Annex 2 – Specification

Technical provision of support

Background

As announced on 27 December 2024 Defra are introducing a £15m fund for the redistribution sector, or redistributors working with farmers, to redistribute surplus food at the farm gate in England which cannot currently be used commercially. This will support farmers to utilise more of their produce and reduce food waste at the farm gate.

In developing the fund Defra are seeking the support necessary for the design and implementation of a grants scheme to be delivered internally. This proposal has been in response to a request for support.

Proposed support

WRAP has over 20 years of experience developing and administering government funded investment mechanisms. This includes revenue and capital grants, guarantee schemes and loans. WRAP works with public and private sector funders, providing end-to-end management of financial mechanisms from concept to delivery, monitoring, evaluation, and project closure.

WRAP have in-depth knowledge and a proven track record on grant administration and support, on food waste and the redistribution sector.

Led by WRAP's Global Food Waste Programme Lead and our Climate Action Programme Lead, WRAP will provide a package of support for the application assessments, grant approvals and monitoring.

This document sets out WRAP's proposed support to Defra throughout the grant lifecycle up to the end of 2025/26 financial year.

Proposed work

1. Preparation support

This phase will involve inputting to the initial design and set up of the grant scheme, joining preparation workshops and supporting Defra in preparing for the start of the assessment phase.

2. Assessment

External representatives bring diverse perspectives, experiences, and expertise to the assessment panel. This diversity enhances the panel's ability to evaluate grant applications and consider a broad range of factors, leading to more well-rounded and informed decisions. Third party representation on grant panels can contribute to reducing bias and conflicts of interest in the assessment process. This impartiality helps ensure fairness and integrity in the evaluation of grant applications. WRAP specialists will provide

independent food waste/redistribution expertise to assist in the evaluation and assessment of grant applications. WRAP's food redistribution specialists can provide valuable insight into complementarity of existing interventions and any potential overlaps or synergies.

This phase of support would include:

- Panel meetings.
- Assessment of specific applications and recommendations for grant awards.
- Working with Defra team to agree final grant approvals.

3. Assist Defra in monitoring grantees

WRAP will support Defra in monitoring the progress of grant recipients, for example this can be through site visits to recipient facilities to verify that the funded activities are indeed taking place as expected. Site visits provide an opportunity to assess the quality of the work being performed. WRAP will support Defra in evaluating whether the project activities* meet the expected standards and whether the outcomes are likely to align with the overarching grant objectives.

* This relates to each agreed grant and includes checking monthly, quarterly and final reports against milestones, deliverables and invoicing costs.

This phase of support would include:

- Panel meetings
- Site visits and engagement with grant recipients

4. General support for grant administration

WRAP also recognise the need expressed by Defra for some more ad hoc support on grant administration. This would include the following tasks as needed by Defra:

- Supporting Defra on timings and "jobs to be done" for the grant scheme.
- Advising Defra on anything that need to be done or improvements to the grant scheme.
- General support and advice.

Tackling food surplus at the farm gate

Provision of technical support

Background

As announced by the Prime Minister and the Environment Secretary at the National Farmers Union Conference on 20th February 2024, Defra is introducing a £15m fund for the redistribution sector, or redistributors working with farmers, to redistribute surplus food at the farm gate in England which cannot currently be used commercially. This will support farmers to utilise more of their produce and reduce food waste at the farm gate. In developing the fund Defra is seeking the support necessary for the design and implementation of a grants scheme to be delivered internally. This proposal has been in response to a request for support.

Proposed support

WRAP has over 20 years of experience developing and administering government funded investment mechanisms. This includes revenue and capital grants, guarantee schemes and loans. WRAP works with public and private sector funders, providing end-to-end management of financial mechanisms from concept to delivery, monitoring, evaluation, and project closure.

We have in-depth knowledge and a proven track record on grant administration and support, on food waste and the redistribution sector.

Led by WRAP's Global Food Waste Programme Lead and our Climate Action Programme Lead, WRAP will provide a package of support for the application assessments, grant approvals and monitoring.

This document sets out our proposed support to Defra throughout the grant lifecycle up to the end of 2025/26 financial year.

Proposed work

1. Preparation support (February, March)

This phase will involve inputting to the initial design and set up of the grant scheme, joining preparation workshops and supporting Defra in preparing for the start of the assessment phase.

Activities and outputs:

- WRAP to attend a weekly 30 min meeting/reasonable ad hoc meetings as required to advise and support on the development and delivery of the grant fund. ***Cadence to be reviewed once the grants are awarded.***
- WRAP to attend approximately two meetings to feed into the monitoring, evaluation and learning framework/methodology being developed by Defra to track, measure and report grant impact.
- WRAP to provide written review/feedback on M&E tools as required.

2. Assessment (March, April, May)

External representatives bring diverse perspectives, experiences, and expertise to the assessment panel. This diversity enhances the panel's ability to evaluate grant applications and consider a broad range of factors, leading to more well-rounded and informed decisions. Third party representation on grant panels can contribute to reducing bias and conflicts of interest in the assessment process. This impartiality helps ensure fairness and integrity in the evaluation of grant applications. WRAP specialists will provide independent food waste/redistribution expertise to assist in the evaluation and assessment of grant applications. Our food redistribution specialist can provide valuable insight into complementarity of existing interventions and any potential overlaps or synergies.

Activities and outputs:

- WRAP to review, assess and score applications in accordance with the methodology/scoring rubric provided by the Defra team, and offers an expert assessment of the applications received.
- WRAP to attend an evaluation panel session on 16/4/2025 to agree and finalise the successful applicants to the discuss and input on the size of grants to be awarded, if required.

3. Assist Defra in monitoring grantees

WRAP will support Defra in monitoring the progress of grant recipients, through review of reports across the M&E stages, excluding the 2027/beyond activity.

WRAP may also undertake site visits to recipient facilities to verify that the funded activities are taking place as expected.

Site visits provide an opportunity to assess the quality of the work being performed. WRAP will support Defra in evaluating whether the project activities meet the expected standards and whether the outcomes are likely to align with the overarching grant objectives.

Activities and outputs:

- WRAP to review of evaluation reports submitted by grant recipients (up to eight per reporting stage) and offer feedback to Defra on impact/ROI and flag any gaps or concerns.
- Site visits (if required) and engagement with grant recipients (up to four visits or online meetings) to observe and discuss grant delivery and impact, followed by feedback to Defra on impact/ROI and flag gaps or concerns.

4. General support for grant administration

We also recognise the need expressed by Defra for some more ad hoc support on grant administration. This would include, within reason, the following tasks as needed by Defra:

- Supporting Defra on timings and “jobs to be done” for the grant scheme.
- General support and advice.

Key deliverables and timeline

Scope and budget

This provides for support for up to an expected 20 applications and up to 8 grants awarded, as anticipated by Defra during planning/scoping phase.

Additional application assessments and grants to be included in the monitoring phase will require an additional contract.

The proposal budget for this project is £57,000 + VAT.

WRAP team

The WRAP team will consist of:

3. How the Contract works

3.1 The Order Form is an offer by the Authority to purchase the Deliverables subject to and in accordance with the terms and conditions of the Contract.

3.2 The Supplier is deemed to accept the offer in the Order Form when the Authority receives a copy of the Order Form signed by the Supplier.

3.3 The Supplier warrants and represents that its Tender Submission and all statements made and documents submitted as part of the procurement of Deliverables are and remain true and accurate.

4. What needs to be delivered

4.1 All Deliverables

(a) The Supplier must provide Deliverables: (i) in accordance with the Specification and Tender Submission; (ii) to a professional standard; (iii) using all reasonable skill and care; (iv) using Good Industry Practice; (v) using its own policies, processes and internal quality control measures as long as they don't conflict with the Contract; (vi) in accordance with such policies and procedures of the Authority (as amended from time to time) that may be specified in the Contract (vii) on the dates agreed; and (viii) in compliance with all applicable Law.

(b) Without prejudice to the Specification the Supplier must provide Deliverables with a warranty of at least 90 days (or longer where the Supplier offers a longer warranty period to the Authority) from Delivery against all obvious damage or defects.

4.2 Goods clauses (not used)

- (a) All Goods Delivered must be capable of meeting the requirements set out in the Specification and be either (i) new and of recent origin, (ii) reused or (iii) recycled.
- (b) All manufacturer warranties covering the Goods will be assigned to the Authority on request and for free.
- (c) The Supplier transfers ownership of the Goods on completion of Delivery (including off-loading and stacking) or payment for those Goods, whichever is earlier.
- (d) Risk in the Goods transfers to the Authority on Delivery but remains with the Supplier if the Authority notices any damage or defect following Delivery and lets the Supplier know within three Working Days of Delivery.
- (e) The Supplier must have full and unrestricted ownership of the Goods at the time of transfer of ownership.
- (f) The Supplier must Deliver the Goods on the date and to the specified location during the Authority's working hours.
- (g) The Supplier, its subcontractor(s) and supply chain must minimise packaging used whilst providing sufficient packaging for the Goods to reach the point of Delivery safely and undamaged. The Supplier must take back any primary packaging where it is possible to do so. Packaging must be 100% re-usable, recyclable or compostable, use recycled content where reasonably practicable and support the Government's commitment to eliminate single use plastic.
- (h) All Deliveries must have a delivery note attached that specifies the order number, type, quantity of Goods, contact and details of traceability through the supply chain.
- (i) The Supplier must provide all tools, information and instructions the Authority needs to make use of the Goods. This will include, where appropriate, any operation manuals which, unless specified otherwise, will be written in English and provided in electronic form.
- (j) The Supplier will notify the Authority of any request that Goods are returned to it or the manufacturer after the discovery of safety issues or defects that might endanger health or hinder performance and shall indemnify the Authority against the costs arising as a result of any such request. Goods must be disposed of in line with the waste management hierarchy as set out in Law. The Supplier will provide evidence and transparency of the items and routes used for disposal to the Authority on request.

(k) The Authority can cancel any order or part order of Goods which have not been Delivered. If the Authority gives less than 14 calendar days' notice then it will pay the Supplier's reasonable and proven costs already incurred on the cancelled order as long as the Supplier takes all reasonable steps to minimise these costs.

(l) The Supplier must at its own cost repair, replace, refund or substitute (at the Authority's option and request) any Goods that the Authority rejects because they don't conform with clause 4.2. If the Supplier doesn't do this it will pay the Authority's costs including repair or re-supply by a third party.

(m) The Authority will not be liable for any actions, claims, costs and expenses incurred by the Supplier or any third party during Delivery of the Goods unless and to the extent that it is caused by negligence or other wrongful act of the Authority or its servant or agent. If the Authority suffers or incurs any damage or injury (whether fatal or otherwise) occurring in the course of Delivery or installation then the Supplier shall indemnify from all losses, damages, costs or expenses (including professional fees and fines) which arise as a result of or in connection with such damage or injury where it is attributable to any act or omission of the Supplier or, where related to the Contract, any of its subcontractors or suppliers.

4.3 Services clauses

(a) Late delivery of the Services will be a breach of the Contract.

(b) The Supplier must co-operate with the Authority and third party suppliers on all aspects connected with the delivery of the Services and ensure that Supplier Staff comply with any reasonable instructions including any security requirements.

(c) The Authority must provide the Supplier Staff with reasonable access to its premises at such reasonable times agreed with the Authority for the purpose of supplying the Services.

(d) The Supplier must at its own risk and expense provide all equipment required to deliver the Services. Any equipment provided by the Authority to the Supplier for supplying the Services remains the property of the Authority and is to be returned to the Authority on expiry or termination of the Contract.

(e) The Supplier must allocate sufficient resources and appropriate expertise to the Contract.

(f) The Supplier must take all reasonable care to ensure performance does not disrupt the Authority's operations, employees or other contractors.

(g) On completion of the Services, the Supplier is responsible for leaving the Authority's premises in a clean, safe and tidy condition and making good any damage that it has caused to the Authority's premises or property, other than fair

wear and tear and any pre-existing cleanliness, safety or tidiness issue at the Authority's premises that existed before the commencement of the Term.

(h) The Supplier must ensure all Services, and anything used to deliver the Services, are of the required quality and free from damage or defects.

(i) The Authority is entitled to withhold payment for partially or undelivered Services or for Services which are not delivered in accordance with the Contract but doing so does not stop it from using its other rights under the Contract.

5. Pricing and payments

5.1 In exchange for the Deliverables delivered, the Supplier shall be entitled to invoice the Authority for the charges in Annex 3. The Supplier shall raise invoices promptly and in any event within 90 days from when the charges are due.

5.2 All Charges:

(a) exclude VAT, which is payable on provision of a valid VAT invoice and charged at the prevailing rate;

(b) include all costs connected with the supply of Deliverables.

5.3 The Authority must pay the Supplier the charges within 30 days of receipt by the Authority of a valid, undisputed invoice, in cleared funds to the Supplier's account stated in the Order Form.

5.4 A Supplier invoice is only valid if it:

(a) includes all appropriate references including the Purchase Order Number and other details reasonably requested by the Authority as set out in Annex 3; and

(b) includes a detailed breakdown of Deliverables which have been delivered (if any).

Details of the Authority's requirements for a valid invoice at the Start Date are set out in Annex 3.

5.5 If there is a dispute between the Parties as to the amount invoiced, the Authority shall pay the undisputed amount. The Supplier shall not suspend the provision of the Deliverables unless the Supplier is entitled to terminate the Contract for a failure to pay undisputed sums in accordance with clause 11.6. Any disputed amounts shall be resolved through the dispute resolution procedure detailed in clause 35.

5.6 If any sum of money is recoverable from or payable by the Supplier under the Contract (including any sum which the Supplier is liable to pay to the Authority in respect of any breach of the Contract), that sum may be deducted unilaterally by the Authority from any sum then due, or which may become due, to the Supplier under the Contract or under any other agreement or contract with the Authority. The Supplier

shall not be entitled to assert any credit, set-off or counterclaim against the Authority in order to justify withholding payment of any such amount in whole or in part.

5.7 The Supplier must ensure that its subcontractors and supply chain are paid, in full, within 30 days of receipt of a valid, undisputed invoice. If this doesn't happen, the Authority can publish the details of the late payment or non-payment.

6. The Authority's obligations to the Supplier

6.1 If the Supplier fails to comply with the Contract as a result of an Authority Cause:

(a) the Authority cannot terminate the Contract under clause 11 on account of the failure to comply, provided this will not prejudice the Authority's right to terminate for another cause that may exist at the same time;

(b) the Supplier will be relieved from liability for the performance of its obligations under the Contract to the extent that it is prevented from performing them by the Authority Cause and will be entitled to such reasonable and proven additional expenses that arise as a direct result of the Authority Cause;

(c) the Supplier is entitled to any additional time needed to deliver the Deliverables as a direct result of the Authority's Cause;

(d) the Supplier cannot suspend the ongoing supply of Deliverables.

(b) demonstrates that the failure only happened because of the Authority Cause;

- (c) agree a deadline with the Authority for completing the corrective action.

7.6 If the Authority, acting reasonably, is concerned either:

- (a) as to the financial stability of the Supplier such that it may impact on the continued performance of the Contract; or
- (b) as to the sustainability or health and safety conduct of the Supplier, subcontractors and supply chain in the performance of the Contract;

then the Authority may:

- (i) require that the Supplier provide to the Authority (for its approval) a plan setting out how the Supplier will ensure continued performance of the Contract (in the case of (a)) or improve its sustainability conduct or performance (in the case of (b)) and the Supplier will make changes to such plan as reasonably required by the Authority and once it is agreed then the Supplier shall act in accordance with such plan and report to the Authority on demand
- (ii) if the Supplier fails to provide a plan or fails to agree any changes which are requested by the Authority or materially fails to implement or provide updates on progress with the plan, terminate the Contract immediately for material breach (or on such date as the Authority notifies).

8.1 The Supplier Staff involved in the performance of the Contract must:

- a) be appropriately trained and qualified;

- d) be informed about those specific requirements referred to in Clause 13.2.

8.2 Where an Authority decides one of the Supplier's Staff isn't suitable to work on the Contract, the Supplier must replace them with a suitably qualified alternative.

8.3 If requested, the Supplier must replace any person whose acts or omissions have caused the Supplier to breach clause 8.

8.4 The Supplier must provide a list of Supplier Staff needing to access the Authority's premises and say why access is required.

8.5 The Supplier indemnifies the Authority against all losses, damages, costs or expenses (including professional fees and fines) arising from claims brought against it by any Supplier Staff caused by an act or omission of the Supplier or any other Supplier Staff.

8.6 The Supplier shall use those persons nominated in the Order Form (if any) to provide the Deliverables and shall not remove or replace any of them unless:

- (a) requested to do so by the Authority;
- (b) the person concerned resigns, retires or dies or is on maternity, adoption, shared parental leave or long-term sick leave; or

10. Intellectual Property Rights (IPRs)

10.1 Each Party keeps ownership of its own Existing IPRs. The Supplier gives the Authority a non-exclusive, perpetual, royalty-free, irrevocable, transferable worldwide licence to use, change and sub-license the Supplier's Existing IPR to enable it and its sub-licensees to both:

(a) receive and use the Deliverables;

(b) use the New IPR.

10.2 Any New IPR created under the Contract is owned by the Authority. The Authority gives the Supplier a licence to use any Existing IPRs for the purpose of fulfilling its obligations under the Contract and a perpetual, royalty-free, non-exclusive licence to use any New IPRs.

10.3 Where a Party acquires ownership of intellectual property rights incorrectly under this Contract it must do everything reasonably necessary to complete a transfer assigning them in writing to the other Party on request and at its own cost.

10.5 If any claim is made against the Authority for actual or alleged infringement of a third party's intellectual property arising out of, or in connection with, the supply or use of the Deliverables (an "**IPR Claim**"), then the Supplier indemnifies the Authority against all losses, damages, costs or expenses (including professional fees and fines) incurred as a result of the IPR Claim.

10.6 If an IPR Claim is made or anticipated the Supplier must at its own expense and the Authority's sole option, either:

(a) obtain for the Authority the rights in clauses 10.1 and 10.2 without infringing any third party intellectual property rights;
