Section 1

Introduction

- 1.1. This document is designed to assist tenderers in understanding how to complete an Invitation to Tender (ITT) document response and to answer any questions regarding the process related to public sector procurement.

Instructions

- 1.2. The Selection Questionnaire (SQ) document includes a number of parts for the supplier to complete.
- 1.3. Parts 1 and 2 are mandatory parts which are required under the Public Contracts Regulations 2015 and include supplier information and exclusions grounds.
- 1.4. The template that you have received from the NMRN must not be amended as it must remain compliant with the Public Contracts Regulations 2015. Any amendments gaps, omissions, misrepresentations, errors, uncompleted sections, or changes to the format of the tender documentation provided will result in your disqualification from the tender process.
- 1.5. Potential tenderers must be explicit and comprehensive in their responses to this questionnaire as this will be the single source of information on which responses will be assessed. Potential tenderers are advised neither to make any assumptions about their past or current supplier relationships with the NMRN nor to assume that such prior business relationships will be taken into account in the evaluation procedure.
- 1.6. Supporting documents should be provided in English and should be clearly marked with the name of your organisation and the number of the question to which they refer.
- 1.7. If you have any queries regarding how to complete this document please address them through the questions and answers stage of the tender. Failure to provide the required information, make a satisfactory response to any question, or supply documentation referred to in responses within the specified timescale may lead to your tender being judged to be non-compliant.

Consequences of Misrepresentation

- 1.8. If you seriously misrepresent any factual information in filling in the ITT, and so induce the NMRN to enter into a contract, there may be significant consequences. You may be excluded from the procurement procedure, and from bidding for other contracts for three years. If a contract has been entered into you may be sued for damages and the contract may be rescinded. If fraud, or fraudulent intent, can be proved, you or your responsible officers may be prosecuted and convicted of the offence of fraud by false representation, and you must be excluded from further procurements for five years.

Principles of Scoring

- 1.9. In assessing the answers to the questions in Part 1 and Part 2, the NMRN will be seeking evidence of the Potential tenderers suitability to “perform the services / deliver the requirements of the contract” in terms of economic and financial standing, technical and professional ability. Qualification criteria will be a combination of factors and will be in accordance with the Public Contract Regulations 2015.
- 1.10. Responses to the questions in Part 3 will be evaluated in accordance with the Evaluation Approach detailed in the ITT. In the event that none of the responses are deemed satisfactory, the NMRN reserves the right to consider alternative procurement options.

Section 2

Frequently Asked Questions (FAQs)

Question	Answer
<i>When will the tender be released?</i>	The tender documents will be released on Monday 18 th March 2024
<i>How long will I have to put together my tender?</i>	Tenderers will have 39 days to develop and submit their tenders. The deadline for tender returns is Friday 26th April 2024 at 12pm.
<i>What will I be required to complete for the tender?</i>	The tender documents to be completed by the tenderers will consist of: Standard Selection Questionnaire (SSQ) Tenderer Response Pack (if responding to an Open ITT) Invitation to Tender Tenderer Response Pack Form of Tender Declaration Each of these documents will explain the required information to be included by tenderers and further information can be found within the ITT document that will be published at the time of tender release.
<i>Why do I have to fill in questions about my company?</i>	Parts 1 and 2 of the Open ITT are the mandatory Selection Questionnaire sections which are required under law (Public Contracts Regulations 2015) and enables suppliers to make a self-declaration on their own behalf in the following areas: Their organisation and proposed bidding model Grounds for exclusion from procurement procedures Financial standing and technical capability
<i>What if I have questions during the tender period?</i>	Clarification questions can be raised with the NMRN directly during the tender process through the tenders@nmrn.org.uk email. Only questions raised through this method will be answered by the NMRN during the tender period. However, on receipt of any clarification questions NMRN will publish the response to all tenderers to ensure a fair spread of relevant information and no advantage to a provider asking the question.
<i>Where will I be able to access the tender documents?</i>	All of the tender documents will be made available through the MyTenders e-procurement tool, advertised on the Contracts Finder and/or Find a Tender website(s). Contracts Finder: Contracts Finder - GOV.UK (www.gov.uk) Find a Tender: Find high value contracts in the public sector - GOV.UK (www.gov.uk)
Question	Answer
<i>What if I miss the deadline? Can I ask for an extension?</i>	In certain situations, an extension can be requested to a tender period, however, the threshold for this being permitted is very high. If you miss the deadline through your own fault, (such as lack of planning regarding annual leave of staff), the tender period will not be extended. Extensions will only be given in exceptional circumstances normally affecting more than one supplier. All tenderers are therefore encouraged to complete and upload their tender responses well in advance of the deadline to ensure no last minute issues.

How will my bid be assessed and scored?

All bids are assessed and scored by a dedicated evaluation panel assigned to the project.

The evaluation criteria for every scored question is outlined clearly within the relevant document and scored questions can be found within both the Standard Selection Questionnaire Tenderer Response Pack and the Invitation to Tender Response Pack.

The scoring methodology used by tenderers is included throughout the tender documents.

Each evaluator will score the questions. This is then collated, and a moderation meeting is held which discusses each tenderers response to the question and a final score is agreed in every instance.

How will you tell me whether I have been successful or not?

All tenderers will receive a letter from the NMRN confirming the outcome of their bid.

This will be issued directly to all tenderers and will detail scores awarded in response to the assessed questions, and the reasoning behind them.

I have never completed a tender before – is there further assistance available to me?

Where you require further assistance with tendering please contact the NMRN with the issues being experienced.

Where the question is related directly to the procurement process and may be of interest to all tenderers or confer an unfair advantage, it will be shared on the clarification log.
