PART A

TRANSFERRING FCDO EMPLOYEES AT COMMENCEMENT OF SERVICES

1. RELEVANT TRANSFERS

FCDO and the Supplier agree that:

the commencement of the provision of the Services or of each relevant part of the Services will be a Relevant Transfer in relation to the Transferring FCDO Employees; and

as a result of the operation of the Employment Regulations, the contracts of employment between FCDO and the Transferring FCDO Employees (except in relation to any terms disapplied through operation of regulation 10(2) of the Employment Regulations) will have effect on and from the Relevant Transfer Date as if originally made between the Supplier and/or any Notified Sub-Contractor and each such Transferring FCDO Employee.

FCDO shall comply with all its obligations under the Employment Regulations and shall perform and discharge all its obligations in respect of the Transferring FCDO Employees in respect of the period arising up to (but not including) the Relevant Transfer Date (including the payment of all remuneration, benefits, entitlements and outgoings, all wages, accrued but untaken holiday pay, bonuses, commissions, payments of PAYE, national insurance contributions and pension contributions which in any case are attributable in whole or in part to the period up to (but not including) the Relevant Transfer Date) and any necessary apportionments in respect of any periodic payments shall be made between: (i) FCDO; and (ii) the Supplier and/or any Notified Sub-Contractor (as appropriate).

2. FCDO INDEMNITIES

Subject to Paragraph 2.2, FCDO shall indemnify the Supplier and any Notified Sub-Contractor against any Employee Liabilities arising from or as a result of:

any act or omission by FCDO in respect of any Transferring FCDO Employee or any appropriate employee representative (as defined in the Employment Regulations) of any Transferring FCDO Employee occurring before the Relevant Transfer Date;

the breach or non-observance by FCDO before the Relevant Transfer Date of:

any collective agreement applicable to the Transferring FCDO Employees; and/or

any custom or practice in respect of any Transferring FCDO Employees which FCDO is contractually bound to honour;

any claim by any trade union or other body or person representing the Transferring FCDO Employees arising from or connected with any failure by FCDO to comply with any legal obligation to such trade union, body or person arising before the Relevant Transfer Date;

any proceeding, claim or demand by HMRC or other statutory authority in respect of any financial obligation including, but not limited to, PAYE and primary and secondary national insurance contributions:

in relation to any Transferring FCDO Employee, to the extent that the proceeding, claim or demand by HMRC or other statutory authority relates to financial obligations arising before the Relevant Transfer Date; and

in relation to any employee who is not a Transferring FCDO Employee and in respect of whom it is later alleged or determined that the Employment Regulations applied so as to transfer his/her employment from FCDO to the Supplier and/or any Notified Sub-Contractor as appropriate, to the extent that the proceeding, claim or demand by the HMRC or other statutory authority relates to financial obligations arising before the Relevant Transfer Date.

a failure of FCDO to discharge, or procure the discharge of, all wages, salaries and all other benefits and all PAYE tax deductions and national insurance contributions relating to the Transferring FCDO Employees arising before the Relevant Transfer Date;

any claim made by or in respect of any person employed or formerly employed by FCDO other than a Transferring FCDO Employee for whom it is alleged the Supplier and/or any Notified Sub-Contractor as appropriate may be liable by virtue of the Employment Regulations and/or the Acquired Rights Directive; and

any claim made by or in respect of a Transferring FCDO Employee or any appropriate employee representative (as defined in the Employment Regulations) of any Transferring FCDO Employee relating to any act or omission of FCDO in relation to its obligations under regulation 13 of the Employment Regulations, except to the extent that the liability arises from the failure by the Supplier or any Sub-Contractor to comply with regulation 13(4) of the Employment Regulations.

The indemnities in Paragraph 2.1 shall not apply to the extent that the Employee Liabilities arise or are attributable to an act or omission of the Supplier or any Sub-Contractor (whether or not a Notified Sub-Contractor) whether occurring or having its origin before, on or after the Relevant Transfer Date including any Employee Liabilities:

arising out of the resignation of any Transferring FCDO Employee before the Relevant Transfer Date on account of substantial detrimental changes to his/her working conditions proposed by the Supplier and/or any Sub-Contractor to occur in the period from (and including) the Relevant Transfer Date; or

arising from the failure by the Supplier or any Sub-Contractor to comply with its obligations under the Employment Regulations.

If any person who is not identified by FCDO as a Transferring FCDO Employee claims, or it is determined in relation to any person who is not identified by FCDO as a Transferring FCDO Employee, that his/her contract of employment has been transferred from FCDO to the Supplier and/or any Notified Sub-Contractor pursuant to the Employment Regulations or the Acquired Rights Directive then:

the Supplier shall, or shall procure that the Notified Sub-Contractor shall, within 5 Working Days of becoming aware of that fact, give notice in writing to FCDO; and

FCDO may offer (or may procure that a third party may offer) employment to such person within 15 Working Days of receipt of the notification by the Supplier and/or any Notified Sub-Contractor, or take such other reasonable steps as FCDO considers appropriate to deal with the matter provided always that such steps are in compliance with Law.

If an offer referred to in Paragraph 2.3.2 is accepted, or if the situation has otherwise been resolved by FCDO, the Supplier shall, or shall procure that the Notified Sub-Contractor shall, immediately release the person from his/her employment or alleged employment.

If by the end of the 15 Working Day period specified in Paragraph 2.3.2:

no such offer of employment has been made;

such offer has been made but not accepted; or

the situation has not otherwise been resolved,

the Supplier and/or any Notified Sub-Contractor may within 5 Working Days give notice to terminate the employment or alleged employment of such person.

Subject to the Supplier and/or any Notified Sub-Contractor acting in accordance with the provisions of Paragraphs 2.3 to 2.5 and in accordance with all applicable proper employment procedures set out in applicable Law, FCDO shall indemnify the Supplier and/or any Notified Sub-Contractor (as appropriate) against all Employee Liabilities arising out of the termination of employment pursuant to the provisions of Paragraph 2.5 provided that the Supplier takes, or procures that the Notified Sub-Contractor takes, all reasonable steps to minimise any such Employee Liabilities.

The indemnity in Paragraph 2.6:

shall not apply to:

any claim for:

discrimination, including on the grounds of sex, race, disability, age, gender reassignment, marriage or civil partnership, pregnancy and maternity or sexual orientation, religion or belief; or

equal pay or compensation for less favourable treatment of part-time workers or fixed-term employees,

in any case in relation to any alleged act or omission of the Supplier and/or any Sub-Contractor; or

any claim that the termination of employment was unfair because the Supplier and/or Notified Sub-Contractor neglected to follow a fair dismissal procedure; and

shall apply only where the notification referred to in Paragraph 2.3.1 is made by the Supplier and/or any Notified Sub-Contractor (as appropriate) to FCDO within 6 months of the Commencement Date.

If any such person as is referred to in Paragraph 2.3 is neither re-employed by FCDO nor dismissed by the Supplier and/or any Notified Sub-Contractor within the time scales set out in Paragraph 2.5 such person shall be treated as having transferred to the Supplier and/or any Notified Sub-Contractor and the Supplier shall, or shall procure that the Notified Sub-Contractor shall, comply with such obligations as may be imposed upon it under applicable Law.

3. SUPPLIER INDEMNITIES AND OBLIGATIONS

Subject to Paragraph 3.2 the Supplier shall indemnify FCDO against any Employee Liabilities arising from or as a result of:

any act or omission by the Supplier or any Sub-Contractor in respect of any Transferring FCDO Employee or any appropriate employee representative (as defined in the Employment Regulations) of any Transferring FCDO Employee whether occurring before, on or after the Relevant Transfer Date;

the breach or non-observance by the Supplier or any Sub-Contractor on or after the Relevant Transfer Date of:

any collective agreement applicable to the Transferring FCDO Employees; and/or

any custom or practice in respect of any Transferring FCDO Employees which the Supplier or any Sub-Contractor is contractually bound to honour;

any claim by any trade union or other body or person representing any Transferring FCDO Employees arising from or connected with any failure by the Supplier or any Sub-Contractor to comply with any legal obligation to such trade union, body or person arising on or after the Relevant Transfer Date;

any statement communicated to or action undertaken by the Supplier or any Sub-Contractor to, or in respect of, any Transferring FCDO Employee before the Relevant Transfer Date regarding the Relevant Transfer which has not been agreed in advance with FCDO in writing;

any proceeding, claim or demand by HMRC or other statutory authority in respect of any financial obligation including, but not limited to, PAYE and primary and secondary national insurance contributions:

in relation to any Transferring FCDO Employee, to the extent that the proceeding, claim or demand by HMRC or other statutory authority relates to financial obligations arising on or after the Relevant Transfer Date; and

in relation to any employee who is not a Transferring FCDO Employee, and in respect of whom it is later alleged or determined that the Employment Regulations applied so as to transfer his/her employment from FCDO to the Supplier or a Sub-Contractor, to the extent that the proceeding, claim or demand by HMRC or other statutory authority relates to financial obligations arising on or after the Relevant Transfer Date;

a failure of the Supplier or any Sub-Contractor to discharge or procure the discharge of all wages, salaries and all other benefits and all PAYE tax deductions and national insurance contributions relating to the Transferring FCDO Employees in respect of the period from (and including) the Relevant Transfer Date;

any claim made by or in respect of a Transferring FCDO Employee or any appropriate employee representative (as defined in the Employment Regulations) of any Transferring FCDO Employee relating to any act or omission of the Supplier or any Sub-Contractor in relation to their obligations under regulation 13 of the Employment Regulations, except to the extent that the liability arises from FCDO's failure to comply with its obligations under regulation 13 of the Employment Regulations; and

a failure by the Supplier or any Sub-Contractor to comply with its obligations under Paragraph 2.8 above.

The indemnities in Paragraph 3.1 shall not apply to the extent that the Employee Liabilities arise or are attributable to an act or omission of FCDO whether occurring or having its origin before, on or after the Relevant Transfer Date including, without limitation, any Employee Liabilities arising from FCDO's failure to comply with its obligations under the Employment Regulations.

The Supplier shall comply, and shall procure that each Sub-Contractor shall comply, with all its obligations under the Employment Regulations (including its obligation to inform and consult in accordance with regulation 13 of the Employment Regulations) and shall perform and discharge, and shall procure that each Sub-Contractor shall perform and discharge, all its obligations in respect of the Transferring FCDO Employees, from (and including) the Relevant Transfer Date (including the payment of all remuneration, benefits, entitlements and outgoings, all wages, accrued but untaken holiday pay, bonuses, commissions, payments of PAYE, national insurance contributions and pension contributions and any other sums due under the Admission Agreement which in any case are attributable in whole or in part to the period from and including the Relevant Transfer Date) and any necessary apportionments in respect of any periodic payments shall be made between FCDO and the Supplier.

4. INFORMATION

The Supplier shall, and shall procure that each Sub-Contractor shall, promptly provide to FCDO in writing such information as is necessary to enable FCDO to carry out its duties under regulation 13 of the Employment Regulations. FCDO shall promptly provide to the Supplier and each Notified Sub-Contractor in writing such information as is necessary to enable the Supplier and each Notified Sub-Contractor to carry out their respective duties under regulation 13 of the Employment Regulations.

5. PRINCIPLES OF GOOD EMPLOYMENT PRACTICE

shall apply only where the notification referred to in Paragraph 2.3.1 is made by the Supplier and/or any Notified Sub-Contractor (as appropriate) to FCDO and, if applicable, the Former Supplier, within 6 months of the Commencement Date.

any statement communicated to or action undertaken by the Supplier or a Sub-Contractor to, or in respect of, any Transferring Former Supplier Employee before the Relevant Transfer Date regarding the Relevant Transfer which has not been agreed in advance with FCDO and/or the Former Supplier in writing;

any proceeding, claim or demand by HMRC or other statutory authority in respect of any financial obligation including, but not limited to, PAYE and primary and secondary national insurance contributions:

in relation to any Transferring Former Supplier Employee, to the extent that the proceeding, claim or demand by HMRC or other statutory authority relates to financial obligations arising on or after the Relevant Transfer Date; and

in relation to any employee who is not a Transferring Former Supplier Employee, and in respect of whom it is later alleged or determined that the Employment Regulations applied so as to transfer his/her employment from the Former Supplier to the Supplier or a Sub-Contractor, to the extent that the proceeding, claim or demand by the HMRC or other statutory authority relates to financial obligations arising on or after the Relevant Transfer Date;

a failure by the Supplier or any Sub-Contractor to comply with its obligations under Paragraph 2.8 above.

The indemnities in Paragraph 3.1 shall not apply to the extent that the Employee Liabilities arise or are attributable to an act or omission of the Former Supplier whether occurring or having its origin before, on or after the Relevant Transfer Date including, without limitation, any Employee Liabilities arising from the Former Supplier's failure to comply with its obligations under the Employment Regulations.

The Supplier shall comply, and shall procure that each Sub-Contractor shall comply, with all its obligations under the Employment Regulations (including without limitation its obligation to inform and consult in accordance with regulation 13 of the Employment Regulations) and shall perform and discharge, and shall procure that each Sub-Contractor shall perform and discharge, all its obligations in respect of all the Transferring Former Supplier Employees, on and from the Relevant Transfer Date (including the payment of all remuneration, benefits, entitlements and outgoings, all wages, accrued but untaken holiday pay, bonuses, commissions, payments of PAYE, national insurance contributions and pension contributions and any other sums due under the Admission Agreement which in any case are attributable in whole or in part to the period from (and including) the Relevant Transfer Date) and any necessary apportionments in respect of any periodic payments shall be made between the Supplier and the Former Supplier.

14. PROCUREMENT OBLIGATIONS

Notwithstanding any other provisions of this Part B, where in this Part B FCDO accepts an obligation to procure that a Former Supplier does or does not do something, such obligation shall be limited so that it extends only to the extent that FCDO's contract with the Former Supplier contains a contractual right in that regard which FCDO may enforce, or otherwise so that it requires only that FCDO must use reasonable endeavours to procure that the Former Supplier does or does not act accordingly.

15. PENSIONS

The Supplier shall, and shall procure that each Sub-Contractor shall, comply with the pensions provisions in the following Annex.

ANNEX TO PART B: PENSIONS

The Supplier shall indemnify and keep indemnified FCDO on demand against any claim by, payment to, or loss incurred by the Schemes in respect of the failure to account to the Schemes for payments received and the non-payment or the late payment of any sum payable by the Supplier to or in respect of the Schemes.

4. PROVISION OF INFORMATION

The Supplier and FCDO respectively undertake to each other:

to provide all information which the other Party may reasonably request concerning matters (i) referred to in this Annex and (ii) set out in the Admission Agreement, and to supply the information as expeditiously as possible; and

Save that this sub-paragraph shall not apply to any change made as a consequence of participation in an Admission Agreement.

8. BULK TRANSFER

8.1 Where the Supplier has set up a broadly comparable pension scheme in accordance with the provisions of paragraph 2.2 above of this Annex, the Supplier agrees to:

8.1.1 fully fund any such broadly comparable pension scheme in accordance with the funding requirements set by that broadly comparable pension scheme's actuary or by the Government Actuary's Department;

FCDO and the Supplier agree that the commencement of the provision of the Services or of any part of the Services will not be a Relevant Transfer in relation to any employees of FCDO and/or any Former Supplier.

If any employee of FCDO and/or a Former Supplier claims, or it is determined in relation to any employee of FCDO and/or a Former Supplier, that his/her contract of employment has been transferred from FCDO and/or the Former Supplier to the Supplier and/or any Sub-Contractor pursuant to the Employment Regulations or the Acquired Rights Directive then:

the Supplier shall, and shall procure that the relevant Sub-Contractor shall, within five (5) Working Days of becoming aware of that fact, give notice in writing to FCDO and, where required by FCDO, give notice to the Former Supplier; and

FCDO and/or the Former Supplier may offer (or may procure that a third party may offer) employment to such person within fifteen (15) Working Days of the notification by the Supplier or the Sub-Contractor (as appropriate) or take such other reasonable steps as FCDO or Former Supplier (as the case may be) considers appropriate to deal with the matter provided always that such steps are in compliance with applicable Law.

If an offer referred to in Paragraph 1.2.2 is accepted (or if the situation has otherwise been resolved by FCDO and/or the Former Supplier), the Supplier shall, or shall procure that the Sub-Contractor shall, immediately release the person from his/her employment or alleged employment.

If by the end of the fifteen (15) Working Day period specified in Paragraph 1.2.2:

no such offer of employment has been made;

such offer has been made but not accepted; or

the situation has not otherwise been resolved,

the Supplier and/or the Sub-Contractor may within five (5) Working Days give notice to terminate the employment or alleged employment of such person.

2. INDEMNITIES

Subject to the Supplier and/or the relevant Sub-Contractor acting in accordance with the provisions of Paragraphs 1.2 to 1.4 and in accordance with all applicable employment procedures set out in applicable Law and subject also to Paragraph 2.4, FCDO shall:

indemnify the Supplier and/or the relevant Sub-Contractor against all Employee Liabilities arising out of the termination of the employment of any employees of FCDO referred to in Paragraph 1.2 made pursuant to the provisions of Paragraph 1.4 provided that the Supplier takes, or shall procure that the Notified Sub-Contractor takes, all reasonable steps to minimise any such Employee Liabilities; and

If any such person as is described in Paragraph 1.2 is neither re-employed by FCDO and/or the Former Supplier as appropriate nor dismissed by the Supplier and/or any Sub-Contractor within the fifteen (15) Working Day period referred to in Paragraph 1.4 such person shall be treated as having transferred to the Supplier and/or the Sub-Contractor (as appropriate) and the Supplier shall, or shall procure that the Sub-Contractor shall, comply with such obligations as may be imposed upon it under Law.

Where any person remains employed by the Supplier and/or any Sub-Contractor pursuant to Paragraph 2.2, all Employee Liabilities in relation to such employee shall remain with the Supplier and/or the Sub-Contractor and the Supplier shall indemnify FCDO and any Former Supplier, and shall procure that the Sub-Contractor shall indemnify FCDO and any Former Supplier, against

any Employee Liabilities that either of them may incur in respect of any such employees of the Supplier and/or employees of the Sub-Contractor.

shall not apply to:

any claim for:

discrimination, including on the grounds of sex, race, disability, age, gender reassignment, marriage or civil partnership, pregnancy and maternity or sexual orientation, religion or belief; or

equal pay or compensation for less favourable treatment of part-time workers or fixed-term employees,

in any case in relation to any alleged act or omission of the Supplier and/or any Sub-Contractor; or

any claim that the termination of employment was unfair because the Supplier and/or any Sub-Contractor neglected to follow a fair dismissal procedure; and

shall apply only where the notification referred to in Paragraph 1.2.1 is made by the Supplier and/or any Sub-Contractor to FCDO and, if applicable, Former Supplier within 6 months of the Commencement Date.

3. PROCUREMENT OBLIGATIONS

Where in this Part C FCDO accepts an obligation to procure that a Former Supplier does or does not do something, such obligation shall be limited so that it extends only to the extent that FCDO's contract with the Former Supplier contains a contractual right in that regard which FCDO may enforce, or otherwise so that it requires only that FCDO must use reasonable endeavours to procure that the Former Supplier does or does not act accordingly.

Such change in the identity of the Supplier of such Services may constitute a Relevant Transfer to which the Employment Regulations and/or the Acquired Rights Directive will apply. FCDO and the Supplier further agree that, as a result of the operation of the Employment Regulations, where a Relevant Transfer occurs, the contracts of employment between the Supplier and the Transferring Supplier Employees (except in relation to any contract terms disapplied through operation of regulation 10(2) of the Employment Regulations) will have effect on and from the Service Transfer Date as if originally made between the Replacement Supplier and/or a Replacement Sub-Contractor (as the case may be) and each such Transferring Supplier Employee.

The Supplier shall, and shall procure that each Sub-Contractor shall, comply with all its obligations in respect of the Transferring Supplier Employees arising under the Employment Regulations in respect of the period up to (but not including) the Service Transfer Date and shall perform and discharge, and procure that each Sub-Contractor shall perform and discharge, all its obligations in respect of all the Transferring Supplier Employees arising in respect of the period up to (and including) the Service Transfer Date (including the payment of all remuneration, benefits, entitlements and outgoings, all wages, accrued but untaken holiday pay, bonuses, commissions, payments of PAYE, national insurance contributions and pension contributions and all such sums due as a result of any Fair Deal Employees' participation in the Schemes which in any case are attributable in whole or in part to the period ending on (and including) the Service Transfer Date) and any necessary apportionments in respect of any periodic payments shall be made between: (i) the Supplier and/or the Sub-Contractor (as appropriate); and (ii) the Replacement Supplier and/or Replacement Sub-Contractor.

Subject to Paragraph 2.4, where a Relevant Transfer occurs the Supplier shall indemnify FCDO and/or the Replacement Supplier and/or any Replacement Sub-Contractor against any Employee Liabilities arising from or as a result of:

any act or omission of the Supplier or any Sub-Contractor in respect of any Transferring Supplier Employee or any appropriate employee representative (as defined in the Employment Regulations) of any Transferring Supplier Employee whether occurring before, on or after the Service Transfer Date;

the breach or non-observance by the Supplier or any Sub-Contractor occurring on or before the Service Transfer Date of:

any collective agreement applicable to the Transferring Supplier Employees; and/or

any other custom or practice with a trade union or staff association in respect of any Transferring Supplier Employees which the Supplier or any Sub-Contractor is contractually bound to honour;

any claim by any trade union or other body or person representing any Transferring Supplier Employees arising from or connected with any failure by the Supplier or a Sub-Contractor to comply with any legal obligation to such trade union, body or person arising on or before the Service Transfer Date;

any proceeding, claim or demand by HMRC or other statutory authority in respect of any financial obligation including, but not limited to, PAYE and primary and secondary national insurance contributions:

in relation to any Transferring Supplier Employee, to the extent that the proceeding, claim or demand by HMRC or other statutory authority relates to financial obligations arising on and before the Service Transfer Date; and

in relation to any employee who is not identified in the Supplier's Final Supplier Personnel List, and in respect of whom it is later alleged or determined that the Employment Regulations applied so as to transfer his/her employment from the Supplier to FCDO and/or Replacement Supplier and/or any Replacement Sub-Contractor, to the extent that the proceeding, claim or demand by HMRC or other statutory authority relates to financial obligations arising on or before the Service Transfer Date;

a failure of the Supplier or any Sub-Contractor to discharge or procure the discharge of all wages, salaries and all other benefits and all PAYE tax deductions and national insurance contributions relating to the Transferring Supplier Employees in respect of the period up to (and including) the Service Transfer Date);

any claim made by or in respect of any person employed or formerly employed by the Supplier or any Sub-Contractor other than a Transferring Supplier Employee identified in the Supplier's Final Supplier Personnel List for whom it is alleged FCDO and/or the Replacement Supplier and/or any Replacement Sub-Contractor may be liable by virtue of this Contract and/or the Employment Regulations and/or the Acquired Rights Directive; and

any claim made by or in respect of a Transferring Supplier Employee or any appropriate employee representative (as defined in the Employment Regulations) of any Transferring Supplier Employee relating to any act or omission of the Supplier or any Sub-Contractor in relation to its obligations under regulation 13 of the Employment Regulations, except to the extent that the liability arises from the failure by FCDO and/or Replacement Supplier to comply with regulation 13(4) of the Employment Regulations.

The indemnities in Paragraph 2.3 shall not apply to the extent that the Employee Liabilities arise or are attributable to an act or omission of the Replacement Supplier and/or any Replacement Sub-Contractor whether occurring or having its origin before, on or after the Service Transfer Date, including any Employee Liabilities:

FCDO shall procure that the Replacement Supplier shall, or any Replacement Sub-Contractor shall, within five (5) Working Days of becoming aware of that fact, give notice in writing to the Supplier; and

If such offer is accepted, or if the situation has otherwise been resolved by the Supplier or a Sub-Contractor, FCDO shall procure that the Replacement Supplier shall, or procure that the Replacement Sub-Contractor shall, immediately release or procure the release of the person from his/her employment or alleged employment.

If after the fifteen (15) Working Day period specified in Paragraph 2.5.2 has elapsed:

- no such offer of employment has been made;
- such offer has been made but not accepted; or
- the situation has not otherwise been resolved

the Replacement Supplier and/or Replacement Sub-Contractor, as appropriate may within five (5) Working Days give notice to terminate the employment or alleged employment of such person.

Subject to the Replacement Supplier and/or Replacement Sub-Contractor acting in accordance with the provisions of Paragraphs 2.5 to 2.7, and in accordance with all applicable proper employment procedures set out in applicable Law, the Supplier shall indemnify the Replacement Supplier and/or Replacement Sub-Contractor against all Employee Liabilities arising out of the termination of employment pursuant to the provisions of Paragraph 2.7 provided that the Replacement Supplier takes, or shall procure that the Replacement Sub-Contractor takes, all reasonable steps to minimise any such Employee Liabilities.

The Supplier shall comply, and shall procure that each Sub-Contractor shall comply, with all its obligations under the Employment Regulations and shall perform and discharge, and shall procure that each Sub-Contractor shall perform and discharge, all its obligations in respect of any person identified in the Supplier's Final Supplier Personnel List before and on the Service Transfer Date (including the payment of all remuneration, benefits, entitlements and outgoings, all wages, accrued but untaken holiday pay, bonuses, commissions, payments of PAYE, national insurance contributions and pension contributions and such sums due as a result of any Fair Deal Employees' participation in the Schemes and any requirement to set up a broadly comparable pension scheme which in any case are attributable in whole or in part in respect of the period up to (and including) the Service Transfer Date) and any necessary apportionments in respect of any periodic payments shall be made between:

- the Supplier and/or any Sub-Contractor; and
- the Replacement Supplier and/or the Replacement Sub-Contractor.

The Supplier shall, and shall procure that each Sub-Contractor shall, promptly provide to FCDO and any Replacement Supplier and/or Replacement Sub-Contractor, in writing such information as is necessary to enable FCDO, the Replacement Supplier and/or Replacement Sub-Contractor to carry out their respective duties under regulation 13 of the Employment Regulations.  - in relation to any employee who is not a Transferring Supplier Employee identified in the Supplier's Final Supplier Personnel List, and in respect of whom it is later alleged or determined that the Employment Regulations applied so as to transfer his/her employment from the Supplier or Sub-Contractor, to the Replacement Supplier or Replacement Sub-Contractor to the extent that the proceeding, claim or demand by HMRC or other statutory authority relates to financial obligations arising after the Service Transfer Date;

- a failure of the Replacement Supplier or Replacement Sub-Contractor to discharge or procure the discharge of all wages, salaries and all other benefits and all PAYE tax deductions and national insurance contributions relating to the Transferring Supplier Employees identified in the Supplier's Final Supplier Personnel List in respect of the period from (and including) the Service Transfer Date; and

ANNEX TO SCHEDULE 2: LIST OF NOTIFIED SUB-CONTRACTORS

SCHEDULE 3: INSURANCE REQUIREMENTS

1. OBLIGATION TO MAINTAIN INSURANCES

Without prejudice to its obligations to FCDO under this Contract, including its indemnity obligations, the Supplier shall for the periods specified in this Schedule 2 take out and maintain, or procure the taking out and maintenance of the insurances as set out in Annex 1 (Required Insurances) and any other insurances as may be required by applicable Law (together the “**Insurances**”). The Supplier shall ensure that each of the Insurances is effective no later than the Commencement Date.

The Insurances shall be maintained in accordance with Good Industry Practice and (so far as is reasonably practicable) on terms no less favourable than those generally available to a prudent Contractor in respect of risks insured in the international insurance market from time to time.

The Insurances shall be taken out and maintained with insurers who are of good financial standing and of good repute in the international insurance market.

The Supplier shall ensure that the public and products liability policy shall contain an indemnity to principals clause under which FCDO shall be indemnified in respect of claims made against FCDO in respect of death or bodily injury or third party property damage arising out of or in connection with the Services and for which the Supplier is legally liable.

1.GENERAL OBLIGATIONS

Without limiting the other provisions of this Contract, the Supplier shall:

take or procure the taking of all reasonable risk management and risk control measures in relation to the Services as it would be reasonable to expect of a prudent Contractor acting in accordance with Good Industry Practice, including the investigation and reports of relevant claims to insurers;

promptly notify the insurers in writing of any relevant material fact under any Insurances of which the Supplier is or becomes aware; and

hold all policies in respect of the Insurances and cause any insurance broker effecting the Insurances to hold any insurance slips and other evidence of placing cover representing any of the Insurances to which it is a party.

2.FAILURE TO INSURE

The Supplier shall not take any action or fail to take any action or (insofar as is reasonably within its power) permit anything to occur in relation to it which would entitle any insurer to refuse to pay any claim under any of the Insurances.

Where the Supplier has failed to purchase any of the Insurances or maintain any of the Insurances in full force and effect, FCDO may elect (but shall not be obliged) following written notice to the Supplier to purchase the relevant Insurances, and FCDO shall be entitled to recover the reasonable premium and other reasonable costs incurred in connection therewith as a debt due from the Supplier.

3.EVIDENCE OF POLICIES

The Supplier shall upon the Commencement Date and within 15 Working Days after the renewal of each of the Insurances, provide evidence, in a form satisfactory to FCDO, that the Insurances are in force and effect and meet in full the requirements of this Framework Schedule 2. Receipt of such evidence by FCDO shall not in itself constitute acceptance by FCDO or relieve the Supplier of any of its liabilities and obligations under this Agreement.

4.AGGREGATE LIMIT OF INDEMNITY

Where the minimum limit of indemnity required in relation to any of the Insurances is specified as being "in the aggregate":

if a claim or claims which do not relate to this Contract are notified to the insurers which, given the nature of the allegations and/or the quantum claimed by the third party(ies), is likely to result in a claim or claims being paid by the insurers which could reduce the level of cover available below that minimum, the Supplier shall immediately submit to FCDO:

details of the policy concerned; and

- its proposed solution for maintaining the minimum limit of indemnity specified; and
- if and to the extent that the level of insurance cover available falls below that minimum because a claim or claims which do not relate to this Contract are paid by insurers, the Supplier shall:
 - ensure that the insurance cover is reinstated to maintain at all times the minimum limit of indemnity specified for claims relating to this Contract; or
 - if the Supplier is or has reason to believe that it will be unable to ensure that insurance cover is reinstated to maintain at all times the minimum limit of indemnity specified, immediately submit to FCDO full details of the policy concerned and its proposed solution for maintaining the minimum limit of indemnity specified.

5.CANCELLATION

The Supplier shall notify FCDO in writing at least five (5) Working Days prior to the cancellation, suspension, termination or non-renewal of any of the Insurances.

6.INSURANCE CLAIMS

- The Supplier shall promptly notify to insurers any matter arising from, or in relation to, the Services and/or this Contract for which it may be entitled to claim under any of the Insurances. In the event that FCDO receives a claim relating to or arising out of the Services or this Contract, the Supplier shall co-operate with FCDO and assist it in dealing with such claims including without limitation providing information and documentation in a timely manner.
- Except where FCDO is the claimant party, the Supplier shall give FCDO notice within twenty (20) Working Days after any insurance claim in excess of 10,000 relating to or arising out of the provision of the Services or this Contract on any of the Insurances or which, but for the application of the applicable policy excess, would be made on any of the Insurances and (if required by FCDO) full details of the incident giving rise to the claim.
- Where any Insurance requires payment of a premium, the Supplier shall be liable for and shall promptly pay such premium.
- Where any Insurance is subject to an excess or deductible below which the indemnity from insurers is excluded, the Supplier shall be liable for such excess or deductible. The Supplier shall not be entitled to recover from FCDO any sum paid by way of excess or deductible under the Insurances whether under the terms of this Contract or otherwise.

APPENDIX B

FCDO Supply Partner Code of Conduct

Principles

The FCDO aims to create an inclusive culture of best practice with the delivery partners with whom it engages and which receive UK taxpayers’ funds. All Supply Partners should adhere to the overarching principles of the Supply Partner Code of Conduct (hereafter “the Code”).

Overarching Principles for Supply Partners

- ✓ **Act responsibly and with integrity**
- ✓ **Be transparent and accountable**
- ✓ **Seek to improve value for money**
- ✓ **Demonstrate commitment to poverty reduction and FCDO priorities¹**
- ✓ **Demonstrate commitment to wider HMG priorities²**

FCDO Supply Partner responsibilities

Supply Partners and their subcontractors (delivery chain partners) should ensure they have read and understood the Code and their required compliance level and seek clarification from FCDO where necessary. In particular, it is important that the Supply Partners and their subcontractors (delivery chain partners) understand any risks and have systems in place to manage them. The 3 compliance levels are:

Compliance Level 1 - Supply Partners with an individual contract value of £1m or above, or two or more contracts/grants with FCDO with a combined value of £5m or above;

Compliance Level 2 - Supply Partners with an individual contract value below £1m, or two or more contracts /grants with FCDO with a value of less than £5m;

Compliance Level 3 - Supply Partners with an individual Contract value, or component of a Contract/Grant, with a value below the EU contracting threshold. At this level Supply Partners are required to adhere to the overarching Code principles and recognise, mitigate and manage risks. These Supply Partners will not be monitored against the contractual KPIs.

Scope

This Code forms part of the FCDO’s standard contractual terms and conditions and full compliance and annual verification via a signed declaration, to be found at Annex 1b, is mandatory for contracted Supply Partners.

Adherence to the Code at the appropriate level is also a requirement for FCDO direct and delivery chain Supply Partners in receipt of funding. The FCDO will monitor Supply Partners in six priority areas as set out below using a set of Key Performance Indicators (KPIs) as referenced in Annex 1a and 1b.

1. Value for Money and Governance

Key Performance Indicators KPI 1 a - c

Value for Money and financial transparency is an essential requirement of all FCDO commissioned work. All Supply Partners must seek to maximise development results, whilst driving cost efficiency, throughout the life of commissioned programmes. This includes budgeting and pricing realistically and appropriately to reflect delivery requirements and levels of risk over the life of the programme. It also includes managing uncertainty and change to protect value in the often challenging environments that we work in.

Supply Partners must demonstrate that they are pursuing continuous improvement and applying stringent financial management and governance to reduce waste and improve efficiency in their internal operations and within the delivery chain. FCDO expects Supply Partners to demonstrate openness and honesty and to be realistic about capacity and capability at all times, accepting accountability and responsibility for performance along the full delivery chain, in both every-day and exceptional circumstances.

Specific requirements include:

- ✓ Provision of relevant VfM and governance policies and a description of how these are put into practice to meet FCDO requirements (e.g. Codes on fraud and corruption, due diligence);
- ✓ A transparent, open book approach, which enables scrutiny of value for money;
- ✓ Strict adherence to all UK and in-country government tax requirements;
- ✓ Processes for timely identification and resolution of issues and for sharing lessons learned which might be requested by FCDO at any time.

2. Ethical Behaviour

Key Performance Indicators KPI 2 a- f

FCDO Supply Partners and their delivery chain partners act on behalf of the UK government and interact globally with country governments, other aid donors and their delivery partners, many stakeholders including citizens and directly and indirectly with aid beneficiaries. These interactions must therefore meet the highest standards of ethical and professional behaviour in order to uphold the reputation of the UK government.

Arrangements and relationships entered into, whether with or on behalf of FCDO, must be free from bias, conflict of interest or the undue influence of others. Particular care must be taken by Supply Partner and delivery chain staff who:

- a) are directly involved in the management of a programme or procurement of services; or
- b) who engage with i) frontline FCDO staff ii) other deliverers of aid iii) beneficiaries (of aid)

Where those in a) and b) could be susceptible to undue negative or detrimental influence.

Supply Partners and their delivery chain partners must declare to FCDO where there may be instances or allegations of previous unethical behaviour by an existing or potential staff member or where there is a known or suspected conflict of interest. Where a potential or existing staff member has been employed by FCDO or the Crown in the

¹ <https://www.gov.uk/government/organisations/department-for-international-development/about#priorities>

² <https://www.gov.uk/government/organisations/hm-treasury/about#priorities>

preceding two years Supply Partners and their delivery chain partner must provide proof of compliance with the HMG approval requirements under the Business Appointment Rules.

Supply Partners and their delivery chain partners must have the following policies and procedures in place:

- ✓ Development and proof of application and embedding of a Staff Recruitment, Management and Retention policy (which must address circumstances where there may be potential or actual conflict of interest and embedding of a Whistleblowing Policy)
- ✓ Ongoing monitoring of potential or existing personal, business or professional conflict of interest and their mitigation and management
- ✓ Ethical training for every staff member and staff updates in ethical working practices suitable to the development sector (e.g. UN Global Compact principles) including awareness of modern day slavery and human rights abuses
- ✓ Procedures setting out how, staff involved in FCDO funded business, can immediately report all suspicions or allegations of aid diversion, fraud, money laundering or counter terrorism finance and any suspicions/allegations/concerns which relate to safeguarding to the FCDO Investigations Department at reportingconcerns@fcdo.gov.uk or on +44(0)1355 843747.

3. Transparency and Delivery Chain Management
Key Performance Indicators KPI 3 a – f

The FCDO requires full delivery chain transparency from all Supply Partners. All direct Supply Partners and their delivery chain partners must adhere to wider HMG policy initiatives including the support and capacity building of micro, small and medium sized enterprises (MSMEs), prompt payment, adherence to human rights and modern slavery policies and support for economic growth in developing countries.

The FCDO recognises the critical value that downstream delivery partners contribute. Direct Supply Partners must engage their delivery chain partners in a manner that is consistent with FCDO’s treatment of its direct Supply Partners. This includes, but is not limited to: appropriate pricing of services; fiduciary and financial risk management processes; applying transparent and responsive measures where delivery chain partners underperform against the KPI areas; taking a zero tolerance approach to tax evasion, corruption, bribery and fraud in subsequent service delivery or in partnership agreements. Direct Supply Partners must cascade the principles of the Code throughout their delivery chain to ensure FCDO ethical behaviour standards are embedded and maintained.

Specific requirements for direct Supply Partners include:

- ✓ Provide assurance to the FCDO that the policies and practices of their delivery chain Supply Partners and affiliates comply with the Code;
- ✓ Maintaining and sharing with FCDO up-to-date and accurate records of all downstream partners in receipt of FCDO funds and/or FCDO funded inventory or assets. This should map how funds flow from them to end beneficiaries and identify risks and potential risks along the delivery chain;
- ✓ Ensuring delivery chain partner employees are expressly notified of the FCDO ‘reporting concerns’ mailbox³ found on FCDO’s external website and of the circumstances in which this should be used;
- ✓ Publication of FCDO funding data in accordance with the International Aid Transparency Initiative (IATI)⁴
- ✓ Supply Partners shall adhere to HMG prompt payment policy and not use restrictive exclusivity agreements with sub-partners.

³ <https://www.gov.uk/government/organisations/departments-for-international-development/about#reporting-fraud>

⁴ <http://www.aidtransparency.net/>

4. Environmental issues
Key Performance Indicators KPI 4 a – b

FCDO Supply Partners must be committed to high environmental standards, recognising that FCDO activities may change the way people use and rely on the environment, or may affect or be affected by environmental conditions. Supply Partners must demonstrate they have taken sufficient steps to protect the local environment and community they work in, and to identify environmental risks that are imminent, significant or could cause harm or reputational damage to the FCDO.

Commitment to environmental sustainability may be demonstrated by:

- ✓ Formal environmental safeguard policies in place;
- ✓ Publication of environmental performance reports on a regular basis
- ✓ Membership or signature of relevant environmental Codes, both directly and within the delivery chain such as conventions, standards or certification bodies (e.g. the Extractive Industries Transparency Initiative⁵).

5. Terrorism and Security
Key Performance Indicators KPI 5 a – d

FCDO Supply Partners must implement due diligence processes to provide assurance that UK Government funding is not used in any way that contravenes the provisions of the Terrorism Act 2000, and any subsequent regulations pursuant to this Act.

FCDO Supply Partners must maintain high levels of data security in accordance with the Data Protection Act 1998 and any subsequent regulations pursuant to this Act, or new Act and with the General Data Protection Regulation (Directive 95/46/EC).

Specific requirements:

- ✓ Development and proof of application and embedding of a comprehensive Terrorism and Security Policy
- ✓ Development and proof of application and embedding of personal data processing processes within a Data Protection Policy
- ✓ FCDO Supply Partners must safeguard the integrity and security of their IT and mobile communications systems in line with the HMG Cyber Essentials Scheme⁶. Award of the Cyber Essentials or Cyber Essential Plus badges would provide organisational evidence of meeting the UK Government-endorsed standard;
- ✓ All FCDO Supply Partners who manage aid programmes with a digital element must adhere to the global Principles for Digital Development⁷, which sets out best practice in technology-enabled programmes
- ✓ Ensure that FCDO funding is not linked to terrorist offences, terrorist activities or financing.

6. Safeguarding, Social Responsibility and Human Rights
Key Performance Indicators: KPI 6 a – d

Safeguarding, social responsibility and respect for human rights are central to FCDO’s expectations of its Supply Partners. Supply Partners must ensure that robust procedures are adopted and maintained to eliminate the risk of poor human rights practices within complex delivery chain environments funded by FCDO. These practices include sexual exploitation, abuse and harassment; all forms of child abuse and inequality or discrimination on the basis of

⁵ <https://eiti.org/>
⁶ <https://www.gov.uk/government/publications/cyber-essentials-scheme-overview>
⁷ <http://digitalprinciples.org/>

race, gender, age, religion, sexuality, culture or disability. Supply Partners must place an emphasis on the control of these and further unethical and illegal employment practices, such as modern day slavery, forced and child labour and other forms of exploitative and unethical treatment of workers and aid recipients. FCDO will expect a particular emphasis on the management of these issues in high risk fragile and conflict affected states (FCAS), with a focus on ensuring remedy and redress if things go wrong.

Specific requirements:

- ✓ Development and proof of application and embedding of a Safeguarding Policy;
- ✓ Delivery of Social Responsibility, Human Rights and Safeguarding training throughout the delivery chain;
- ✓ Compliance level 1 Supply Partners must be fully signed up to the UN Global Compact⁸;
- ✓ Practices in line with the International Labour Organisation (ILO) 138⁹ and the Ethical Trading Initiative (ETI) Base Code¹⁰ are to be encouraged throughout the delivery chain;
- ✓ Policies to embed good practice in line with the UN Global Compact Guiding Principles 1 & 2 on business and human rights throughout the delivery chain are required, as detailed in Annex 2;
- ✓ Compliance level 1 Supply Partners to submit a Statement of Compliance outlining how the organisation's business activities help to develop local markets and institutions and further how they contribute to social and environmental sustainability, whilst complying with international principles on Safeguarding and Human Rights labour and ethical employment, social inclusion and environmental protection;
- ✓ Overarching consideration given to building local capacity and promoting the involvement of people whose lives are affected by business decisions.

Compliance KPIs and contractual checking mechanisms - FCDO Contracts

Maintaining standards of assurance and driving sustainable improvements, in connection with the Code’s principles through Supply Partner relationships is a key focus for the FCDO.

Supply Partner and delivery chain compliance checking processes will take place in accordance with the agreed compliance levels and the specific contractual clauses down the delivery chain, the FCDO shall undertake compliance checks.

Where appropriate, a plan setting out the Code of Conduct delivery methodology for the Supply Partner arrangements during the contract term may be jointly developed with the FCDO during Contract mobilisation.

UN Global Compact – Human Rights

Principle 1: businesses should support and respect the protection of internationally proclaimed Human Rights

Principle 2: businesses should ensure they are not complicit in Human Rights abuse

Organisations should do this by giving attention to vulnerable groups including women, children, people with disabilities, indigenous groups, migrant workers and older people.

Organisations should comply with all laws, honouring international standards and giving particular consideration to high risk areas with weak governance.

Examples of how suppliers and partners should do this are set out below:

<p>In the workplace</p> <ul style="list-style-type: none">• by providing safe and healthy working conditions• by guaranteeing freedom of association• by ensuring non-discrimination in personnel practices• by ensuring that they do not use directly or indirectly forced labour or child labour• by providing access to basic health, education and housing for the workers and their families, if these are not provided elsewhere• by having an affirmative action programme to hire victims of domestic violence• by making reasonable accommodations for all employees' religious observance and practices
<p>In the community</p> <ul style="list-style-type: none">• by preventing the forcible displacement of individuals, groups or communities• by working to protect the economic livelihood of local communities• by contributing to the public debate. Companies interact with all levels of government in the countries where they operate. They therefore have the right and responsibility to express their views on matters that affect their operations, employees, customers and the communities of which they are a part• through differential pricing or small product packages create new markets that also enable the poor to gain access to goods and services that they otherwise could not afford• by fostering opportunities for girls to be educated to empower them and also helps a company to have a broader and more skilled pool of workers in the future, and• perhaps most importantly, a successful business which provides decent work, produces quality goods or services that improve lives, especially for the poor or other vulnerable groups, is an important contribution to sustainable development, including human rights• If companies use security services to protect their operations, they must ensure that existing international guidelines and standards for the use of force are respected

TERMS OF REFERENCE

Low Carbon Development Initiative (LCDI) Phase 2

A. BACKGROUND

1. The Foreign, Commonwealth and Development Office (FCDO) pursues the UK's national interests and projects the UK as a force for good in the world. We promote the interests of British citizens, safeguard the UK's security, defend our values, reduce poverty and tackle global challenges with our international partners. In Indonesia, the UK's development objectives are focused primarily on supporting Indonesia's objectives in tackling climate change.
2. The British Embassy Jakarta (BEJ) is seeking a Supplier to support the implementation of a new Programme aligned with the UK Government's objective of working alongside international partners to address the global challenge of climate change. This programme, the Low Carbon Development Initiative (LCDI) phase 2, builds upon the LCDI phase 1 (2017-21)¹. The Supplier will support BEJ's work to promote a low carbon and high inclusive growth development pathway for Indonesia.

B. RECIPIENT AND BENEFICIARIES

3. The Supplier contract will be with FCDO, and the client of services is the BEJ. The primary, direct recipient of the services will be the Government of Indonesia, primarily the Development and Planning Ministry (BAPPENAS), along with relevant line ministries and the pilot provinces of the Programme.

C. CONTEXT

4. As the world's fifth largest emitter of greenhouse gas (GHG) emissions², Indonesia is critical to global climate change mitigation. Indonesia increasingly recognizes the need for its growth to be sustainable, and has put in place several strategies and plans, across sectors, to achieve low-carbon, green growth objectives. On 23 September 2022, Indonesia submitted an Enhanced Nationally Determined Contribution to the UNFCCC which sets an unconditional emission reduction target of 31.89% against a BAU scenario by 2030 or by up to 43.2% conditional upon international assistance³. Indonesia has also announced it was targeting a net zero emission target by 2060 or sooner⁴.
5. However, like many countries, Indonesia is experiencing a complex set of challenges with respect to realizing a low carbon growth and climate resilient

pathway. Indonesia's long and medium-term development plan and sectoral strategic plans are where the various strands of this complex picture intersect, and thus are critical to guiding the country along this pathway.

6. BEJ is a longstanding partner to the Government of Indonesia in its low-carbon growth agenda. At the request of BAPPENAS, BEJ provided support through the Low Carbon Development Initiative (LCDI) programme (2017-2021) to prepare and implement the first national low carbon development plan for Indonesia. In March 2019, the Government of Indonesia launched a UK-funded report called *"Low Carbon Development: A Paradigm Shift Towards a Green Economy in Indonesia"* (the LCDI Report)⁵.
7. The LCDI Report provides a clear, evidence-based set of scenarios, for an ambitious, low-carbon pathway for Indonesia that also delivers growth, jobs and poverty reduction. If the most ambitious scenario in the LCDI Report is implemented, the following benefits are predicted to be realised by 2045⁶:
 - the Indonesian economy will grow on average by 6% p.a. 2019-45,
 - over USD 5.4 trillion will be added to GDP in 2045,
 - 15.3 million more jobs will be created (which are greener and better paid),
 - air quality and living conditions will improve.Since the COVID-19 pandemic, the modelling that produced as part of LCDI report has been revised to consider the impacts of COVID-19⁷ on Indonesia's economy, society and environment.
8. The LCDI Report demonstrates the UK working hand in hand with a high emitting G20 country to develop plans to decarbonise its economy and integrate low carbon development into core national planning. The BEJ-Indonesia collaboration on LCDI is a model of engagement which could potentially be replicated in other UK partner countries.
9. The LCDI report received considerable acclaim when it was launched⁸ and enjoys much support in the GoI. Significantly, the GoI incorporated the medium ambition scenario from the LCDI Report into its Medium-Term Development Plan (RPJMN) 2020-24. However, the LCDI is not yet fully institutionalised into the machinery of government and there could be greater acceptance of the findings - i.e., that a low carbon future and economic growth are not mutually exclusive. Further, a major challenge lies in converting the scenarios set out in the LCDI report into tangible, measurable reality.

⁸ There was extensive and positive coverage of the LCDI Report in both Indonesian and English in national and international media outlets, including the Financial Times, [Reuters](#), and the [Jakarta Post](#).

10. BAPPENAS has requested further, enhanced bilateral cooperation from BEJ for an LCDI Phase 2. This programme will support implementation of the LCDI at both the national and subnational level to support the GoI meet its emissions reductions targets in Indonesia's medium term development plan. Specifically, the needs identified by BAPPENAS are:
- Building political support for low carbon development within and outside of government
 - Building knowledge and understanding of the LCDI approach among those who would be responsible for implementing it within GoI
 - Supporting implementation of the LCDI approach, especially through provincial and national development plans
 - Raising ambition to the highest levels set out in the LCDI report
11. BEJ is seeking a Supplier to manage implementation of LCDI Phase 2 for a duration of four years (2022-2026), which will be funded through UK International Climate Finance. The LCDI 2 Programme will build upon the foundations of LCDI 1 with a view to mainstreaming low carbon development and policy intervention, both at national level and with key provinces during and beyond the RPJMN (2020-24) implementation, towards the next National Long-term Development Plan or RPJPN (2025-45) and Indonesia vision 2045.

D. OBJECTIVES OF THE PROGRAMME

12. The **impact** of LCDI 1 is to realise a low-carbon, resilient, inclusive economic development pathway in Indonesia, which is aligned with the global temperature goals established in the Paris Agreement and reaffirmed in the Glasgow Climate Pact.
- Indicative **outcomes** – which we anticipate will be refined in the Inception Phase by the Supplier and BEJ, with final approval from BEJ - are:
- a) Low-carbon growth commitments are integrated into national and provincial medium and long-term development plans, underpinned by strong Monitoring, Reporting and Verification (MRV) systems
 - b) Broad and deep political support is mobilised for low carbon development to achieve the 1.5 degree target
 - c) Cross-sectoral and thematic policy reforms, spanning green and blue economy, enable the achievement of a high-ambition low carbon development scenario.
13. LCDI 2 will also support Indonesia's post-COVID build back better agenda. Since the launch of the LCDI report in March 2019, Indonesia, like much of the rest of the world, has had to turn its full attention to managing and mitigating the economic and social impacts of COVID-19. The GoI announced a stimulus package worth £22.34 billion. The choices the GoI makes in allocating this stimulus, and shaping the recovery process, will have profound long-term implications for poverty reduction, job creation, economic growth, carbon emissions and natural resource management. Developing a robust package of support for 'green' economic recovery, and catalysing growth that is inclusive and sustainable, is a central pillar of the UK's offer to Indonesia, and our collaboration on LCDI provides a natural entry point.

14. The Gol's own thinking and approach to low-carbon development, encompassing both green and blue economy, and linking to the build back better agenda as above, is evolving. A critical requirement for this programme is a flexible, adaptive delivery model that can respond to emerging opportunities across a wide variety of sectors, provide rapid and relevant support across a wide variety of potential asks, while retaining coherence at the strategic and operational level.
15. LCDI2 is an important part of BEJ's programming portfolio, and a key strategic instrument for supporting the Gol on low carbon growth. As a cross-cutting programme, the delivery model must demonstrate how it will endeavour to maximise synergies and coordination with BEJ's wider work, especially its low-carbon development portfolio, where our thematic priorities are around supporting Indonesia's 2030 net sink goal for forests and land-use, the energy transition, and supporting continued implementation of commitments made at COP26.
16. The programme forms part of UK-Indonesia Partnership Roadmap 2022-2024⁹ and the UK's wider low carbon development offer in the South East Asia region, framed by the UK Government's wider interests, including the Indo-Pacific Tilt, strengthened engagement with South-East Asia and ASEAN, the UK's climate change ambitions and global leadership under its COP Presidency, and responds to many of the ideas in the Roadmap for Stronger Recovery and Resilience facilitated by Indonesia under its G20 Presidency.

E. SCOPE

To deliver the outcomes of LCDI2, the Supplier will need to deliver the following:

- a. provide expert advice on low carbon planning to national and sub-national governments, remaining flexible to ensure approach is demand driven and responsive to changing context;
- b. build the capacity and capability of government and their staff to develop the right science-based policy tools and instruments to implement low carbon development plans;
- c. work strategically to build domestic and international coalitions of support to ensure long-term and sustainable political and institutional commitment to the LCDI, embracing new opportunities as Gol evolves its own thinking on green and blue economic growth;
- d. establish a funding mechanism to test and pilot innovative ideas with the potential to enable Indonesia to commit to a high-ambition low carbon development pathway.

Further detail on expected activities and approach is provided below, across four workstreams.

17. **Workstream 1: Partnerships with National Line Ministries.** The Programme will partner with key ministries such as BAPPENAS, Ministry of Finance and Ministry of Home Affairs as well as sectoral ministries including the Ministry of Environment and Forestry, Ministry of Energy and Ministry of Agriculture to

⁹ <https://www.gov.uk/government/publications/uk-indonesia-partnership-roadmap-2022-to-2024>

develop the policies and plans to implement a low carbon development pathway. Anticipated activities will include:

- 1) **Develop low carbon plans, policies, budgets, and interventions.** This includes undertaking research and analysis; developing guidelines, technical instructions and mechanism design; and providing expert advice to inform policy design and innovation. The scope will be determined with the GoI and is likely to include fiscal and non-fiscal incentive policies, including; green budgeting; green jobs; sector frameworks, including energy, industry, waste and circular economy, forests and land-use, biodiversity, blue economy, water and sanitation.
 - 2) **Integrate low carbon targets and approaches into government and sectoral ministries' annual and/or strategic plans.** A key focus will be integrating the low carbon development agenda into the next National Mid-Term Development Plan (RPJMN) 2025-2029, as well as the National Long-Term Development Plan (RPJPN) 2025-2045. This will require building the capacity of government officials to apply evidence to inform development planning.
 - 3) **Advance the design and application of the LCDI Model¹⁰** as a key input to inform the process of formulating targets and policy mix within the RPJMN 2025-2029 and RPJPN 2025-2045. This will require building the capacity of government officials to utilise the model and to develop science-based policy tools.
 - 4) **Strengthen Indonesia's approach to monitoring and reporting GHG emissions,** in particular by improving linkages and coherence between different systems (eg: AKSARA¹¹, and sectoral MRV systems)
18. **Workstream 2: Partnerships with Key Provincial Governments.** The Supplier will work closely with the Government of Indonesia to select provincial governments to partner with in advancing the low-carbon development agenda at the sub-national level. Partner provinces will include at a minimum the three pilot provinces from LCDI Phase 1, which are Riau, South Sulawesi and West Papua, we anticipate that additional provinces will be identified in the Inception Phase through a consultative process with Ministries and provincial governments. The expectation is that these will include (i) highly forested provinces, (ii) peatland provinces and (iii) fossil fuel producing provinces.

The anticipated indicative activities will include:

- 1) Developing low carbon plans, policies, budgeting and interventions to mainstream the integration of the low carbon development indicators into the 5-year Provincial Medium-Term Development Plan (RPJMD) and support the development of the Provincial Government Low Carbon Development Plans

¹⁰ LCDI model is using System Dynamic Model (<https://systemdynamics.org/>) which has agreed by BAPPENAS. The implementation of this method for low carbon development is mentioned in the LCDI report of Paragraph 7 above, footnote 3. For the purpose of modelling Covid19 into the low carbon as mentioned in Paragraph 8, the LCDI model has incorporated Covid19 model from Vensim as following link: <https://vensim.com/coronavirus/>

¹¹ Please read full description of AKSARA here: <https://pprk.bappenas.go.id/aksara/>

- (currently known as RPRKD). Ensure alignment with regional development programs/activities for example regional spatial planning which comply with national and sub-national regulations.
- 2) Develop LCDI model¹² (i.e. using system dynamic model or agreed model with government) for application in the development of the RPJMD, ensuring integration with related frameworks such as the strategic environmental assessment.
 - 3) Promoting institutionalisation and long-term buy in to the low carbon development agenda at the sub-national level. This may include capacity building and training to establish champions for low carbon development among local government officials, academia, and civil society.
 - 4) Technical assistance to operationalise the new integrated LCDI Monitoring, Evaluation and Reporting (MER) system, and to ensure synchronicity between provincial and national MER approaches.
19. **Workstream 3: Political Engagement.** LCDI Phase 2 will support key organisations to work politically and strategically to build domestic and international coalitions of support to encourage and support national/provincial governments to deliver the highest levels of ambition contained in the Gol's LCDI. This will require building effective relationships with parliament, private sector, academia, and other non-state actors. It will require a strategic identification and deployment of levers of influence – which may include a continuation of the LCDI Commissioners¹³ model in Phase 1. The Supplier will be expected to review the role, impact and selection of LCDI Commissioners. Some indicative activities are as follows, but not exclusive to:
- 1) Develop communication and mobilisation strategy on green investment for regional private sector, financial institutions, and development partners.
 - 2) Conduct capacity-building and awareness-raising on Low Carbon Development for legislators,
 - 3) Establish a platform for collaborative efforts between stakeholders across the region, including a regional political agenda on net zero and/or peak emissions
20. **Workstream 4: Innovation and Technology Fund.** Currently, the Gol considers that key barriers exist to realising the higher ambition scenarios of LCDI – including public policy, political and technology constraints. LCDI 2 will establish a competitive funding mechanism (£4m of the total budget) to support Gol to test new and scalable approaches for addressing these barriers. This Fund could work across sectors including: forestry, agriculture and other land-use; waste and circular economy; energy efficiency, infrastructure and transport. It could fund a variety of projects and mechanisms, including fiscal and innovative investment mechanisms.

¹² The approach of developing sub-national low carbon development plan is similar to national model by using system dynamic model. In practice, the current pilot provinces have formed a working group called Pokja PRKBI (Climate Resilient and Low Carbon Development Working Group).

F. METHODOLOGY

21. The Supplier will deliver Workstreams 1-3. This includes all technical assistance, analytical, research, advisory, capacity-building and influencing, and any other resources required to deliver the Services. The Supplier should describe how they will deliver these workstreams in the proposal.,
22. The Supplier will act as Fund Manager for Workstream 4. The Supplier will be responsible for designing and implementing an approach to awarding grants under this component. See Section H for more information on the fund element.
23. The Supplier is expected to outline how political economy analysis, and support for Gender, Equity and Social Inclusion, will be integrated into their approach to delivering the programme.
24. The Supplier will be responsible for managing the overall contract, including:
 - 1) Provision of Programme management, technical, financial, safeguarding and administrative services – aiming at all times to raise local capacity
 - 2) Sub-contracting and grant-making as required, including due diligence
 - 3) Support for strategic and management oversight by GoI and BEJ
 - 4) Performance management, monitoring and learning covering finance, risk, and results, supported by regular reporting
 - 5) Providing, and supporting development of, content for publication on the LCDI communications platform, including digital and social media
25. The Supplier should explain in their proposal how they will ensure their approach remains flexible. We anticipate an adaptive approach may be appropriate for elements of this programme; the Supplier should show consideration of where and how adaptiveness can be integrated in their approach.
26. The Supplier will establish an office in Jakarta to manage the Programme effectively, ensuring regular contact with BAPPENAS, other key line ministries and pilot provinces. The Supplier will be expected to set out in their proposal how they will provide and maintain resources to deliver services outside of Jakarta, especially in the pilot provinces, with consideration of Value for Money.
27. The Programme will comprise an Inception Phase lasting six months, and an Implementation Phase covering the remaining period of the Programme. The contract will have adequate provisions for adapting to changes that occur during the programme lifetime, including a break point after the Inception Phase and at the end of Year Two.
28. The Supplier will develop the following key documents during the Inception Phase, and they will form the basis for programme implementation. They will be presented in the Inception Report. The Supplier is expected to propose a budget, workplan, and payment schedule for the Inception Phase in their proposal.
 - a. Theory of change, to establish how resources and outputs will generate the results expected through the Programme

- b. Results framework including log frame, setting out results and milestones to be delivered, inclusive of impact on gender, equality, social inclusion and modern slavery, and setting out wider approach to monitoring and learning. This should ideally set out approach to working with the evaluation partner (procured separately).
 - c. Workplan, outlining activities agreed through consultation with Programme stakeholders, updated bi-annually
 - d. Financial plan, outlining financial review and performance management processes, audit requirements, an asset register, and approach to counter-fraud and anti-corruption
 - e. Risk register, outlining principal risks and plans for their treatment where needed, including mapping and risk management of downstream partners
 - f. Reporting plan, outlining the schedule for drafting, reviewing, and finalisation
 - g. Governance arrangements, both structure and timing of meetings, agreed through consultation with BEJ and BAPPENAS.
29. The Supplier will ensure that the operations of the projects including any procurement and grant-making aim to maximise resource efficiency and minimise carbon output and other pollutants - in particular plastics, in line with Indonesia's commitment to plastic reduction. Systems of corporate reporting will be developed that allow tracking of progress against these environmental measures.
30. Any procurement or grant-making undertaken by the Supplier will be in accordance with international best practice. During the inception phase, the Supplier must generate manual(s) setting out the way in which they will undertake procurement and grant-making and all subsequent monitoring for agreement with FCDO during the Inception Phase. The Supplier is responsible for delivery chain mapping for identifying downstream partners and managing fund disbursement.

G. TIMING AND BUDGET

31. It is envisaged that the start date of this Contract will be January 2023. The budget for this work will be £18 million over four years **inclusive** of any *local* government taxes but exclusive of VAT. The £18 million will include a £4 million fund element for workstream 4 (see below).
32. The contract will include the option to extend by up to an additional 24 months in duration and up to £6 million in value. FCDO may scale up or extend the programme's budget and/or duration to meet future FCDO priorities, for example:
- Where the programme has been demonstrated to have a strong impact and has the potential to yield better results.
 - New objectives are identified within the scope of this ToR.
 - To reflect lessons learnt, or changes in circumstances in the political context.
33. FCDO reserves the right to scale down or discontinue this programme at any point. Scaling down is at FCDO's discretion, and may occur for a number of reasons, including but not limited to:
- Changes in available funding and/or resources.

- A change in the security and/or political circumstances.
- Political economy reasons, including a change in the situation of the security, government stability, corruption, or delays in key, necessary government engagement.

H. FUND ELEMENT

34. Of the total £18m budget, an allocation budget £4 million will be managed by the Supplier to manage grants to implement Workstream 4 which will be further detailed during Inception Phase in close consultation with BEJ and the Government of Indonesia. It is expected that the Fund will commence with a piloting phase, which will generate learnings to inform full implementation.
35. During the inception phase the Supplier will need to scope the best modality for delivering these objectives eg: establishing a new fund or working through an existing fund or mechanism. This scoping exercise should consider criteria including value for money, stakeholder buy-in, financial and operational management, impact and opportunity for scale, replication and learning. In their proposal, the Supplier should explain how they will go about this scoping work.
36. The fund will be demand led (i.e. responding to requests from partner Ministries) and must be sufficiently flexible to pivot to emerging opportunities. In their proposal, the Supplier should propose a process for assessing demand, and bringing that to bear on the design of funding windows. The Supplier should also explain their approach to assessing proposals, including how they will develop relevant selection criteria.
37. The Fund needs to engage and establish partnerships across Ministries, local governments, and with NGOs, civil society, universities etc. In its operations and approach, the fund will need to demonstrate synergies and coordination with BEJ's wider portfolio, especially programmes focused on FOLU and energy transition. The Supplier will need to work closely with BEJ to ensure this.
38. A steering group will be established, including GoI and BEJ representatives, to review proposals submitted under the mechanism.

I. PAYMENT

39. Payment will be made as following.
 - During the inception phase, expenses will be reimbursed quarterly on actual expenditure and fees will be paid on successful delivery of inception phase deliverables (see paragraph 27).
 - During the implementation phase 25% of fees will be linked to KPIs and the remainder paid on an input basis and paid quarterly, subject to the receipt of quarterly progress reports detailing the activities undertaken through this

budget line during the previous quarter. All expenses will be paid quarterly on actuals.

- KPI assessment and scoring will be undertaken on a quarterly basis by FCDO. 25% of total fees will be linked to KPIs. Each of the KPIs will have a percentage weighting, which when summed gives an overall percentage totalling 100%. The weightings will be decided by FCDO when the KPIs are refined and finalised in the inception phase. These will be monitored to ensure alignment with programme progress and results chain throughout the contract term. As an indication it is likely that the programme development / results based KPIs will be most heavily weighted.

J. KEY PERFORMANCE INDICATORS

40. KPIs will be used to monitor the performance of the Supplier and will include assessment of the amount, quality, timeliness and relevance of the outputs and work done. Indicative programme-level KPIs are provided in Annex B, in the anticipated format (ie: with indicators, weightings and scores). BEJ and the Supplier will refine the KPIs – with BEJ taking the final decision – in the Inception Period, along with finalising measurement criteria and respective weightings. The selected KPIs should include all relevant ICF KPIs¹⁴.

K. DELIVERY CHAIN MAPPING

41. Delivery chain mapping is a process that identifies and captures, usually in visual form, the name of all supply partners involved in delivering a specific good, service or charge, ideally down to the end beneficiary.
42. In advance of any release of funds, The Supplier will be required to produce a delivery chain risk map which should, identify all partners (funding and non-funding e.g. legal/contributions in kind) involved in the delivery of a Programme. The map must clearly set out all names, as well as the management and visibility of FCDO monies through the delivery chain. The map must demonstrate robust and transparent systems for selecting partners and processes for eliminating the risk of fraud, bribery, money laundering and terrorist financing in the supply chain. The map must also outline how the Supplier will monitor and manage the activities of implementing partners and how the Supplier will respond to poor performance and/or potential misuse of funds. The Map will include a summary assessment of risk identified through due diligence procedures and ongoing performance monitoring of sub-partners.
43. Risk maps should be reviewed and updated periodically, annually at a minimum, in line with agreed Programme monitoring processes and procedures. The Supplier will be required to provide updates as new workstreams start.

FCDO is expected to report to central government on the levels of contracted work being allocated to SMEs and other sub-contracted organisations. It is now a requirement to provide details regarding the levels of direct and indirect

¹⁴ ICF KPIs are listed here: [UK Climate Finance Results - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/uk-climate-finance-results)

departmental SME spend with major suppliers to the cross-government SME Small Business Policy team working on this initiative. FCDO is also interested in gathering details of the organisations working within the delivery chains of directly contracted partners. As part of the contractual compliance checking process, Suppliers will be required to submit returns providing these details, as a minimum on an annual basis.

44. The Supplier will also be able to demonstrate a full and comprehensive approach and methodology for undertaking due diligence which complies with FCDO and taking on the risk management of all downstream delivery partners. FCDO may request specific audits of the project and all project partners to be undertaken.

L. MONITORING, REPORTING AND EVALUATION

45. Evaluation will be delivered through a separate contract procured by FCDO. It is anticipated that LCDI2 will have at least one independent evaluation during its lifetime. The Supplier will be expected to cooperate and work effectively with the entity responsible for undertaking evaluations. The Supplier will be expected to undertake monitoring and reporting themselves to fulfil the requirements below.

46. The Supplier will deliver the following reports during the lifetime of the contract:

- 1) Inception Report, to be submitted within 6 months of commencing the contract. The Inception Report will confirm the approach to providing the services and requirements set out in these Terms of Reference and identifying any recommended changes for improving service delivery. BEJ will provide a written response within two weeks. A final Inception Report will be submitted to BEJ within two weeks of receiving BEJ's response to the draft Inception Report
- 2) Monthly milestone reports, summarising delivery against all activities and agreed milestones, and financial and fraud risk, to be submitted within 10 working days of the end of each month.
- 3) Quarterly progress reports, covering progress during the previous quarter against the workplan and agreed milestones, to include financial performance and review of risks, and submitted within 10 working days following the end of each UK financial quarter and accompanied by an invoice in sufficient detail to clearly and transparently link inputs to outputs
- 4) Annual reports, to be submitted 15 working days before the end of 12-month period from the commencement of the contract. The Annual Report should capture results, lesson learned and recommendation for the rest of the programme.
- 5) Project completion report (PCR), 1 month prior to the end of the contract covering the overall results against logframe, lesson learned and recommendations.
- 6) Annual independent audit of accounts, maximum 6 months after end of fiscal year.

47. BEJ and BAPPENAS may undertake their own reviews and audits of the Supplier's activities at any point.

M.OTHER REQUIREMENTS

48. The supplier will be required to submit an Exit Strategy to the FCDO during the inception phase. The Exit Strategy must address what will be done in the event of closure or termination of the services under this Contract. The exit strategy should also consider the longer-term sustainability of the programme and ensure that once FCDO's support is concluded the supplier has a viable exit.

Duty of Care

49. The Supplier is responsible for the safety and well-being of their Personnel and Third Parties affected by their activities under this Contract, including appropriate security arrangements for their domestic and business property.
50. BEJ will share available information with the Supplier on security status and developments in-country where appropriate. Travel advice is available on the FCDO website, and the Supplier must ensure they (and their personnel) are up to date with the latest position.
51. The Supplier is responsible for ensuring that appropriate arrangements, processes, and procedures are in place for their personnel, taking into account the environment they will be working in, and the level of risk involved in the delivery of the contract (such as working in dangerous, fragile, and hostile environments, etc.)
52. This procurement may require the Supplier to operate in fragile and conflict-afflicted areas where the security situation is uncertain and subject to change. The Supplier should be comfortable working in such environments and be able to deploy there.
53. The Supplier is responsible for ensuring appropriate safety and security briefings for all their Personnel working under the Contract and ensuring that their Personnel register and receive security briefings, and the Supplier must ensure they (and their Personnel) are up to date with the latest position.

 - They understand the potential risks and have the knowledge and experience to develop an effective risk plan.
 - They have the capability to manage their Duty of Care responsibilities throughout the life of the contract.

55. The subjective assessment of Duty of Care is placed at Annex A to this Terms of Reference. Please note that this risk assessment will be re-examined at the point of transition between the design phase and the implementation phase. If at any stage there are concerns that the Supplier cannot manage Duty of Care then they may be precluded from operating in that region. The ability of the Supplier to manage Duty of Care shall remain a pre-condition of the contract.

Fraud and Corruption

56. FCDO has a zero-tolerance approach to corruption. The supplier's lead will have full responsibility for monitoring and mitigating the risk of fraud and corruption in the delivery of research.
57. All suspected cases of fraud must be reported immediately to FCDO, and the Supplier will be expected to put in place a comprehensive risk management system which is appropriate to the context and consistent with FCDO's own methodologies

Safeguarding

58. The Supplier will take a robust approach to safeguarding. During the Inception Phase the Supplier will be required to conduct a thorough analysis of the safeguarding risks of operating. The Supplier will outline how this analysis will be conducted, alongside the overall approach to safeguarding including reporting and whistleblowing procedures and any specific safeguarding requirements following from the analysis. For example, work at sub-national level may be found to present risks of community-level conflict over natural resources, which may require routine conflict sensitivity analysis.
59. The Supplier will utilise robust safeguarding policies and procedures and will ensure that Research Pool providers follow the same or equivalent processes, to ensure that every person, regardless of their age, gender, religion or ethnicity, can be protected from harm, violence, exploitation, and abuse. This includes sexual exploitation and abuse but should also be understood as all forms of physical or emotional violence or abuse and financial exploitation.
60. Safeguarding broadly means avoiding harm to people or the environment. FCDO have a zero tolerance for inaction approach to tackling sexual exploitation, abuse and harassment (SEAH). The successful Supplier will be required to demonstrate that they have a robust and meaningful safeguarding policy both for their staff and for interlocutors and beneficiaries. As a fund manager the Supplier will also be required to conduct due diligence to assure themselves of the safeguarding policies of downstream partners, and to ensure that such policies are actively enforced and any safeguarding concerns are promptly addressed and reported to FCDO. Any safeguarding allegations that may occur should be reported to reportingconcerns@fcdo.gov.uk

This includes failing to report concerns or suspicions regarding an act by another member of staff or staff from a partner or Supplier. FCDO has zero tolerance of staff or Suppliers contributing to exploitation including modern slavery or child labour. We consider this to constitute gross misconduct, and therefore grounds for termination of contract. Other action may also be taken, e.g. reporting criminality when applicable.

Disability

62. For FCDO, disability inclusive development means that people with disabilities are systematically and consistently included in and benefit from international development. The Supplier should outline their approach to disability inclusion and how people with disabilities

Social Value considerations

63. The British Government have proposed new measures to ensure that money spent by Government on buying goods and services benefits society more widely as well as delivering value for money. The Social Value Act requires contracting authorities to consider how the services being procured might improve the economic, social, and environmental well-being of the relevant area. In the FCDO context, social value is delivered to overseas beneficiaries through the programmes we deliver and also in the sustainable legacy that we aim to leave behind.
64. UK Social Value outcomes are already embedded and evaluated within the programmes that FCDO deliver, however application of the Public Services (Social Value) Act 2013 will be extended to ensure that all government departments explicitly evaluate social value when commissioning services. More details can be accessed at:

Transparency

65. FCDO requires suppliers receiving and managing funds to release open data on how this money is spent, in a common, standard, re-usable format and to require this level of information from immediate sub-contractors, sub-agencies and partners.
66. It is a contractual requirement for all Suppliers to comply with this, and to ensure they have the appropriate tools to enable routine financial reporting, publishing of accurate data and providing evidence of this to FCDO – further IATI information is available from; <http://www.aidtransparency.net/>.

UKaid branding

67. The successful Supplier will be responsible for ensuring full adherence with the guidance on when and how to use UKaid branding on all elements of the Programme including but not limited to, Programme offices, digital presence and publications. General Data Protection Regulations

69. The EU General Data Protection Regulation (GDPR) and the Data Protection Act (2018) came into force in May 2018. The legislation means that everyone in the FCDO must comply with GDPR when handling personal data regardless of where they are located or the nationality of the people whose personal data it is (the data subjects). The Act implements a wide range of data protection reforms across the UK and introduces 4 distinct data protection regimes into UK Data Protection law. The schedule to be completed by Parties before processing personal data under the Contract is provided at Appendix A. Please refer to the details of the GDPR relationship status and personal data (where applicable) for this project as detailed in App A and the standard clause 33 in section 2 of the contract.

Do no Harm

70. FCDO requires assurance regarding protection from violence, exploitation and abuse through involvement, directly or indirectly, with FCDO Suppliers and Programmes. This includes sexual exploitation and abuse, but should be also understood, as all forms of physical or emotional violence or abuse and financial exploitation.
71. The Supplier must demonstrate a sound understanding of the ethics in working in this area and applying these principles throughout the lifetime of the Programme to avoid doing harm to beneficiaries. In particular, the design of interventions including research and Programme evaluation should recognise and mitigate the risk of negative consequences for women, children, and other vulnerable groups. The Supplier will be required to include that they have duty of care to informants, other Programme stakeholders, and their own staff and that they will comply with the ethics principles in all Programme activities. Their adherence to this duty of care, including reporting and addressing, should be included in both regular and annual reporting to FCDO.
