BETWEEN:

- (1) **TRANSPORT FOR LONDON**, a statutory body established under the Greater London Authority Act 1999 whose office is at Windsor House, 42-50 Victoria Street, London SW1H 0TL ("**Contracting Authority**"); and
- (2) **Chargemaster Plc** a company registered in England and Wales (Company Registration Number 06720009) whose registered office is at Mulberry House, 750 Capability Green, Luton, Bedfordshire, LU1 3LU ("**Concessionaire**").

RECITALS:

- A. The Contracting Authority placed a contract notice 2016/S 061-104855 on 24 March 2016 in the Official Journal of the European Union seeking expressions of interest from providers interested in being appointed to a framework pursuant to which calls could be made to compete for opportunities to finance, install, operate and maintain fast and rapid charge points and related infrastructure for electric vehicles at sites in Greater London.
- B. On 15 July 2016 the Contracting Authority issued an invitation to participate ("**ITP**") for the provision of Services and exploitation of rights at the sites. The Concessionaire represented to the Contracting Authority in its response dated 5 September 2016 (and in its subsequent submissions including its response (dated 30 January 2017) to the invitation to submit final responses ("**ITS**") issued by the Contracting Authority on 23 December 2016) that it is capable of delivering the Services and exploiting the rights in accordance with the Contracting Authority's requirements as set out in the ITP and ITS.
- C. On the basis of the Concessionaire's tender, the Contracting Authority selected the Concessionaire to enter into this non-exclusive framework Agreement. The Concessionaire acknowledges that the Contracting Authority has entered into framework agreements on similar terms with other successful tenderers pursuant to the procurement process commenced by the ITP which together constitute a framework.
- D. The framework enables Awarding Authorities to hold Mini-Competitions for the provision of Services and exploitation of rights at its sites. Where the Concessionaire is successful, the Awarding Authority and Concessionaire will enter into a Call-Off Contract and related Site Agreement(s) subject to and in accordance with the terms and conditions set out in this Agreement.

THE PARTIES AGREE THAT:

In consideration of the payment by the Contracting Authority to the Concessionaire of £5.00 (the receipt and sufficiency of which is acknowledged by the Concessionaire) and the mutual promises and covenants set out in this Agreement, the Parties agree as follows:

This Agreement is not an exclusive arrangement and nothing in this Agreement shall operate to prevent an Awarding Authority from engaging any other organisations or persons to provide services similar to or the same as the Services at sites other than the Sites comprised in any Call Off Contract(s) between the Awarding Authority and the Concessionaire.
- 2.3 Clause 3 sets out the procedure by which the Parties may enter into a Call-Off Contract. Each Call-Off Contract shall be a binding agreement on the Parties and shall incorporate the terms and conditions of this Agreement.
- 2.4 The Concessionaire shall provide the relevant Services in accordance with the Call-Off Contract and corresponding Site Agreement(s). The Concessionaire must not commence any Services without an agreed Call-Off Contract and corresponding Site Agreement(s).
- 2.5 The Concessionaire shall be liable to make Payments to the Awarding Authority as described in Clause 7.

3. CALL-OFF PROCEDURE

- 3.1 At any time during the duration of this Agreement, an Awarding Authority may identify sites suitable for Charge Points. The Awarding Authority may at its sole discretion wish to grant rights to the Concessionaire to provide Services at those sites under the terms of this Agreement, in which case the procurement process set out below will be followed, which the Awarding Authority reserves the right, at its discretion, to amend from time to time to reflect best practice and applicable law.
- 3.2 Subject to Clause 3.3, where the Awarding Authority opts to undertake a Mini-Competition it will issue to those concessionaires on the framework a Request Form as set out in Schedule 5 (Request Form (Mini-Competition)), specifying the site(s) available and services to be provided.
- 3.3 The Concessionaire acknowledges that the Awarding Authority may exclude it from a Mini-Competition such that the Concessionaire shall not be entitled to be awarded a Call-Off Contract in the event that any grounds exist for the time being on which the Awarding Authority would be entitled to terminate the Agreement.
- 3.4 In the event that the Concessionaire receives such a Request Form for a Mini-Competition:

- 3.4.1 the Concessionaire shall immediately confirm receipt of such Request Form;
 - 3.4.2 the Concessionaire shall respond to a Request Form by completing a Proposal as an offer capable of acceptance or by notifying the Awarding Authority in writing that it does not intend to submit a Proposal (together with a high-level summary of the reasons for the Concessionaire's decision not to submit a Proposal). The Concessionaire shall respond to the Awarding Authority by the date specified in the Request Form or, if no such date is specified, within fifteen (15) Business Days of receiving the Request Form, or by such other date as may be agreed with the Call-Off Co-ordinator. A Proposal must remain valid for at least ninety (90) Business Days (or such longer period as may be specified in the Request Form) from the date it is submitted to the Awarding Authority;
 - 3.4.3 subject to Clause 3.10, the Awarding Authority will evaluate tendered proposals (including the Proposal) to determine which is the most economically advantageous with reference to the assessment criteria set out in the Request Form as they relate to the site(s) and services in question;
 - 3.4.4 each of the concessionaires to whom the Request Form for that Mini-Competition was sent, will be notified as to whether or not it has been successful (it being acknowledged that whilst the Awarding Authority shall be under no obligation to provide feedback to a concessionaire in relation to the outcome of the Mini-Competition, an Awarding Authority may at its sole discretion provide concessionaires with such written feedback as it may consider appropriate in the circumstances); and
 - 3.4.5 in respect of any Proposal submitted by the Concessionaire which it proposes to accept, the Awarding Authority will forward to the Concessionaire two copies of the Call-Off Contract. The Concessionaire shall sign both copies and return same to the Awarding Authority within ten (10) Business Days of receipt. The Call-Off Co-ordinator will arrange for both copies of the Call-Off Contracts to be signed by the Awarding Authority and will send a completed signed copy of the Call-Off Contract to the Concessionaire.
- 3.5 The Concessionaire acknowledges that the timescale for responding to a Request Form and the Go-Live Date stipulated in a Request Form may be short reflecting the Awarding Authority's requirements.
- 3.6 The Concessionaire acknowledges and agrees that:
- 3.6.1 the contents of the Request Form and its schedules are confidential and must be used only for the purpose of submitting a Proposal. The Concessionaire must not make any communication or enter into any

collusive arrangement with any third party save for the purpose of permitted sub-contracting or as provided in Clause 3.14.2;

- 3.6.2 any contact, relating to the Services to be provided under the proposed Call-Off Contract or the Proposal, with any Awarding Authority personnel other than as identified in the Request Form may invalidate the Concessionaire's Proposal submission;
- 3.6.3 save as may otherwise be provided in the Request Form:
 - 3.6.3.1 the proposed Go-Live Date(s) identified by the Awarding Authority should be deemed material to the Call-Off Contract; and
 - 3.6.3.2 if the Concessionaire is unable to meet the proposed Go-Live Date(s) specified in the Request Form, the Concessionaire should query within the clarification process whether it is entitled to propose alternative dates and provide feedback as to issues associated with meeting the proposed Go-Live Date(s);
 - 3.6.3.3 the Awarding Authority shall be entitled but not obliged to consider any feedback provided by concessionaires in accordance with Clause 3.6.3.2 and to issue to all concessionaires revised proposed Go-Live Date(s) for the purpose of the relevant Call-Off Contract;
- 3.6.4 save as may otherwise be provided in the Request Form, in the Proposal submission the commercial Proposal must be separated from the technical Proposal. The proposed payments must not be included in the technical Proposal. The documents must be clearly titled 'Commercial Proposal' and 'Technical Proposal'. Submissions must be in Microsoft Office applications or Adobe Portable Document Format (pdf) documents;
- 3.6.5 during the course of the Awarding Authority's evaluation of proposal submissions, the Concessionaire may be asked to answer questions about its Proposal. The Concessionaire must respond to such questions as quickly as possible but, in any event, within two (2) Business Days or, if a deadline is specified, responses must be submitted by that deadline. Failure to respond may result in the Awarding Authority rejecting the Proposal. Any amendments to the Proposal submission arising from these inter-actions with the Concessionaire may be taken into account in the final evaluation;
- 3.6.6 to enable evaluation and/or moderation of the proposal evaluation process, the Awarding Authority may request a meeting with each of the concessionaires. Failure of the Concessionaire to attend following a request may result in the Awarding Authority rejecting the Proposal;

- 3.6.7 subject to the terms of the Request Form, proposals that contain pricing and/or payment terms that are inconsistent with Clause 7 or the Financial Principles set out in Schedule 4 (Calculation and Payment of the Turnover Charge) will be deemed non-compliant. If a Concessionaire wishes the Awarding Authority to consider any payment terms, this must be requested within the clarification process prior to submission of the Concessionaire's Proposal;
- 3.6.8 the financial aspects of each Proposal will be reviewed to consider if it appears to be abnormally high (in the case of the Turnover Percentage and Site Charge aspects of the Proposal) or abnormally low (in respect of the PAYG Average Price aspect of the Proposal) ("**Abnormal**"). An initial assessment will be undertaken by the Awarding Authority (acting reasonably) using a comparative analysis of the financial aspects of the Proposal received from other concessionaires on the framework, with reference to the methods and other specific aspects of the Concessionaire's Proposal. If the assessment shows that the financial aspects of the Proposal may be Abnormal:
- 3.6.8.1 the Awarding Authority will request from the Concessionaire a written explanation of the Proposal, or those parts of the Proposal which the Awarding Authority considers contribute to the financial aspects of the Proposal being Abnormal;
 - 3.6.8.2 on receipt of the Concessionaire's written explanation, the Awarding Authority will verify with the Concessionaire the Proposal or the relevant parts of the Proposal; and
 - 3.6.8.3 if the Awarding Authority is still of the opinion (acting reasonably) that the Concessionaire has submitted a Proposal which is Abnormal and the Awarding Authority is not satisfied (acting reasonably) that the Concessionaire's explanation (and any accompanying evidence provided by the Concessionaire) accounts for the high level of the Turnover Percentage and/or Site Charge aspects of the Proposal or the low level of the PAYG Average Price aspect of the Proposal, then the Awarding Authority will confirm this to the Concessionaire and advise the Concessionaire that the Concessionaire's Proposal has been rejected; and
- 3.6.9 failure to disclose all material information (being facts that the Awarding Authority regards as likely to affect the evaluation process), or disclosure of false information at any stage of the process may result in ineligibility for award. The Concessionaire must provide all information requested and not assume that the Awarding Authority has prior knowledge of any of the Concessionaire's information.

- 3.7 Each Call-Off Contract shall be a binding agreement on the Parties and shall incorporate the terms and conditions of this Agreement, as may have been amended in such Call-Off Contract and such documentation shall together form a separate agreement between the Parties.
- 3.8 A Request Form and anything prepared or discussed by the Awarding Authority shall constitute an invitation to treat and shall not constitute an offer capable of acceptance by the Concessionaire. The Awarding Authority shall not be obliged to consider or accept any Proposal submitted by the Concessionaire.
- 3.9 A draft Call-Off Contract shall only become a Call-Off Contract upon execution of the draft Call-Off Contract by the Awarding Authority.
- 3.10 The Awarding Authority is not obliged to approve or sign any Call-Off Contract.
- 3.11 The Concessionaire is responsible for all and any costs, charges and expenses arising from or associated with the procurement process in this Clause 3 and the Awarding Authority shall not be liable for any costs, charges or expenses borne by or on behalf of a Concessionaire whether or not the Concessionaire is awarded a Call-Off Contract, which for the avoidance of doubt includes any costs, charges and expenses arising from or associated with an abortive or cancelled procurement process.
- 3.12 Nothing in this Clause 3 shall prevent an Awarding Authority, having considered its entitlement to do so taking into account applicable law including the relevant procurement laws and regulations, determining to secure additional Sites and Services by electing to vary an existing Call-Off Contract already entered into pursuant to this Agreement.
- 3.13 The Awarding Authority may in its discretion, taking into account the circumstances of any particular Call-Off Contract and the financial circumstances of the Concessionaire (including whether or not the Concessionaire is itself the Holding Company in its corporate group structure) require as a condition of the award of a Call-Off Contract that the Concessionaire delivers to the Awarding Authority at the time stated by the Awarding Authority such of the following as the Awarding Authority may specify:
- 3.13.1 a duly executed parent company guarantee from such Holding Company or other person, in each case as the Awarding Authority approves in writing, in the form set out in Appendix A to Schedule 8 (Special Conditions of Agreement) of this Agreement (a **“Parent Company Guarantee”**); and
- 3.13.2 if requested by the Awarding Authority, a legal opinion as to its enforceability in substantially the form set out in Appendix B to Schedule 8 (Special Conditions of Agreement) of this Agreement completed to the reasonable satisfaction of the Awarding Authority.

3.14 Consortium arrangements in respect of Site Agreements

3.14.1 This Clause 3.14 applies where the Concessionaire's tender for the framework to which this Agreement relates was on the basis of:

- 3.14.1.1 a consortium involving other parties who were named in the Concessionaire's response to the prequalification questionnaire issued by the Contracting Authority in respect of the Agreement; and
- 3.14.1.2 the Concessionaire entering into this Agreement and any Call-Off Contract, and one of the other consortium members entering into any associated Site Agreement(s).

Where this applies Schedule 10 (Named SA Sub-contractors) sets out details of any such consortium sub-contractors of the Concessionaire (each an "**SA Sub-contractor**").

3.14.2 If the Concessionaire is the winning bidder in respect of a Mini-Competition and is accordingly awarded a Call-Off Contract, the Awarding Authority shall allow, at the Concessionaire's written request, an SA Sub-contractor to enter into the associated Site Agreement(s) in place of the Concessionaire **provided always** that without limiting Clause 11 and without prejudice to any other rights and remedies which the Awarding Authority has under the Site Agreement(s) against the SA Sub-contractor:

- 3.14.2.1 the SA Sub-Contractor shall be a sub-contractor of the Concessionaire for the purposes of this Agreement;
- 3.14.2.2 the Concessionaire shall ensure that the SA Sub-contractor complies with the terms of the Site Agreement(s) and all of the obligations and duties of the SA Sub-contractor under the Site Agreement(s) and at all times the Concessionaire shall remain responsible and liable for any acts or omissions of the SA Sub-contractor under or in respect of or in connection with the applicable Site Agreement(s);
- 3.14.2.3 the Concessionaire acknowledges that the Awarding Authority and the Contracting Authority shall each have the same rights and remedies as against the Concessionaire in respect of any such SA Sub-contractor acts or omissions and/or in respect of any other circumstances affecting the SA Sub-contractor as if the Concessionaire had been a party to the Site Agreement and those acts or omissions or other circumstances had been those of or affecting the Concessionaire; and
- 3.14.2.4 it shall be a pre-condition of the Call-Off Contract that the SA Sub-contractor must agree to the inclusion of

provisions in the relevant Site Agreement(s) which confirm that the Awarding Authority has the same rights and remedies under the Site Agreement(s) against the SA Sub-contractor in respect of any acts or omissions of the Concessionaire under or in respect of or in connection with the Call-Off Contract or the Site Agreement(s) and/or in respect of any other circumstances affecting the Concessionaire as if those acts or omissions or other circumstances had been those of the SA Sub-contractor.

4. TERM OF AGREEMENT AND CALL-OFF CONTRACTS

- 4.1 This Agreement (but not a Call-Off Contract) commences on the Agreement Commencement Date and subject to Clause 4.2, continues in force for a period of three (3) years (“**Initial Term**”) unless terminated earlier, either in whole or in part, in accordance with this Agreement.
- 4.2 The Contracting Authority has an option, exercisable at its sole discretion, to extend the duration of the Agreement for a further period of one (1) year by providing notice in writing to the Concessionaire at least three (3) months prior to the expiry of the Initial Term.
- 4.3 Each Call-Off Term shall be set out in the relevant Call-Off Contract and shall be for such period as the Awarding Authority, in its discretion, considers shall be appropriate having regard to the time that a concessionaire could reasonably be expected to take to recoup the investments required to provide the Services under the relevant Call-Off Contract, together with a return on invested capital taking into account those investments (which depending on the circumstances may be up to 15 years). Unless stated otherwise in a Call-Off Contract, the Call-Off Term and the Services provided pursuant to a Call-Off Contract may extend beyond the termination or expiry of this Agreement, in which case the provisions of this Agreement shall survive such expiry or termination to the extent that such provisions are relevant to any such Call-Off Contract.
- 4.4 A Call-Off Contract may expire or be terminated in accordance with its terms, Clause 28 or Clause 30 but such expiry or termination shall not, in and of itself, give rise to an expiry or termination of any other Call-Off Contract or this Agreement.

5. THE SERVICES

- 5.1 The Concessionaire:
 - 5.1.1 shall provide the Services specified in a Call-Off Contract in accordance with this Agreement and the terms of the relevant Call-Off Contract;
 - 5.1.2 acknowledges that it has sufficient information about the Awarding Authority, the Site(s) and the Specification and that it has made all

appropriate and necessary enquiries to enable it to perform the Services in accordance with the relevant Call-Off Contract;

- 5.1.3 shall neither be entitled to any payment nor excused from any obligation or liability under the Agreement or the terms of the relevant Call-Off Contract due to any misinterpretation or misunderstanding by the Concessionaire of any fact relating to the Site(s), Specification or otherwise to the Agreement or relevant Call-Off Contract; and
- 5.1.4 shall comply with all lawful and reasonable requirements of the Awarding Authority relating to its performance of the Services under any Call-Off Contract.

- 5.4 The Concessionaire shall not be entitled to display advertisements at any Site or use a Site for any purpose other than as envisaged by this Agreement, save for where agreed in a Call-Off Contract and subject to the terms of the relevant Site Agreement, provided always that (so long as the Concessionaire has obtained any and all necessary consents) nothing in this Clause 5.4 shall prevent the Concessionaire from displaying its proprietary logos and/or branding at a Site and/or on any Charge Point or other Concessionaire Equipment.
- 5.5 Where and to the extent included as part of the Awarding Authority's requirements in a Request Form for a Call-Off Contract, the Awarding Authority shall be entitled to require the Concessionaire to display Contracting Authority Branding and/or Awarding Authority Branding at such places at a Site (including on the Concessionaire Equipment) as the Awarding Authority may reasonably require, but always on the basis that:
- 5.5.1 the Contracting Authority Branding and/or the Awarding Authority Branding (as applicable) will be secondary to the Concessionaire's own branding and the Awarding Authority's requirements will reflect this);
 - 5.5.2 subject to Clause 20.2.2 and Clause 20.5, the Contracting Authority shall indemnify the Concessionaire against costs (including legal costs and costs of enforcement), expenses, liabilities (including any tax liability) or damages, which the Concessionaire suffers or incurs in respect of any proceedings brought against the Concessionaire by any third party in respect of any actual or alleged infringement of a third party's Intellectual Property Rights to the extent that the same arises out of the display of the Contracting Authority Branding at a Site in accordance with this Clause 5.5 provided that the Concessionaire shall use its reasonable endeavours to mitigate the consequences to it of any such third party proceedings and the costs, expenses, liabilities and damages which it may claim from the Contracting Authority pursuant to this Clause 5.5; and
 - 5.5.3 subject to Clause 20.2.2 and Clause 20.5, the Awarding Authority shall indemnify the Concessionaire against costs (including legal costs and costs of enforcement), expenses, liabilities (including any

6. SITE AGREEMENTS

The specific terms of the Site Agreement for each Site shall be determined by the Awarding Authority at its sole discretion and a copy of the Site Agreement for each Site shall be attached to the Request Form and the corresponding Call-Off Contract.

7. PAYMENTS

7.1 The Payments to be made by the Concessionaire to the Awarding Authority in respect of each Call-Off Contract shall comprise:

7.1.1 the Site Charge due in respect of each Site as stipulated in the relevant Call-Off Contract; and

7.1.2 the Turnover Charge due in respect of each Site under the Call-Off Contract, which shall be calculated and paid in accordance with (and subject to) the Financial Principles set out in Schedule 4 (Calculation and Payment of the Turnover Charge).

7.2 The Site Charge payable to the Awarding Authority in respect of a Site shall be no less than the Base Charge Reserve Value for that Site. The Turnover Percentage applicable to each Site shall be not less than 1% (one per cent).

7.3 An amount equal to one quarter of the Site Charge in respect of each Site pursuant to each Call-Off Contract shall be paid to the Awarding Authority within thirty (30) days of the end of each quarter of the Financial Year. The Concessionaire shall pay such funds in the most cost effective and timely manner and in accordance with any reasonable instructions issued by the Awarding Authority.

7.4 The Payments and other sums payable under a Call-Off Contract are exclusive of VAT (or similar tax) and shall be paid free and clear of all deductions and withholdings whatsoever, unless the deduction or withholding is required by law. If any deduction or withholding is required by law the Concessionaire shall pay the Awarding Authority such sum as will, after the deduction or withholding has been made, leave the Awarding Authority with the same amount as it would have been entitled to receive in the absence of any such requirement to make a deduction or withholding.

- 7.5 The Payments and any other sums payable under a Call-Off Contract shall be paid in sterling to the credit of a bank account to be designated in writing by the Awarding Authority.
- 7.6 The Concessionaire shall bear its own costs and expenses incurred in the course of carrying out the activities envisaged under this Agreement and any Call-Off Contract and shall not be entitled to charge an Awarding Authority for any of its costs or expenses.
- 7.7 Interest shall accrue at the rate of two percent (2%) above the base rate of the Bank of England from time to time on all sums due and payable to the Awarding Authority under a Call-Off Contract from the due date until the date of actual payment (both before and after judgement). All such interest shall be calculated on the basis of the actual number of days elapsed, over a three hundred and sixty five (365) day year and compounded at monthly intervals. The Parties agree that this provision constitutes a substantial remedy for late payment of any sum payable under the Contract in accordance with s8(2) of the Late Payment of Commercial Debts (Interest) Act 1998.
- 7.8 The provisions of this Clause 7 shall remain in effect notwithstanding termination or expiry of this Agreement or any Call-Off Contract until the settlement of all subsisting claims by the Awarding Authority.

8. WARRANTIES AND OBLIGATIONS

- 8.1 Without prejudice to any other warranties expressed elsewhere in this Agreement (which includes for this purpose, any Call-Off Contract) or implied by law, the Concessionaire warrants, represents and undertakes that:

- 8.1.6 the Agreement, Call-Off Contracts and Site Agreements are executed by a duly authorised representative of the Concessionaire (or, where Clause 3.14.2 applies, each relevant Site Agreement is executed by a duly authorised representative of the SA Sub-contractor);
- 8.1.7 all materials, equipment and goods under the relevant Call-Off Contract, including without limitation the Concessionaire Equipment used at each Site, shall be of satisfactory quality within the meaning of the Sale of Goods Act 1979 (as amended), sound in design and in conformance in all respects with the Statement of Requirements and the Specification set out or referred to in the relevant Call-Off Contract; and
- 8.1.8 none of:
 - 8.1.8.1 the Concessionaire Equipment;
 - 8.1.8.2 documents, drawings, computer software and any other work or item prepared, developed or used by the Concessionaire pursuant to the relevant Call-Off Contract; nor
 - 8.1.8.3 the use of any of the items referred to in Clauses 8.1.8.1 or 8.1.8.2 by an Authority Charge Point Operator for the purpose of the continued operation and maintenance of the Concessionaire Equipment where and as envisaged in accordance with Clause 29.4,

shall infringe any Intellectual Property Rights or any other legal or equitable right of any person.

- 8.2 Each warranty and obligation in this Clause 8 shall be construed as a separate warranty or obligation (as the case may be) and shall not be limited or restricted by reference to, or reference from, the terms of any other such warranty or obligation or any other term of this Agreement (or any Call-Off Contract).

9. CONTRACTUAL MANAGEMENT

- 9.1 The Contracting Authority authorises the Procurement Manager to act as the Contracting Authority's representative for all purposes of this Agreement and the Concessionaire shall deal with the Procurement Manager (or his or her nominated representative) in respect of all matters arising under this

Agreement, unless notified otherwise. An Awarding Authority will appoint a Call-Off Co-ordinator in respect of each Call-Off Contract in relation to matters arising under a Call-Off Contract, unless otherwise notified by the Awarding Authority.

- 9.6 No act of or omission by or approval from either the Awarding Authority, the Procurement Manager, or any Call-Off Co-ordinator in performing any of their respective duties under or in connection with this Agreement or relevant Call-Off Contract shall in any way operate to relieve the Concessionaire of any its duties, responsibilities, obligations or liabilities under this Agreement and relevant Call-Off Contract.

10. CONCESSIONAIRE'S PERSONNEL

- 10.1 Nothing in this Agreement or any Call-Off Contract will render the Concessionaire's Personnel, an employee, agent or partner of the Awarding Authority or of any member of the Awarding Authority Group by virtue of the provision of the Services by the Concessionaire under this Agreement or Call-Off Contract and the Concessionaire shall be responsible for making appropriate deductions for tax and national insurance contributions from the remuneration paid to the Concessionaire's Personnel.
- 10.2 The Concessionaire shall provide the Concessionaire's Personnel as necessary for the proper and timely performance and management of the Services in accordance with the relevant Call-Off Contract. All Concessionaire Personnel deployed on work relating to the Call-Off Contract shall have the appropriate qualifications and competence, be properly managed and supervised.
- 10.3 Without prejudice to any of the Awarding Authority's other rights, powers or remedies, the Awarding Authority may (without liability to the Concessionaire) deny access to Concessionaire's Personnel to any Awarding Authority Premises and/or any Sites which are subject to a Site Agreement in the form of a lease granted by the Awarding Authority and/or require that any Concessionaire's Personnel be immediately removed from performing the Services if, in each case, such Concessionaire's Personnel in the Awarding Authority's view have not been properly trained in any way or are otherwise incompetent, negligent, guilty of misconduct or could be a danger to any person. The Awarding Authority shall notify the Concessionaire without delay of such denial and/or requirement in writing and the Concessionaire shall comply with such notice and provide a suitable replacement.
- 10.4 The Concessionaire shall give the Awarding Authority, if so requested, full particulars of all persons who are or may be at any time employed on the relevant Call-Off Contract.
- 10.5 The Concessionaire shall indemnify, keep indemnified and hold harmless the Awarding Authority from and against all Losses which the Awarding Authority or the Awarding Authority Group incur or suffer arising out of or in connection with any act or omission of the Concessionaire's Personnel (or any person who may allege to be the same) under or in connection with this Agreement or any Call-Off Contract (whenever such Losses may arise) or any failure by the Concessionaire to comply with Clause 10.3.

- 10.6 The Concessionaire shall pay to the Concessionaire's Personnel not less than the amounts to which the Concessionaire's Personnel are contractually entitled.

11. SUB-CONTRACTING AND CHANGE OF OWNERSHIP

- 11.1 The Concessionaire shall not assign or sub-contract all or a substantial part of the Services without the prior written consent of the Awarding Authority which may be refused or granted subject to such conditions as the Awarding Authority may reasonably require.

- 11.2 Where the Concessionaire sub-contracts all or any part of the Services to any person, the Concessionaire shall:

11.2.1 ensure that such person complies with all of the obligations and duties of the Concessionaire under the relevant Call-Off Contract insofar as they relate to the Services or any part of them (as the case may be) which that sub-contractor is required to provide;

11.2.2 be responsible for payments to that person;

11.2.3 remain solely responsible and liable to the Awarding Authority for any breach of the relevant Call-Off Contract or any performance, non-performance, part-performance or delay in performance of any of the Services by any sub-contractor to the same extent as if such breach, performance, non-performance, part-performance or delay in performance had been carried out by the Concessionaire;

11.2.4 ensure that the activities of such person do not breach the relevant Site Agreement(s) and remain solely responsible and liable to the Awarding Authority for any breach of the relevant Site Agreement(s);

11.2.5 on or before the date of the Call-Off Contract notify the Awarding Authority in writing of the name, contact details and details of the legal representatives of any such sub-contractor (of any tier), to the extent that such information has not already been provided by the Concessionaire to the Awarding Authority under the Agreement (including Schedule 10 (Named SA Sub-contractors));

11.2.6 promptly notify the Awarding Authority in writing of any change to the information notified under Clause 11.2.5 and provide in writing the name, contact details and details of the legal representatives of each such sub-contractor (of any tier) who is engaged after the date of the Call-Off Contract;

11.2.7 without prejudice to the provisions of Clause 14, ensure compliance with the Bribery Act 2010 and any guidance issued by the Secretary of State under it when appointing any such sub-contractor; and

11.2.8 include a term in each sub-contract (of any tier):

- 11.2.8.1 requiring payment to be made by the Concessionaire, or (in respect of a sub-contract below the first tier) the payer under the relevant subcontract, to the sub-contractor within a specified period not exceeding thirty (30) days from receipt of a valid and undisputed invoice as defined by the sub-contract requirements; and
 - 11.2.8.2 a requirement that any invoices for payment submitted by the sub-contractor are considered and verified by the Concessionaire, or (in respect of a sub-contract below the first tier) the payer under the relevant sub-contract, in a timely manner and that any undue delay in doing so shall not in itself be sufficient justification for failing to treat an invoice as being valid and undisputed under the sub-contract requirements.
- 11.3 The Concessionaire shall give notice to the Awarding Authority within ten (10) Business Days where:
 - 11.3.1 there is any change in the ownership of the Concessionaire where such change relates to 50% or more of the issued share capital of the Concessionaire; and
 - 11.3.2 there is any change in the ownership of the Holding Company where such change relates to 50% or more of the issued share capital of the Holding Company; and
 - 11.3.3 (in the case of an unincorporated Concessionaire) give notice to the Awarding Authority if there is any change in the management personnel of the Concessionaire, which alone or taken with any other change in management personnel not previously notified to the Awarding Authority, equates to a change in the identity of 50% or more of the management personnel of the Concessionaire.

Upon the occurrence of any of the events referred to at Clauses 11.3.1 – 11.3.3 above, the Contracting Authority (acting reasonably) shall have the right to terminate the Agreement and the Awarding Authority (acting reasonably) shall have the right to terminate any relevant Call-Off Contract.

12. CONFLICT OF INTEREST

- 12.1 The Concessionaire warrants that it does not and will not have any interest in any matter where there is or is reasonably likely to be a conflict of interest with the Services, the Contracting Authority or any member of the Awarding Authority Group, save to the extent fully disclosed to and approved by the Awarding Authority and/or the Contracting Authority as appropriate.
- 12.2 The Concessionaire shall check for any conflict of interest at regular intervals throughout the Term and the duration of any Call-Off Contract and in any event not less than once in every six months and shall notify the Contracting Authority and any applicable Awarding Authority in writing immediately upon

becoming aware of any actual or potential conflict of interest with the Services, the Contracting Authority or any member of the Awarding Authority Group and shall work with the Contracting Authority and Awarding Authority(s) as appropriate to do whatever is necessary (including the separation of staff working on, and data relating to, the Services from the matter in question) to manage such conflict to the Contracting Authority's and/or Awarding Authority's satisfaction, provided that, where the Contracting Authority is not (acting reasonably) so satisfied, it may terminate this Agreement and the Awarding Authority may (acting reasonably) terminate any Call-Off Contract, in existence, in accordance with Clause 28.1.6.

13. ACCESS TO PREMISES

- 13.1 The Concessionaire's access to the Sites (as distinct from the Awarding Authority Premises) shall be governed by the terms of the relevant Site Agreement(s). Without prejudice to the terms of any Site Agreement and rights of the Concessionaire thereunder, where access to a Site becomes unavailable during a Call-Off Term as a consequence of circumstances beyond the reasonable control of the Concessionaire, the Awarding Authority will (acting reasonably) work with the Concessionaire to seek to mitigate any resulting adverse impact on the Concessionaire or its business, which may include (if the Awarding Authority acting reasonably considers it appropriate in the circumstances) a temporary suspension of the Concessionaire's obligation to comply with the provisions of paragraph PI 1 of Schedule 3 (Service Levels) in respect of such Site for such period of time as the Awarding Authority (acting reasonably) may determine.
- 13.2 Subject to Clause 13.1 any access to any Awarding Authority Premises made available to the Concessionaire in connection with the proper performance of the Call-Off Contract shall be free of charge and shall be used by the Concessionaire solely for the purpose of performing its obligations under the Call-Off Contract. For the avoidance of doubt, the Concessionaire shall be responsible for its own costs of travel including either or both of any congestion charging or low emission zone charging. The Concessionaire shall:
- 13.2.1 have the use of such Awarding Authority Premises as licensee and shall not have or purport to claim any sole or exclusive right to possession or to possession of any particular part of such Awarding Authority Premises;
 - 13.2.2 vacate such Awarding Authority Premises upon the termination or expiry of the relevant Call-Off Contract or at such earlier date as the Awarding Authority may determine;
 - 13.2.3 not exercise or purport to exercise any rights in respect of any Awarding Authority Premises in excess of those granted under this Clause 13;

- 13.2.4 ensure that the Concessionaire's Personnel carry any identity passes issued to them by the Awarding Authority at all relevant times and comply with the Awarding Authority's security procedures as may be notified by the Awarding Authority from time to time; and
- 13.2.5 not damage the Awarding Authority Premises or any assets on the Awarding Authority Premises.
- 13.3 Nothing in Clause 13.2 shall create or be deemed to create the relationship of landlord and tenant in respect of any Awarding Authority Premises between the Concessionaire and any member of the Awarding Authority Group.
- 13.4 The Awarding Authority shall be under no obligation to provide office or other accommodation or facilities or services (including telephony and IT services) to the Concessionaire except as may be specified in any Call-Off Contract.

14. COMPLIANCE WITH POLICIES AND LAW

- 14.1 The Concessionaire, at no additional cost to the Awarding Authority:
 - 14.1.1 undertakes to procure that all the Concessionaire's Personnel comply with all of the Awarding Authority's policies and standards that are relevant to the performance of the Services, including those set out in the Call-Off Contract and those relating to safety, security, business ethics, drugs and alcohol and any other on site regulations specified by the Awarding Authority for personnel working at Awarding Authority Premises or accessing the Awarding Authority's computer systems. The Awarding Authority shall provide the Concessionaire with copies of such policies and standards on request;
 - 14.1.2 shall provide the Services in compliance with, and ensure that the Concessionaire's Personnel comply with, all requirements of all Acts of Parliament, statutory instruments, court orders, regulations, directives, European Community decisions (insofar as legally binding), bye-laws, treaties and other regulatory requirements relevant to either or both of the Concessionaire's business or the Awarding Authority's business, from time to time in force which are or may become applicable to the Services. The Concessionaire shall promptly notify the Awarding Authority if the Concessionaire is required to make any change to the Services for the purposes of complying with its obligations under this Clause 14.1.2;
 - 14.1.3 without limiting the generality of Clause 14.1.2, shall comply with all advertising laws, regulations, standards, guidelines and all instructions regarding advertising issued by the Contracting Authority or Awarding Authority from time to time;
 - 14.1.4 without limiting the generality of Clause 14.1.2, shall comply with all relevant enactments in force from time to time relating to

discrimination in employment and the promotion of equal opportunities;

14.1.5 acknowledges that the Awarding Authority is under a duty under section 149 of the Equality Act 2010 to have due regard to the need to eliminate unlawful discrimination on the grounds of sex, marital or civil partnership status, race, sexual orientation, religion or belief, age, pregnancy or maternity, gender reassignment or disability (a “**Relevant Protected Characteristic**”) (as the case may be) and to promote equality of opportunity between persons who share a Relevant Protected Characteristic and persons who do not share it. In providing the Services, the Concessionaire shall assist and cooperate with Awarding Authority where possible in satisfying this duty and not do anything to put the Awarding Authority in breach of this duty;

14.1.6 acknowledges that the Awarding Authority is under a duty by virtue of a direction under section 155 of the Greater London Authority Act 1999 in respect of section 404(2) of that Act to have due regard to the need to:

14.1.6.1 promote equality of opportunity for all persons irrespective of their race, sex, disability, age, sexual orientation or religion;

14.1.6.2 eliminate unlawful discrimination; and

14.1.6.3 promote good relations between persons of different racial groups, religious beliefs and sexual orientation,

and in providing the Services, the Concessionaire shall assist and co-operate with the Awarding Authority where possible to enable the Awarding Authority to satisfy its duty and not do anything to put the Awarding Authority in breach of this duty;

14.1.7 without prejudice to any other provision of this Clause 14.1 or the Schedules, shall comply with any provisions set out in the Schedules that relate to traffic management and shall comply with the reasonable instructions of Awarding Authority’s Traffic Manager as may be made available to the Concessionaire from time to time. For the purposes of this Clause 14.1.7, “**Traffic Manager**” means the Awarding Authority’s traffic manager appointed in accordance with section 17 of the Traffic Management Act 2004; and

14.1.8 shall promptly notify the Concessionaire's Personnel and the Awarding Authority of any health and safety hazards that exist or may arise in connection with the performance of the Services.

14.2 In all cases, the costs of compliance with this Clause 14.1 shall be borne by the Concessionaire.

- 14.3 In providing the Services, the Concessionaire shall (taking into account industry best practice not entailing excessive cost and the industry best practicable means of preventing, or counteracting the effects of any noise or vibration) have appropriate regard (insofar as the Concessionaire's activities may impact on the environment) to the need to:
- 14.3.1 preserve and protect the environment and to the need to avoid, remedy and mitigate any adverse effects on the environment;
 - 14.3.2 enhance the environment and have regard to the desirability of achieving sustainable development;
 - 14.3.3 conserve and safeguard flora, fauna and geological or physiological features of special interest; and
 - 14.3.4 sustain the potential of natural and physical resources and the need to safeguard the life-supporting capacity of air, water, soil and ecosystems.

15. CORRUPT GIFTS AND PAYMENT OF COMMISSION

The Concessionaire shall not, and shall ensure that its employees, agents and sub-contractors do not, pay any commission, fees or grant any rebates to any employee, officer or agent of the Contracting Authority, Awarding Authority or any member of the Awarding Authority Group nor favour any employee, officer or agent of the Contracting Authority, Awarding Authority or any member of the Awarding Authority Group with gifts or entertainment of significant cost or value nor enter into any business arrangement with employees, officers or agents of the Contracting Authority, Awarding Authority or any member of the Awarding Authority Group other than as a representative of the Contracting Authority or Awarding Authority (as applicable), without the Contracting Authority's or the Awarding Authority's prior written approval (as applicable).

16. EQUIPMENT

- 16.1 The risk in all Concessionaire Property shall be with the Concessionaire at all times.
- 16.2 The Concessionaire shall ensure that all Concessionaire Property meets all minimum safety standards required from time to time by law.
- 16.3 The Concessionaire acknowledges that there may be certain equipment already installed at each Site to facilitate the power supply ("**Existing Equipment**"). The Awarding Authority makes no warranties regarding the suitability or fitness for purpose of the Existing Equipment and hereby excludes all warranties that may be implied by statute or otherwise. The Concessionaire shall be responsible for the Existing Equipment during the Call-Off Term including responsibility for all obligations owed to the relevant electricity distribution network operator in respect of the Existing Equipment. The parties acknowledge that the exclusion of liability in this Clause 16.3 is

reasonable on the basis that the Existing Equipment will be provided free of charge.

16.4 Ownership of the Concessionaire Equipment

16.4.1 Subject to Clause 16.4.3, ownership of the Concessionaire Equipment shall at all times during the Call-Off Term remain vested in the Concessionaire free from all encumbrances and the Concessionaire shall not charge, transfer, dispose of or otherwise alienate its interest or permit any interest or other encumbrance to be created in or over the Concessionaire Equipment or any part of it.

16.4.2 Without prejudice to Clause 16.4.1, and subject to Clause 16.4.3, the Concessionaire shall:

16.4.2.1 as part of any Proposal submitted pursuant to this Agreement provide to the Awarding Authority a certificate signed by a statutory director confirming that ownership of the Concessionaire Equipment is (or will at the Go-Live Date be) vested in the Concessionaire free from all encumbrances; and

16.4.2.2 on the date of the actual Go-Live Date and each anniversary of the actual Go-Live Date provide to the Awarding Authority a further certificate signed by a statutory director confirming that ownership of the Concessionaire Equipment continues to be vested in the Concessionaire free from all encumbrances,

except to the extent that (and the certificate states that) the Concessionaire Equipment is owned by (or is subject to an encumbrance in favour of) a Third Party Owner who has entered into (or in accordance with Clause 16.4.3.2, will enter into) a Third Party Direct Agreement. Any failure to provide such certificate or the provision of an inaccurate certificate will be a material breach of this Agreement and the applicable Call-Off Contract.

16.4.3 If the Concessionaire's business model involves ownership of any Concessionaire Equipment being vested in a third party or any charge or any other encumbrance whatsoever being created over any Concessionaire Equipment in favour of a third party (in each case a "**Third Party Owner**"):

16.4.3.1 the Concessionaire shall disclose this to the Awarding Authority:

(a) in any Proposal which it makes in response to a Request Form; or

(b) (where the proposed third party interest arises after the Call-Off Contract is entered into) prior

to any disposal of, or other creation of any third party interest in, the Concessionaire Equipment; and

16.4.3.2 it shall be a condition of:

- (a) the award of the relevant Call-Off Contract; and/or
- (b) agreement by the Awarding Authority to a subsequent disposal of, or other creation of any third party interest in, the Concessionaire Equipment,

that the Concessionaire procures the delivery to the Awarding Authority of a direct agreement executed by the Third Party Owner on terms reasonably acceptable to the Awarding Authority including the right for the Awarding Authority (or its nominee) to continue to use and/or purchase the Concessionaire Equipment on the expiry or earlier termination of the Call-Off Contract on the basis, and in the circumstances, described in Clause 29 of this Agreement (“**Third Party Direct Agreement**”).

17. QUALITY AND BEST VALUE

The Concessionaire acknowledges that the Contracting Authority and each Awarding Authority is a best value authority for the purposes of the Local Government Act 1999 and as such the Contracting Authority and each Awarding Authority is required to make arrangements to secure continuous improvement in the way it exercises its functions, (having regard to a combination of economy, efficiency and effectiveness), and as such, the Concessionaire shall, where reasonably requested by the Contracting Authority and/or an Awarding Authority (as applicable), participate in any relevant best value review.

18. RECORDS, AUDIT AND INSPECTION

18.1 The Concessionaire shall, and shall procure that its sub-contractors shall:

18.1.1 maintain a complete and correct set of records pertaining to all activities relating to the performance of the Services and the Concessionaire’s obligations under this Agreement and the relevant Call-Off Contract and all transactions entered into by the Concessionaire for the purposes of this Agreement and the relevant Call-Off Contract including without limitation all records needed to evidence and calculate:

18.1.1.1 the Turnover Charge under each Call-Off-Contract; and

18.1.1.2 the Concessionaire’s performance in respect of the Service Levels,

(**“Records”**); and

18.1.2 retain all Records during the Term and Call-Off Term and for a period of not less than six (6) years (or such longer period as may be required by law), except Records containing Personal Data (as defined in section 1(1) of the Data Protection Act 1998) which shall only be retained for as long as necessary following termination or expiry of this Agreement or relevant Call-Off Contract (**“Retention Period”**).

18.2 The Awarding Authority and any person nominated by the Awarding Authority has the right to audit any and all Records at any time during the Retention Period on giving to the Concessionaire what the Awarding Authority considers to be reasonable notice (whether in writing or verbally) and at any reasonable time to inspect any aspect of the Concessionaire’s performance of the Services (including compliance with Clause 14.1 and performance against the Service Levels and the accuracy of Management Information Data). The Concessionaire shall give all reasonable assistance to the Awarding Authority or its nominee in conducting such inspection, including making available documents and staff for interview.

18.3 The Concessionaire acknowledges:

18.3.1 that the Awarding Authority will be dependent on the Concessionaire for comprehensive and accurate reporting of the Concessionaire’s performance against the Service Levels; and

18.3.2 it will therefore be reasonable for the Awarding Authority to undertake spot checks on the accuracy of the Concessionaire’s Service Level reporting and accuracy of Management Information Data with little or no advance notice.

19. SET-OFF

All damages, costs, charges, expenses, debts, sums or other amounts owing (contingently or otherwise) to or incurred by the Awarding Authority arising out of or attributable to a Call-Off Contract may be deducted by the Awarding Authority from monies due or which may become due to the Concessionaire under the Call-Off Contract.

20. INDEMNITY AND LIMITATIONS OF LIABILITY

20.1 Subject to Clauses 20.2.1, 20.3, 20.4, 20.5, 20.6, 20.7, 20.8 and 20.9 the Concessionaire is responsible for and shall indemnify, keep indemnified and hold harmless the Awarding Authority and the other members of the Awarding Authority Group (including their respective employees, sub-contractors and agents) (**“the Indemnified Party”**) against all Losses which the Indemnified Party incurs or suffers as a consequence of any breach (whether caused by the Concessionaire or any of its employees, agents or sub-contractors) or any negligent performance of this Agreement or any relevant Call-Off Contract or Site Agreement by the Concessionaire (or any

of its employees, agents or sub-contractors) (including in each case any non-performance or delay in performance of this Agreement or any relevant Call-Off Contract or Site Agreement) or of any breach of statutory duty, misrepresentation or misstatement by the Concessionaire (or any of its employees, agents or sub-contractors).

20.2 It is agreed that:

20.2.1 the Concessionaire is not responsible for and shall not indemnify the Awarding Authority (or any other member of the Awarding Authority Group) for any Losses to the extent that such Losses are caused by any breach or negligent performance of any of its obligations under this Agreement or Call-Off Contract or Site Agreement by the Awarding Authority and/or any other member of the Awarding Authority Group including by any of their respective employees, agents or sub-contractors; and

20.2.2 neither the Contracting Authority nor the Awarding Authority (as the case may be) shall be responsible for and shall not indemnify the Concessionaire for any Losses to the extent that Losses are caused by any breach or negligent performance of any of its obligations under this Agreement or a Call-Off Contract or Site Agreement by the Concessionaire (including by any of its respective employees, agents or sub-contractors).

20.3 Subject to Clauses 20.7, 20.8 and 20.9, the Concessionaire's maximum aggregate liability arising out of or in connection with a Call-Off Contract, whether in contract, tort, misrepresentation, restitution, under statute or otherwise, including any liability arising from a breach of, or a failure to perform or defect or delay in performance of, any of the Concessionaire's obligations under such Call-Off Contract, in each case howsoever caused will be limited to an amount equal to the higher of:

20.3.1 £200,000 (Two Hundred Thousand Pounds Sterling); and

20.3.2 "£A" calculated as follows:

$$\text{£A} = \text{TSC} \times 2$$

where:

TSC means the aggregate of the Site Charges payable across all Sites associated with the relevant Call-Off Contract for the duration of the Call-Off Term.

For example: for a Call-Off Contract where there are 2 Sites (A and B) with an annual Site Charge of Site A: £10,000 and Site B: £2,000, and a Call-Off Term of 9 years and 6 months, $\text{TSC} = £10,000 \times 9.5 + £2,000 \times 9.5$).

- 20.4 Subject to Clauses 20.7, 20.8 and 20.9, the maximum aggregate liability of each of the Contracting Authority and the Concessionaire arising out of or in connection with this Agreement (excluding, for these purposes, any liability arising out of or in connection with any Call-Off Contract), whether in contract, tort, misrepresentation, restitution, under statute or otherwise, including any liability arising from a breach of, or a failure to perform or defect or delay in performance of, any of their obligations under this Agreement shall not exceed £100,000 (One Hundred Thousand Pounds Sterling). For the avoidance of doubt, nothing in this Clause 20.4 shall limit the liability of the Concessionaire under a Call-Off Contract or Site Agreement.
- 20.5 Subject always to Clauses 20.6, 20.7, 20.8 and 20.9, none of the Contracting Authority, the Awarding Authority nor the Concessionaire will have any liability to any other party in respect of:
- 20.5.1 loss of profit (whether direct, indirect or consequential);
 - 20.5.2 loss of goodwill, loss of reputation or loss of opportunity (in each case whether direct, indirect or consequential);
 - 20.5.3 loss of anticipated savings or loss of margin (in each case whether direct, indirect or consequential);
 - 20.5.4 loss of bargain (whether direct, indirect or consequential);
 - 20.5.5 liability to third parties (whether direct, indirect or consequential), except as explicitly provided in Clauses 5.5 and 29.4.2.4; or
 - 20.5.6 indirect, consequential or special loss.
- 20.6 Clause 20.5 will not exclude or limit any liability of the Concessionaire to an Awarding Authority in respect of:
- 20.6.1 additional costs and expenses incurred by the Awarding Authority during the period of not more than two (2) years following termination of a Call-Off Contract in procuring and/or implementing alternative or replacement services for the Services including the additional cost of management time, other personnel costs, the costs of equipment, materials and software and the costs and expenses of transferring all or part of the Services to the Awarding Authority or a third party following termination of a Call-Off Contract; or
 - 20.6.2 loss of Future Site Charges.
- 20.7 Nothing in this Agreement or any Call-Off Contract will operate to exclude or restrict one party's liability (if any) to another:
- 20.7.1 for death or personal injury resulting from its negligence or the negligence of a person for whom it is vicariously liable (negligence being as defined in Section 1(1) Unfair Contract Terms Act 1977);

- 20.7.2 for its fraud or fraudulent misrepresentation or fraud or fraudulent misrepresentation by a person for whom it is vicariously liable; or
- 20.7.3 for any matter for which it is not permitted by law to exclude or limit, or to attempt to exclude or limit, its liability.

Any liability of the Concessionaire or Contracting Authority which falls within this Clause 20.7 will not be taken into account in assessing whether the financial limit in Clause 20.3 or Clause 20.4 (as applicable) has been reached.

20.8 Without prejudice to Clause 20.7 above, nothing in this Agreement or any Call-Off Contract will operate to exclude or restrict the Concessionaire's liability:

20.8.1 in respect of any claim or proceedings made, brought or threatened against the Contracting Authority and/or Awarding Authority (or other member of the Awarding Authority Group) by any person, including in respect of:

20.8.1.1 any death or personal injury or loss of or damage to property; or

20.8.1.2 the actual or alleged infringement of a third party's Intellectual Property Rights;

20.8.2 under the indemnity contained in Clause 10.5;

20.8.3 for any breach of Clause 14 (Compliance with Policies and Law);

20.8.4 for any breach of Clause 15 (Corrupt Gifts and Payment of Commission);

20.8.5 for any breach of Clause 23.1 (Intellectual Property Rights);

20.8.6 for any breach of Clause 24 (Privacy and Data Protection);

20.8.7 for any breach of Clause 25 (Confidentiality and Announcements);

20.8.8 for any breach of Clause 26 (Freedom of Information and Transparency);

20.8.9 under the indemnities contained in Clause CA20 (Transfer of Employees on Expiry or Termination) of Part 2 to Attachment 2 of Schedule 6 to any relevant Call-Off Contract;

20.8.10 under the indemnity contained in Clause CA27.3 (Waste Electrical and Electronic Equipment Regulations) of Part 2 to Attachment 2 of Schedule 6 to any relevant Call-Off Contract;

20.8.11 for any failure by it to pay the Removal and Clean Up Costs to the Awarding Authority in accordance with Clause 29.3.4 (where applicable); and

20.8.12 any Losses suffered by the Awarding Authority as a result of any breach by the Concessionaire of its obligations under Clauses 29.4.2 and 29.4.3 (where they apply).

Any liability of the Concessionaire which falls within this Clause 20.8 will not be taken into account in assessing whether the financial limit in Clause 20.3 or Clause 20.4 has been reached.

20.9 Without prejudice to Clause 20.7 above, nothing in this Agreement or any Call-Off Contract will operate to exclude or restrict one party's liability to another under a Site Agreement.

20.10 Mitigation of losses and handling of claims

20.10.1 Each of the Contracting Authority and Awarding Authority (as applicable) agree to use its reasonable endeavours to mitigate:

20.10.1.1 the consequences to it of any breach by the Concessionaire of this Agreement or any Call-Off Contract (as applicable) and the Losses it may claim as a result of that breach; and

20.10.1.2 the Losses it may claim under any indemnity contained in this Agreement or any Call-Off Contract (as applicable) where circumstances have arisen giving the Contracting Authority or the Awarding Authority (as applicable) a right to bring a claim against the Concessionaire under any such indemnity,

provided that this will not in any way restrict or reduce any obligation to mitigate loss or damage which may exist at common law.

20.10.2 The Concessionaire agrees to use its reasonable endeavours to mitigate:

20.10.2.1 the consequences to it of any breach by:

- (a) the Contracting Authority of this Agreement; or
 - (b) the Awarding Authority of any Call-Off Contract,
- and the losses it may claim as a result of that breach; and

20.10.2.2 the losses it may claim from an Awarding Authority under any indemnity contained in this Agreement or a relevant Call-Off Contract where circumstances have arisen giving the Concessionaire a right to bring a claim against the Awarding Authority under any such indemnity,

provided that this will not in any way restrict or reduce any obligation to mitigate loss or damage which may exist at common law.

20.10.3 In the event that a third party (a “**Claimant**”) brings (or threatens to bring) a claim (a “**Relevant Claim**”) against Awarding Authority in respect of a matter which is the subject of an indemnity in favour of the Awarding Authority in this Agreement or a Call-Off Contract, the Awarding Authority shall use its reasonable endeavours to persuade the Claimant to:

20.10.3.1 withdraw the Relevant Claim against the Awarding Authority; and

20.10.3.2 bring the relevant claim against the Concessionaire in place of the Awarding Authority.

20.11 Implications of a liability cap being reached under a Call-Off Contract or any Parent Company Guarantee

20.11.1 If at any time the aggregate liability which the Concessionaire has to the Awarding Authority under a Call-Off Contract and which is subject to the Relevant Call-Off Cap, exceeds ninety per cent (90%) of the Relevant Call-Off Cap (the amount of such aggregate liability being the “**Utilised Call-Off Cap Amount**”) then:

20.11.1.1 the Awarding Authority shall be entitled on notice in writing to terminate the relevant Call-Off Contract, subject to Clause 20.11.1.2;

20.11.1.2 a notice under Clause 20.11.1.1 shall not take effect if within 14 days from the date of such notice, the Concessionaire irrevocably agrees that the Relevant Call-Off Cap is increased by the Call-Off Cap Reset Amount and provided that:

(a) this Clause may be invoked by the Concessionaire on each occasion that the aggregate liability which the Concessionaire has to the Awarding Authority under a Call-Off Contract exceeds ninety per cent (90%) of the Relevant Call-Off Cap; and

(b) in the case of any increase to the Relevant Call-Off Cap pursuant to this Clause 20.11.1 any accrued liability shall continue to be counted for the purposes of determining whether, following such increase, ninety per cent (90%) of the Relevant Call-Off Cap has been exceeded pursuant to this Clause 20.11.1.

20.11.2 If at any time the aggregate liability which a Call-Off Guarantor has to the Awarding Authority under a Parent Company Guarantee exceeds ninety per cent (90%) of the Relevant PCG Cap (the amount of such aggregate liability being the “**Utilised PCG Cap Amount**”) then:

20.11.2.1 the Awarding Authority shall be entitled on notice in writing to terminate the relevant Call-Off Contract, subject to Clause 20.11.2.2;

20.11.2.2 a notice under Clause 20.11.2.1 shall not take effect if within 14 days from the date of such notice, the Call-Off Guarantor irrevocably agrees that the Relevant PCG Cap is increased by the PCG Cap Reset Amount and provided that:

(a) this Clause may be invoked by the Call-Off Guarantor on each occasion that the aggregate liability which the Call-Off Guarantor has to the Awarding Authority under a Parent Company Guarantee exceeds ninety per cent (90%) of the Relevant PCG Cap; and

(b) in the case of any increase to the Relevant PCG Cap pursuant to this Clause 20.11.2 any accrued liability shall continue to be counted for the purposes of determining whether, following such increase, ninety per cent (90%) of the Relevant PCG Cap has been exceeded pursuant to this Clause 20.11.2.

20.11.3 If at the time that the Awarding Authority serves a notice under Clause 20.11.1.1 or 20.11.2.1 (as the case may be) any liability of the Concessionaire or Call-Off Guarantor (as applicable) to the Awarding Authority is not liquidated, then the Awarding Authority shall:

20.11.3.1 be entitled to make a reasonable estimate of the expected amount of the liability for the purpose of calculating the Concessionaire's or Call-Off Guarantor's aggregate liability (as applicable) at that time;

20.11.3.2 state the amount of the estimate and the basis on which it has been calculated in the notice; and

20.11.3.3 provide such further detail of the basis on which it has been calculated as the Concessionaire or Call-Off Guarantor (as applicable) may reasonably request.

20.11.4 For the purposes of this Clause 20:

20.11.4.1 **“Call-Off Cap Reset Amount”** means an amount equal to:

21.4 The Concessionaire warrants that nothing has or will be done or be omitted to be done which may result in any of the insurance policies set out in Clause 21.1 being or becoming void, voidable or unenforceable.

21.5 In the event that any of the Insurances are cancelled or not renewed, the Concessionaire shall immediately notify the Awarding Authority and shall at its own cost arrange alternative Insurances with an insurer or insurers acceptable to the Awarding Authority.

22. THE AWARDING AUTHORITY'S DATA

22.1 The Concessionaire acknowledges the Awarding Authority's ownership of Intellectual Property Rights which may subsist in the Awarding Authority's data. Where applicable, the Concessionaire shall not delete or remove any copyright notices contained within or relating to the Awarding Authority's data.

22.2 Where applicable, the Concessionaire and the Awarding Authority shall each take reasonable precautions (having regard to the nature of their other respective obligations under this Agreement and any relevant Call-Off Contract) to preserve the integrity of the Awarding Authority's data and to prevent any corruption or loss of the Awarding Authority's data.

23.1 The Concessionaire shall:

23.1.1 on commencement of a Call-Off Contract, deliver up to the Awarding Authority all operating instructions, specifications, software and any

other information necessary to install, operate and maintain the Concessionaire Equipment. This shall include sufficient interface information for the purpose of enabling, without further consent or permission from any person, the utilisation of the Charge Points with an Alternative Back Office System by direct connection between the Charge Point and the Alternative Back Office System without the requirement for that connection to be routed via the back office system of any third party **provided that**:

- 23.1.1.1 the Concessionaire shall not be required to include items necessary to maintain the Concessionaire Equipment to the extent that the Concessionaire's Exit Plan provides that a Maintenance Direct Agreement is entered into in respect of that Concessionaire's Equipment;
 - 23.1.1.2 where Clause 23.1.1.1 applies, the materials to be provided by the Concessionaire on commencement of the Call-Off Contract pursuant to this Clause 23.1.1 must include each Maintenance Direct Agreement duly completed by the Maintenance Provider; and
 - 23.1.1.3 it is acknowledged that a Maintenance Direct Agreement in respect of a Charge Point may provide for an interface to the Alternative Back Office System to be provided via a system operated by the Maintenance Provider rather than directly to the Charge Point; and
- 23.1.2 within twenty (20) Business Days of the actual Go-Live Date, supply to the Awarding Authority any replacement and/or additional materials for and to those referred to in Clause 23.1.1 such that they reflect the Concessionaire Equipment as installed, including a full set of as built drawings for each Site;

(the materials described in this Clause from time to time being the “**Operating Materials**”). A failure to comply with the requirements of this Clause 23.1 shall be a material breach of this Agreement and the applicable Call-Off Contract for the purposes of Clause 28.1.1 and may lead to the Concessionaire being excluded from Mini-Competitions pursuant to Clause 3.3.

23.2 Subject always to Clause 23.3, the Concessionaire hereby grants to the Awarding Authority and/or shall procure that the Awarding Authority is granted a perpetual, irrevocable, royalty-free, sub-licensable and transferable licence to use the Operating Materials for the purpose of operating, maintaining and/or removing the Concessionaire Equipment following expiry or termination of a Call-Off Contract.

23.3 The Concessionaire shall not be required to deliver up or license to the Awarding Authority the Proprietary System or Proprietary Software or any part of it except to the extent (if any) required for the purpose of the provision and use of the interface information referred to in Clause 23.1.

23.4 The Concessionaire shall:

23.4.1 collect Management Information Data during the Call-Off Term for each Call-Off Contract and provide such Management Information Data to the Contracting Authority each Reporting Period in accordance with paragraph 1.6 of Schedule 3 (Service Levels). The Contracting Authority and each Awarding Authority shall be entitled to use such Management Information Data for the purpose of:

23.4.1.1 validating the Concessionaire’s performance of its obligations under the Call-Off Contract; and

23.4.1.2 understanding the actual and potential demand for services in the nature of the Services including for the purpose of planning future procurements; and

23.4.2 collect and provide Charge Point Data in real time to the Contracting Authority via such system as may be agreed between the Concessionaire and the Contracting Authority. The Concessionaire acknowledges that such Charge Point Data is not confidential and may be used by the Contracting Authority and made publically available for use by third parties in each case for any purpose and free of charge.

23.5 The Concessionaire acknowledges that:

23.5.1 a failure to collect and provide the Management Information Data and/or Charge Point Data pursuant to Clause 23.4 shall be a

material breach of this Agreement and the applicable Call-Off Contract for the purpose of Clause 28.1.1 and may lead to it being excluded from Mini-Competitions pursuant to Clause 3.3; and

23.5.2 without limiting any other rights they may have, any inaccurate reporting of Management Information Data by the Concessionaire which the Contracting Authority or any affected Awarding Authority (in each case, acting reasonably) considers to be deliberate shall be regarded as a material breach not capable of remedy for the purpose of Clause 28.1.1 (unless the Contracting Authority or the Awarding Authority, as the case may be, in its sole discretion elects to permit the Concessionaire to remedy the same).

23.6 The Concessionaire shall have no right (save where expressly permitted under the Call-Off Contract or with the Awarding Authority's prior written consent) to use any trademarks, trade names, logos or other Intellectual Property Rights of the Awarding Authority.

23.7 The Concessionaire shall ensure that all royalties, licence fees or similar expenses in respect of all Intellectual Property Rights used in connection with the Call-Off Contract (including those necessary to comply with the requirements of this Clause 23) have been paid.

24. PRIVACY AND DATA PROTECTION

The Concessionaire shall comply with all of its obligations under the Data Protection Act 1998 and, if Processing Personal Data (as such terms are defined in section 1(1) of that Act) on behalf of the Awarding Authority, shall only carry out such Processing for the purposes of carrying out its obligations in accordance with this Agreement and any relevant Call-Off Contract.

25. CONFIDENTIALITY AND ANNOUNCEMENTS

25.1 Subject to Clause 26, the Concessionaire will keep confidential:

25.1.1 the terms of this Agreement and all Call-Off Contracts; and

25.1.2 any and all Confidential Information that it may acquire in relation to the Contracting Authority and/or Awarding Authority.

25.2 The Concessionaire will not use the Confidential Information for any purpose other than to perform its obligations under this Agreement and any Call-Off Contract. The Concessionaire will ensure that its officers and employees comply with the provisions of Clause 25.1.

25.3 The obligations on the Concessionaire set out in Clause 25.1 will not apply to any Confidential Information which:

25.3.1 either of the Parties can demonstrate is in the public domain (other than as a result of a breach of this Clause 25); or

- 25.3.2 a Party is required to disclose by order of a court of competent jurisdiction but then only to the extent of such required disclosure; or
- 25.3.3 to the extent that such disclosure is to the Secretary of State for Transport (or the government department responsible for public transport in London for the time being), the Office of Rail and Road, or any person or body who has statutory responsibilities in relation to transport in London and their employees, agent and sub-contractors.
- 25.4 The Concessionaire shall keep secure all materials containing any information in relation to the Agreement or to any Call-Off Contract and its performance.
- 25.5 The Concessionaire shall not communicate with representatives of the general or technical press, radio, television or other communications media in relation to the existence of the Agreement or any Call-Off Contract or in relation to any matter under or arising from the Agreement or any Call-Off Contract unless specifically granted permission to do so in writing by the Contracting Authority or, in the case of a Call-Off Contract, the Awarding Authority. The Contracting Authority shall have the right to approve any announcement before it is made.
- 25.6 The provisions of this Clause 25 will survive any termination of this Agreement or Call-Off Contract for a period of six (6) years from termination.

26. FREEDOM OF INFORMATION AND TRANSPARENCY

- 26.1 For the purposes of this Clause 26:
- 26.1.1 **“FOI Legislation”** means the Freedom of Information Act 2000, all regulations made under it and the Environmental Information Regulations 2004 and any amendment or re-enactment of any of them; and any guidance or statutory codes of practice issued by the Information Commissioner, the Ministry for Justice, or the Department for Environment Food and Rural Affairs (including in each case its successors or assigns) in relation to such legislation;

- 26.3 Without prejudice to the generality of Clause 26.2, the Concessionaire shall and shall procure that its sub-contractors (if any) shall:

- 26.3.2 in relation to Information held by the Concessionaire on behalf of the Contracting Authority or Awarding Authority (as applicable), provide the Contracting Authority or Awarding Authority (as applicable) with details about and/or copies of all such Information that the Contracting Authority or Awarding Authority (as applicable) requests and such details and/or copies shall be provided within five (5) Business Days of a request (or such other period as the Contracting Authority or Awarding Authority may reasonably specify), and in such forms as the Contracting Authority or Awarding Authority may reasonably specify.
- 26.4 The Contracting Authority or Awarding Authority (as applicable) shall be responsible for determining whether Information is exempt information under the FOI Legislation and for determining what Information will be disclosed in response to an Information Access Request in accordance with the FOI Legislation.
- 26.5 The Concessionaire shall not itself respond to any person making an Information Access Request, save to acknowledge receipt, unless expressly authorised to do so by the Contracting Authority or Awarding Authority (as applicable).
- 26.6 The Concessionaire acknowledges that the Contracting Authority and/or Awarding Authority (as applicable) are subject to the Transparency Commitment. - 26.7 The Contracting Authority or Awarding Authority (as applicable) may in its absolute discretion redact all or part of the Contract Information prior to its publication. In so doing and in its absolute discretion the Contracting Authority or Awarding Authority (as applicable) may take account of the exemptions/exceptions that would be available in relation to information requested under the FOI Legislation.

- 26.8 The Contracting Authority or Awarding Authority (as applicable) may in its absolute discretion consult with the Concessionaire regarding any redactions to the Contract Information to be published pursuant to Clause 26.6. The Contracting Authority or Awarding Authority (as applicable) shall make the final decision regarding publication and/or redaction of the Contract Information.

27. DISPUTE RESOLUTION

- 27.1 Any dispute or difference arising out of or related to this Agreement or a Call-Off Contract shall be referred to as a "**Dispute**". Each of the Disputing Parties shall use all reasonable endeavours to negotiate in good faith and settle any Dispute.
- 27.2 Notwithstanding any other provision of this Clause 27, where the Dispute under a Call-Off Contract concerns "construction operations" as defined in Section 105 of the Housing Grants, Construction and Regeneration Act 1996 (as amended) either Disputing Party may by notice in writing (the "**Notice of Adjudication**") refer that Dispute to adjudication at any time and the Scheme for Construction Contracts (as amended) shall apply subject to the following amendments:

refer the Dispute in writing to a director or chief executive (or equivalent) ("**Senior Personnel**") of each of the Disputing Parties for resolution.

- 27.4 If the Dispute is not resolved within fourteen (14) Business Days of referral to the Senior Personnel, the Disputing Parties shall attempt in good faith to resolve the Dispute through entry into a structured mediation or negotiation with the assistance of a mediator. Either Disputing Party may give notice to the other Disputing Party ("**Notice**") to commence such process and the Notice shall identify one or more proposed mediators.
- 27.5 If the Disputing Parties are unable to agree on a mediator, or if the agreed mediator is unable or unwilling to act within twenty eight (28) Business Days of the service of the Notice, either Disputing Party may apply to the Centre for Effective Dispute Resolution ("**CEDR**") in London to appoint a mediator. The costs of that mediator shall be divided equally between the Disputing Parties or as the Disputing Parties may otherwise agree in writing.

- 27.7 If the Disputing Parties reach agreement on the resolution of the Dispute, such agreement shall be recorded in writing and once signed by the Disputing Parties' authorised representatives, shall be final and binding on the Disputing Parties.
- 27.8 Where the Dispute does not relate to "construction operations" as defined in Section 105 the Housing Grants, Construction and Regeneration Act 1996 (as amended), if either Disputing Party refuses at any time to participate in the mediation procedure and in any event if the Disputing Parties fail to reach agreement on the Dispute within forty (40) Business Days of the service of the Notice either Disputing Party may commence proceedings in accordance with Clause 41 (Governing Law).

Court proceedings may not be commenced unless this notification is given within six (6) weeks of the notification of the adjudicator's decision; and

28. BREACH AND TERMINATION OF AGREEMENT

- 28.1 Without prejudice to any right to terminate at common law, the Contracting Authority may terminate this Agreement and the Awarding Authority may terminate any Call-Off Contract (and its related Site Agreement(s)) by giving notice to the Concessionaire (specifying that such termination will have immediate effect or otherwise stating the date on which such termination shall take effect) if:

28.1.1 in addition and without prejudice to Clauses 28.1.2 to 28.1.8 (inclusive), the Concessionaire has committed any material or persistent breach of this Agreement (in the case of the Contracting Authority) or Call-Off Contract or any related Site Agreement (in the case of the Awarding Authority) and in the case of such a breach that is capable of remedy fails to remedy that breach within thirty (30) calendar days (or such other timeframe as specified in writing by the Contracting Authority or Awarding Authority, as applicable) from the date of written notice to the Concessionaire giving details of the breach and requiring it to be remedied; or

28.1.2 the Concessionaire fails to meet the Go-Live Date in the Call-Off Contract, save for where a delay is caused by:

28.1.2.1 a failure by the Awarding Authority to perform its obligations pursuant to the Call-Off Contract (including where an approval has been unreasonably withheld or delayed), except where such failure by the Awarding Authority to perform its obligations is caused by any act or omission of the Concessionaire (or its employees, agents or sub-contractors); or

28.1.2.2 a Go-Live Delay Event,

in which case time shall be extended for a period equal to the delay caused by the Awarding Authority or the Go-Live Delay Event **provided always** that the Concessionaire has used and continues to use its reasonable endeavours to mitigate and/or resolve the Go-Live Delay Event and shall provide regular updates to the Awarding Authority on the actions being taken by it in such regard; or

28.1.3 the Concessionaire is subject to an Insolvency Event; or

- 28.1.4 in accordance with Clause 11.3 if there is a change of ownership or if the Concessionaire is in breach of Clause 11.3; or
 - 28.1.5 if the Concessionaire fails to meet any of the Acceptable Service Levels in three (3) consecutive Reporting Periods; or
 - 28.1.6 the Contracting Authority or the Awarding Authority (as applicable) is not satisfied (acting reasonably) on the issue of any conflict of interest in accordance with Clause 12; or
 - 28.1.7 the Concessionaire or any of its officers, employees or agents commits any act of bribery described in the Bribery Act 2010 in respect of or otherwise in connection with this Agreement or any Call-Off Contract or related Site Agreement; or
 - 28.1.8 the Concessionaire commits any of the offences listed in Regulation 38 (mandatory exclusions) of the Concessions Contracts Regulations 2016; or
 - 28.1.9 the Concessionaire has abandoned or otherwise repudiated the Call-Off Contract; or
 - 28.1.10 notice is served under Clause 20.11.1.1 and Clause 20.11.1.2 does not apply; or
 - 28.1.11 notice is served under Clause 20.11.2.1 and Clause 20.11.2.2 does not apply; or
 - 28.1.12 the average price per kilowatt hour (kWh) charged to Customers for use of Charge Points on a PAYG Basis pursuant to a Call-Off Contract is greater than the PAYG Average Price which is specified in Part 2 of Attachment 4 to the relevant Call-Off Contract (or, as applicable, such increased PAYG Average Price as may be permitted in accordance with clause 6.2 of the relevant Call-Off Contract) in any four (4) Reporting Periods during any twelve (12) month period during the applicable Call-Off Term.
- 28.2 Without prejudice to any right to terminate at common law, the Contracting Authority may terminate this Agreement immediately upon giving notice to the Concessionaire if an Awarding Authority terminates any Call-Off Contract (and its related Site Agreement(s)) pursuant to Clause 28.1. For the avoidance of doubt this Clause 28.2 shall not entitle an Awarding Authority to terminate any other Call-Off Contract (or any Site Agreement which is not related to the terminated Call-Off Contract) on the grounds that the Contracting Authority has exercised its right to terminate this Agreement.
- 28.3 Without prejudice to any rights or remedies under the Agreement (which includes for this purpose, the relevant Call-Off Contract) or at common law, the parties agree that where a Site Agreement terminates in respect of individual Site(s) in accordance with its terms:

- 28.3.1 the Call-Off Contract will continue in respect of any remaining Site(s) under the terms of the Call-Off Contract and surviving Site Agreement(s); and
- 28.3.2 unless otherwise agreed between the Awarding Authority and the Concessionaire, the Awarding Authority shall have the same rights and the Concessionaire shall have the same obligations in respect of that Site and the Concessionaire Equipment relevant to that Site as if the termination of the Site Agreement was a termination of the relevant Call-Off Contract and the terms of this Agreement and the Call-Off Contract shall be interpreted accordingly (*mutatis mutandis*).
- 28.4 Without prejudice to any of the Contracting Authority's and/or the Awarding Authority's other rights, powers or remedies (whether under this Agreement, a relevant Call-Off Contract or otherwise) if the Concessionaire is in breach of any of its warranties and/or obligations under Clause 8 and/or any of its other obligations in respect of the Services under this Agreement or a Call-Off Contract, the Concessionaire shall, if required to do so by the Contracting Authority and/or Awarding Authority, promptly remedy the Services or part of them at its own expense to ensure compliance with such warranties and/or obligations.
- 28.5 Force Majeure Events
- 28.5.1 Neither Party shall be deemed to be in breach of the relevant Call-Off Contract, or otherwise liable to the other Party to that Call-Off Contract in any manner whatsoever, for any failure or delay in performing its obligations under the relevant Call-Off Contract to the extent that such failure or delay is due to a Force Majeure Event.
- 28.5.2 If a Force Majeure Event occurs, the Party affected will:
- 28.5.2.1 promptly upon becoming aware of the Force Majeure Event give the other Party written notice of the occurrence, anticipated duration and impact of the Force Majeure Event;
- 28.5.2.2 use reasonable endeavours to mitigate the effects of the Force Majeure Event, to continue to perform the affected obligations notwithstanding the occurrence of the Force Majeure Event and to ensure that the Force Majeure Event comes to an end; and
- 28.5.2.3 continue to perform all of its obligations under the relevant Call-Off Contract, the performance of which are not affected by the Force Majeure Event.
- 28.5.3 If a Force Majeure Event has continued for more than eight (8) weeks from the date on which that Force Majeure Event first arose and:

28.5.3.1 is having a material adverse effect on either Party's performance of its obligations under the relevant Call-Off Contract ("**the Affected Party**"); and

28.5.3.2 in the case of a Force Majeure Event affecting the Concessionaire, in the opinion of the Awarding Authority (acting reasonably) the occurrence of such Force Majeure Event would not prevent the Services from being capable of being provided by the Awarding Authority or a replacement concessionaire or service provider,

then for as long as such Force Majeure Event continues and has that effect, the Party not affected by such Force Majeure Event ("**Innocent Party**") may terminate the Call-Off Contract (and its related Site Agreement(s)) immediately upon giving notice to the Affected Party. If the Call-Off Contract and its related Site Agreements are terminated in accordance with this Clause 28.5.3 then without prejudice to any rights and liabilities which accrued prior to termination the Affected Party shall not be liable to the Innocent Party by reason of such termination.

28.6 Termination by the Awarding Authority on notice

28.6.1 Without prejudice to the Contracting Authority's right to terminate this Agreement or the Awarding Authority's right to terminate a Call-Off Contract (and its related Site Agreement(s)) under Clause 28.1 or to terminate at common law, the Contracting Authority may terminate this Agreement or the Awarding Authority may terminate any Call-Off Contract (and its related Site Agreement(s)) at any time without cause subject to giving the Concessionaire six (6) months' written notice.

28.6.2 Without prejudice to Clause 29, if the Awarding Authority exercises its right to terminate a Call-Off Contract (and its related Site Agreement(s)) in accordance with Clause 28.6.1 then the Awarding Authority shall pay to the Concessionaire an amount equal to the aggregate of:

28.6.2.1 the unamortised capital and installation costs reasonably, properly and demonstrably incurred by the Concessionaire solely in performing its obligations under the Call-Off Contract (but only to the extent that the same would have been amortised over the remainder of the Call-Off Term and the Awarding Authority shall have no obligation to pay any such costs to the extent the same were to be amortised over a period following the end of the Call-Off Term);

28.6.2.2 any contractual breakage costs reasonably, properly and demonstrably incurred by the Concessionaire under any supply contracts entered into by the Concessionaire in

order to perform the Services and provided such breakage costs arise as a direct result of the termination of the Call-Off Contract by the Awarding Authority in accordance with Clause 28.6.1; and

28.6.2.3 any other costs reasonably, properly and demonstrably incurred by the Concessionaire solely in performing its obligations under the Call-Off Contract, which (and to the extent) the Concessionaire is able to demonstrate to the reasonable satisfaction of the Awarding Authority will have been wasted as a direct result of the termination of the Call-Off Contract by the Awarding Authority in accordance with Clause 28.6.1 **provided that:**

- (a) where any cost has been incurred by the Concessionaire partly in connection with the performance of the Call-Off Contract and partly for the purpose of performing other Call-Off Contracts (but for no other purpose), a reasonable proportion (having regard to the respective size and nature of each Call-Off Contract) of the costs associated with the Call-Off Contract which is being terminated will be treated for this purpose as if it had been incurred solely for the purpose of the performance of that Call-Off Contract;
- (b) “other costs” for these purposes shall not include any share of overhead, general management and/or administration costs of the Concessionaire nor any loss of profit, loss of goodwill, loss of savings, or loss of margin; and
- (c) in considering whether any cost is “wasted” consideration shall be given, without limitation, to the period of the Call-Off Term which has elapsed, and the revenues which have been recovered by the Concessionaire in connection with the Call-Off Contract, in each case prior to the termination and the extent to which the Concessionaire is able to demonstrate that it was expecting to recover those costs over the Call-Off Term;

provided always that:

28.6.2.4 the Concessionaire shall promptly notify the Awarding Authority of the amounts (if any) described in Clauses 28.6.2.1, 28.6.2.2 and 28.6.2.3, together with supporting information to evidence the amounts claimed, and provide to the Awarding Authority such further information and/or

evidence as the Awarding Authority may reasonably require. Where the Awarding Authority is contemplating the exercise of its rights under Clause 28.6.1 and prior to the service of notice under that Clause, it shall be entitled to request the Concessionaire to provide the information referred to in this Clause 28.6.2.4;

28.6.2.5 the Awarding Authority shall not be obliged to make any payment under this Clause 28.6.2 until such time as the requested information and/or evidence has been provided by the Concessionaire;

28.6.2.6 if, at the time the Awarding Authority's notice is given under Clause 28.6.1 or during the period between that notice being given and the termination date, circumstances exist which would have entitled the Awarding Authority to terminate the relevant Call-Off Contract in accordance with Clauses 28.1 or 28.5 had such notice not already been given (whether or not the Awarding Authority is aware of those circumstances), the Awarding Authority will not be required to pay the Concessionaire pursuant to this Clause 28.6.2. If the Awarding Authority pays the Concessionaire pursuant to this Clause 28.6.2 in circumstances where, in accordance with this Clause 28.6.2.6, that payment was not required, the Concessionaire will refund that payment to the Awarding Authority on demand; and

28.6.2.7 payment by the Awarding Authority in accordance with this Clause 28.6.2 will be in full and final settlement of any liability which the Awarding Authority may have to the Concessionaire as a consequence of or arising out of the exercise of the Authority's rights under Clause 28.6.1.

28.7 Request by Concessionaire to remove a Site from the scope of a Call-Off Contract

If in respect of a Site:

28.7.1 there has been a change in circumstances beyond the control of the Concessionaire relating specifically to that Site;

28.7.2 as a direct result of that change in circumstances, that Site has ceased to be economically viable for the Concessionaire as a result of a shortfall in revenue relating specifically to that Site and/or an increase in costs associated specifically with that Site (in each case when compared to those projected by the Concessionaire at the time of its Proposal for the relevant Call-Off Contract;

28.7.3 the Concessionaire gives written notice to the Awarding Authority that the Concessionaire wishes to remove the Site from the scope of

the relevant Call-Off Contract together with information evidencing the change in circumstances, the change in the revenues of and/or costs to the Concessionaire, and that the Site has as a direct result ceased to be economically viable. (For this purpose, and for the avoidance of doubt, if the Concessionaire's costs associated with the Site already (prior to the change of circumstances) exceeded its revenues associated with the Site, then the position must have worsened as a direct result of the identified change of circumstances for the Site to be regarded as having ceased to be economically viable for this purpose); and

- 28.7.4 the Concessionaire has provided such further information as the Awarding Authority may have reasonably requested in order to be satisfied (acting reasonably) that the conditions in Clauses 28.7.1 - 28.7.3 (inclusive) have been met,

then the Awarding Authority may (in its absolute discretion) agree to the removal of the Site from the scope of the Call-Off Contract from such time as the Awarding Authority is satisfied for the purposes and in accordance with this Clause 28.7 that the Site will cease to be economically viable (the "**Early Cessation Date**") provided that if the Awarding Authority so agrees (and without in any way limiting its discretion as to whether or not to agree):

- 28.7.5 the Awarding Authority's agreement shall be conditional on payment by the Concessionaire of:

28.7.5.1 any and all sums payable by the Concessionaire under or in respect of the Call-Off Contract in respect of the period up to the Early Cessation Date; and

28.7.5.2 seventy five per cent (75%) of the Future Site Charges ;
and

- 28.7.6 subject to Clause 28.7.5, such removal shall be treated in the same way as a removal of a Site pursuant to Clause 28.3.

29. Consequences of Termination or Expiry

- 29.1 Notwithstanding the provisions of Clause 25, wherever the Awarding Authority chooses to put out to tender for a replacement concessionaire or other service provider for some or all of the Services, the Concessionaire shall disclose to tenderers such information concerning the Services as the Awarding Authority may require for the purposes of such tender. The Concessionaire may impose upon any recipient of such information such obligations of confidentiality as it may reasonably require.

- 29.2 The termination or expiry of this Agreement and/or any Call-Off Contract shall not prejudice or affect any right, power or remedy which has accrued or shall accrue to a Party prior to or after such termination or expiry.

29.3 Upon expiry or termination of a Call-Off Contract (howsoever caused) the Concessionaire shall, at no further cost to the Contracting Authority or Awarding Authority:

29.3.1 take all such steps as shall be necessary to agree with the Awarding Authority a plan for:

29.3.1.1 the orderly handover of Services to the Awarding Authority (or its nominee) to the extent that the Authority proposes to continue to provide or to procure the continued provision of any of the Services; and/or

29.3.1.2 the orderly discontinuance of the Services, to the extent that the Awarding Authority proposes to discontinue the provision of the Services,

such that the Services can be carried on or discontinued (as the case may be) with the minimum of interruption and inconvenience to the Awarding Authority and to customers and thereafter to effect such handover and discontinuance;

29.3.2 at all times comply with the provisions of Schedule 9 (Exit Plan) except in so far as it is inconsistent with any plan agreed pursuant to Clause 29.3.1;

29.3.3 on receipt of the Contracting Authority's (where it is this Agreement which has terminated or expired) or Awarding Authority's (where it is a Call-Off Contract which has terminated or expired) written instructions to do so (but not otherwise), arrange to remove all electronically held information provided by the Contracting Authority or Awarding Authority relating to the Agreement and/or Call-Off Contract (as applicable) by a date agreed by them (acting reasonably), including the purging of all disk-based information and the reformatting of all disks **provided that** nothing in this Clause shall require the Concessionaire to remove any information reasonably required to be retained by the Concessionaire for the purpose of:

29.3.3.1 complying with its obligations under this Agreement and any Call-Off Contract or to any third party (including customers) and evidencing that compliance; or

29.3.3.2 complying with any legal or accounting requirement and evidencing that compliance;

29.3.4 except where and to the extent the Awarding Authority serves notice under Clause 29.4, remove the Concessionaire Property and make good each of the Sites (complying with the terms (if any) of the Site Agreement dealing with the removal of Concessionaire Property following expiry or termination of the relevant Site Agreement or

otherwise with the reasonable requirements of the Awarding Authority in that respect). Where the Concessionaire fails to do so:

29.3.4.1 within ten (10) Business Days of termination or expiry (or such other period as the Awarding Authority and the Concessionaire may agree in writing); or

29.3.4.2 (where a Site is located on the highway) within the timeframe specified by the Awarding Authority (acting reasonably) in the applicable Request Form in respect of such Site,

then without prejudice to any of its other rights or remedies, the Awarding Authority may (upon seven (7) days prior notice) remove the Concessionaire Property and make good the Sites at the cost of the Concessionaire (payable by the Concessionaire on demand by the Awarding Authority) ("**Removal and Clean Up Costs**"). The Concessionaire authorises the Awarding Authority to dispose of or sell the Concessionaire Property as its agent and use the proceeds of sale (if any) towards the Removal and Clean Up Costs. If any such proceeds of sale exceed the Removal and Clean Up Costs, the balance shall be paid by the Awarding Authority to the Concessionaire;

29.3.5 where a relevant Site is located on the highway and Concessionaire Property is to be removed in accordance with Clause 29.3.4.2, the Concessionaire shall as soon as reasonably practicable notify the Awarding Authority of the date on which it proposes to remove the Concessionaire Property from such Site (such date to be within the timeframe specified by the Awarding Authority as referred to in Clause 29.3.4.2 above), and shall comply with any requirements the Awarding Authority may have in respect of such proposed date, the removal and the making good of such Site; and

29.3.6 the Concessionaire shall pay the Awarding Authority any Payments remaining due in accordance with the relevant Call-Off Contract up to the date of termination or expiry calculated so far as is possible in accordance with the rules set out in the Call-Off Contract or otherwise reasonably determined by the Awarding Authority.

29.4 **Continued use of Concessionaire Equipment following termination or expiry of a Call-Off Contract**

29.4.1 The Awarding Authority may:

29.4.1.1 not less than 3 months prior to the date on which the term of the Call-Off Contract is due to expire; or

29.4.1.2 with any notice of termination in respect of a Call-Off Contract served by the Awarding Authority pursuant to Clause 28.1, 28.5, or 30; or

29.4.1.3 within 20 Business Days of receipt of a notice of termination from the Concessionaire pursuant to Clause 28.5,

serve notice on the Concessionaire stating whether the Awarding Authority wishes to exercise the option (at its sole discretion):

29.4.1.4 to operate (or procure the operation by its nominee of) the Concessionaire Equipment located at the Sites relating to the Call-Off Contract (the “**Relevant Equipment**”) for a period of up to 3 months (the “**Temporary Operation Period**”) following the date of termination of the relevant Call-Off Contract (the “**Temporary Operation Notice**”), in which event Clause 29.4.2 shall apply; or

29.4.1.5 to purchase upon the date of termination of the Call-Off Contract any of the Concessionaire Equipment) located at the Sites relating to the Call-Off Contract (the “**Purchase Notice**”), in which event Clause 29.4.3 shall apply,

provided always that:

29.4.1.6 a Temporary Operation Notice may only be served where:

(a) the Awarding Authority has served notice under Clause 28.1.1 (but only in circumstances where the nature of the Concessionaire’s breach is such that the Awarding Authority (acting reasonably) considers that it is not appropriate (given the nature of the breach and all the circumstances) to continue to allow the Concessionaire to continue to provide the Services whilst the Awarding Authority seeks to secure the continued provision of the Services at the Site(s) itself or by a nominee), Clause 28.1.3, Clause 28.1.9, Clause 28.5 or Clause 30; or

(b) Clause 29.4.1.3 (termination by the Concessionaire under Clause 28.5) applies; and

29.4.1.7 if the Awarding Authority does not serve a Temporary Operation Notice or a Purchase Notice, then it will be deemed to have determined not to exercise the options to use the Concessionaire Equipment or purchase any of it on the expiry or termination of the Call-Off Contract.

29.4.2 Continued operation of the Concessionaire Equipment for the Temporary Operation Period

Where the Awarding Authority has served a Temporary Operation Notice the following shall apply:

- 29.4.2.1 the Awarding Authority and/or its nominee shall be entitled free of charge to use Relevant Equipment to continue to provide Services for the Temporary Operation Period;
- 29.4.2.2 responsibility for, and all risk associated with, any operation of Relevant Equipment during the Temporary Operation Period shall (subject to Clause 29.4.2.5) belong to the Awarding Authority (or its nominee);
- 29.4.2.3 the risk of loss and damage to the Relevant Equipment shall (subject to Clause 29.4.2.5) belong to the Awarding Authority during the Temporary Operation Period provided that the Awarding Authority shall (and shall procure that any nominee appointed in respect of the operation of the Relevant Equipment shall) exercise the same standard of care over the Relevant Equipment as a reasonable charge point operator would take over such equipment in its own operation, which shall be no lower standard than the Concessionaire is obliged to exercise pursuant to the Call-Off Contract;
- 29.4.2.4 subject to Clause 20.2.2, Clause 20.5 and Clause 29.4.2.5, the Awarding Authority shall indemnify the Concessionaire against costs (including legal costs and costs of enforcement), expenses, liabilities (including any tax liability) or damages, which the Concessionaire suffers or incurs in respect of any proceedings brought against the Concessionaire by any third party in respect of any death or personal injury or loss or damage to property to the extent that the same arises out of the possession or operation of the Relevant Equipment by the Awarding Authority (or its nominee) during the Temporary Operation Period provided that the Concessionaire shall use its reasonable endeavours to mitigate the consequences of any such third party proceedings and the costs, expenses, liabilities and damages which it may claim from the Awarding Authority pursuant to this Clause 29.4.2.4;
- 29.4.2.5 nothing in this Clause 29.4.2 shall relieve the Concessionaire from liability for (and the Awarding Authority shall not be required to indemnify the Concessionaire pursuant to Clause 29.4.2.4 in respect of any costs, expenses, liabilities or damages which arise directly or indirectly as a result of) any breach of the Call-Off Contract or other failure to properly maintain any

Concessionaire Equipment or other negligent act or omission by the Concessionaire prior to the termination of the Call-Off Contract;

- 29.4.2.6 for the avoidance of doubt, the continued presence of Relevant Equipment at a Site during the Temporary Operation Period in accordance with the requirements of this Clause 29.4.2 shall not constitute a breach by the Concessionaire of the applicable Site Agreement;
- 29.4.2.7 the Awarding Authority or its nominee shall be entitled to take reasonable steps to cover up any proprietary logos and/or branding on or around the Relevant Equipment and/or to apply additional notices or branding as reasonably necessary to reflect the identity of the operator during the Temporary Operation Period so that customers are clear about who is operating the Relevant Equipment during the Temporary Operation Period;
- 29.4.2.8 the Awarding Authority shall be entitled by service of notice on the Concessionaire at any time during the Temporary Operation Period to require the Temporary Operation Period to end on such earlier date as is specified in the notice;
- 29.4.2.9 the Awarding Authority shall be entitled by service of notice (the **“Delayed Purchase Notice”**) on the Concessionaire at any time during the Temporary Operation Period to exercise the option to purchase some or all of the Relevant Equipment in which case:
 - (a) Clause 29.4.3 shall apply as if the Delayed Purchase Notice was a Purchase Notice served under Clause 29.4.1.5 except that the date of purchase for the purpose of Clause 29.4.3.1 shall be the date stated in the Delayed Purchase Notice;
 - (b) the date of purchase may be earlier (but not later) than the end of the Temporary Operation Period, and, if earlier, the Temporary Operation Period will be deemed to have ended on the date of purchase; and
 - (c) the price of the Relevant Equipment shall continue to be determined in accordance with Clause 29.4.3.3 by reference to the date of termination of the Call-Off Contract; and
- 29.4.2.10 except to the extent that a Delayed Purchase Notice has been served by the Authority, at the end of the Temporary

Operation Period the provisions of Clauses 29.3.4 and 29.3.5 shall apply mutatis mutandis as if the end of the Temporary Operation Period was the date of termination of the Call-Off Contract.

29.4.3 Purchase of some or all of the Concessionaire Equipment

Where the Awarding Authority has served a Purchase Notice the following shall apply:

- 29.4.3.1 all right title and interest in and to that Concessionaire Equipment described in the notice (the “**Acquired Equipment**”) shall automatically vest in and transfer with full title guarantee to the Awarding Authority (or its nominee stated in the Purchase Notice) at the time and date of expiry or earlier termination (as applicable) of the Call-Off Contract;
- 29.4.3.2 the Concessionaire shall do or procure all acts and things necessary to ensure the vesting and transfer in accordance with Clause 29.4.3.1 and shall deliver the Acquired Equipment by leaving it at the Sites;
- 29.4.3.3 the purchase price for the Acquired Equipment shall be the lower (as at the date of the expiry or earlier termination Call-Off Contract) of: (a) the depreciated value of the Acquired Equipment (calculated in accordance with Clause 29.4.3.5 below); and (b) the fair market value for the Acquired Equipment as determined by the Awarding Authority acting reasonably. The Concessionaire may dispute the value determined by the Awarding Authority pursuant to this Clause 29.4.3.3 and the Parties to the Call-Off Contract will seek to resolve any such dispute in accordance with the dispute resolution procedure in Clause 27; and
- 29.4.3.4 risk in the Acquired Equipment shall pass to the Awarding Authority or its nominee at the point when title passes to it in accordance with Clause 29.4.3.1.
- 29.4.3.5 **Calculation of depreciated value of Concessionaire Equipment**
 - (a) The depreciated value of the Concessionaire Equipment shall be calculated in accordance with the following equation:

$$DVI = \frac{IVI}{DP} \times (DP - MSI)$$

where:

DVI = The depreciated value of the Concessionaire Equipment

IVI = The initial value of Concessionaire Equipment installed at the Site (which shall include, in addition to the unamortised capital value of such Concessionaire Equipment, such unamortised installation costs as are reasonably, properly and demonstrably incurred by the Concessionaire as a direct consequence of the installation of the relevant Concessionaire Equipment at the applicable Site(s)) (the “**Initial Value**”)

DP = The period of depreciation for the Concessionaire Equipment in months (which can be no longer than the duration of the applicable Call-Off Contract)

MSI = The number of months that have passed since the Concessionaire Equipment was installed

(b) Subject to Clause 29.4.3.5(c) below, the Concessionaire’s reasonable indicative Initial Value and the period of depreciation for the Concessionaire Equipment in months shall be confirmed by Concessionaire as part of (and be evidenced by and consistent with) its Proposal in connection with a Mini-Competition process, and be reflected as such in the relevant Call-Off Contract, **provided that:**

- (1) the Concessionaire shall within thirty (30) Business Days of the Go-Live Date provide a certificate to the Awarding Authority confirming the actual Initial Value, such certificate to be signed by a statutory director of the Concessionaire confirming its accuracy;
- (2) the Concessionaire shall provide the Awarding Authority with such further information and/or evidence as it may reasonably require in order to satisfy itself as to the accuracy of the actual

Initial Value set out in the certificate referred to in Clause 29.4.3.5(b)(1) above; and

- (3) subject to the Awarding Authority confirming in writing to the Concessionaire (not to be unreasonably withheld or delayed) that it accepts the actual Initial Value set out in the certificate referred to in Clause 29.4.3.5(b)(1) above, the actual Initial Value set out in the certificate referred to in Clause 29.4.3.5(b)(1) above shall be considered to be the “Initial Value” for the purposes of the calculation in Clause 29.4.3.5(a) above.

- (c) If during the Call-Off Term the Concessionaire removes the original Concessionaire Equipment and replaces it with new equipment in substitution for the original Concessionaire Equipment (such replacement equipment thereby becoming “Concessionaire Equipment”), then (provided always that nothing in this Clause shall relieve the Concessionaire of its obligations under the relevant Call-Off Contract) the Concessionaire shall be entitled to revise the Initial Value for the purposes of the calculation in Clause 29.4.3.5(a) above to reflect the unamortised capital value of the replacement Concessionaire Equipment (and such unamortised installation costs as are reasonably, properly and demonstrably incurred by the Concessionaire as a direct consequence of the installation of the replacement Concessionaire Equipment at the applicable Site(s)), provided always that the Concessionaire shall not be entitled to revise the Initial Value in accordance with this Clause 29.4.3.5(c) unless and until:

- (1) the Concessionaire has confirmed to the Awarding Authority its proposed revised Initial Value for the purposes of this Clause 29.4.3.5(c) and provided such supporting evidence in relation to such proposed revised Initial Value as the Awarding Authority may reasonably require;

- (2) the Awarding Authority (acting reasonably) has accepted in writing the revised Initial Value proposed by the Concessionaire pursuant to Clause 29.4.3.5(c)(1) above; and
- (3) the replacement Concessionaire Equipment has been commissioned and is fully operational.

29.4.4 Additional terms following service of a Temporary Operation Notice, Delayed Purchase Notice or Purchase Notice

Following the service of a Temporary Operation Notice, a Delayed Purchase Notice and/or a Purchase Notice, the Concessionaire shall comply with its obligations under Clauses 29.3.1 and 29.3.2 to facilitate the continuance of Services and not do anything or permit anything to be done to interfere with that continuance. This will include but not be limited to:

- 29.4.4.1 co-operation with the Awarding Authority (or its nominee) to enable the Charge Points to operate with an Alternative Back Office System and to facilitate the continuation of Maintenance Services under any applicable Maintenance Direct Agreement; and
- 29.4.4.2 taking reasonable steps to ensure the continued availability to the Awarding Authority or its nominee of any manufacturer's or other guarantees provided to the Concessionaire in connection with the Relevant Equipment or Acquired Equipment (as the case may be).

- 29.5 On termination of this Agreement and any relevant Call-Off Contract under Clause 28.1, the Awarding Authority may enter into any agreement with any third party or parties as the Awarding Authority thinks fit to provide any or all of the Services and the Concessionaire shall be liable for all additional expenditure reasonably incurred by the Awarding Authority in having such services carried out and all other costs and damages reasonably incurred by the Awarding Authority in consequence of such termination. The Awarding Authority may recover such costs from the Concessionaire as a debt.

30. DECLARATION OF INEFFECTIVENESS AND PUBLIC PROCUREMENT TERMINATION EVENT

- 30.1 In the event that a court makes a Declaration of Ineffectiveness in respect of this Agreement and/or any relevant Call-Off Contract, the Contracting Authority and/or the Awarding Authority (as the case may be) shall promptly notify the Concessionaire. The Parties agree that the provisions of Clause 29 and Clauses 30.1, 30.2, 30.4 to 30.6 (inclusive) and 30.12 shall apply as from the time when the Declaration of Ineffectiveness is made. Where a Declaration of Ineffectiveness is made in respect of a Call-Off Contract, the

provisions of Clause 29.4 shall apply (*mutatis mutandis*) as if (for this purpose and no other) the notice of Declaration of Ineffectiveness was a notice by the Awarding Authority to terminate the Call-Off Contract under Clause 28.5.

30.2 The Declaration of Ineffectiveness shall not prejudice or affect any right, liability or remedy which has accrued or shall accrue to either Party prior to or after such Declaration of Ineffectiveness in respect of the period prior to the Declaration of Ineffectiveness, save as otherwise expressly provided to the contrary in Clauses 30.1 to 30.6 inclusive.

30.3 During any court proceedings seeking a Declaration of Ineffectiveness in respect of this Agreement and/or any Call-Off Contract, the Contracting Authority and/or the Awarding Authority (as the case may be) may require the Concessionaire to prepare a Cessation Plan in accordance with this Clause 30.3 by issuing a notice in writing. As from the date of receipt by the Concessionaire of such notification from the Contracting Authority and/or the Awarding Authority (as the case may be), the Parties (acting reasonably and in good faith) shall agree or, in the absence of such agreement, the Contracting Authority and/or the Awarding Authority (as the case may be) shall reasonably determine an appropriate Cessation Plan with the object of achieving:

30.3.1 where the proceedings are seeking a Declaration of Ineffectiveness in relation to this Agreement:

30.3.1.1 an orderly and efficient cessation of the rights and obligations contained within this Agreement; and

30.3.1.2 minimal disruption or inconvenience to the Contracting Authority; and/or

30.3.2 where the proceedings are seeking a Declaration of Ineffectiveness in relation to a Call-Off Contract:

30.3.2.1 an orderly and efficient cessation of the Services or (at the Awarding Authority's request) a transition of the Services to the Awarding Authority or such other entity as the Awarding Authority may specify; and

30.3.2.2 minimal disruption or inconvenience to the Awarding Authority or to customers of the Services or to public passenger transport services or facilities,

in each case, in accordance with the provisions of Clauses 30.2 to 30.6 (inclusive) and which the Parties agree would have effect in the event that a Declaration of Ineffectiveness is made.

30.4 Where there is any conflict or discrepancy between the provisions of Clause 29 and Clauses 30.2 to 30.6 (inclusive) and 30.12 (or, if applicable, the

Cessation Plan), the provisions of these Clauses 30.2 to 30.6 (inclusive) and 30.12 (and, if applicable, the Cessation Plan) shall prevail.

- 30.5 The Parties will comply with their respective obligations under the Cessation Plan (as agreed by the Parties or, where agreement cannot be reached, as reasonably determined by the Contracting Authority and/or the Awarding Authority (as the case may be)) in the event that a Declaration of Ineffectiveness is made.
- 30.6 The Contracting Authority and/or the Awarding Authority (as the case may be) shall pay the Concessionaire's reasonable costs in assisting the Contracting Authority and/or the Awarding Authority (as the case may be) in preparing, agreeing and complying with the Cessation Plan. Such costs shall be based on any comparable costs or as otherwise reasonably determined by the Contracting Authority and/or the Awarding Authority. Neither the Contracting Authority nor the Awarding Authority (as the case may be) shall be liable to the Concessionaire for any loss of profit, revenue, goodwill or loss of opportunity as a result of the early termination of this Agreement and/or any relevant Call-Off Contract pursuant to any Declaration of Ineffectiveness.
- 30.7 Notwithstanding that the Procurement Regulations do not apply to this Agreement, the Contracting Authority has a right to terminate this Agreement and the Awarding Authority has a right to terminate any relevant Call-Off Contract on any of the Public Procurement Termination Grounds. In the event that the Contracting Authority exercises its right to terminate this Agreement or the Awarding Authority exercises its right to terminate a relevant Call-Off Contract pursuant to this Clause 30.7 (a "**Public Procurement Termination Event**"), the Contracting Authority and/or Awarding Authority (as the case may be) shall promptly notify the Concessionaire and the Parties agree that:
- 30.7.1 the provisions of Clause 29 and these Clauses 30.7 to 30.12 (inclusive) shall apply as from the date of receipt by the Concessionaire of the notification of the relevant Public Procurement Termination Event;
- 30.7.2 where the termination is of a relevant Call-Off Contract, the provisions of Clause 29.4 shall apply (mutatis mutandis) as if (for this purpose and no other) the notice of termination on Public Procurement Termination Grounds was a notice by the Awarding Authority to terminate the relevant Call-Off Contract under Clause 28.5 and the period of notice required by Clause 28.5 had expired; and
- 30.7.3 if there is any conflict or discrepancy between the provisions of Clause 29 and these Clauses 30.7 to 30.12 (or, if applicable, the Cessation Plan), the provisions of these Clauses 30.7 to 30.12 (and, if applicable, the Cessation Plan) shall prevail.

30.8 The Public Procurement Termination Event shall not prejudice or affect any right, liability or remedy which has accrued or shall accrue to either Party prior to or after such Public Procurement Termination Event, in respect of the period prior to the Public Procurement Termination Event, save as otherwise expressly provided in Clauses 30.7 to 30.11 inclusive.

30.9 As from the date of receipt by the Concessionaire of the notification of the Public Procurement Termination Event in respect of this Agreement and/or a Call-Off Contract, the Parties (acting reasonably and in good faith) shall agree or, in the absence of such agreement, the Contracting Authority or the Awarding Authority (as the case may be) shall reasonably determine an appropriate Cessation Plan with the object of achieving:

30.9.1 where the notification relates to termination of this Agreement:

30.9.1.1 an orderly and efficient cessation of the rights and obligations contained within this Agreement; and

30.9.1.2 minimal disruption or inconvenience to the Contracting Authority; and/or

30.9.2 where the notification relates to termination of a Call-Off Contract:

30.9.2.1 an orderly and efficient cessation or (at the Awarding Authority's election) a transition to the Awarding Authority or such other entity as the Awarding Authority may specify of: (i) the Services; or (at Awarding Authority's election), (ii) the part of the Services which are affected by the Public Procurement Termination Event; and

30.9.2.2 minimal disruption or inconvenience to the Awarding Authority or to customers of the Services or to public passenger transport services or facilities,

in each case, in accordance with the provisions of Clauses 30.7 to 30.11 (inclusive) and to give effect to the terms of the Public Procurement Termination Event.

30.10 Upon agreement, or determination by the Contracting Authority and/or the Awarding Authority (as the case may be), of the Cessation Plan the Parties will comply with their respective obligations under the Cessation Plan.

30.11 The Contracting Authority and/or the Awarding Authority (as the case may be) shall pay the Concessionaire's reasonable costs in assisting the Contracting Authority and/or the Awarding Authority (as the case may be) in preparing, agreeing and complying with the Cessation Plan. Such costs shall be based on any comparable costs or as otherwise reasonably determined by the Contracting Authority and/or the Awarding Authority (as the case may be). Neither the Contracting Authority nor the Awarding Authority (as the case may be) shall be liable to the Concessionaire for any loss of profit, revenue, goodwill or loss of opportunity as a result of the early termination of

this Agreement and/or any relevant Call-Off Contract as a result of a Public Procurement Termination Event.

- 30.12 For the avoidance of doubt, the provisions of this Clause 30 (and applicable definitions) shall survive any termination of the Agreement and/or any relevant Call-Off Contract following a Declaration of Ineffectiveness or Public Procurement Termination Event.

31. SURVIVAL

The provisions of Clauses 1, 7, 8, 11.2.2, 11.2.3, 13.2.1, 13.2.2, 13.2.5, 13.3, 16, 18-22 (inclusive), 23.2, 25-27 (inclusive), 29-32 (inclusive), 34-41 (inclusive) and any other Clauses or Schedules that are necessary to give effect to those Clauses shall survive termination or expiry of this Agreement (or any relevant Call-Off Contract). In addition, any other provision of this Agreement which by its nature or implication is required to survive the termination or expiry of this Agreement or relevant Call-Off Contract shall do so.

32. RIGHTS OF THIRD PARTIES

- 32.1 Save that:

32.1.1 any member of the Awarding Authority Group has the right to enforce the terms of this Agreement or any relevant Call-Off Contract in accordance with the Contracts (Rights of Third Parties) Act 1999 ("**Third Party Act**"); and

32.1.2 a Call-Off Guarantor has the right to enforce Clauses 20.11.2.2 and 20.11.3.3 of this Agreement (as incorporated into the relevant Call-Off Contract) in accordance with the Third Party Act,

the Parties do not intend that any of the terms of this Agreement or any relevant Call-Off Contract will be enforceable by virtue of the Third Party Act by any person not a party to it.

- 32.2 Notwithstanding Clause 32.1, the Parties are entitled to vary or rescind this Agreement or any relevant Call-Off Contract without the consent of any Call-Off Guarantor or any or all members of the Awarding Authority Group, other than:

32.2.1 in the case of this Agreement, the Contracting Authority; and

32.2.2 in the case of a Call-Off Contract, the Awarding Authority.

33. CONTRACT VARIATION

Save where the Contracting Authority may require an amendment to the Services, this Agreement may only be varied or amended with the written agreement of both the Contracting Authority and the Concessionaire. Any relevant Call-Off Contract may only be varied or amended with the written agreement of Awarding Authority and the Concessionaire. The details of any

variations or amendments shall be set out in such form as the Contracting Authority or Awarding Authority (as applicable) may dictate and which may be substantially in the form set out in Schedule 7 (Form for Variation) and shall not be binding unless completed in accordance with such form of variation.

34. NOVATION

- 34.1 The Contracting Authority may novate or otherwise transfer this Agreement and the Contracting Authority and/or Awarding Authority any relevant Call-Off Contracts (in whole or in part).
- 34.2 Within ten (10) Business Days of a written request from the Contracting Authority and/or Awarding Authority, the Concessionaire shall at its expense execute such agreement as the Contracting Authority and/or Awarding Authority may reasonably require to give effect to any such transfer all or part of its rights and obligations under this Agreement and any relevant Call-Off Contract to one or more persons nominated by the Contracting Authority and/or Awarding Authority (as the case may be).
- 34.3 Subject to Clause 11, this Agreement and each Call-Off Contract is personal to the Concessionaire who shall not assign the benefit or delegate the burden of this Agreement or any relevant Call-Off Contract or otherwise transfer any right or obligation under this Agreement or any relevant Call-Off Contract without the prior written consent of the Contracting Authority or the Awarding Authority (as the case may be).

35. NON-WAIVER OF RIGHTS

No waiver of any of the provisions of this Agreement or any relevant Call-Off Contract is effective unless it is expressly stated to be a waiver and communicated in writing in accordance with the provisions of Clause 37. The single or partial exercise of any right, power or remedy under this Agreement or any relevant Call-Off Contract shall not in any circumstances preclude any other or further exercise of it or the exercise of any other such right, power or remedy.

36. ILLEGALITY AND SEVERABILITY

If any provision of this Agreement and/or any Call-Off Contract (in whole or in part) is held invalid, illegal or unenforceable for any reason by any court of competent jurisdiction, such provision shall be severed from this Agreement and/or any Call-Off Contract and the remaining provisions shall continue in full force and effect as if this Agreement and/or any Call-Off Contract had been executed without the invalid, illegal, or unenforceable provision. In the event that in the Contracting Authority or Awarding Authority's reasonable opinion such a provision is so fundamental as to prevent the accomplishment of the purpose of this Agreement or Call-Off Contract (as applicable), the parties shall immediately commence good faith negotiations to remedy such invalidity.

37. NOTICES

- 37.1 Any notice, demand or communication in connection with this Agreement will be in writing and may be delivered by hand, post or facsimile addressed to the recipient at its registered office, the address stated in Schedule 1 (Key Agreement Information) or any other address (including a facsimile number) notified to the other party in writing in accordance with this Clause as an address to which notices and other documents may be sent.
- 37.2 Any notice, demand or communication in connection with a Call-Off Contract will be in writing and may be delivered by hand, post or facsimile addressed to the recipient at its registered office, the address stated in Schedule 1 (Key Agreement Information) or the Call-Off Contract (as applicable) or any other address (including a facsimile number) notified to the other party in writing in accordance with this Clause as an address to which notices and other documents may be sent.
- 37.3 The notice, demand or communication will be deemed to have been duly served:
- 37.3.1 if delivered by hand, at the time of delivery;
- 37.3.2 if delivered by post, two (2) Business Days after being posted or in the case of Airmail fourteen (14) Business Days after being posted; or
- 37.3.3 if delivered by facsimile, at the time of transmission, provided that a confirming copy is sent by first class post to the other party within twenty four (24) hours after transmission.

38. ENTIRE AGREEMENT

- 38.1 Subject to Clause 38.2:
- 38.1.1 this Agreement and any relevant Call-Off Contract and all documents referred to in this Agreement and any relevant Call-Off Contract, contain all of the terms which the Parties have agreed relating to the subject matter of this Agreement (or, in the case of a Call-Off Contract, the subject matter of that Call-Off Contract) and such documents and supersede and extinguish any prior drafts, agreements, undertakings, representations, warranties and arrangements of any nature whatsoever, whether or not in writing relating to the subject matter of this Agreement (or, as applicable, the subject matter of the relevant Call-Off Contract). Neither Party has been induced to enter into this Agreement (or a relevant Call-Off Contract) by a statement which it does not contain; and
- 38.1.2 and without prejudice to the Concessionaire's obligations under this Agreement and/or any relevant Call-Off Contract, the Concessionaire is responsible for and shall make no claim against the Contracting Authority or Awarding Authority (as the case may be)

in respect of any misunderstanding affecting the basis of the Concessionaire's tender in respect of this Agreement (or any Mini-Competition in respect of any Call-Off Contract) or any incorrect or incomplete information howsoever obtained.

- 38.2 Nothing in this Clause 38 excludes any liability which one Party would otherwise have in respect of any statement it has made fraudulently to the other Party.

39. RELATIONSHIP OF THE PARTIES

Nothing in this Agreement or any Call-Off Contract constitutes, or shall be deemed to constitute, a partnership between the Parties. Except as expressly provided in this Agreement and any Call-Off Contract, neither Party shall be deemed to be the agent of the other, nor shall either Party hold itself out as the agent of the other.

40. FURTHER ASSURANCE

Each Party will do or procure the doing of all acts and things and execute or procure the execution of all such documents as the other Party reasonably considers necessary to give full effect to the provisions of this Agreement and any relevant Call-Off Contract.

41. GOVERNING LAW

The Agreement and any Call-Off Contract shall be governed by and construed in accordance with the law of England and Wales. Without prejudice to Clause 27, the courts of England will have exclusive jurisdiction to settle any dispute which may arise out of or in connection with this Agreement or any Call-Off Contract (as the case may be) provided that the Contracting Authority or the Awarding Authority (as the case may be) has the right in its absolute discretion to enforce a judgment and/or to take proceedings in any other jurisdiction in which the Concessionaire is incorporated or in which any assets of the Concessionaire may be situated. The Parties agree irrevocably to submit to that jurisdiction.

THE AGREEMENT has been signed for and on behalf of the Parties the day and year written above.

SCHEDULE 3 – SERVICE LEVELS

1. Service Level Monitoring

1.1 This Schedule sets out the Service Levels required for:

- (a) operation and maintenance of Charge Point infrastructure; and
- (b) Customer support and the processes to facilitate the monitoring of these Service Levels.

1.2 The Concessionaire shall implement systems to monitor the performance of its service to ensure that its Charge Points and Customer support functions adhere to the requirements of this Agreement and each relevant Call-Off Contract.

1.3 The Concessionaire's performance in meeting the Service Levels in respect of each PI (as defined in paragraph 1.10) shall be reported, monitored and assessed each Reporting Period in accordance with Schedule 2 (Statement of Requirements).

1.4 In addition to providing the Management Information Data each Reporting Period in accordance with Schedule 2 (Statement of Requirements), the Concessionaire shall measure and provide such data as is reasonably required by the Awarding Authority for the purposes of monitoring the Concessionaire's performance in meeting the Service Levels below in accordance with Appendix 1 to Schedule 2 (Statement of Requirements).

1.5 The Concessionaire shall be responsible for ensuring that all Management Information Data is accurately prepared, using up to date and accurate data.

1.6 In complying with its obligations under Clause 23.4.1, the Concessionaire shall:

- (a) make available Management Information Data to the Awarding Authority via a secure e-portal (a "**Portal**"), **provided that:**
 - (1) the Concessionaire shall ensure that the Management Information Data provided via the Portal is an accurate reflection of the data held by the Concessionaire;
 - (2) the Concessionaire shall be required to provide to the Awarding Authority such number of individual log-in permissions to the Portal as the Awarding Authority may require;
 - (3) the provision of the Management Information Data via the Portal shall in all other respects be in compliance with the requirements of the Agreement;
 - (4) the Portal must have sufficient functionality to enable the Awarding Authority to automatically generate a report setting out the relevant Management Information Data; and

- (5) where the Portal is unavailable for any reason, the Concessionaire shall provide the required Management Information Data via electronic transfer and in so doing shall ensure that all such Management Information Data is compatible with the Awarding Authority's software and is an accurate reflection of the data held by the Concessionaire; and
 - (b) at the Awarding Authority's request, transfer electronically such Management Information Data (or reports in relation to the same) as the Awarding Authority may specify and shall at all times ensure that all such Management Information Data, or reports in relation to the same, are compatible with the Awarding Authority's software and are an accurate reflection of the data held by the Concessionaire.
- 1.7 The Concessionaire shall ensure that the production and analysis of the Management Information Data does not affect the performance of any other element of the Services provided by the Concessionaire.
- 1.8 If the Awarding Authority or the Concessionaire identify any errors, omissions or discrepancies in the Management Information Data, without prejudice to any other rights and remedies of the Awarding Authority, the Concessionaire shall:
 - (a) promptly correct such errors, omissions or discrepancies; and
 - (b) republish the Management Information Data within five (5) Business Days of such errors, omissions or discrepancies being identified, or such other period as the Parties may agree.
- 1.9 Where the Concessionaire believes there are mitigating circumstances for any inaccurate and/or unavailable Management Information Data (as referred to in paragraph 1.8), the Concessionaire may present to the Awarding Authority:
 - (a) reasons why such data is inaccurate and/or unavailable;
 - (b) details of when the data will be accurate and/or available;
 - (c) what actions shall be taken to ensure it shall be accurate and/or available in future; and
 - (d) provide reasonable evidence that the relevant Service Levels were not adversely affected during the period of time in which the relevant data was inaccurate and/or unavailable.

It is then at the Awarding Authority's discretion as to whether these mitigating circumstances are accepted and that data can be temporarily removed from the Management Information Data for the relevant Reporting Period.

- 1.10 The table in Annex A (Performance Indicator Table) to this Schedule 3 sets out the Performance Indicators ("**PIs**") and the Service Levels for the Services (the "**Performance Indicator Table**"). The Performance Indicator Table sets out the following details in respect of the PIs:

- (a) the 'Performance Indicator Title' column in the Performance Indicator Table gives the name of the PI on which the performance of the Concessionaire shall be measured;
- (b) the 'Start Point' column in the Performance Indicator Table details the time from when the PI shall start to be measured (the "**Start Point**");
- (c) the 'End Point' column in the Performance Indicator Table details the time at which the relevant PI ceases to be measured (the "**End Point**"); and
- (d) the 'Acceptable Service Level' column in the Performance Indicator Table specifies the minimum Service Level that is expected of the Concessionaire (each an "**Acceptable Service Level**").

2. **SERVICE FAILURES**

If the Concessionaire fails to meet any of the Acceptable Service Levels in three consecutive Reporting Periods, Clause 28.1.5 of the Agreement shall apply.

Performance Indicators

PI 1 Charge Point Availability

- PI 1.1 Subject to paragraphs PI 1.4, 1.5 and 1.6 below, the Charge Points shall be available for use by Customers in charging their vehicles for more than 97% of the time that the Charge Points are accessible during each Reporting Period. For this purpose, a Charge Point will be deemed to be accessible at all times except to the extent that a Site Agreement explicitly provides otherwise (in which case the period of accessibility specified in the Site Agreement will be the period the Charge Points are or could be accessible for the purposes of this Schedule 3).
- PI 1.2 A Charge Point is "available" for use by a Customer for the purposes of this PI 1 if it is providing a Charge Point status of charging or available to the Charge Point management system and there is no issue at the Charge Point that prevents it from:
 - (a) allowing a Customer to start a charging session; and
 - (b) allowing a Customer to end a charging session
 and references to "unavailable" will be construed accordingly.
- PI 1.3 "Charge Point Availability" for the purposes of the Service Level will be calculated by dividing the sum of the time in minutes that each and every Charge Point within the scope of a Call-Off Contract was both accessible to Customers and available during the applicable Reporting Period (excluding scheduled maintenance time) by the sum of the maximum time in minutes that each and every Charge Point within the scope of a Call-Off Contract could be both accessible to Customers and available during the

applicable Reporting Period, expressed as a percentage, as illustrated below:

$$\text{Charge Point Availability} = \frac{\text{Actual minutes Charge Points accessible and available to Customers in Reporting Period}}{\text{Minutes Charge Points could be both accessible and available to Customers in Reporting Period}}$$

PI 1.4 In the event of a power failure, where such failure is outside of the control of the Concessionaire, those Charge Points affected by such power failure shall not be included in the calculation of Charge Point Availability for the purposes of this Service Level for so long as the power failure continues, provided that, to the extent that any continuation of the power failure is attributable to a failure by the Concessionaire to carry out any action required by the DNO to remedy the fault, any such continuation shall be included in the calculation of Charge Point Availability.

PI 1.5 Where a Charge Point is unavailable as a result of accidental user damage, vandalism or a road traffic accident, and where the nature and duration of the unavailability has been notified to the Awarding Authority, such Charge Point shall not be included in the calculation of Charge Point Availability for such period as the Parties agree is reasonable or in the absence of an agreement, for such periods as the Awarding Authority may reasonably determine, taking into account the extent of any damage to the Charge Point and provided that the Concessionaire promptly takes such steps as are in accordance with good industry practice to repair such Charge Point.

PI 1.6 Where a Charge Point is unavailable as a result of a Force Majeure Event, then (subject to the Concessionaire complying with its obligations under Clause 28.5) such Charge Point shall not be included in the calculation of Charge Point Availability for the period during which the Force Majeure Event continues to apply.

PI 2 Incident Management

PI 2.1 The Concessionaire may be susceptible to a number of incidents whilst operating Charge Points and these have been summarised below including the time frames for resolution which will be the service level for which this PI is measured (each an “**Incident**”):

	Incident 1	Incident 2	Incident 3	Incident 4	Incident 5	Incident 6
Incident Detail	Concessionaire's scheme assets present a potential public hazard or serious safety issue	Customer unable to release a vehicle from a Charge Point	Breach of Customer data or financial security	Serious incident impacting on reputation of Concessionaire or Awarding Authority	Environment and cleanliness of site and Concessionaire's Charge Points	Major services outage. More than 25% of Concessionaire's Charge Points (comprising a minimum of at least 5 Charge Points) are unavailable at

						any one time.
Concessionaire to Notify Awarding Authority	Yes – Within 30 minutes	No	Yes – Within two hours	Yes – Within two hours	No	Yes – Within two hours
Timeframe to Resolve	2 Hours	2 Hours	5 Days	3 Days	5 Days	5 Days
Incident Examples	a) Charge Point has exposed or live wiring b) Charge Point is causing an obstruction to carriageway		a) Cyber attack	a) Death or serious injury of a Customer or Concessionaire Personnel whilst on duty	a) Litter (not applicable in respect of on-highway Sites) b) Detritus (not applicable in respect of on-highway Sites) c) Fly Posting d) Graffiti	a) Power outage b) Communications failure

PI 2.2 An Incident is deemed as having started as soon as the Concessionaire is notified of the Incident either by a Customer, the Awarding Authority or automatically via the Concessionaire's own Charge Point management system.

PI 2.3 An Incident is deemed as having been resolved when:

- (a) in the case of an Incident relating to a Charge Point, a suitably qualified engineer has repaired, inspected and signed that the Charge Point has been made safe and/or is functioning correctly; or
- (b) in the case of any other Incident, the Concessionaire has provided satisfactory evidence to the Awarding Authority that the Incident has been resolved.

PI 2.4 Notifications to the Awarding Authority pursuant to this PI2 shall be provided to the Awarding Authority's Call-Off Co-ordinator or such other person as is in each case specified for the purpose in the relevant Call-Off Contract.

PI 2.5 The primary format for notifications pursuant to this PI2 will be e-mail communication, provided that an Awarding Authority shall be entitled to specify other methods or formats for notification as part of the applicable requirements associated with a Call-Off Contract.

PI 3 Contact Centre Availability

- PI 3.1 This PI measures the total amount of time that the Contact Centre is available for in a Reporting Period.
- PI 3.2 The Concessionaire shall ensure that the Contact Centre is available for 98.5% of the operational time it is open for within a Reporting Period.
- PI 3.3 “Contact Centre Availability” for the purposes of the Service Level is defined as the proportion of time during the Contact Centre’s operational hours on each Contact Centre operational day during a Reporting Period that the Contact Centre is available to receive calls from Customers.
- PI 3.4 “Available to receive calls” means, for the purposes of PI 3.3, that Customers are able to successfully connect to an operator who is able to take the call from the Customer.
- PI 3.5 Contact Centre Availability for the purposes of the Service Level shall be determined by reference to industry standard automated system performance reports, to be provided by the Concessionaire to the Awarding Authority each Reporting Period as part of the Management Information Data.

PI 4 Queuing Time

- PI 4.1 98.0% of calls into the Contact Centre each Reporting Period shall be answered by an operator within two hundred and forty (240) seconds of the call being received on the queue at the Contact Centre.
- PI 4.2 70.0% of calls into the Contact Centre each Reporting Period shall be answered by an operator within ninety (90) seconds of the call being received on the queue at the Contact Centre.

The "MEAT" is determined as the highest evaluated score in a 50:50 combination of Quality and Financial scores respectively. A Commercial response will also be included and this will cover the acceptance of the proposed Call-Off Contract on a pass/fail basis.

The Quality response must demonstrate how the bidder's proposed solution will meet the Awarding Authority's requirements for the Sites, as set out in Appendix 1 of the Request Form.

The Quality response will also include the Turnover Percentage that is being offered by the bidder in its Proposal when responding to the Sites specified in the applicable Request Form. The Turnover Percentage to be stated in the Proposal is over and above the 1% already agreed to at the ITS stage by the 'Minimum Base Charge and Turnover Declaration' in Appendix 6 to Volume 1 of the ITS.

The Turnover Percentage (i.e. the aggregate of the minimum 1% and any additional percentage offered) will be evaluated using the “Price Proportion” method, where the highest Turnover Percentage figure offered achieves the maximum score and the other bids will be awarded a score that is proportionate to the highest figure offered.

The Financial response will cover the financial aspects of the bidder’s proposal regarding the installation, operation and maintenance of Charge Points at the Sites specified in the applicable Request Form.

The Financial evaluation will be broken down into the following two (2) areas:

1) Site Charge offered above the Base Charge Reserve Value for the package of Sites specified in the applicable Request Form. This will be evaluated using the “Price Proportion” method, where the highest figure offered for the Site Charge achieves the maximum score and the other bids will be awarded a score that is proportionate to the highest figure offered; and

2) PAYG Average Price. This will be evaluated using the “Inverse Price Proportion” method, where the lowest figure offered achieves the maximum score. All other bids are awarded a score that is proportionate to the lowest figure offered.

The following evaluations weightings will apply:

Quality	Technical Requirements	35%
	Turnover Percentage	15%
Financial	Site Charge	25%
	PAYG Average Price	25%

The bidder that achieves the highest overall score for its Proposal, once the Quality and Financial evaluation scores have been combined, will be awarded the Call-Off Contract.

SCHEDULE 9 – EXIT PLAN

Chargemaster has a long-term commitment to providing EV charging technology and services. TfL is therefore a strategic customer for us and when the contract expires, it will be in our interest to ensure that it ends in a tidy and professional manner so that we can continue to have a friendly and positive relationship with TfL.

Chargemaster Exit Plan

The purpose of this Exit Plan is to ensure that there is an orderly and smooth transition of the Services from Chargemaster to the New Service Provider and to mitigate any risks during the handover. We have considered the following exit scenarios in the preparation of this plan:

1. Managed transition to Charge Points and Services to the new concessionaire at agreed end of tenure term. In this scenario planning would start 12 months in advance of the transition.
2. Early termination for persistent breach. Key focus area would be negotiating the quick and timely transfer of assets and back-office integration.
3. Breach for convenience e.g. site to be used for another reason such as a new building project. Focus of transition will be on reinstatement works and making good each site.

We will treat Chargemaster's exit from the Rapid Charge Point Concession Framework as a project in its own right to ensure that handover activities are completed without any adverse effect on the service to TfL or to customers during the handover period. Our proposed Exit Plan processes are market tested and based on recent experience transitioning the Midlands Plugged in Places network.

1. Appointment of Exit Manager

When TfL inform Chargemaster that they intend to end the contract, we will appoint an Exit Manager, who will be responsible for implementing the Exit Plan throughout the handover period. We expect this role will be fulfilled by a Chargemaster Project Manager, and we would expect TfL and the New Service Provider to appoint counterparts in their organisations so that the three managers can work together as a team to carry out the exit plan.

2. Exit Initiation Meeting

As soon as the three managers have been appointed, we would want to hold an Exit Initiation Meeting. The purpose of this meeting is to agree the steps that need to be taken and to set the timescales.

We would expect the following items to be on the agenda for the meeting:

- Review the Exit Plan and agree any changes that need to be made to it
- Chargemaster to present technical and operational aspects of the service
- Technical considerations – identify what steps would be required for the technical switch over
- The New Service Provider to present any changes they plan to introduce
- Agree the Asset Transfer Plan

- Set a Meeting Schedule for regular Progress Meetings
- Identify Exit Risks
- Assess whether staff transfer through TUPE will be required
- Identify Commercial and Financial issues

3. Audit of Assets

We would conduct a full audit of all equipment and assets that form part of the transfer to the New Service Provider. This would include:

- Hardware Audit – a physical audit of all equipment and spares.
- Software Audit – an audit of all software and licences.
- Agreement on Assets to be transferred as confirmed during the audits.
- Knowledge and Skills Audit – an audit of what knowledge and skills need to be transferred

4. Transfer of Assets

Following the audit of assets, we would agree a list of assets to be transferred from Chargemaster to TfL or the New Service Provider. We would also agree timescales for the transfer and commercial terms for any purchases of equipment.

This will include transfer of documentation and data.

5. Exit Progress Meetings

We would expect to hold weekly progress meetings between TfL, Chargemaster and the New Service Provider until the exit plan is complete.

These regular progress meetings will cover issues such as:

- Agreement of timescales
- Interface between Charge Points and back office
- Maintenance of Chargemaster equipment
- Rebranding of Chargemaster equipment
- Risk Management during the handover
- Commercial issues
- Intellectual Property Rights
- Ongoing maintenance issues during the handover period
- Proposals for changes to the service from the New Service Provider
- The transfer of staff through TUPE (if applicable)
- Progress against the exit plan

Minutes of these meetings will be taken, agreed, and shared with all parties.

6. Skills and Knowledge Transfer Workshops

As part of the transition from Chargemaster to the New Service Provider, Chargemaster would be prepared to offer Skills and Knowledge Transfer Workshops to the New Service Provider in order to facilitate a smooth handover. The number of workshops and the subject matter that would need to be covered would depend on the existing knowledge and skills of the New Service Provider.

Chargemaster would also be prepared to develop training and support material and provide training to the New Service Provider. This could cover, for example, maintenance of Chargemaster equipment.

7. Lessons Learned Review

Chargemaster would hold a Lessons Learned Review with TfL and the New Service Provider so that lessons learned during the contract and exit can be shared for the benefit of all concerned.

8. Destruction of Data

Chargemaster would destroy all paper records in accordance with our secure disposal policy. We would keep records of all documents that have been securely shredded, and provide this information back to TfL or the New Service Provider. We would delete all related electronic records from our server and provide confirmation back to TfL or the New Service Provider. We would securely dispose of any physical magnetic medium using approved companies dealing in secure media destruction.

9. Post Exit Support

Chargemaster would be prepared to make commercial and contractual arrangements with the New Service Provider for ongoing support following completion of the Exit Plan. This could also include maintenance of equipment and the provision of spare parts.
