The Supplier shall supply the management information to the Authority in such form as may be specified by the Authority and, where requested to do so, the Supplier shall also provide such management information to another Contracting Authority, whose role it is to analyse such management information in accordance with UK government policy (to include, without limitation, for the purposes of analysing public sector expenditure and planning future procurement activities) ("**Third Party Body**"). The Supplier confirms and agrees that the Authority may itself provide the Third Party Body with management information relating to the Services purchased, any payments made under this Contract, and any other information relevant to the operation of this Contract.
- 8.6 Upon receipt of management information supplied by the Supplier to the Authority and/or the Third Party Body, or by the Authority to the Third Party Body, the Parties hereby consent to the Third Party Body and the Authority:

If the Parties are unable to agree a resolution within thirty (30) days the query shall be referred to dispute resolution in accordance with the Dispute Resolution Procedure. For the avoidance of doubt, the Authority shall not be in breach of any of its payment obligations under this Contract in relation to any queried or disputed invoice sums unless the process referred to in this Clause 9.6 of this Schedule 2 has been followed and it has been determined that the queried or disputed invoice amount is properly due to the Supplier and the Authority has then failed to pay such sum within a reasonable period following such determination.
- 9.7 The Supplier shall pay to the Authority any service credits and/or other sums and/or deductions (to include, without limitation, deductions relating to a reduction in the Contract Price) that may become due in accordance with the provisions of the Specification and Tender Response Document. For the avoidance of doubt, the Authority may invoice the Supplier for such sums or deductions at any time in the event that they have not automatically been credited to the Authority in accordance with the provisions of the Specification and Tender Response Document. Such invoices shall be paid by the Supplier within 30 days of the date of such invoice.

13.4 Each Party shall at all times take all reasonable steps to minimise and mitigate any loss for which that Party is entitled to bring a claim against the other pursuant to this Contract.

13.5 If the total Contract Price paid or payable by the Authority to the Supplier over the Term:

13.5.1 is less than or equal to one million pounds (£1,000,000), then the figure of five million pounds (£5,000,000) at Clause 13.2 of this Schedule 2 shall be replaced with one million pounds (£1,000,000);

13.5.2 is less than or equal to three million pounds (£3,000,000) but greater than one million pounds (£1,000,000), then the figure of five million pounds (£5,000,000) at Clause 13.2 of this Schedule 2 shall be replaced with three million pounds (£3,000,000);

13.5.3 is equal to, exceeds or will exceed ten million pounds (£10,000,000), but is less than fifty million pounds (£50,000,000), then the figure of five million pounds (£5,000,000) at Clause 13.2 of this Schedule 2 shall be replaced with ten million pounds (£10,000,000) and the figure of one hundred and twenty five percent (125%) at Clause 13.2 of this Schedule 2 shall be deemed to have been deleted and replaced with one hundred and fifteen percent (115%); and

13.6 Clause 13 of this Schedule 2 shall survive the expiry of or earlier termination of this Contract for any reason.

14 Insurance

14.1 Subject to Clauses 14.2 and 14.3 of this Schedule 2 and unless otherwise confirmed in writing by the Authority, as a minimum level of protection, the Supplier shall put in place and/or maintain in force at its own cost with a reputable commercial insurer, insurance arrangements in respect of employer's liability, public liability and professional indemnity in accordance with Good Industry Practice with the minimum cover per claim of the greater of five million pounds (£5,000,000) or any sum as required by Law unless otherwise agreed with the Authority in writing. These requirements shall not apply to the extent that the Supplier is a member and maintains membership of each of the indemnity schemes run by the NHS Litigation Authority.

14.2 Without limitation to any insurance arrangements as required by Law, the Supplier shall put in place and/or maintain the different types and/or levels of indemnity arrangements explicitly required by the Authority, if specified in the Key Provisions.

14.3 Provided that the Supplier maintains all indemnity arrangements required by Law, the Supplier may self insure in order to meet other relevant requirements referred to at Clauses

14.1 and 14.2 of this Schedule 2 on condition that such self insurance arrangements offer the appropriate levels of protection and are approved by the Authority in writing prior to the Commencement Date.

- 14.4 The amount of any indemnity cover and/or self insurance arrangements shall not relieve the Supplier of any liabilities under this Contract. It shall be the responsibility of the Supplier to determine the amount of indemnity and/or self insurance cover that will be adequate to enable it to satisfy its potential liabilities under this Contract. Accordingly, the Supplier shall be liable to make good any deficiency if the proceeds of any indemnity cover and/or self insurance arrangement is insufficient to cover the settlement of any claim.
- 14.5 The Supplier warrants that it shall not take any action or fail to take any reasonable action or (in so far as it is reasonable and within its power) permit or allow others to take or fail to take any action, as a result of which its insurance cover may be rendered void, voidable, unenforceable, or be suspended or impaired in whole or in part, or which may otherwise render any sum paid out under such insurances repayable in whole or in part.
- 14.6 The Supplier shall from time to time and in any event within five (5) Business Days of written demand provide documentary evidence to the Authority that insurance arrangements taken out by the Supplier pursuant to Clause 14 of this Schedule 2 and the Key Provisions are fully maintained and that any premiums on them and/or contributions in respect of them (if any) are fully paid.
- 14.7 Upon the expiry or earlier termination of this Contract, the Supplier shall ensure that any ongoing liability it has or may have arising out of this Contract shall continue to be the subject of appropriate indemnity arrangements for the period of twenty one (21) years from termination or expiry of this Contract or until such earlier date as that liability may reasonably be considered to have ceased to exist.

15 Term and termination

- 15.1 This Contract shall commence on the Commencement Date and, unless terminated earlier in accordance with the terms of this Contract or the general law, shall continue until the end of the Term.
- 15.2 The Authority shall be entitled to extend the Term on one or more occasions by giving the Supplier written notice no less than three (3) months prior to the date on which this Contract would otherwise have expired, provided that the duration of this Contract shall be no longer than the total term specified in the Key Provisions.
- 15.3 In the case of a breach of any of the terms of this Contract by either Party that is capable of remedy (including, without limitation any breach of any KPI and, subject to Clause 9.6 of this Schedule 2, any breach of any payment obligations under this Contract), the non-breaching Party may, without prejudice to its other rights and remedies under this Contract, issue a Breach Notice and shall allow the Party in breach the opportunity to remedy such breach in the first instance via a remedial proposal put forward by the Party in breach ("**Remedial Proposal**") before exercising any right to terminate this Contract in accordance with Clause 15.4(ii) of this Schedule 2. Such Remedial Proposal must be agreed with the non-breaching Party (such agreement not to be unreasonably withheld or delayed) and must be implemented by the Party in breach in accordance with the timescales referred to in the agreed Remedial

Proposal. Once agreed, any changes to a Remedial Proposal must be approved by the Parties in writing. Any failure by the Party in breach to:

- 15.3.1 put forward and agree a Remedial Proposal with the non-breaching Party in relation to the relevant default or breach within a period of ten (10) Business Days (or such other period as the non-breaching Party may agree in writing) from written notification of the relevant default or breach from the non-breaching Party;
- 15.3.2 comply with such Remedial Proposal (including, without limitation, as to its timescales for implementation, which shall be thirty (30) days unless otherwise agreed between the Parties); and/or
- 15.3.3 remedy the default or breach notwithstanding the implementation of such Remedial Proposal in accordance with the agreed timescales for implementation,

shall be deemed, for the purposes of Clause 15.4(ii) of this Schedule 2, a material breach of this Contract by the Party in breach not remedied in accordance with an agreed Remedial Proposal.

15.4 Either Party may terminate this Contract by issuing a Termination Notice to the other Party if such other Party commits a material breach of any of the terms of this Contract which is:

- (i) not capable of remedy; or
- (ii) in the case of a breach capable of remedy, which is not remedied in accordance with a Remedial Proposal.

15.5 The Authority may terminate this Contract forthwith by issuing a Termination Notice to the Supplier if:

15.5.1 the Supplier does not commence delivery of the Services by any Long Stop Date;

15.5.2 the Supplier, or any third party guaranteeing the obligations of the Supplier under this Contract, ceases or threatens to cease carrying on its business; suspends making payments on any of its debts or announces an intention to do so; is, or is deemed for the purposes of any Law to be, unable to pay its debts as they fall due or insolvent; enters into or proposes any composition, assignment or arrangement with its creditors generally; takes any step or suffers any step to be taken in relation to its winding-up, dissolution, administration (whether out of court or otherwise) or reorganisation (by way of voluntary arrangement, scheme of arrangement or otherwise) otherwise than as part of, and exclusively for the purpose of, a bona fide reconstruction or amalgamation; has a liquidator, trustee in bankruptcy, judicial custodian, compulsory manager, receiver, administrative receiver, administrator or similar officer appointed (in each case, whether out of court or otherwise) in respect of it or any of its assets; has any security over any of its assets enforced; or any analogous procedure or step is taken in any jurisdiction;

15.5.3 the Supplier undergoes a change of control within the meaning of sections 450 and 451 of the Corporation Tax Act 2010 (other than for an intra-group change of control) without the prior written consent of the Authority and the Authority shall be entitled to withhold such consent if, in the reasonable opinion of the Authority,

the proposed change of control will have a material impact on the performance of this Contract or the reputation of the Authority;

15.5.4 the Supplier purports to assign, Sub-contract, novate, create a trust in or otherwise transfer or dispose of this Contract in breach of Clause 28.1 of this Schedule 2;

15.5.5 the NHS Business Services Authority has notified the Authority that the Supplier or any Sub-contractor of the Supplier has, in the opinion of the NHS Business Services Authority, failed in any material respect to comply with its obligations in relation to the NHS Pension Scheme (including those under any Direction Letter) as assumed pursuant to the provisions of Part D of Schedule 7;

15.5.6 pursuant to and in accordance with the Key Provisions and Clauses 15.6, 23.8; 25.2; 25.4 and 29.2 of this Schedule 2; or

15.6 If the Authority, acting reasonably, has good cause to believe that there has been a material deterioration in the financial circumstances of the Supplier and/or any third party guaranteeing the obligations of the Supplier under this Contract and/or any material Sub-contractor of the Supplier when compared to any information provided to and/or assessed by the Authority as part of any procurement process or other due diligence leading to the award of this Contract to the Supplier or the entering into a Sub-contract by the Supplier, the following process shall apply:

15.6.1 the Authority may (but shall not be obliged to) give notice to the Supplier requesting adequate financial or other security and/or assurances for due performance of its material obligations under this Contract on such reasonable and proportionate terms as the Authority may require within a reasonable time period as specified in such notice;

15.6.2 a failure or refusal by the Supplier to provide the financial or other security and/or assurances requested in accordance with Clause 15.6 of this Schedule 2 in accordance with any reasonable timescales specified in any such notice issued by the Authority shall be deemed a breach of this Contract by the Supplier and shall be referred to and resolved in accordance with the Dispute Resolution Procedure; and

15.6.3 a failure to resolve such breach in accordance with such Dispute Resolution Procedure by the end of the escalation stage of such process shall entitle, but shall not compel, the Authority to terminate this Contract in accordance with Clause 15.4(i) of this Schedule 2.

In order that the Authority may act reasonably in exercising its discretion in accordance with Clause 15.6 of this Schedule 2, the Supplier shall provide the Authority with such reasonable

and proportionate up-to-date financial or other information relating to the Supplier or any relevant third party entity upon request.

15.7 The Authority may terminate this Contract by issuing a Termination Notice to the Supplier where:

15.7.1 the Contract has been substantially amended to the extent that the Public Contracts Regulations 2015 require a new procurement procedure;

15.7.2 the Authority has become aware that the Supplier should have been excluded under Regulation 57(1) or (2) of the Public Contracts Regulations 2015 from the procurement procedure leading to the award of this Contract;

15.7.3 the Contract should not have been awarded to the Supplier in view of a serious infringement of obligations under European law declared by the Court of Justice of the European Union under Article 258 of the Treaty on the Functioning of the EU; or

15.7.4 there has been a failure by the Supplier and/or one its Sub-contractors to comply with legal obligations in the fields of environmental, social or labour Law. Where the failure to comply with legal obligations in the fields of environmental, social or labour Law is a failure by one of the Supplier's Sub-contractors, the Authority may request the replacement of such Sub-contractor and the Supplier shall comply with such request as an alternative to the Authority terminating this Contract under this Clause 15.7.4.

23.5 If either Party is prevented or delayed in the performance of its obligations under this Contract by a Force Majeure Event, that Party shall as soon as reasonably practicable serve notice in

writing on the other Party specifying the nature and extent of the circumstances giving rise to its failure to perform or any anticipated delay in performance of its obligations.

23.6 Subject to service of such notice, the Party affected by such circumstances shall have no liability for its failure to perform or for any delay in performance of its obligations affected by the Force Majeure Event only for so long as such circumstances continue and for such time after they cease as is necessary for that Party, using its best endeavours, to recommence its affected operations in order for it to perform its obligations.

Schedule 5

Specification and Tender Response – Lot 1

Please describe the key features of your overall service proposal including details of the administration process, access to the centre, audio-visual/technical equipment and support available for the proposed programme.

The Evelyn Surgical Training Centre is located at Melbourn, Cambs, well served by excellent travel links to all northern and southern areas in the EoE, providing easy access for all attendees. There is free secure on-site car parking for delegates and faculty and full disabled access. Being away from the hospital site, the facility provides trainees with access to a psychological-safe learning space away from clinical pressures, allowing the trainees to learn complex surgical procedures in a safe risk-free environment supported by a team of experienced health professionals.

The highly skilled team led by Dr Arun Gupta, Director of Postgraduate Education, Cambridge University Health Partners (CUHP) ensures high-quality delivery of education and training. The supporting team have a wealth of experience in their chosen surgical, technical and administrative fields. Members of the team include a Deputy Director, Clinical Lead, Director of Governance/DI, Director of Operations, technicians, senior radiographers, operating department practitioners, theatre nurses, managers and administrators. The Designated Individual (DI) ensures full compliance with the Human Tissue Act (HTA). The Centre has a Management Board of Directors Chaired by Dr Gupta, with representation from the 4 CUHP partners, CUH, Papworth, University of Cambridge and CPFT.

There is a dedicated administrator who sits within the PGMG team, and is available to attend the training centre at Melbourn, as and when necessary to support the off-site team, and a member of the team is always available to provide support to the centre, including response to enquiries in the administrator's absence.

Our sophisticated course booking system collects delegate and faculty information, in full compliance with General Data Protection Regulations (GDPR) and Privacy Impact Assessment (PIA), and ensures that the trainees are booked onto the correct courses and their details kept secure. The administrator works with the Course Director/TPD to identify the appropriate faculty to deliver the courses, and the faculty are given around 16 weeks' notice to confirm their availability to teach. Once the Course Lead/TPD and faculty have confirmed the dates these will be advertised on the Centre's and HEE websites at least 16 weeks in advance of each course date to ensure the trainees have sufficient notice to book study leave to attend. Any changes to the course dates will be communicated to HEE at the earliest opportunity. Faculty and delegates will be made aware of any date changes, and any trainees booked on the courses will be notified as soon as possible. Both faculty and trainees will be given a minimum of 8 weeks' notice of new dates. The course information and dates are also advertised on the Surgical Training Centre and PGMG website. Course flyers are designed and circulated to the EoE medical education centres for advertising. Social media including Twitter, Facebook, LinkedIn is used to advertise the courses

The delegates complete an online application form, and book the courses via the Centre's online booking system. The eligibility of each attendee (specialty/grade/previous attendance) is checked by the administrator and any queries raised with the TPD. Catering is booked. Course confirmation and reminders are sent via the online booking platform. Regular reminders are sent to the attendees and faculty. The administrator is available to respond to enquiries, over the phone, face to face or virtually. On the day of the course each trainee signs the register and confidentiality agreement, and at the end of the course they will be sent an electronic evaluation form. Once this has been completed, they are sent a certificate of attendance via the Centre's online platform. Letters/emails of appreciation and thanks are sent to faculty acknowledging their help and support. The feedback is collated and forwarded to the Course Lead/TPD, and discussions take place to identify if changes are required to the course, with all issues being discussed and addressed. The TPD will advise the team if adjustments are required to the

course. We work closely with HEE around the dates to ensure that we have everything in place to deliver the courses.

The Centre keeps records of attendance for each training session in line with GDPR and in compliance with HTA audit and record keeping requirements.

The Centre has a Director of Governance/Designated Individual (DI) who ensures full compliance with Quality Standards and Codes of Practice as required by the Human Tissue Authority (HTA). The DI is fully supported by the technical team who ensure that all the necessary equipment and cadaveric material is available and prepared for use in timely fashion. Under the direction of the DI, a programme is set whereby suitable tissue is re-stored in such a way as to maximise tissue and achieve maximum cost effectiveness of this expensive resource.

Access to the Centre, including out of hours access, is via the DI, senior technician or administrator. The Centre's opening hours are Monday to Friday, 08:00am – 6:00pm.

The Centre has 10 fully operational operating theatre work stations, a fully integrated AVA suite including wall mounted monitors, overhead ceiling-mounted cameras, laparoscopic stacks and the ability to stream live training between the wet lab and the separate seminar room which is located nearby. Ultrasound equipment, microscopes and image intensifiers are all available for use at the centre, which also benefits from access to 10 Microsoft HoloLens devices to augment anatomical training and complement cadaveric usage and training in the lab.

Please describe how you will promote these courses to maximise opportunity to attend.

The courses will be promoted on the HEE, PGMC and the Surgical Training Centre's website. Course flyers will be designed and circulated and sent to HEE for distribution around the Region. Social media including Linked-in, Twitter and Facebook will be used. We will liaise closely with the Heads of Schools, Course Leads and TPDs on the advertising of the courses. The courses are advertised on the RCS England website, although it is made clear the bookings are only open to EoE trainees. All the courses are advertised at induction. Waiting lists are in place for those courses that fill quickly. All courses are advertised a minimum of 4 months in advance of the course date.

Automated regular reminders to delegates are sent out via the Centre's website. Regular reminders are sent out to faculty

Between 2015 – 2020, 413 East of England doctors in training attended the training courses at the Centre.

It is noteworthy that attendees frequently spread information about the value of the opportunity to attend by word of mouth to other trainees who in turn tell us of this when applying to attend courses.

The Centre is always available for visits by intending faculty to develop ideas on how to improve the quality of courses, to discuss the logistics, and maximise the use of the tissue, so consequently maximising the experience and therefore potential attendees' desire to attend.

Please describe how you will ensure that all staff (excluding faculty) have the necessary training, qualifications, experience, current competence and English language communication skills to undertake their roles.

As part of the employment of Cambridge University Hospitals NHS Foundation Trust all staff have standard contracts of employment.

The Centre,, follows the rigorous NHS Equal Opportunities and Selection process for the recruitment and selection of all staff employed at the Centre. Job Descriptions and person specifications are in place for all postholders, and, English language and communications skills are assessed at the pre-employment interview. All staff have annual appraisals, and regular 1:1s with their line managers. All staff are offered in-house and external training for their job role.

Mr Constant, the HTA DI for the Centre is responsible to ensure HTA compliance. With Basic and Master qualifications in Anatomy, Surgery, Obs & Gynae, Medical Law, Ethics and Medical Education, extending over 40 years, with CAA certification for international shipment of dangerous goods and as a registered member of the Institute of Medical Illustrators, together with an engineering and health & safety background, he is well qualified for his role as governance, quality and technical director, as well as trainer and faculty member for many of the courses run at the centre. He supervises two technicians at the centre who assist in theatre setup, cadaver and equipment care and maintenance, administration, communication and tissue maximisation, and whose experience in healthcare and surgical work supports the courses and enhances the all-immersive experience our attendees have come to enjoy over the past 7 years.

In line with HTA requirements, the centre is fully compliant in respect of tissue procurement, tissue care, premises, facilities, equipment, training, quality standards, auditing and disposal of tissue, having had 2 successful, and very complimentary, on-site HTA inspections in the past 7 years. Complete documentation is kept updated and the Centre and all staff are also fully compliant with GDPR. The DI regularly informs all staff on HTA updates and how these affect their roles, training and other issues. The HTA quality Manual and all documentation is available for inspection at any time.

Please describe details of your delivery of comparable courses

Over the past 7 years, we have successfully delivered *83 HEE courses involving between 4 and 15 faculty members alongside 8 to 30 delegates*. Courses that have been delivered include **Advanced Gynaecological Surgical Skills, Maxillo-facial plate fixation for fractures, Emergency male and female Urological surgery, and Vascular surgery**. In addition to these HEE courses, we have delivered comparable courses for national and indeed international attendees, with positive feedback and acclaim.

We use fresh frozen cadaveric tissue appropriate to each of the course demands and, using carefully supervised thawing / refreezing and storing techniques, have developed ways of maximising tissue preservation for primary and subsequent use.

We have designed our own special techniques and devices to ensure that even small limited cadaveric parts are mounted and draped in such a way as to mimic a whole cadaver and the way behaves in response to surgical manipulation and performance. This successfully optimises the all-immersive surgical experience (rather than pure anatomical dissection) which benefits the delegates and faculty in every respect. This unique approach has excited positive comment from all concerned, while at the same time ensuring compliance with our ethos of respect and gratitude to our generous donors and fulfilling their final wishes.

The Centre DI and staff maintain up-to-date information on wider surgical developments and techniques and we use current knowledge to develop and adapt our techniques and designs to ensure flexibility in the use of cadaveric material, thereby achieving the most up-to-date practical cadaveric training experience which far exceeds any non-cadaveric experience gained using alternative training techniques, particularly for the more senior trainees. Our ability to successfully deliver courses that maximise the training offered by use of cadaveric tissue is evidenced by the way in which delegate quickly become immersed in the surgical theatre atmosphere, rapidly becoming unaware of the fact that this is a lab and not a real live operating theatre. This is the subject of frequent post-course comment, satisfaction and discussion.

Please provide details of client feedback and outcomes of performance reviews from comparable course delivery including action plans put in place to address the issues raised.
Anonymous feedback as follows was received for each of the courses in this lot; Gynaecology: Fantastic opportunity to perform surgical procedures with expert tuition. Very good hands on exposure and experience for open and laparoscopy surgery. More confident after the course with both laparoscopy and open surgery. Highly recommend. Would like to do laparoscopic suturing course. Urology: Overall fantastic course, great time to practice, good venue and faculty friendly and helpful. Extremely helpful faculty. Helped to understand emergency procedures very elegantly organised course. Discussion of splitting the techniques for those who wanted to practice different aspects of urological emergency perineal / scrotal surgery. Maxillo-facial: Excellent preparation of parts with real fractures. Great opportunity to learn and practice before being faced with living injuries. Vascular: Excellent course with excellent faculty. Good sized groups. The talks were all very useful and covered relevant topics. Very satisfied and look forward to the next cadaveric days. An amazing cadaveric opportunity to practice my skills suitable for training. In response to the feedback, we are looking at including generic laparoscopic techniques including tissue mobilisation, and suturing, There were a few comments about the lab site being away from the hospital and this is currently under consideration. Occasional adverse comments were made about the food and this has been addressed ensuring cost effectiveness, variety, health and dietary options etc. On an annual basis, the Centre's team will meet with the TPD/Course lead to discuss the feedback from previous courses and make any necessary adjustments.
Please describe how you will work with the relevant Schools in the East of England in planning and preparing for these courses. Please include details of any potential for these courses to adapt over the course of the contract.
Historically a list of faculty has been held at the Centre, and we have assisted course leads in securing faculty for courses by inviting faculty on their behalf and if requested sending reminders and reconfirming faculty availability. In planning and preparing for courses, ongoing communication between ourselves and all the schools in the East of England , ensures that the faculty and trainees are available to attend, thus maximising the training opportunities and the resources at the Centre. Careful records of registered and hopeful trainees are kept up to date to allow for late withdrawal by a trainee and rapid substitution by a hopeful trainee, when this is possible, taking into account the individual's ability to take time out at short notice. By reason of our location in the centre of the East of England Region, it makes for shorter journeys to the courses by trainees and faculty from the more peripheral hospitals within the region, thus ensuring maximal use of time and generally avoiding the need for overnight stays for one-day courses. For 2-day courses, local accommodation can easily be arranged at competitive rates. The Centre has a dedicated administrator who is appointed to provide high quality administration and organisation to the Centre's courses. Part of this role is to work with the relevant Schools in the East of England in the planning and preparing of the courses. The administrator is a member of the PGMC team,

and there is always one of the team available to provide support to the programme including responding to multiple enquiries from delegates and faculty in the administrator's absence in a timely and efficient manner. The administrator is often used as the portal between delegates and faculty, and will relieve the Course Lead/TPD of a lot of the organisation around the delivery of the courses. The administrator can often efficiently deal with 95% of the queries that come their way. The admin team are responsive and adaptable to the changing needs of each course, and this has been emphasised during the Covid-19 pandemic where the team have worked closely with the course leads to ensure the training is delivered. We are a large department with cross cover to support faculty and delegates.

All staff are aware of the 8 weeks' notice of study leave, and aim to ensure that courses are advertised well in advance of this deadline.

Feedback from delegates and feedback is collected at the end of each course. The feedback is reviewed with the Course Lead/TPD and subsequent courses are adapted to meet the needs of the trainees.

As developments in surgery, and therefore in what surgical trainees require progress over time, we have the facility to adjust and adapt the procedures in whole or part to cope with modernising techniques and the requirements that such developments will need to ensure high quality all-immersive training experience for trainees on their journey to real-life surgery, in a risk-free environment.

What other organisations will you be working in partnership with to provide this service and ensure successful delivery? Please detail the nature of the partnerships and how this will add value to delivery of the course?

As part of the work we do at the Evelyn Cambridge Surgical training Centre, we have always worked in collaboration with other organisations, notably ARU, ICENI and UEA . This provides value in terms of personnel, faculty and advice along with our facility and its resources. Continuing discussions on the issue of collaboration are in progress to establish if there is any further collaboration possible in the future, the degree of any such collaboration being particularly dependant of the distribution of the bidding lots in the East of England.

Our accreditation with the Royal College of Surgeons (RCoS) in England is well established and is likely to be extended this summer for a further 3 years. This accreditation includes quality assessment on an ongoing basis and ensures successful delivery of courses to a standard that they consider acceptable and indeed beyond that. RCoS accreditation adds significant value for the trainees, the majority of whom are either members of the RCoS or aspiring to achieve this, and who greatly value this accreditation.

Collaboration with the Cambridge University Human Anatomy Centre is also ongoing aiming to establish an ongoing mutually beneficial relationship between us and to maximise the use of facilities, resources and the local whole body donations, in keeping with our ethical duty to the generous donors who have given their remains for medical and surgical training.

Depending of the success of the bids we have made, this collaboration will hopefully be progressed to the benefit of all concerned, including the departments, the trainees and the donors and will ultimately result in a more cost effective delivery of training.

Within the centre itself, we also have the Microsurgical lab and the Simulation Centre based on the Addenbrooke's site. Sharing of equipment, staffing and resources to enhance courses adds value to the courses we run in terms of both quality and cost.

At the Cadaveric Centre in Melbourn, we have excellent working relationships with many well established companies like Stryker, Acumed, Johnson & Johnson, Depuy, and Smith & Nephew, Arthrex and indeed Designs for Vision, all of whom have provided equipment and instruments for courses, adding realism and immense value for the attending trainees and faculty.

Discussions are ongoing regarding a further collaboration with ICENI and The Cambridge Centre to build on the individual strengths of the two centres.

In respect of the ENT, Skull Base, Sinus and Otological surgery courses, we have a number of well established relationships with industry partners with whom we discuss course requirements for disposable/reusable equipment (as required), including amongst others, Medtronic and Neomed who are able to provide drills and their maintenance and KTP lasers, respectively, for courses along with all the Hearing Implant companies, meaning that trainees can experience advance hearing rehabilitation surgery.

Please describe how you will create a safe and supportive environment for trainees before, during and after the courses.

Prior to the course each attendee is required to complete a registration form, which includes information on dietary requirements, and additional support that is required. We are compliant with food and hygiene regulations and specifically ask about food allergies.

The Centre is not based on the local hospital site, and this provides the trainees and faculty the opportunity to separate any clinical and time pressures allowing them to focus on the training course. Changing facilities are available onsite including secure locker storage for personal belongs. There is free secure parking on site, with security surveillance 24 hours a day.

At the start of each course the DI, or a member of the technical team, delivers a 20-minute presentation going through the housekeeping rules, Health & Safety, fire safety, confidentiality, and Centre security. Advice on sharp instrument injury prevention is also presented. We are full compliant with health and safety and fire regulations. We are GDPR compliant and ensure confidentiality of data at all times. Relevant HTA requirements, along with the expected respect we owe to our donors, are stressed.

The Centre provides a supportive learning environment. The reception area, office, seminar room, changing rooms and operating theatre area are clean and comfortable. There is space in the Centre for delegates and faculty to recuperate away from the cadaveric work should they feel inclined. There are complimentary refreshments available during the duration of each course. Books and other learning material is available to enhance the learning experience and the extensive equipment store allows the delegates to expand their experience within the course parameters, and indeed beyond, if they get to the stage where that may be appropriate.

The Centre provides a psychological safe learning space. The DI, a surgeon himself, and all the staff at the Centre recognise the need to make delegates feel comfortable. By helping them to understand that what they are doing at the Centre, namely that their training is advanced in an all-immersive, safe, risk-free environment, while at the same time fulfilling the donors' final wishes, they are positively encouraged to feel good about what they are doing. The success of this is seen in the way that delegates quickly settle into the work without awareness of the fact that they are operating on and undertaking procedures on the non-living. This adds to the normal physiological response one sees in surgeons and trainees and enhances the whole experience.

Support is provided throughout the courses and those who feel uncomfortable have the facility to withdraw to a quiet area to think and discuss concerns, and become appropriately refreshed before returning to the theatre.

The delegates are led to understand that part of the learning experience is making mistakes, and the lab is the ideal safe environment for them to do so and then learn from these. Practice to improve their performance is a major objective of the work they do in training, before going on to perform live surgery with all the attendant risks to the patients. They learn to understand that respect and good care for the dead will bring the same to their care of the living.

In recognition of some delegates anxiety about interacting with cadaveric material, draping identical to that found in the operating theatre, is used appropriately. During work on the donors, it is not apparent to those working that there are limited cadaveric parts rather than a whole donor and this significantly reduce delegate anxiety. Surgical areas only are exposed which further reduces the visual impact and helps to alleviate the anxiety of candidates and faculty. There is a good on-site library of textbooks and visual anatomical cards if additional learning resources are required. The DI, as former Clinical anatomist at the University of Cambridge is always on-hand to provide relevant surgical anatomical advice and information to enhance the learning experience. There is always a member of staff available if a delegate or faculty member is feeling unwell who can sit with them, and refreshments are available on-site if they are required. Before arriving at the course all candidates and faculty are sent joining instructions, including maps and emergency contact number for contact on the day.

We actively ask for feedback from all trainees, we also facilitate certificates of attendance as part of the administrative process for the trainees. We can facilitate local taxi companies if the attendee requires to use rail links. We provide advice on travel to and from the centre, and highlight the location of the centre. There is always a member of staff available to offer advice on transport, accommodation etc. We are able to re-issue certificates of attendance to delegates if required. The trainees are made to feel welcome and looked after, as is apparent from feedback comments.

We issue the post-course presentations, as long as faculty agree. We issue certificates of attendance for the trainees annual ARCPs. We collect the feedback and issue certificates.

Please describe the quality assurance mechanisms employed to ensure the proposed adherence to external standards or accreditation, including ethical considerations around the use of cadaveric material.

The Centre is regulated by the Human Tissue Authority under an anatomy licence. Quality assurance in relation to premises, facilities, equipment, tissue procurement and disposal are an essential part of maintaining our licence. Furthermore, policies, standard operating procedures and risk assessments, covering all aspects of the work undertaken at the Centre both in respect of the use of Human Tissue and Health & Safety procedures are in place. These are updated regularly to comply with changing requirements and regulations, and our Governance and Quality Assessment are regularly audited for compliance, by both the Human Tissue Committee at CUH on a quarterly basis and by the HTA using an alternate annual paper inspection and on-site inspections at intervals of 3 to 5 years. A pivotal part of the HTA assessment is our compliance with the need to demonstrate respect for the tissue in our care and this is emphasised to all staff and attendees. Conduct at the Centre reflects this at all times and we operate a Zero tolerance policy on any failure to comply.

Our tissue suppliers are also required to adhere to all necessary local and national regulations and to respect our standards at all times. The DI at the Centre visits the suppliers at regular intervals, undertaking an unannounced audit of all procedures, to ensure their compliance with our standards, in respect of preservation, donor consent, infection screening and clinical history recording and transfer to the Centre.

During the face-to-face on-site inspections of the Centre in 2013 and 2017, the HTA complimented us on our general ethos and work attitude with human remains, and our procedures, policies and risk assessments. They positively commented on our studies and work to ensure the maintenance of the frozen condition of our tissue during international transport and were impressed with the DI's Civil Aviation

Authority certification for international shipment by Air of Dangerous Goods, in order to ensure safe and legal transport of the tissue we procure and of any associated dangerous goods that accompany them.

The Centre has been independently assessed and accredited by the RCS based on their independent Quality Assessment of the Centre. This involved audits by the RCS, assessments of individual courses and all paperwork held at the centre as well as direct observation of educational delivery at the centre, assessed by their educationalists and Head of Quality Assurance and Accreditation. In making the decision to award us RCS accreditation status, they commented that they considered our facility to be one of the foremost in the country.

In the words of the RCS: The RCS review team were impressed with the positive overall performance of the training centres. All felt that there is an exceptional level of leadership, administration and organisation and that faculty on courses are experts in their fields. There was also a level of interaction and approachability at the courses visited that promoted an excellent educational environment.

The RCS have ongoing prospective QA of the centre from the candidates themselves including post-course questionnaires administered by the RCS, and this is therefore completely independent.

The Centre also conducts its own audits on a regular basis from faculty asking specifically about the fidelity of the cadaveric material in relation to real life. The cadaveric material is always looked after with great respect and with consideration to the donor in the manner in which they were donated. The Centre has a zero tolerance policy to any behaviour, by staff, faculty, delegates and visitors that breaches our codes of conduct, all of which is clearly outlined to those attending.

Please describe how you will evaluate the success of these courses from a procedural and fidelity perspective (educational evaluation is not expected as this will be conducted by HEEofE) including how this evaluation is utilised.

In learning to practice surgical procedures, there is nothing akin to the real undertaking. However in the current climate for training surgeons, practising on living patients is no longer considered acceptable, particularly as patients themselves are not willing to consent to this practice.

While using non-cadaveric materials and equipment, high fidelity and artificial reality equipment, and mannequins may provide a level of experience in many procedures, they do not provide the real-life experience, with the appropriate physiological responses that occur. Hence, they do not provide an all-immersive experience for a trainee the like of which will prepare them for undertaking surgery on the living person. The feedback comment by a delegate in which they said that ***“once I became immersed in what I was doing, all I could think of was that this patient would do well or badly on the basis of what I was doing to them there and then”*** says it all.

Post-course discussion with the delegates regularly highlights the value of the use of properly prepared, mounted and draped, cadaveric tissue with comments that indicate their complete immersion in what they were doing, their rapidly failure to think of the donor as dead, and the intensely real feeling that what they were doing could have a bearing on life and death.

Further evidence of the procedural value of the courses is seen when delegates reflect when making errors in the laboratory as in a real life scenario. No video simulation can mimic this or produce the same success in preparing the trainees to perform later real-life surgery. This is further reflected in the feedback where the delegates and faculty alike frequently express surprise at the real life immersive experience of the training course they have attended. Those who have not done this before are amazed at the value of the experience once they get over their initial apprehension and preconceived ideas about the use of cadavers.

Ultimately, the evaluation of the success of these courses from the procedural and fidelity perspectives depends on what those participating say about their experience, aside from their assessment of the educational value of the courses.

Delegates repeatedly want to return to do more cadaveric work, as a valuable way of learning and experiencing what they will be facing in their work later.

In order to get more specific information on the value of the tissue we use, we have started as part of our QA programme to request written feedback on the quality of specimens and how they compare with tissues during live operating. This feedback is now being collected from faculty, delegates and if appropriate industry sponsors by using standardised questionnaires with free text boxes. Early indications suggest that they find the likeness between cadaveric and live tissue uncanny but quickly realise that with the care we give to the tissue, it is not surprising. By not using any form of fixative or embalming process, and by freezing and defrosting in the controlled way we have learned over the past 7 years, the quality of the tissue, the way it reacts to touch, instrumentation and surgical manipulation, is almost identical to that seen in the living. This is the true experience a trainee needs and wants to learn, in the absence of being able to do it on the living, allowing them to make errors without risk and learn from those.

On a quarterly basis the Centre will provide a summary of attendance and also feedback on the operational fidelity of the courses and supply this to whoever in HEE requires the reports. The annual report will be a summary of the other reports.

Part D Provisions regarding pensions (only applicable to the Contract if this box is checked or Clause 1.2.4 of Part A of this Schedule 7 applies)

Broadly comparable pension benefits (Clause 1.4 of this Part D of Schedule 7 only applies to the Contract if this box is checked or Clause 1.2.4 of Part A of this Schedule 7 applies. For the avoidance of doubt, where this box is not checked, but the Part D box above is checked all of the provisions of this Part D of Schedule 7 shall apply to this Contract except Clause 1.4 of this Part D of Schedule 7)

1 Pension protection for Eligible Employees

1.1 General

- 1.1.1 The Supplier shall procure that, if relevant, each of its Sub-contractors shall comply with the provisions in this Schedule 7 as if references to the Supplier were to the Sub-contractor.

1.2 Membership of the NHS Pension Scheme

- 1.2.1 In accordance with Fair Deal for Staff Pensions, the Supplier to which the employment of any Eligible Employee compulsorily transfers as a result of the award of this Contract, if not an NHS Body or other employer which participates automatically in the NHS Pension Scheme, shall on or before the Employee Transfer Date, each secure a Direction Letter to enable the Eligible Employees to retain either continuous active membership of or eligibility for, the NHS Pension Scheme, or as appropriate rejoin or secure eligibility for the NHS Pension Scheme for so long as they remain employed in connection with the delivery of the Services under this Contract.
- 1.2.2 The Supplier must supply to the Authority a complete copy of the Direction Letter as soon as reasonably practicable after the Employee Transfer Date.
- 1.2.3 The Supplier shall comply with the terms of the Direction Letter (including any terms which change as a result of changes in Law) for so long as it remains bound by the terms of the Direction Letter.
- 1.2.4 Where any Staff (including any Transferred Staff) omitted from the Direction Letter supplied in accordance with Part D of this Schedule 7 is subsequently found to be an Eligible Employee, the Supplier (or its Sub-contractor if relevant) will ensure that that person is treated as an Eligible Employee from the Employee Transfer Date so that their Pension Benefits and Premature Retirement Rights are not adversely affected.
- 1.2.5 The Supplier shall ensure that all data relating to the Eligible Employees and the NHS Pension Scheme is up to date and is provided to the Authority as requested from time to time.

1.3 Contributions payable

- 1.3.1 The Supplier shall pay to the NHS Pension Scheme all such amounts as are due under the Direction Letter and shall deduct and pay to the NHS Pension Scheme such employee contributions as are required by the NHS Pension Scheme.
- 1.3.2 Where during the Term the standard employer contribution rate which the Supplier is required to pay into the NHS Pension Scheme pursuant to the terms of its Direction Letter is increased to a rate which is over and above the rate which was applicable to the Supplier as at the date of this Contract and such rate increase results in an increased cost to the Supplier overall in relation to the provision of the Services ("Cost Increase"), the Supplier shall (subject to Clause 1.3.3 of Part D of this Schedule 7 and the provision of supporting information) be entitled to recharge a sum equal to the Cost Increase to the Authority. The Supplier shall only be entitled to recharge any Cost Increase to the Authority pursuant to this Clause 1.3.2 of Part D of this Schedule 7 in circumstances where the Cost Increase arises solely as a direct result of a general increase in the employer contribution rate applicable to all employers participating in the NHS Pension Scheme and not in circumstances where the employer contribution rate applicable to the Supplier is increased for any other reason, including as a result of any acts or omissions of the Supplier which give rise to any costs or additional charges (including interest) being charged to the Supplier which are over and above the minimum employer contributions payable by an employer in the NHS Pension Scheme (including as a result of a failure by the Supplier to comply with the terms of its Direction Letter or to meet its obligations to the NHS Pension Scheme).

1.3.3 The Supplier must supply all such information as the Authority may reasonably request from time to time in order to support any claim made by the Supplier pursuant to Clause 1.3.2 of Part D of this Schedule 7 in relation to a Cost Increase.

1.3.4 Where during the Term the standard employer contribution rate which the Supplier is required to pay in relation to the NHS Pension Scheme pursuant to the terms of its Direction Letter is decreased as part of a general reduction in the standard employer contribution rate applicable to all employers participating in the NHS Pension Scheme to a rate which is lower than that which was applicable as at the date of this Contract and such decrease results in a cost saving for the Supplier (a "Cost Saving"), the Authority shall be entitled to reduce the amounts payable to the Supplier under this Contract by an amount equal to the Cost Saving. The Authority shall be entitled to deduct any Cost Saving from sums otherwise payable by the Authority to the Supplier under this Contract.

1.4 Broadly Comparable Pension Benefits

1.4.1 If the Authority in its sole discretion agrees that the Supplier or Sub-contractor need not provide the Eligible Employees with access to the NHS Pension Scheme, the Supplier must ensure that, with effect from the Employee Transfer Date until the day before the Subsequent Transfer Date, the Eligible Employees are offered access to a scheme under which the Pension Benefits are Broadly Comparable to those provided under the NHS Pension Scheme.

1.4.2 The Supplier must supply to the Authority details of its Broadly Comparable scheme and provide a full copy of the valid certificate of Broad Comparability covering all Eligible Employees, as soon as it is able to do so and in any event no later than twenty eight (28) days before the Employee Transfer Date.

1.5 Transfer Option where Broadly Comparable Pension Benefits are provided

1.5.1 As soon as reasonably practicable and in any event no later than twenty (20) Business Days after the Employee Transfer Date, the Supplier must provide the Eligible Employees with the Transfer Option, where a Third Party offered, or the Supplier offers, a Broadly Comparable scheme.

1.6 Calculation of Transfer Amount

1.6.1 The Authority shall use reasonable endeavours to procure that twenty (20) Business Days after the Transfer Option Deadline, the Transfer Amount is calculated by the Third Party's Actuary or the Authority's Actuary (as appropriate) on the following basis and notified to the Supplier along with any appropriate underlying methodology.

1.6.2 If the Third Party offers a Broadly Comparable scheme to Eligible Employees:

- (i) the part of the Transfer Amount which relates to benefits accrued in that Broadly Comparable scheme other than those in Clause 1.6.2(ii) of Part D of this Schedule 7 below must be aligned to the funding requirements of that scheme; and
- (ii) the part of the Transfer Amount which relates to benefits accrued in the NHS Pension Scheme (having been previously bulk transferred into the Third Party's Broadly Comparable scheme), must be aligned to whichever of:
 - (A) the funding requirements of the Third Party's Broadly Comparable scheme; or

- (B) the principles under which the Third Party's Broadly Comparable scheme received a bulk transfer payment from the NHS Pension Scheme (together with any shortfall payment), gives the higher figure, provided that where the principles require the assumptions to be determined as at a particular date, that date shall be the Employee Transfer Date.

1.6.3 In the case of Transferring Employees or any Third Party Employees who have access to the NHS Pension Scheme (and who are classed as Eligible Employees), the Transfer Amount shall be calculated by the NHS Pension Scheme's Actuary on the basis applicable for bulk transfer terms from the NHS Pension Scheme set by the Department of Health from time to time.

1.6.4 Each Party shall promptly provide to the Actuary calculating or verifying the Transfer Amount any documentation and information which that Actuary may reasonably require.

1.7 Payment of Transfer Amount

Subject to:

- 1.7.1 the period for acceptance of the Transfer Option having expired; and
- 1.7.2 the Supplier having provided the trustees or managers of the Third Party's pension scheme (or NHS Pensions, as appropriate) with completed and signed forms of consent in a form acceptable to the Third Party's pension scheme (or NHS Pensions) from each Eligible Employee in respect of the Transfer Option; and
- 1.7.3 the calculation of the Transfer Amount in accordance with Clause 1.6 of Part D of this Schedule 7; and
- 1.7.4 the trustees or managers of the Supplier's (or any Sub-contractor's) Broadly Comparable scheme (or NHS Pensions, as appropriate) having confirmed in writing to the trustees or managers of the Third Party's pension scheme (or NHS Pensions, as appropriate) that they are ready, willing and able to receive the Transfer Amount and the bank details of where the Transfer Amount should be sent, and not having revoked that confirmation,

the Authority will use reasonable endeavours to procure that the Third Party's pension scheme (or the NHS Pension Scheme, as appropriate) shall, on or before the Payment Date, transfer to the Supplier's Broadly Comparable scheme (or NHS Pension Scheme) the Transfer Amount in cash, together with any cash or other assets which are referable to additional voluntary contributions (if any) paid by the Eligible Employees which do not give rise to salary-related benefits.

1.8 Credit for Transfer Amount

- 1.8.1 Subject to prior receipt of the Transfer Amount, by the trustees or managers of the Supplier's Broadly Comparable scheme (or NHS Pensions, as appropriate), the Supplier must procure that year-for-year day-for-day service credits are granted in the Supplier's (Broadly Comparable scheme (or NHS Pension Scheme), or an actuarial equivalent agreed by the Authority's Actuary (and NHS Pension Scheme Actuary) in accordance with Fair Deal for Staff Pensions as a suitable reflection of the differences in benefit structure between the NHS Pension Scheme and the Supplier's pension scheme.

- 1.8.2 To the extent that the Transfer Amount is or shall be insufficient to provide benefits in the receiving scheme on the basis set out in Clause 1.8.1 above, the Supplier shall be liable to make a top-up payment into the receiving scheme such that benefits shall be provided by the receiving scheme on the basis set out in Clause 1.8.1. above.

1.9 Premature Retirement Rights

- 1.9.1 From the Employee Transfer Date until the day before the Subsequent Transfer Date, the Supplier must provide Premature Retirement Rights in respect of the Eligible Employees that are identical to the benefits they would have received had they remained employees of an NHS Body or other employer which participates automatically in the NHS Pension Scheme.

1.10 Breach and Cancellation of any Direction Letter(s) and Right of Set-Off

- 1.10.1 The Supplier agrees that it shall notify the Authority if it breaches the terms of the Direction Letter. The Supplier also agrees that the Authority is entitled to make arrangements with NHS Pensions for the Authority to be notified if the Supplier breaches the terms of this Direction Letter.
- 1.10.2 If the Authority is entitled to terminate this Contract pursuant to Clause 15.5.5 of Schedule 2, the Authority may in its sole discretion instead of exercising its right under Clause 15.5.5 of Schedule 2 permit the Supplier to offer Broadly Comparable Pension Benefits, on such terms as decided by the Authority.
- 1.10.3 If the Authority is notified by NHS Pensions of any NHS Pension Scheme Arrears, the Authority shall be entitled to deduct all or part of those arrears from any amount due to be paid by the Authority to the Supplier having given the Supplier five (5) Business Days' notice of its intention to do so, and to pay any sum deducted to NHS Pensions in full or partial settlement of the NHS Pension Scheme Arrears. This set-off right is in addition to and not instead of the Authority's right to terminate the Contract under Clause 15.5.5 of Schedule 2.

1.11 Compensation

- 1.11.1 If the Supplier is unable to provide the Eligible Employees with either:
- (i) membership of the NHS Pension Scheme (having used its best endeavours to secure a Direction Letter); or
 - (ii) a Broadly Comparable scheme,
- the Authority may in its sole discretion permit the Supplier to compensate the Eligible Employees in a manner that is Broadly Comparable or equivalent in cash terms, the Supplier having consulted with a view to reaching agreement any recognised trade union or, in the absence of such body, the Eligible Employees. The Supplier must meet the costs of the Authority in determining whether the level of compensation offered is reasonable in the circumstances.
- 1.11.2 This flexibility for the Authority to allow compensation in place of Pension Benefits is in addition to and not instead of the Authority's right to terminate the Contract under Clause 15.5.5 of Schedule 2.

1.12 Supplier Indemnities Regarding Pension Benefits and Premature Retirement Rights

- 1.12.1 The Supplier must indemnify and keep indemnified the Authority and any Successor against all Losses arising out of any claim by any Eligible Employee that the provision of (or failure to provide) Pension Benefits and Premature Retirement Rights from the Employee Transfer Date, or the level of such benefit provided, constitutes a breach of his or her employment rights.
- 1.12.2 The Supplier must indemnify and keep indemnified the Authority, NHS Pensions and any Successor against all Losses arising out of the Supplier (or its Sub-contractor) allowing anyone who is not an Eligible Employee to join or claim membership of the NHS Pension Scheme at any time during the Term.
- 1.12.3 The Supplier must indemnify the Authority, NHS Pensions and any Successor against all Losses arising out of its breach of this Part D of this Schedule 7 or the terms of the Direction Letter.

1.13 Sub-contractors

- 1.13.1 If the Supplier enters or has at the Commencement Date entered into a Sub-contract for delivery of all or part of the Services it shall impose obligations on its Sub-contractor in the same terms as those imposed on the Supplier in relation to Pension Benefits and Premature Retirement Benefits by this Part D of this Schedule 7, including requiring that:
 - (i) if the Supplier has secured a Direction Letter, the Sub-contractor also secures a Direction Letter in respect of the Eligible Employees for their future service with the Sub-contractor as a condition of being awarded the Sub-contract; or
 - (ii) if the Supplier has offered the Eligible Employees access to a pension scheme under which the benefits are Broadly Comparable to those provided under the NHS Pension Scheme, the Sub-contractor either secures a Direction Letter in respect of the Eligible Employees or provides Eligible Employees with access to a scheme with Pension Benefits which are Broadly Comparable to those provided under the NHS Pension Scheme and in either case the option for Eligible Employees to transfer their accrued rights in the Supplier's pension scheme into the Sub-contractor's Broadly Comparable scheme (or where a Direction Letter is secured by the Sub-contractor, the NHS Pension Scheme) on the basis set out in Clause 1.8 of Part D of this Schedule 7, except that the Supplier or the Sub-contractor as agreed between them, must make up any shortfall in the transfer amount received from the Supplier's pension scheme.

1.14 Direct Enforceability by the Eligible Employees

- 1.14.1 Notwithstanding Clause 30.8 of Schedule 2, the provisions of this Part D of this Schedule 7 may be directly enforced by an Eligible Employee against the Supplier and the Parties agree that the Contracts (Rights of Third Parties) Act 1999 shall apply to the extent necessary to ensure that any Eligible Employee shall have the right to enforce any obligation owed to him or her by the Supplier under this Part D of this Schedule 7 in his or her own right under section 1(1) of the Contracts (Rights of Third Parties) Act 1999.

- 1.14.2 Further, the Supplier must ensure that the Contracts (Rights of Third Parties) Act 1999 shall apply to any Sub-contract to the extent necessary to ensure that any Eligible Employee shall have the right to enforce any obligation owed to them by the Sub-contractor in his or her own right under section 1(1) of the Contracts (Rights of Third Parties) Act 1999.

1.15 Pensions on Transfer of Employment on Exit

- 1.15.1 In the event of any termination or expiry or partial termination or expiry of this Contract which results in a transfer of the Eligible Employees, the Supplier must (and if offering a Broadly Comparable scheme, must use all reasonable efforts to procure that the trustees or managers of that pension scheme must):
- (i) not adversely affect pension rights accrued by the Eligible Employees in the period ending on the Subsequent Transfer Date;
 - (ii) within thirty (30) Business Days of being requested to do so by the Authority or Successor, (or if the Successor is offering Eligible Employees access to the NHS Pension Scheme, by NHS Pensions), provide a transfer amount calculated in accordance with Clause 1.6 of this Part D of this Schedule 7; and
 - (iii) do all acts and things, and provide all information and access to the Eligible Employees, as may in the reasonable opinion of the Authority be necessary or desirable and to enable the Authority and/or the Successor to achieve the objectives of Fair Deal for Staff Pensions.

Schedule 8

Expert Determination

1 Dispute Process

- 1.1 During any Dispute, including a Dispute as to the validity of the Contract, it is agreed that the Supplier shall continue its performance of the provisions of the Contract (unless the Authority requests in writing that the Supplier does not do so).
- 1.2 In the case of a Dispute the Supplier and the Authority shall make every reasonable effort to communicate and cooperate with each other with a view to resolving the Dispute and shall follow the procedure set out in this Schedule 8.
- 1.3 In the event of a Dispute either Party may serve a Dispute Notice on the other Party to commence formal resolution of the Dispute. The Dispute Notice shall set out:
 - 1.3.1 the material particulars of the Dispute; and
 - 1.3.2 the reasons why the Party serving the Dispute Notice believes the Dispute has arisen.
- 1.4 Following the service of a Dispute Notice the Parties shall first seek to resolve the Dispute by convening a meeting between the Authority's Contract Manager and the Supplier's Contract Manager (together the **"Contract Managers"**).
 - 1.4.1 The meeting of the Contract Managers must take place within five (5) Business Days of the date of the Dispute Notice (the **"Dispute Meeting"**).
 - 1.4.2 The Contract Managers shall be given ten (10) Business Days following the date of the Dispute Meeting to resolve the Dispute.
 - 1.4.3 The Contract Managers can agree to further meetings at levels 2 and/or 3, as referred to at clause 5.1 of the Key Provisions in Schedule 1, in addition to the Dispute Meeting, but such meetings must be held within the ten (10) Business Day timetable set out in paragraph 1.4.2 of this Schedule 8.
 - 1.4.4 If at any point it becomes clear that the timetable set out cannot be met or has passed, the Parties may (but shall be under no obligation to) agree in writing to extend the timetable. Any agreed extension to the timetable shall have the effect of delaying the start of the subsequent stages by the period agreed in the extension.
- 1.5 If the procedure set out in paragraph 1.4 of this Schedule 8 has been exhausted and fails to resolve the Dispute either Party may request the Dispute be resolved by way of a binding expert determination (pursuant to paragraph 1.6 of this Schedule 8). For the avoidance of doubt, the Expert shall determine all matters (including, without limitation, matters of contractual construction and interpretation) in connection with any Dispute referred to binding expert determination pursuant to paragraph 1.6 of this Schedule 8.
- 1.6 Where the Dispute is referred to binding expert determination the following process will apply:
 - 1.6.1 The Party wishing to refer the Dispute to expert determination shall give notice in writing to the other Party informing it of its wish to refer the Dispute to expert determination and giving brief details of its position in the Dispute.

- 1.6.2 The Parties shall attempt to agree upon a single expert (who must have no connection with the Dispute unless both Parties have consented in writing) (an “**Expert**”). For the avoidance of doubt, where the Dispute relates to contractual interpretation and construction, the Expert may be Queen’s Counsel. In the event that the Parties fail to agree upon an Expert within five (5) Business Days following the date of the notice referred to in paragraph 1.6.1 of this Schedule 8 (or if the person agreed upon is unable or unwilling to act), the Parties agree that the Expert will be nominated and confirmed to be appointed by the Centre for Effective Dispute Resolution.
- 1.6.3 The Expert must be willing and able to complete the expert determination process within thirty (30) Business Days of the Date of Final Representations (as defined in paragraph 1.6.5 of this Schedule 8).
- 1.6.4 The Expert shall act as an expert not as an arbitrator or legal advisor. There will be no formal hearing and the Expert shall regulate the procedure as he sees fit.
- 1.6.5 The Parties shall each have the right to make written representations to the Expert and will, with reasonable promptness, provide the Expert with such assistance and documents as the Expert reasonably requires for the purpose of reaching a decision. Such representations must be made within twenty eight (28) Business Days of the Expert being appointed, or fourteen (14) Business Days after the last documents requested by the Expert have been provided to the Expert, whichever is the later (“**Date of Final Representations**”). Any documents provided to the Expert and any correspondence to or from the Expert, including email exchanges, shall be copied to the other Party simultaneously.
- 1.6.6 The Expert shall have the power to open up, review and revise any certificate, opinion, requisition or notice and to determine all matters in Dispute (including his jurisdiction to determine matters that have been referred to him).
- 1.6.7 The Expert may take such advice and assistance from professional advisers or other third parties as he reasonably considers appropriate to enable him to reach a determination of the Dispute and may issue orders that one or both of the Parties are to pay such third party costs, stating the proportion. For the avoidance of doubt, where the Expert is not Queen’s Counsel, and the Expert requires advice or assistance on matters of contractual interpretation and construction, the expert may take such advice and assistance from a third party Queen’s Counsel of their choosing under this paragraph 1.6.7 of this Schedule 8. The Parties will pay any such third party costs incurred pursuant to this paragraph 1.6.7 of this Schedule 8 in such proportions as the Expert shall order. In the absence of such order such third party costs will be paid equally.
- 1.6.8 The Expert shall provide the Parties with a written determination of the Dispute (the “**Expert’s Decision**”) within thirty (30) Business Days of the Date of Final Representations, which shall, in the absence of fraud or manifest error, be final and binding on the Parties.
- 1.6.9 The Expert’s Decision shall include reasons.
- 1.6.10 The Parties agree to implement the Expert’s Decision within five (5) Business Days of the Expert’s Decision being provided to them or as otherwise specified as part of the Expert’s Decision.
- 1.6.11 The Parties agree that the Expert shall be entitled to proceed to give his binding determination should one or both Parties fail to act in accordance with the procedural timetable set out above.
- 1.6.12 The Parties will pay the Expert’s costs in such proportions as the Expert shall determine. In the absence of such determination such costs will be shared equally.

1.6.13 The Parties agree to keep confidential all information arising out of or in connection with the expert determination, including details of the underlying Dispute, except where disclosure is required by Law.

1.7 Nothing in this Contract shall prevent:

1.7.1 the Authority taking action in any court in relation to any death or personal injury arising or allegedly arising in connection with the provision of the Services; or

1.7.2 either Party seeking from any court any interim or provisional relief that may be necessary to protect the rights or property of that Party (including Intellectual Property Rights) or which relates to the safety of patients and other service users or the security of Confidential Information, pending the resolution of the relevant Dispute in accordance with the Dispute Resolution Procedure.

1.8 Subject to paragraph 1.7 of this Schedule 8 neither Party may commence legal proceedings in relation to a Dispute until the dispute resolution procedures set out in this Schedule 8 have been exhausted. For the avoidance of doubt, either Party may commence legal proceedings to enforce the Expert's Decision.

1.9 This Schedule 8 shall survive the expiry of or earlier termination of this Contract for any reason.
