# 1. What you need to know

## 1.1. Who is the Authority and the Agent?

“The Authority” means Cabinet Office with the Infrastructure and Projects Authority (IPA).

Crown Commercial Service (CCS) are acting on their behalf, acting as their “Agent”.

## 1.2. What ‘we’ and ‘you’ means

When we use “CCS”, “we”, “us” or “our” we mean Crown Commercial Service. When we use “you” or “your” we mean your organisation, or the organisation you represent, in this competition also referred to as bidder.

We are a central purchasing body that procures common goods and services for buyers including central government departments and the wider public sector.

## 1.3. Who are ‘buyers’?

In this case, the Buyer and the Authority are the same.

## 1.4. What do we mean by ‘deliverables’?

Deliverables are the services that will be provided under this contract agreement as set out in Contract Schedule 2.1 Services Description.

## 1.5. Who are ‘key subcontractors’?

## 1.6. Key subcontractors are any other person other than you who under this contract will:

- be relied on to deliver any of the deliverables under this contract in their entirety (or any part of them)
- provide the facilities or services necessary for the provision of the deliverables (or any part of them)

be responsible for the management, direction or control of the provision of the deliverables (or any part of them)

You need to provide the details of your key subcontractors in attachment 7. If you are relying upon any of those key subcontractors to meet the selection criteria, you must get each of those key subcontractors to populate attachment 4.

Please note we do not require all subcontractors to be named in your bid, we only want to know about key subcontractors who directly contribute to your ability to provide the deliverables under the contract. We do not need to know about subcontractors who supply general services to you (such as window cleaners etc.) that only indirectly enable you to provide the deliverables under the contract.

1.7. What is the difference between a bidder and supplier?

The successful bidder will become a supplier.

1.8. The Public Contracts Regulations 2015

The Public Contracts Regulations 2015 (“the Regulations”) regulate how we procure. This means that we and you have to follow processes that are fair, transparent and equitable for all bidders. We will be using the Regulations following a ‘light touch’ procedure (Regulations 74 to 77).

1.9. Government Security Classifications (GSC)

On 02/04/2014 the Government introduced its Government Security Classifications (GSC) classification scheme to replace the current Government Protective Marking System (GPMS). A key aspect of this was the reduction in the number of security classifications used.

You are encouraged to make yourself aware of the changes and identify any potential impacts in your Bid, as the protective marking and applicable protection of any material passed to, or generated by, you during this competition, or pursuant to any Contract awarded to you as a result of this competition, will be subject to the GSC from 02/04/2014. The link below to the Gov.uk website provides information on the GSC:

## 2. The opportunity

The Cabinet Office, represented by the Infrastructure and Projects Authority IPA (the “Authority”), is seeking to establish a Contract for the continued provision of the Major Projects Leadership Academy (the “MPLA”) and Orchestrating Major Projects (“OMP”) and optional services.

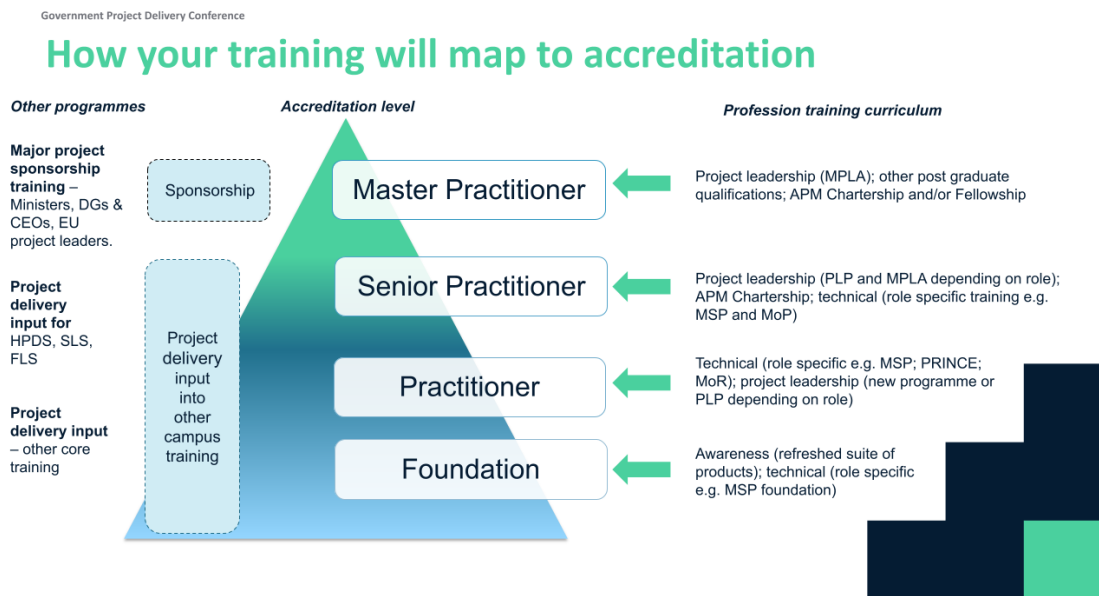

The MPLA was created in 2012 after a major project review identified a need to build project leadership capability within the Civil Service. The aim of the Academy was to build a cadre of world class leaders successfully delivering Major Projects (“Major Projects” means those projects which feature in the Government’s Major Project Portfolio (GMPP)).

The OMP was created in 2016 for the government’s most senior leaders and decision makers who influence the wider operating environment to enable project success at a strategic level. The programme was developed to build on the success of the MPLA by further enhancing the understanding of the operating environment and its challenges in which major projects are delivered and creating stronger alignment between policy and project delivery.

The Government launched the Government Projects Academy in March 2021, which will sit as a faculty on the new Government Learning Campus , promoting a culture of learning and targeted training to nurture and hone the

skills of civil servants. The Academy will provide a single, virtual hub for professional standards, accreditation and training for Project Delivery Professionals working across government. Along with a clear set of roles, competencies and skills, the Academy will provide professionals with a 'licence to practice' and access to a redesigned learning curriculum to support them in their roles and accreditation

The diagram below details the proposed Project Delivery Accreditation Framework and the training linked to the different accreditation levels, Foundation, Practitioner, Senior Practitioner and Mastery. MPLA is part of the top level accreditation of Mastery, with other mastery requirements likely to involve a master's level qualification and specialist domain expertise.

Please note, the learning offer that supports the new Project Delivery accreditation framework will be subject to further review, but it is anticipated that the MPLA will remain a core element of the framework, positioned at the same level.

The Supplier will be required to refresh the design, format and curriculum of the MPLA and OMP.

The Supplier shall also be required to deliver the MPLA and OMP as directed by the Authority, throughout the duration of the Contract.

Remember that the full specification is in Contract Schedule 2.1 Services Description, Annex 1 Specification of Services.

### 3. What a Contract is

The Contract sets out terms that allow the buyer to make specific purchases during the life of the Contract. This competition is for a single supplier Contract and the Authority anticipates that bids will be received via consortia.

If you are the successful Supplier, we will use the information you have provided in your bid, including your pricing to personalise your Contract. The Authority and you will sign the Contract. The Authority and you will manage the Contract.

The estimated value of the Contract is set out in the contract notice.

### 3.1. About the contract

The initial term of the Contract will be 48 months with the option to extend by up to a maximum of 36 months upon the Authority giving 60 Working Days' notice, refer to the Model Services Agreement RM6223, paragraph 4.1.

This Contract does not have any lots.

The Contract will be awarded to a single bidder.

## 4. Who can bid

Anyone can submit a bid in response to the published contract notice.

The contract notice can be found on Find a Tender Service.

You can submit a bid as a single legal entity although the Supplier is anticipated to be a consortium who together offer the blend of services required. You can also take one or both of the following options:

- work with other legal entities to form a consortium. If you do, we ask the consortium to choose a lead member who will submit the bid on behalf of the consortium.
- bid with named key subcontractors to deliver parts of the requirements. This applies whether you are bidding as a single legal entity or as a consortium.

We recognise that subcontracting and consortium plans can change. You must tell us about any changes to the proposed subcontracting or to the consortium as soon as you know. If you do not, you may be excluded from this competition.

## 5. Overview of the competition

### 5.1. Selection stage

At the selection stage, we will evaluate Bidders' technical, professional and financial capabilities to deliver the services of this Contract.

### 5.2. Award stage

At the Award stage part, we will evaluate the Bidders' responses to the quality questionnaire in the eSourcing suite ("Quality Evaluation"); and we will evaluate the values tendered in the price matrix ("Price Evaluation"), in accordance with the instructions provided in Attachment 2 – How to bid.

## 6. Timelines for the competition

## 7. When and how to ask questions

We hope everything is clear after you have read this ITT pack (including the attachments).

If you have any questions you need to ask them as soon as possible after the contract notice is published. This is because we have set a deadline for submitting questions - the clarification questions deadline.

You need to send your questions to us through the eSourcing suite. This is the only way we can communicate with bidders. Try to ensure your question is specific and clear. Do not include your identity in the question. This is because we publish all the questions and our responses, to all bidders.

If you feel that a particular question should not be published, you must tell us why when you ask the question. We will decide whether or not to publish the question and response.

Remember that you can ask us questions about the contract but please do not attempt to 'negotiate' the terms. All contract awards will be made under identical terms.

## **8. Transfer of Undertakings (Protection of Employment) Regulations 2006 (“TUPE”)**

We think that TUPE may apply to this Contract:

- services which are fundamentally the same as what we need under this procurement are currently being provided either in-house or by a supplier
- there are organised groupings of employees delivering services
- the responsibility for delivering those or comparable services will transfer to the supplier who is awarded the Contract.

We encourage you to take your own advice on whether TUPE is likely to apply and to carry out due diligence accordingly.

Based on the assumption that TUPE may apply under the contract, we have acquired information relating to the employees of the incumbent supplier.

To receive the TUPE information you must complete the non disclosure agreement – Attachment 11 and return it via the eSourcing suite messaging service.

When we receive your completed non disclosure agreement, we will then send the TUPE information to you via the eSourcing suite.

If you do not provide a completed Non-Disclosure Agreement (NDA) Attachment 11 and fail to receive a copy of the TUPE information your bid may be excluded from further participation in this procurement.

We don't represent that the TUPE information is complete or accurate.

We can't say what effort will be required to deliver the services.

All the TUPE information is deemed to be strictly confidential and for use solely in connection with the preparation of your bid and any contract arising from this bid. Whether the TUPE information is provided to you orally, electronically or in writing, you must not at any time

- make use of it for your own purposes
- disclose it to any person (except as may be required by law)
