## **Term Service Contract**

OPTION A: PRICED CONTRACT WITH ACTIVITY SCHEDULE

# **Contract Data Forms**

June 2017 (with amendments January 2023)

#### Contract Execution

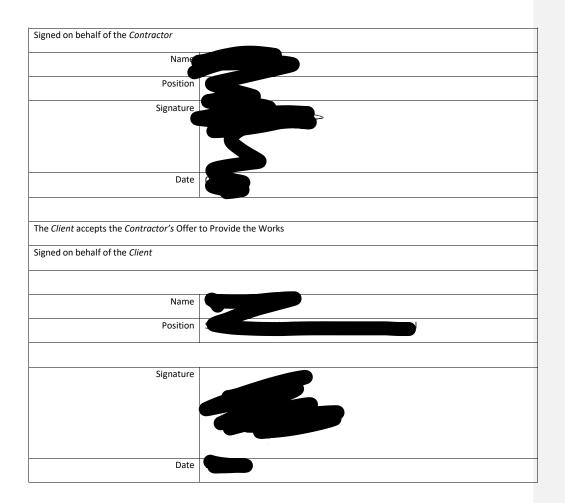

This agreement is made between the Client, the Contractor and the Named Suppliers.

Terms in this agreement have the meanings given to them in the contract between the Environment Agency and Lowther Forestry Group Ltd for schedule of works (the *works*).

The *Contractor* offers to Provide the Works in accordance with these conditions of contract for an amount to be determined in accordance with these conditions of contract.

The *Contractor* was appointed to Asset Operation, Maintenance, Response framework and executed the framework agreement.

Executed under hand
by
The Environment Agency (Client)
Lowther Forestry Group Ltd (Contractor)

## **Contract Data**

#### PART ONE - DATA PROVIDED BY THE CLIENT

Completion of the data in full, according to the Options chosen, is essential to create a complete contract.

#### 1 General

The *conditions of contract* are the core clauses and the clauses for the following main Option, the Option for resolving and avoiding disputes and secondary Options of the NEC4 Term Service Contract June 2017 (with amendments January 2023)

Main Options A Option for resolving and avoiding disputes W2

Secondary Options

X2 - Changes in law

X11- Termination by the Client

X17 – Low Service Damages

X18 – Limitation of Liability X23 – Extending the Service Period

X24 – The Accounting Periods

Y(UK)1 Project Bank Account

Y(UK)2 - The Housing Grants, Construction and Regeneration

Act 1996

Y(UK)3 The Contracts (Rights of Third Parties) Act 1999

Z Additional Client Clauses

The service is

The operation of works regarding the Asset Recovery and Maintenance of assets in Cumbria and Lancashire catchment as defined in the Scope.

The Client is

#### X17: Low service damages

If Option X17 is used

Service Credits will be used to maintain service delivery through the contract, based on the Key Performance Indicators set out below (monitored and recorded on a quarterly basis).

The Service Credits approach is set out below:

- Contractors are required to score at least 80% per quarter. If they achieve a score below this, they are
  required to submit a Performance Improvement Plan to the Service Manager to set out how they will
  improve their performance to the required levels.
- If a Contractor scores below 70%, service credits would apply on a sliding scale basis as seen below (the
  below numbers have been used as an example and will be calculated based on a quarterly price from the
  returned pricing schedule):

KPI Score	Percentage retained	Amount retained per quarter (based on £4,134 weekly fee; £53,742/ quarter)	Equivalent amount retained per week
66-70	30		
61-65	40		
51-60	50		
45-50	75	<b></b>	
Below 45	100		4

- If in the following quarter the Contractor then scores above 80, any retained credits from the
  previous quarter would be repaid (this relates to the previous quarter only and not any previous
  quarters).
- Alternatively, if in the following quarter the Contractor scores between 70 and 80, half of the
  retained credits from the previous quarter only would be repaid. The other half of the retained
  credits are permanently lost.
- OR if the Contractor does not reach a score of 80 in the following quarter, all previous retained credits are permanently lost.

Examples are shown in the following table:

Term Service Contract Option A: Contract Data | 9

EVANABLE: QUITCOMES DASED CO. VOI	SUPPLIER KPI SCORE FOR QUARTER					
EXAMPLE: OUTCOMES BASED ON KPI's	Quarter 1	Q2	Q3	Q4	Q5	ACTION TAKEN
Contractor KPI score above 80	82					No action taken
A score of <b>less than 80</b> in any quarter requires the Contractor to provide an Improvement Plan		76				Contractor must provide an Improvement Plan
A score of less than 70 in any quarter results in service credits applying: every percentage below 70 results in the same reduction in % payments of the quarterly invoice amount (to a capped maximum reduction of 100% of management fee)			66			EA retains 30% of the management fee from the quarterly invoiced totals Contractor must provide an Improvement Plan
If following a Service Credit quarter, the Contractor KPI score <b>exceeds 80 in the following quarter</b> , any retained service credits from the previous quarter would be repaid				81		Service Credits from previous quarter (30% of management fee) are paid (along with regular quarterly payment).
OR If following a Service Credit quarter, in the next quarter the Contractor KPI score achieves a score of 70 but fails to achieve a score of 80, half of the service credits retained in the previous quarter are paid; half are permanently lost.  The Contractor is required to provide an Improvement Plan				72		Half of the previously retained 30% is repaid (15%) along with regular quarterly payment), (15% of previous quarters management fee) is permanently retained.  Contractor must provide an Improvement Plan
OR If following a Service Credit quarter, in the next quarter the Contractor KPI score again fails to achieve a score of 70, the same % is deducted from the quarterly invoice amount (to a capped maximum reduction of 100%)				50		EA retains 75% of management fee from the quarterly invoiced totals AND the previously retained 30% of management fee is permanently retained.  Contractor must provide an Improvement Plan

If following two Service Credit quarters, the Contractor KPI score exceeds 80 in the following quarter, any retained service credits from the previous quarter only would be repaid	81	Service Credits from previous quarter (100% of management fee) are paid, along with regular quarterly payment. Note that any previously retained Service Credits are not repaid.
---	----	--

#### X18: Limitation of liability

If Option X18 is used

The Contractor's liability to the Client for indirect or consequential loss is limited to

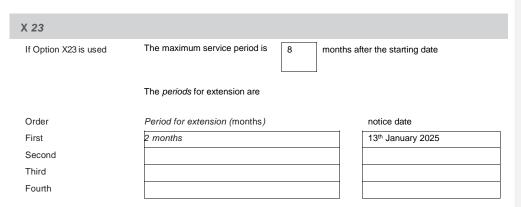

For any one event, the *Contractor's* liability to the *Client* for loss of or damage to the *Client's* property is limited to

The Contractor's liability for Defects due to its design of an item of Equipment is limited to

The *Contractor's* total liability to the *Client* for all matters arising under or in connection with the contract, other than excluded matters, is limited

The end of liability date is

years after the end of the Service Period

If there are criteria for extension

The criteria for extension are

Term Service Contract Option A: Contract Data | 11

	(1) Additional maintenance outside the original timeframe.
	(2)
	(3)
24: The accounting	g periods
If Option X24 is used and Option C is not used	The accounting periods are  1st April 2024 to 31st March 2025
(UK)2: The Housin	g Grants, Construction and Regeneration Act 1996
If Y(UK)2 is used and the date on which a payment is due is not fourteen weeks after the end of the accounting period or Service Period	The period is 3 weeks
If Y(UK)2 is used and the final date for payment is not fourteen days after the date on which payment becomes due	The period for payment is  21 days after the date on which payment becomes due

### Z: Additional conditions of contract

If Option Z is used The additional conditions of contract are

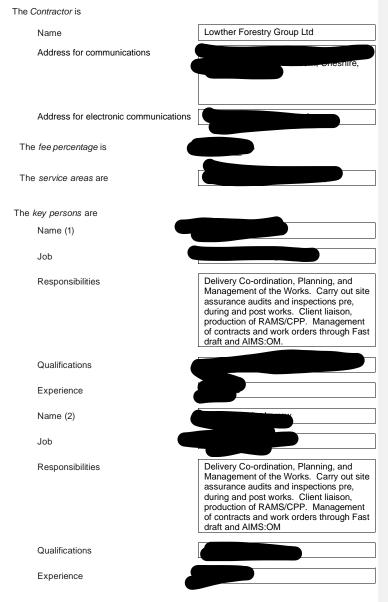

## Z Clauses

Clause No.   Clause
Z1.1 The Environment Agency's role as a regulatory authority and as Client under the contract separate and distinct. Actions taken in one capacity are deemed not to be taken in the other. Z1.2 Where statutory consents must be obtained from the Environment Agency in its capacity regulatory authority, the Contractor is responsible for obtaining these and paying fees. The Client acceptance of a tender and the Client's instruction or variation of the works does not constitut statutory approval or consent.
