

## **BACKGROUND**

In April 15 the MOD signed a contract with Leidos Europe Ltd to provide the procurement and inventory management of commodity items (as well as the storage and distribution services) historically provided in-house by the Logistic Commodities and Services Operating Centre. Leidos, working with the MOD, will transform the way these services are delivered to ensure requirements continue to be met whilst providing best value for money for the department. The organisation delivering these services is known as Team Leidos.

## **FUTURE ARRANGEMENTS**

Team Leidos would like to make interested suppliers aware that it requires support to its in service Drager Equipment, with a view to potentially awarding Contract that will commence in July 2018.

## **KEY USER REQUIREMENT**

The Equipment concerned is the Drager Fabius Tiro and Drager Oxylog Ventilator.

The scope of work is to train MoD personnel, complete onsite servicing and repair as well as providing spares.

## **PROCESS**

Team Leidos wishes to stimulate interest, information and views across the market for the support of this requirement via this Request for Information (RFI) together with other companies whom Leidos believes may be able to provide useful intelligence on our requirement.

Team Leidos is seeking information / views and would be grateful if you could answer the following questions: -

- Can you do UK onsite service and repair?
- Can you provide spare parts for this equipment?
- Can you provide repair level training to MoD personnel?
- What is your experience in servicing these devices
- Do you hold any valid OEM certification?
- Please provide any company presentation you may have (.ppt, .pdf...etc)
