Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

The purpose of this notice is to draw attention to a procurement that NHS Supply Chain intends to commence during the subsequent 12 months. The invitation to tender will be the subject of a separate notice and it is that notice to which potential suppliers will need to respond at the appropriate time.

NHS Supply Chain is currently considering the use of Lots for this procurement. However, it reserves the right not to as part of any future tender process. Further information in respect of the Lot strategy will be set out in the notice for the forthcoming procurement.

The following certification will be a requirement of the upcoming tender exercise and Applicants may be required to include evidence of this within their tender submission:

- ISO 9001: 2015 accredited by the United Kingdom Accreditation Service (or equivalent) to cover all segments of the Applicant's and the product's supply chain. This should include, but not be limited to, manufacturing, storage and distribution. If Quality Assurance Standard certificates are not in the name of the Applicant then the Applicant must supply a copy of agreements setting out the authority and responsibilities of all parties in the supply chain.

- Declaration of Conformity and UKCA Certification to demonstrate compliance to UK Medical Device Regulations 2002 or Declaration of Conformity and CE Certification to demonstrate compliance to Medical Devices Directive 93/42/EEC or Medical Device Regulation 2017/745, (where applicable).

- MHRA registration of any medical devices, in compliance with the Medical Devices Regulations 2022, (SI 2022 No 618, as amended), (UK MDR 2022).

- The Insurance set out below, acceptable evidence of which should be an Insurance Certificate or a signed Broker's letter.

Employers liability Insurance cover of £5m per claim in the name of the Applicant

Public Liability Insurance cover of £5m per claim in the name of the Applicant

Product Liability Insurance cover of £5m in the name of the Applicant

NHS Supply Chain will assess the Applicant's economic and financial standing (or that of the entity or entities the Applicant is relying upon). Documentary evidence of this will be required at tender stage.

All Applicants for this future tender must have a compliant Carbon Reduction Plan to be considered for the Framework Agreement (PPN 06/21).

This future Framework Agreement will include some qualitative evaluation questions on Social Value with a minimum weighting of 10% towards the award (PPN 06/20).

All Applicants bidding to be on any NHS Supply Chain Frameworks must submit an Evergreen Assessment as part of the tendering process. This must be completed annually, and the maturity score will be valid for 12 months.

<https://www.england.nhs.uk/nhs-commercial/central-commercial-function-ccf/evergreen/>

As a minimum (and further requirements may be set out in the tender documents), Applicants are required to have a Modern Slavery Assessment (MSAT) completed within 12 months of the future tender close date (PPN 02/23).

As part of its pre-tender strategy, NHS Supply Chain anticipates engaging with suppliers of these products via an expression of interest and a Request for Information (RFI). Please follow the guidance below:
