EICSupplyMap Subscription - UKEF

The EIC is the leading trade association which provides dedicated services to help members understand, identify and pursue business opportunities globally. Established in 1943, the EIC is a not-for-profit organisation with a membership of over 750 member companies that delivers goods and services to energy industries worldwide. The EIC provides one of the most comprehensive sources of energy projects and business intelligence in the energy sector. It is renowned for its excellence in providing services that unlock opportunities for its members and helping the supply chain to win business across the globe.

Summary of Subscription

EICSupplyMap is the EIC's latest offering in our suite of energy market intelligence databases. This up-to-date and verified database of more than 3,500 UK energy sector supply chain companies can provide unparalleled insight into the UK's capabilities. EICSupplyMap maps UK supply chain companies with proven capabilities operating in a wide range of energy sectors, including renewables, oil and gas (upstream, midstream and downstream sectors) power generation, nuclear, transmission and distribution, and soon to include CCUS and Hydrogen. All the data is verified, moderated and inputted by the EIC.

Included as part of the subscription would be:

- Unlimited user accounts for UKEF (UK and overseas) to access EICSupplyMap
- Two workshops per year led by EIC Analysts on the current state of play in the global energy markets, with a focus on future and current project activities, and emerging markets
- Early access to data and reports relating to Energy Transition, including potential supply chain capabilities in the CCUS and Hydrogen sectors
- Support from the EICs Supply Chain Analyst
- Free attendance to EIC webinars
