EMAIL 1 OF 2

[REDACTED]

Thank you for your email enclosing the PDFs of Defra signed signature pages of:

- the Agreement;
- the Side Letter; and
- the Accession Agreement.

I note that they correspond to the Word documents circulated by [REDACTED] in her email of the following date: 19/06/2018 at 12:21.

Please find the following Word documents and PDFs of the corresponding Atos signed signature pages attached:

- the Agreement;
- the Side Letter; and
- the Accession Agreement.

For completeness (and because of mailbox capacity issues) I will send a second email to attach the Word version of Schedule 4.1 which sits within the Agreement.

Having exchanged the executed signature pages and corresponding Word documents we have now validly executed the documents in accordance with Law Society guidance. As a formality (for the necessary audit trail), please can you respond to this email to confirm that you are in agreement that we have now completed.

Kind regards

Subject: FW: Execution - HAS Agreement + Side Letter + Accession Agreement

All,

Further to my email below of 12:21 of 19 June 2018, and in acknowledgement that given the size of the documents attached to that email, the email will have bounced back from a number of the recipients, I attach a PDF of each of the signature pages for signatures.

To ensure that the execution is valid and in accordance with Law Society guidance, please follow the execution instructions below and [REDACTED] will respond to this email to confirm that the PFD signature pages attached are PDFs of the signature pages of the execution documents attached to my earlier email.

1. Atos and Defra each print off the pdf signature pages attached to this email in respect of the three documents listed above.
2. Each party has its signatory **sign and date two copies** of each PDF at the applicable signature block.
3. Each party scans the signed PFD documents in and reply all to this mail attaching for each document: (1) **one of the signed PDF documents in PDF format.**

4. The exchange by both parties of executed signature pages shall then constitute valid execution of the documents, in accordance with Law Society guidance.

Kind regards

Subject: Execution - HAS Agreement + Side Letter + Accession Agreement

All

Please find attached the following documents for execution:

- HAS Services Contract (comprising two documents: HAS Services Contract - Execution Version (v4.0) and HAS - Schedule 4.1 - Supplier Solution - Execution (v4.0))
- Accession Agreement
- Side Letter

Note that I adjusted the formatting of the signature page in the HAS Services Contract slight, to ensure that it was all on one page.

To ensure that the execution is valid and in accordance with Law Society instructions please follow the execution instructions below.

EXECUTION INSTRUCTIONS

1. Atos and Defra each print off the pdf signature pages attached to this email in respect of the three documents listed above.
2. Each party has its signatory **sign and date two copies** of each PDF at the applicable signature block.
3. Each party scans the signed PFD documents in and **reply all to this mail attaching for each document: (I) one of the signed PDF documents in PDF format; AND (II) the Microsoft Word document(s).**
4. The exchange by both parties of executed signature pages shall then constitute valid execution of the documents, in accordance with Law Society rules.

Given the size of the documentation being sent, we anticipate that some of you will not receive this email and that it will bounce back.

Kind regards
