacturer warranties covering the Goods must be assignable to the Buyer on request and for free.
- 3.2.3 The Supplier transfers ownership of the Goods on Delivery or payment for those Goods, whichever is earlier.
- 3.2.4 Risk in the Goods transfers to the Buyer on Delivery of the Goods, but remains with the Supplier if the Buyer notices damage following Delivery and lets the Supplier know within 3 Working Days of Delivery.
- 3.2.5 The Supplier warrants that it has full and unrestricted ownership of the Goods at the time of transfer of ownership.
- 3.2.6 The Supplier must deliver the Goods on the date and to the specified location during the Buyer's working hours.
- 3.2.7 The Supplier must provide sufficient packaging for the Goods to reach the

point of Delivery safely and undamaged.

- 3.2.8 All deliveries must have a delivery note attached that specifies the order number, type and quantity of Goods.
- 3.2.9 The Supplier must provide all tools, information and instructions the Buyer needs to make use of the Goods.
- 3.2.10 The Supplier must indemnify the Buyer against the costs of any Recall of the Goods and give notice of actual or anticipated action about the Recall of the Goods.
- 3.2.11 The Buyer can cancel any order or part order of Goods which has not been Delivered. If the Buyer gives less than 14 days notice then it will pay the Supplier's reasonable and proven costs already incurred on the cancelled order as long as the Supplier takes all reasonable steps to minimise these costs.
- 3.2.12 The Supplier must at its own cost repair, replace, refund or substitute (at the Buyer's option and request) any Goods that the Buyer rejects because they do not conform with Clause 3. If the Supplier does not do this it will pay the Buyer's costs including repair or re-supply by a third party.

3.3 Services clauses

- 3.3.1 Late Delivery of the Services will be a Default of a Call-Off Contract.
- 3.3.2 The Supplier must co-operate with the Buyer and third party suppliers on all aspects connected with the Delivery of the Services and ensure that Supplier Staff comply with any reasonable instructions.
- 3.3.3 The Supplier must at its own risk and expense provide all Supplier Equipment required to Deliver the Services.
- 3.3.4 The Supplier must allocate sufficient resources and appropriate expertise to each Contract.
- 3.3.5 The Supplier must take all reasonable care to ensure performance does not disrupt the Buyer's operations, employees or other contractors.
- 3.3.6 The Supplier must ensure all Services, and anything used to Deliver the Services, are of good quality and free from defects.
- 3.3.7 The Buyer is entitled to withhold payment for partially or undelivered Services, but doing so does not stop it from using its other rights under the Contract.

4. Pricing and payments

- 4.1 In exchange for the Deliverables, the Supplier must invoice the Buyer for

the Charges in the Order Form.

- 4.2 CCS must invoice the Supplier for the Management Charge and the Supplier must pay it using the process in Framework Schedule 5 (Management Charges and Information).
- 4.3 All Charges and the Management Charge:
 - (a) exclude VAT, which is payable on provision of a valid VAT invoice; and
 - (b) include all costs connected with the Supply of Deliverables.
- 4.4 The Buyer must pay the Supplier the Charges within 30 days of receipt by the Buyer of a valid, undisputed invoice, in cleared funds using the payment method and details stated in the Order Form.
- 4.5 A Supplier invoice is only valid if it:
 - (a) includes all appropriate references including the Contract reference number and other details reasonably requested by the Buyer;
 - (b) includes a detailed breakdown of Delivered Deliverables and Milestone(s) (if any); and
 - (c) does not include any Management Charge (the Supplier must not charge the Buyer in any way for the Management Charge).
- 4.6 The Buyer must accept and process for payment an undisputed Electronic Invoice received from the Supplier.
- 4.7 The Buyer may retain or set-off payment of any amount owed to it by the Supplier if notice and reasons are provided.
- 4.8 The Supplier must ensure that all Subcontractors are paid, in full, within 30 days of receipt of a valid, undisputed invoice. If this does not happen, CCS or the Buyer can publish the details of the late payment or non-payment.
- 4.9 If CCS or the Buyer can get more favourable commercial terms for the supply at cost of any materials, goods or services used by the Supplier to provide the Deliverables, then CCS or the Buyer may require the Supplier to replace its existing commercial terms with the more favourable terms offered for the relevant items.
- 4.10 If CCS or the Buyer uses Clause 4.9 then the Framework Prices (and where applicable, the Charges) must be reduced by an agreed amount by using the Variation Procedure.
- 4.11 The Supplier has no right of set-off, counterclaim, discount or abatement unless they are ordered to do so by a court.

5. The buyer's obligations to the supplier

- 5.1 If Supplier Non-Performance arises from an Authority Cause:
- (a) neither CCS or the Buyer can terminate a Contract under Clause 10.4.1;
 - (b) the Supplier is entitled to reasonable and proven additional expenses and to relief from liability and Deduction under this Contract;
 - (c) the Supplier is entitled to additional time needed to make the Delivery; and
 - (d) the Supplier cannot suspend the ongoing supply of Deliverables.
- 5.2 Clause 5.1 only applies if the Supplier:
- (a) gives notice to the Party responsible for the Authority Cause within 10 Working Days of becoming aware;
 - (b) demonstrates that the Supplier Non-Performance would not have occurred but for the Authority Cause; and
 - (c) mitigated the impact of the Authority Cause.

6. Record keeping and reporting

- 6.1 The Supplier must attend Progress Meetings with the Buyer and provide Progress Reports when specified in the Order Form.
- 6.2 The Supplier must keep and maintain full and accurate records and accounts on everything to do with the Contract:
- (a) during the Contract Period;
 - (b) for 7 years after the End Date; and
 - (c) in accordance with UK GDPR,
- including but not limited to the records and accounts stated in the definition of Audit in Joint Schedule 1.
- 6.3 The Relevant Authority or an Auditor can Audit the Supplier.
- 6.4 During an Audit, the Supplier must:
- (a) allow the Relevant Authority or any Auditor access to their premises to verify all contract accounts and records of everything to do with the Contract and provide copies for an Audit; and
 - (b) provide information to the Relevant Authority or to the Auditor and reasonable co-operation at their request.
- 6.5 Where the Audit of the Supplier is carried out by an Auditor, the Auditor shall be entitled to share any information obtained during the Audit with the Relevant Authority.
- 6.6 If the Supplier is not providing any of the Deliverables, or is unable to

provide them, it must immediately:

- (a) tell the Relevant Authority and give reasons;
 - (b) propose corrective action; and
 - (c) provide a deadline for completing the corrective action.
- 6.7 The Supplier must provide CCS with a Self Audit Certificate supported by an audit report at the end of each Contract Year. The report must contain:
- (a) the methodology of the review;
 - (b) the sampling techniques applied;
 - (c) details of any issues; and
 - (d) any remedial action taken.
- 6.8 The Self Audit Certificate must be completed and signed by an auditor or senior member of the Supplier's management team that is qualified in either a relevant audit or financial discipline.

7. Supplier staff

- 7.1 The Supplier Staff involved in the performance of each Contract must:
- (a) be appropriately trained and qualified;
 - (b) be vetted using Good Industry Practice and the Security Policy; and
 - (c) comply with all conduct requirements when on the Buyer's Premises.
- 7.2 Where a Buyer decides one of the Supplier's Staff is not suitable to work on a contract, the Supplier must replace them with a suitably qualified alternative.
- 7.3 If requested, the Supplier must replace any person whose acts or omissions have caused the Supplier to breach Clause 27.
- 7.4 The Supplier must provide a list of Supplier Staff needing to access the Buyer's Premises and say why access is required.
- 7.5 The Supplier indemnifies CCS and the Buyer against all claims brought by any person employed by the Supplier caused by an act or omission of the Supplier or any Supplier Staff.

8. Rights and protection

- 8.1 The Supplier warrants and represents that:
- (a) it has full capacity and authority to enter into and to perform each Contract;
 - (b) each Contract is executed by its authorised representative;
 - (c) it is a legally valid and existing organisation incorporated in the place it was formed;

- (d) there are no known legal or regulatory actions or investigations before any court, administrative body or arbitration tribunal pending or threatened against it or its Affiliates that might affect its ability to perform each Contract;
- (e) it maintains all necessary rights, authorisations, licences and consents to perform its obligations under each Contract;
- (f) it does not have any contractual obligations which are likely to have a material adverse effect on its ability to perform each Contract;
- (g) it is not impacted by an Insolvency Event; and
- (h) it will comply with each Call-Off Contract.

8.2 The warranties and representations in Clauses 2.10 and 8.1 are repeated each time the Supplier provides Deliverables under the Contract.

8.3 The Supplier indemnifies both CCS and every Buyer against each of the following:

- (a) wilful misconduct of the Supplier, Subcontractor and Supplier Staff that impacts the Contract; and
- (b) non-payment by the Supplier of any Tax or National Insurance.

8.4 All claims indemnified under this Contract must use Clause 26.

8.5 The description of any provision of this Contract as a warranty does not prevent CCS or a Buyer from exercising any termination right that it may have for breach of that clause by the Supplier.

8.6 If the Supplier becomes aware of a representation or warranty that becomes untrue or misleading, it must immediately notify CCS and every Buyer.

8.7 All third party warranties and indemnities covering the Deliverables must be assigned for the Buyer's benefit by the Supplier.

9. Intellectual Property Rights (IPRs)

9.1 Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Buyer a non-exclusive, perpetual, royalty-free, irrevocable, transferable worldwide licence to use, change and sub-license the Supplier's Existing IPR to enable it to both:

- (a) receive and use the Deliverables; and
- (b) make use of the deliverables provided by a Replacement Supplier.

9.2 Any New IPR created under a Contract is owned by the Buyer. The Buyer gives the Supplier a licence to use any Existing IPRs and New IPRs for the purpose of fulfilling its obligations during the Contract Period.

9.3 Where a Party acquires ownership of IPRs incorrectly under this Contract

it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.

9.4 Neither Party has the right to use the other Party's IPRs, including any use of the other Party's names, logos or trademarks, except as provided in Clause 9 or otherwise agreed in writing.

9.5 If there is an IPR Claim, the Supplier indemnifies CCS and each Buyer against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result.

9.6 If an IPR Claim is made or anticipated the Supplier must at its own expense and the Buyer's sole option, either:

- (a) obtain for CCS and the Buyer the rights in Clause 9.1 and 9.2 without infringing any third party IPR; or
- (b) replace or modify the relevant item with substitutes that do not infringe IPR without adversely affecting the functionality or performance of the Deliverables.

9.7 In spite of any other provisions of a Contract and for the avoidance of doubt, award of a Contract by the Buyer and placement of any contract task under it does not constitute an authorisation by the Crown under Sections 55 and 56 of the Patents Act 1977 or Section 12 of the Registered Designs Act 1949. The Supplier acknowledges that any authorisation by the Buyer under its statutory powers must be expressly provided in writing, with reference to the acts authorised and the specific IPR involved.

10. Ending the contract or any subcontract

10.1 Contract Period

10.1.1 The Contract takes effect on the Start Date and ends on the End Date or earlier if required by Law.

10.1.2 The Relevant Authority can extend the Contract for the Extension Period by giving the Supplier no less than 3 Months' written notice before the Contract expires.

10.2 Ending the contract without a reason

10.2.1 CCS has the right to terminate the Framework Contract at any time without reason by giving the Supplier at least 30 days' notice.

10.2.2 Each Buyer has the right to terminate their Call-Off Contract at any time without reason by giving the Supplier not less than 90 days' written notice.

10.3 Rectification plan process

10.3.1 If there is a Default, the Relevant Authority may, without limiting its other rights, request that the Supplier provide a Rectification Plan, within 10

working days .

10.3.2 When the Relevant Authority receives a requested Rectification Plan it can either:

- (a) reject the Rectification Plan or revised Rectification Plan, giving reasons; or
- (b) accept the Rectification Plan or revised Rectification Plan (without limiting its rights) and the Supplier must immediately start work on the actions in the Rectification Plan at its own cost, unless agreed otherwise by the Parties.

10.3.3 Where the Rectification Plan or revised Rectification Plan is rejected, the Relevant Authority:

- (a) must give reasonable grounds for its decision; and
- (b) may request that the Supplier provides a revised Rectification Plan within 5 Working Days.

10.3.4 If the Relevant Authority rejects any Rectification Plan, including any revised Rectification Plan, the Relevant Authority does not have to request a revised Rectification Plan before exercising its right to terminate its Contract under Clause 10.4.3(a).

10.4 When CCS or the buyer can end a contract

10.4.1 If any of the following events happen, the Relevant Authority has the right to immediately terminate its Contract by issuing a Termination Notice to the Supplier:

- (a) there is a Supplier Insolvency Event;
- (b) there is a Default that is not corrected in line with an accepted Rectification Plan;
- (c) the Supplier does not provide a Rectification Plan within 10 days of the request;
- (d) there is any material Default of the Contract;
- (e) there is any material Default of any Joint Controller Agreement relating to any Contract;
- (f) there is a Default of Clauses 2.10, 9, 14, 15, 27, 32 or Framework Schedule 9 (Cyber Essentials) (where applicable) relating to any Contract;
- (g) there is a consistent repeated failure to meet the Performance Indicators in Framework Schedule 4 (Framework Management);
- (h) there is a Change of Control of the Supplier which is not pre-approved by the Relevant Authority in writing;
- (i) if the Relevant Authority discovers that the Supplier was in one of the situations in 57 (1) or 57(2) of the Regulations at the time the Contract was awarded; or
- (j) the Supplier or its Affiliates embarrass or bring CCS or the Buyer into disrepute or diminish the public trust in them.

10.4.2 CCS may terminate the Framework Contract if a Buyer terminates a Call-Off Contract for any of the reasons listed in Clause 10.4.1.

10.4.3 If any of the following non-fault based events happen, the Relevant Authority has the right to immediately terminate its Contract by issuing a Termination Notice to the Supplier:

- (a) the Relevant Authority rejects a Rectification Plan;
- (b) there is a Variation which cannot be agreed using Clause 24 (Changing the contract) or resolved using Clause 34 (Resolving disputes);
- (c) if there is a declaration of ineffectiveness in respect of any Variation; or
- (d) the events in 73 (1) (a) of the Regulations happen.

10.5 When the supplier can end the contract

10.5.1 The Supplier can issue a Reminder Notice if the Buyer does not pay an undisputed invoice on time. The Supplier can terminate a Call-Off Contract if the Buyer fails to pay an undisputed invoiced sum due and worth over 10% of the annual Contract Value within 30 days of the date of the Reminder Notice.

10.6 What happens if the contract ends

10.6.1 Where a Party terminates a Contract under any of Clauses 10.2.1, 10.2.2, 10.4.1, 10.4.2, 10.4.3, 10.5 or 20.2 or a Contract expires all of the following apply:

- (a) The Buyer's payment obligations under the terminated Contract stop immediately.
- (b) Accumulated rights of the Parties are not affected.
- (c) The Supplier must promptly repay to the Buyer any and all Charges the Buyer has paid in advance in respect of Deliverables not provided by the Supplier as at the End Date.
- (d) The Supplier must promptly delete or return the Government Data except where required to retain copies by Law.
- (e) The Supplier must promptly return any of CCS or the Buyer's property provided under the terminated Contract.
- (f) The Supplier must, at no cost to CCS or the Buyer, co-operate fully in the handover and re-procurement (including to a Replacement Supplier).

10.6.2 In addition to the consequences of termination listed in Clause 10.6.1, where the Relevant Authority terminates a Contract under Clause 10.4.1 the Supplier is also responsible for the Relevant Authority's reasonable costs of procuring Replacement Deliverables for the rest of the Contract Period.

10.6.3 In addition to the consequences of termination listed in Clause 10.6.1, if either the Relevant Authority terminates a Contract under Clause 10.2.1 or 10.2.2 or a Supplier terminates a Call-Off Contract under Clause 10.5:

- (a) the Buyer must promptly pay all outstanding Charges incurred to the Supplier; and
- (b) the Buyer must pay the Supplier reasonable committed and unavoidable Losses as long as the Supplier provides a fully itemised and costed schedule with evidence - the maximum value of this payment is limited to the total sum payable to the Supplier if the Contract had not been terminated.

10.6.4 In addition to the consequences of termination listed in Clause 10.6.1, where a Party terminates under Clause 20.2 each Party must cover its own Losses.

10.6.5 The following Clauses survive the termination or expiry of each Contract: 3.2.10, 4.2, 6, 7.5, 9, 11, 12.2, 14, 15, 16, 17, 18, 31.3, 34, 35 and any Clauses and Schedules which are expressly or by implication intended to continue.

10.7 Partially ending and suspending the contract

10.7.1 Where CCS has the right to terminate the Framework Contract it can suspend the Supplier's ability to accept Orders (for any period) and the Supplier cannot enter into any new Call-Off Contracts during this period. If this happens, the Supplier must still meet its obligations under any existing Call-Off Contracts that have already been signed.

10.7.2 Where CCS has the right to terminate a Framework Contract it is entitled to terminate all or part of it.

10.7.3 Where the Buyer has the right to terminate a Call-Off Contract it can terminate or suspend (for any period), all or part of it. If the Buyer suspends a Contract it can provide the Deliverables itself or buy them from a third party.

10.7.4 The Relevant Authority can only partially terminate or suspend a Contract if the remaining parts of that Contract can still be used to effectively deliver the intended purpose.

10.7.5 The Parties must agree any necessary Variation required by Clause 10.7 using the Variation Procedure, but the Supplier may not either:

- (a) reject the Variation; or
- (b) increase the Charges, except where the right to partial termination is under Clause 10.2.

10.7.6 The Buyer can still use other rights available, or subsequently available to it if it acts on its rights under Clause 10.7.

10.8 When subcontracts can be ended

10.8.1 At the Buyer's request, the Supplier must terminate any Subcontracts in any of the following events:

- (a) there is a Change of Control of a Subcontractor which is not pre-approved by the Relevant Authority in writing;
- (b) the acts or omissions of the Subcontractor have caused or materially contributed to a right of termination under Clause 10.4; or
- (c) a Subcontractor or its Affiliates embarrasses or brings into disrepute or diminishes the public trust in the Relevant Authority.

11. How much you can be held responsible for

11.1 Each Party's total aggregate liability in each Contract Year under this Framework Contract (whether in tort, contract or otherwise) is no more than £1,000,000.

11.2 Each Party's total aggregate liability in each Contract Year under each Call-Off Contract (whether in tort, contract or otherwise) is no more than the greater of £5 million or 150% of the Estimated Yearly Charges unless specified in the Call-Off Order Form.

11.3 No Party is liable to the other for:

- (a) any indirect Losses; or
- (b) Loss of profits, turnover, savings, business opportunities or damage to goodwill (in each case whether direct or indirect).

11.4 In spite of Clause 11.1 and 11.2, neither Party limits or excludes any of the following:

- (a) its liability for death or personal injury caused by its negligence, or that of its employees, agents or Subcontractors;
- (b) its liability for bribery or fraud or fraudulent misrepresentation by it or its employees;
- (c) any liability that cannot be excluded or limited by Law;
- (d) its obligation to pay the required Management Charge or Default Management Charge.

11.5 In spite of Clauses 11.1 and 11.2, the Supplier does not limit or exclude its liability for any indemnity given under Clauses 7.5, 8.3(b), 9.5, 31.3 or Call-Off Schedule 2 (Staff Transfer) of a Contract.

11.6 In spite of Clauses 11.1, 11.2 but subject to Clauses 11.3 and 11.4, the Supplier's aggregate liability in each and any Contract Year under each Contract under Clause 14.8 shall in no event exceed the Data Protection Liability Cap.

11.7 Each Party must use all reasonable endeavours to mitigate any Loss or damage which it suffers under or in connection with each Contract,

including any indemnities.

- 11.8 When calculating the Supplier's liability under Clause 11.1 or 11.2 the following items will not be taken into consideration:

Joint Schedule 11 (Processing Data)

Definitions

1. In this Schedule, the following words shall have the following meanings and they shall supplement Joint Schedule 1 (Definitions):

“Processor Personnel” all directors, officers, employees, agents, consultants and suppliers of the Processor and/or of any Subprocessor engaged in the performance of its obligations under a Contract;

Status of the Controller

2. The Parties acknowledge that for the purposes of the Data Protection Legislation, the nature of the activity carried out by each of them in relation to their respective obligations under a Contract dictates the status of each party under the DPA 2018. A Party may act as:

- (a) “Controller” in respect of the other Party who is “Processor”;
- (b) “Processor” in respect of the other Party who is “Controller”;
- (c) “Joint Controller” with the other Party;
- (d) “Independent Controller” of the Personal Data where the other Party is also “Controller”,

in respect of certain Personal Data under a Contract and shall specify in Annex 1 (*Processing Personal Data*) which scenario they think shall apply in each situation.

Where one Party is Controller and the other Party its Processor

3. Where a Party is a Processor, the only Processing that it is authorised to do is listed in Annex 1 (*Processing Personal Data*) by the Controller and may not otherwise be determined by the Processor.
4. The Processor shall notify the Controller immediately if it considers that any of the Controller’s instructions infringe the Data Protection Legislation.
5. The Processor shall provide all reasonable assistance to the Controller in the preparation of any Data Protection Impact Assessment prior to commencing any Processing. Such assistance may, at the discretion of the Controller, include:
 - (a) a systematic description of the envisaged Processing and the purpose of the Processing;

- (b) an assessment of the necessity and proportionality of the Processing in relation to the Deliverables;
 - (c) an assessment of the risks to the rights and freedoms of Data Subjects; and
 - (d) the measures envisaged to address the risks, including safeguards, security measures and mechanisms to ensure the protection of Personal Data.
6. The Processor shall, in relation to any Personal Data Processed in connection with its obligations under the Contract:
- (a) Process that Personal Data only in accordance with Annex 1 (*Processing Personal Data*) and shall not Process the Personal Data for any other purpose, unless the Processor is required to do otherwise by Law. If it is so required the Processor shall notify the Controller before Processing the Personal Data unless prohibited by Law;
 - (b) ensure that it has in place Protective Measures, which are appropriate to protect against a Data Loss Event, including in the case of the Supplier the measures set out in Clause 14.3 of the Core Terms, which the Controller may reasonably reject. In the event of the Controller reasonably rejecting Protection Measures put in place by the Processor, the Processor must propose alternative Protective Measures to the satisfaction of the Controller. Failure to reject shall not amount to approval by the Controller of the adequacy of the Protective Measures. Protective Measures must take account of the:
 - (i) nature of the data to be protected;
 - (ii) harm that might result from a Data Loss Event;
 - (iii) state of technological development; and
 - (iv) cost of implementing any measures;
 - (c) ensure that:
 - (i) the Processor Personnel do not Process Personal Data except in accordance with the Contract (and in particular Annex 1 (*Processing Personal Data*));
 - (ii) it takes all reasonable steps to ensure the reliability and integrity of any Processor Personnel who have access to the Personal Data and ensure that they:
 - (A) are aware of and comply with the Processor's duties under this Joint Schedule 11, Clauses 14 (*Data protection*), 15 (*What you must keep confidential*) and 16 (*When you can share information*) of the Core Terms;
 - (B) are subject to appropriate confidentiality undertakings with the Processor or any Subprocessor;
 - (C) are informed of the confidential nature of the Personal Data and do not publish, disclose or divulge any of the Personal Data to any third party unless directed in writing to do so by the Controller or as otherwise permitted by the Contract; and

- (D) have undergone adequate training in the use, care, protection and handling of Personal Data;
 - (d) not transfer, Process, or otherwise make available for Processing, Personal Data outside of the UK unless the prior written consent of the Controller has been obtained (such consent may be withheld or subject to such conditions as the Customer considers fit at the Customer's absolute discretion) and the following conditions are fulfilled:
 - (i) the destination country has been recognised as adequate by the UK Government in accordance with Article 45 UK GDPR or section 74 of the DPA 2018;
 - (ii) Controller or the Processor has provided appropriate safeguards in relation to the transfer (whether in accordance with UK GDPR Article 46 or section 75 DPA 2018) as determined by the Controller;
 - (iii) the Data Subject has enforceable rights and effective legal remedies;
 - (iv) the Processor complies with its obligations under the Data Protection Legislation by providing an adequate level of protection to any Personal Data that is transferred (or, if it is not so bound, uses its best endeavours to assist the Controller in meeting its obligations); and
 - (v) the Processor complies with any reasonable instructions notified to it in advance by the Controller with respect to the Processing of the Personal Data;

if any of the mechanisms relied on under paragraph 6(d) in respect of any transfers of Personal Data by the Processor at any time ceases to be valid, the Processor shall, if possible, implement an alternative mechanism to ensure compliance with the Data Protection Legislation. If no alternative mechanism is available, the Controller and the Processor shall work together in good faith to determine the appropriate measures to be taken, taking into account any relevant guidance and accepted good industry practice. The Controller reserves the right to require the Processor to cease any affected transfers if no alternative mechanism to ensure compliance with Data Protection Legislation is reasonably available; and
 - (e) at the written direction, and absolute discretion, of the Controller, delete or return Personal Data (and any copies of it) to the Controller on termination of the Contract unless the Processor is required by Law to retain the Personal Data.
7. Subject to paragraph 8 of this Joint Schedule 11, the Processor shall notify the Controller immediately if in relation to Processing Personal Data under or in connection with the Contract it:
- (a) receives a Data Subject Access Request (or purported Data Subject Access Request);

- (b) receives a request to rectify, block or erase any Personal Data;
 - (c) receives any other request, complaint or communication relating to either Party's obligations under the Data Protection Legislation;
 - (d) receives any communication from the Information Commissioner or any other regulatory authority in connection with Personal Data Processed under the Contract;
 - (e) receives a request from any third Party for disclosure of Personal Data where compliance with such request is required or purported to be required by Law; or
 - (f) becomes aware of a Data Loss Event.
8. The Processor's obligation to notify under paragraph 7 of this Joint Schedule 11 shall include the provision of further information to the Controller, as details become available.
9. Taking into account the nature of the Processing, the Processor shall provide the Controller with full assistance in relation to either Party's obligations under Data Protection Legislation and any complaint, communication or request made under paragraph 7 of this Joint Schedule 11 (and insofar as possible within the timescales reasonably required by the Controller) including by immediately providing:
- (a) the Controller with full details and copies of the complaint, communication or request;

- (a) the Controller determines that the Processing is not occasional;
 - (b) the Controller determines the Processing includes special categories of data as referred to in Article 9(1) of the UK GDPR or Personal Data relating to criminal convictions and offences referred to in Article 10 of the UK GDPR; or
 - (c) the Controller determines that the Processing is likely to result in a risk to the rights and freedoms of Data Subjects.

11. The Processor shall allow for audits of its Data Processing activity by the Controller or the Controller's designated auditor.
12. The Parties shall designate a Data Protection Officer if required by the Data Protection Legislation.
13. Before allowing any Subprocessor to Process any Personal Data related to the Contract, the Processor must:
 - (a) notify the Controller in writing of the intended Subprocessor and Processing that will be undertaken by the Subprocessor;
 - (b) obtain the written consent of the Controller (such consent may be withheld or subject to such conditions as the Controller considers fit at the Controller's absolute discretion);
 - (c) enter into a written legally binding agreement with the Subprocessor which give effect to the terms set out in this Joint Schedule 11 such that they apply to the Subprocessor, prior to any Personal Data being transferred to or accessed by the Subprocessor; and
 - (d) provide the Controller with such information regarding the Subprocessor as the Controller may reasonably require.
14. Any Processing by a Subprocessor or transfer of Personal Data to a Subprocessor permitted by the Controller shall not relieve the Processor from any of its liabilities, responsibilities and obligations to the Controller under this Joint Schedule 11, and the Processor shall remain fully liable for all acts or omissions of any of its Subprocessors.
15. The Relevant Authority may, at any time on not less than thirty (30) Working Days' notice, revise this Joint Schedule 11 by replacing it with any applicable controller to processor standard clauses or similar terms forming part of an applicable certification scheme (which shall apply when incorporated by attachment to the Contract).
16. The Parties agree to take account of any guidance issued by the Information Commissioner's Office. The Relevant Authority may on not less than thirty (30) Working Days' notice to the Supplier amend the Contract to ensure that it complies with any guidance issued by the Information Commissioner's Office.

Annex 2 – Security

The technical security requirements set out below provide an indication of the types of security measures that might be considered, in order to protect Personal Data. More, or less, measures may be appropriate depending on the subject matter of the contract, but the overall approach must be proportionate. The technical requirements must also be compliant with legislative and regulatory obligations for content and data, such as UK GDPR. The example technical security requirements set out here are intended to supplement, not replace, security schedules that will detail the total contractual security obligations and requirements that the Processor (i.e. a supplier) will be held to account to deliver under contract. Processors are also required to ensure sufficient ‘flow-down’ of legislative and regulatory obligations to any third party Sub-processors.

External Certifications e.g. Buyers should ensure that Suppliers hold at least Cyber Essentials certification and ISO 27001:2013 certification if proportionate to the service being procured.

Risk Assessment e.g. Supplier should perform a technical information risk assessment on the service supplied and be able to demonstrate what controls are in place to address those risks.

Security Classification of Information e.g. If the provision of the Services requires the Supplier to Process Authority/Buyer Data which is classified as OFFICIAL, OFFICIAL-SENSITIVE or Personal Data, the Supplier shall implement such additional measures as agreed with the Authority/Buyer from time to time in order to ensure that such information is safeguarded in accordance with the applicable legislative and regulatory obligations.

End User Devices e.g.

- The Supplier shall ensure that any Authority/Buyer Data which resides on a mobile, removable or physically uncontrolled device is stored encrypted using a product or system component which has been formally assured through a recognised certification process agreed with the Authority/Buyer except where the Authority/Buyer has given its prior written consent to an alternative arrangement.
- The Supplier shall ensure that any device which is used to Process Authority/Buyer Data meets all of the security requirements set out in the NCSC End User Devices Platform Security Guidance, a copy of which can be found at: <https://www.ncsc.gov.uk/guidance/end-user-device-security>.

Testing e.g. The Supplier shall at their own cost and expense, procure a CHECK or CREST Certified Supplier to perform an ITHC or Penetration Test prior to any live Authority/Buyer data being transferred into their systems. The ITHC scope must be agreed with the Authority/Buyer to ensure it covers all the relevant parts of the system that processes, stores or hosts Authority/Buyer data.

Networking e.g. The Supplier shall ensure that any Authority/Buyer Data which it causes to be transmitted over any public network (including the Internet, mobile

networks or un-protected enterprise network) or to a mobile device shall be encrypted when transmitted.

Personnel Security e.g. All Supplier Personnel shall be subject to a pre-employment check before they may participate in the provision and or management of the Services. Such pre-employment checks must include all pre-employment checks which are required by the HMG Baseline Personnel Security Standard or equivalent including: verification of the individual's identity; verification of the individual's nationality and immigration status; and, verification of the individual's employment history; verification of the individual's criminal record. The Supplier maybe required to implement additional security vetting for some roles.

Identity, Authentication and Access Control e.g. The Supplier must operate an appropriate access control regime to ensure that users and administrators of the service are uniquely identified. The Supplier must retain records of access to the physical sites and to the service.

Data Destruction/Deletion e.g. The Supplier must be able to demonstrate they can supply a copy of all data on request or at termination of the service, and must be able to securely erase or destroy all data and media that the Authority/Buyer data has been stored and processed on.

Audit and Protective Monitoring e.g. The Supplier shall collect audit records which relate to security events in delivery of the service or that would support the analysis of potential and actual compromises. In order to facilitate effective monitoring and forensic readiness such Supplier audit records should (as a minimum) include regular reports and alerts setting out details of access by users of the service, to enable the identification of (without limitation) changing access trends, any unusual patterns of usage and/or accounts accessing higher than average amounts of Authority/Buyer Data. The retention periods for audit records and event logs must be agreed with the Authority/Buyer and documented.

Location of Authority/Buyer Data e.g. The Supplier shall not, and shall procure that none of its Sub-contractors, process Authority/Buyer Data outside the EEA without the prior written consent of the Authority/Buyer and the Supplier shall not change where it or any of its Sub-contractors process Authority/Buyer Data without the Authority/Buyer's prior written consent which may be subject to conditions.

Vulnerabilities and Corrective Action e.g. Suppliers shall procure and implement security patches to vulnerabilities in accordance with the timescales specified in the NCSC Cloud Security Principle 5.

Suppliers must ensure that all COTS Software and Third Party COTS Software be kept up to date such that all Supplier COTS Software and Third Party COTS Software are always in mainstream support.

Secure Architecture e.g. Suppliers should design the service in accordance with:

- NCSC "[Security Design Principles for Digital Services](#)"
- NCSC "[Bulk Data Principles](#)"

- NSCS "[Cloud Security Principles](#)"

In considering any increase to the Consumption Charges or any Support Service Charges for any Extension Period, the Buyer may request, and the Supplier shall provide such additional information and/or evidence as the Buyer requires to analyse the price of the Services.] **[Guidance Note:** if the Consumption Charges/Support Service Charges are fixed for the whole duration of the Call Off Period (including any Call Off Optional Extension Period) this paragraph can be deleted and marked as “not used” or disappplied in the Call Off Order Form]
- 5.16 [Any agreed increase or a reduction in the Consumption Charges and/or any Support Service Charges for an Extension Period under this paragraph 5 must be set out in writing and signed on behalf of both Parties as a Variation to this Call-Off Contract. Any resulting change in the Consumption Charges and/or Support Service Charges for an Extension Period shall apply from the commencement of the applicable Extension Period and thereafter be fixed until the following Extension, if any.] **[Guidance Note:** if the Consumption Charges/Support Service Charges are fixed for the whole duration of the Call Off Period (including any Call Off Optional Extension

Period) this paragraph can be deleted and marked as “not used” or disappplied in the Call Off Order Form]

- 5.17 Except as expressly set out in this Call-Off Contract, the Consumption Charges and any Support Service Charges shall include all costs and expenses relating to the provision of the Services. Any costs incurred by the Supplier as a result of additional system or service provision over and above those detailed in the Call Off Specification or as otherwise requested by the Buyer shall be at the Supplier’s own risk.
- 5.18 The Buyer shall on or before the Start Date of the Call Off Contract provide to the Supplier valid, up-to-date and complete approved purchase order information to the Supplier and any other relevant valid, up-to-date and complete contact and billing details.

- (a) if the Buyer wishes to purchase additional User Subscriptions, the Buyer shall notify the Supplier in writing and the Supplier shall activate the additional User Subscriptions within [NUMBER] days of the Buyer’s request; and
 - (b) the Buyer shall, within 30 days of the date of the Supplier’s invoice, pay to the Supplier the relevant fees for such additional User Subscriptions as set out in the [Call-Off Order Form or Call-Off Schedule 5 (Pricing Details)] and, if such additional User Subscriptions are purchased by the Buyer part way through the Call Off Initial Period or any Extension Period (as applicable), such fees shall be pro-rated from the date of activation by the Supplier for the remainder of the Call Off Initial Period or then current Extension Period (as applicable).

[Guidance Note: There may be scenarios where the Supplier does not require the Buyer to notify the Supplier in advance of any required additional User Subscriptions or for the Supplier to activate any User Subscriptions as and when required by the Buyer. The Buyer may be able to add/activate additional User Subscriptions itself, at any time as and when it requires. The Supplier may specify the intervals at which (a) the Buyer is required to notify the Supplier of any changes to the number of User Subscriptions or (b) the Supplier will audit/assess the Buyers access and usage during the relevant period and notify the Buyer of the number of User Subscriptions that have been used/activated at which point the Supplier will consider whether there

are to be any additional charges payable by the Buyer [or any refund due to the Buyer] for the relevant Consumption Period based on the actual Usage by the Buyer. The Buyer should also consider the reconciliation provisions at paragraph 7 below and select which are applicable for their Call Off Contract].

- 6.2 [In the event the actual number of Authorised Users accessing the Services and Documentation is more than that set out in the Call Off Order Form, and which was used to calculate the annual Consumption Charges, there shall be a reconciliation between the anticipated and actual number of User Subscriptions. Where the Buyer has already made a payment which is less than the actual number of User Subscriptions consumed during the relevant Contract Year (an underpayment), the Buyer shall pay the Supplier the difference between the amount of the Consumption Charges paid and the actual amount payable for the number of User Subscriptions for the relevant Contract Year, within thirty (30) calendar days of being notified by the Supplier or such other period as set out in the Call-Off Order Form.] **[Guidance Note: if paragraph 6.1 is not used, this paragraph 6.2 may be used]**
- 6.3 Subject to any minimum number of User Subscriptions agreed between the Parties and set out in the Call Off Order Form, in the event the actual number of Authorised Users accessing the Services and Documentation is less than that set out in the Call Off Order Form, and which was used to calculate the annual Consumption Charges, there shall be a reconciliation between the anticipated and actual number of User Subscriptions. Where the Buyer has paid in excess of the actual User Subscriptions consumed during the relevant Contract Year (an overpayment), the Supplier shall credit such overpaid amount towards the Consumption Charges payable by the Buyer for the forthcoming Contract Year (or the Buyer may deduct the relevant amount from the forthcoming Consumption Charges) or where there is no further Contract Year under this Contract refund any such overpaid amount to the Buyer.
- 6.4 Subject to any minimum number of User Subscriptions agreed by the Parties and set out in the Call Off Order Form, at the end of each Contract Year the Buyer may determine that it requires less User Subscriptions for any forthcoming Contract Year. The Buyer shall, no less than three (3) Months prior to the end of a Contract Year, give written notice to the Supplier of the reduction in the number of User Subscriptions required for the forthcoming Contract Year. Where there is a reduction in the number of User Subscriptions required by the Buyer there shall be a corresponding reduction in the Consumption Charges payable for the forthcoming Contract Year and for the remainder of the Call Off Initial Period or then current Extension Period (as applicable) unless otherwise further varied in accordance with the terms of this Call-Off Contract.

7. Annual Consumption/Usage reconciliation

[Guidance Note: If Buyers have an indication of what Additional Services they may require at any time during the Call Off Contract Period (but don't wish to receive and pay for such from the commencement date of the Call Off Contract), the Buyer should consider seeking a price list from the Supplier at the outset for any other

optional Additional Services that may be required and to include these within the Call Off Contract. This will provide the Buyer with transparency and certainty in respect of any Consumption Charges that would be payable to the Supplier in the event the Buyer wishes to access any Additional Services]]

- 7.1 Where due to the nature of the Services it is not practicable in a static Call Off Order Form to agree in detail exactly the quantity and rate of consumption of the Services during the Call Off Contract Period or the Buyer has specified that they may, at their discretion, require Additional Services, the indicative annual Consumption Charges set out in the Call Off Order Form shall be an estimate of the Buyers anticipated quantities and rates of consumption (the “**Estimated Consumption Charges**”) and the following provisions in this paragraph 7 shall apply.
- 7.2 Where during a Contract Year, the Buyer’s consumption is variable and/or the Buyer elects to receive Additional Services there shall (at the interval set out in the Call Off Order Form or otherwise at the end of the Contract Year) be a reconciliation process undertaken to determine the difference between the Estimated Consumption Charges set out in the Call Off Order Form (as may have previously been amended) for the relevant Contract Year and the Actual Consumption Charges payable for all Services (including any Additional Services) accessed and received by the Buyer during the relevant Contract Year. Where the Buyer has accessed any Additional Services part way through a Contract Year, the Actual Consumption Charges payable for any such Additional Services shall be calculated on a pro-rata basis from the date the Buyer’s Usage of the Additional Services commenced.
- 7.3 [At the end of each Contract Year (or such other interval specified in the Call Off Order Form), the Supplier shall provide to the Buyer a reconciliation statement, including details of the consumption/Usage or the Buyer, Additional Services the Buyer has accessed and received during the preceding Contract Year, the applicable Consumption Charges for each element of the Services received by the Buyer (by reference to the Supplier’s rates/prices tendered for the Call Off Contract) the difference between the Estimated Consumption Charges set out in the Call Off Order Form (as may have previously been amended), the Actual Consumption Charges payable for actual Usage by the Buyer and the amounts (if any) already paid by the Buyer.] **OR** [At the end of each Contract Year (or such other interval specified in the Call Off Order Form), the Buyer shall confirm to the Supplier its Usage and any Additional Services it has accessed and received during the preceding Contract Year. The Supplier shall then provide to the Buyer a reconciliation statement, including details of the Services (including any Additional Services) the Buyer has accessed and received during the preceding Contract Year, the applicable Consumption Charges for each element of the Services received by the Buyer (by reference to the Supplier’s rates/prices tendered for the Call Off Contract) the difference between the Estimated Consumption Charges set out in the Call Off Order Form (as may have previously been amended), the Actual Consumption Charges payable for actual Usage and the amounts (if any) already paid by the Buyer.]

- 7.4 The Buyer shall, within thirty (30) calendar days of receipt, review any reconciliation statement received from the Supplier. The Buyer shall be entitled to raise any clarification questions and/or request any further information or data from the Supplier regarding the reconciliation statement which shall be promptly provided by the Supplier to the Buyer. The Buyer shall not unreasonably withhold or delay its agreement to the reconciliation statement. Where there is any Dispute in respect of the reconciliation statement, such Dispute shall be referred to clause 34 of the Core Terms.
- 7.5 Where the Buyer agrees to the reconciliation statement this will trigger a reconciliation payment by the Buyer to the Supplier or will trigger a reconciliation payment by the Supplier to the Buyer, as appropriate. Where there is a reconciliation payment due to the Supplier, the Supplier will supply to the Buyer an invoice for the relevant amount and the provisions of clause 4 of the Core Terms will apply. Where there is a reconciliation payment due from the Supplier to the Buyer, the Supplier shall credit such overpaid amount towards the Consumption Charges payable by the Buyer for the forthcoming Contract Year (or the Buyer may deduct the relevant amount from the forthcoming Consumption Charges) or where there this Call Off Contract is expiring or otherwise terminated, to refund any such overpaid amount to the Buyer within thirty (30) days of receipt of an invoice from the Buyer.
- 7.6 Where the Buyer, at its discretion, wishes to continue to receive the Additional Services for any forthcoming Contract Year, the parties shall agree a Variation to the Call Off Contract in accordance with clause 24 of the Core Terms to reflect the scope of Services to be delivered and any corresponding adjustment to the Consumption Charges for the remainder of the Contract Period. Any change to the Consumption Charges shall be effective from the start of the next Contract Year unless otherwise agreed between the parties in the Variation.
- 7.7 Where the charges are based on Estimated Consumption Charges, the Buyer and Supplier may, no less than thirty (30) calendar days prior to the end of a Contract Year, agree the Estimated Consumption Charges for the forthcoming Contract Year and the Call Off Contract shall be amended accordingly. In the event the parties do not agree on any revised Estimated Consumption Charges for the forthcoming Contract Year, the Estimated Consumption Charges shall be based on the most recently agreed Estimated Consumption Charges which shall continue to apply or where this doesn't apply those set out in the original Call Off Order Form.
- 7.8 Any Additional Services that may be required by the Buyer shall be limited to only those which are more of the same as the Services already purchased by the Buyer under the Call-Off Contract or otherwise within the same scope/nature of the Services of the Call-Off Contract and the relevant lot of the CCS Technology Products and Associated Services 2 Framework (RM6098).
- 7.9 [The aggregate value of all Actual Consumption Charges (including Additional Services and/or any additional User Subscriptions) consumed may not [exceed the "contract anticipated potential value" set out in the Call Off Order Form OR result in

an increase or decrease of 10% or more of the “contract anticipated potential value” set out in the Call Off Order Form] as at the Commencement Date without the prior written approval of the Buyer’s Authorised Representative.]

- 7.10 For the avoidance of doubt, there will be no reconciliation in relation to fixed pricing or where there is unlimited consumption agreed by the parties and set out in the Call Off Order Form.

8. Exit Costs

- 8.1 Save as otherwise explicitly set out in this Call-Off Contract, each Party shall be responsible for their costs involved in the preparation of the Exit Plan and carrying out the respective exit activities detailed in the Exit Plan. The Supplier shall not be entitled to increase its Consumption Charges or any other charges payable under the Call-Off Contract upon invoking and carrying out activities in accordance with the Exit Plan or upon notice of termination of this Call-Off Contract.
- 8.2 Where this Call-Off Contract is terminated prior to expiry of the Initial Period or Extension Period (as applicable), due to Supplier Default, all costs of the Supplier in carrying out the activities detailed in the Exit Plan (including, but not limited to, migrating the Buyer Data to the Buyer or any Replacement Supplier) shall be at the Supplier’s own expense.

Notwithstanding any licence granted for the purposes of the Tests, the Consumption Charges and any Support Service Charges shall not take effect before the Call Off Contract Start Date.
- 9.5 The Buyer hereby grants to the Supplier a royalty-free, non-exclusive, non-transferable licence during the Contract Period to use the Buyer Data and Buyer Materials, including the right to grant sub-licences to its Sub-Contractors, provided that any relevant Sub-Contractor has entered into a confidentiality undertaking with the Supplier in a form reasonably acceptable to the Buyer.
- 9.6 The licence granted in paragraph 9.5 is granted solely to the extent necessary for providing and performing the Services in accordance with this Call-Off Contract. The Supplier shall not use the licensed materials for any other purpose.
- 9.7 In the event of the Termination or expiry of this Call-Off Contract, the rights and licences referred to in paragraph 9.5 shall terminate automatically and the Supplier shall deliver to the Buyer all Buyer Data and Buyer Material licensed to the Supplier pursuant to paragraph 9.5 in its possession or control.

Call-Off Schedule 20 (Call-Off Specification)

This Schedule sets out the characteristics of the Deliverables that the Supplier will be required to make to the Buyers under this Call-Off Contract

The Service Desk is seeking to implement a comprehensive Remote Support Tool to ensure efficient delivery of services to our customers and collaboration with our other CSU's. Our team consists of approximately 60 employees who work under a complex shift pattern designed to provide optimal support to our customers. The tool itself should be capable of allowing remote support connections to our customers allowing support to be delivered to customers remotely. It is essential that the support tool allow seamless file transfer and the ability to invite colleagues into the session for training purposes.

Service Delivery / Product Requirement

It is essential that the tool provides the ability for our teams to connect to customers remotely to ensure the successful delivery of support services. Operators must have the ability to invite colleagues into the session and have the ability to transfer files whilst connected. Due to IG requirements and our need to eliminate risk, "jump to" or unattended access must not be included, or must be able to be disabled in the console. It is desirable for features such as session recording & MFA.

It is mandatory to provide the following licences as summarised below:

SKU/Product code	Product Description	QTY
RSU-ESS	Beyond Trust Secure Remote Support Concurrent Maintenance Licence - 12 months	60
BT-APP-BVM-ESS	Beyond Trust Appliance B Series-VM Renewal Maintenance - 12 months	2

Outcomes

By utilising the BeyondTrust tool, we aim to enhance our remote support capabilities, allowing us to control customer devices, diagnose issues, and resolve them efficiently. This approach will continue to optimise our resources and significantly reduce the need for costly site visits, thereby saving on operational expenses. Leveraging BeyondTrust (BOMGAR) ensures seamless and secure remote access, which is crucial for maintaining high standards of customer service and operational efficiency. This tool also helps us meet our customers' Key Performance Indicators (KPIs) effectively. The benefits extend to our support staff, whether they are working remotely or on-site, as well as to the organization's infrastructure. BeyondTrust allows us to download and record sessions, providing valuable material for training and teaching purposes for our SCW staff.

BOMGAR is the current inherent solution being used and which is integrated within the wider SCW IT estate. Work is ongoing to review the strategic alignment of this

software within the DD&T technical roadmap however at present, given the length of term required remaining with this software is the most financially viable and cost effective.

Monitoring and Reporting

Regular quarterly meetings with the account manager to discuss feedback and product enhancements are required to ensure the tool evolves with our needs.
